*Special Signals

**Special Signals for Fires in the Blue Hills Reservation

Directions for Sounding an Alarm

Open outside door of Fire Alarm Box, then pull the hook down ONCE and let go. Remain at Box until arrival of Firemen and direct them to Fire.

Signals

1 One blow, 7:30 A.M., 12M., 5:45 P.M., Fire Alarm Tests.

1—1 Two blows, Recall.

1—1—1 Three blows followed by four rounds of box number, GENERAL ALARM.

Signals for No School

The signal 2—2 sounded four times on the fire alarm at:

7:15 A.M., means no school sessions for all schools for entire day.

7:30 A.M., means no school for all schools below the Junior High School for the entire day.

11:40 A.M., means no afternoon sessions for all schools below the Junior High School—this signal will not be sounded if the 7:15 signal has been sounded.

The 7:15 A.M. signal will rarely be sounded as it includes the closing of the High and Junior High Schools.

If the 7:15 A.M. signal is given, the 7:30 A.M. signal will be unnecessary.

FRED E. WHELAN, Chief of Department.

Emergency call for Fire Dept. should be "Milton Fire Department—Emergency"

List of Town Meeting Members for the Year 1955

PRECINCT 1

Term expires March 1958 (Fourteen)

Burnett, William C., 250 Blue Hill Ave.
Carroll, Forrest W., 47 Blue Hill Ter.
Collins, Desmond M., 125 Blue Hills Parkway
Collins, George W., 3 Brook Rd.
Grant, John J., 128 Blue Hill Ave.
Halliday, Harold S., 82 Blue Hill Ave.
Leary, Edward J., 35 Belvoir Rd.
Mahoney, Jeremiah J., 61 Oak St.
Maloney, James J., Sr., 198 Brush Hill Rd.
McKinnon, Albert J., 79 Robbins St.
McTaggart, Bernard E., 53 Churchill St.
Priestley, John W., 43 Brook Rd.
Taylor, Walter W., 62 Oak St.
Watson, Gussie H., 66 Brush Hill Rd.

Term expires March 1957 (Fourteen)

Crosby, William H., 376 Brush Hill Rd.
Cullen, Thomas A., 17 Belvoir Rd.
Dennis, Walter A., 70 Blue Hill Ave.
Donahue, Andrew J., Jr., 79 Victoria St.
Grant, John L., 128 Blue Hill Ave.
Howes, Robert W., 31 Cheever St.
McLean, Howard M., 28 Cheever St.
Murphy, William M., 97 Decker St.
Myers, Everett C., 7 Pagoda St.
Treat, George A., 67 Concord Ave.
Tuttle, Bertha E., 10 Cheever St.
Varnerin, Lawrence J., 155 Robbins St.
Vogel, Joseph N., 37 Lothrop Ave.
Williams, Preston R., 62 Brush Hill Rd.

Term expires March 1956 (Fourteen)

Beale, Elliot L., 31 Lothrop Ave.
Cole, Murray D., 23 Craig St.
Fabian, Margaret H., 40 Blue Hill Ter.
Hefler, Gerardine M., 79 Smith Rd.
Johnson, Paul R., 46 Hudson St.
Kingsbury, Norman E., 623 Blue Hill Parkway
Manning, Philip V., 967 Canton Ave.
McFague, Jessie N., 119 Blue Hill Parkway
McNaughton, Paul R., 271 Blue Hill Parkway
Peverly, Russell E., 137 Robbins St.
Stronge, Roger W., 120 Smith Rd.
Thomson, Robert M., 40 Concord Ave.
Van Gestel, Hendrick W., 68 Cheever St.
Woods, John O., 45 Concord Ave.

Ex-Officio

Erickson, Ernest E., 5 Verndale Rd., Water
Knight, Paul W., 14 Belvoir Rd., School
Whittier, Clyde L., 24 Blue Hill Ave., Treasurer

PRECINCT 2

Term expires March 1958 (Eleven)

Adams, Fred A., 24 Willoughby Rd.
Crosby, William B., 30 Hinckley Rd.
Draper, Mildred H., 112 Allerton Rd.
Fitzgerald, John F., Jr., 38 Windsor Rd.
Hain, Andrew, 24 Hinckley Rd.
Harrington, Byrne, 570 Eliot St.
Hill, Gladys L., 15 Fairfax Rd.
McDermott, Francis P., 17 Byrne Rd.
O'Neill, James J., 18 West St.
Patterson, Howard S., 42 Norway Rd.
Brown, Burton G., Jr., 7 Laurel Rd.

Term expires March 1957 (Eleven)

Curley, George T., 510 Eliot St.
Gallagher, Thomas J., 431 Eliot St.
Hurd, George Newell, Jr., 189 Canton Ave.
MacGaregill, Stanley C., 17 Briarfield Rd.
Mahoney, Joseph C., 9 Columbine Rd.
McLaughlin, James E., 43 Briarfield Rd.
O'Callaghan, Frank J., Jr., 11 Fairfax Rd.
Wallace, Richard A., 45 Thacher St.
Weisse, Margaret C., 223 Central Ave.
White, Anne E., 5 Norway Rd.
Wood, Robert D., 8 Kahler Ave.

Term expires March 1956 (Eleven)

Ames, Knight, 241 Canton Ave.
Blackburn, Arthur H., 470 Eliot St.
Cowperthwaite, Irving A., 10 Willoughby Rd.
Cyphers, James F., 75 Hinckley Rd.
Donnell, Alfred J., 46 Dyer Ave.

Paul V. Morissette	34 Grafton Avenue	(86)	D	Deputy Inspector
Frank J. Gannon	16 Wood Street	(86)	R	Deputy Inspector

GENERAL BYLAWS

Town of Milton, March 10, 1934

AS AMENDED

CHAPTER 1

General Provisions

Section 1. The bylaws of the Town adopted March 2, 1902, may be designated as heretofore, as the "Revised Bylaws," but said revised bylaws as heretofore or at this meeting amended may be designated as the General Bylaws.

Section 2. So far as the provisions of these bylaws are the same in effect as those of previously existing bylaws, they shall be construed as a continuation of such bylaws but, subject to said limitations and the provisions of the next section, all bylaws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any bylaw, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Section 3. These bylaws and the repeal of all bylaws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any bylaw thereby have the effect of reviving any bylaw theretofore repealed or suspended.

Section 4. When in a bylaw anything is prohibited from being done without the license or permission of a certain officer, officers or board, such officer, officers, or board shall have the power to license or permit such thing to be done.

Section 5. In all these bylaws the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The word public way shall include any highway, town way, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; the owner or occupant of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word person may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

Section 6. Whoever violates any of the provisions of these bylaws whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

Section 7. Whoever shall refuse or neglect to obey any lawful order of any Town officer or board of Town officers, issued under any of these bylaws, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for every such offence a fine not exceeding twenty dollars.

Section 8. Prosecutions for the breach of any of the provisions of these bylaws shall be commenced within six months from such breach.

Section 9. Any or all of these bylaws may be repealed or amended or other bylaws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

Town Meetings

Section 1. The warrants for all Town meetings shall be directed to the constables of the Town, and notice of such meetings shall be given by posting attested copies of the warrant in each of the post-offices of the Town at least seven days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meetings.

Section 2. The annual meeting for the election of Town Officers shall be held upon the first Saturday of March, the polls to be open from eight o'clock in the forenoon until six o'clock in the afternoon for the election of such Town Officers and the determination of such matters as by law are required to be elected or determined by ballot. All such officers shall be voted for and all such matters shall be determined on official ballots.

Section 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of the annual meeting to the second Saturday of March at one-thirty o'clock in the afternoon.

Section 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting. If a motion is susceptible of division it shall be divided and the question put separately upon each part thereof if ten town meeting members so request.

Section 5. Upon taking the question, the sense of the meeting shall be taken by the voices of the town meeting members and the Moderator shall first announce the vote as it appears to him by the sound.

If the Moderator is unable to decide by the sound of the voices or if his announcement made thereupon is doubted by seven town meeting members arising in their places for that purpose, the Moderator shall request the town meeting members to be seated, and shall appoint tellers; the question then shall be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall report their count to the Moderator, who thereupon shall announce the vote. If the vote is further doubted and twenty-five town meeting members arise in their places and ask for a division of the meeting by the taking of the yeas and the nays, then the roll of the meeting shall be called in alphabetical order by the Town Clerk, and each town meeting member shall rise in his place if he answers yea or nay when his name is called, and the Moderator shall announce the vote. No town meeting member shall be allowed to vote after the vote is declared.

Section 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the town meeting members present and voting thereon, provided that the time which shall elapse between any adjournment and the next calling to order of the meeting following such adjournment shall be excluded in computing the hour since the adoption of said vote.

Section 7. If a motion for the previous question is adopted by vote of the meeting no person shall speak to the motion then under consideration more than once or for longer than five minutes without a vote of permission of the meeting, except that the Chairman of the Warrant Committee may speak again to close the debate, but not for more than five minutes.

Section 8. When a question is before the meeting, the following motions, viz:—

to adjourn,
to lay on the table,
for the previous question,
to postpone to a certain time,
to commit (or recommit) or refer,
to amend or substitute,

shall have precedence in the order in which they are placed in this section; but no article in the warrant shall be finally disposed of by a vote to lay on the table, to postpone indefinitely, or to take no action thereunder. In proposed amendments, involving amounts or dates, the smallest amount and the shortest time shall be put first.

Section 9. Any person who is employed as an attorney by another person interested in any matter under discussion at a Town meeting shall disclose the fact of his employment before speaking thereon.

Section 10. No appropriation of a sum of money exceeding five hundred dollars shall be made until the subject matter thereof has been considered and estimates reported to the Town, either by the Selectmen or other town officers, or by the Warrant Committee or some committee chosen for the purpose in pursuance of a vote of the Town.

CHAPTER 3

The Warrant Committee

Section 1. The Town shall have an advisory committee to be known as the Warrant Committee consisting of fifteen legal voters of the Town. On or before the first day of June in each year the Moderator shall appoint fifteen members to the Warrant Committee each of whom shall serve for a term of one year beginning on the first day of June in the year of appointment.

Section 2. The Warrant Committee shall, prior to the fifteenth day of June in each year, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

a. They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

Section 3. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meeting; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

Section 4. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town. Copies of such reports shall be left at the dwelling houses in the Town at least four days before the day set for consideration of the various articles in the warrant considered by them and at least four days before the day upon which the voters are to consider questions submitted to them at any meeting including State elections.

a. On or before November first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

b. The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the totals of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

CHAPTER 4

The Town's Finances and Property

Section 1. The Selectmen shall annually, not less than seven days before the annual town meeting, cause to be printed such number of copies of the annual town report as they shall determine to be sufficient for the use of the inhabitants. Such report shall contain a detailed report of all moneys received into and paid out of the Town treasury during the financial year next preceding, with such information and recommendations as the Selectmen may deem proper; the report of the school committee; the records of the meetings of the Town held since the last annual report, the report of the collector of taxes, of receipts, payments and abatements; a list of births, marriages and deaths, to be furnished by the town clerk; statements concerning the condition and funds of the public library and of the cemetery, to be furnished by the trustees thereof respectively, and statements of all other funds belonging to the Town or held for the benefit of its inhabitants; a statement of the liability of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town for perpetual care of cemetery lots; and such other matters as the said report is required by law to contain, or as may be inserted by the Selectmen under the discretion granted them by law.

Section 2. No officer of the Town shall in his official capacity make or pass upon or participate in making or passing upon, any sale, contract or agreement or the terms or amount of any payment in which the Town is interested and in which such officer has any personal interest.

Section 3. The Warrant Committee shall send to the Selectmen and to the town accountant certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

Section 4. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town or its officers in their official capacity and to appear and defend suits brought against it or its officers in their official capacity, unless otherwise ordered by a vote of the Town.

Section 5. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless otherwise ordered by a vote of the Town.

Section 6. The Selectmen shall appoint a Town Accountant who shall perform the duties prescribed by law. There shall annually be an audit of the accounts of the Town under the supervision of the State Director of Accounts, as provided in General Laws, Chapter 44, section 35.

Section 7. Whenever damages may be recovered against the Town under General Laws, chapter 79, entitled "Eminent Domain," the Selectmen, unless otherwise provided by vote of the Town, may exercise in the name and behalf of the Town all the powers granted in section 39 of said chapter relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained.

Section 8. The collector of taxes shall collect, under the title of Town Collector, all accounts due the Town, excepting interest on investments of sinking or trust funds. If it shall seem advisable to the town collector that suit or suits should be instituted and prosecuted in the name of the Town, in connection with the collection of any accounts due to the Town, he shall so advise the Selectmen who shall have authority as agents of the Town to institute and prosecute the same.

Section 9. In addition to the authority to them granted by section 8, the selectmen shall have authority as agents of the town to settle claims against the town, after receiving the advice of the town counsel, payment for such settlements to be taken from the appropriation for the law department.

Section 10. Any Board or Officer in charge of a department may, with the approval of the Selectmen, sell any personal property or material not required by said department to an aggregate amount not exceeding $300 in value in any one fiscal year.

Section 11. Except as otherwise provided by law the Selectmen shall have custody of deeds, of bonds of Town officers, of insurance policies and of other similar documents owned by the Town.

Section 12. No contract shall be awarded for any work or service, other than professional service, to be performed for the Town by an independent contractor, and no purchase of materials, supplies or equipment shall be made, the estimated cost of which in either case is $300 or more, unless competitive bids have been invited therefor. Such bids shall be invited by the sending of letters of invitation on the same day to such number of vendors, contractors or other qualified persons deemed by the Town Officer, Board or Committee sufficient to obtain fair competition, and in the case of all such contracts and of purchases estimated to cost $1,000 or more such bids shall also be invited by public advertisement by at least one insertion in a newspaper of general circulation in the Town, said letters to be mailed and said advertisements to be published at least ten days before the time stated for the opening of bids. Such invitation shall state where plans and specifications for proposed work or purchases may be obtained, or may contain such plans and specifications, and shall state the time and place at which bids shall be opened and shall reserve to the Board, Officer or Committee the right to reject any or all bids. All bids shall be opened in public at the time and place specified therefor. No purchase or work for which a contract is proposed shall be split or divided for the purpose of evading the provisions of this Section. This Section shall not apply in cases of emergency requiring immediate action for the preservation of life or the protection of property, nor to the purchase of materials, supplies or equipment for which there is no reasonable substitute by reason of natural or actual monopoly, peculiarity of design or type of article, patent right or copyright, certified by the officer, Board or Committee. All bids submitted, plans and specifications, certificates setting forth the reasons why competitive bids were not invited and contracts shall as soon as practicable be filed with the Town Accountant and shall be kept on file at least three years and shall be open to public inspection at reasonable times.

SECTION 13. Every contract for construction work, whether for alterations, repairs or original construction, the estimated cost of which amounts to $5,000 or more, shall be accompanied by a suitable bond for the performance of the same, or by the deposit of money or security to the amount of the estimated cost.

SECTION 14. The Town Treasurer shall be the custodian of all moneys, properties and securities of all trust funds, including Cemetery trust funds, heretofore or hereafter given, devised or bequeathed to the Town, and shall with the approval of the Board of Selectmen invest and reinvest the same and expend therefrom moneys as directed by the Board of Selectmen. The Town Treasurer shall have power with the approval of the Board of Selectmen in the name and behalf of the Town to sell, transfer and deliver any and all securities and properties so held for such prices or considerations and on such terms and conditions as he and they shall determine. The foregoing provisions shall be subject to and not in derogation of any and all directions or provisions made by donors in wills or other instruments of gift in respect to any such fund or funds.

CHAPTER 5

The Cemetery

SECTION 1. The sole care, superintendence, management and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

SECTION 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family subject to these bylaws and the regulations of the Trustees, upon paymnt of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

SECTION 3. The Trustees may sell lots, when and at such rates as they may deem advisable; provided that the rate shall not be less than two dollars a square foot, and the purchasers shall in some way be connected with Milton people.

SECTION 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such land marks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

SECTION 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

SECTION 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

SECTION 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

SECTION 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose and erect over the remains a suitable memorial stone.

SECTION 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.

2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.

3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.

4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.

5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.

6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

Police Regulations

SECTION 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECTION 2. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a police officer; provided that the provisions of this section shall not apply to the placing of ashes, refuse or garbage in proper receptacles for collection under public authority.

SECTION 3. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

Section 4. No person shall throw or place or cause to be thrown or placed, any ice or snow into or upon any public way in such a manner as to obstruct traffic or endanger travel upon the public way.

Section 5. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Section 6. No person shall stand on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Section 7. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these bylaws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

Section 8. No person shall ride or drive any beast of burden, carriage or draught, or shall drive or propel or cause to be driven or propelled any bicycle, tricycle, motor vehicle or any vehicle whatsoever, in or over any crossing in any public way at such a rate of speed as to endanger the lives and safety of the public.

Section 9. No person shall permit any vehicle under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any vehicle in any public way so near to another vehicle as to obstruct public travel; and no person shall stop with any vehicle upon or across any crossing in any public way.

Section 10. No person shall coast upon ice or snow upon any public way except one on which the Selectmen or chief of police by public notice permit such coasting and no person shall ride any animal or drive, wheel or draw any coach, cart, wheelbarrow, hand cart, velocipede, bicycle, or any vehicle except children's carriages, or coast upon any sidewalk in the Town. Whoever violates the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Section 11. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

Section 12. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen shall forfeit and pay a sum of not less than one dollar nor more than twenty dollars for each offence.

Section 13. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Section 14. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons in any public way.

Section 15. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

Section 16. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

Section 17. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other buildings whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to animal life shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

Section 18. The Selectmen may license hackney carriages or motor vehicles for the conveyance of persons for hire from place to place within the town, and they may revoke such licenses at their discretion, and a record of all licenses so granted or revoked shall be kept by the Selectmen.

No person shall set up, use or drive in the town any unlicensed hackney carriage or motor vehicle for the conveyance of passengers for hire from place to place within the town under a penalty not exceeding twenty dollars for each effence.

Licenses shall expire on the thirtieth day of April next after the date thereof, and shall not be transferred without the consent of the Selectmen indorsed thereon. For each license the sum of one dollar shall be paid to the town treasurer for the use of the town. A license so granted shall become void if the applicant neglects or refuses to take out and pay for his license within ten days after notice that it has been granted.

The Selectmen may grant to the holder of a license under the preceding paragraphs of this section a license to use a certain portion of a public way as a carriage stand for the solicitation of passengers for hire and no person shall use any portion of any public way for such purpose without such license.

Any person who violates any of the provisions of this section shall be punished by a fine of not more than twenty dollars for each offence.

Section 19. No person shall distribute papers, circulars or advertisements through the Town or any portion thereof in such manner as to make a litter or otherwise cause public annoyance.

Section 20. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, firecracker or fireworks in such manner as to disturb the peace or quiet of any neighborhood.

Section 21. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

Section 22. No person shall own or keep a dog which by barking, biting or howling or in any other manner disturbs the peace and quiet of any neighborhood or endangers the safety of any person.

Section 23. No person shall burn anything so as to emit noxious odors to the discomfort of the neighborhood.

Section 24. No person shall place or suffer to accumulate on his premises any refuse, animal or vegetable matter, rubbish or filth, whereby any offensive or noxious stench or effluvia shall be created so as to endanger the health or comfort of the neighborhood.

Section 25. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles from place to place in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subject to the provisions of law. Whoever violates any provision of this section shall forfeit and pay for each offence a fine not exceeding twenty dollars.

Section 26. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter. Whoever violates any provision of this section shall forfeit and pay for each offence a fine not exceeding twenty dollars.

Section 27. Except when otherwise provided by law, prosecutions for offences under the bylaws of the Town may be made by any police officer of the Town.

CHAPTER 6A

School Traffic Control

Section 1. There shall be a School Traffic Control Unit in the Police Department consisting of not less than five nor more than twelve female Special Police Officers appointed by the Board of Selectmen to serve at the pleasure of the Board. The duties of such special police officers shall be supervised by and be under the direction of the Chief of Police.

Section 2. Special Police Officers appointed under this Chapter shall be designated as School Traffic Supervisors and shall have all the power and authority of regular police officers in the enforcement of Chapter 90 of the General Laws and Acts and amendments thereof and in addition thereto, and of all other laws and of the Bylaws of the Town relating to the operation, standing or use of vehicles.

CHAPTER 7

Building Code

Chapters 7 and 8 were amended in 1934 by being renumbered as Chapter 7.

The title of said Chapter was amended by striking out the words "Building and Plumbing Laws", and inserting in place thereof the words:—BUILDING CODE—.

Amendments to Chapter 7 have been made at the Annual Town Meetings held March 9, 1935, March 14, 1936, March 12, 1938, March 13, 1948, March 12, 1949 and March 19, 1955.

The Building Code thus amended was approved by the Attorney General May 20, 1955, and is now available in pamphlet form in the Building Inspector's office.

CHAPTER 8

Town Ways

SECTION 1. Every way that shall be laid out for the acceptance of the Town as a town way shall be not less than fifty feet in width, provided, however, that upon written certification by the Planning Board, with respect to the layout of a particular way, that the requirement of a width of fifty feet will cause practical difficulty or unnecessary hardship. such way may be laid out less than fifty feet in width.

SECTION 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a town way such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construction of existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments and shall not apply to ways shown on plats approved by the Planning Board and constructed in accordance with rules and regulations of the Planning Board.

CHAPTER 9

Billboards

SECTION 1. No person or corporation shall erect or maintain a billboard sign or other outdoor advertising device, except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred and fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupae, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof if for sale or to let.

CHAPTER 10

Zoning

SECTION I. Definitions.

A. In this by-law the following terms, unless a contrary meaning is required by the context or is specifically prescribed, shall have the following meanings:

1. *Street.* The word "street" shall include public ways established by or maintained under public authority private ways open for public use, and private ways plotted or laid out for ultimate public use, whether or not constructed.
2. *Lot.* A "lot" is a single area of land in one ownership defined by metes, bounds or boundary lines in a recorded deed or on a recorded plan. After this By-law is adopted new lots may be established by recording the same or by filing with the Building Inspector as a part of an application for a building permit the plan of the lot appurtenant to the building signed by the owner or owners of the lot and defining the lot by metes and bounds on such plan. In determining lot areas no part thereof within the limitation of the street shall be included.
3. *One Ownership.* The term "one ownership" means an undivided ownership by one person or by several persons whether the tenure be joint, in common, or by the entirety.
4. *Recorded.* The term "recorded" or "of record" means recorded or registered in the Norfolk County Registry of Deeds or a record title to a parcel of land disclosed by any or all pertinent public records.
5. *Building.* The word "building" shall include "structure."
6. *Erected.* The word "erected" shall include the words "built," "constructed," "reconstructed," "altered," "enlarged," and "moved."
7. All references to the time of the adoption of this by-law shall mean February 10, 1938.

SECTION II. Establishment of Districts.

A. Classes of Districts. The town of Milton is hereby divided, as shown on the Zoning Map entitled "Map of Milton, Massachusetts, showing Zoning Districts," dated January 7, 1938 and filed with the Town Clerk, and hereby declared a part of this by-law, into four classes of districts:

1. Residence A districts;
2. Residence B districts;
3. Residence C districts;
4. Business districts.

B. Boundaries of Districts. The boundaries of Business Districts hereunder shall continue to be as existing immediately prior to the adoption of this by-law. The boundaries of Residence A Districts, Residence B Districts and Residence C Districts shall be as shown on the Zoning Map. Unless otherwise specifically indicated on the Zoning Map the boundaries between districts are either the center lines of streets or boundary lines of lots, or lines parallel to and a dimensioned distance from the nearest side lines of streets.

(Zoning map changed by votes passed under Article 57 at the March 9, 1940 Town Meeting and at the March 8, 1947 Town Meeting under Article 57.)

C. Lots in Two Districts. Where a district boundary line divides a lot recorded prior to the time this by-law is adopted, the regulations and restrictions of the less restricted portion of such lot shall govern such portion of such lot as shall be within the more restricted district and shall lie within thirty feet of said boundary line, provided the lot has a frontage on a street in the less restricted district.

SECTION III. **Use Regulations.**

A. Residence A, B, and C District Uses. In a Residence A, B, or C District, except as herein otherwise provided, no building or land shall be used and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or for other purposes except one or more of the following:

1. Detached one-family dwelling;
2. Church;
3. Educational use, not conducted for profit;
4. Agricultural use, selling only produce raised on the premises; provided, however, that this paragraph 4 shall not be deemed or construed to permit or authorize the use or maintenance of any building or structure;
5. Municipal use;
6. Accessory use on the same lot with and customarily incident to any of the above permitted uses, or to the uses permitted in accordance with the following sub-section numbered 7, and not detrimental to a residential neighborhood;
7. Any of the following uses, if authorized by permit issued by the Board of Appeals and subject to appropriate conditions, limitations, and safeguards stated in writing by the Board of Appeals and made a part of the permit;
    - (a) Private clubs not conducted for profit;
    - (b) Cemetery, not conducted for profit;
    - (c) The garaging or maintaining of more than three automobiles when accessory to a dwelling;
    - (d) Greenhouse or nursery selling only produce raised on the premises;
    - (e) Charitable or philanthropic use, hospital or sanitarium, not conducted for profit;
    - (f) Riding stable;
    - (g) Public utility or public communications building not including a service station or outside storage of supplies;
    - (h) A two-family house (as defined below) if the lot on which it will stand lies between two lots on which are buildings designed for occupancy by two or more families each, located on the same side of the street and less than 100 feet apart. A two-family house is a residential building fitted to be occupied by two families which are independent of each other as regards the preparation of food;
    - (i) A dwelling used primarily and principally for residential purposes may be used incidentally but without public display of goods or wares, or signs except as permitted in subsection *B 1* (g) hereof, for the sale of food or of goods of home manufacture prepared or made therein by the occupants of such dwelling, for the operation of a telephone answering service, or for other incidental purposes

which are not primarily industrial, trade, manufacturing, or commercial purposes, provided, in each case, the Board of Appeals shall determine that the use of such building is incidental only and that such use will not be substantially detrimental to the use of other property in the neighborhood;

(j) Removal of sod, loam, sand, gravel or quarried stone, provided that when such removal is incidental to and in connection with the construction of a building on the premises for which a building permit has been issued in accordance with the building law, or incidental to and in connection with the construction of ways in an approved subdivision, no permit from the Board of Appeals shall be required.

(k) Buildings or structures used or maintained on or in connection with land devoted to agricultural use permitted in paragraph 4 of this Section III A.

B. Accessory Use in Residence A, B, and C Districts.

1. In Residence A, B, and C Districts the following are hereby specifically declared not to be "accessory uses" within the meaning of this by-law:
   - (a) The garaging or maintaining on any lot of a total of more than three automobiles at any time, unless a special permit is granted by the Board of Appeals pursuant to the provisions of Section VIII hereof;
   - (b) The garaging or maintaining on any lot of more than one commercial automobile, except in the case of a lot used for agriculture or for a municipal use;
   - (c) The garaging or maintaining on any lot used for agriculture of more than four commercial automobiles;
   - (d) The sale of produce not raised on the premises unless, in the case of a commercial greenhouse established and doing business prior to the adoption of this by-law, a special permit is granted by the Board of Appeals pursuant to the provisions of Section VIII hereof;
   - (e) The accommodation of, or renting space to, more than four lodgers, boarders or paying guests;
   - (f) Accessory use shall not include dwellings, except that there may be constructed as part of a garage or stable, family living quarters for and to be occupied only by an employee of the owner or occupant of the dwelling to which such garage or stable is an accessory use, provided, however, that such employment is of the type customarily incident to the use of said dwelling;
   - (g) An accessory use shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation and being such a sign as is customarily used for a purpose permitted by this section of this by-law.

C. Business District Uses. In a Business District no building shall be erected, altered or used and no land shall be used for any purpose injurious, noxious or offensive to a neighborhood by reason of the emission of odor, fumes, dust, smoke, vibration, or noise, or other cause, or for any purpose whatsoever except the following purposes:

1. Any use permitted in a Residence A, B or C District;

2. Offices, banks, assembly halls or places of amusement;

3. Signs permitted in a Residence A, B or C District and signs advertising goods or services offered by an occupant of the premises for sale, hire, or use;

4. Retail or wholesale stores, shops for custom work where the product is sold directly by the producer to the consumer, places where services are performed, places of the building trades, sales rooms and repair shops for motor vehicles, garages, filling stations, storage warehouses, restaurants and other places for serving food and drink, places of business of bakers, dyers, confectioners, launderers, photographers, printers and undertakers. Other uses of substantially the same character may be permitted only if authorized by permit issued by the Board of Appeals subject to appropriate conditions, limitations and safeguards stated in writing by the Board of Appeals and made a part of the permit all in accordance with the provisions of Section VIII, C.

SECTION IV. Non-conforming Uses of Buildings and Land.

A. Continuation of Non-conforming Uses of Buildings and Land. Any building or use of a building or use of land or part thereof lawful and existing at the time this by-law is adopted may be continued, unless and until abandoned, although such building or use does not conform to the provisions hereof. No increase in the extent of the non-conforming use of the building or land may be made except that any such non-conforming building may be added to, enlarged, reconstructed or replaced, and such addition, enlargement, reconstruction or replacement used for the purpose, or for a purpose substantially similar to the purpose, for which the original building may lawfully be used if authorized by the Board of Appeals and subject to appropriate conditions, limitations, and safeguards stated in writing by the Board of Appeals and made a part of the permit. As a basis for such permit the Board of Appeals must be satisfied that such addition, enlargement, reconstruction or replacement and the use to be made thereof will not substantially increase any detrimental or injurious effect of the building or use on the neighborhood.

SECTION V. Height Regulations.

A. Building Heights in Residence A, B and C Districts. In a Residence A, B or C District no building shall be erected or altered to exceed two and one-half stories in height unless it is set back from each street and lot line 15 feet farther than is required by Section VI. No building shall in any event exceed three stories in height. The term "half-story" shall mean a story in a sloping roof, the area of which story at a height four feet above the floor does not exceed two-thirds the floor area of the story immediately below it.

B. Building Height in Business District. In a Business district no building shall be erected or altered to exceed three stories in height unless authorized by permit issued by the Board of Appeals subject to appropriate conditions, limitations and safeguards stated in writing by the Board of Appeals and made a part of the permit, all in accordance with the provisions of Section VIII, C, provided that no such building shall be permitted the maximum height of which exceeds 65 feet above the centre line of the street or way adjacent to the lot on which such building stands.

C. Height Exceptions. Chimneys, elevators, poles, spires, tanks, towers, and other projections not used for human occupancy may extend above the height limits herein fixed.

SECTION VI. **Area Regulations.**

A. Lot Sizes and Frontages.

1. In a Residence A District no dwelling shall be erected or maintained except on lots as hereinbefore defined, or on lots established after this by-law is adopted, as hereinbefore provided, containing not less than 40,000 square feet each and having each a frontage of not less than 150 feet, and not more than one dwelling shall be erected on each such lot except that (a) a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, containing less than 80,000 and more than 64,000 square feet may be divided into lots containing not less than 32,000 square feet each and each having a frontage of not less than 150 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 80,000 square feet and if after division into as many lots as practicable, each containing not less than 40,000 square feet and each having a frontage of not less than 150 feet, there remains a lot of 32,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 150 feet, and (c) one dwelling may be erected on a lot containing less than 40,000 square feet, or having a frontage of less than 150 feet, if such lot was recorded at the time of the adoption of this by-law, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed "available for use" (as that phrase is used in this subsection (c)) if such land is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 40,000 square feet and had a frontage of no more than 150 feet.

2. In a Residence B District no dwelling shall be erected or maintained except on lots as hereinbefore defined, or on lots established after this by-law is adopted, as hereinbefore provided, containing not less than 20,000 square feet each and having each a frontage of not less than 100 feet and not more than one dwelling shall be erected on each such lot except that (a) a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, containing less than 40,000 and more than 32,000 square feet may be divided into lots containing not less than 16,000 square feet each and each having a frontage of not less than 80 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 40,000 square feet and if after division into as many lots as practicable, each containing not less than 20,000 square feet and each having a frontage of not less than 100 feet, there remains a lot of 16,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 80 feet, and (c) one dwelling may be erected on a lot containing less than 20,000 square feet, or having a frontage of less than 100 feet, if such lot was recorded at the time of the adoption of this by-law, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed "available for use" (as that phrase is used in this subsection (c)) if such land

is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 20,000 square feet and had a frontage of no more than 100 feet.

3. In a Residence C District no dwelling shall be erected or maintained except on lots as hereinbefore defined, or on lots established after this by-law is adopted, as hereinbefore provided, containing not less than 7,500 square feet each and having each a frontage of not less than 75 feet, and not more than one dwelling shall be erected on each such lot except that (a) a lot recorded at the time of the adoption of this by-law or if not so recorded, if authorized by permit from the Board of Appeals, containing less than 15,000 and more than 12,000 square feet may be divided into lots containing not less than 6,000 square feet each and each having a frontage of not less than 60 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 15,000 square feet and if after division into as many lots as practicable, each containing not less than 7,500 square feet and each having a frontage of not less than 75 feet, there remains a lot of 6,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 60 feet, and (c) one dwelling may be erected on a lot containing less than 7,500 square feet, or having a frontage of less than 75 feet, if such lot was recorded at the time of the adoption of this by-law, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed "available for use" (as that phrase is used in this subsection (c)) if such land is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 7,500 square feet and had a frontage of no more than 75 feet.

4. Frontage, as required in the foregoing provisions of this section, shall be determined as follows: In the case of a lot fronting on a street, the distance shall be measured along the street line from one side line of the lot to the other and the distance shall also be measured between said side lines along a line which marks the required front setback of the dwelling on such lot, and the longer of said distances shall determine the frontage of such lot. In the case of a lot not fronting on any street, the distance shall be measured from one side line of the lot to the other along the line designated as the front line of the lot on the plot filed in accordance with this by-law with the Building Inspector as a part of an application for a building permit, and such distance shall determine the frontage of such lot.

5. Notwithstanding the foregoing provisions of this section, if adjacent lots, any of which has less area or frontage than required by this section, are recorded as all in the same ownership at the time this by-law is adopted, and if (a) substantial expenditures have been incurred, prior to that time, toward the improvement of these lots or approved ways giving access thereto, or toward utilities serving such lots, which improvements or utilities would be diminished in value in a substantial amount by a literal enforcement of the terms of this section, or if (b) adjoining areas have been, prior to that time, developed to a substantial extent by the construction of houses on lots generally smaller than is prescribed by this section and the standard of the neighborhood so

established does not reasonably require a subdivision of the applicant's land into lots as large as is hereby prescribed, then the owner of these lots may apply to the Board of Appeals for relief from the terms of this section as applying to any of these lots, and the Board of Appeals may grant such relief by making special exceptions to the terms of this section, subject to appropriate conditions and safeguards in harmony with the general purpose and intent of this by-law, where desirable relief may be granted without substantial detriment to the public good and without substantially derogating from the intent or purposes of this by-law.

B. *Front Yards.*

1. In a Residence A District no building shall be erected within 30 feet of the line of the street on which it fronts, provided that no building need be set back more than 30 per cent of the mean depth of the lot nor more than the average of the setbacks of the buildings on the lots immediately next thereto on either side, a vacant lot or a lot occupied by a building set back more than 30 feet being counted as though occupied by a building set back 30 feet.
2. In a Residence B District no building shall be erected within 25 feet of the line of the street on which it fronts, provided that no building need be set back more than 25 per cent of the mean depth of the lot nor more than the average of the setbacks of the buildings on the lots immediately next thereto on either side, a vacant lot or a lot occupied by a building set back more than 25 feet being counted as though occupied by a building set back 25 feet.
3. In a Residence C District no building shall be erected within 20 feet of the line of the street on which it fronts, provided that no building need be set back more than 20 per cent of the mean depth of the lot nor more than the average of the setbacks of the buildings on the lots immediately next thereto on either side, a vacant lot or a lot occupied by a building set back more than 20 feet being counted as though occupied by a building set back 20 feet.
4. In Residence A, B and C Districts no part of an accessory building shall be located within 40 feet of the front line of the lot, unless such accessory building is within the body of a dwelling or attached to a dwelling and such accessory building complies with the setback from said front line established for such dwelling.

C. *Side Yards.*

1. No building except a one-story building of accessory use shall be erected or maintained in a Residence A District within 15 feet of a side lot line, or within 30 feet of any other building on an adjacent lot, in a Residence B District within 12 feet of a side lot line or within 24 feet of any other building on an adjacent lot, or in a Residence C District within 10 feet of a side lot line.
2. No building of accessory use shall be erected or maintained within 10 feet of a side lot line in a Residence A District or a Residence B District nor within 8 feet of a side line in a Residence C District.
3. On a lot abutting on two intersecting streets no building shall be erected or maintained in a Residence A District within 30 feet, in a Residence B District within 25 feet, and in a Residence C District within 20 feet of the line of the side street.
4. The provisions of this section shall not reduce to less than 26 feet the

buildable width of any lot in a Residence A, B or C District recorded at the time this by-law is adopted, provided, however, that no building shall extend within 6 feet of any side lot line, and provided further that where a building is erected less than 10 feet from either side line by virtue of the provisions of this paragraph 4 the buildable width shall not exceed 26 feet.

5. In a Business District no building shall be erected or maintained within 6 feet of a side line of any lot unless the wall adjoining such side be either a party wall or a wall with its outer face coincident with the lot side line.

D. Rear Yards.

1. In a Residence A, B or C District no building except a one-story building of accessory use shall be erected or maintained within 30 feet of the rear lot line, provided that no building need be set back from the rear lot line more than 30 per cent of the mean depth of the lot.
2. In a Business District no dwelling shall be erected or maintained within 20 feet of the rear lot line, and no other building shall be erected or maintained within 12 feet of a rear lot line of any lot unless the wall adjoining such rear lot line be either a party wall or a wall with its outer face coincident with the rear lot line.
3. No building of accessory use shall be erected or maintained within 10 feet of a rear lot line in a Residence A District nor within 8 feet of a rear lot line in a Residence B or a Residence C District.

E. Appurtenant Open Space.

No yard or other open space required for a building by this by-law shall, during the existence of such building, be occupied by or counted as open space for another building.

F. Projections.

Nothing herein shall prevent the projection of steps, eaves, chimneys and cornices not exceeding 18 inches in width, windowsills, or belt courses into any required yard or open space.

G. Corner Clearance.

On lots in Residence A, B and C Districts no building, fence, or other structure shall be erected and no tree, shrub or other planting shall be planted, or allowed to exist, which prevents an unobstructed view through the space between 4 feet and 8 feet above the ground within the area formed by the intersecting side lines forming the corner of the intersecting streets and a line joining points on such lines 25 feet distant from the point of intersection in a Residence A District, or 20 feet distant from the point of intersection in a Residence B or a Residence C District, provided, however, that where the junction of the side lines of two streets forms a curve, the clearance area shall be determined and certified by the Town Engineer as nearly as may be in accordance with the foregoing and having regard to the safety of the public, and the foregoing provisions shall apply to the area thus determined.

SECTION VII. **Administration.**

A. Enforcement.

1. The Inspector of Buildings shall enforce the provisions of this by-law. If the Inspector of Buildings shall be informed or have reason to believe

that any provision of this by-law or of any permit or decision thereunder has been, is being, or is about to be violated, he shall make or cause to be made an investigation of the facts, including the inspection of the premises where the violation may exist, and, if he finds any violation, he shall give immediate notice in writing to the owner or his duly authorized agent and to the occupant of the premises.

2. If, after such notice, such violation continues, with respect to any use contrary to the provisions of this by-law, the Inspector of Buildings shall forthwith revoke any permit issued in connection with the premises, and shall take such other action as is necessary to enforce the provisions of this by-law.
3. Where a special permit from or relief by the Board of Appeals is required pursuant to the provisions of this by-law, or where an appeal from an order or decision of an administrative officer, or an appeal or petition involving a variance is pending, the Building Inspector shall issue no building permit until so directed in writing by said Board.

B. Submission of Plots.

All applications for building permits shall be accompanied by a plot in duplicate drawn to scale, showing the actual dimensions of the lot to be built upon, the streets upon which it abuts, the size and location of the building or buildings to be erected or altered, and such other information as may, in the opinion of the Building Inspector, be necessary for the enforcement of this by-law. A careful record of such applications and plots shall be kept in the office of the Building Inspector. Deviation from the terms and dimensions shown on the plot shall constitute violation of the terms of the permit.

C. Occupancy Permit.

It shall be unlawful to use or permit the use of any land, building, or structure or part thereof which is erected or altered, wholly or partly, in its use or construction, or moved, or which has its open spaces in any way reduced, until the Building Inspector shall have certified on the building permit, or, in case no permit is required, shall have certified in a certificate of occupancy that the building and premises have been regularly inspected by the Building Inspector and apparently conform to the statutes and by-laws relating to the construction and occupancy of buildings and land in the town of Milton.

SECTION VIII. Board of Appeals.

A. Appointment.

The Board of Appeals is and shall be the board of appeal appointed from time to time pursuant to Chapter 7 of these by-laws known as the Building Code, and said board of appeal under said Building Code is hereby constituted the Board of Appeals pursuant to the provisions of General Laws (Ter. Ed.), Chapter 40A, as amended.

B. Notice.

When an appeal, application or petition is filed with the Board of Appeals pursuant to any of the provisions of this by-law, the Board shall give notice thereof and hold a hearing pursuant to its rules and regulations and to the law. The Building Inspector shall be entitled to receive notice in all cases involving the issuance of a building permit.

C. *Special Permits.*

Where a special permit by the Board of Appeals is required pursuant to the provisions of this by-law, the applicant shall make written application and shall show to the satisfaction of the Board, in addition to any specific requirements herein or in the law contained, that the desired relief may be granted without substantial detriment to the public good and without substantially derogating from the intent or purpose of this by-law. The Board of Appeals may make appropriate conditions and limitations necessary in its opinion to safeguard the legitimate use of the property in the neighborhood and the health and safety of the public, such conditions and limitations to be stated in writing by the Board and made a part of the permit.

D. *Variances and Appeals.*

Appeals from an order or decision of an administrative officer and appeals or petitions involving variances from the terms of this by-law shall be dealt with by the Board of Appeals in accordance with the provisions of General Laws (Ter. Ed.), Chapter 40A, as amended.

E. *Relief.*

When relief is applied for pursuant to the provisions of Section VI, A, 5 hereof the applicant shall file with the Board a plan, map, drawing, or document sufficient clearly to show all of the local real estate holdings of the applicant in the neighborhood, the date or dates of the recording of the lots involved, and such other pertinent documentary evidence as the Board may require, and shall show to the satisfaction of the Board that the facts requisite for such relief exist.

SECTION IX. **Other By-Laws, Rules or Regulations.**

The provisions of this by-law shall be construed as being additional to and not as annulling, limiting or lessening to any extent, whatsoever the requirements of any other by-law, rule or regulation, provided that, unless specifically excepted, where this by-law is more stringent it shall control.

SECTION X. **Penalty.**

Any person, firm, or corporation who violates, disobeys, neglects, or refuses to comply with any of the provisions of this by-law shall be fined in a sum not to exceed twenty dollars ($20.00) for each offence.

SECTION XI. **Validity.**

The invalidity of any section or provision of this by-law shall not invalidate any other section or provision hereof. If for any reason the area requirements in any district shall be or become invalid or inoperative, then the area requirements of the next less restricted district shall be and become the area requirements for such more restricted district.

SECTION XII. **Amendments.**

The Planning Board, upon petition of not less than ten citizens of the Town, or upon its own initiative, shall from time to time hold public hearings, twenty days' published notice of which shall be given, for the consideration of proposed amendments to the Zoning Map or to this by-law and report to a regular or special Town Meeting its recommendations as to what action should be taken.

CHAPTER 11

Planning Board and Board of Appeals

SECTION 1. A Planning Board is hereby established under the provisions of General Laws (Ter. Ed.), Chapter 41, Section 81A (Acts of 1936, Chapter 211) and any amendments thereto, with all the powers and duties therein and in any existing by-laws of the Town provided, to consist of five members to be elected by ballot at the annual Town Meeting in March, 1939, one for a term of one year, one for a term of two years, one for a term of three years, one for a term of four years, and one for a term of five years and thereafter in accordance with the provisions of the statute.

SECTION 2. The existing Board of Appeals appointed from time to time pursuant to Chapter 7 of the General By-Laws (known as the Building Code) shall act as and be the Board of Appeals under Chapter 10 of the General By-Laws (known as the Zoning By-Law), act as and be the Board of Appeals under General Laws (Ter. Ed.), Chapter 40A and amendments thereto (known as the Zoning Enabling Act), and act as and be the Board of Appeals under General Laws (Ter. Ed.), Chapter 41, Section 81Z and amendments thereto (known as the Subdivision Control Law).

CHAPTER 12

Board of Water Commissioners

The Board of Water Commissioners may from time to time, on such conditions as may be determined by the Board, receive from prospective developers of lands in the Town, respectively, sums of money sufficient, in the opinion of the Board to cover the estimated expense to the Town, as certified by the Planning Board or such part thereof as is to be incurred by the Town, of constructing water mains with all appurtenances necessary or proper in private ways approved by the Planning Board under the provisions of General Laws (Ter. Ed.), Chapter 41, as amended by St. 1936, C. 211, or as otherwise amended such sums to be paid to the Town Treasurer to the Credit of the Town, each such sum to be held as a special fund marked with the name of the depositor and the way or ways to which the same is applicable, and subject to retention and appropriation by the Town for the purpose of reimbursing the Town for moneys expended in constructing water mains and appurtenances in the respective ways designated for the respective funds and for the return to the depositor of any unexpended balance as certified by the Board of Water Commissioners after completion of such water mains and appurtenances. If such deposit of estimated expense in any case is not sufficient for the work, the developer shall make deposit of a sufficient additional amount.

This by-law shall be additional to and not in limitation of the powers otherwise vested in said Board of Water Commissioners.

Milton, Mass., April 6, 1934.

I HEREBY CERTIFY, That the foregoing is a true copy of the General By-laws as amended under Article 53 of the Warrant for the annual Town Meeting held March 10, 1934.

A true copy.
Attest.

G. FRANK KEMP,
Town Clerk.

(Seal)

Boston, Mass., June 1, 1934

The foregoing by-laws are hereby approved.

JOSEPH E. WARNER,
Attorney General.

The amendments to Chapters 4, 7 and 10 voted at the Annual Town Meeting held March 9, 1935, were approved by the Attorney General, June 10, 1935.

The amendment to Chapter 7 voted at the Annual Town Meeting held March 14, 1936, was approved by the Attorney General, April 3, 1936.

The amendment to Chapter 10 voted at the Special Town Meeting held January 29, 1938, was approved by the Attorney General, February 10, 1938.

The amendments to Chapters 7, 10 and 11 voted at the Annual Town Meeting held March 12, 1938, were approved by the Attorney General, April 11, 1938.

The amendments to Chapter 10 voted at the Annual Town Meeting held March 9, 1940, were approved by the Attorney General, April 11, 1940 and May 1, 1940.

The amendments to Chapter 2, 3 and 4, voted at the Annual Town Meeting held March 8, 1941, were approved by the Attorney General, March 20, 1941.

The amendments to Chapters 4 and 10 voted at the Annual Town Meeting held March 13, 1943, were approved by the Attorney General, March 24, 1943, and April 13, 1943, respectively.

The amendments to Chapters 2, 4, 10 and 12 voted at the Annual Town Meeting held March 10, 1945, were approved by the Attorney General, March 21, 1945.

The amendment to Chapter 5, Section 1, voted at the Annual Town Meeting held March 9, 1946, was approved by the Attorney General, March 28, 1946.

The amendment to Chapter 10 voted at the Annual Town Meeting held March 8, 1947, was approved by the Attorney General, April 10, 1947.

The amendments to Chapter 7 voted at the annual Town Meeting held March 13, 1948, were approved by the Attorney General on April 1, 1948.

The amendments to Chapters 3 and 7 voted at the annual Town Meeting held March 12, 1949, were approved by the Attorney General, March 22, 1949.
"See decision of Supreme Judicial Court in the case of *Barney & Carey Company v. Town of Milton, 324 Mass.* 440."

The amendment to Chapter 2 voted at the annual Town Meeting held March 11, 1950, was approved by the Attorney General, April 26, 1950.

The amendment to Chapter 8 voted at the annual Town Meeting held March 10, 1951, was approved by the Attorney General, April 17, 1951.

The amendments to Chapters 3 and 10 voted at the annual Town Meeting held March 8 and 15, 1952, were approved by the Attorney General, July 1, 1952.

The amendments to Chapters 3 and 10 voted at the annual Town Meeting held March 21, 1953, were approved by the Attorney General, June 1, 1953.

The amendment to Chapter 10 voted under Article 55 at the Annual Town Meeting held March 20, 1954, was approved by the Attorney General, April 23, 1954.

The amendment to Chapter 11, voted under Article 58 at the Annual Town Meeting held March 19, 1955, was approved by the Attorney General, May 20, 1955.

The amendment to Chapter 7 voted under Article 59 at the Annual Town Meeting held March 19, 1955, was approved by the Attorney General, May 20, 1955.

The amendment to Chapter 10 voted under Article 60 at the Annual Town Meeting held March 19, 1955, was approved by the Attorney General, May 20, 1955.

The amendment to Chapter 6 voted under Article 3 at the May Special Meeting held May 24, 1955, was approved by the Attorney General June 20, 1955.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

March 19, 1866. **Voted,** To establish a high school, according to the provisions of Section 2 of Chapter 38 of the General Statutes. (Repealed 1898, Chapter 496, Section 36.)

March 2, 1874. **Voted,** To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the town of Milton. (Special Act.)

March 4, 1878. **Voted,** To accept the provisions of Section 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers. (General Laws, Chapter 48, Section 45.)

March 3, 1879. **Voted,** To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee. (General Laws, Chapter 41, Section 1.)

December 8, 1879. **Voted,** To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children. (Repealed, 1919, Chapter 363, Section 16.)

March 7, 1881. **Voted,** To accept the act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners." (General Laws, Chapter 41, Section 1.)

March 5, 1883. **Voted,** To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children. (Repealed 1898, Chapter 496, Section 36.)

March 3, 1890. **Voted,** To accept the first nine sections of Chapter 51 of the Public Statutes, said Chapter being entitled, "Of Betterments and other Asssessments on Account of the Cost of Public Improvements." (General Laws, Chapter 80.)

February 12, 1891. **Voted,** To accept the act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882. (General Laws, Chapter 45, Sections 1 to 11.)

March 2, 1891. **Voted,** To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of town officers. (Repealed, 1893, Chapter 417, Section 345.)

February 3, 1894. **Voted,** That the town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of 1893, relative to the election of a separate Board of Assessors. (General Laws, Chapter 41, Section 1.)

November 28, 1894. **Voted,** To accept the provisions of Chapter 324 of the Acts of 1894, entitled an "Act Relative to the Reservation of Spaces in Public Ways." (General Laws, Chapter 82, Section 34.)

March 4, 1895. **Voted,** That the town hereby accepts the provision of Chapter 309 of the Acts of 1885, authorizing towns to license groves to be used for picnics and other lawful amusements. (General Laws, Chapter 140, Sections 188 to 190.)

March 4, 1895. **Voted,** To accept the provisions of Section 272 of Chapter 417 of the Acts of 1893, relative to the election of Sewer Commissioners. (General Laws, Chapter 41, Section 1.)

March 4, 1895. **Voted,** To accept the provisions of Chapter 462 of the Acts of 1893 relative to the establishment of a building line on Public Ways. (Repealed, Acts of 1917, Chapter 344, Part 8, Section 1.)

March 4, 1895. **Voted,** To accept the provisions of Chapter 218 of the Acts of 1894 as amended by Chapter 473 of that same year, relative to the election of Boards of Health in towns. (General Laws, Chapter 41, Section 1.)

March 4, 1895. **Voted,** To accept the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relative to the establishment and grading of sidewalks by the Selectmen. (General Laws, Chapter 83, Section 25.)

June 29, 1895. **Voted,** To acept the provisions of Chapter 304 of the Acts of 1895, authorizing the town of Milton to construct one or more systems of sewerage. (Special Act.)

March 1, 1897. **Voted,** To accept the provisions of Chapter 101 of the Public Statutes relative to the suppression of common nuisances. (General Laws, Chapter 139.)

March 7, 1898. **Voted,** To accept the provisions of Section 11 of Chapter 481 of the Acts of 1894, relative to the regulation and inspection of buildings. (General Laws, Chapter 143, Section 3.)

March 5, 1900. **Voted,** To accept the provisions of Chapter 344 of the Acts of 1899, relative to eight-hour day for town employees. (General Laws, Chapter 149, Section 31.)

March 3, 1902. **Voted,** To accept the provisions of Section 18 of Chapter 122 of the Revised Laws (General Laws, Chapter 166, Section 32), relative to the appointment of an Inspector of Wires by the Selectmen.

July 14, 1902. **Voted,** To accept the provisions of Chapter 307 of the Acts of 1902, relative to water supply. (General Laws, Chapter 92, Section 10.)

August 16, 1902. **Voted,** To accept the provisions of Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to the jurisdiction of towns over highways and county bridges. (General Laws, Chapter 82, Sections 17 to 20.)

March 2, 1903. **Voted,** To accept the provisions of Sections 20 and 21 of Chapter 25 of the Revised Laws, relative to public baths. (General Laws, Chapter 40, Section 12.)

March 2, 1903. **Voted,** To accept the provisions of Section 339 of Chapter 11 of the Revised Laws, relative to the election of Overseers of the Poor. (General Laws, Chapter 41, Section 1.)

March 6, 1905. **Voted,** To accept the provisions of Chapter 103 of the Revised Laws, relative to the supervision of plumbing. (General Laws, Chapter 142.)

July 21, 1905. **Voted,** To accept the provisions of Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths. (General Laws, Chapter 132.)

March 1, 1909. **Voted,** To accept the provisions of Chapter 476 of the Acts of 1908, relative to vacations for members of the Police Department. (General Laws, Chapter 92, Section 62, and Chapter 147, Sections 14 and 17.)

March 8, 1910. **Voted,** To accept the provisions of Section 43 of Chapter 49 of the Revised Laws, relative to the grading and construction of sidewalks. (General Laws, Chapter 83, Section 25.)

March 6, 1911. **Voted,** To accept the provisions of Section 359 of Chapter 560 of the Acts of 1907, relative to the election of Moderators. (General Laws, Chapter 41, Section 1.)

March 6, 1911. **Voted,** To accept the provisions of Section 362 of Chapter 560 of the Acts of 1907, relative to the election of four constables. (General Laws, Chapter 41, Section 1.)

November 7, 1911. **Voted,** To accept the provisions of Chapter 634 of the Acts of 1911, relative to the establishment by counties of the retirement system for employees. (General Laws, Chapter 32.)

March 4, 1912. **Voted,** To accept the provisions of Chapter 146 of the Acts of 1911, relative to the establishment of an Art Commission. (General Laws, Chapter 41, Sections 82 to 84.)

March 4, 1912. **Voted,** To accept the provisions of Chapter 468 of the Acts of 1911, relative to the extension of Civil Service Acts to Chiefs of Police. (General Laws, Chapter 31, Section 49.)

March 4, 1912. **Voted,** To accept the provisions of Chapter 314 of the Acts of 1911, relative to the expending of money by the School Committee for the supervision of sports. (General Laws, Chapter 71, Section 47.)

March 4, 1912. **Voted,** To accept the provisions of Chapter 367 of the Acts of 1911, relative to the use of school halls for other than school purposes. (General Laws, Chapter 71, Section 71.)

November 5, 1912. **Voted,** To accept the provisions of Chapter 503 of the Acts of 1912, relative to the pensioning of laborers in the employ of the town. (General Laws, Chapter 32, Section 77.)

March 3, 1913. **Voted,** To accept the provisions of Chapter 327 of the Acts of 1904, relative to the pensioning of permanent members of the Police and Fire Departments. (General Laws, Chapter 32, Section 85.)

March 3, 1913. **Voted,** To accept the provisions of Chapter 498 of the Acts of 1908, relative to the pension funds for teachers in the public school. (General Laws, Chapter 32, Section 42.)

March 3, 1913. **Voted,** To accept the provisions of Chapter 635 of the Acts of 1912, relative to tenement house regulation. (General Laws, Chapter 145.)

March 3, 1913. **Voted,** To accept the provisions of Chapter 191 of the Acts of 1907, relative to the establishment of a Board of Survey. (General Laws, Chapter 41, Sections 73 to 81.)

November 4, 1913. **Voted,** To accept the provisions of Chapter 807 of the Acts of 1913, relative to the compensation of certain employees for injuries sustained in the course of their employment. (General Laws, Chapter 152, Section 69.)

March 2, 1914. **Voted,** To accept the provisions of Chapter 807 of the Acts of 1913, relative to workmen's compensation. (General Laws, Chapter 152, Section 69.)

LEGISLATIVE ACTS

March 2, 1914. **Voted,** To accept the provisions of Section 42 of Chapter 514 of the Acts of 1909 as amended by the provisions of Chapter 494 of the Acts of 1911, relative to the eight-hour day for city and town employees. (General Laws, Chapter 149, Sections 30 to 33.)

November 3, 1914. **Voted,** To accept the provisions of Chapter 217 of the Acts of 1914, relative to vacations for town laborers. (General Laws, Chapter 41, Section 111.)

March 13, 1915. **Voted,** To accept the provisions of Chapter 296, of the Acts of 1913, relative to the appointment of a Bird Warden. (General Laws, Chapter 131, Section 76.)

March 10, 1917. **Voted,** To accept the provisions of Chapter 15 of the Special Acts of 1917, revoking the reservation of space for use of street railway on Blue Hill Avenue. (Special Act.)

March 2, 1918. **Voted,** To accept the provisions of Chapter 140 of the Acts of 1917, amending Chapter 291 of the Acts of 1916, relative to the tenure of office of Chiefs of Fire Departments in the Metropolitan Fire Prevention District. (General Laws, Chapter 48, Section 58.)

March 2, 1918. **Voted,** To accept the provisions of Chapter 575 of the Acts of 1913, relative to the furnishing of lunches for school children. (General Laws, Chapter 71, Section 72.)

March 9, 1918. **Voted,** To accept the provisions of Chapter 305 of the Special Acts of 1917, relative to the management of the property received under the terms of the will of Edwin W. Wadsworth. (Special Act.)

March 8, 1919. **Voted,** To accept the provisions of Chapter 293 of the Acts of 1916, relative to the licensing of motor vehicles carrying passengers for hire. (General Laws, Chapter 159, Sections 45 and 46.)

March 8, 1919. **Voted,** To accept the provisions of Chapter 17 of the Special Acts of 1919, relative to the payment of an annuity to Catherine M. Moran. (Special Act.)

March 8, 1919. **Voted,** To accept the provisions of Chapter 16 of the Special Acts of 1919, relative to the payment of an annuity to Katherine K. McDermott.

March 13, 1920. **Voted,** to accept the provisions of Chapter 186 of the Acts of 1907, relative to the pensioning of widows and children of members of the Police and Fire Departments. (General Laws, Chapter 32, Section 88.)

May 3, 1920. **Voted,** To accept the provisions of Chapter 240 of the Acts of 1920, relative to sports and games on the Lord's Day. (General Laws, Chapter 136, Sections 21 to 28.)

November 2, 1920. **Voted,** To accept the provisions of Chapter 166 of the Acts of 1920, relative to the granting of one day off in every eight days to police officers without loss of pay. (General Laws, Chapter 147, Sections 16 and 17.)

March 12, 1921. **Voted,** To accept the provisions of Section 25A of Chapter 41 of the General Laws, relative to the appointment and renewal of Assistant Assessors by the Assessors.

March 3, 1923. **Voted,** To accept the provisions of Chapter 516 of the Acts of 1922, relative to the adoption of the State accounting system.

June 12, 1923. **Voted,** To accept the provisions of Section 20 of Chapter 39 of the General Laws, relative to precinct voting.

March 8, 1924. **Voted,** To accept the provisions of Chapter 26 of the Acts of 1923, relative to Boards of Public Welfare.

March 8, 1924. **Voted,** To accept the provisions of Chapter 337 of the Acts of 1921, relative to the pensioning of call men.

March 8, 1924. **Voted,** To accept the provisions of Chapter 391 of the Acts of 1923, relative to the collection of water rates.

March 14, 1925. **Voted,** To accept Chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John H. Higgins of the Police Department.

March 25, 1927. **Voted,** To accept Chapter 27 of the Acts of 1927, an act to erect and constitute in the Town of Milton representative town government by limited town meetings.

March 10, 1928. **Voted,** To accept the provisions of Sections 42, 43 and 44 of Chapter 48 of the General Laws to establish a Fire Department to be under the control of an officer to be known as the Chief of the Fire Department.

March 11, 1933. **Voted,** To acept the provisions of Section 26 of Chapter 46 of the General Laws, limiting the aggregate compensation to be allowed to the Town Clerk.

November 3, 1936. **Voted,** To accept Chapter 318 of the Acts of 1936 entitled "An Act for contributory retirement systems for cities and town."

March 12, 1938. **Voted,** To acept Chapter 231 of the Acts of 1937, providing for increasing the amount of certain annual allowances payable by the Town of Milton to widows of members of its police or fire force killed or dying from injuries received in the performance of duty.

March 12, 1938. **Voted,** To accept the provisions of General Laws, Chapter 152, Section 69 as amended by Acts of 1936, Chapter 403, which determines the employees who shall be included under the term "laborers, workmen and mechanics" so as to be entitled to workmen's compensation.

March 11, 1939. **Voted,** To accept Section 27-A and 30-A of Chapter 40 of the General Laws appearing in Section 1 and 2 of Chapter 133 of the Acts of 1938 entitled "An Act tending to prevent multiplicity of proposals for the same changes in Zoning ordinances or bylaws in their application."

March 14, 1952. **Voted,** To accept Sections 6 to 12 inclusive, of Chapter 143 of the General Laws (Ter. Ed.), relating to the Inspection of Buildings.

March 13, 1943. **Voted,** To accept Section 11-A of Chapter 85 of the General Laws (Ter. Ed.) as appearing in Section 1 of Chapter 710 of the Acts of 1941, relating to the registration and operation of bicycles.

March 4, 1944. **Voted,** To accept Section 6-C of Chapter 40 of the General Laws, an Act authorizing cities and towns to appropriate money for the removal of snow and ice from private ways therein open to public use.

March 10, 1945. **Voted,** To accept Section 3-A of Chapter 115 of the General Laws (Ter. Ed.) regarding the payment of state or military aid or soldiers' relief.

LEGISLATIVE ACTS

March 10, 1945. **Voted,** To accept Chapter 42 of the Acts of 1945, repealing Chapter 305 of the Special Acts of 1917 relating to the Wadsworth Trust.

March 9, 1946. **Voted,** To accept Section 16-B of Chapter 147 of the General Laws (Ter. Ed.) as inserted in Section 2 of Chapter 426 of the Acts of 1938, providing for one day off in every six for police officers.

November 16, 1946. **Voted,** To accept Chapter 559 of the Acts of 1946, an act authorizing increases of the amounts of pensions payable to certain former public employees who have been retired.

March 1, 1947. **Voted,** To accept the provisions of Section 40 of Chapter 71 of the General Laws, as amended, relative to equal pay for men and women teachers.

March 1, 1947. **Voted,** To accept the provisions of Chapter 31 of the General Laws entitled Civil Service with respect to the official and labor service.

March 1, 1947. **Voted,** To accept the provisions of Chapter 31 of the General Laws entitled Civil Service with respect to janitors of School buildings.

March 8, 1947. **Voted,** To acept Section 6 of Chapter 576 of the Acts and Resolves of 1946 relative to the retirment of Police Officers and Firemen in certain towns.

March 8, 1947. **Voted,** To accept Section 65 of Chapter 44 of the General Laws (added by Chapter 635 of the Acts of 1945) which provides for payments in advance of wages which will be due employees during their vacations.

March 12, 1949. **Voted,** To accept Section 4B of Chapter 136 of the General Laws (inserted in said Chapter by Section 3 of Chapter 207 of the Acts of 1946) which permits the Selectmen to grant licenses for the operation of Bowling Alleys on the Lord's Day between the hours of one and eleven post meridian.

March 12, 1949. **Voted,** To accept the provisions of Chapter 515 of the Acts of 1948 relative to the pensioning of Foremen, Inspectors and others.

March 12, 1949. **Voted,** To accept Chapter 552 of the Acts of 1948 which by amendment to Chapter 32 of the General Laws provides additional and new benefits through annuities to dependents of certain public employees who die from injuries or hazards in the performance of their duties.

March 12, 1949. **Voted,** To accept Chapter 588 of the Acts of 1948 which provides that pensions or retirement allowances payable to certain former public employees or their beneficiaries shall be increased by $200.

March 11, 1950. **Voted,** To accept Section 6B of Chapter 40 of the General Laws (Ter. Ed.) authorizing the town to appropriate money for the purchase of uniforms for members of its Police and Fire Departments.

March 11, 1950. **Voted,** To accept Chapter 391 of the Acts of 1945 (now incorporated in the General Laws as Chapter 31, Section 100A).

March 10, 1951. **Voted,** To accept Chapter 538 of the Acts of 1950 which provides that cities and towns may, at the expense of the abutters make temporary minor repairs on private ways in certain cases.

March 10, 1951. **Voted,** To accept Chapter 820 of the Acts of 1950, which provides that pensions, retirement allowances, annuities and other benefits payable to any former employee who was separated from the service by retirement prior to November 1, 1949 and at the time of such separation had at least fifteen years creditable service, or to any person claiming under such former employee whether as beneficiary, dependent or otherwise, shall be increased by one hundred dollars; provided, the annual amount is not in excess of two thousand dollars.

March 10, 1951. **Voted,** To accept Chapter 783 of the Acts of 1950 making applicable increases in retirement allowances to those persons retired after January first, nineteen hundred and forty-six with a minimum allowance, said Chapter amending Section 25 of Chapter 32 of the General Laws as appearing in Section 1 of Chapter 658 of the Acts of 1945.

March 8, 1952. **Voted,** To accept Chapter 781 of the Acts of 1951 which provides that pensions, retirement allowances, annuities and other benefits payable to any former employee who was separated from the service of the Town by retirement prior to November 1, 1949 and at the time of such separation had at least fifteen years creditable service, or to any person claiming under such former employee whether as beneficiary, dependent or otherwise, shall be inrceased by one hundred dollars; provided the annual amount is not in excess of two thousand dollars; and further provides that if any such former employee was separated from the esrvice at age sixty and had at the time of retirement at least 25 years of creditable service, and his pension as increased above is less than $1200., it shall be increased to $1200.

March 14, 1953. **Voted,** To accept Chapter 624 of the Acts of 1952 which provides that pensions, retirement allowances or annuity payable under any general or special law to any former employee, except teachers retired under Section 43 of Chapter 32 of the General Laws, who was separated from the service prior to April 1, 1951, and at the time of such retirement had attained age fifty-five and had at least fifteen years of creditable service, or to any person retired for disability caused by accident or hazard undergone while in the performance of his duties, regardless of years of creditable service, shall be increased by one hundred dollars; provided, the annual amount is not in excess of $2500.; and further provides that if any such employee was separated from the service at age sixty-five and had at the time of retirement at least thirty-five years of creditable service and his pension is less than $1500., it shall be increased to $1500; and further provides that the annual amount of any annuity or allowance payable under the provisions of section nine, eighty--nine, eighty-nine A or under options (c) or (d) of sub-division (2) of section twelve of Chapter 32 of the General Laws, or any similar law, to the widow of any deceased employee of the town, shall be increased by $100.; provided, that the member whose widow is receiving a pension under said options (c) or (d) had at least fifteen years of creditable service, and further provided, that such widow does not remarry.

March 13, 1954. **Voted** under Article 21 to accept the last paragraph of Section 15 of Chapter 129 of the General Laws under which provision is made for nomination of Inspectors of Animals by the Board of Health.

March 13, 1954. **Voted** under Articles 36 and 37 to accept Chapter 147 of the Acts of 1954 pertaining to sale of land by the Park Commissioners.

March 20, 1954. **Voted** under Article 61 to accept Chapter 146 of the Acts of 1954 which amends Chapter 307 of the Acts of 1902 by striking out Section 11 of said chapter which prohibits a person being elected a Water Commissioner who at the time of his election holds any elective Town office.

March 12, 1955. **Voted** under Article 9 that the town accept Section 851 of General Laws (Ter. Ed.), Chapter 32 inserted by Chapter 268 of the Acts of 1954 which grants additional retirement benefits to members of the police and fire departments who have served as reserve police officers or reserve or call firemen.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR

1955

WARRANT

MARCH MEETING

Commonwealth of Massachusetts } ss.
County of Norfolk }

To any of the Constables of the Town of Milton in said County: GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Elections and in Town affairs, to meet at the several designated Polling Places in their respective Precincts in said Milton, to wit:

In Precinct 1.	Tucker School Hall, Blue Hills Parkway,
In Precinct 2.	Basement, Kidder Branch, Milton Public Library, Blue Hills Parkway
In Precinct 3.	Police Station, Central Avenue,
In Precinct 4.	Central Fire Station, off Walnut Street,
In Precinct 5.	Town Hall, Canton Avenue,
In Precinct 6.	Basement, East Milton Branch Library, Edge Hill Road,
In Precinct 7.	Belcher School, Church Street,

on Saturday, March Fifth next, at eight o'clock in the forenoon, then and there to bring in to the Precinct Officers of their respective Precincts their votes on one ballot respectively for the following named Town Officers, to wit:

A Moderator for the term of one year.
A Town Clerk for the term of one year.
A Town Treasurer for the term of one year.
A Collector of Taxes for the term of one year.
Three Selectmen and Surveyors of Highways for one year term.
One Assessor for the term of three years.
Two members of the Board of Public Welfare for the term of three years.
One Sewer Commissioner for the term of three years.

A Tree Warden for the term of one year.
Two members of the School Committee for the term of three years.
One member of the Board of Health for the term of three years.
One Trustee of the Cemetery for the term of five years.
Three Library Trustees for the term of three years and one for one year term.
One Park Commissioner for the term of three years.
One Water Commissioner for the term of three years.
One member of the Planning Board for the term of five years.
Four Constables for the term of one year.
One hundred five Town meeting Members as follows:

Precinct 1. Fourteen for three years. One for two years and one for one year to fill vacancies.
Precinct 2. Eleven for three years. One for two years to fill vacancy.
Precinct 3. Eleven for three years. One for two years and three for one year to fill vacancies.
Precinct 4. Twelve for three years. One for two years and one for one year to fill vacancies.
Precinct 5. Sixteen for three years.
Precinct 6. Fifteen for three years. One for one year to fill vacancy.
Precinct 7. Fourteen for three years. One for two years and one for one year to fill vacancies.

For these purposes the polls will be open at each and all of said Precincts at eight o'clock in the forenoon and will be closed at six o'clock in the afternoon.

And thereupon by adjournment of said meeting to meet on the following Saturday, to wit, March Twelfth next, at thirty minutes past one o'clock in the afternoon at the Town Hall in said Milton, then and there to act upon the following Articles, to wit:

ADJOURNED TOWN MEETING, MARCH 12, 1955

The meeting was opened at 1:30 P.M. by the Moderator, Benjamin F. Jaques. Town Meeting members stood while Rev. Norman D. Goehring delivered the invocation. The Moderator then read the names of Josiah Babcock, Jesse B. Baxter, Lincoln Bryant, Fred N. Krim and Frank A. Stout, Jr., Town Meeting Members who have died since last Town Meeting, and the Town Meeting Members stood for a moment of silence.

ARTICLE 1. To choose all such Town Officers as are not required to be chosen by ballot.

Voted: To elect George P. Blenkhorn and John H. Freeman Measurers of Lumber.

ARTICLE 2. To hear and act upon the report of the Town Accountant and reports of other Town Officers and Committees.

Voted: That the report of the Town Accountant be accepted and placed on file.

That all committee reports as printed in the 1954 Town Report be accepted and placed on file.

Mr. Wilfred P. deMille, Chairman of the High School Construction Committee, which was appointed under Article 30 of the 1954 Warrant, gave a brief resume of the work done so far on the High School Addition. He will give a full report at the next Annual Town Meeting.

Mr. Oscar W. Haussermann made a motion, which was seconded that Article 65 be moved forward and be acted upon immediately after action on Article 44.

Voted: that Article 65 be moved forward and be acted upon immediately after action on Article 44.

ARTICLE 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginnng January 1, 1955, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1955, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

(Unanimous Vote)

ARTICLE 4. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow on and after January 1, 1956, in anticipation of the revenue of the financial year ending December 31, 1956

Voted: That the Town Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow money from time to time beginning January 1, 1956, for the purpose and subject to the provisions set forth in Section 5 of Chapter 44 of the General Laws and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17 of Chapter 44 of the General Laws; any debt or debts incurred under this vote to be paid from revenue of the financial year beginning January 1, 1956.

(Unanimous Vote)

ARTICLE 5. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

Voted: That the Town so vote.

ARTICLE 6. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

Voted: That the Town so vote.

(Unanimous Vote)

ARTICLE 7. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; the members of such Committee to hold office until the final adjournment of the next Annual Town Meeting and until the appointment of any succeeding committee authorized at such meeting.

Voted: To authorzie the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; the members of such Committee to hold office until the final adjournment of the next Annual Town Meeting and until the appointment of any succeeding committee authorized at such meeting.

COMMITTEE

FRANK B. FREDERICK, Chairman, 45 Morton Road
MELVIN E. DOLAN, 198 Canton Avenue
DONALD JACKSON, 164 Pleasant Street
JOHN E. ROGERSON, 114 Canton Avenue
GEORGE N. HURD, JR., 189 Canton Avenue

ARTICLE 8. To see if the Town upon recommendation of the Board of Selectmen will vote to grant an annuity to Amanda H. Bohm and an annuity to Edward A. McCue under the provisions of General Laws (Ter. Ed.), Chapter 32, Section 95, and will determine the annual amounts of such annuities and determine the amounts to be appropriated in the current year to pay said annuities; and to act on anything relating thereto.

Voted: To grant an annuity to Amanda H. Bohm under the provisions of General Laws (Ter. Ed.), Chapter 32, Section 95, in the annual amount of $475.00, said annuity to commence on March 15, 1955; and to appropriate the sum of $376.04 to pay the said annuity in 1955; and also to grant an annuity to Edward A. McCue under the provisions of the same law in an annual amount of $1,400.00, said annuity to commence on March 15, 1955; and to appropriate the sum of $1,108.33 to pay said annuity in 1955; each of the said annuities to continue for the life of the respective annuitants and to be paid on a monthly basis at the end of each month on the last payroll day.

(Unanimous Vote)

ARTICLE 9. To see if the Town will vote to accept Section 851 of General Laws (Ter. Ed.), Chapter 32 inserted by Chapter 268 of the Acts of 1954 which grants additional retirement benefits to members of the police and fire departments who have served as reserve police officers or reserve or call firemen; and to act on anything relating thereto.

Voted: To accept Section 851 of General Laws (Ter. Ed.), Chapter 32 inserted by Chapter 268 of the Acts of 1954 which grants additional retirement benefits to members of the police and fire departments who have served as reserve police officers or reserve or call firemen; and to act on anything relating thereto.

ARTICLE 10. To see what sum of money the Town will vote to appropriate for Pensions and Annuities the present year:

1. Police and Firemen
2. Special Annuity
3. Annuities
4. Police and Firemen's Widows
5. Laborers
6. School Teachers
7. Veterans

Voted: That the following appropriations be made for:

1.	Police and Firemen's Pensions	$50,982.28
2.	Special Annuity	1,700.00
3.	Annuities	5,100.00
4.	Police and Firemen's Widows' Pensions	3,000.00
5.	Laborer's Pensions	10,203.72
6.	School Teachers' Pensions	5,107.50
7.	Veterans' Pensions	1,787.50

ARTICLE 11. To see what sum of money the Town will vote to appropriate for Veterans' Benefits the present year.

Voted: That the sum of $30,000.00 be appropriated, of which $1,695.20 is for salaries and wages.

ARTICLE 12. To see what sum of money the Town will vote to appropriate for the Contributory Retirement System; and to act on anything relating thereto.

Voted: That the sum of $45,780.31 be appropriated, of which $1,757.80 is for salaries and wages.

ARTICLE 13. To see what sum of money the Town will vote to appropriate for the Public Welfare Department the present year.

Voted: That the total sum of $171,561.02 be appropriated, of which not more than $19,119.84 is for salaries and wages, $3,389.20 is for new equipment, and the department is hereby authorized to sell or exchange old equipment to furnish funds for new equipment; $600.00 is for Medical Consultant; and $100.00 is for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information in which the Town may be interested or which may tend to improve the service of the Department; said appropriation to include:

General Relief	$ 10,150.00
Old Age Assistance	123,500.00
Aid to Dependent Children	12,500.00
Disability Assistance	13,000.00
Other Administration Costs	1,613.00

ARTICLE 14. To see if the Town will vote that, beginning in the year 1956, it will not elect a tax collector but will authorize the Town Treasurer to act as tax collector; and to act on anything relating thereto.

Voted: That in each case until the Town otherwise votes, beginning in 1956 the Town do not elect a Tax Collector and that the Treasurer of the Town act as Tax Collector, beginning his term of office as Tax Collector under this vote at the end of the term of office of the Tax Collector elected in 1955, and upon giving the required bond and otherwise qualifying for the office of Tax Collector as required by law.

ARTICLE 15. To see what sum of money the Town will vote to appropriate for General Government for salaries and expenses of the following departments, and other purposes the present year:

1. Warrant Committee
2. Selectmen
3. Accountant
4. Town Engineer
5. Assessors
6. Treasurer
7. Tax Collector
8. Town Clerk
9. Election and Registration
10. Law
11. Town Hall and Thacher Building
12. Insurance
13. Town Reports
14. Board of Appeals
15. Planning Board

Voted: That the following appropriations be made for:

1. Warrant Committee Of which $800.00 is for salaries and wages and $500.00 is for the expenses incurred in a study and revision of the Wage and Salary Compensation Plan.	$ 4,120.00
2. Selectmen The salaries of the Selectmen are hereby fixed at $800.00 for each Selectman for the calendar year 1955 and $7,485.60 is appropriated for salaries and wages.	8,685.60
3. Accountant Of which $7,686.80 is for salaries and wages; and $595.00 is for new equipment.	9,095.80
4. Town Engineer Of which $30,082.82 is for salaries and wages.	31,661.82
5. Assessors Including the salary of the Chairman which is hereby fixed at $1,500.00 and the salaries of each of the 2nd and 3rd members is hereby fixed at $1,100.00; provided however, that the salary of any assessor shall be reduced by the amount which he receives as retirement allowance under General Laws, Chapter 32, and such a salary is hereby fixed accordingly. Also including $8,935.56 for other salaries and wages.	15,330.10
6. and 7. Treasurer and Tax Collector Including the salary of the Treasurer which for the calendar year 1955 shall be fixed at $5,304.00; also including the salary of the Tax Collector from January 1 to March 5, 1955 which shall be fixed at $711.00; also including $10,463.21 for other salaries and wages; and including $2,661.96 for new equipment.	21,200.67
8. Town Clerk Including the salary of the Town Clerk which for the calendar year 1955 shall be fixed in the aggragate at $4,360.80. Also including $6,086.75 for other salaries and wages and $885.64 for new equipment.	12,308.19
9. Election and Registration Of which $5,280.39 is for salaries and wages and including $60.00 for new equipment.	8,159.99
10. Law Of which $6,500.00 is for salaries and wages.	8,784.00

11.	Town Hall and Thacher Building Of which $10,092.16 is for salaries and wages; $600.00 is for overtime; and $2,000.00 is for new equipment.	18,158.66
12.	Insurance	35,345.52
13.	Town Reports	4,566.12
14.	Board of Appeals	1,000.00
15.	Planning Board Of which $600 is for salaries and wages.	2,330.00

ARTICLE 16. To see if the Town will vote to increase the wages and/or salaries of the members of the Police Department and Fire Department $300 per annum, retroactive to January 1, 1955; and to act on anything relating thereto.

Voted: That in addition to any other amounts appropriated for salaries and wages in the Fire Department and in the Police Department at this Meeting there be appropriated for the calendar year 1955 for the Fire Department the sum of $15,300.00 and for the Police Department the sum of $15,000.00, each of said appropriations being for the purpose of granting all members of the Fire Department and all members of the Police Department a raise of $300 if under General Laws, Chapter 41, Section 108 the heads of the Police and Fire Departments, respectively, determine to fix salaries and wages in accordance with this vote.

(For new vote, see Article 16 after Article 47.)

ARTICLE 17. To see if the Town will vote to accept Chapter 573 of the Acts of 1954 which provides that notwithstanding the provisions of any general or special law to the contrary, any police officer of a city or town who is required to perform any service beyond his regular established hours of service on primary day, on election day, on the thirty-first day of October or at any parade or race or at any public celebration or while police listing, shall be compensated for such additional hours of service at the rate per hour of his regular compensation; and to act on anything relating thereto.

Voted: That the Town do not accept Chapter 573 of the Acts of 1954.

ARTICLE 18. To see if the Town will vote to accept Chapter 640 of the Acts of 1953 which provides that if any permanant member of the fire fighting force or fire alarm division of a fire department of a city or town is required to serve a tour of duty during the twenty-four hour period commencing at eight o'clock in the morning of January first, February twenty-second, April nineteenth, May thirtieth, July fourth, the first Monday of September, October twelfth, November eleventh, Thanksgiving day or Christmas day, or the day following when any of the five days first mentioned, or October twelfth, November eleventh or Christmas day, occurs on Sunday, he shall be given an additional day off, or, if such additional day off cannot be given because of personnel shortage or other cause, he shall be entitled to an additional day's pay; provided, that any such member who, through a rotation of shifts, works different days in successive weeks shall be granted, in each year in which the number of holidays falling on his regular days off is in excess of the number of holidays in such year falling on Saturday, additional days off equal to the excess, and, if any such additional day off cannot be given because of personnel shortage or other cause, an additional day's pay shall be allowed in lieu thereof; and to act on anything relating thereto.

Voted: That the Town do not accept Chapter 640 of the Acts of 1953.

ARTICLE 19. To see if the Town will vote to accept Chapter 268 of the Acts of 1952 which provides that if any police officer of a city or town is required to work on January first, February twenty-second, April ninteenth, May thirtieth, July fourth, the first Monday of September, October twelfth, November eleventh, Thanksgiving day or Christmas day, or the day following when any of the five days first mentioned, or October twelfth, November eleventh or Christmas day occurs on Sunday, he shall be given an additional day off, or, if such additional day off cannot be given because of personnel shortage or other cause, he shall be entitled to an additional day's pay; provided, that, in the case of a police officer who works five or more days a week, and whose regular day off falls on any of the aforementioned holidays except when such holiday occurs on Saturday, an additional day shall be allowed, or payment in lieu of one day shall be allowed; and to act on anything relating thereto.

Voted: That the Town do not accept Chapter 268 of the Acts of 1952.

ARTICLE 20. To see if the Town will vote to accept Chapter 384 of the Acts of 1949 which provides that in any city or town which accepts this section, all members of its regular police and fire force may be granted a vacation without loss of pay. Such vacations shall be computed in the following manner:—

For five years' service, but less than ten years' service, a vacation of three weeks.

For ten years' service or more, a vacation of four weeks.

Section one hundred and eleven shall not apply to the members of the regular or permanent police or fire force in any such city or town.

and to act on anything relating thereto.

Voted: That the Town do not accept Chapter 384 of the Acts of 1949.

ARTICLE 21. To see what sum of money the Town will vote to appropriate for the protection of persons and property the present year:

1. Police Department
2. Fire Department
3. Hydrant Service
4. Wire Department
5. Forestry Department
6. Street Lighting
7. Additional Lights
8. 1. Building Department
   2. Plumbing Department
9. Sealer of Weights and Measures
10. Traffic Lights

Voted: That the following appropriations be made for:

1. Police Department — General	$206.084.78
Private Work	30,000.00
The above appropriation of $206,084.78 includes the sum of $183,761.78 for salaries and wages; $8,640.00 for automotive equipment and the Department is hereby authorized to sell or exchange old equipment to furnish additional funds for new equipment; $200.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department; and the sum of $1,700.00 for uniforms.	
2. Fire Department	212,341.68
The above appropriation of $212,341.68 includes the sum of $196,096.68 for salaries and wages; $150.00 for the necessary	

expenses of officers and employees of the Department incurred outside the Commonwealth in securing information in which the Town is interested or which may tend to improve the service of the Department; $2,380.00 for new hose; and $1,500.00 for uniforms.

3. Hydrant Service 28,875.00

The above appropriation is to be taken from the general taxes for the current year as Hydrant Rental, and is payable to the Water Department in quarterly installments upon presentation of its bills.

4. Wire Department 25,562.63

The above appropriation of $25,562.63 includes the sum of $17,934.28 for salaries and wages; $750.00 for overtime; $100.00 for the expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department; $1,636.85 for new equipment; and $500.00 for expenses in connection with the Southeast Expressway.

5. Forestry Department 41,183.80

The above appropriation of $41,183.80 includes the sum of $33,287.80 for salaries and wages; $300.00 for overtime for tree climbers; and the aggregate appropriation for the Department includes $2,500.00 to be expended in control work against Dutch Elm Disease as required under Acts of 1949, Chapter 761, Section 13; $5,000.00 to be expended for Insect-Pest Control under Acts of 1948, Chapter 660, Section 11; and $2,500.00 for Private Work.

6. Street Lighting 61,330.00

7. Additional Lights 1,000.00

8. Building Department 9,591.78

The above appropriation of $9,591.78 includes the sum of $8,450.28 for salaries and wages.

Plumbing Inspector 1,600.00

9. Sealer of Weights and Measures 1,640.75

Of which $1,200.00 is for salaries and wages; and $50.00 is for necessary expenses of officers and employes of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department

10. Traffic Lights 1,400.00

ARTICLE 22. To see what sum of money the Town will vote to appropriate for Health and Sanitation the present year.

1. Health — General
2. Dental Dispensary for Schools
3. Inspector of Animals
4. Sewer Maintenance
5. Maintenance of Tuberculosis Clinic
6. Mandatory Hospitalization
7. Disposal Area
8. Rodent Control

Voted: That the following appropriations be made for:

1.	Health — General Of which $7,059.00 is for salaries and wages and $75.00 is for new equipment.	$10,965.00
2.	Dental Dispensary for Schools	2,150.00
3.	Inspector of Animals	300.00
4.	Sewer Maintenance Of which $10,025.25 is for salaries and wages; and $200 is for overtime.	16,139.25
5.	Maintenance of Tuberculosis Clinic	1,350.00
6.	Mandatory Hospitalization	5,000.00
7.	Disposal Area Of which $3,571.60 is for salaries and wages.	3,771.50
8.	Rodent Control	400.00

ARTICLE 23. To see what sum of money the Town will vote to appropriate for the disposal of garbage, ashes and other refuse the present year.

Voted: That the sum of $86,520.00 be appropriated for the disposal of garbage, ashes and other refuse the present year.

ARTICLE 24. To see if the Town will vote to raise and appropriate the sum of $500.00 for the purpose of maintaining, during the ensuing year, the mosquito control works.

Voted: That the sum of $500.00 be appropriated for the purpose of maintaining during the ensuing year the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE 25. To see if the Town will vote to raise and appropriate the sum of $1,800.00 to reduce the mosquito nuisance in the swamp areas of the Town, consisting of approximately 500 acres, by spraying from the air by helicopter; and to act on anything relating thereto.

Voted: That the sum of $1,800.00 be appropriated to reduce the mosquito nuisance in the swamp areas of the Town (approximately 500 acres) by spraying from the air by helicopter.

ARTICLE 26. To see what sum of money the Town will vote to expend for the construction of sewers for sanitary purposes and for sewage disposal and to appropriate and raise by borrowing or otherwise money for the same; and to act on anything relating thereto.

Voted: That the Town vote to appropriate the sum of $122,207.58 of which $17,867.58 is for salaries and wages; $1,200.00 is for overtime; and that to meet said appropriation there shall be raised from the tax levy of the current year the sum of $52,207.58, and that the Treasurer, with the approval of the Selectmen be and he hereby is authorized to borrow the sum of $70,000.00 and to issue bonds or notes bearing on their face the words "Town of Milton Sewer Construction Loan, 1955" and to be payable in accordance with Chapter 44 of the General Laws (Ter. Ed.), so that the whole loan shall be paid in not more than five years from the date of the first bond or note, or by such earlier date as the Treasurer and the Selectmen shall determine.

(Unanimous Vote)

ARTICLE 27. To see what sum of money the Town will vote to appropriate for the Water Department for the current year and to provide for the disposition of obsolete property; and to act on anything relating thereto.

Voted: That the Town vote to appropriate the sum of $253,154.13 for the general uses of the Water Department during the present year, to be expended by the Water Commissioners in accordance with the Acts of 1902, Chapter 307, and Acts in amendment thereof and in addition thereto, said uses to include:

a. The sum of $71,207.80 for salaries and wages;

b. The sum of $6,601.32 for temporary help;

c. The sum of $3,500.00 for overtime;

d. The Metropolitan Water Assessment;

e. The retirement of bonds and/or notes outstanding in Town of Milton Water Loans;

f. The interest on bonds and/or notes outstanding in Town of Milton Water Loans;

g. The sum of $35,000.00 for the extension of, and improvement to, the system of mains;

h. A sum of $2,000.00 for the purchase of a car for the superintendent and a sum of $3,007.50 for other new equipment; and the Department is hereby authorized to sell or exchange old equipment to furnish additional funds for the purchase of new equipment;

i. The sum of $250.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department;

j. All other lawful expenditures; and the Water Commissioners are hereby authorized to sell without first obtaining the approval of the Board of Selectmen, junk, metal, cast iron, brass and similar material and discarded meters, whether dismantled or not, in the usual course of its operation;

And that to meet said appropriation $150,173.47 be raised from the tax levy of the current year and $102,980.66 be transferred from the available Water Department Surplus as of December 31, 1954.

(Unanimous Vote)

ARTICLE 28. To see what sum of money the Town will vote to appropriate for expenditure by the Board of Water Commissioners, said sum to be held in a special account to be known as the Account for Mains in Private Ways and to be expended for the purpose of constructing water mains and appurtenances in private ways as to which deposits shall have been made to reimburse the Town for such expenditures. No such expenditure shall be made in or liability incurred in connection with any such way in excess of the deposit made for such way and until after such deposit has been made, and until after takings have been made of rights and easements necessary for the construction and maintenance of such water mains and appurtenances; and to act on anything relating thereto.

Voted: That the sum of $9,305.18 be appropriated from available funds on hand January 1, 1955.

ARTICLE 29. To see what sum of money the Town will vote to appropriate for the purpose of leasing suitable headquarters for the following Veterans' Organizations:

1. Milton Post No. 2178, Veterans of Foreign Wars

2. George P. Bertram, Jr., Chapter No. 104 of the Disabled American Veterans and to act on anything relating thereto.

Voted: That the following sums for the purpose of leasing suitable headquarters be appropriated:

1. Milton Post No. 2178, Veterans of Foreign Wars	$375.00
2. George P. Bertram, Jr., Chapter No. 104 of the Disabled American Veterans	240.00

ARTICLE 30. To see what sum of money the Town will vote to appropriate for the observance of Memorial Day, 1955.

Voted: That the sum of $700.00 be appropriated.

ARTICLE 31. To see what sum of money the Town will vote to appropriate for the celebration of the Fourth of July, 1955.

Voted: That the sum of $500.00 be appropriated.

ARTICLE 32. To see what sum of money the Town will vote to appropriate for the observance of Veterans Day, 1955.

Voted: That the sum of $100.00 be appropriated.

ARTICLE 33. To see what sum the Town will vote to appropriate for Civil Defense for the current year; and to act on anything relating thereto.

Voted: That the sum of $950.00 be appropriated.

ARTICLE 34. To see what sum the Town will vote to appropriate for lighting and decorating the Town at Christmas, 1955; and to act on anything relating thereto.

Voted: That the Town make no appropriation for lighting and decorating the Town at Christmas.

ARTICLE 35. To see what sum of money the Town will vote to appropriate for wages and other expenses in connection with taking the State Census in the Town of Milton; and to act on anything relating thereto.

Voted: That the sum of $760.00 be appropriated.

ARTICLE 36. To see if the Town will vote to amend Chapter 10 of the General By-laws of the town (having to do with Zoning) by changing the Zoning Map which is incorporated into said By-law so that the area bounded and described as follows:

Beginning at the zoning boundary line of Residence C District and Residence B District on the easterly side of Central Avenue opposite Hinckley Road and running easterly by the zoning boundary line of Residence C District and Residence B District 1068 feet;

Thence turning and running in a Southwesterly direction 52.00 feet;
Thence turning and running in a Northwesterly direction to said Central Avenue 150.00 feet;
Thence turning and running in a Southwesterly direction along the Easterly line of said Central Avenue 275.00 feet;
Thence turning and running in a Southeasterly direction 100.00 feet;
Thence turning and running in a Southwesterly direction 225.21 feet;
Thence turning and running in a Southeasterly direction 23.08 feet;
Thence turning and running in a Southwesterly direction 65.00 feet;
Thence turning and running in a Southeasterly direction 61.92 feet;
Thence turning and running in a Southwesterly direction 132.49 feet;
Thence turning and running in a Southeasterly direction 100.00 feet;
Thence turning and running in a Southwesterly direction 180.00 feet;
Thence turning and running in a Northwesterly direction 100.00 feet;

Thence turning and running in a Southwesterly direction 428.11 feet to the Southerly Boundary of Part of Pine Tree Brook Channel;
Thence turning and running in an Easterly and Northeasterly direction along the Southerly boundary of said Pine Tree Brook Channel 612.41 feet, and 233.75 feet;
Thence turning and running in a Northwesterly direction 20.00 feet;
Thence turning and running in a Northeasterly direction 160.50 feet;
Thence turning and running in a Northwesterly direction 1.50 feet;
Thence turning and running in a Northeasterly direction 75.00 feet;
Thence turning and running in a Southeasterly direction 30.44 feet;
Thence turning and running in a Northeasterly direction along the Southerly boundary of said Pine Tree Brook Channel 240.11 feet;
Thence turning and running in a Southeasterly direction to the Northerly boundary of Brook Road 147.38 feet;
Thence turning and running in a Northeasterly direction along said Brook Road 60.80 feet to a stone bound; thence in a Northeasterly direction 62.27 feet along the Northwesterly line of Canton Avenue;
Thence turning and running in a Northwesterly direction 123.16 feet and 34.46 feet;
Thence turning and running in a Northeasterly direction 44.00 feet;
Thence turning and running in a Northwesterly direction 338.80 feet;
Thence continuing in a more Westerly direction 496.00 feet;
Thence turning and running in a Northeasterly direction 264.70 feet to a stone bound;
Thence turning and running in a Northwesterly direction 470.38 feet;
Thence turning and running in a Westerly direction 98.33 feet;
Thence turning and running in a Southwesterly direction 104.97 feet;
Thence turning and running in a Westerly direction 81.32 feet;
Thence turning and running in a Southwesterly direction 113.90 feet;
Thence turning and running in a Northwesterly direction 126.78 feet to the point of beginning.
"Being the parcel of land sold by Turner Trustee to Connolly by deed recorded with Norfolk Registry of Deeds in Book 3330, Page 65 and shown on plan recorded with said deed."

and to authorize the Board of Park Commissioners to exercise in connection with the area acquired all usual and necessary powers, and to raise and appropriate money to acquire the same; and to act on anything relating thereto.

Voted: That the Town authorize the Board of Park Commissioners to purchase or take by eminent domain for Park purposes the area of land bounded and described precisely as set forth in this Article; to appropriate the sum of $30,000.00 for the purpose of acquiring the same and to meet said appropriation there be transferred from the balances on hand in the following accounts, being receipts for Sale of Land:

Part of East Milton Playground	$20,000.00
Blue Hill Avenue at Dollar Lane	7,000.00
Blue Hill Avenue at Atherton Street	3,000.00
	$30,000.00

and to authorize the Park Commissioners to exercise in connection with said parcel of land all usual and necessary powers.

(Passed by Two-Thirds Vote — Yes 178, No 78)

ARTICLE 38. To see if the Town will vote to advise and request the Selectmen to determine that the easement and rights hereinafter described are no longer required for public purposes. Such easements and rights are those taken by the Town by Order of Taking filed and registered with Norfolk Registry of Deeds on July 8, 1954, and recorded with said Deeds in Book 3277, Page 267, and registered as Document No. 164262 and shown on a plan consisting of three sheets numbered 4, 5 and 6 filed with said Order of Taking; and to act on anything relating thereto.

Voted: That the Board of Selectmen determine forthwith that the part of the easement described in the recommendation of the Warrant Committee under Article 39 is no longer required for public purposes.

ARTICLE 39. To see if the Town will vote to authorize the Selectmen in the name and on behalf of the Town to abandon without payment of any amount for such abandonment the easement and rights taken by the Town by Order of Taking filed and registered with Norfolk Registry of Deeds on July 8, 1954, and recorded with said Deeds in Book 3277, Page 267, and registered as Document No. 164262 and shown on a plan consisting of three sheets numbered 4, 5 and 6 filed with said Order of Taking; and to act on anything relating thereto.

Voted: That the Board of Selectmen be and they hereby are authorized to abandon without payment of any amount for such abandonment the easement and rights in a parcel of land bounded and described as follows:

> Beginning at a point in the Southeasterly boundary of a taking hereinafter referred to at the Easterly end of a curve in said boundary at land now or formerly of John H. Peterman and running Northwesterly by said Peterman land 20 feet;
>
> Thence turning and running Northeasterly by said Peterman land and lands now or formerly of Joseph J. McCloskey and now or formerly of Clifford W. Davis 160.50 feet;
>
> Thence turning and running Northwesterly by land now or formerly of Mary G. Tucker 1.50 feet;
>
> Thence turning and running Northeasterly by said Tucker land 75 feet;
>
> Thence turning and running Southeasterly by said Tucker land 30.44 feet;
>
> Thence turning and running Southwesterly by said Southeasterly boundary of said taking to the point of beginning;
>
> Said parcel of land is composed of four acres containing 950 square feet, 1350 square feet, 1330 square feet and 2120 square feet, respectively, as shown on a plan entitled "Town of Milton Proposed Plan Profile and Location of part of Pine Tree Brook Showing Construction Data and Easement" sheet 4 of 13 sheets dated April 1954 by Alexander E. Manning, Town Engineer. Said parcel of land is included in an easement taken by the Town of Milton for a main drain by an instrument dated July 1, 1954 and recorded in the Registry of Deeds for Norfolk County in Book 3277 at Page 267, and registered in the Land Court Registry District for Norfolk County as Document No. 164262 on July 8, 1954.

(Unanimous Vote)

Prior to the Town taking action under Article 39, the Selectmen voted that the land described in the foregoing vote under Article 39 was no longer needed for public purposes.

ARTICLE 40. To see what action the Town will take with respect to continuing the improvement of Pine Tree Brook and the disposition of the money appropriated in 1954 for said improvement but not yet expended; and to see whether the Town will vote to authorize the Moderator to appoint a committee of three or five citizens of the Town to study, in consultation with the Selectmen, all proposals with respect to the improvement of Pine Tree Brook; and request said committee and the Selectmen to report to the next annual meeting of the Town; and to appropriate money for the use of said committee; and to act on anything relating thereto.

Voted: That the money appropriated under Article 48 of the 1954 Annual Town Meeting be used for the purpose for which appropriated; that no action be taken to continue the improvement of Pine Tree Brook until the 1956 Annual Town Meeting, except to complete work in Step 1, authorized in 1953 and in Step 2, authorized in 1954; that the Moderator be authorized to appoint a committee of five citizens of this Town to study, in consultation with the Selectmen, all proposals with respect to the improvement of Pine Tree Brook; and that said Committee report to the Selectmen from time to time and to the 1956 Annual Town Meeting; and that the sum of $1,000.00 be appropriated for the use of said committee.

COMMITTEE

JOHN E. ROGERSON, Chairman, 114 Canton Avenue
PAUL F. DUDLEY, 185 School Street
EDWARD P. HAMILTON, 145 Dudley Lane
NORMAN E. KINGSBURY, 623 Blue Hills Parkway
HAROLD F. LEWIS, 184 Edge Hill Road

ARTICLE 41. To see if the Town will vote to authorize the Selectmen in the name and behalf of the Town to enter into an agreement with the Commonwealth of Massachusetts as authorized by General Laws, Chapter 91, Section 29, as amended, under the terms of which the Town will assume liability for all damages to property suffered by any person by any taking of land or of any right, interest, or easement therein made by the Commonwealth through the Department of Public Works in connection with the improvement development, maintenance, and protection of Pine Tree Brook in the Town of Milton; and to act on anything relating thereto.

Voted: That the Town do not authorize the Selectmen to enter into an agreement with the Commonwealth of Massachusetts as authorized under General Laws, Chapter 91, Section 29, as amended.

ARTICLE 42. To see what sum of money the Town will appropriate and pay to the Treasurer of the Commonwealth in the ensuing year under General Laws, Chapter 91, Section 29, as amended, for the improvement of Pine Tree Brook; and to act on anything relating thereto.

Voted: That no sum of money be appropriated.

ARTICLE 43. To see what sum of money the Town will vote to appropriate for the general use of the Board of Park Commissioners the present year.

Voted: That the sum of $24,345.60 be appropriated of which $13,549.60 is for salaries and wages; $3,000.00 is for the development of Andrews Playground; and $3,000.00 is for the development of the Mary Chase Lane Memorial Playground.

ARTICLE 44. To see if the Town will vote to authorize the Board of Selectmen in the name and behalf of the Town to purchase or take by eminent domain under General Laws, Chapter 79, for public parking purposes all or part of a parcel of land on Franklin Street, bounded and described substantially as follows:

> Beginning at a point on the westerly sideline of Franklin Street 60 feet from a stone bound at the intersection of Adams Street and Franklin Street, and running westerly a distance of 71.76 feet by land now or formerly of James Petkun;
>
> Thence running northerly and westerly in two courses 13.30 feet and 126.83 feet by land now or formerly of Caterina Enrico, Trustees;
>
> Thence running northerly and westerly in two courses 75.64 feet and 29.00 feet by land now or formerly of Antonio Randazzo;
>
> Thence running northerly along the easterly sideline of Adams Court 47.46 feet;
>
> Thence running easterly 213.47 feet by land now or formerly of Jennie Randazzo, Vera M. Nickerson and Mary B. Cates;
>
> Thence running southerly by two courses along the westerly sideline of Franklin Street 11.21 feet and 165.67 feet to the point of beginning.
>
> Containing approximately 30594 square feet.

and to authorize the Board of Selectmen to exercise in connection with said parcel of land all usual and necessary powers and to raise and appropriate money to acquire said land; and to act on anything relating thereto.

Benjamin Alexander, temporary chairman of the Planning Board read the following report of the Planning Board, dated March 12, 1955.

March 12, 1955

To the Citizens of the Town of Milton:

In its study of the East Milton Business Area, the Planning Board recognizes it as a small business center which developed throughout the years to accommodate the needs of a part of Milton and which was not developed to attract business to Milton from other surrounding towns and cities. In that light, the Planning Board feels that the citizens of the Town would greatly benefit both in safety and convenience by the establishing of an off-street parking area in East Milton.

With the loss of an area able to accommodate approximately 100 cars, due to the construction of the Southeast Expressway, more cars have to look for street parking and consequently the parking conditions in East Milton are more acute than ever before. The resulting situation in an area such as East Milton Square, with streets of limited width, is that parking interferes with the free movement of traffic and traffic in turn makes it extremely difficult to park.

The choice of an area sufficient in size, properly located and within the present-day requirements for individuals to walk from parking area to shopping area, is extremely limited. The parcel proposed by the Board of Selectmen, consisting of about 31,000 square feet is centrally located, will accommodate 64 cars and will provide enough width for a circular lane to all for a separate entrance and exit onto Franklin Street and make for free movement of traffic.

Again this year, the Planning Board unanimously agrees and firmly believes that it would be forward looking to purchase this area for a Town-owned parking area.

MILTON PLANNING BOARD

JOHN H. BOWIE, Chairman
RAY A. HINDS
WALTER S. ROBBINS
EDWARD DYSON
BENJAMIN F. ALEXANDER

A substitute motion made by Daniel E. Duggan, Chairman of the Board of Selectmen, was offered and lost. Yes — 117, No — 120 (Two-thirds vote being required for acceptance.)

Frank P. Fanning then submitted the following motion:

A committee of five citizens be appointed by the Moderator to consider the effects of the construction of the Southeast Expressway upon the East Milton area, the loss of a portion of the business zone, impact on traffic, parking and the streets in the immediate vicinity of the construction; and to report its findings and recommendations to the Town on or before December 1, 1955.

Voted: That a committee of five citizens be appointed by the Moderator to consider the effects of the construction of the Southeast Expressway upon the East Milton area, the loss of a portion of the business zone, impact on traffic, parking and the streets in the immediate vicinity of the construction; and to report its findings and recommendations to the Town on or before December 1, 1955.

COMMITTEE

G. NELSON ARMITAGE, 115 Otis Street
JOHN H. BOWIE, 18 Webster Road
LEO V. CONCANNON, 36 Sheridan Drive
EDWARD J. FINERTY, 45 Wood street
ROLAND GRAY, JR., 300 Adams Street

Mr. James B. Maguire, 36 Columbine Road to replace Mr. G. Nelson Armitage, who died June 20, 1955.

5:20 P. M., Voted to adjourn until 1:30 P. M., March 19, 1955.

1:30 P. M., March 19, 1955. Moderator called meeting to order.

ARTICLE 65. To see what sum of money the Town will vote to raise and appropriate, in part by bond issue and in part from the tax levy of the current year, for the erection, equipping and furnishing of an addition to the Central Public Library and for alterations incident to said construction; and further to see if the Town will authorize the Moderator to appoint a Committee of five citizens to employ the services of an architect, to advertise and secure bids, to let a contract or contracts and to supervise the said work, all in the name and behalf of the Town; and to act on anything relating thereto.

On motion of Copeland Draper, it was voted to consider substitute motion for Article 65, asking for an appropriation of $312,500. The vote, Yes — 131, No — 90.

This substitute motion asking for $312,500.00 was lost. The vote, Yes — 102, No — 138.

Second substitute motion presented by Mr. Brooks, Chairman of the Warrant Committee, asking for a committee of five persons with an appropriation of $2,500.00, lost.

At 3:25 on motion of Richard Perry, the vote passed on the second substitute motion was reconsidered and passed as follows:

Voted: That the Moderator be authorized to appoint a committee of five persons to make a study of the requirements of a suburban library in relation to the needs of the Town and to the school system whose own library facilities are expanding, said Committee to report to the Warrant Committee and the Selectmen on or before November 1, 1955, and to the next Annual Town Meeting; and that the sum of $2,500.00 be appropriated for the use of said committee.

(The Vote — Yes 119, No 105)

COMMITTEE

LOUIS J. MATHIEU, Chairman, 25 Chesterfield Road
EDWARD P. LAKE, 22 Glendale Road
BRIG.-GENERAL FRANK J. McSHERRY, 118 Woodland Road
MRS. RALSTON B. SMYTH, 294 Edge Hill Road
DR. EDMUND R. MITIGUY, 75 Cliff Road

ARTICLE 45. To see what sum of money the Town will vote to appropriate for the support of schools for the year 1955 and for unpaid bill of 1953; and to act on anything relating thereto.

Voted: That the total sum of $975,020.45 be appropriated as follows: $809,149.32 for salaries and wages; $167.96 for an unpaid bill of 1953; (unanimous vote) and including the sum of $450.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of our schools in 1955.

ARTICLE 46. To see what sum of money the Town will vote to appropriate for Vocational Education under the provisions of General Laws, Chapter 74; and to act on anything relating thereto.

Voted: That the following appropriations be made for:

1. Vocational Education	$6,000.00
2. State-Aided Practical Arts Classes	3,750.00

ARTICLE 47. To see what sum of money the Town will vote to appropriate for the maintenance and improvement of the Cemetery the present year.

Voted: That the sum of $58,864.40 be appropriated, of which $42,364.40 is for salaries and wages; $2,000.00 is for overtime; $200.00 is for new equipment; $3,500.00 is for tree work; and including the sum of $150.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town may be interested or which may tend to improve the service of the Department; and that to meet said appropriation the sum of $45,864.40 be raised from the tax levy of the current year; and the balance of $13,000.00 shall be used from the Interest on Cemetery Perpetual Care Fund Account.

ARTICLE 16. (Warrant Committee motion to reconsider)

To see if the vote taken on March 12 under Article 16 to make an appropriation of $15,300 for the Fire Department and $15,000 for the Police Department to provide increases in compensation shall be reconsidered.

Voted: That the special appropriation made for the Fire Department under Article 16 in the amount of $15,300 be reduced to $15,000 and that the remaining appropriation of $15,000 be considered a separate appropriation, no part of which shall be available to raise the compensation of the Clerical Assistant in the office of the Chief of the Fire Department; and that the special appropriation made for the Police Department under Article 16 in the amount of $15,000 be reduced to $14,400 and that the remaining appropriation of $14,400 be considered a separate appropriation, no part of which shall be available to raise the compensation of the Clerical Assistant to the Chief of Police Department nor to raise the compensation of the mechanic in the Police Department.

ARTICLE 48. To see what sum of money the Town will vote to appropriate for the Highway Department the present year and for unpaid bills of 1954.

Voted: That the following appropriations be made for:

1. General Expense	$142,875.00
2. Drainage	9,000.00
3. Permanent Construction	10,000.00
4. Private Work	3,000.00
5. Sidewalks	3,000.00
6. New Equipment	12,475.00
7. Unpaid Bills for 1954 (Unanimous Vote)	801.07

From the aggregate amounts appropriated under this Article, under Article 49, under Article 50 and under Article 51 taken together, the following sums, but no more, shall be available for salaries, wages and overtime; namely: $142,459.06 for salaries and wages and $10,000.00 for overtime.

ARTICLE 49. To see what sum the Town will vote to appropriate for maintaining, repairing, improving and constructing ways under the provisions of General Laws, Chapter 90.

Voted: That the sum of $4,500.00 be appropriated to be expended for maintaining, repairing, improving and constructing ways under the provisions of General Laws, Chapter 90 and that to meet said appropriation there be raised from the tax levy of the current year the sum of $1,500.00 and that the sum of $3,000.00 be appropriated from available funds on hand January 1, 1955, to meet the State's and County's share of the cost of the work, the reimbursements from the State and County to be restored upon their receipt to available funds in the treasury.

(Unanimous Vote)

ARTICLE 50. To see if the Town will vote to raise and appropriate the sum of $8,000.00 to meet the Town's share of the cost under General Laws, Chapter 90, for reconstructing or resurfacing the following public ways:

Eliot Street from Morton Road to Adams Street (Resurfacing)	1200 feet
Pleasant Street from Bradford Road to Gun Hill Street (Reconstructing)	1600 feet

and in addition to see if the Town will recommend that the sum of $24,000.00 shall be appropriated from available funds in the Treasury or shall be borrowed by the Treasurer under General Laws, Chapter 44, Section 6A, to meet the State's and County's share of the cost of the above work; and to act on anything relating thereto.

Voted: That the sum of $32,000.00 be appropriated to be expended for the reconstructing or resurfacing of the following public ways:

Eliot Street from Morton Road to Adams Street (Resurfacing	1,200 feet
Pleasant Street from Bradford Road to Gun Hill Street (Reconstructing)	1600 feet

and that to meet said appropriation there be raised from the tax levy of the current year the sum of $8,000.00 and that the sum of $24,000.00 be appropriated from available funds on hand January 1, 1955, to meet the State's and County's share of the cost of the work, the reimbursements from the State and County to be restored, upon their receipt to available funds in the treasury.

(Unanimous Vote)

ARTICLE 51. To see if the Town will vote to accept the following streets and roads, or any of them, as Town ways, as laid out by the Selectmen under laws authorizing assessment of betterments and to raise and appropriate by borrowing or otherwise money for the construction of said public ways, including the cost of pavement and sidewalks laid at the time of construction, and for payment of land damages:

Part of Alvin Avenue from Wood Street 527′ Southeasterly
Barton's Lane from Glendale to Fuller's Lane
Part of Crown Street from Public Portion to Decker Street
Dean Road from Pleasant Street to Pine Avenue
Part of Elmwood Avenue from Milton-Quincy Line to Milton-Quincy Line
Part of Franklin Street from Howe Street to Alvin Avenue
Woodward Court from Libby Road 187′ Easterly (to be named Saint Agatha Road if accepted)
Part of Victoria Street from Ferncroft Road to Savin Street

and to act on anything relating thereto.

Voted: That the Town so vote with respect to the following five streets described in this Article and that the sum of $56,406.00 be appropriated to be expended for original construction as follows:

Barton's Lane from Glendale Road to Fuller's Lane	$17,226.00
Dean Road from Pleasant Street to Pine Avenue	14,250.00
Part of Elmwood Avenue from Milton-Quincy Line to Milton-Quincy Line	660.00
Part of Franklin Street from Howe Street to Alvin Avenue	11,520.00
Part of Victoria Street from Ferncroft Road to Savin Street	12,750.00

ARTICLE 52. To see if the Town without the assessment of betterments and without making an appropriation will vote to accept the following streets, or any of them, as Town ways, as laid out by the Selectmen:

Part of Centre Lane from Coolidge Road 890′ Northwesterly
Parts of Gerald Road (from Public Portion 407′ Southerly) and Lyman Road (100′ Easterly and 110′ Westerly from Gerald Road)

Phyllis Lane from Nancy Road to Gerald Road
Union Avenue from Blue Hill Avenue 330 feet Easterly
Part of Ruggles Lane from School Street 88′ Southerly
Part of Saint Agatha Road from Public Portion 86′ Northwesterly

and to act on anything relating thereto.

Voted: That the Town so vote with respect to all the streets described in this article except,that, with respect to the description of St. Agatha Road, the measurement be stated as 786 feet instead of 86 feet to correct a typographical error and to make such measurement conform to the plan on file which was exhibited at the public hearing held on the question of the acceptance of said road.

ARTICLE 53. To see if the Town will vote to authorize the Selectmen to raze the old Glover School building located on School Street and for this purpose to transfer the care, custody, management and control of said building to the Board of Selectmen and authorize the Board of Selectmen to enter into a contract in the name and behalf of the Town for the razing of said building under the terms of which the Selectmen may sell to the contractor or anyone else any part of said building or the equipment contained therein, and to see what sum the Town will appropriate for said razing; and to see if the Town will vote to authorize the Board of Selectmen in the name and behalf of the Town to sell and convey said land, and said building if it is not razed, at public auction or private sale for such minimum sums for said land and said building as the Town Meeting shall determine; and to act on anything relating thereto.

Voted: That the Town vote to transfer the care, custody, management and control of the old Glover School Building to the Board of Selectmen; to authorize said Board to raze the same, with the authority to enter into a contract for razing and with authority to sell any part of said building or the equipment therein to any person; that the sum of $1,200.00 be appropriated for these purposes; and that the Board of Selectmen be and they hereby are authorized in the name and behalf of the Town to sell, transfer and convey at public auction or private sale, all right, title and interest of the Town in and to the parcel of land on which the old Glover School Building is located for the sum of not less than $4,000.00 and to execute and deliver all necessary instruments in connection therewith.

(Unanimous Vote)

ARTICLE 54. To see if the Town will vote to transfer the care, custody, management and control of the land and the buildings comprising the property known as the Vose School to the Board of Selectmen for the purpose of using the same for municipal offices and other space for activities of Town Departments; and to act on anything relating thereto.

Voted: That the Town so vote.

(Unanimous Vote)

ARTICLE 55. To see if the Town will vote to do whatever is necessary to preserve and maintain the building known as the Vose School; to authorize the Moderator to appoint a Committee of five citizens to consider the needs of the Town for office and other space for activities of Town Departments; and to employ architects or engineers or other professional assistance to obtain estimate for the cost of remodeling said Vose School building; and to see what sum or sums of money the Town will vote to appropriate for any of the aforesaid purposes; and to act on anything relating thereto.

Voted: That the Town vote to convert one of the furnaces in the Vose School building to an oil-burning furnace and to authorize the department in charge of said building to make any other alterations or repairs necessary to preserve the same and to appropriate $6,500.00 for the foregoing purposes; and to authorize the Moderator to appoint a committee of five citizens to determine in consultation with the Board of Selectmen the need for office and other space for the several departments of the Town, said committee also to determine the extent to which and the manner in which said Vose School building should be renovated and remodeled and used for such space, and said committee is hereby authorized to employ architects or engineers or other professional assistance to enable it to bring in preliminary plans and estimates of the cost of any renovation or remodeling which the committee recommends, said committee to file its report with the Board of Selectmen on or before November 1, 1955, and to report to the next Annual Town Meeting; and to appropriate the sum of $3,500.00 for the use of said committee.

COMMITTEE

ROBERT K. LAMERE, 15 Wendell Park
FRANK W. CRIMP, 56 Mingo Street
GEORGE P. FANDEL, 165 Hinckley Road
WILLIAM H. FARNUM, 33 Russell Street
JAMES F. FITZGERALD, 1147 Canton Avenue

ARTICLE 56. To see if the Town will vote to authorize the Moderator to appoint a committee of three or more members to study in consultation with the Board of Selectmen, the Water Commissioners, the Sewer Commissioners and such other officials of the Town as may be concerned, the needs of the Town for housing and servicing its equipment, and that said committee be authorized to employ architects and engineers to prepare preliminary plans sufficient to obtain estimates of the cost of the building or buildings required and to file their report with the Board of Selectmen on or before December 1, 1955, and to report to the next Annual Town Meeting; and that the sum of $1,000.00 appropriated under Article 27 of the March 1954 Warrant be made available for the uses of this committee; and to act on anything relating thereto.

Voted: That the Committee appointed under Article 55 will also function under Article 56, and that no money be appropriated under Article 56.

ARTICLE 57. To see whether the Town will vote to authorize a project or projects consisting of:

(i) the construction, original equipping and furnishing of an addition to the police station building which will increase the floor space for the purpose of improving the existing police station and providing additional rooms, entrances to the building, a kitchenette, pistol range, additional cells for prisoners and other new facilities, and

(ii) to provide for such remodeling, reconstruction and making of extraordinary repairs to said police station building as may be required in connection with said addition;

and vote to raise and appropriate a sum of money for the foregoing purposes or any of them, and determine how said appropriation shall be raised, whether by taxation, by appropriation of unused construction funds or other monies, by borrowing or otherwise, and if by borrowing, to authorize the issuance of obligations of the Town therefor under any applicable provision of law; and in connection with the projects described above, to see if the Town will authorize the Moderator to appoint a committee of five (5) citizens to employ the services of an architect, to advertise and secure bids, to let a contract or contracts, and to supervise the construction and equipping thereof, all in the name and behalf of the Town; and to act on anything relating thereto.

Voted: That the Town make no alteration to the Central Police Station.

ARTICLE 58. To see if the Town will vote to amend its General By-laws by striking out Chapter 11 and inserting a new Chapter 11 as follows:

CHAPTER II

Planning Board and Board of Appeals

Section 1. A Planning Board is hereby established under the provisions of General Laws (Ter. Ed.), Chapter 41, Section 81A (Acts of 1936, Chapter 211) and any amendments thereto, with all the powers and duties therein and in any existing by-laws of the Town provided, to consist of five members to be elected by ballot at the annual Town Meeting in March, 1939, one for a term of one year, one for a term of two years, one for a term of three years, one for a term of four years, and one for a term of five years and thereafter in accordance with the provisions of the statute.

Section 2. The existing Board of Appeals appointed from time to time pursuant to Chapter 7 of the General By-lays (known as the Building Code) shall act as and be the Board of Appeals under Chapter 10 of the General By-laws (known as the Zoning By-law), act as and be the Board of Appeals under General Laws (Ter. Ed.), Chapter 40A and amendments thereto (known as the Zoning Enabling Act), and act as and be the Board of Appeals under General Laws (Ter. Ed.), Chapter 41, Section 81Z and amendments thereto (known as the Subdivision Control Law).

Voted: That the Town amend its General By-laws exactly as stated in this Article.

(Unanimous Vote)

Boston, Mass., May 20, 1955

The foregoing amendment to by-laws is hereby approved.

George Fingold, Attorney General

ARTICLE 59. To see if the Town will vote to amend its General By-laws by striking out in Section I (G) the last three sentences in subparagraph 1 and inserting in place thereof the following:

"From time to time the Moderator may appoint associate members of the board. An associate member of the board need not be an attorney, an architect, a civil engineer, or a master builder, but every associate member shall be a resident of the Town of Milton. Associate members shall be appointed for a term of three years. No member shall act in any case in which he is interested, and if a regular member of the board is disqualified for interest or for any reason is unable to act, his place shall be taken by an associate member designated by the chairman of the board, and the associate member so designated shall serve until the completion of any case which he hears. Every decision of the board shall be in writing and shall require the assent of at least two members and shall be a matter of public record."

so that as amended said subparagraph 1 will read as follows:

"(G) BOARD OF APPEALS:

"1. A Board of Appeals is hereby established to consist of three members to be appointed by the Moderator. All the members of the board shall be residents of the Town of Milton. One member shall be an attorney-at-law, and one shall be an architect, civil engineer or master builder. The appointments first made shall be for one, two and three years respectively, so that the term of one member shall expire each year. All subsequent appointments shall be for the term of three years. Vacancies shall be filled by appointment by the Moderator for the unexpired term. From time to time the Moderator may appoint associate members of the board. An associate member of the board need not be an attorney, an architect, a civil engineer, or a master builder, but every associate member shall be a resident of the Town of Milton. Associate members shall be appointed for a term of three years. No member shall act in any case in which he is interested, and if a regular member of the board is disqualified for interest or for any reason is unable to act, his place shall be taken by an associate member designated by the chairman of the board, and the associate member so designated shall serve until the completion of any case which he hears. Every decision of the board shall be in writing and shall require the assent of at least two members (either of whom may be a regular member or an associate member) and shall be a matter of public record."

Voted: That the Town amend its General By-laws exactly as stated in this article.

(Unanimous Vote)

Boston, Mass., May 20, 1955

The foregoing amendment to by-laws is hereby approved.

George Fingold, Attorney General

ARTICLE 60. To see if the Town will vote to amend Chapter 10 of the General By-laws of the Town having to do with zoning as follows:

Proposal 1.

To amend Section I by inserting a new subparagraph, to be numbered 7, as follows:

"7. All references to the time of the adoption of this by-law shall mean February 10, 1938."

Proposal 2.

To amend Section VI. A. 1. by striking out subparagraphs (a), (b) and (c), and inserting in place thereof the following:

"(a) a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, containing less than 80,000 and more than 64,000 square feet may be divided into lots containing not less than 32,000 square feet each and each having a frontage of not less than 150 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 80,000 square feet and if after division into as many lots as practicable, each containing not less than 40,000 square feet and each having a frontage of not less than 150 feet, there remains a lot of 32,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 150 feet, and (c) one dwelling may be erected on a lot containing less than 40,000 square feet, or having a frontage of less than 150 feet, if such lot was recorded at the time of the adoption of this by-law, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed 'available for use' (as that phrase is used in this subsection (c)) if such land is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 40,000 square feet and had a frontage of no more than 150 feet."

so that said Section VI. A. 1., as amended, will read as follows:

SECTION VI. Area Regulations.

A. Lot Sizes and Frontages.

1. In a Residence A District no dwelling shall be erected or maintained except on lots as hereinbefore defined, or on lots established after this by-law is adopted, as hereinbefore provided, containing not less than 40,000 square feet each and having each a frontage of not less than 150 feet, and not more than one dewlling shall be erected on each such lot except that (a) a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, containing less than 80,000 and more than 64,000 square feet may be divided into lots containing not less than 32,000 square feet each and each having a frontage of not less than 150 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 80,000 square feet and if after division into as many lots as practicable, each containing not less than 40,000 square feet and each having a frontage of not less than 150 feet, there remains a lot of 32,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 150 feet, and (c) one dwelling may be erected on a lot containing less than 40,000 square feet, or having a frontage of less than 150 feet, if such lot was recorded at the time of the adoption of this by-law, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed "available for use" (as that phrase is used in this subsection (c)) if such land is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 40,000 square feet and had a frontage of no more than 150 feet.

Proposal 3.

To amend Section VI. A. 2. by striking out subparagraphs (a), (b) and (c), and inserting in place thereof the following:

> "(a) a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, containing less than 40,000 and more than 32,000 square feet may be divided into lots containing not less than 16,000 square feet each and each having a frontage of not less than 80 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 40,000 square feet and if after division into as many lots as practicable, each containing not less than 20,000 square feet and each having a frontage of not less than 100 feet, there remains a lot of 16,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 80 feet, and (c) one dewlling may be erected on a lot containing less than 20,000 square feet, or having a frontage of less than 100 feet, if such lot was recorded at the time of the adoption of this by-law, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed 'available for use' (as that phrase is used in this subsection (c)) if such land is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 20,000 square feet and had a frontage of no more than 100 feet."

so that said Section VI. A. 2., as amended, will read as follows:

2. In a Residence B District no dwelling shall be erected or maintained except on lots as hereinbefore defined, or on lots established after this by-law is adopted, as hereinafter provided, containing not less than 20,000 square feet each and having each a frontage of not less than 100 feet and not more than one dwelling shall be erected on each such lot except that (a) a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, containing less than 40,000 and more than 32,000 square feet may be divided into lots containing not less than 16,000 square feet each and each having a frontage of not less than 80 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this by-law or, if not recorded, if authorized by permit from the Board of Appeals, contains more than 40,000 square feet and if after division into as many lots as practicable, each containing not less than 20,000 square feet and each having a frontage of not less than 100 feet, there remains a lot of 16,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 80 feet, and (c) one dwelling may be erected on a lot containing less than 20,000 square feet, or having a frontage of less than 100 feet, if such lot was recorded at the time of the adoption of this by-law, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed "available for use" (as that phrase is used in this subsection (c)) if such land is a parcel which was so recorded on which at the time of such adoption a dwelling

existed, and which then contained no more than 20,000 square feet and had a frontage of no more than 100 feet.

Proposal 4.

To amend Section VI. A. 3. by striking out subparagraphs (a), (b) and (c), and inserting in place thereof the following:

"(a) a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, containing less than 15,000 and more than 12,000 square feet may be divided into lots containing not less than 6,000 square feet each and each having a frontage of not less than 60 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 15,000 square feet and if after division into as many lots as practicable, each containing not less than 7,500 square feet and each having a frontage of not less than 75 feet, there remains a lot of 6,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 60 feet, and (c) one dwelling may be erected on a lot containing less than 7,500 square feet, or having a frontage of less than 75 feet, if such lot was recorded at the time of the adoption of this by-law, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed 'available for use' (as that phrase is used in this subsection (c)) if such land is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 7,500 square feet and had a frontage of no more than 75 feet."

so that said Section VI. A. 3., as amended, will read as follows:

3. In a Residence C District no dwellings shall be erected or maintained except on lots as hereinbefore defined, or on lots established after this by-law is adopted, as hereinbefore provided, containing not less than 7,500 square feet each and having each a frontage of not less than 75 feet, and not more than one dwelling shall be erected on each such lot except that (a) a lot recorded at the time of the adoption of this by-law or if not so recorded, if authorized by permit from the Board of Appeals, containing less than 15,000 and more than 12,000 square feet may be divided into lots containing not less than 6,000 square feet each and each having a frontage of not less than 60 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this by-law or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 15,000 square feet and if after division into as many lots as practicable, each containing not less than 7,500 square feet and each having a frontage of not less than 75 feet, there remains a lot of 6,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 60 feet, and (c) one dwelling may be erected on a lot containing less than 7,500 square feet, or having a frontage of less than 75 feet, if such lot was recorded at the time of the adoption of this by-law, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining

land or any part thereof shall be deemed "available for use" (as that phrase is used in this subsection (c)) if such land is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 7,500 square feet and had a frontage of no more than 75 feet.

Proposal 5.

To amend Section VI. C. 4. by striking out in the first line the figure "25" and inserting in place thereof the figure "26"; by inserting before the word "side" the word "any"; by changing the period at the end of said paragraph 4 to a comma; and by adding at the end of said paragraph 4 the following:

"and provided further that where a building is erected less than 10 feet from either side line by virtue of the provisions of this paragraph 4 the buildable width shall not exceed 26 feet."

so that said Section VI. C. 4., as amended, will read as follows:

4. The provisions of this section shall not reduce to less than 26 feet the buildable width of any lot in a Residence A, B or C district recorded at the time this by-law is adopted, provided, however, that no building shall extend within 6 feet of any side lot line, and provided further that where a building is erected less than 10 feet from either side line by virtue of the provisions of this paragraph 4 the buildable width shall not exceed 26 feet.

Proposal 6.

To amend Section VIII. A. by striking out the words "Section 30 of Chapter 40 of the General Laws, as amended." and inserting in place thereof the following:

"General Laws (Ter. Ed.), Chapter 40A, as amended."

so that said Section VIII. A., as amended, will read as follows:

SECTION VIII. Board of Appeals.

A. Appointment.
The Board of Appeals is and shall be the board of appeal appointed from time to time pursuant to Chapter 7 of these by-laws known as the Building Code, and said Board of Appeal under said Building Code is hereby constituted the Board of Appeals pursuant to the provisions of General Laws (Ter. Ed.) , Chapter 40A, as amended.

Proposal 7.

To amend Section VIII. D. by striking out the words "General Laws, Chapter 40, Section 30, as amended." and inserting in place thereof the following:

"General Laws (Ter. Ed.) , Chapter 40A, as amended."

so that said Section VIII. D., as amended, will read as follows:

D. Variance and Appeals.

Appeals from an order or decision of an administrative officer and appeals or petitions involving variances from the terms of this by-law shall be dealt with by the Board of Appeals in accordance with the provisions of General Laws (Ter. Ed.), Chapter 40A, as amended.

Proposal 8.

To amend Section III. A. 5. by striking out everything in said subsection 5 after the words "Municipal use."

so that said Section III. A. 5., as amended, will read:

5. Municipal use.

Proposal 9.

To amend Section III. B. 1. (f). by adding at the end thereof after the semi-colon the following:

"provided, however, that such employment is of the type customarily incident to the use of said dwelling;"

so that Section III. B. 1. (f), as amended, will read as follows:

(f) Accessory use shall not include dwellings, except that there may be constructed as part of a garage or stable, family living quarters for and to be occupied only by an employee of the owner or occupant of the dwelling to which such garage or stable is an accessory use; provided, however, that such employment is of the type customarily incident to the use of said dwelling;

Proposal 10.

To amend Section III. A. 7. (j). by striking out in the first line the words "for sale" so that said Section III A. 7. (j)., as amended, will read as follows:

(j) Removal of sod, loam, sand, gravel or quarried stone, provided that when such removal is incidental to and in connection with the construction of a building on the premises for which a building permit has been issued in accordance with the building law, or incidental to and in connection with the construction of ways in an approved subdivision, no permit from the Board of Appeals shall be required.

Voted: That the Town amend its General By-laws exactly as stated in this Article.

(Unanimous Vote)

Boston, Mass., May 20, 1955

The foregoing amendments to by-laws are hereby approved.

George Fingold, Attorney General

ARTICLE 61. To see if the Town will vote to authorize the Moderator to appoint a committee of three citizens to study, in consultation with the Town Insurance Advisor, the requirements of the Town for public liability and motor vehicle liability insurance coverage; to determine the amounts of such insurance coverage needed by the Town; to submit its recommendations for the best procedures in placing such insurance for the Town; the said committee also to prepare such Articles for the

Warrant of the 1956 Annual Town Meeting as the committee believes desirable to carry out its recommendations; and to file its report and said Articles with the Board of Selectmen on or before November 1, 1955; and to act on anything relating thereto.

Voted: That the Town so vote.

COMMITTEE

WALTER N. KERNAN, Chairman, 642 Brush Hill Road
JOHN T. KEYES, 5 Cary Avenue
LEON CANGIANO, 1303 Canton Avenue

ARTICLE 62. To see if the Town will vote to compensate the City of Boston under the provisions of General Laws (Ter. Ed.), Chapter 48, Section 59A for hospital, surgical, medical and nursing expenses incurred by Arthur C. Morton, a Fireman of the City of Boston who was injured in Milton while the Boston City Fire Department was giving aid to Milton in extinguishing the fire on Adams Street on November 22, 1953; and to act on anything relating thereto.

Voted: That the Town so vote and the the sum of $311.10 be appropriated for this purpose.

ARTICLE 63. To see if the Town will vote to authorize the Board of Selectmen in the name and behalf of the Town to sell and convey for the minimum sum of $10,000.00 a parcel of land situated on the easterly side of Blue Hill Avenue, opposite Concord Avenue, bounded and described substantially as follows:

> Beginning at a point on the easterly side of Blue Hill Avenue 117.63 feet north of a Massachusetts Highway bound, said bound being 170.28 feet north of the northerly sideline of Blue Hill Terrace Street and continuing in a northerly direction by the easterly sideline of Blue Hill Avenue 259.91 feet;
>
> Thence running easterly by land now or formerly of the Milton Hebrew Center 330.86 feet;
>
> Thence running southerly by Crown Street and land now or formerly of Clara L. Nolan, et al., 263.43 feet to a stone bound;
>
> Thence running westerly by land now or formerly of Rita A. Meeken, Mulberry Road, land now or formerly of Laurence O. Trombley, et al. and land now or formerly of Robert A. McAuliffe et al., 330.42 feet to the easterly sideline of Blue Hill Avenue and point of beginning;
>
> Containing 1.98 acres more or less;

said parcel being no longer required for public purposes; and to act on anything relating thereto.

Voted: That the Town authorize the Board of Selectmen in the name and behalf of the Town to sell and convey at privale sale or public auction for a sum of not less than $10,000.00 all right, title and interest of the Town in and to the parcel of land bounded and described precisely as set forth in this Article and to execute and deliver all necessary instruments in connection therewith.

(Unanimous Vote)

ARTICLE 64. To see what sum of money the Town will vote to appropriate for the Public Library the present year.

Voted: That the sum of $78,207.26 be appropriated of which $52,950.79 is for salaries and wages; $4,135.00 is for temporary employees; $307.50 is for replacement of equipment; $260.97 is for new equipment; $970.00 is for repairs to roof of Central Library; and $375.00 is for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.

See ARTICLE 65 after ARTICLE 44 of this Warrant.

ARTICLE 66. To see what sum of money the Town will vote to appropriate for Interest and Maturing Debt the present year:

1. Interest 2. Maturing Debt

Voted: That the following appropriations be made for:

1. Interest ....$27,350.00 2. Maturing Debt $207,500.00

ARTICLE 67. To see what sum of money the Town will vote to appropriate for the Reserve Fund for extraordinary or unforeseen expenditures the current year and to apply from overlay reserve such amount as the Town shall determine to meet in whole or in part such appropriation; and to act on anything relating thereto.

Voted: That the sum of $30,000.00 be appropriated and that to meet said appropriation the sum of $19,145.49 be raised in the tax levy and the sum of $10,854.51 be transferred from th Overlay Reserve accumulated as of December 31, 1954.

ARTICLE 68. To see what sum of money the Town will vote to appropriate from available funds on hand January 1, 1955.

Voted: That the Town appropriate the sum of $280,000.00 from available funds on hand January 1, 1955 for the purpose of deduction by the assessors from the amount required to be assessed in accordance with the provisions of General Laws, Chapter 59, Section 23.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned, by posting attested copies of this warrant in each of the post offices of said Town seven days at least before said fifth of March, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said Fifth day of March, next.

Given under our hands at Milton the seventeenth day of February, Nineteen hundred and fifty-five.

SAMUEL C. CRAIG
CHARLES F. BATCHELDER, jr.
DANIEL E. DUGGAN
Selectmen of Milton.

MARCH MEETING

Commonwealth of Massachusetts, Norfolk, ss. March 1, 1955

Pursuant to the within warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the times and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of the inhabitants.

(signed) RICHARD F. CHAMBERLAIN,
Constable of Milton.

March 19, 1955 4:17 P.M. **Voted:** That the meeting be dissolved.

The foregoing meeting was opened Saturday, March 5, 1955 at 8:00 A.M. by the wardens in the several precincts.

TERESA SHAUGHNESSY,
Town Clerk.

April 13, 1955

In accordance with the by-laws, the Moderator appointed Blake G. Cruckshank of 31 Waldo Road to succeed himself for a term of three years as a member of the Board of Appeal.

May 24, 1955

Acting under the By-laws of the Town, the Moderator appoints the following Warrant Committee for the current year:

FRANCIS BROOKS, 134 Adams Street
BLAKE G. CRUCKSHANK, 31 Waldo Road
NOEL DEERING, 38 Emerson Road
ROGER H. MARTIN, 1238 Canton Avenue
WALTER J. MURPHY, 5 Augusta Road
OWEN J. McGARRAHAN, 387 Adams Street
ERIC PIERCE, 216 Randolph Avenue
WILLIAM PURSELL, 35 Truro Lane
MRS. JOHN J. REDDY, 449 Pleasant Street
C. MELBOURNE ROWBOTHAM, 42 Hillsview Road
JOHN J. RYAN, 16 Lantern Lane
EDWARD L. SAWYER, 1580 Canton Avenue
JOSEPH A. TANSEY, 99 Thacher Street
HOWARD S. WHITESIDE, 93 Hillside Street
MRS. CONGER WILLIAMS, 20 Brush Hill Lane

Mr. Brooks is asked to call the committee together for organization.

MAY SPECIAL MEETING

May 24, 1955

WARRANT

Commonwealth of Massachusetts }
County of Norfolk } ss.

To any of the Constables of the Town of Milton in said County: GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Town affairs to meet at the Town Hall in said Milton on Tuesday, the twenty-fourth day of May next, at eight o'clock in the evening, then and there to act upon the following Articles, to wit:

ARTICLE 1. To see what sum of money the Town will vote to appropriate to provide for the balance of 1955 for an increase in compensation of the officers and employees of the Town, including in the School Department only clerical employees, custodians and mechanics, including in the Fire and Police Departments only those employees who did not receive increases in compensation under Article 16 of the 1955 Annual Town Meeting, and excluding elected officers of the Town; and to act on anything relating thereto.

Voted: To provide increases in the compensation of certain officers and employees of the Town in accordance with the provisions of this Article, the same to be in addition to the amounts appropriated at the last Annual Town Meeting, and for said purpose to appropriate the amounts set against the respective designations in the list of Town Departments hereinafter set forth. Said increases of salaries and wages shall be for the period from May 24, 1955 to December 31, 1955 inclusive and shall be at the rate of $300 per annum for each individual in full time employment with a just proportionate part of said amount available for each individual in part-time employment. Payments of said increases shall be subject to the approval of the Boards and Heads of Departments as required by law, and may be made at the same rate in January, February and part of March 1956 in accordance with the provisions of General Laws, Chapter 44, Section 13.

Department	Amount
Accounting	$ 417.54
Assessors	550.41
Building	390.02
Cemetery	2,522.71
Disposal Area	229.47
Engineering	1,467.86
Election and Registration	154.62
Fire (only clerical assistant to Chief)	183.47

Selectmen	366.94
Sewer	1,341.99
Town Clerk	366.94
Town Hall and Lot	550.41
Treasurer-Collector	624.01
Warrant Committee	61.16
Welfare	934.60
Wire	917.35
	$30,771.08
Water	4,797.98

(Unanimous Vote)

ARTICLE 2. To see if the Town will vote to authorize the Moderator to appoint a committee of citizens of the Town to make a study of the powers available to the Town under the provisions of General Laws, Chapter 41, Sections 108A and 108C, which Sections provide for job classification plans, minimum and maximum salaries, step rate increases, a Personnel Board and similar matters, and to report whether it is desirable for the Town to adopt any by-laws as authorized by said Sections, and if so, to include in their report proposals for the provisions of any such by-laws; said committee to report to the Warrant Committee and the Board of Selectmen on or before November 1, 1955, and to the 1956 Annual Town Meeting; and to appropriate money for the use of said committee; and to act on anything relating thereto.

Voted: That the Moderator be authorized to appoint a committee of five citizens of this Town, said committee to have the powers, duties and obligations stated in this Article; and that the sum of $100 be appropriated for the use of said committee.

COMMITTEE

MR. NEWTON S. BAKER, 54 Fairbanks Road
MR. JOSEPH C. AFFANATO, 34 Rowe Street
MR. MURRAY D. COLE, 23 Craig Street
MR. MALCOLM PERKINS, 54 Bradlee Road
MR. WARREN A. STEBBINS, 37 Lantern Lane

ARTICLE 3. To see if the Town will vote to amend its General By-laws by inserting new provisions to establish a School Traffic Control Unit; and to act on anything relating thereto.

Voted: To amend the General By-laws of the Town by inserting a new Chapter after Chapter 6 to be numbered Chapter 6A and entitled "School Traffic Control", said Chapter 6A to read as follows:

"CHAPTER 6A

SCHOOL TRAFFIC CONTROL

Section 1. There shall be a School Traffic Control Unit in the Police Department consisting of not less than five nor more than twelve female Special Police Officers appointed by the Board of Selectmen to serve at the pleasure of the Board. The duties of such special police officers shall be supervised by and be under the direction of the Chief of Police.

Section 2. Special Police Officers appointed under this Chapter shall be designated as School Traffic Supervisors and shall have all the power and authority of regular police officers in the enforcement of Chapter 90 of the General Laws and Acts and amendments thereof and in addition thereto, and of all other laws and of the By-laws of the Town relating to the operation, standing or use of vehicles."

(Unanimous Vote)

Boston, Mass., June 20, 1955

The foregoing amendment to by-laws is hereby approved.

George Fingold, Attorney General

ARTICLE 4. To see what sum of money the Town will vote to appropriate to provide for School Traffic Supervisors; and to act on anything relating thereto.

Voted: To appropriate the sum of $2,463.75 for School Traffic Supervisors, of which $1,443.75 shall be for salaries and wages and $1,020.00 shall be for uniforms.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the time and place and for the purposes herein mentioned by posting attested copies of this warrant in each of the post offices of said Town seven days at least before said twenty-fourth of May, and leaving printed copies thereof at the dwelling houses in said Town at least four days before said date.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk, on or before said twenty-fourth of May, next.

Given under our hands at Milton the twelfth day of May, Nineteen hundred and fifty-five.

/s/ DANIEL E. DUGGAN
/s/ CHARLES F. BATCHELDER, jr.
/s/ WILLIAM H. WHITE
Selectmen of Milton.

MAY SPECIAL MEETING

Commonwealth of Massachusetts, Norfolk ss. May 16, 1955

Pursuant to the within warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and place and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of the inhabitants.

/s/ RICHARD F. CHAMBERLAIN,
Constable of Milton.

The foregoing meeting was called to order at 8:00 P.M. on May 24, 1955 by the Moderator, Benjamin F. Jaques. All business taken care of the meeting was dissolved at 8:24 P.M.

TERESA SHAUGHNESSY,
Town Clerk.

OCTOBER SPECIAL MEETING

October 17, 1955

WARRANT

Pursuant to the warrant issued by the Selectmen on September 29, 1955, the inhabitants of the Town of Milton, qualified to vote in Town affairs, met at the Town Hall in said Milton on Monday, October 17, 1955. The meeting was called to order by the Moderator, Benjamin F. Jaques, at eight P.M.

ARTICLE 1. To see if the Town will vote to authorize the Selectmen in the name and behalf of the Town to enter into an agreement with the Commonwealth of Massachusetts as authorized by General Laws, Chapter 91, Section 29, as amended, under the terms of which the Town will assume liability for all damages to property suffered by any person by any taking of land or of any right, interest, or easement therein made by the Commonwealth through the Department of Public Works in connection with the improvement, development, maintenance, and protection of Pine Tree Brook in the Town of Milton; and to act on anything relating thereto.

Voted: That the Town so vote.

ARTICLE 2. To see what sum of money the town will appropriate and pay to the Treasurer of the Commonwealth in addition to the amounts heretofore appropriated under General Laws, Chapter 91, Section 29, as amended, for the improvement of Pine Tree Brook; and to act on anything relating thereto.

Voted: That the Town appropriate the sum of $50,000.00 for the improvement of Pine Tree Brook by the Commonwealth, so much or all of said sum to be paid to the Treasurer of the Commonwealth as may be necessary to reimburse the Commonwealth for one-half of the cost of work done by the Commonwealth in the improvement of Pine Tree Brook under General Laws, Chapter 91, Section 11.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the time and place and for the purposes herein mentioned by posting attested copies of this warrant in each of the post offices of said Town seven days before said seventeenth of October, and leaving printed copies thereof at the dwelling houses in said Town at least four days before said date.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk, on or before said seventeenth of October, next.

Given under our hands at Milton the twenty-ninth day of September, Nineteen hundred and Fifty-five.

DANIEL E. DUGGAN
CHARLES F. BATCHELDER, jr.
WILLIAM H. WHITE
Selectmen of Milton.

Commonwealth of Massachusetts, County of Norfolk ss. October 11, 1955

Pursuant to the within warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the times and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of the inhabitants.

JOHN E. WHEARTY,
Constable of Milton.

The meeting was dissolved at 8:08 P.M.

TERESA SHAUGHNESSY,
Town Clerk.

RECORD OF ATTENDANCE OF TOWN MEETING MEMBERS AT SPECIAL TOWN MEETING

REPORTS OF SPECIAL COMMITTEES

REPORT OF COMMITTEE APPOINTED UNDER ARTICLE 44 OF THE 1955 MARCH MEETING WARRANT TO STUDY SITUATION RESULTING FROM CONSTRUCTION OF UNDERPASS IN EAST MILTON

As the underpass has not been completed, this report necessarily is in the nature of a preliminary one. However, after careful study, we are of the opinion that the East Milton area is not suited to becoming a shopping center designed to attract customers from a distance like the Shopping World in Framingham or the Chestnut Hill center. This is for at least two reasons: First, the residents of East Milton strongly oppose any extension of the business area; and Secondly, the location and traffic facilities would not encourage its use by people from a large enough area to make it practical. Therefore, we have approached the problems with the premise that it is desirable to preserve East Milton as a local shopping area with most of its customers being from Milton and the Lakin Square area of Quincy. With this in mind we have reached some conclusions upon which to make recommendations.

1. Immediate steps should be taken to be sure all available space along westerly side of Granite Avenue as far down as the original land taking permits is set aside for parking and is not isolated in any way by curbing and that it be rough finished as soon as practicable.

2. Parking be limited to two hours on all streets within one block of the business area including any parking area created by Expressway and that parking on both sides of Adams Street from the Post Office to Mechanic Street be limited to one hour.

3. The Commonwealth has widened Adams Street form Brook Road to the Post Office and will widen Adams Street in connection with Expressway by taking land from fire house lot. Quincy has applied for a Chapter 90 widening of Adams Street from Furnace Brook Parkway to Milton line. If and when this is completed, it will leave about three blocks of Adams Street unimproved. We feel that there is a great likelihood that if before too long the town does not initiate action of a widening of about 15 feet which would be under town control with a chance for affected owners to make their views known, the Commonwealth will undertake to do it as was done from Brook Road to Post Office with little chance for local adjustments.

4. We do not feel we can recommend a parking space on the Warshaw property at the present time at the cost estimated at this year's town meeting. Moreover, if the town saw fit to provide a parking area in East Milton, in all fairness other business centers would also be entitled to parking at town expense which would involve even more money. While such a parking space may be desirable, we do not feel it is so essential as to require town action. The chief difficulty has been traffic congestion and all day parking on side streets. Careful measurements of available land show space for not less than 50 cars on Expressway side of Granite Avenue from Adams Street to opposite Wood Street if available land is suitably graded and paved. In addition parking parallel to curbs now banned at various places will become available on completion of underpass including area in front of Post Office which is now completely blocked off. There is also available the old First First National parking lot and the old Woodward lot backing up against the Savings

Bank parking lot which if acquired by the town would provide a lot with much better access to through streets and without taking land of an unwilling seller.

5. The business area should not be extended at this time but there are certain residences so completely surrounded by traffic that their sale in the future at any reasonable return to the owners would have to be for business purposes. Take, for example, the two houses now surrounded by the new traffic circle. With this in mind we would suggest the Planning Board and the people affected give the matter consideration now before a demand for a change without time for careful consideration is made.

Respectfully submitted,

JOHN H. BOWIE
EDWARD J. FINERTY
JAMES B. MAGUIRE
LEO V. CONCANNON
ROLAND GRAY, JR., Chairman

Note:

John H. Bowie wishes to be recorded as dissenting to recommendation No. 4 relative to parking space.

REPORT OF SPECIAL COMMITTEE APPOINTED UNDER ARTICLE 55 OF THE 1955 MARCH MEETING WARRANT

November 1, 1955

To the Honorable Board of Selectmen:

This is the report of the committee appointed under Article 55 of the warrant of the March 1955 meeting.

Under the article the committee was directed: First, to study and report on the need for office and other space by the several departments of the Town; and, second, to determine the extent to which and the manner in which the Vose School should be used for such purpose.

Investigation

With reference to the first aspect of its task, the committee requested and received from all the Town departments statements as to their needs for space. Thereafter individual members of the committee conferred with the various department heads and viewed the present office facilities located in the Town Hall and Thacher Building.

The committee found that certain of the Town departments are inadequately quartered at the present time. These consist of the Town Accountant, the Town Treasurer and Tax Collector, the Sewer Department, the Board of Public Welfare and the Warrant Committee.

The office of the Town Accountant is located in the Thacher Building and is 10 x 14 feet in dimension. Since 1937 it has also been the office of the Board of Retirement. It is also used by the secretary of the Warrant Committee and by the Park Department for its clerical work.

Since there is no vault space in the office, the records of the Town Accountant are stored in the vault of the Town Engineer, in a vault in the basement of the Central Fire Station, in the Town Hall, and in the storage room of the Thacher Building. This arrangement is inconvenient, inefficient and an imposition on the other departments.

If the Town Accountant were provided with other suitable space, the present office could be used by the Town Engineer, whose department it adjoins.

The office of the Town Treasurer and Tax Collector is located in the Town Hall. Since last March the positions of Treasurer and Collector have been combined. There are five employees working in the office. The nature of the work requires an unusual amount of office equipment, including files and business machines. The present lack of facilities was described by a Commonwealth of Massachusetts accountant on a recent visit as follows: "Trying to carry on the activities of these two departments in the present quarters is just plain ridiculous."

If other suitable space were provided for the Town Treasurer and Tax Collector, the present office could be used by the Board of Public Health, which is presently located in the Milton Hospital, but may be required to move in the near future because of the need by the hospital for the space now occupied by it.

The Sewer Department is located on the third floor of the Town Hall and its quarters are inadequate and inefficient considering the number of its personnel and the amount of office equipment and records required to be maintained by it. If other space were provided for this department, its present space could presumably be used by the new Veterans' Benefits Department, which it is understood is to be established in 1956.

The Board of Public Welfare is located in the basement of the Town Hall and presently occupies 657 square feet of space. Its office is below street level on the north side of the building. The quarters are damp, inadequately lighted and poorly ventilated and not suited nor adequate for proper placement of equipment. There is no storage space and there is insufficient privacy for the agents and social workers when interviewing clients.

The Warrant Committee has no space of its own. Its secretary shares space with the Town Accountant. When the committee meets, it uses the space of the Building and Wire Department and the Fire Chief. This involves complete rearrangement of the office furniture and equipment on the occasion of each meeting of the Warrant Committee.

Additional Space Requirements

In view of the foregoing, it is the opinion of the committee that the Town needs approximately 6,600 square feet of additional office and vault space. More specifically, the requirements are as follows:

	Office Space	*Vault Space*
Accountant	540 sq. ft.	130 sq. ft.
Treasurer and Tax Collector	1,124	248
Sewer Department	1,500	150
Board of Public Welfare	1,900	None
Warrant Committee	1,100	None

All the other Town departments can get along under present conditions, especially if the above departments are given other space.

Vose School Building

Having ascertained the needs of the various Town departments for office and vault space, the committee then proceeded to its task of determining the extent to which and the manner in which the Vose School should be used for this purpose.

The committee reviewed the reports of previous committees which have studied this problem, visited the Vose School, and then employed an architect to prepare plans for the needed office space in the Vose School at a minimum cost and with no structural changes. Such plans were prepared and are submitted with this report. The cost of carrying such plan into effect is estimated to be $100,000. The major items of cost are for painting, rewiring, roofing, plumbing, new toilet facilities and new vault space.

After reviewing the plans and estimate, the committee was unanimous that the Town should not remodel the Vose School for office purposes.

If $100,000 were spent to remodel the Vose School, it would still be an old building, unsuited for office purposes. The building is now about 70 years old and the average useful life of such a building is only fifty years.

While the estimate includes $4,600 for roofing work, this figure does not contemplate complete renovation of the roof. If the building is maintained for any length of time, it is reasonable to expect an additional large expenditure of money for complete renovation of the roof, including replacement of the copper and major repair of the slate roof.

The mechanical equipment in the building is obsolete and although the estimate includes $5,300 for plumbing, $7,500 for heating and $7,060 for electrical work, additional future periodic expenditures for repairs and replacement would be considerable.

The plan calls for renovation of only part of the first and second floors of the building, leaving the remainder in its present condition.

Although but a small part of the building would be actually used, there would necessarily be added expense in maintaining the rest of the building. In addition to heating the used portion of the building to a normal temperature, it would be necessary to keep the remainder of the building heated to a temperature of at least 50 degrees to prevent excessive deterioration and to prevent drafts and heat loss in the used portion. The entire exterior of the building would have to be maintained. This would include the painting of an excessive number of window frames and sashes and also keeping the entire exterior masonry in good repair.

New Construction

The committee is unanimously of the opinion that the Town should provide the additional office space needed by new construction. This construction could take the form of an addition to the Town Hall or an entirely new building that would replace the Town Hall, Vose School Building and the Thacher Building.

An addition to the Town Hall can be built for $110,000, and such an addition would be cheaper to operate and maintain than the Vose Building and would provide more efficient quarters for its town employees. Eventually, however, a modern Town Office Building should be constructed and the question seems to be whether the time has not now arrived for such a building. However, while the construction of a small modern addition to the Town Hall would be preferable to a remodeling of a huge, obsolete structure such as the Vose School Building, it would still be a temporary measure.

The permanent solution of the problem would be the construction of a simple, modern office building that would replace the Town Hall, the Vose School Building and the Thacher Building, and the question is now raised as to whether the time has not now arrived to construct such a building.

Appendices

Statements obtained from the Town departments as to their need for additional space, a plan for remodeling the Vose School Building, the estimate of cost for remodeling the Vose School Building, and a plan and estimate of cost of a possible addition to the Town Hall are on file in the office of the Board of Selectmen.

Conclusion

(1) The Town urgently needs an additional minimum of 6,600 square feet of office and vault space.

(2) The Vose School Building is obsolete in plan and construction and if remodeled at a cost of $100,000 would be costly to operate and maintain.

(3) New construction in the form of an addition to the Town Hall that would provide the needed additional space at a cost of $110,000 would be a wiser investment.

(4) The operation and maintenance of three buildings — the Town Hall, Vose School Building and the Thacher Building — is unwise from a long range planning point of view.

(5) The construction of a new, simple, modern office building, designed for expansion to take care of any eventual needs of the Town would be the wisest investment of all.

Recommendations

(1) That the Town appropriate the sum of $5,000 in order to demolish the Vose School;

(2) That a new committee be appointed to study the manner in which the needs of the Town for additional space can be met by new construction and to bring in preliminary plans and estimates of cost;

(3) That the sum of $5,000 be appropriated for the use of said committee.

REPORT OF SPECIAL COMMITTEE APPOINTED UNDER ARTICLE 56 OF THE 1955 MARCH MEETING WARRANT

January 18, 1956

This is the report of the Committee appointed under Article 56 of the Warrant of the March 1955 Town Meeting to study the housing and servicing of Town equipment, made as directed by vote of the Town, in conjunction with the study of the possible use of the Vose School Building for office and other space.

This Committee has submitted its report on the study of the Vose School Building under Article 55 and in it stated that it was unanimously of the opinion that additional needed office space should be provided by new construction.

The possibility of using the Vose Building for office space and for housing and servicing Town equipment has been considered as well as the use of the building for the sole purpose of housing and servicing of equipment. It is the unanimous opinion of the Committee that the Vose Building is entirely unsuited for either use.

The Town did not vote authority or funds necessary for the study of vehicle requirements other than in connection with the Vose Building study, therefore no specific recommendation is made except that if the Town wishes a study of the problem to be made a new committee should be appointed and provided with the necessary authority and funds, and that this study include the possible creation of a Public Works Department.

REPORT OF COMMITTEE ON INSURANCE APPOINTED UNDER ARTICLE 61 OF THE TOWN MEETING HELD IN MARCH, 1955

November 30, 1955

The Honorable Board of Selectmen
Town of Milton
Massachusetts

Gentlemen:

Article 61 of the Warrant for the Annual Town Meeting held March 19, 1955, provided, and the Town voted as follows:

> "ARTICLE 61. To see if the Town will vote to authorize the Moderator to appoint a committee of three citizens to study, in consultation with the Town Insurance Advisor, the requirements of the Town of public liability and motor vehicle liability insurance coverage; to determine the amounts of such insurance coverage needed by the Town; to submit its recommendations for the best procedures in placing such insurance for the Town; the said committee also to prepare such Articles for the Warrant of the 1956 Annual Town Meeting as the committee believes desirable to carry out its recommendations; and to file its report and said Articles with the Board of Selectmen on or before November 1, 1955; and to act on anything relating thereto."

Acting on the vote, the Moderator appointed the undersigned, a Committee on Insurance, and the Committee herewith submits its Report. The Board of Selectmen extended the time for the filing of this Report to on or before December 1, 1955.

Public liability may be defined, for the purposes of this Report, as liability to the public based on negligence other than negligence in the operation of a motor vehicle. Within this definition would fall an injury caused by the careless removal of a tree, by the careless maintenance of a building, or by carelessly permitting ice to accumulate on a building. Public liability insurance may thus be defined to be a contract whereby the insured is protected, within the policy limits, from the expense of the defense or settlement (which term as used hereafter includes the expense of the payment of a judgment) of a claim arising from such negligence.

Motor vehicle liability may likewise be defined as liability to the public based on the negligent operation of a motor vehicle. So, motor vehicle liability insurance is a contract to protect the insured, within the policy limits, from the expense of the defense or settlement of a claim arising out of such negligent operation.

Fundamental to the problem of insurance is to consider in what areas the Town may be held liable for the negligent acts of its servants or agents. Because it is a municipal corporation, the Town is not liable for careless acts of some of its employees while it is liable for careless acts of others. In general, the Town is not liable for careless acts of its employees who are engaged in the gratuitous performance of strictly public functions imposed by mandate of the legislature or undertaken voluntarily by its permission, from which is derived no special corporate advantage, no pecuniary profits and no enforced contribution from individuals particularly benefited by way of compensation for use or assessment for betterments. Thus, while the Town is liable for accidents occurring in the operations of its Sewer and Water Departments, it is not liable for accidents occurring in the operation of the Police, Fire and School Departments, to select clear-cut examples. The Town is not liable for the negligent maintenance of its Town Hall if the Town Hall is used solely for public purposes. However, it does become liable if the Town Hall is let for hire on the ground that the property is not being used solely for a public use but is being used in part for profit. But where the income is insignificant, the dominating public character is unchanged so that there is no liability. Where to draw the line between a significant and an insignificant amount of income is a legal matter for Town Counsel.

In some cases the legislature has imposed liability where, otherwise, none would exist. For example, a town is liable by statute for defective streets, but, in the case of Milton, the limit of liability is $4,000 for each accident.

The law for negligence of town officers and servants is complex. The problem in each case is not the rule of law but its application to a particular situation. This Committee has relied on a memorandum of Town Counsel with respect to the general principles involved. It will suffice to consider the insurance needs of the Town in the light of, first, negligent acts for which the Town is liable and, second, negligent acts for which it is not liable.

The Town is not liable for the negligent operation of a fire truck. If, on the way to a fire, a fire truck operated by an authorized member of the Fire Department injured a person because of its negligent operation, the injured person would have a claim against the operator of the truck as an individual, but would not have an enforceable claim against the Town. The injured person may sue the operator and would recover if the operator were found to have operated the vehicle negligently. Thus, even though the Town may not suffer any financial loss, its employee who operated the vehicle would be liable. Moreover, both the Town and the employee would be subject to the cost of defending the claim no matter what the outcome. By statute (G.L. [Ter. Ed.] Chapter 41, Section 100) the Town is required to indemnify a police officer or fireman to an amount not more than the amount recommended by the board or officer authorized to appoint police officers and firemen for expenses or damages sustained by him while acting as a police officer or fireman or incurred by him in the defense or settlement of an action brought against him for acts done by him while so acting. Although the statute is mandatory, it leaves scope for the exercise of discretion in the determination of the amount recommended. Thus, although one would expect that in most instances the fireman or police officer would be fully recompensed, there is no requirement that this be the case.

The Town may be held liable for the negligent operation of one of the vehicles of the Water Department. In that case, an injured person would have a claim against both the operator of the truck and the Town and could be awarded damages against both, although he could only enforce payment by one. Such insurance attaches to the vehicle so that anyone who operates the vehicle would be covered. The Town is not liable for the negligence of a policeman in the performance of his duties, but the Town would be liable if an employee of the Water Department in the course of his duties for that Department drove a police car negligently causing an injury. It is conceivable that in an emergency this situation might occur.

The Town, at present, carries bodily injury public liability insurance on buildings and operations of the Sewer and Water Departments in limits of $50,000 each individual and $100,000 each accident. The annual cost for these coverages is $455.70. The Town now carries motor vehicle liability insurance on vehicles of the Water and Sewer Departments, with personal injury limits of $50,000 each individual on the Water Department policy and $25,000 on the Sewer Department policy, $100,000 each accident and property damage limits of $5,000 on both policies. The annual cost of this insurance is $1,284.95. The Town carries a bodily injury public liability policy on the Town Hall and school buildings and the operations thereof with limits of $50,000 for each individual and $100,000 for each accident, at an annual cost of $508.05. Finally, the Town also carries a steam boiler explosion policy which provides for periodic inspection of the Town's boilers and covers the Town's liability for property damage to both its own property and to the property of others, with limits of $20,000 for each accident for low pressure boilers and $100,000 for each accident for high pressure boilers; if claims for damages to Town property should fall short of the $20,000 and $100,000 limits in each case, the excess is available to cover the Town's liability for bodily injury and property damage to third persons. The Committee believes that, although this policy overlaps into the field of public liability insurance, it is a specialized form of insurance not within the scope of its inquiry.

The Committee has considered the reasons for and against the purchase of liability insurance as follows:

1. *Employee Relations:* With respect to a non-liability activity, the Town employee who, in the course of his Town duties, injures a person because of his negligence, can be held personally liable to the person injured, although the Town cannot be held liable. The Committee has been advised that this possibility is a matter of some concern to employees of departments, such as the Fire and Police Departments, engaged in such activities. Motor vehicle liability insurance on vehicles engaged in such a non-liability activity would protect that person from personal liability within the policy limits. Similarly, public liability insurance covering non-liability activities would protect the persons so engaged from similar personal liability.

On the other hand, as far as the Committee has been able to ascertain, no Town employee has been put to any expense on account of a claim for negligence against him arising out of his official duties and arising out of such a non-liability activity. In such cases, the defense of the claim has been undertaken at the Town's expense by Town Counsel and the employee has been reimbursed for any expense of settlement by the Town at a Town meeting. Hence, it appears that although an employee engaged in such activity may be liable for expense, as a practical matter, the expense has been assumed by the Town. However, it should be noted that, subject to the provisions of G.L. (Ter. Ed.) Chapter 40, Section 100, referred to above, there is no legal obligation on the Town to assume such expense and any obligation that exists is merely a moral one. Should the Town purchase insurance to cover such activities, it is, in effect, obligating itself to assume such expense during the period such insurance is in effect.

As to activities with respect to which the Town has no liability exemption, employee relations are not a problem. In this case, although both the employee and the Town would be liable for the employee's negligence, the Town assumes the sole financial burden of defense and settlement. An injured person, in such a case, would ultimately look solely to the Town for satisfaction; although, technically, he could collect a judgment against the individual.

2. *Expense of Defense:* Though the Town may not be liable for a claim, if it is named as a defendant, it must defend the claim. If insurance is purchased, the expense of defense as well as the expense of settlement (within the policy limits) is borne by the insurer.

3. *Insurance as an Invitation to Claims and Claim-mindedness:* The Committee believes that insurance coverage generally results in increased claims. This leads to increased insurance cost. The Town has had a remarkably few claims made against it and has been put to relatively little expense arising out of negligence. It is felt that the

purchase of insurance by the Town to cover liability for negligence will possibly lead to a greater number of claims and greater overall cost.

The Committee is also aware that in recent years the number of claims and the aggregate amount involved has been steadily on the increase. This may result in increased claims being made against the Town irrespective of the existence of insurance.

4. *Exemption for liability:* At present, by the common law (non-statute law) of Massachusetts, a municipal corporation such as Milton is not liable for the negligent performance of many of its operations. The Committee feels that, although the reason for this statute may now be outmoded, it is a valuable asset to the Town.

5. *Change in Law:* The Committee has considered the fact that the exemption referred to in the preceding paragraph may be changed, either by legislative act or by judicial decision, so that the Town may become liable for the negligent conduct of operations for which formerly it was not liable. However, it is believed that if any such change occurs, the Town will have an opportunity then to examine its liability insurance in the light of such change, except, of course, if such judicial decision involves the Town.

6. *Practice of other Towns:* The Committee inquired of several towns in the vicinity of Boston their insurance coverage. Of the ten towns answering, seven carried motor vehicle liability insurance on all vehicles, including vehicles for the operation of which it was not legally liable, while two carried insurance on vehicles for the operation of which the towns were liable but did not carry insurance on other vehicles. One town insures police department vehicles, yet does not cover fire department vehicles. Only two of the ten carry public liability insurance on public buildings such as the Town Hall.

7. *Self Insurance:* Aside from its liability exemption as a municipal corporation, the Town is in a position unique from most insurance purchasers. Most individuals or corporations require insurance to provide protection from the possibility of becoming insolvent as a result of a large judgment or, in the case of fire insurance, from a large fire loss. The Town is not in this position, as it is unlikely that a judgment could be recovered against it which would cause its insolvency. A judgment or a claim would be reflected in the tax rate on the basis of about $40,000 to $1.00 per thousand of assessment based on current valuation.

8. *Validity of Waiver of Municipal Exemption:* Where the Town purchases insurance to cover exempt risks, the insurer agrees in the insurance contract that it will not raise the Town's exemption as a municipal corporation as a defense in any action brought against it. The Committee has been advised by Town Counsel that, in his opinion, there is a grave question as to whether a court in dealing with a case brought against the Town in the exempt area would not, as a matter of law, rule that the Town is not liable notwithstanding the fact that the defense of non-liability is not raised.

9. *Comparative Cost:* To determine comparative costs, the Committee obtained from Town Counsel and from the insurance carriers records as to claims paid on behalf of the Town during the period 1950-1954, inclusive, and compared this with estimates submitted by the Town Insurance Advisor as to the cost of the particular insurance coverage concerned. As insurance covers not only the cost of settlement of the claim, but also the cost of defense, the Committee arbitrarily estimated the cost of defense at 25% of the amount paid in settlement. Thus, if the settlement were $100, the claim was estimated to have cost $125.

The following statistics are based upon claims made, from which no payment results and, hence, do not reflect a cost attributable to claims made as to which no payment results.

In dealing with the subject of comparative cost, the Committee first deals with street defect liability (which is includable within the term "public liability" but which is considered here separately for convenience), public liability and, finally, motor vehicle liability.

(a) *Street Defect Liability:* There are about 67 miles of public streets in Milton for the maintenance of which the Town is responsible. At present, the Town does not carry insurance to cover its liability for defects in these streets. By statute, a Town is liable for defective streets, but Milton's liability is limited to $4,000 for each accident. Town Counsel informed the Committee that the claims paid by the Town through his office for the period 1950-1954, inclusive, totaled $394.35; allowing 25% for the cost of defense, $98.59, for a total cost of $493.94, or $98.79 per year. The Town Insurance Advisor procured a bid for this coverage, with limits of $5,000 for each individual and $100,000 for each accident, at $2,535 per year for personal injury insurance and $750 per year for property damage insurance; a total of $3,285 for both coverages.

(b) *Public Liability:* At present, the Town carries bodily injury liability insurance, with limits of $50,000 for each individual and $100,000 for each accident, on buildings and operations of the Sewer and Water Departments. This insurance costs $455.70 per year. For the five-year period, 1950-1954, the insurer paid no claims on these coverages. Thus, the comparison is an annual insurance cost of $455.70 against annual claims paid of zero. The Town would be liable for the negligent operation of these departments.

The Town carries bodily injury public liability insurance on the Town Hall and on the school buildings. The Committee has been advised by Town Counsel that the Town may be liable for the negligent operation of the Town Hall where the building is used in whole or in part to produce income to the Town. However, the Town Counsel further advised the Committee that, in his opinion, the Town is not liable for the operation of the school buildings notwithstanding the fact that the buildings may be used to produce income to the Town. The cost of this coverage is $508.05 per annum, and, under the terms of the policy, the insurer has agreed that it will not raise the defense of the exemption of the Town from liability because of its status as a municipal corporation. For the period 1950-1954, inclusive, the insurer reported no claims paid. The comparison is an annual insurance cost of $508.05 against annual claims paid of zero.

Comprehensive public liability insurance, covering all risks arising from the negligent maintenance of Town property or its negligent operations, excluding products liability (i.e. school lunches), liability for defective streets, and boiler explosion liability, with limits of $50,000 for each individual and $100,000 for each accident, would cost $1,889.88 per year. This cost is to be compared with annual claims paid of zero. This would involve an additional yearly cost to the Town of $926.14 because included in the figure of $1,889.88 is coverage for the Water, Sewer and School Departments and the Town Hall.

(c) *Motor Vehicle Liability:* At present, the Town carries motor vehicle liability insurance on vehicles of the Sewer and Water Departments. This coverage is with bodily injury limits of $50,000 for each individual and $100,000 for each accident property damage limits of $5,000. The annual cost to the Town for the three vehicles of the Sewer Department is $359.82 and $925.13 for the eight vehicles of the Water Department. The insurer reported that during the period 1950-1954, inclusive, $106 was paid on behalf of the Town on account of the Sewer Department and $586 was paid on account of the Water Department. To this total of claims paid should be added 25% to represent the cost of defense, or $173, so that the total cost of claims is $685 for the five-year period, or an average of $216.25 per year. The comparison is an annual insurance cost to the Town of $1,284.95 against annual claims paid of $216.25.

With respect to vehicles, other than vehicles on which there was no insurance, other than vehicles of the Sewer and Water Departments, Town Counsel reported claims paid during the period 1950-1954, inclusive, of $8,118.94. Of this figure, $6,500.00 was paid as a result of an accident in which a Police Department vehicle was involved. That sum was appropriated at a Town Meeting pursuant to recommendations of Town Counsel and the Warrant Committee even though it was the opinion of both that the Town was not legally liable. Adding the 25% estimated to cover cost of defense, $2.029.73, gives a total cost of $10,148.67 for the five-year period, or an average of $2,029.73 per year. An estimate submitted by the Town Insurance Advisor to insure those vehicles with bodily injury limits of $25,000 for each individual, $100,000 for each accident and property damage limits of $5,000 was $6,207.59 per year. The comparison is an annual insurance cost of $6,207.59 against an annual claim experience of $2,029.73.

Of the factors set forth above, the Committee has considered Exemption from Liability, Employee Relations and Comparative Cost to be the most significant. Whatever its ancient roots, the exemption of the Town from Liability for its negligence is a valuable asset and one which the Committee does not believe the Town should give up without very careful consideration. If the Town purchases insurance to cover these exempt risks, the insurer agrees that it will not raise the Town's exemption as a municipal corporation as a defense and, thus, in effect, by the purchase of such insurance the Town is waiving that exemption so long as the policy is in effect. As noted above, the Town Counsel has expressed doubt as to whether a court might not rule the exemption applies notwithstanding the fact that the defense was not raised. If this occurred, the premium cost which was based on the validity of the waiver would have been excessive in view of the risk involved.

The paramount reason and perhaps the only cogent one, for the purchase of insurance to cover exempt risks is to protect Town Employees. The Committee appreciated the position in which these employees are placed, but believes that in view of G.L. (Ter. Ed.) Chapter 41, Section 100 and the custom of the Town in the past to assume the expense of the defense and of the settlement of these claims, the fear and uneasiness of the employees exposed to such risks is based on a theoretical rather than a practical risk.

If the Town decides, in accordance with the Committee's recommendation, not to insure the exempt risks, the Committee wishes to emphasize most strongly that by so doing the Town has reaffirmed its undertaking to protect these employees from financial harm with respect to such exempt risks and is, in a moral sense, bound to do so.

A review of the comparative cost factor shows that, in all cases, the annual cost of the insurance is considerably in excess of the annual experience of claims paid, based on experience for the past five years.

As a result of these considerations, the Committee has determined and recommends that, except for insurance to cover the Town's liability for defective streets, the Town purchase public liability insurance with personal injury limits of $50,000 each individual and $100,000 each accident and motor vehicle liability insurance with personal injury limits of $25,000 each individual, $100.00 each accident, and property damage liability of $10,000, to cover risks for which the Town may be liable. Though the experience of claims paid in this area is considerably less than cost of the insurance, the Committee believes that the exposure to liability and the risk of serious loss outweighs the disproportionate comparison. However, the Committee has determined and recommends that the Town decline to purchase public and motor vehicle liability insurance to cover activities of the Town for negligent conduct of which it is not liable. As the Town now carries public liability insurance on the School Department and as the Town is not liable for the negligent operation of this Department, this recommendation means that this coverage be cancelled. The Committee also has determined and recommends that the Town decline to purchase insurance to cover its liability for defective streets in view of the limitation of liability and the disproportionate comparison of cost to experience.

Implicit in this determination is the necessity for continuing study of the law of municipal exemption and the operations of the various Departments so that the Town may know for what activities it is or is not liable.

Based on present figures, about $40,000 of appropriations equals a tax of $1.00 per $1,000 of valuation; or $1,000 of appropriation equals 2½c on the tax rate. Using these figures, the cost of insurance discussed in the Report in terms of the tax rate is as follows:

Insurance	*Annual Cost*		*Cost on Tax Rate* (approx.)
Insurance now carried:			
Public liability			
Water and Sewer Departments	$ 455.70		1¼c
School Department and Town Hall	508.05		1¼c
Total		$ 963.75	2½c
Motor vehicle liability			
Water and Sewer Departments	1,284.95		3 c
Total		1,284.95	
Total cost of insurance now carried		$2,248.70	5½c
Insurance not now carried:			
Public liability			
Street defect	$ 3,285.00		8 c
Comprehensive (excluding Sewer, Water and School Departments and Town Hall)	926.14		2½c
Total		$ 4,211.14	10½c
Motor vehicle liability			
All vehicles except Sewer and Water Departments	6,207.59		15½c
Total		$6,207.59	
Total cost of insurance not now carried		$10,418.73	26 c

The Committee was instructed to submit its recommendations for the best procedures to be followed in placing public liability and motor vehicle liability insurance for the Town. The Committee understands that these types of insurance are purchased by the Town on a departmental basis. In other words, it is up to the head of each department to determine what insurance his Department should carry. The departmental budgets are then prepared to reflect the insurance desired and these budgets are reviewed by the Warrant Committee and are finally voted by the Town. The function of the Town Insurance Advisor is first, to advise the Department heads and the Warrant Committee as to the insurance coverage best suited for the Town, and second, to purchase for the Town such insurance as he may be instructed to purchase.

The scope of the Committee's investigation was limited to public and motor vehicle liability insurance. Besides this insurance, the Town is concerned with problems of fire insurance, boiler explosion insurance, workmen's compensation insurance, surety bonds for the public officials and other types of insurance. Thus, the Committee has been concerned with only a fraction of the insurance problems which the Town faces. It was impressed by the detail involved in the consideration of the narrow field within which it worked and believes that problems similar to the problems it studied must exist with respect to the other forms of insurance. With this in mind, the Committee recommends that there be appointed a permanent committee to study the Town's insurance problems and advise it with respect to its general insurance needs. In effect, this Committee would assume the first of the present functions of the Town Insurance Advisor. The second function of the Town Insurance Advisor should remain unchanged in that it should be through him that insurance be purchased for the Town. It is suggested that the permanent committee consist of three persons—two persons appointed by the Selectmen and one by the Moderator. It would be helpful if one were a member of the Bar and another a man experienced in insurance problems.

The Committee does not believe that it is necessary to have an Article in the Warrant with respect to the establishment of such a permanent committee. If it is considered that such Article is advisable, the Committee would be glad to submit its suggestions.

In conclusion, the Committee wishes to express its appreciation to the Town Insurance Advisor, Mr. John T. Rockwood, for the many hours which he had spent preparing estimates and other material for the Committee's consideration, and to Town Counsel, Frank B. Frederick, Esquire, for his advice and help with respect to the legal aspects of the Town's liability for negligence. Finally, the Committee was impressed by the excellent claim experience of the Town. The record for the past five years has been a remarkable one and it is due entirely to the care with which the Town's employees have carried out their duties. To them, the Town owes a vote of thanks.

Respectfully submitted,

LEON CANGIANO
JOHN T. KEYES
WALTER N. KERNAN, *Chairman*

REPORT OF THE COMMITTEE APPOINTED UNDER ARTICLE 65 OF THE 1955 MARCH MEETING WARRANT

To: The 1956 Annual Town Meeting,
Board of Selectmen, and
Warrant Committee

In March, 1955, the Annual Town meeting, for the third time, did not approve an addition to the Central Library building.

That same Meeting, after some hesitation, voted another study, the fourth, and the Committee appointed herewith reports.

(For Town Meeting Vote, see Appendix A, attached.)

The votes at these three Town meetings led us to the conclusion that a sufficient number of Town meeting members have believed either that no addition was needed or that each of the proposals was more elaborate and costly than required.

Essentially, the problem presented to this Committee can thus be resolved in this question: — Does the Central Library building of Milton need additional facilities properly to take care of the needs of its people, both young and adult and, if it does, how can these facilities be provided at a minimum initial investment and the least increase in annual operating cost?

Soon after appointment, we conducted a preliminary investigation of the Central Library building and its facilities.

To us, the building appeared to be deficient in the following respects: (a) unsuitable and consequently too little used facilities for the younger children, (b) inadequate reading room space for adults and young adults; (c) insufficient stack facilities, as evidenced by the filling of every nook and corner in the basement with books and periodicals; and (d) too small work space for the staff.

We also felt that the solidly constructed building would not readily nor inexpensively lend itself to major structural changes that might remedy conditions and that any steps in that direction appeared neither feasible nor desirable.

Inasmuch as four of us had only a layman's knowledge of libraries and did not possess any special qualifications in the highly technical field of what would constitute satisfactory library facilities for a town of the size and character of Milton, we decided that professional assistance should be obtained before we could arrive at a sound decision as to the need, if any, of additional library facilities for Milton.

The following outstanding authorities on Libraries in the Greater Boston area gave generously of their time and knowledge to a member of this Committee who sought their advice on a proper approach to the determination of the real requirements of the Milton Library:

Mr. Milton E. Lord: Director, Library Department, City of Boston.

Mrs. V. Genevieve Galick: Director, Massachusetts Division of Library Extension.

Mr. Keyes DeWitt Metcalf: Professor of Bibliography, Harvard University; Director, Harvard University Library; Librarian, Harvard College.

Mr. Douglas Wallace Bryant: Administrative Assistant Librarian, Harvard College.

It was the consensus of these authorities that the Committee should secure the services of a qualified professional librarian to make a survey of the Milton Library and to report changes, if any, necessary to bring it to the proper standard for a town the size and character of Milton. Of the various Professional Librarians qualified to make such a survey, Mr. Philip J. McNiff, Librarian since 1948 of the Lamont Library, Harvard University, and John A. Humphry, Director since 1948 of the City Library, Springfield, Massachusetts, were recommended as the best qualified to make a survey of the Milton Library. Accordingly, to survey the Town's library system and to advise us, we engaged the services of Mr. McNiff and Mr. Humphry.

(For their qualifications, see Appendix B.)

We requested Messrs. McNiff and Humphry to make a completely objective study of the library facilities. We explained to them the recent proposals for an addition to the Central Library building and their reception at Town meetings. We also indicated that apparently from the wording of the 1955 Vote referring to a "suburban" library, an opinion existed that perhaps effort was being made unduly to expend the Library facilities in this Town on the basis of standards for a large metropolitan city instead of for a town of 25,000 inhabitants. Finally, we told them that if measures could be taken to alleviate crowded conditions for users, staff and books, and to improve reading room facilities for children and adults whereby no library addition would become necessary, such findings would be entirely satisfactory to us.

As an additional means of professional assistance (available to the Town without cost) the Committee invited Mrs. V. Genevieve Galick, Director of the Division of Library Extension in the State Department of Education and Miss Alice M. Cahill, the Division's Supervisor of Field Services, to conduct an independent survey of the Town's library facilities and to indicate deficiencies thereof, if any.

The 1955 Town Meeting Vote, directed this Committee, in part, to make a study of the Library requirements in relation "to the school system whose own library facilities are expanding." We understood this language to mean that we were to ascertain whether or not the plans and actions of the School Committee to provide expanded library facilities in the schools would reduce the dependence of the school children upon the Central Library.

At a conference between the members of the School Committee and us, with Dr. Owen B. Kiernan, Superintendent of Schools, in attendance, this subject was thoroughly explored and we were informed that any expanded program of school library facilities for the housing and reading of reference books and supplementary texts would, in the opinion of the school authorities, lead to a greater demand by the school children upon the Central Library than at present and increase the use of its facilities.

Late in the Fall, we received reports on the two surveys. They are comprehensive, specific in their observations and recommendations and in substantial agreement as to the needs of the Central Library.

(For report of Messrs. McNiff and Humphry, see Appendix C and for report of Mrs. Galick and Miss Cahill, see Appendix D.)

After study and thorough consideration of these reports, we accepted their findings as to the needs of the Central Library. We also accepted the specific recommendations of Messrs. McNiff and Humphry as to how these needs could best be met.

The recommendations of Messrs. McNiff and Humphry were reviewed by Mrs. Galick who concurred with them, as is indicated by the following letter received by the Committee:

> "Through the courtesy of General McSherry, I had the opportunity recently to read the survey of the Milton Public Library as prepared by Messrs. Philip McNiff and John Humphry.
>
> "I should like to say here that I concur in all the basic recommendations made by these gentlemen. I believe that their recommendations and suggestions are sensible and sound and that they will not only solve the present overcrowded conditions there at the library but will make it possible to provide for the community in the future good library service in the modern sense of the term."

Sincerely yours,

(signed) V. GENEVIEVE GALICK

We then engaged the services of Shepley, Bulfinch, Richardson and Abbott, Architects and Engineers, to draw preliminary sketch plans to carry out the above recommendations. In addition, the architects prepared outline specifications and a professional estimate of costs. This firm had drawn plans for the three previous proposals and had, in fact, longer than one-half century ago, designed the existing building and was thus thoroughly conversant with the subject and in possession of all factual data. From the viewpoints of saving time and money we were fortunate in being able to call upon this firm for its services.

(For a list of libraries designed in recent years by Shepley, Bulfinch, Richardson and Abbott, see Appendix E, and for the professional background of Messrs. Joseph P. Richardson and James F. Clapp, Jr., associated therewith, see Appendix F.)

During the later phases of our study, we conferred with the Trustees of the Public Library and with the Planning Board, which Town Officers approved the plans we proposed to recommend.

We also conferred with Joseph J. O'Brien, Chairman and Miss Anne G. Shewell, Member, of the World War II Memorial Committee, as to the designation, after alteration and refurnishing, of the large room to the left of the front entrance to the Central Library as the "World War II Memorial Room" in commemoration of those citizens of the Town who lost their lives in that War. In this respect, our recommendation is similar to that of the previous committee, except that the Memorial Room would be to the left instead of to the right of the front entrance to the Library.

After most careful consideration of all factors concerned, we recommend the following:

The construction of an addition to the Central Library building and alterations to the present building and mechanical work and furniture and equipment in both, all together as shown in the survey report of Messrs. McNiff and Humphry (attached Appendix C, pp. 5-7 thereof) and in the preliminary sketch plans ((attached as Appendix G) and outline specifications (attached as Appendix H) submitted by Shepley, Bulfinch, Richardson and Abbot.

The budget required to carry out the above recommendation for new construction, alterations in present Library building, and equipment and furnishing in both — is as follows:

1. CONSTRUCTION COST	
A - New Addition	$ 76,993
B - Alterations to present building	18,302
C - All mechanical work and book lift	42,000
D - Book stacks	9,300
2. SITE DEVELOPMENT	7,385
3. ARCHITECTS' AND ENGINEERS' FEES	16,000
4. FURNITURE AND EQUIPMENT	15,000
5. INCIDENTALS, CLERKS OF WORKS, etc.	6,000
6. CONTINGENCY	15,520
Total	$206,500

In order to frame Articles embodying the above recommendation for inclusion in the Warrant for the 1956 Annual Town Meeting, we further recommend:

1. That the Town appropriate $206,500 for the construction of the addition and alterations to the Central Library and for equipment and furnishings thereof.
2. That the Town appoint a building construction committee to procure necessary plans, specifications and bids for this proposed addition and alterations to the Central Library and equipment and furnishings thereof, and supervise the construction and equipment of same.

The estimated costs to carry out the plans for an addition to the Library as proposed at prior Town Meetings were as follows:

Year Submitted to Town Meeting	*Estimated Cost*
1953	$385,000
1954	299,100
1955 (same plan as 1954 difference due to higher costs)	312,500

We believe that the addition and alterations to the Central Library now proposed will provide, for the present and for years in the future, all the facilities that are needed, — not less — not more, — at a moderate investment. A concentration of library services to the public, as provided by the recommended plan, will permit efficient utilization of personnel with the result that the annual increase in operating costs should be relatively small.

In a word, we think the plan provides for needed improvements in our Central Library on an economical basis.

We wish publicly to express our thanks to Messrs. McNiff and Humphry who gave of their skill, knowledge and time much more generously than could have been expected; to Messrs. Richardson and Clapp who enthusiastically and understandingly designed plans and furnished estimates of costs on a new and more economical basis; to Mrs. Galick and to Miss Cahill for their advice and for the benefits derived from their survey report; to Mr. Lord, Professor Metcalf and Mr. Bryant for their advice and assistance; to Mr. O'Brien and Miss Shewell of the World War II Memorial Committee for expressing their views; to the Library Trustees, particularly to their Chairman, Mr. C. Rodgers Burgin and to Miss Marjorie R. Shaw, Librarian, who attended several of our conferences and were most helpful in furnishing us with information; to Mrs. Katharine P. Jeffrey, School Librarian; to Mr. Kenwood M.

Cappers and Mr. Harvey L. Chandler, the Library Custodians, whose departure for home was delayed many times on our account; to the members of the School Committee; to Dr. Kiernan; and to the Chairman and other members of the Planning Board; all of whom were most co-operative.

Respectfully submitted,

LOUIS P. MATHIEU, Chairman
EDWARD P. LAKE
FRANK J. McSHERRY
ELIZABETH S. SMYTH
EDMUND R. MITIGUY

1955 TOWN MEETING VOTE

VOTED: That the Moderator be authorized to appoint a committee of five persons to make a study of the requirements of a suburban library in relation to the needs of the Town and to the school system whose own library facilities are expanding, said Committee to report to the Warrant Committee and the Selectmen on or before November 1, 1955, and to the next Annual Town Meeting; and that the sum of $2,500.00 be appropriated for the use of said committee.

EDUCATIONAL AND PROFESSIONAL BACKGROUND OF LIBRARY CONSULTANTS

PHILIP J. McNIFF

A.B., Boston College 1933; B.S., Columbia 1940
Student assistant Brookline Public Library 1926-33
Circulation assistant Newton Free Library, 1933-35
Librarian, West Newton Branch Library 1935-40
Head of Catalog Department, Newton Free Library 1940-42
Reference assistant, Harvard College Library 1942-43
Superintendent of the Reading Room, Harvard College Library 1943-48
Librarian, Lamont Library 1948 - to date
Assistant Librarian, Harvard College Library 1949 -
Member of the Faculty of Arts and Sciences 1954 -
Member: American Library Association, Massachusetts Library Association, New England Library Association, Eastern College Library Association, Boston Regional Group of Catalogers and Classifiers.
Director, Cambridge Center for Adult Education
Library consultant for surveys in Newton, Quincy, Winchester, and Corning, New York.
Editor: "Catalogue of the Lamont Library, Harvard College"; contributor to professional periodicals.

JOHN A. HUMPHRY

A.B., Harvard 1939; M.S., Columbia 1941
General assistant, Harvard College Library, 1939-40, 41-44
Assistant, New York Public Library, 1940-41

Field service consultant, United States Office of Scientific Research and Development, 1944-46
Director of Processing, Enoch Pratt Library, Baltimore, 1946-48
Director, City Library Association, Springfield, 1948 - to date.
Member: American Library Association, Massachusetts Library Association, New England Library Association, Western Massachusetts Library Association.
Associate in Public Library Administration, Simmons College, 1952 to date
Member of the United Nations Association, Librarians Advisory Council 1948-50
Member of the Springfield Adult Education Council
Library consultant for surveys in Newton, Quincy, Winchester and Corning, New York
Contributor to professional periodicals

Appendix C

TO THE SPECIAL COMMITTEE ON THE LIBRARY

At the request of your committee this survey of the Milton Public Library has been made to assist you in determining the need for additional library facilities. At the outset the surveyors wish to thank the committee, the Librarian and the members of the library staff for their cooperation in this study.

I. Introduction

The present main library building, built in 1904, was quite adequate for the era in which it was constructed and has, in fact, stood the test of time much better than most of its contemporaries. Most library buildings of the early nineteen hundreds stressed the monumental rather than the functional aspects. High ceilinged reading rooms, thick inflexible outside walls, and multiple small rooms with permanent partitions made future changes expensive and frequently impossible. The present main library building, while inadequate, is not obsolete and could be utilized as the principal part of an enlarged central library.

After careful study we agree with the general statements in the October 30, 1953 and December 28, 1954 reports of the Special Library Committee appointed by the Town Meeting noting that,

"(1) The present reading room facilities do not provide separate space for the separate needs of adults, teen-age groups and children;

(2) The total available reading room space is inadequate;

(3) The working space for the staff is too small;

(4) The available room for storage of books is insufficient."

More advantageous use of space in the present building has been mentioned in previous reports particularly in regard to the use of the Art Exhibit Room and unused basement areas. Any plan to utilize the Art Exhibit Room for a reading area or for book storage would require new supporting beams and ought to include the extension of that floor over the present reference and childrens rooms. Such a plan would not take care of the future needs of the library, would be relatively expensive to carry out, and would result in serious interruption of library service for many months. The end result would not be satisfactory from a functional viewpoint and would destroy the architectural features of the two reading rooms. The probable reactions of the townspeople to such a plan would be hostile and damaging to the library. In addition, the art gallery serves a useful function in bringing to the attention of children and adults cultural and educational exhibits; it affords local residents an opportunity to display their artistic talents.

A recent report of the Warrant Committee recommended that a proposed addition be deferred pending further study "on the aims and functions of a suburban library", Except for certain inadequacies in its Central Library building, the town of Milton has a good library system for a suburban community in the Metropolitan Boston area. It measures up to the American Library Association's standards in regard to book stock, size and quality of staff, the number of registered borrowers, and the number of books in circulation. The three library buildings are reasonably well located for present and future library service to the community and no new branches are recommended. A new children's room is to be opened in the East Milton Branch during the fall of 1956. Funds provided by gift to the library are financing this improvement. In the near future a children's room should be established in the Kidder Branch in order to complete the expansion of the Branch library program.

II. The Central Library Building

The Central Library building is not adequate. A library should not only collect materials needed but also it must organize its resources so that they are readily available. The lack of stack space in the Milton Library requires the storage of many adult and juvenile books in relatively inaccessible locations. This arbitrary and illogical arrangement seriously impedes the use of the library's resources. The lack of proper facilities for work with children and the inefficient processing operations due to lack of proper work space emphasize the need for expansion.

The introduction to the "Preliminary Statement of Revised Standards for Public Libraries", prepared during 1954 and 1955 by a committee of practicing librarians for the Public Libraries Division of the American Library Association, states "The public library has become an essential instrument of our common life. As a democracy, we make major public decisions through widespread citizen participation. The public library is at hand to provide free access for all to the reliable current facts, to the background of reasoned opinion, and to the deeper insights which enable public decisions to be wise as well as popular. As a free society, we strive to make opportunity for the good things of life widely shared. The public library stands at the community crossroads, serving not any single group, but young and old, rich and poor with the means of occupational growth and the enrichment of personal life in hours of leisure."

Milton must expand and modernize its Central Library building if it hopes to give first-class library service. Increasing school enrollments and the growing demands for supplementary reading in connection with the school curriculum require improved facilities for children both at the main library and the two branches. The continuing interest of the adult community in informal self-education as well as in recreational and cultural pursuits demands and warrants better library facilities.

In planning the expansion of the Central Library, it is well to keep in mind the following recommendation which appears in the American Library Association's recent *Public Library Service to America:* "The several sections of the library which readers use most frequently — book areas, reading areas, lending desk, catalog, information resources, and service stations — should be located as close together as possible. Similarly, the locations for receiving, processing, and cataloging materials should be interrelated and preferably on a single floor, and points for supervision of readers located for economical operation." The plans previously submitted call for too many separate rooms (Children's, Teen-age, School, Art and Music, Processing, Catalogue, Reference and Adult). Full time operation and supervision of these rooms would be expensive, the fifty-three foot stack which forms a connecting corridor between the old and the new buildings would present traffic and control problems. The segregation of the teen-age group and their orientation toward the children's room rather than toward the adult collection is not generally accepted practice.

The public rooms should be arranged for supervision at all times by the fewest possible attendants. To accomplish this it is proposed that all adult services be located on the main floor of the present building, with supervision from one control point, the present circulation desk. What is now called the circulation desk would in effect become a public service desk supplying circulation, reference, and advisory services for adults and young adults. Urgently needed stack space will be provided on this same level in an addition which is to be recommended. Service to children will be centered on the ground floor of the new unit and on the basement level of the present building. This concentration of services at two points will make more efficient use of the time and energies of the library staff and will best coordinate the services which the citizens of Milton can expect to receive from their public library.

III. Main Recommendation

That a new two-story building, containing approximately 5600 square feet of space, be added to the present Central Library. This unit should be of red brick and white trim of the same general pattern as the present building. The first floor of the addition would be on the basement level of the old building and is to be a children's room. Directly above the children's room on the same level as the main floor of the old building would be a stack floor. The building should be so constructed that a second stack level could be added at a later date.

The children's room in the proposed addition would provide space for some 24 readers at tables and for about 750 linear feet of shelving. The room should be equipped with furniture of varying sizes in order to take care of all age groups and arrangements should be made in one section of the room for story hours. If, at any time in the future, additional space were required for high school students during the evening hours, the junior high section of the children's room could serve as an auxiliary high school reading room. The work room area directly behind the control desk should house the picture and photograph collection. The 2800 square feet of space on the ground floor of the proposed addition is some 255 square feet less than was proposed for the children's area in the plan of October 21, 1953. The earlier plan called for 3055 square feet in an addition 58 feet by 45 feet, 6 inches, connected to the enlarged central stack area by a 24′ 6″ x 17″ photograph and stack corridor.

The new stack area above the children's room would include a combined cataloging and processing room. This area is above the shipping entrance and should be connected to it by an elevator. The new work room would permit an orderly and efficient processing operation, its proximity to the service center of the library would enable the processing staff to assist the service staff whenever needed. Approximately 30,000 volumes could be shelved in the new stack area which also would provide seating accommodations for 10 people.

IV. Supplementary Recommendations

The proposed addition would necessitate a number of changes in the old building. We recommend that the basement floor of this building be opened up as much as possible back to the heater and periodical storage rooms. This area, which is adjacent to the new children's room, would contain stack storage and work room space for the school collection. A weather-protected loading platform should be constructed adjacent to the stack stairwell and the present inefficient hand book lift should be replaced by a modern electric elevator. The public toilets should be modernized and the space underneath the terrace sealed off since this area probably contributes to the dampness on the ground floor and it might become a health menace. The present periodical storage room should be used for a staff room and emergency rest room for the general public.

On the main entrance floor of the old building, we recommend that the present reference room should be utilized as an adult reading room housing a popular reading collection. As previously recommended, this room should be designated as the "World War II Memorial Room" to commemorate the citizens of the town who lost their lives in World War II; a suitably inscribed plaque should be placed in the room. This room should be appropriately furnished and equipped to encourage the citizens to pursue reading interests which would further the cause of enlightened democracy, peace and freedom. It is further recommended that an annual exhibit be held showing books, photographs and related materials to commemorate the contributions of Milton citizens to the cause of peace. Standard 7′ 6″ high book shelves should replace the existing shelving; improved fluorescent overhead lighting should be installed, thus eliminating the need for table lamps; the chandeliers should be left for architectural effect.

The present children's room and the study room to the right of the main entrance would become the combined reference and young people's area. The opening to the study room from the main entrance hall should be walled in; the wall separating the two rooms should be removed, thus forming an open alcove. The shelving and lighting improvements recommended for the adult reading room should be duplicated in this area.

The Librarian's office should be moved across the hall to the present processing room where it would be adjacent to the vault. This location to the rear of the public service desk gives the Librarian direct supervision and control over the nerve center of the library's operation. The walls to the old office should be removed to form an inviting alcove area adequate to house the music record collection and listening equipment. Small listening units with earphones are recommended.

V. Conclusion

The addition recommended contains approximately 5,600 square feet and slightly under 60,000 cubic feet. Further delay in improving library facilities would not be in the best interests of the public school program and of the adult programs — educational, informational, recreational and cultural — which one expects to find in a community like Milton. The proposals outlined above would give the town of Milton a first rate suburban library at reasonable cost. The expansion of children's facilities at the Central Library and at the two branches is necessary unless Milton wishes to offer its children inferior educational opportunities.

A centralized adult service, efficient in operation, is proposed to supply books, professional guidance and interpretation for the enrichment of the lives of the citizens.

The town of Milton can take pride in the accomplishments of its public library. Its libraries and staff are doing a good job; the quality of the book collection is above average. The Central Library building is outgrown; increased population and greater school demands have applied new pressures; inadequate work space impedes the work of the staff; inadequate reading space discourages young and old from making full use of the library's resources. Milton cannot afford not to bring its library up to the level one expects to find in a first-class suburban community.

Appendix D

SURVEY OF MILTON, MASSACHUSETTS PUBLIC LIBRARY

by
V. GENEVIEVE GALICK, *Director*
ALICE M. CAHILL, *Supervisor of Field Services*
Massachusetts Division of Library Extension

October, 1955

This informal survey of the organization, facilities and services of the public library in Milton, Massachusetts was made at the request of the Special Town Library Committee. Its purpose is assumed to be to assist the Special Town Library Committee in evaluating the library's present program and in making recommendations for its improvement.

Visits were made by the survey team to the Central Library as well as to the East Milton and Kidder Branches and the Scotts Woods Reading Room. Informal conferences were held with Miss Marjorie Shaw, the Librarian, with General McSherry of the Special Town Library Committee and with Mrs. Conger Williams of the Town Warrant Committee. These visits and conferences confirmed the consultants' previous understanding that Milton is a thriving and growing community with a long tradition of good school and library service.

Before going on to the body of this report, we wish to express our appreciation to the library trustees, and to Miss Shaw and the members of her staff. The questions which everyone answered so graciously have assisted us immeasurably in rounding out the recommendations. It is hoped that the suggestions made in this report will prove helpful in developing a progressive public library program which will supplement an assumed equally vital school library program so that the total library needs of this community will be met cooperatively and with no undesirable and expensive duplication of effort or facilities.

Milton As A Library-Use Community

Milton is a community of homes with little or no industry and little likelihood of future industrial development due to zoning regulations. It would appear to rank high among communities of the state in economic and educational status — which would typify a community which can afford and will utilize good library service.

It is difficult to apply a uniform statistical system of measurement to libraries in communities of varying size and background. The American Library Association, assuming a progressive library situation, has set standards of service and finance, usually on a per capita basis, which establish a goal for libraries desiring to give good service in the modern sense of the term. We did not attempt in this report to compare Milton's performance in terms of accepted standards since Miss Shaw has adequately covered all existing areas of service and finance in her "Survey of the Milton Public Library".

Milton's Library — Yesterday and Today

The Central Library building was opened to the public in June, 1904 when the Town had 7,054 inhabitants The building as then constructed provided book stacks with a capacity for 10,325 volumes. In 1905 the circulation was 57,349 volumes or slightly better than 8 volumes per capita.

In the early 1900's reports indicate that the library system, in addition to the central library, included the East Milton, Mattapan, Russell and Milton Village Reading Rooms plus a house-to-house delivery service by messenger in the Blue Hill and Brush Hill districts. The 1906 report makes mention of a unique deposit collection — each month ten books suitable for boys and men were sent on deposit to the principal barber shop at Milton Village! So from the very beginning the Milton Library has been unusually conscious of its responsibility to reach out and extend its services to all parts of the community.

Some fifty years later, the Central Library Building is serving 22,395 inhabitants (U. S. 1950 Census) and is bursting at the seams with a book collection of 77,267 volumes. In 1954 the library, from its central building, two branches (East Milton and Kidder) and one reading room, circulated 200,671 volumes. Approximately 57% of the total library circulation originated at the Central Building.

What Is the Public Library's Purpose?

The whole public library idea is a uniquely American one — like free public schools. It is based on the principle that every ciitzen has *the right to find out.* The public library should make available the tools of knowledge to everyone — rich or poor, regardless of age, race, creed or color. Therefore, the public library stands today as one of the community's most important public service institutions and should play an increasingly important role in the lives of citizens who must understand and adjust themselves to a world getting ever more complex and ever more interdependent. A good public library completes and is an essential unit of the educational system of any community.

Too many people continue to think of the public library in terms of the past. The function of the suburban library has changed in recent years just as drastically as have media of transportation and communication. A good library is no longer merely a storehouse of books — it is an educational, informational and recreational center for the entire community. This change in the library's purpose calls for a change in the library building from the monumental type to the functional type which recognizes that the printed page is only one media of communication. The stock in trade of today's progressive library includes books, magazine, newspapers, films, recordings, slides, pictures, exhibits, etc.

What the Milton Library Needs

The citizens of Milton will not get the best value for their library dollar nor will they enjoy good library service until money is appropriated to renovate and build an addition to the Central Library building.

The solution to the problem of adding to any Library is one for which different architects and public bodies will have different solutions. These surveyors are not library building experts. We shall not attempt to make recommendations as to how the present building can or should be renovated or how an addition should be constructed. We have approached the problem from the library service and facility needs which are now non-existent or very inadequtae. We will attempt to suggest a functional approach in terms of location of service areas but we can not recommend how these areas can be rearranged in terms of the renovation of the present building or construction of an addition to it. We have not seen any of the building plans previously drawn.

Space for accommodating readers — adult and juvenile, and for housing the present book stock are obviously very inadequate. Facilities for giving some services expected of a progressive library are entirely lacking. To accommodate the present book stock, makeshift shelving has encroached everywhere on floor and reader space. Work areas are segregated at three levels and at various ends of the building. These are not only inadequate but are located so far from the service areas that it is impossible under present conditions to make the most efficient and economical use of the present staff.

I. The library needs *More Space* to store and display books.

While a systematic weeding of both the adult and juvenile book collections is needed and would release some lineal feet of shelving, it is quite apparent that the book collection is not now displayed or stored to the best advantage. An enlarged stack area is needed to house the present collection and to provide for a 20-25 year future growth of the book stock. In addition the library needs space for book displays and exhibits to stimulate people's interests in special events, new trends and matters of national and international importance.

II. The library needs a *Reading Room* for Adults.

Ideally this should be near the book stacks for adults, as well as the reference collection. To keep in line with modern library trends, it should have a browsing area with lounge type furniture. The present reading room which "doubles in brass" with the reference room is cramped, cluttered and lacking proper reader seats and reader space for a community the size of Milton. Furthermore, under present conditions, it must be "taken over" during the late afternoon and evening hours by high school students to the exclusion of adult patrons who may wish to do some extended browsing or serious study.

III. The Library needs *a planned program of adult education.*

Today's library must work closely with groups in the community to stimulate the use of books and other communications media. Within the next twenty-five years the development of service to adults is going to be of great importance. Specialized service to "senior citizens" is a new and important function which should not be overlooked.

To be in tune with modern concepts of library service a program of informal adult education should include such facilities and activities as:

1. One or two rooms where groups of 30 or 40 people might gather for film forums, group discussions, meetings of various kinds in line with the community's civic, service and social activities or practical and artistic courses on home repairs, interior decoration.
2. A music room to house a music collection of recordings, for lending, with facilities for listening to records, on the premises, for both individuals and groups. There is a great opportunity for increased service in this field which must now be curtailed because of space limitations.

IV. The library needs *a separate reference room.*

The Milton Library has an excellent collection of reference books which now can not either be arranged to the best advantage or properly used. A separate room is recommended — this room to be large enough to accommodate the proper number of reader seats and to make it possible to house all reference materials such as pamphlet and picture files in one area. If, due to the lack of a high school library, students overrun the reference room in the late afternoon and evening hours, it may be necessary to consider the idea of an adjacent smaller study room where adults engaged in special research could retreat for quiet and serious study.

V. The library needs *new and enlarged facilities for service to boys and girls.*

The present room reserved for library service to boys and girls is overcrowded, unattractive and equipped with furniture which is makeshift and "hand-me-down". Milton's children deserve the very best in the way of library facilities and services. The best means an adequate boys' and girls' room with appropriate furniture of varying size to accommodate the pre-school child as well as those of junior high school age. Library service to children is one of the most important phases of the organization of any library. Every library wants and the world needs an adult population that knows and appreciates books. This interest in books is developed to the greatest degree when the public library has facilities for and an active program to foster good reading habits in children.

Proper facilities for service to boys and girls should include bookshelves and stacks of proper height to display and store the total juvenile collection as well as books for parents, teachers, scout leaders, and other groups interested in children's literature. There should be a suitably located room nearby available for story-hours, club meetings, talks and instructions on the use of the library.

Under present conditions the juvenile book collection is split with part shelved in a small room where it is not supervised, and no doubt many children are probably not even aware of its existence.

VI. The library needs *to provide more space and service for its young adults.*

Libraries that are in touch with today recognize that the teen-age group is one which needs special facilities and special attention. Whatever the arrangement, library experts are in agreement that the Young People's Room should be adjacent to and tied in with the Adult Department. It is also highly desirable, even where there is a separate room, that the young people be encouraged to make full use of the library's resources. Young people are by nature sociable. The library can go a long way in channeling their enthusiasms and energies into proper directions by fostering clubs, discussion groups and other planned programs of activity.

VII. The library needs *an adequate, well-equipped work area.*

These surveyors believe that the Milton library should plan for an adequate well-equipped work area adjacent to or nearby the main service area. This recommendation is made so that it will be possible to make the most effective and efficient use of personnel in manning both areas. It is our feeling that all technical processing and preparation of books for the shelves could be handled in such a room as well as book repair and other routine clerical tasks necessary in everyday operation. A location accessible to the service area would make it easy for personnel in one place to assist in the circulation department during especially busy periods.

VIII. School Library Service

Community libraries are wont to set up service to schools according to their particular requirements and circumstances. There are a wide variety of patterns of support and administrative control. These range from the public library assuming complete responsibility, through various plans for joint support, to complete responsibility by the public school system. We are not in a position to state what arrangement would be most desirable for Milton. However, the public library should work in close cooperation and harmony with the public school system toward the aim of a well-planned school library program which will eventually provide a library in *every* school on both elementary and secondary levels. We do feel that under present arrangements a token library service is being offered in a few Milton schools to the exclusion of others and that the public library service to children is weakened thereby.

IX. The library needs *more adequate staff facilities.*

Present quarters for the staff are so poor as to scarely be worth mentioning. In a library where staff members are required regularly to work odd hours and evening hours, it is particularly important to provide for the comfort of staff members. Accommodations should include a lounge room tastefully decorated and furnished in such a way as to create a home like atmosphere. A kitchen unit should have its place in the area so that staff members can prepare simple hot lunches. Lavatory, toilet facilities and lockers should be placed in or close to the area also.

X. Branch Libraries.

The two branches in Milton are well located near major shopping and parking areas where people can and will combine their library visits with other reasons for making a trip. They are obviously well patronized. The surveyors believe that the renovation of the lower level room for children's use at East Milton is a practical worthwhile project which will free more book and reader space for adults and at the same time give children a larger and attractive service area with an outside entrance. It would seem advisable to plan in the immediate future for the same renovation at the Kidder Branch.

The surveyors believe that the size of the community does not warrant consideration of any additional branch buildings. After proper expansion of the central library facilities, it might be well to look into the matter of a bookmobile as a mobile branch to serve small concentrations of population effectively and economically.

General Observations

Important though an adequate building and a competent library staff are to the provision of good community library service, it is nevertheless true that no library can be better than the collection of books and other materials it holds. A cursory examination shows that evaluated in terms of size, rate of increase, quality, distribution of subject matter and use, the Milton Public Library book collection meets acceptable standards. A systematic withdrawing should be initiated before moving various service areas to new locations. This withdrawing should be followed up by a similar yearly process to weed out obsolete and little used materials regularly.

Milton is a suburban community close to a large metropolitan city with a well-developed reference and research collection. For that reason the surveyors feel that local and surrounding conditions do not warrant keeping such an extensive collection of back issues of bound and unbound magazines as are housed in the large lower level room. Such space it seems could be utilized to much better advantage. Except in a few cases, it would seem that a three to five-year file of back issues of a selected list of magazines indexed in Readers' Guide would be sufficient to serve the needs of both adults and students.

Changes in personnel organization should, as they become possible, be made in the direction of relieving head librarian of a regular desk schedule and relieving professional assistants of routine clerical tasks.

At present no film service or information center is offered and it is understandable due to the overcrowded conditions in the central library. With a building program under way, it is suggested that Milton Library investigate participation in the Film Cooperative for Public Libraries and thereby offer to community and school groups an additional valuable library service.

Conclusion

A good public library is a forceful social agency and planning a modern library building or renovating or adding to an old library building offers a real challenge. Certainly the plant should be blended with community and home life.

As to remodeling, only a discerning and creative architect can decide where extra weight can be placed, which openings can be altered, what supports and partitions can be safely eliminated.

It is clearly evident that Milton like many other communities has not developed its public library service and facilities fast enough to keep pace with the community's growing needs. While the present central building has a certain attractiveness, it is thoroughly inadequate from the point of view of service.

MILTON LIBRARY OUTLINE SPECIFICATION

Revised December 21, 1955

1. Preparation of Site:

(A) Remove trees where directed, preliminary work, permits, etc.

2. Excavation Foundation and Masonry:

(A) Include excavation, backfill, rough grading, building terrace and rubble walls, concrete foundation with minimum reinforcing where required. Excavate for oil tank and other mechanical services.

(B) All exterior walls of cinder unit back-up and veneer face of water struck brick to match existing building with Limestone trim.

(C) Provide sewer connection to Reedsdale Road and connection for roof drainage.

(D) Provide grading, seeding and blacktop for drives, walks and parking areas; bluestone for steps, concrete for terrace.

(E) Roof of Robertson steel decking on 18″ bar joists and with light concrete fill, framed floor of steel-tex on 18″ bar-joists with light concrete fill, all supported on fireproof lally columns. Concrete ground floor with reinforcing mesh on gravel fill.

3. Carpentry Work, Rough and Finish:

(A) Include job superintendency, building of tool houses, telephone, power, concrete formwork, staging for all work, wood furring, wood frames and bucks, flush birch doors and birch interior finish and handrails.

(B) Include new birch wall shelving and counter work in new and old building where indicated on plan and remodel existing shelving as required to fit the revision of existing rooms.

(C) Include all framing and finish for glazed partitions and railings and all carpentry work in connection therewith.

(D) Include rough and finish hardware, allowing an $650 purchase price for finish hardware.•

(E) Including cutting and patching for all trades.

4. Iron Work:

(A) Include all structural steel, such as bar joists and lally columns, lintels, reinforcing for foundations and floors and other required miscellaneous structural members.

(B) Include all miscellaneous iron for access panels, hangers, ties and the like.

(C) Include metal pan interior stairs, fire escape, pipe railings ,and handrail brackets.

5. Steel Sash and Glazing:

(A) Include "COTSWALD" quality steel ventilating sash with screens.

(B) All glazing for sash double thick.

(C) All glazing for fixed lights in exterior wood frames, aluminum display cabinets, doors and interior glazed partitions ¼″ plate.

6. Roofing:

(A) Include tar and gravel roof; L.C.C. Flashing and 1½″ fascia; roof pitches built up of insulating concrete only.

7. **Lathing and Plastering:**

(A) Include 3 coat work on metal furring for all exterior walls.

(B) Include 2 coat work on new C.B. partitions.

(C) Include 2″ plater partitions around new booklift and for all new partitions in existing building.

(D) Patch plaster as required for alterations.

8. **Accoustic Tile:**

(A) Include mineral fiber accoustical tile ceilings on mechanical suspension system attached directly to the lower flange of bar-joists.

(B) New acoustic ceilings shall be provided in new building only.

9. **Flooring:**

(A) Include 1/8″ dutch linoleum floors in new building with 4″ R. T. base. Include asphalt tile floors with 4″ T. T. base in new building ground floor only.

(B) Patch, repair and refinish existing floors of existing building where alterations or redecoration is shown.

10. **Tile Work:**

Include ceramic tile floors and 5′-0″ dado in toilets and janitor's closet.

11. **Painting:**

(A) Include 3 coats of lead and oil on all new or damaged work to be painted.

(B) Include natural finish on all birch doors, shelving and woodwork.

(C) Repaint entire existing first floor and remodeled areas in existing ground floor.

12. **Remodeling:**

(A) The finish of new partitions, doors, floors, plaster work and standing finish in existing building shall match existing work.

(B) Cut through existing walls as required on plan and remove partitions as indicated.

(C) All new alteration work or damaged existing work shall be painted as specified for new work.

13. **Allowances:**

For Heating and Ventilating allow	12,500
For Electrical Work allow	16,500
For Plumbing Work allow	9,000
For Booklift allow	4,000
For Stacks allow	9,300
Total	51,300

REPORT OF THE COMMITTEE APPOINTED PURSUANT TO ARTICLE 2 OF THE WARRANT FOR THE SPECIAL TOWN MEETING HELD MAY 24, 1955

This report deals with the proposed by-law which would establish a Classification and Salary Plan for Town employees, administered by a Personnel Board.

We were appointed to make a study of the powers available to the Town under the provisions of General Laws, Chapter 41, Section 108A and 108C, to report whether it is desirable for the Town to adopt any by-laws as authorized by these sections, and if so, to include proposed by-laws in our report.

These sections authorize adoption of a plan classifying the positions of Town employees, and establishing maximum and minimum salaries and step rate increases for each position. They also provide that various plans and provisions governing terms of employment by the Town, including classification of positions, compensation, working hours, vacations and sick leave, may be consolidated into one by-law, to be administered by a Personnel Board.

At present the head of each Town department has the right to fix the compensation of the employees under him, within the limits of his budget. This has sometimes resulted in unequal pay for substantially equal jobs. For many years there has been in effect a voluntary compensation plan which has done much to prevent inequities, but the voluntary plan is not binding and inevitably has come to be disregarded in a good many cases. The question now before the Town is whether to adopt a legally binding plan designed to provide equal pay for equal jobs, regardless of department, and administered by a Personnel Board.

The Warrant Committee has prepared a by-law providing for such a plan and recommends its adoption by the Town. We have conferred with the Selectmen, the Warrant Committee, officials and employees of this and other towns, and Civil Service officials, and have reviewed the proposed by-law in comparison with those of several nearby towns which already have established similar plans. As a result we have made various suggestions regarding the proposed by-law, which have been adopted. We have found strong support for the adoption of such a plan among those best qualified to express an opinion, and no opposition. In our estimation the Warrant Committee has done an intelligent and thorough job, and the reasons given in its report for adopting the new by-law are sound.

Our recommendation is that the Town adopt a by-law establishing a "Classification and Salary Plan" as set forth in the Warrant.

This report would be incomplete if it did not mention the splendid co-operation we have had from the Selectmen, the Warrant Committee and certain Town officials who have taken great pains to provide us with information, for all of which we are most grateful.

We recommend that this Committee be discharged and no part of the $100.00, appropriated for the use of the Committee, having been used, it is hereby returned.

Respectfully submitted,
NEWTON S. BAKER, *Chairman*

REPORT OF HIGH SCHOOL ADDITIONS CONSTRUCTION COMMITTEE APPOINTED UNDER ARTICLE 30 OF THE 1954 TOWN WARRANT

Milton, Massachusetts, January 6, 1956

To The Selectmen of the Town of Milton:

Completion of Additions to High School Physical Education Facilities

The basic construction contract authorized under Article 30 in the 1954 Warrant, and separate contracts for grading and fencing, have been substantially completed. As shown in the accompanying analysis of estimated and actual costs, completing this work has required expenditure of every dollar of the $375,000 appropriated.

This is accounted for mainly by the fact that, as reported on the floor of the 1955 Town Meeting, the low bid was well over what expert opinion had led us to expect. In accepting this bid, we were left with only a very thin margin of reserve for contingencies. As the work progressed, a number of unforeseen expenditures did in fact develop; and in order to carry the project through within the appropriated amount, we were compelled to cut out certain items originally provided. (The main ones were soundproof covering for the center truss to divide the gymnasium, interior finish and plumbing for instructors' offices, and certain unessential features of the heating and ventilating system.)

On the other hand, a number of the unforeseen expenses were of major importance to the primary usefulness of the facilities of the School Department, and had to be incurred. (Chief among these items, not originally called for but found to be necessary, were a new primary electrical service and a new water service. In addition, the Committee felt that public toilets, not provided in the original plans, would prove to be essential to the full normal use of the gym, and therefore decided to face the expense of installing them.)

Other minor adjustments were made from time to time as the work progressed. As is always true with a job combining new construction with repairs and alterations to existing structures, this proved to be a complex and protracted project, and required innumerable conferences among this Committee, the architect, the School Department, and the contractor to iron out details and harmonize objectives. We feel that the various adjustments in the contract have been fully considered and wisely settled, and that the outcome has proved very satisfactory on the whole.

The School Department, we understand, has included in its 1956 budget an estimated amount to provide a number of items that had to give way, as indicated above, to more urgent expenses. This Committee is well aware of the need for this budgetary request. We certainly would have liked to include these provisions in the contract, but unforeseen and more fundamental items had to be given priority in the allocation of our appropriated funds.

We believe it is safe to estimate that against our total expenditure of $375,000 the State Building Assistance Commission will allow reimbursement credits, for work classified as "new construction," of approximately $65,000. (It seems probable that some $310,000 of the $322,000 appropriated — by bond issue — for construction, and about $15,000 of the $53,000 appropriated for renovation, or $325,000 in all, will be regarded by the Commission as new-construction costs, 20% of which will eventually be returned to the Town.) This would reduce the true cost of these athletic facilities to about

$310,000. Considering the high quality of work our contractor, C. R. Burns & Sons, has put into the structure, the fine appearance and efficiency provided in the designs of our architect, Adden, Parker, Clinch, and Crimp, and the vitalizing effect of the facilities on the High School's whole physical-education program, we are confident that the Town has received full, and even extraordinary, value for this net expense.

The School Department took possession of the premises last October. (We recall with special pleasure that the football team scored a victory over North Quincy on the very day it first used the new locker-rooms!) This Committee still has certain affairs to wind up, such as approving final bills for payment and completing the procedures for applying to the State Building Assistance Commission for certification of the project. We trust that we will have accomplished these last details before the 1956 Town Meeting.

Respectfully submitted,

WILFRED P. DE MILLE, *Chairman*

REPORT OF THE WARRANT COMMITTEE
MARCH MEETING, 1955

February 15, 1955

Pursuant to Chapter 3, Section 4 of the Town By-laws, the Warrant Committee respectfully submits its recommendations on the Articles in the Warrant for the Annual Town Meeting.

A comparison of Department requests and Warrant Committee recommendations is indicated in a schedule in the back of this report.

In accordance with long-established practice, all persons desiring to be heard on any Article appearing in the Warrant have had the opportunity of presenting their case, and all Articles have been carefully reviewed by the appropriate subcommittees as well as the full Warrant Committee.

For the second time in the past two years the items appearing on the State Balance Sheet affecting the tax rate are in the favor of the Town. The estimated receipts are $9,000 greater than in 1954 and the overestimates are $28,000 more, due in the most part to the overestimate of the County Tax. For 1955 the estimated deficit of the Metropolitan Transit Authority shows a decrease of $15,000 from that of last year.

The Town is contemplating no capital expenditures in 1955 which require bonding except the usual bonding of sewer construction, which is set at $70,000 for five years.

At the time of this writing the total hurricane "Carol" expenditures are $45,000 from the emergency account and reimbursement on this account from the State under Chapter 689 of the Acts of 1954 is $34,000, leaving a debit balance of $11,000. A second reimbursement of $22,000 has now been approved, which covers the balance due to the Town from the emergency account and also covers part of the expenditures of the individual departments on hurricane damage. No reimbursement has been received to date on hurricane "Edna" for which our expenditures are about $13,000. However, legislation has been passed authorizing reimbursements on this account and it is expected that the tax rate will not be adversely affected by these costs.

In spite of substantial increases in the School Budget, Police Private Work, Welfare, Veterans' Benefits and other budgets covering retirement allowances, the Warrant Committee expects that if its recommendations are followed, the tax rate for 1955 will be about $47.00 or the same as for 1954.

Wages and Salaries

During the past year there has been no general change in the Wage and Salary Plan with respect to compensation and job evaluation. However, it should be understood that the Warrant Committee has from time to time been asked to review specific requests by department heads for changes in grade. These have been thoroughly considered and an increase in grade has been recommended in four instances where the type of work has so changed as to merit it.

Articles 16, 17, 18, 19, 20

The first of these articles calls for a $300 per year increase to members of the police and fire departments as of January 1, 1955. The second concerns the payment of overtime to policemen for work on primary and election day as well as Hallowe'en and at any parade or public celebration. The third and fourth articles provide policemen and firemen with an additional day off or a day's pay for duty during a 24 hour period of work on one or more of ten holidays. Lastly, employees of both departments ask that a three week vacation be granted after five years' service and four weeks after ten years.

The Warrant Committee has studied these proposals carefully and does not favor their adoption as they would tend to create inconsistencies within the Wage and Salary Plan.

The Committee does think it advisable in view of the fact that there has been no complete review of the plan in its entirety for two years that such a study be undertaken during the balance of 1955. It is proposed to analyze each position again and compare the salaries of Milton employees with comparable positions in other towns and to take into consideration the Massachusetts Cost-of-Living Index. The Warrant Committee expects to undertake this work in consultation with elective officials, department heads and supervisory employees.

General Government

Police and Firemen's Pensions — Article 10

Because of the large number of retirements which took place primarily in the Police Department in 1954, it has been necessary to recommend an increase over last year's appropriation of about $8,000.

Veterans' Benefits — Article 11

This department provides financial assistance to those not covered by other agencies such as Public Welfare, and as larger numbers of veterans are now living in Milton, it is expected that such aid will be increased by about $10,000 over 1954.

Board of Retirement — Article 12

The amount requested represents an increase of $13,000 over 1954 which is due to a sharp rise in the number of employees who have retired.

Article 14

If this article is acted upon favorably as your committee recommends the Treasurer is empowered to act as Tax Collector and the elective position of Collector will be abolished in 1956.

Article 15

Accounting — This department has functioned well despite crowded quarters and inadequate office equipment. It is therefore proposed with your committee's approval to purchase an automatic calculator for $595.00.

Assessors — Because the work of this department has increased in proportion to the growth of the Town, we favor the addition to the staff of a third full time clerk.

Election and Registration — As there is only the Town Election this year the amount of the budget is lower by about $2,000.

Insurance — Recently the question has arisen as to the extent of public liability insurance which the Town should have to cover Town employees while driving their own cars or Town vehicles on municipal business. At present the departments concerned include fire, police, park, welfare, engineering and highway where in most cases, the department head has had additional public liability insurance on his own car while driving a Town vehicle.

As this situation has been recognized this year by insurance companies as being tantamount to insuring one or more vehicles, the rates have been very substantially increased. For instance, to continue this extra public liability insurance for the superintendent of the Wire Department in 1955 would cost $215.00 as against $20.00 for 1954.

The Warrant Committee believes that should public liability insurance be necessary, the existing practice of covering some seven persons is illogical, as not taking into sufficient account the number of individuals or vehicles involved nor the extent of risk.

There are several alternatives to the solution of this problem such as (a) no provision for insurance of this kind, (b) insurance for individuals now covered which costs about $1,100, (c) the insurance of all cars at a cost of $9,500 and (d) the insurance of all cars and trucks including motor equipment which would cost about $12,300.

In order that this subject may be reviewed carefully and a course of action suggested, the Warrant Committee recommends that the Moderator appoint a committee of three persons who will report to the Selectmen on or before November 1, 1955.

Town Collector and Treasurer — The present Treasurer has filed to be a candidate at the March 1955 election for the position of Tax Collector as well as Treasurer. The purchase of new office equipment such as a fireproof counter safe with cash drawers, a wide-carriage typewriter and an automatic signature machine will make for smoother, quicker operation. The Warrant Committee points out the need for a Deputy Collector and Treasurer who should be fully qualified to carry out the work of both positions.

Town Clerk — For many years this position has been combined with that of Tax Collector and both offices were held by one individual. In view of the fact that the population of the Town has grown rapidly resulting in a heavy increase in the work of this department, the Warrant Committee has come to the conclusion that the positions of Town Clerk and Tax Collector should be made separate at the March 1955 election and that in accordance with the more generally accepted practice throughout the Commonwealth, the office of Tax Collector should be combined with that of Town Treasurer.

In addition your Committee recommends the creation of the position of Assistant Town Clerk to provide for an experienced person who would be available to assume the duties of Clerk if necessary. The additional cost of effecting these changes, including new filing and binding equipment is about $6,000.

Civil Defense — Article 33

The main expenditure of this budget is for administration. The budget also provides for all-purpose gas masks for the auxiliary fire department and ammunition for target practice by the auxiliary police.

Welfare

The cost of administering this department shows an increase over last year due to the necessity of complying with governmental requirements for additional information which has resulted in a request for $300 for part-time clerical help. There has also been added to the budget an amount of $600 for a medical consultant. This position is now required by statute under the "Medical Care Plan" of the State Department of Public Welfare. Its aim is to aid the local board in the control of quality and quantity of medical aid and to advise on difficult individual medical problems.

The department has asked for a new addressograph to replace a hand-operated model purchased in 1937 which no longer prints legible payrolls and checks. It is also planned that the new addressograph would be shared with the Town Treasurer's office for payroll use. Your committee also recommends the purchase of an automatic graphotype which is used for stamping the addressograph plates, replacing a 30 year old model. The cost of this new equipment would amount to $1,989.20 of which approximately $1,000 would be returned to the Town by the Federal Government. The Board has asked for a new low-priced car to replace a 1949 Chevrolet business coupe which is in need of repair, and we recommend $1,400.00 for this purpose.

Due to the increased cost of hospitalization the amount recommended for Old Age Assistance is $123,500.00 or $13,500.00 more than last year. It should be pointed out, however, that the Federal Government reimburses the Town up to a maximum of $35.00 per case per month with the State contributing 2/3 of the balance of the grant after the Federal reimbursement is deducted.

Protection of Persons and Property

Article 21 — Police

This Department shows an increase due to a request for new equipment and private work.

It is planned to replace only three cruising cars this year instead of the usual four as five were turned in during 1954. The Warrant Committee believes it is wise to replace a 1938 LaSalle ambulance and patrol wagon with a new combination model. The old vehicle needs a complete engine overhaul and it is now almost impossible to obtain replacement parts. Due to the increase of traffic accidents and requests for transportation to local hospitals your committee favors this purchase at a net cost to the Town of $4,800.00.

The Southeast Expressway construction is expected to accelerate during 1955 with considerable work planned for the East Milton Square area. This will necessitate substantially increased police assistance in directing traffic and accordingly $30,000.00 is recommended for this work. It should be borne in mind, however, that as the Southeast Expressway is State financed, all of this sum if spent will be returned to the Town.

Fire

The recommended budget is similar to last year's. Under the 1954 appropriation provision was made for the addition of three firemen to man Ladder #2 in East Milton. These men joined the Department in December, 1954.

Improvements planned include the renovation of the upstairs quarters of the Central Station involving painting and plastering. Due to the necessity of replacing worn hose and one piece of stiff suction hose it is considered advisable to appropriate $2,380.00 for these two items.

Wire

Part of the work of this Department is to maintain and repair the police alarm system. It is planned to replace 1500 feet of 2-wire loom cable from Thacher Street to Blue Hills Parkway at Houston Avenue as well as parts and recall lights for a total cost of $642.50.

Following a long-term procedure six new fire alarm boxes are scheduled for installation this year at a cost, including materials, of $1,482.00. Eleven new signal type #3 batteries will be installed for $234.85.

The Wire Department has computed that $500.00 will be necessary for alterations to the Police and Fire Alarm Systems and traffic lights in connection with the widening of Granite Avenue during the building of the Southeast Expressway.

Health

Article 22

Since the acquisition of the property known as the Dalerio Land for a public dump and the transfer of control of it from the Selectmen to the Board of Health, the task of supervising dump operations is one of the most important the Department faces. The request for this purpose amounts to $3,771.50 of which $3,571.60 is for the salaries of a caretaker who will work on a regular five day week and for a relief caretaker who will be on hand Saturdays and holidays.

Article 23

Disposal of Garbage and Refuse.

The contract for the removal of garbage and rubbish has one more year to run and accordingly the amount asked for of $86,520.00 is the same as last year.

Article 26 — Sewer Construction

Sewer Construction is expected to amount to $103,140.00 of which $13,500.00 is to cover the cost of lowering the Sewer at School Street in connection with the regrading of Pine Tree Brook, an expense which the Sewer Department unexpectedly had to assume.

Article 27 — Water

There is this year an amount of approximately $39,000 for alterations to the distribution system in connection with the Southeast Expressway, which sum will be reimbursed to the Town. Also included is $1,800.00 for removing and relaying pipe at the new High School Gymnasium. In other respects this budget is similar to former years.

The Department wishes to purchase an electric pipe locator and an M Scope Water Leak Survey Instrument which the Warrant Committee approves. In addition, it is planned to purchase a new car for the Superintendent at a cost of $2000.00 which is in line with the Committee's usual policy of approving an amount which is necessary to purchase a low-priced car. An amount of $2,400.00 has been allotted for a new 1½ ton chassis for the compressor.

Turner's Pond Area

Article 36 — Proposed Change in Zoning

When the Town's zoning by-law was established in 1938, almost all of the Turner's Pond land was placed in "C" district. The interest in a possible change of the zoning from "C" to "B" arises from the fact that the property was purchased in 1954 and included plans for building 88 homes, all but five of which would be in "C" district.

If this development were to take place it is likely that additional educational facilities at Glover School would be necessary and more police and fire protection needed.

The Warrant Committee understands the extensive problems which this proposed development would create but maintains that from a logical standpoint the area having been in "C" district since the inception of the zoning by-law it should remain so and therefore recommends against adoption of this Article.

Article 37

The disposition of Turner's Pond area comprising some 28 acres has been a matter for conjecture for a long period. From time to time this property has been offered either as a restricted or unrestricted gift to the Town by the former owner's family or considered for purchase as a Park. In 1949 the Board of Park Commissioners suggested that the pond be purchased by the Town but no action was taken. Turner's Pond is one of the few large open areas left in Milton in a location which is otherwise well-populated.

The Warrant Committee has attended all hearings and the open meeting which the Planning Board held this year and it has given a great deal of attention to the need of the Town for additional park land for recreation.

In view of this need the Warrant Committee recommends the purchase or taking by right of eminent domain of the Turner's Pond Area. It further recommends that moneys now available up to the sum of $30,000.00 received by the Town from sale of unusable park land, be used for this purpose. If the Town Meeting votes to accept this recommendation, the Committee recommends that the Park Department include in next year's budget a minimum sum necessary to provide sufficient water in Turner's Pond for recreational activities such as have been enjoyed there formerly.

Articles 38 and 39 — Easement at Turner's Pond

The Board of Selectmen in the summer of 1954 took an easement 50 feet wide upon a strip of land in the southern part of Turner's Pond Area belonging to Roger Turner and four residents whose property is located on Brook Road. No work has been done on constructing this easement. The reason for this taking was predicated upon the engineering concept that by locating the channel of the brook further away from the pond less seepage from the pond into the brook would occur. Moreover at that time Turner's Pond was still leased by the Unquity Sportsmen's Club for fishing purposes and it was considered beneficial to their use of the pond that the channel be located further south so as to assist in retaining water in the pond.

The Board of Selectmen took this easement without a hearing and without advance notice to the residents on Brook Road. The payment of $8,500.00 was authorized by the Selectmen to Roger Turner for the part of the easement which was on his land.

It seems clear to the Warrant Committee that the location of the channel must be determined before any easement may be required. The Warrant Committee believes that the channel location is a matter for further review, which would be part of the recommendations a special committee would make to the Town.

In addition your Committee does not think that the manner by which the Selectmen took the easement was proper even though legal. The Committee feels that prior notice should be given and hearings held even in cases where those steps are not required by law. For these reasons and believing that the present time affords a splendid opportunity for beginning again on the problem of Pine Tree Brook unhindered by previous action, the Warrant Committee recommends that under Articles 38 and 39 part of the easement be abandoned.

The Warrant Committee recommends that the part of the easement for which money has been paid should be retained by the Town so that if it is of future use the Town will not have to pay the present owner any damages. The Warrant Committee does not mean to imply by this recommendation that this part of the easement has any value. It should be pointed out that if Turner's Pond area is purchased or taken by right of eminent domain by the Town the channel of the brook can be placed in the best location because it will be located on Town-owned land.

Pine Tree Brook

Articles 40, 41 and 42

Pine Tree Brook has been a problem to the Town for many years. Residents have complained that the overflow in times of heavy thaw and excessive rain has flooded their land and cellars and made the streets near their home unsuitable for pedestrian use. The area in which this flooding occurs is a low land lying adjacent to and beyond the Blue Hills Parkway, known as the Thacher Plain. At the present time more homes are being built in this locality which presumably may aggravate the problem, although the Committee has been advised by the Water Department that some of these homes are now equipped with sump pumps.

A second unsatisfactory condition in regard to Pine Tree Brook is that during the summer months when the water is low, stagnant pools are formed which produce unpleasant odors and are potentially dangerous to health.

Thirdly, the natural course of Pine Tree Brook is not conducive to proper drainage as there is no channel for suitable flow in the Pope's Pond locality or in the marsh below the Pierce School.

In 1953 the Town Meeting voted $30,000.00 for the first step of a five step program to regrade Pine Tree Brook under the State Stream Clearance Program. This plan called for the State and the Town to each bear half the cost of $300,000.00 for the whole program. It was understood that the State would carry out the program as recommended by town officials based upon the Howard M. Turner survey, the State letting all contracts and the Town reimbursing the State. The first step covers the Brook from Brookside Park to Turner's Pond. It is now nearing completion although no work has been done between the Glover School bridge and the outlet at Turner's Pond.

There is no contract to do the second step as the Warrant Committee has asked the Selectmen not to conclude any agreement with the State and to request the State not to award any contract for the second step of the Pine Tree Brook project so that all matters pertaining to this subject could be thoroughly discussed and studied before further action might take place in advance of the Town Meeting. Essentially the reason for the Warrant Committee's request to the Selectmen not to proceed with the next step of Pine Tree Brook is because of the fact that Turner's Pond has been purchased for development and the interconnection between the carrying out of step two and the existence of the pond and the amount of water in it is apparent. In addition the Selectmen have taken an easement for the ultimate purpose of locating the channel of the brook and under the above conditions it becomes debatable as to the need for the channel to be located where the easement has been taken.

Other factors in connection with the execution of the Pine Tree Brook project so far have caused further difficulties. Part of the rock bank of the channel completed under step one near School Street has already eroded, thus tending to clog a section of the channel at that point. The need for lowering of the sewer under School Street was not known to the State authorities at the time the Pine Tree Brook project was started and thus there was no provision made for it in the financing of the first step. As work on the channel in step one was nearing completion at School Street, it became necessary to act promptly to lower the sewer if the flow of water was not to be seriously hindered. An agreement was made between the Board of Sewer Commissioners and the State to pay 50% each of the cost up to $5,600.00 which was estimated to be the amount needed to do the work. At this writing the lowering of the sewer has been accomplished but the cost is believed to be nearer $13,500.00. At the same time this work was carried on without any contract between the State and the contractor. The total cost of this work had to be included in the Sewer Construction budget with half of the $5,600.00 expected to be reimbursed by the State.

Included in step one is a bridge at the entrance to the Glover School, which was so constructed that water would not drain off its surface. This problem has been remedied by drilling two holes through the concrete bridge thus permitting the water to run into the brook. Looking ahead to other problems on the drainage of Pine Tree Brook there are the projected lowering of the M. D. C. Sewer at Brook Road and two other sewers at Central Avenue and at Audubon Road. Present engineering plans call for the location of the channel of the brook through Pope's Pond with the result that it is expected to be drained. This may well at some future time present a problem similar to that which the Town is now facing as to Turner's Pond.

As important as any of these situations is the fact that if the Turner Pond area is taken by eminent domain for a park, the Warrant Committee believes it should contain adequate water to regain its desirability as a recreation area. The achievement of this aim is definitely connected with future work on Pine Tree Brook.

In consideration of all these factors as evidenced by unanticipated complications, the Warrant Committee recognizes the need for time to review the entire Pine Tree Brook project especially with regard to Turner's Pond. Accordingly, the committee recommends that a committee of five citizens be appointed by the Moderator to study and review the Pine Tree Brook project in consultation with the Board of Selectmen and the Town Engineer and all other departments of the Town which have a part in this project and that possible future work on the brook be considered in the light of its effect upon Turner's Pond. For the use of the committee in making this review, the sum of $1,000 is recommended. Therefore we recommend that no further work be done until the committee so appointed has made its report and its recommndations are accepted at the March 1956 Meeting.

Last year's Town Meeting approved an appropriation of $30,000 for section two of the project. As this sum is set aside for this purpose and will have no effect on the 1955 tax rate, the Warrant Committee believes that it should remain available for possible eventual use.

Pending this study, which your committee believes is essential, it is recommended that no money be appropriated for carrying out section three for which the Selectmen have requested an appropriation of $30,000.

Park

Article 43

Improvements planned for 1955 call for painting about 500 feet of the chain link fence on the Andrews Playground and repairs to the grandstand at the Brook Road Playground.

The Park Commissioners plan to spend $3,000 each on the Andrews Playground and the Mary Chase Lane Memorial Playground with the latter expected to be finished in 1955. This year will complete all filling, grading and seeding of the Andrews Playground with the exception of the back area. $500.00 is recommended for additional labor, as this Department has only one full time employee besides the Superintendent.

Parking Lot

Article 44

The Town has been asked to purchase for a parking space an area of 25,000 square feet known as the Warshaw property, which fronts on Franklin Street. The reason for this proposed acquisition is that the congestion resulting from the construction of the Southeast Expressway is so great as to cause insufficient parking facilities in East Milton Square. It is anticipated that this property could accommodate sixty cars and could be purchased for $35,000. This price does not include the cost of razing the building on the lot nor resurfacing, which additional expense we are advised would be borne by members of the Chamber of Commerce.

The article also includes a small parcel of land which Town authorities think would be desirable to have as it would provide pedestrian access to the parking area to and from stores on Granite Avenue. They believe that this access way is necessary to make the parking lot fully efficient. The Chamber of Commerce, however, is interested primarily in the Warshaw property. The owner of the small parcel of land does not wish to sell, and it would have to be taken by eminent domain.

While the Warrant Committee appreciates the difficulty of carrying on business in East Milton and the loss of parking space caused by the construction of the Southeast Expressway, it does not think it advisable to expend $35,000 or more for this purpose. It believes further that it would be wiser to see whether or not space becomes available as the construction of the Expressway is advanced and when it is known how traffic will be routed in the East Milton Area.

Schools

Article 45

The budget includes the sum of $689,312.96 for salaries of principals, supervisors and teachers and entirely accounts for the increase of $56,799.36 over last year's appropriation. This completes the two year salary revision which is designed to place the Town in a better position to obtain the services of a competent teaching staff. Other increases not included in the above figures are $500 more for textbooks than last year due to an anticipated enrollment of 150 additional pupils and about $1,200 for clerical services.

Maintenance of the Plant including repairs and replacements show a decrease of $1,200. The cost of plant operation has increased by about $4,000 reflecting a rise in such items as janitors supplies, fuel, light and power and gas.

We agree with the recommendation of the School Committee to install new kitchen facilities for the Home Economics Department at a cost of $6,500. Other new equipment is planned for the business, industrial arts and health departments at a cost of about $6,100.

Cemetery

Article 47

The trustees advise that they believe their greatest need for 1955 is tree care. Tremendous damage occurred to the cemetery's 1200-odd trees from the recent hurricanes and the department's facilities are not adequate to cope with extensive trimming which the work requires. It is planned to spread the trimming over a three year period so as not to sharply increase the budget this year. Your committee agrees that it is necessary to preserve the trees and improve the appearance of the cemetery and recommends that $3,500 be appropriated for 1955.

There have been no requests for continuing the black topping or for heavy new equipment. However, the Trustees, mindful of the fact that there has been no soil improvement of the grounds for two years, feel that the entire lawn area of the cemetery should be limed for an estimated cost of $750. The Warrant Committee favors this proposal.

In addition it seems advisable to recommend $200 for the purchase of a casket carriage, which is used for tranferring the casket from the hearse to the grave. This is essentially a move to insure safety by preventing the possibility of the casket falling and injuring the carriers.

Highways

Article 48 — Drainage

In connection with Chapter 90 work it is planned to take care of surface water on Pleasant Street from Dean Road to Woodville Avenue during the winter months so that this part of Pleasant Street can be resurfaced in the spring. The extension of a drain at Truro Lane to about 140 feet from Pine Tree Brook is necessary due to the fact that there is a flooding of back yards where the drain pipe now ends. It is also planned to carry off water which flows from Granite Place to land on the Quincy line.

It has been the practice to clean and trim the brush from the brooks which flow through the Town and this year the open waterway in Wendell Park from Canton Avenue to Pine Tree Brook is expected to be improved in this manner. Also a section of Unquity Brook from Brook Road to Centre Street will be cleared of debris and overgrowth.

Permanent Construction

The Selectmen favor the resurfacing of old tar roads this year rather than the undertaking of new construction. For this purpose the sum of $10,000 is recommended.

New Equipment

Of the sum requested of $12,475.00 approximately $7,000 is for a new tandem roller, which the Selectmen asked for last year but which your Committee felt could be deferred. It appears that the tandem roller now in use which was purchased in 1949 has not performed satisfactorily and there is no agency in this locality from which parts can be obtained. As there is a definite need for an efficient, modern roller it is deemed advisable to make the purchase at this time.

The Highway Department has five small sandspreaders which are manually operated from dump trucks. They are too slow to cover the work of sanding hills and intersections during a sudden freezing rain or snowstorm and therefore a motorized spreader is recommended for $1,675.00. In addition the committee favors the purchase of a 2-ton dump truck and a pick-up truck for $3,800.00.

The Highway budget includes an amount of $801.07 for payment of unpaid bills for the rental of snow removal equipment and the purchase of sand as there were insufficient funds left at the year's end to pay for these items. Primarily the reason for this shortage is that the money allocated for snow removal purpose was used earlier in the fall to complete a drainage project at the new school at Center Street and Brook Road. Your committee believes that while this drainage work may well have been performed at an ultimate saving to the Town, nevertheless provision should have been made for it by the Selectmen in the 1954 budget.

Article 49 — Chapter 90 Maintenance

As was the case last year under Chapter 90 Maintenance, the Highway Department expects to spend $1,500 as its part of the cost for surface care of streets approved by the Massachusetts Department of Public Works, with the State and the County paying an equal amount for a total of $4,500.

Article 50 — Chapter 90 Construction

Tht Town has asked the State Department of Public Works for approval to rebuild Pleasant Street from Horton Place to Gun Hill Street and from Lodge Street westerly and Eliot Street from Morton Road to Adams Street. Under Chapter 90 of the General Laws the Town pays the full amount of the cost of these two projects which is $32,000 and is reimbursed by the State for 50% or $16,000 and by the county for 25% or $8,000 leaving the Town's share of the cost at $8,000.

Article 51 — Street Betterments

The following streets have been approved by the Warrant Committee for acceptance under the Betterment Act.

	Length-feet	*Cost*
Barton's Lane	657.87	$17,226.00
Dean Road	499.70	14,250.00
Elmwood Road	161.50	660.00
Franklin Street	575.80	11,520.00
Victoria Street	423.51	12,750.00
	2,318.38	$56,406.00

The usual policy of the Warrant Committee in recommending streets to be accepted under this Act is to do so only when at least a majority of the abutters concur as two-thirds of the cost is assessed against them. A year ago Barton's Lane came up for consideration and about half the residents did not want the work to be done due to the necessity of widening the road, the taking of land for sidewalks, and the problem of creating a throughway dangerous to children. Now, however, most of the residents have agreed that the road should be improved under the Street Betterment Act with the understanding that the Selectmen and the Town Engineer will have a substantial buffer fence erected at the corner of Barton's Lane where it joins Glendale Road.

Article 52 — Non-betterment Streets

The Warrant Committee recommends acceptance of the following streets without assessment of betterments. Part of Centre Lane, part of Gerald Road, Phyllis Lane, Union Avenue, part of Ruggles Lane and part of Saint Agatha Road.

Glover School

Article 53

Last year's Town Meeting voted to sell the old Glover School building and land for a sum not less than $5,000 with the provision that the building be removed within six months. No one was interested in purchasing the property under these terms.

With this fact in mind and considering that the old Glover School constitutes a fire hazard to the homes nearby and a temptation for vandalism, the Warrant Committee recommends that the Selectmen be authorized to tear down the building and that $1,200 be appropriated for this purpose and that they sell the land for a sum of not less than $4,000.

Vose School

Article 54

It seems appropriate that since the School Committee has indicated that is has no further interest in the Vose School for school purposes it be turned over to the Board of Selectmen under whose jurisdiction your committee's recommendations may be carried out.

Article 55

Under Article 33 of the 1954 Town Warrant the Moderator was asked to appoint a committee of five to consider, study and investigate the possible uses of the Vose School building and the committee was authorized to prepare preliminary plans for estimating the cost of these uses to the Board of Selectmen. It has become gradually apparent since the first report on the disposition of the Vose School in 1949 that the Town desires to make positive use of the building. After a study of the building, the Vose School Committee has decided that it is structurally sound and that the main part of the building is suitable for office space without extensive remodelling. In the meantime the Vose School has been unoccupied and without heat since June 1952 with the result that the interior of the building is deteriorating. In order to prevent further damage, pending the final disposition of the building, your committee recommends that $6,500 be appropriated for the installation of an oil burner in one of the boilers and for making necessary repairs.

We also recommend that a committee of five citizens be appointed by the Moderator to study in conjunction with the Board of Selectmen, the Boards of Sewer and Water Commissioners, the Police Department and other Town departments which may need increased space, the uses of the Vose School for office, equipment and garage space.

For employing architects and engineers for preparing preliminary plans and estimates, the sum of $3,500 is recommended.

General Garage

Article 56

The Warrant Committee is aware that the facilities for housing equipment of several departments are not adequate. We recommend that no general garage, or special garage for any department should be planned until a determination by the committee appointed for the purpose, is made of the uses to which the Vose School building may best be put, as such determination might greatly change any plan now put forward.

Police Station

Article 57

In 1951 a special committee reported on the inadequacies of the present Police Station. No action was taken on a recommended enlargement and improvement estimated to cost $76,400. The Warrant Committee believes that no action should be taken until the possibilities of the Vose School building for Police purposes have been investigated by the committee recommended to consider all feasible uses of the Vose building.

Changes in Zoning By-laws and Related Articles

Articles 58, 59 and 60

These changes in Article 60 are technical in nature and are designed primarily to clarify the intent of the zoning law adopted in 1938.

Warrant Committee members attended the hearings which were held on each of the proposed changes. Town Counsel also supplied the committee with complete explanations and pertinent data on each change. The Warrant Committee, together with the Planning Board, recommends these proposed changes for approval.

Articles 58 and 59 are also technical and do not require the approval of the Planning Board. The Warrant Committee also recommends these Articles for approval.

Library

Article 65

In response to the suggestion of the Warrant Committee, the Library Special Committee and the Board of Trustees have produced an alternate plan to last year's proposed addition. The aim of this plan was to make use of all the space in the present building, taking into consideration those areas which are now not used for library purposes and relocating other facilities and at the same time, to accomplish all the purposes as nearly as possible which were incorporated in a full-scale addition.

Under this proposal the present periodical room and the easterly room in the basement would be connected and made suitable for young adults and teenagers. There would be provided a new entrance to this area through the main floor reference room.

With respect to the main floor it was proposed to put the Children's Room in the rear of the building and construct a balcony in the present Reference and Children's Rooms. The second floor would house the Periodical Room now located in the basement and provide access to the balconies.

Both the Warrant Committee and the Trustees believe that this renovation plan does not produce a workable layout although it does have the advantage of being able to house almost as many books as the proposed addition and the facilities of the Library would be extended to provide for all age groups. The principal disadvantages are:

1. The entrance to the basement room would disrupt those using the reference room.
2. Working conditions and control would be poor.
3. There would be too little room for children's books and many would be placed on shelves so high as not to be easily accessible.
4. The open stack space capacity on the first floor would be seriously reduced. This is a browsing area and is constantly used.
5. Due to the existence of the balconies it would be most difficult to devise a satisfactory War Memorial Room.

As a result the Library Special Committee has submitted substantially the same plan as last year which would call for an expenditure of $312,000, an increase of $13,000 over the 1954 plan. The same architectural firm of Shepley, Bulfinch, Richardson and Abbott have drawn the plans and the above estimates include architect's and engineer's fees, furnishings and grading.

The addition is planned to take into account the needs of younger people by providing teen-age children with a reading room and also one for the younger children. There would be a separate entrance from Reedsdale Road so there would be no need to pass through the main building.

The stack space at the end of the present building would be enlarged and there would be more area for the use of the staff. The room at the right of the entrance which is now the Children's Room would become the World War II Memorial Room.

It is proposed to finance this addition through the issuance of bonds. The initial cost to the Town would be about $.30 on the tax rate and thereafter about $.75 including the cost of operating the addition which is estimated at about $12,000 per year.

In line with the viewpoint it expressed last year, the Warrant Committee believes the library's facilities should be improved. However, the committee thinks that it would be desirable before commencing any changes to have a plan of what the aims and functions of a suburban library are as one of the many libraries in the metropolitan area. Information as to the extent and variety of books such a library should possess and the scope of its operations and services to the community would be most valuable in determining what improvements should be made.

The Warrant Committee does not think it advisable to carry out the renovation plan at a cost of $172,900.00 because it is believed to be unsatisfactory, nor does it favor the appropriation of $312,000.00 for the new addition. The Warrant Committee does believe alterations to the Library are needed which would provide for a suitable World War II Memorial Room, larger stack space, and more room for the staff. We therefor recommend that a committee of five persons be appointed by the Moderator to make a further study of the requirements of a suburban library in relation to the needs of the Town and to the school system whose own library facilities are expanding. The Warrant Committee recommends that this committee be empowered to employ architects and engineers to draw up plans and estimates and that the sum of $2,500 be appropriated for this purpose.

Sale of Town Owned Land

Article 63

On the easterly side of Blue Hill Avenue opposite Concord Avenue the Town owns 1.98 acres which was intended for use as a park but which has never been developed for such a purpose. The Board of Selectmen have no further use for this property and propose to sell it to the Milton Hebrew Center for the minimum sum of $10,000 and the Warrant Committee agrees witn this proposal.

Reserve Fund

Article 67

This account was exhausted this year due to several heavy unforeseen expenses, notably in connection with the Town Dump, Police Private Work, Police and Firemen's Pensions, Veterans' Benefits and the Highway Department. The large costs of the hurricanes were not charged to the Reserve as they came under the State Emergency Hurricane Act.

The Warrant Committee in making recommendations on departmental budgets has taken into account the increased costs as outlined above and therefore believes that the Reserve Account should be adequate for 1955 at $30,000.

Because this entire sum was taken from the Overlay Reserve last year there is less money available from it this year and it is necessary to recommend that $19,145.49 be appropriated in the tax levy.

REPORT OF THE WARRANT COMMITTEE SPECIAL TOWN MEETING

MAY 24, 1955

The Warrant Committee respectfully presents its recommendations upon Articles in the Warrant for the Special Town Meeting to be held May 24, 1955.

It has been the practice for many years to hold Special Town Meetings only when emergencies occur, action on which should not be delayed until the next Annual Town Meeting. At such meetings routine business has been excluded from the Warrant. The Selectmen and your Warrant Committee are in accord with this practice, and therefore only four Articles are submitted for consideration.

Wages and Salaries

ARTICLE 1. At the March 1955 Annual Town Meeting Article 16, which called for a $300.00 raise for personnel of the Police and Fire Departments effective January 1, 1955, was passed by vote of the Town Meeting Members against the recommendation of the Warrant Committee.

The main purpose of this Special Town Meeting is to correct the inequity which has resulted in the granting of a raise to two departments only.

Accordingly, for this reason, and because the Committee believes it is the only way such a situation can be resolved to the benefit of the Town employees, your Warrant Committee recommends a salary increase at the rate of $300.00 annually for all full time Town employees except uniformed and plainclothes members of the police and fire departments, school teachers, principals, and certain school administrative employees who are not part of the present Wage and Salary Plan, and except elected Town officials. Part time employees will receive a proportionate part of such an increase.

It should be understood that school teachers and principals are outside the scope of the present Wage and Salary Plan and have received salary increases on a two year schedule, the second step of which was approved at this year's March Meeting.

Elected officials as a legal matter cannot receive salary increases at any Special Town Meeting as their salaries are required to be fixed only at the Annual Town Meeting.

The Warrant Committee is advised to its regret that as a matter of law the proposed salary increases cannot be made retroactive.

The estimated cost of the Salary adjustment is $35,569.06.

Wage and Salary Committee

ARTICLE 2. There has been in recent years a tendency on the part of neighboring towns to incorporate in their by-laws a wage and salary plan.

Usually such plans are administered by a Personnel Board which meets throughout the year and has the opportunity to review all phases of personnel work. Their recommendations are reviewed by the Warrant Committee and submitteed to the Annual Town Meeting for consideration.

REPORT OF THE WARRANT COMMITTEE — MAY SPECIAL MEETING

The Warrant Committee believes that a committee of five citizens should be appointed by the Moderator to consider the possible need for having a wage and salary plan organized under General Laws, Chapter 41, Sections 108A and 108C.

This committee's work would in no way be part of the wage and salary study which the Warrant Committee is at present carrying on with respect to correction of individual inequities and which will be completed in time for action at the 1956 Annual Town Meeting.

School Traffic Supervisors

ARTICLES 3 and 4. The need for additional police protection during school hours has become increasingly apparent particularly with reference to traffic conditions in order to insure the safety of school children.

The Police Department requests that a School Traffic Control Unit be established and that $2,463.75 be appropriated for the purpose of paying the salaries and for the uniforms of five regular and one reserve women traffic supervisors.

Tax Rate

The Board of Assessors has advised the Warrant Committee that the estimated tax rate for 1955 to which the above expenditures will be charged will be $46.00 per thousand or $1.00 less than estimated at the March Meeting.

Respectfully submitted,

REPORT OF THE WARRANT COMMITTEE SPECIAL TOWN MEETING

OCTOBER 17, 1955

The Warrant Committee respectfully presents its recommendations upon Articles in the Warrant for the Special Town Meeting to be held October 17, 1955.

It has been the practice for many years to hold Special Town Meetings only when emergencies occur, action on which should not be delayed until the next Annual Town Meeting. At such meetings routine business has been excluded from the Warrant. The Selectmen and your Warrant Committee are in accord with this practice, and therefore only two articles are submitted for your consideration.

On August eighteenth and nineteenth occurred what may have been the heaviest rainfall and most serious flood in the history of Milton. Probably all of us are aware that during any heavy rain it is likely that the cellars of homes in the Thacher Plain area will be flooded until the Improvement of Pine Tree Brook in that area has been completed. Pine Tree Brook in its present state cannot dispose of the water from a very heavy rain to say nothing of the kind of flood which was experienced this past summer. In addition to the substantial damage to the contents of many homes, streets in the Thacher Plain area became inundated and impassable. This kind of damage was not confined to the Thacher Plain area. The same kind of serious damage occurred in areas adjacent to Unquity Brook and Trout Brook. In some of these areas the water did not drain away for over a week, and the difficulty of disposing of refuse and the consequent possibility of disease created an unprecedented health problem in the Town as a whole.

As a result of the problems which arose from the August flood a large group of citizens met with the Board of Selectmen to consider what steps could be taken immediately. As a result of this meeting and after discussion of the problems with the Pine Tree Brook Committee which was appointed at the 1955 March Meeting, the Board of Selectmen decided to call this Special Meeting.

You will find in this Warrant two articles which should be considered together and are offered to secure more State aid as soon as possible in the clearance of Pine Tree Brook. You will observe that they are similar in form to the articles previously passed by the Town in relation to the Pine Tree Brook Improvement Program.

In 1953 the Town decided to go forward with a program agreed upon by both the State and the Town, in which the State would pay one half and the Town one half, the program to be divided into five steps, each of which were estimated to cost the Town approximately $30,000. This estimate was prepared in 1952; however, higher costs of bridge work accounts for a part of the increased estimate for the work to be done at this time.

The first step, for which the money was appropriated in 1953, consisted of clearance of the brook channel between Brookside Park and Turners Pond together with detail changes at the School Street bridge, replacement of a bridge on the Hurd land, the construction of a new bridge to the Glover School and relocation of part of Ruggles Lane. This first step has been wholly completed.

The second step provided for further construction and clearance of the channel of the brook up to the bridge on Brook Road, the lowering of the Metropolitan Sewer at Brook Road, the lowering of the Town sewer at Central Avenue, reconstruction of the underpinning of the Central Avenue bridge and the construction of a bridge to furnish access to the Turners Pond area. At the time of the March 1955 Meeting the State had not started work on Step 2 and for this reason and because the Town was not then certain what should be done about preserving Turners Pond, no additional sums were appropriated for Step 3. The Town decided however, subject to the advice of the Pine Tree Brook Committee and the decision of the Selectmen, that Step 2 for which the money was already appropriated should go forward as soon as possible.

However, after further study by the Pine Tree Brook Committee and consultation with various State and Town officials, it seemed the most economical plan would be to delay the lowering of the Metropolitan Sewer until an appropriation was made for Step 3. At that time the lowering of the sewer would be undertaken and upon its completion a new bridge would be constructed so as to eliminate the replacement of the existing culvert and not require duplication of work. The remaining work under Step 3 at this time would be a new bridge at Thacher Street. Additional stream clearance work in the brook channel between Brook Road and Thacher Street, originally planned in Step 4, would also be undertaken at this time.

Therefore, the only practical step at this time seems to be to accelerate the completion of Step 2, to make an appropriation for Step 3 and a portion of Step 4. It is noted that much of the paper work and engineering involved in the invitation of bids and the awarding of contracts has in the past delayed the work on Pine Tree Brook from Annual Meeting until late fall. With this in mind, the Selectmen, the Pine Tree Brook Committee, the Warrant Committee and the residents most immediately concerned feel that the Town should appropriate the necessary funds at this Special Meeting. If the requested amount of $50,000 is appropriated, this amount will be added to the 1956 tax levy and will not have to be raised or expended until work is actually under way. The Warrant Committee believes that by appropriating these funds at this time, approximately six months will be gained in starting Step 3. If the recommendations of the Warrant Committee are adopted, Steps 2 and 3 will be completed in their entirety and part of Step 4 will also be done.

We have already noted that all of the flood damage was not confined to the Thacher Plain area. The same committee and officials who have been considering the Pine Tree Brook Program have also given careful consideration to what could be done in the Unquity and Trout Brook areas. It appears that there is a very real need for Town maintenance and clearance work in these two brooks as well as in Pine Tree Brook. With the use of modern excavating machinery much of the sludge and debris now present in these streams can be cleared, and accordingly the Warrant Committee has authorized an immediate transfer of approximately $4,000 from the Reserve Fund to make this work possible this fall. By the time of this Special Meeting it is expected that this work will be under way, weather permitting. This special maintenance and clearance work requires no Town Meeting action but is part of Milton's flood reilef effort and is reported at this time for the information of all citizens.

It should be understood that if the sum of $50,000 is appropriated at this Special Meeting, there will be no effect on the 1955 tax rate but that there will be an increase in the 1956 tax rate of approximately $1.09.

DEPARTMENT REPORTS

REPORT OF SELECTMEN

Milton, Mass., January 12, 1956

To the Citizens of Milton:

The Selectmen submit the following report for the year ended December 31, 1955.

On March 5, 1955 the following were elected Selectmen: Charles F. Batchelder, jr., Daniel E. Duggan and William H. White and on March 9th the Board organized with Daniel E. Duggan, Chairman and Charles F. Batchelder, jr., Secretary.

The past year has been a busy one with the Board holding many late sessions, the chief problem being Pine Tree Brook.

Upon petition of a large number of residents in the area of Pine Tree Brook the Board held a meeting in the Town Hall on September 15th for the purpose of discussing the Pine Tree Brook situation. As a result of this meeting the Board agreed to hold a Special Town Meeting on Monday, October 17, 1955, at 8:00 P.M. in the Town Hall.

On October 6th the Board voted that in their opinion it was necessary to proceed at once with clearance work in Pine Tree Brook, Unquity Brook and Trout Brook. The proposed work constituted about two weeks of dredging and clearing and the actual cost was $4,395.00, which the Warrant Committee took care of through a transfer from the Reserve Fund. Quotations were solicited and obtained from local contractors and the work was started immediately. We feel that this was a worthwhile project and it served to prevent a recurrence of the flooding conditions that existed in the surrounding areas at the time of the heavy rains in August. We have been assured by the State that contracts will be let for the continuance of Steps 2 and 3 of Pine Tree Brook by the time of Town Meeting in 1956.

On many occasions the Board has been dissatisfied with the methods employed by the contractor in connection with the Southeast Expressway and we have forwarded several letters to the Commissioner of Public Works relative to the conditions, but as yet have not received the desired results. We will continue to exert our efforts in trying to get this situation cleared up.

Due to the shortage of men in the Police Department and the traffic duty the police officers were called upon to do in connection with the Southeast Expressway there was need of traffic supervision at the school crossings. On August 4th the Board appointed six School Traffic Patrol Supervisors (Female), who served under the Chief of Police during the school year. The Chief reports that these women have been very satisfactory and have relieved the patrolmen so that they could perform other necessary police duties.

In June we were notified by the Trustees of the Public Library that they were planning to convert the Lecture Hall in the East Milton Branch Library into a Children's Room; therefore the room would not be available for elections in the future. We are very grateful to the School Committee who so kindly offered us the use of the Auditorium in the Collicot School as a polling place for Precinct 6 voters beginning in March 1956.

In August the old Glover School on School Street was razed at a figure of $1090.00

and on September 29th the parcel of land containing 22,500 square feet on which the school stood was sold for $5310.00 to a Milton resident.

At the March Meeting the Town voted to construct the following ways under the Betterment Act:

Barton's Lane from Glendale Road to Fuller's Lane
Dean Road from Pleasant Street to Pine Avenue
Part of Elmwood Avenue from Milton-Quincy Line to Milton-Quincy Line
Part of Franklin Street from Howe Street to Alvin Avenue
Part of Victoria Street from Ferncroft Road to Savin Street

Due to the length of time involved in the construction of Pleasant Street under Chapter 90 and with all the extra work the Town was called upon to do in connection with the floods, it was impossible to complete all of the above named streets in 1955. Therefore those that were not completed will be in 1956.

The Selectmen take this opportunity to thank all other Town Boards, Department Heads and Employees for their fine cooperation throughout the year.

Respectfully submitted,

DANIEL E. DUGGAN
CHARLES F. BATCHELDER, jr.
WILLIAM H. WHITE
Selectmen of Milton

REPORT OF LEGISLATIVE COUNSEL

January 18, 1956

To the Board of Selectmen:

Gentlemen:

As Legislative Counsel and Chairman of the Legislative Committee, I sumbit herewith my report for the year 1955:

In the 1955 session of the Legislature, there were fewer bills than usual requiring my attendance before Legislative committes or in interviews with our representatives in the General Court. Legislation was introduced to provide a state board of appeals with superior jurisdiction over local boards of appeals, and somewhat similar legislation to establish a state-wide building code which in certain instances would supercede provisions of local building laws. A bill was introduced to regulate the use of areas in towns for dumping purposes.

With respect to the foregoing legislation, I attended hearings and contacted Senator Cutler and Representative Sheldon and engaged their assistance in defeating the same. I also corresponded with the chairmen of the committees involved.

As in past years, I conferred frequently with Jonathan French, Esq., Legislative Counsel for the Selectmen's Association, and supported action recommended by the Selectmen's Association when requested to do so by our Board of Selectmen.

Respectfully submitted,

FRANK B. FREDERICK
Legislative Counsel and
Chairman, Legislative Committee

REPORT OF TOWN COUNSEL

January 18, 1956

To the Board of Selectmen:

Gentlemen:

I submit herewith my report as Town Counsel for the year 1955:

During the year 1955, as in the past, I have advised your Board and other Boards and Town officials on legal matters arising in the usual course of the conduct of the Town's affairs. The principal matters requiring services outside of those covered by the retainer or of special significance were as follows:

The claim of the Town for damages caused by collapse of the retainer wall at No. 45-49 Adams Street following the fire on November 22, 1953, was settled and the Town was paid $292.50.

There were an unusual number of cases involving the administration of the Subdivision Control Law. Just before the close of the year, seven such cases were tried or disposed of in the Superior Court in one week. Decisions have not been rendered by the Court, however, in all of the cases. The increasing number of appeals from subdividers in no way indicates fault on the part of the Planning Board. As a matter of fact, in most of the cases, the Planning Board over the years has been sustained by the court. As the Town continues to grow rapidly and large areas available for subdivision become scarce, subdividers present cases involving peculiar shaped lots and special problems. It should be remembered that subdividers include not only professional land developers, but individuals sometimes with only two or three lots which are available for building purposes. It is expected that the Planning Board will continue to have many very difficult cases. The Subdivision Control Law is new and the courts are just beginning to deal with interpretation and to provide judicial precedents.

Following the Annual Meeting in 1955, a special committee was appointed to study the Town's liability insurance coverage. That committee made a very thorough investigation which included gathering statistics as to the Town's past experience in accident cases. I assisted that committee in its work.

With the exception of one automobile accident, claims against the Town for personal injury or property damage stayed within the average amount. Claims were paid in 1955 in the amount of $495.36. The automobile case just referred to was settled for $1800. but as payment for this case requires Town Meeting action, the claim will be disposed of finally in 1956.

The taking of Turner's Pond by the Park Commissioners was completed immediately following the Town Meeting. The Town appropriated $30,000 at the 1955 Annual Meeting, but this amount has not been accepted by the owner in full settlement and his claim for damages is still pending.

In 1955, the contract for collection and removal of refuse and garbage came up for renegotiation. The existing contract, which expires May 1, 1956, was carefully reviewed with the Board of Health and substantially rewritten. Bids were advertised and a new contract was awarded. The legal work involved was very considerable, and it is interesting to note that the contract executed in 1955, with the specifications, covers 46 pages as distinguished from contracts only a few years back which required only 6 or 7 pages. Here is another example of the steadily increasing complications in Town affairs which arise because of the growth of the Town and the complexity of present-day statutes and laws.

The Town voted at the Annual Meeting of 1955 to look into the matter of setting up a personnel board in the Town and a special committee was appointed to work with the Warrant Committee in this important matter. To set up such a personnel board requires a special by-law which sets out in full detail the operations of such a board. I have assisted the special committee and the Warrant Committee in drafting such a by-law, and in the year 1955 this work required many hours of study and consultation. Legal work on this matter will continue in 1956 prior to the Annual Meeting.

As always, I have had the full cooperation of all Town officials, boards and committees, for which I am grateful.

Respectfull submitted,

FRANK B. FREDERICK,
Town Counsel

REPORT OF BOARD OF APPEALS

Milton, Massachusetts, January 10, 1956.

To the Citizens of Milton:

The Board of Appeals presents the following report for the year 1955:

Mr. Blake G. Cruckshank, whose term expired in March, was reappointed to serve until the Annual Town Meeting to be held in March 1958.

We wish to take this opportunity to thank Mr. Richard H. Schmidt, Mr. Charles L. Hibbard, Jr., Mr. Roland Gray, Jr., and Mr. Walter N. Kernan, who so willingly substituted for members of the Board who were unable to be present.

During the year we held forty-one hearings. Of this number there were:

11	Applications for Special Permits
20	Applications for Variances
2	Applications for Relief under Massachusetts General Laws, Chapter 41, Section 81Z
3	Appeals from Decision of the Building Inspector
1	Application for Extension of Special Permit for Medical Office
2	Applications for Extension of Variance for Drug Store
2	Applications for Variance or Other Relief

Respectfully submitted,

EDWARD C. JOHNSON 2d
JOHN M. CURLEY
BLAKE G. CRUCKSHANK

REPORT OF THE ENGINEERING DEPARTMENT

Milton, Mass., January 9, 1956

To the Honorable Board of Selectmen:

I herewith submit the report of the Engineering Department for the year ending December 31, 1955.

The engineering requests from Town Departments, Committees, Boards, and Town Officials together with those received from public utility companies and the Massachusetts Department of Public Works were taken care of throughout the year. The nature of these requests varies, as some departments require both field and office work and others engineering surveys, plans and reports. The utility companies request information from our record plans for new installations for both existing streets and new subdivisions. The Planning Board's master study plans together with the Engineering Department's complete up-to-date file are used daily for this purpose.

The year 1955 will long be remembered by Milton residents, particularly by owners of homes in either the Pine Tree Brook or the Unquity Brook areas, as the result of a 15.5 inch rainfall between August 17th and August 23rd. In October, between the 14th and the 17th, we had a total of 5.2 inches of rain. This was followed by 6.1 inches of rain between November 1st and November 6th. Each of these storms overtaxed the storm drains in the streets and overflowed the banks of the open waterways. The first step of the Pine Tree Brook channel improvement completed early last spring, designed to carry 500 cubic feet per second, proved its necessity beyond any question, since the August 1955 rains surpassed any record in the Weather Bureau's 87 year history. The particular type design being used in the 2.5 mile stream clearance project of Pine Tree Brook, with a water-shed comprising about 8 square miles, will provide safety under the exceptional flood conditions which might occur once in fifty to one hundrd years.

The second step of the Pine Tree Brook program will be advertised for competitive bidding early in 1956 and construction started immediately after the award of the contract. The third step, for which money was appropriated at the October 1955 Special Town Meeting, should be under way by the spring of 1956. I recommend that the Town vote to appropriate funds at the 1956 Town Meeting for the fourth step of this program which will extend the improvement beyond Blue Hills Parkway.

The construction work on the Southeast Expressway has continued throughout the year. This made it necessary to detour traffic through several of the nearby residential streets. At the close of 1955 the contractor's work was on schedule. Early in 1956, the temporary roadway in front of the Post Office and the Boulevard Street bridge will be used, setting up a temporary rotary pattern until the Adams Street bridge is built. It is expected that a portion of the Expressway between the Granite Avenue bridge, north of Courtland Circle, and a point near the West Quincy line, will be completed by midsummer. This will relieve the congestion in East Milton Square, as entrances and exits will be constructed to handle through traffic.

Upon the present subdivision control legislation, it is necessary that the Planning Board approve all plans before they are recorded. These plans are filed in the Engineering Department and copies recorded in the Norfolk Registry of Deeds. By arrangement with the Registry, Land Court, and the Assessors, every transfer of land made in the Town is received in the Engineering Department so that the record plans of the Town are kept up to date.

REPORT OF ENGINEERING DEPARTMENT

The work accomplished by the Highway Department in 1955, contract work in subdivisions, and the work petitioned for in 1956 is shown in the following tables:

STREETS CONSTRUCTED UNDER BETTERMENT ACT:

Street	*From*	*To*	*Length*	*Street Width*

I extend my appreciation for the cooperation given to me by the employees of the Engineering Department, the employees of other Town Departments, the Town Officials and the Massachusetts Department of Public Works in connection with Chapter 90 Work, Chapter 91 Work, the Southeast Expressway and Route 128.

Respectfully submitted,

ALEXANDER E. MANNING
Town Engineer

REPORT OF ASSESSORS OF TAXES

December 31, 1955

To the Citizens of the Town of Milton:

The Assessors herewith submit their report for the year 1955.

At the annual election of town officers for 1955 Mr. William C. Hoxie was elected for a three year term.

On March 10th the Board organized as follows: Robert Bowie, Chairman; William C. Hoxie, Secretary

The tax rate was made on June 10, 1955 and submitted for approval. The tax rate was approved on June 13, 1955, and established at $46.00 per thousand, a decrease of $1.00 per thousand.

Twenty-five thousand four hundred thirty-three tax bills have been rendered by this office during 1955, their classification being as follows: 7126 Real Estate, 375 Personal Property; 7453 Polls; and 10,479 Motor Vehicle Excise.

1955 Expenses

ESTIMATED STATE & COUNTY ASSESSMENTS

(Commissioner's Estimates)

			Actual Amounts Assessed by State and County
County Tax		$ 79,672.00	$ 87,317.65
County Tuberculosis Hospital		52,973.13	48,258.31
		$ 132,645.13	$ 135,575.96

REPORT OF THE TRUSTEES OF THE MILTON CEMETERY

January 10, 1956

The Trustees of the Milton Cemetery respectfully report for the year 1955 that:

1. 244 burials were made.
2. 30 lots and 63 single graves were assigned to residents and two single graves to a non-resident.
3. 78 foundations for monuments were built. 26 markers were set, 4 of which required foundations.
4. The appropriation for 1955 for the Cemetery was $61,387.00. Expenditures were $59,913.45. Receipts totalled $32,094.24 of which $10,574.47 was interest on Perpetual Care and Trust Funds. The cost to the Town was 69c on the tax rate.
5. $15,525.00 were added to the Perpetual Care Fund, bringing the total deposits to $391,581.87.
6. In 1955 the first step of a three-year program was completed and the restoration and repair of trees damaged in the 1954 hurricane.
7. At the turn of the year there were laid out and ready for sale:

   165 single graves, and
   125 lots

The Cemetery has enough land all graded and seeded, but not laid out to make an additional 800 single graves and 277 lots.

Respectfully submitted,

NORMAN PIERCE, Chairman
CHARLES L. HIBBARD, Secretary
EDMUND J. BURKE
JOHN E. SHELDON
THOMAS WHEELER
Board of Trustees

REPORT OF FIRE DEPARTMENT

January 3, 1956

To the Honorable Board of Selectmen
Gentlemen:

I herewith submit my report of the Fire Department for the year ending December 31, 1955.

Alarms

There were 737 alarms of fire received during the year; 198 Bell alarms, one of them a General Alarm fire, and 539 Still alarms.

Alarms Each Month

January	61	May	50	September	36
February	22	June	41	October	44
March	60	July	46	November	64
April	114	August	132	December	67

Mutual Aid

Milton to Boston	4	Boston to Milton	4
Milton to Quincy	17	Quincy to Milton	9

Work Performed

Feet of hose laid (1½ inch)	11,350	Gallons of water:	
Feet of hose laid (2½ inch)	15,900	Booster tanks	45,389
Feet of ladder raised	2,946	Tanks:	
Lines laid	46	Oxygen (medical)	27
Salvage covers	32	CO2	10

Other Calls

Inhalator-resuscitator calls during the past year numbered eleven for heart attack and shock victims. Persons locked out of homes; released children from locked and/or upper rooms; flushed streets as a result of accidents; leaking oil burners, tanks and refrigerators; overheated washing machine, dryer and refrigerator motors; gas leaks and fumes in basements; vehicle accidents and fires; television, radio and oil burner fires. The boat was used for rescue work and dragging for persons drowned. The number of flooded cellars pumped during August and November were numerous while the number of false alarms rung in during the year was twenty-six.

Once again this year this Department was called upon to render unusual assistance during the floods of August and November. Evacuation of persons in the Pine Tree Brook area was carried on, debris removed from brook bed, cellars and areaways pumped and stood by where wires were either down or burning. The Auxiliary Fire Fighters stood by during these emergencies and their assistance to the regular force and citizens of the Town was commendable.

The Auxiliary Fire Fighters, whose membership is entirely voluntary, held twenty weekly drills and monthly meetings under the supervision and direction of Fire Fighter

Robert O. Tucker, who conducts his meetings with planned activities such as movies, lectures and detail assignments which helps to continue the interest of all members. The services and very excellent cooperation of all members of the Auxiliary Force has continued throughout the year and to them and Fire Fighter Robert O. Tucker, I extend my sincere thanks.

Inspections Made — Permits Issued

Permits		*Inspections*	*Permit Copies Issued*

Out of door fire permits	1121
Inspection of stores, garages, complaints, etc.	1059

Apparatus

General repairs, maintenance and overhauling was necessary and made by the Department mechanic on all pieces of motor apparatus during the year and all the pieces of fire apparatus are in very good condition. All the pieces of fire apparatus and the Chief's car, equipped with Motorola mobile radio equipment and alternators, has had periodical check ups, thus maintained for top performance at all times.

Ladder #1 had extensive complete overhauling and general repairs.

Ladder #2 is in dire need of repainting and refinishing.

Buildings

General repairs, maintenance and upkeep were made at all three stations throughout the year. Minor roof repairs were necessary and made at the Central Fire Station as a result of the heavy winds and rains. Extensive interior work is most necessary at all three stations in the coming year.

In Memoriam

Fire Fighter Sylvester L. Donahue, Retired

Appointed a Call Fire Fighter	June 1, 1918
Appointed a Permanent Fire Fighter	May 1, 1919
Retired	February 15, 1951
Deceased	June 21, 1955

Fire Fighter Carl R. Horne, Retired

Appointed a Permanent Call Fire Fighter	April 3, 1914
Retired	November 30, 1948
Deceased	December 16, 1955

Fire Fighter Joseph H. Kaes

Appointed Permanent Fire Fighter	May 20, 1948
Deceased	December 26, 1955

Recommendations

Once again and this year, I strongly recommend that some further and definite action be taken in regards to the purchase and assignment of a ladder truck at the Blue Hill Fire Station. Further recommendation is for a minimum of three additional men to man this ladder truck for the area. Growth, development and the various types of occupancy in this area make this request a necessity.

A further recommendation is for the appointment of a Committee to make a study of the possibility of a future fire station in the Tucker Hill, Hillside Street area.

To the Officers and men of this Department, I take great pleasure in extending to them my sincere thanks for their very fine and sincere cooperation throughout the year. I wish to thank your Honorable Board for their many courtesies, advice and assistance rendered and to all Department heads and employees who have in any way aided this Department, I am most grateful.

Respectfully submitted,

FRED E. WHELAN
Chief of Fire Department

REPORT OF FORESTRY DEPARTMENT

December 31, 1955

To the Citizens of the Town of Milton:

This year the Forestry Department removed about 250 trees, many of which the hurricanes had weakened in 1954. In addition, hundreds of trees with broken branches were pruned to prevent or reduce damages from insects and disease.

Unfortunately we are still plagued with the Dutch elm disease, but we have tried to keep our losses to a minimum by proper spraying, removal of diseased trees, and proper pruning. We are hopeful that we can save as many elms as possible until the day of the discovery of an economical and practical means of controlling the disease.

With the rapid growth of the town and the large loss of trees in the hurricanes, we are faced with the chronic problem of how to replace old trees and how to plant along new streets, especially in new housing developments.

To answer this problem the Department is asking for a larger appropriation for planting new trees. However, the Department is too small to do what is necessary. Therefore, we are also proposing an addition to the subdivision rules of the Planning Board requiring contractors in building new roads to plant new trees under the direction of the Tree Warden. We believe this will not only save the town a considerable amount of money, but also will help make our new streets attractive.

It is with regret that we report the retirement of George F. White, after 29 years of service, as of September 1, 1955.

Respectfully submitted,

JOHN T. HEMENWAY
Tree Warden

REPORT OF THE BOARD OF HEALTH

January 25, 1956

To the Citizens of Milton:

Submitted herewith is the Annual Report of your Board of Health for the year ended December 31, 1955.

The Board organized on March 9, 1955, elected Paul R. Withington, M.D., as Chairman, Paul V. McPeake as Secretary, Thomas H. Bilodeau as Member, and appointed Edwin S. Warrell as their Agent. Also appointed were Cleveland Floyd, M.D., to conduct the Chest Conference, Howard A. Smith as Inspector of Milk and Ann Hefler, D.V.M., as Inspector of Animals and Slaughter.

Communicable Diseases

Following is a table of communicable diseases declared dangerous to the public health reported during the year and, for comparative purposes, those reported during the years 1950 through 1954:

	1955	1954	1953	1952	1951	1950
Chicken Pox	138	40	239	79	134	39
Diphtheria	0	1	0	0	1	0
Dog Bite	89	86	95	77	87	84
Dysentery, Bacillary	0	0	5	1	0	0
German Measles	3	22	83	170	12	44
Hepatitis, Infectious	2	1	0	0	0	0
Measles	330	85	212	493	147	60
Meningitis	0	0	0	0	1	0
Mumps	97	58	63	19	112	59
Ophthalmia, Neonatorium	0	0	0	0	1	0
Poliomyelitis	8	1	6	1	0	3
Salmonellosis	4	3	0	7	1	0
Scarlet Fever	47	18	6	17	17	23
Tuberculosis	1	6	6	9	10	8
Whooping Cough	3	24	2	1	19	54
Chancroid	0	0	0	0	0	1
Gonorrhea	1	0	1	0	0	0
Syphilis	0	0	8	5	6	3
TOTAL BY YEARS	723	345	726	879	548	378

The incidence of communicable diseases in Milton kept pace with surrounding communities and the State in general except in the number of diagnosed cases of poliomyelitis reported during the year. While this disease reached epidemic proportions in Massachusetts, particularly in Boston and on the South Shore during the summer months, only eight cases were reported in Milton. Although the table shows only one new case of tuberculosis reported during the year, ten reactivated cases of this disease required hospitalization in 1955.

REPORT OF BOARD OF HEALTH

Immunization Clinics

The clinics to immunize children against diphtheria and tetanus usually conducted in the last three months of each year were delayed until November and December due to the possibility of the State Polio Advisory Committee recommending that mass vaccinations with polio vaccine be resumed in October. During those two months 791 children from kindergarten through junior high school age were administered boosters, or stimulating doses, of combined antigens and 38 children never before immunized were started on original courses of three inoculations to protect against these diseases. These clinics will be completed in January when those receiving the course will have the third inoculation and an additionel 54 children will receive a booster. Also, 9 pre-school children were given boosters for protection against whooping cough as well as immunization against diphtheria and tetanus and 22 were started on the original course of three inoculations at the well-child conferences conducted by the Milton Visiting Nurse Association.

As a result of numerous incidents, all of which were well publicized, the polio vaccine program planned for 1955 was never completed. At this time there are 980 Milton children known to this Board to have received two or more doses of the vaccine in 1954 and 1955 while another 350 are known to have received only one such inoculation. Now that the State Polio Advisory Committee has recommended that polio vaccinations be resumed this Board recommends that clinics be established to administer the recommended number of doses to the prescribed age groups in Milton as soon as vaccine is made available. We also recommend that a second dose be administered to those children who received only one last year.

Dental Clinics

A detailed report of this activity will be found in the school department's section of this Annual Report.

Chest Conference

The Chest Conference conducted on the first Wednesday of each month by Doctor Cleveland Floyd registered 65 new patients referred to it while 70 individuals continued under observation during the year reported upon. Doctor Floyd reports no positive cases of tuberculosis were detected and no old tuberculous lesions were found to have relapsed during the year. From this data, Doctor Floyd reports, it is probable that almost all known positive cases of tuberculosis in Milton are taken care of and the undetected cases should have most of our attention. It is in this direction, says the Doctor, that the disease can be suppressed.

While faciliies do not permit routine examinations and chest X-rays of residents without referral, such examinations may be had without cost by any resident at the Norfolk County Hospital or at the Quincy Health Center by appointment.

Hospitalizations

During the year 13 individuals were hospitalized by this Board of Health for tuberculosis at the Norfolk County Hosipital, 1 at North Reading State Sanatorium and 1 at Lakeville State Sanatorium. Hospital expense assistance was given in the cases of 2 premature infants during the period covered by this report.

Milk and Food Sanitation

Your milk supply continued to be of good quality. During the year 385 samples of milk were collected and tested for fat content, milk solids, bacteria count, coliform count and subjected to a phosphatase test for proper pasteurization. Five samples of cream were collected and tested for each of the above, except milk solids, as were eleven samples of ice cream. With but very few exceptions all of the samples were well above minimum standards and in these few cases follow-up samples proved satisfactory. In addition, regular inspections were made of local milk producers, pasteurization and ice cream plants by our Inspector of Milk, Howard A. Smith.

Following the floods of last year, inspections were made in food handling establishments within the Town. Much contaminated food was destroyed as unfit for human consumption.

In cooperation with the school health authorities, inspections of the cafeteria facilities in all public schools continued.

Rodent Control

The rodent control program at the disposal area continued during the year in a very effective manner. Numerous complaints of rat infestitation were received following the floods of last summer which necessitated control measures being instituted by this Board since entire neighborhoods were invaded. The construction of the expressway in East Milton increased the rat problem in that area but now appears under control.

Rubbish-Garbage Collection and Disposal

The collection of rubbish and garbage has been satisfactory during the year with very few complaints having been registered with this Board for non-collection or other causes. The existing contract with James A. Freaney, Inc., of Hyde Park will expire on April 30th, at which time Charles B. Bosworth of Milton will start on a three year contract for such collections.

This Board of Health is concerned with the ever increasing cost of collections of waste materials and have requested your Selectmen to insert an article in the Warrant for the 1956 Town Meeting to see if the Town will vote to appoint a Committee to investigate the advisability of the Town performing its own waste collections rather than by private contractor.

Disposal of garbage continues to be at a piggery outside the Town while rubbish is disposed of in a most satisfactory area within the Town.

Inspection of Animals and Slaughter

The Inspector of Animals reports that while no slaughtering was done in Milton in 1955 she did examine 102 dogs reported as biting humans and inspected 6 farms with 260 cows in the performance of her duties.

General

The Board recommends that Town Meeting vote to appoint the Committee to look into the advisability of establishing its own waste material collection system.

Conclusion

The Board of Health wishes to express its sincere thanks to the numerous individuals, particularly those assisting with the immunization clinics, and the several Town Departments for their excellent cooperation with its programs during the year. The school and highway departments have been exceptionally helpful.

PAUL R. WITHINGTON, M.D., Chairman
PAUL V. McPEAKE, Secretary
THOMAS H. BILODEAU, Member

REPORT OF FENCE VIEWERS

January 16, 1956

Honorable Board of Selectmen
Milton, Massachusetts

Gentlemen:

If it were not for the fact that hedges are defintd as "fences" by section 2 of Chapter 49 of the General Laws, the past year would have been as uneventful and as tranquil from a fence viewing standpoint as any of the two hundred and ninety-three years that have elapsed since the incorporation of the Town in 1662.

As the result of a complaint received during the month of August, the Fence Viewers reluctantly concluded after considerable study of the General Laws, legal precedent and the facts of the case that a view had to be taken of a certain hedge and a hearing held on the merits of the controversy. We are pleased to report that our objective appraisal of the situation and our unbiased hearing of the cause has resulted in amicable settlement of the dispute. The hedge (fence), which was threatened with an early demise, is again flourishing in our temperate climate. However, to make absolutely sure that the parties will proceed to act in good faith upon our recommendations, we have continued the case generally and have, therefore, sought no fees as of the date of this report. We are also pleased to report that including the use of the Selectmen's office for the above-mentioned hearing, which was free of charge, we have expended no monies during the past year.

A letter from the Board of Selectmen, dated November 14, 1955 requested the Fence Viewers to take appropriate action in connection with a fence which was allegedly creating a traffic hazard in a certain section of that part of the Town now or formerly known as New State. By letter of November 25, 1955 to the Board, we regretfully disclaimed jurisdiction. However, in order to obviate any criticism that we were shirking our duties, we referred the Board to pertinent sections of the General Laws of the Commonwealth and General By-laws of the Towns for possible solution to the problem. We have heard no more of this matter.

As usual, we received several requests for rulings relating to Spite Fences (fifteen in all), which we disposed of as best we could, realizing as we did so that we did not and do not have jurisdiction over such matters. However, we conclude from these inquiries that the fence building business, especially the erection of fences over six feet in height, is flourishing.

We conclude our report by stating that the Fence Viewers have stood ready at all times during the past year to serve the citizens of the Town when called upon.

Respectfully submitted,

RICHARD H. SCHMIDT
GEORGE N. HURD, JR.
Fence Viewers of the Town of Milton

REPORT OF WIRE DEPARTMENT

Milton, Massachusetts, January 13, 1956

To the Honorable Board of Selectmen
Milton, Massachusetts

Gentlemen:

I herewith submit my report of the Wire Department for the year ending December 31, 1955.

Number of inspections made	2,045
Number of certificates issued	402
Number of incandescent lamps wired	12,406
Number of motors installed	683
Total horse power	531
Number of heaters and ranges installed	346
Total watts	3,499,300

Permits were issued as follows:

Month	Total No. Permits Issued	Original	Alterations	Fees Received
January	76	8	68	$ 120.00
February	53	11	42	97.25
March	61	5	56	94.20
April	59	10	49	102.55
May	54	9	45	102.75
June	82	13	69	146.60
July	67	11	56	122.30
August	69	12	57	127.45
September	76	9	67	123.45
October	114	21	93	202.15
November	92	10	82	149.10
December	73	8	65	114.35
	876	127	749	$1,502.15

Fees for the above permits amounting to One Thousand Five Hundred and Two Dollars and Fifteen Cents ($1,502.15) have been collected and paid to the Town Treasurer.

Fire and Police Alarm Signals

New Fire Alarm Boxes have been installed at the following locations:

154	50 Dyer Avenue
165	Ridge Road and Columbia Road
363	Marshall Road

514	Elm Street
523	The Ledgeway and Canton Avenue
3221	Fontbonne Academy
649	California Avenue, to be installed when work is completed on Squantum Street

New Lines Installed for Above Boxes

From Highland Street to Box 363 on Marshall Road	1,000 ft.
Houston Avenue to Box 154 on Dyer Avenue	1,200 ft.
From Box 462 to Box 165 on Ridge Road and Columbine Road	1,000 ft.
From Corner Robbins Street and Canton Avenue to Box 523 at The Ledgeway	1,250 ft.
From Corner of Brook Road and Centre Street to New Building at Fontbonne Academy (Box 3223)	1,000 ft.

Replacements and Repairs

Wire was replaced in the Fire Alarm System at the following locations:

Edge Hill Road	400 ft.
Adams Street and Church Street	400 ft.
Adams Street and Washington Street	400 ft.
Canton Avenue	3,000 ft.
Randolph Avenue	3,000 ft.

Numerous repairs were made on all circuits of the Fire Alarm System.

A new Police Box was installed at Cunningham Park and 800 feet of wire was used on same.

About 500 feet of 2 and 4 wire loom cable was used for replacement on Police Alarm System.

Due to the running of a new set of primaries by the Boston Edison Company from the Police Station to East Milton there was considerable more work of changing lines, Fire Boxes and Traffic Light Controller from old to new poles.

Considerable work was done in the various Town Departments such as installing new fluorescent fixtures, repairing switches, etc.

Traffic Lights

The following Traffic Lights were replaced due to accidents:

Two Traffic Lights were replaced at the corner of Brook Road and Randolph Avenue after being knocked down.

A Pedestrian Standard at the corner of Adams Street and Mechanic Street was knocked down and replaced.

It was necessary to relocate Pedestrian Standard at Kerrigan's Corner (Brook Road and Reedsdale Road) due to the remodeling of the front of Kerrigan's Store.

Due to the construction work of the Southeast Expressway in East Milton Square it was necessary to remove some of the Traffic Light Standards and make changes in Traffic Light Controller.

All Traffic Lights were painted and Controllers oiled and overhauled where necessary.

REPORT OF WIRE DEPARTMENT

Flood Damage

Damage to the Police, Fire and Traffic Light Systems were only minor and the Wire Department gave their assistance wherever it was needed.

New Southeast Expressway

Due to the construction of the two bridges in East Milton Square (Boulevard Street and Adams Street) it was necessary to reroute our underground cable. In doing so 600 feet of 30 conductor lead cable, 150 feet of 20 conductor cable and 150 feet of 10 conductor cable were installed and cut over from old to new and completed. It was also necessary to make overhead changes in wiring and relocate Fire Box at corner of Adams Street and Brook Road and Adams Street and Saint Agatha Road; also, due to the widening of street at these points it was necessary to set cable box back 16 feet installing new duct and cable.

At the corner of Adams Street and Squantum Street due to the widening it was necessary to change overhead construction.

Due to the building of the bridge on lower Granite Avenue it was necessary to remove all overhead construction from Courtland Circle to Granite Avenue Bridge (over Neponset River) and relocate Police Box from bridge to Courtland Circle.

A flood light was installed on the East Milton Fire Station facing Boulevard Street Bridge to light same at night until permanent lights are installed.

I wish to thank your Honorable Board for your advice and assistance during the past year, all Town Departments for their cooperation, also, the members of the Wire Department for their excellent work.

Respectfully submitted,

MARSHALL R. MACMILLAN
Inspector of Wires

REPORT OF BUILDING DEPARTMENT

January 10, 1956

Honorable Board of Selectmen
Milton, Massachusetts

Gentlemen:

I hereby submit my report for the Building Department for the year ending December 31, 1955.

Month	Number of Permits	Permits for New Dwellings	Permits for New Garages	All Other	Permits for Alterations	Valuation	Fees Received
January	28	5	4	0	19	$ 51,143.00	$ 66.00
February	52	9	9	0	34	123,256.50	136.00
March	48	8	4	1	35	103,387.00	126.00
April	66	9	11	1	45	128,533.50	161.00

October	68	11	8	3	46	170,924.00	194.00
November	49	10	7	2	30	156,855.00	177.00
December	26	4	2	0	20	83,571.00	95.00
	665	132	122	10	401	$2,338,439.00	$2,224.00

On May 1, 1955, Lorenzo E. Young, Inspector of Plumbing, and John M. Hannigan, Deputy Inspector of Plumbing, were re-appointed for one year.

On May 1, 1955, I was appointed Building Inspector for one year.

On May 1, 1955, Fred P. Carlson was appointed Deputy Building Inspector for one year.

I wish to extend to the Honorable Board of Selectmen my sincere appreciation for their co-operation during the year.

Respectfully submitted,

G. P. BLENKHORN
Building Inspector

REPORT OF INSPECTOR OF PLUMBING

Milton, Mass., December 31, 1955

G. P. Blenkhorn, Inspector
Building Department
Town Hall, Milton 86, Mass.

Dear Sir:

Following is a summary of the work of the Department of Inspection of Plumbing for the Year 1955:

Month	Total No. Permits granted	Original work	Alterations	Fees received	Valuation of work
January	43	14	29	$128.00	$20,835.00
February	18	7	11	57.00	11,510.00
March	40	16	24	128.00	21,960.00
April	34	8	26	92.00	20,895.00
May	33	8	25	90.00	18,646.00
June	42	20	22	144.00	75,090.00
July	24	8	16	72.00	16,675.00
August	40	11	29	113.00	21,100.00
September	38	9	29	103.00	16,475.00
October	47	19	28	152.00	24,420.00
November	36	12	24	108.00	19,985.00
December	21	7	14	63.00	10,925.00
	416	139	277	$1,250.00	$278,516.00

Permit Fees which I have received on account of the Town have been paid to the Town Treasurer and Collector, whose receipts for the amounts of Twelve Hundred Fifty ($1250.00) dollars are held by me.

Respectfully submitted,

LORENZO E. YOUNG
Inspector of Plumbing

REPORT OF SEALER OF WEIGHTS AND MEASURES

Milton, Mass.
Jan. 3, 1956.

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report of Weights and Measures.

All monies received on account of sealing and adjusting fees have been paid to Town Treasurer. This amounts to $207.45.

Number of Scales, Weights and Measures sealed	460
Number adjusted	63
Number condemned	3
Number reweighings	1,553
Number found underweight	416
Number found overweight	1,137

Deliveries to Town measured or reweighed:

Total weight of material measured or reweighed	lbs. 457,400
Deliveries inspected	25
Deliveries found short	16
Deliveries found over	9

Respectfully submitted,

FREDERICK L. RIPLEY
Sealer of Weights and Measures

REPORT OF THE BOARD OF PARK COMMISSIONERS

December 31, 1955

Honorable Board of Selectmen
Milton, Massachusetts

Gentlemen:

The Board of Park Commissioners is pleased to forward its report of the Park Department for the year 1955.

Mr. Harold S. Halliday, a member of the Board since March 23, 1944, and its Chairman for seven years, retired at the expiration of his term in March, 1955. Mr. Halliday served faithfully during his term of office. Mr. James A. Aicardi was elected in March, 1955 for a term of three years.

The Spring brought about the usual cleaning, seeding, and fertilizing of the grounds under our control. All play equipment was placed in position ready for use.

The Brook Road Playground again was the center of activity. This site is host to the High School and Central Jr. High School for the majority of their athletic events. Our Field House, located on this site, serves all the visiting teams that participate in athletic contests. The Tennis Courts were completely re-surfaced with a special material and now afford excellent facilities for this type of play. During the fall 2500 feet of chain link fence was painted.

Over one acre of the Orrin A. Andrews Playground was loamed and seeded during the year. It is anticipated that it will not be too long before the entire area will be ready for play activities.

Five hundred feet of chain link fence was also painted at this Playground during the year. For 1956 we have asked the necessary funds to construct a parking area and an outdoor basketball court as we find the need very much evident.

This year brought about the completion of the Mary Chase Lane Memorial Playground as far as loaming and seeding. If the need becomes evident, a small junior size diamond will be laid out for future play. Chain link fence was erected along Churchill's Lane for the safety of the children.

The March, 1955, Town Meeting voted that the Board take by eminent domain the property commonly known as "Turner's Pond." There are no plans at this time for the development of the property.

The summer playground program was carried out by our competent staff of Recreation Leaders. This program was conducted at the Brook Road Playground, Orrin A. Andrews Playground, and the Eliot Street Playground. In spite of a very hot season, large numbers of children participated in the various programs conducted. Conducted trips to the Esplanade Concerts, Science Museum, Charles River Basin, Adams' Houses, and a Boston Red Sox game proved very popular.

The basketball program was again conducted at the gyms of the High School and the Mary A. Cunningham Jr. High School. Over 300 boys from the sixth grade on participate in supervised play of basketball on Saturdays and vacation days.

The Board is aware of the continued growth and development of the Town, especially in the Blue Hill area in the vicinity of Robbins Street and the Tucker Hill area. Detailed studies are being made in conjunction with the over-all plan of the Planning Board.

The Park Commissioners are cognizant of the assistance and co-operation given our Department by other Departments of the Town during the year and wish to thank them sincerely. Our thanks go to our own employees, both regular and part-time, for the fine job they have done over the year.

Respectfully submitted,

BOARD OF PARK COMMISSIONERS
M. JOSEPH MANNING, JR., Chairman
JAMES A. AICARDI, Secretary
ELBERT P. FLETCHER

REPORT OF POLICE DEPARTMENT

January 12, 1956

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit my report for the year ending December 31, 1955.

Arrests

Total	220
Males	205
Females	15

Offenses

Assault and battery	6
Breaking and entering	6
Debtor considered in contempt	1
Delinquency	11
Disturbing the peace	8
Drunkenness	72
Forgery	1
Illegitimacy	1
Larceny	10
Lewd and lascivious cohabitation	2
Motor Vehicle Laws, violating	61
Neglect of family	3
Non-support	3
Operating under the influence	19
Parole violation	3
Suspicious Persons	2
Town By-Laws, violating	4
Using motor vehicle without authority	7

Miscellaneous Work

Ambulance calls	492
Automobile accidents	219
(182 personal injuries — 3 deaths)	
Automobiles found abandoned	15
Automobiles reported stolen	10
Bicycles registered	183
Buildings found open and secured	523
Buildings broken into	57
Cases investigated by officers	3815
Dead bodies cared for	10
Defective bridges	1
Defective hydrants and pipes	17
Defective poles	21

Defective streets and sidewalks	42
Defective trees	38
Defective wires	65
Disturbances suppressed	43
Dogs ordered restrained	121
Houses reported vacant and special attention requested	1467
Lost children restored	33
Missing persons reported	11
Insane persons taken in charge	27
Motor vehicle licenses suspended	20
Officers detailed at request of citizens	1316
Sick and injured persons assisted	203
Street obstructions removed	46
Writs served for other departments	697

It gives me great pleasure to report that we do not have a Juvenile Delinquency problem, as such, in the Town. We have had some cases of vandalism but for the most part the young people in the Town have behaved very well.

The new combination ambulance and patrol wagon is giving very satisfactory service and is a great improvement over the LaSalle, which it replaced. The fact that the new ambulance is equipped with a three-way radio has also helped us to give more efficient service. Our four cruising cars have been in service night and day and I recommend that they be replaced.

Several promotions were made during the year. I was appointed Chief, May 20th. Lieutenants Charles L. Laffan, Stephen J. Slack, Jr., and Thomas F. Doyle were also promoted from Sergeant on the same date. Deputy Chief John W. Dalton was promoted from Acting Deputy Chief on October 27th. Dennis J. Doyle was promoted to the rank of Sergeant on May 20th and Walter F. Nolan was made Sergeant on June 30th.

Acting Chief Chamberlain, a member of the Department since 1918 and Deputy Chief since 1937, retired on May 20th.

Miss Anne Healy, stenographer and clerk of this Department for many years, retired September 1st. The vacancy has been filled by a provisional appointment pending a Civil Service examination.

During the year, Patrolmen Richard J. Cox and Kenneth L. Taber resigned from the Department.

Prior to the start of the school year, six women were appointed by the Selectmen to be school traffic supervisors. To date these women have been very efficient.

Our Detective Department, now under the direction of Lt. Charles L. Laffan, has done an excellent job and has been instrumental in solving many of the crimes which have been committed.

The morale of the Department has been very good and the members are to be commended for the fine work that they have done.

The Department has been hampered by a lack of manpower. I recommend that the authorized strength be increased to fifty-two men. At the present time, this means that eight new men should be added.

The Police Station is still inadequate and in bad need of repair. I sincerely hope that some action will be taken to renovate the present structure or replace it.

REPORT OF POLICE DEPARTMENT

The Milton Auxiliary Police Officers responded in large numbers during the bad flooding conditions of this past summer and are to be commended for the fine assistance which they gave to this Department and the Town.

To the officers and men of the Department, I wish to extend my sincere thanks for their loyalty and cooperation given me since I became Chief. I also wish to thank the Board of Selectmen, the Justices, Clerks and Probation Officers of the Courts, and officials and employees of other Town Departments who have assisted us during the year.

Respectfully submitted,

JOHN E. WHEARTY
Chief of Police

REPORT OF PLANNING BOARD

December 31, 1955

To the Citizens of the Town of Milton:

The Planning Board submits the following report for the year 1955.

At the annual election of officers in March, Mr. Ray A. Hinds was elected for a five year term. On June 6th the Planning Board regretfully accepted the resignation of Mr. Walter S. Robbins who served the Board ably and conscientiously for three years. Mr. George N. Hurd, Jr. was appointed June 16th to fill the vacancy.

During the year, the Planning Board held twenty-five meetings included in which were nineteen public hearings, seventeen on proposed land subdivisions held under the Subdivision Control Law and the Rules and Regulations of the Planning Board, and two on proposed amendments to the Zoning By-Law. Of the latter hearings, one was held January 27th in the Town Hall on the petition of ten or more citizens to amend Chapter 10 of the General By-Laws by changing Residence "C" District to Residence "B" District in the area commonly known as Turner's Pond. The Planning Board, with one member dissenting, voted against this petition as did the Town at the annual Town Meeting. The second petition for a proposed amendment to the Zoning By-Law covering technical changes in some of the sections was for the purpose of clarifying the meaning of these sections and was approved by the Planning Board and later by a two-thirds majority vote at the annual Town Meeting.

With considerable interest being shown on the part of the citizens of the Town in the Zoning By-Laws and its effect on land subdivisions, the Planning Board feels that it might be of interest to ascertain to what extent new subdivisions requiring public hearings have affected the growth of the Town during 1955. In Residence "C" District, five public hearings were held on four proposed subdivisions in which one hundred twenty-one house lots were involved. The layouts covering thirty-three of these were approved by the Planning Board of which sixteen are currently under development, fourteen taken by the State for route 128 and the remaining three are held up pending court action. In Residence "B" District, three public hearings were held on two proposed developments in which fifty-three lots were involved. These layouts were approved by the Planning Board and are currently being developed. In Residence "A" District, nine public hearings were held on nine proposed developments in which eighty-one lots were involved. Eight of the proposed developments with a total of sixty-eight lots were approved but only sixty of these are being developed and the remaining eight are held up by the developer pending settlement of action taken by him against the Town.

During the year, the Planning Board met with various Boards and Committees on Town affairs as well as with private individuals interested in zoning, subdivision and planning.

The Planning Board recognizes the importance of periodically making careful studies of the needs and possibilities of the Town and its responsibilities in reporting information regarding its condition and any plans or proposals for its improvement and development to the citizens of the Town.

The excessive rainfall experienced in Milton during the late summer and the fall months pointed up the need to proceed on the Pine Tree Brook clearance project without any delay. We again recommend that money be appropriated for the continuation of this work.

REPORT OF MILTON PLANNING BOARD

As on numerous occasions in the past, the Planning Board again advocates the widening of Adams Street, between East Milton Square and the Quincy line, and its construction by the County Commissioners. A widening carried out in this manner would cause the least damage and inconvenience to the residents and business establishments along the way. We feel this to be the case because in preparing widening plans the Town would be more considerate of the property owners than was the case in the widening of that part of Adams Street west of the Square.

The Planning Board wishes to thank the personnel in various Town departments and on Town Boards and Committees for their cooperation and assistance.

Respectfully submitted,

JOHN H. BOWIE, Chairman
BENJAMIN R. ALEXANDER
EDWARD DYSON
RAY A. HINDS
GEORGE N. HURD, JR.

REPORT OF BOARD OF PUBLIC WELFARE

January 12, 1956

To the Citizens of the Town of Milton:

There has been little change in the administration of our Welfare Department this past year. The staff has been ready at all times to meet the emergencies that have arisen, provide the needs and help with the problems of persons seeking assistance.

We were pleased to have Miss Barbara M. Wickes, Senior Clerk-Secretary, promoted to Principal Clerk-Secretary as of January 1, 1955, having passed a promotional Civil Service examination with gratifying results. There is need for the services of another full-time clerk-stenographer, but because of limited space and equipment, we can avail ourselves of part-time intermittent help only. The Board and staff are looking forward to the time when the Town will provide new office quarters suitable for the needs of a social agency. Our present quarters, located in the basement of the Town Hall, are most inadequate, being crowded, poorly ventilated and poorly lighted.

The department has continued to administer the Medical Care Plan which was inaugurated by the State Department of Public Welfare July 1, 1954. Amendments to the plan have been made during the year; there has been no letup of the pressure imposed upon the staff by this program — it is most time-consuming. The co-operation of the doctors, druggists and other medical vendors who do conform to the Medical Care Plan has been greatly appreciated. Dr. Seth C. Crocker was appointed as Medical Consultant for a second year. He has given generously of his time and counsel; his understanding of our problems as well as that of the Medical Profession, has been a great help to the department. As the Medical Care Plan develops, we find the need for Dr. Crocker's services is more defined, and we will benefit by more frequent use of his decisions and advice in 1956.

We present the following statistics which may be of interest:

	Active as of Jan. 1, 1955	Applications Received	Applications Approved	Cases Closed	Active as of Dec. 31, 1955
Old Age Assistance	186	39	35	36	185
Aid to Dependent Children	12	2	1	3	10
Disability Assistance	15	5	5	2	18
General Relief	3	5	2	2	3

Notices received from Cities and towns for Old Age Assistance	47
Notice received from Milton Hospital and from cities and towns for General Relief and hospitalization	75

Below we compare the past two years on an *AVERAGE MONTHLY* basis:

Old Age Assistance:

	Cases	Aggregate Paymt.	Per Case
1954	189	$14,844	$ 78.47
1955	184	15,346	83.60

Aid to Dependent Children:

	Cases	Aggregate Paymt.	Per Case
1954	14	1,787	129.25
1955	13	1,685	133.30

Disability Assistance:

1954	16	1,648	99.88
1955	15	1,693	108.14

The above shows that although the case load was lower in 1955, the amount expended and the average paid per case were higher. This was due largely to the increase in medical costs. Hospital charges were substantially higher in 1955, and we are advised that the rates will be further increased in 1956. 1955 legislation increased payments to licensed boarding and nursing homes for care of persons receiving assistance. The Visiting Nurses' fees were increased. The majority of persons applying for assistance find it necessary to do so because they are faced with a prolonged illness requiring hospital and nursing-home care, and it is not possible for them to pay for long-term medical care at today's costs. The number of recipients in nursing homes has, therefore, increased. The two excellent nursing homes which we have in Milton cannot accommodate all our recipients needing nursing care, and it is necessary for our Milton people to be in nursing and boarding homes in many surrounding communities, thus necessitating extra travel for our workers.

The 1955 Legislature also provided for a $2.50 a month "transportation allowance" to all Old Age Assistance recipients, except those in licensed nursing homes. This additional grant became effective January 1, 1956.

In past reports we have referred to the lien on real estate required under the Old Age Assistance law since January 1, 1952. During 1955 recoveries were made on three liens totaling $7,555.09. We refer you to the Town Accountant's financial statement for total receipts and expenditures of our department.

We wish to express our gratitude to the many individuals and organizations in the Town who have been most helpful this past year, and also to the other Town Departments for their continued co-operation.

Respectfully submitted,

EDWARD C. JOHNSON 2d, Chairman
G. PHILIP GRABFIELD, M.D.
JOSEPH J. O'BRIEN
OLIVER S. SUGHRUE
FLORENCE CLOTHIER WISLOCKI, M.D.

REPORT OF THE TRUSTEES OF MILTON PUBLIC LIBRARY

January 10, 1956

To the Citizens of Milton:

Another busy year for the Library has passed into history. Our total circulation of books increased over the previous year by approximately 8,000, and the number of phonograph records loaned exceeded last year's figure by about 1,000. The exact figures for these and other statistics are included in the report of the Librarian which is submitted herewith as part of the report of the Trustees.

Early in the year the Trustees accepted with regret the resignation from the Board of Mrs. Ruth E. Pierce. Mrs. Pierce first became a Trustee in May 1932. In the course of her service of more than twenty-three years she brought to the Library an enthusiastic and continuing interest in its work and its progress, as well as a broad understanding and knowledge of literature. Her contribution was an important one.

On May 15th, not only the Library, but our whole community suffered a loss in the death of James F. Ballard. Mr. Ballard had been a trustee since 1931. Preeminent in the field of medical library work, to which he had devoted his life, he possessed an experience and a quality of judgment in library affairs which cannot be replaced. We miss him and shall continue to miss him as a valuable member of our board. In his memory the members of Mr. Ballard's family have presented to the Library one of his bookcases which we accept with grateful appreciation, and which now stands in the main lobby of the central building.

Another gift which we acknowledge with thanks is a set of three most interesting albums of photographs of old Milton, presented to the Library by The Milton Historical Society. They were compiled by Colonel Edward P. Hamilton from collections assembled by the late Jesse B. Baxter, the late Margaret Sutermeister, and by Colonel Hamilton himself. They will make a noteworthy addition to the Library's collection of Milton historical material.

The Historical Society has also offered to loan to the Library the large gilt framed mirror formerly owned by Governor Hutchinson, and which recently hung in the Belcher House. Although the mirror is not as yet in place this offer has been accepted by the Trustees with gratitude.

Among our new projects, the children's room on the lower floor of the East Milton branch deserves special mention. This room is now in the process of being renovated and fitted up through funds from the income of the Nathaniel T. Kidder Trust. We expect it to be ready for use in the early fall, and it should provide a fine and much needed addition to the library facilities in the East Milton area.

The committee appointed by the Moderator, following the Town Meeting last March, to work out new plans for an addition to the Central Library building have been hard at work. Under the chairmanship of Mr. Louis J. Mathieu they have concluded that an addition to the present structure is needed, and they have developed a plan which they will recommend for adoption at the coming Town Meeting. We hope that the Town will vote to accept the plan and authorize the construction of the addition.

REPORT OF TRUSTEES OF THE MILTON PUBLIC LIBRARY

During the past year the Library continued to maintain a full winter schedule throughout the summer months, and remained open on all Saturdays, including those of the long holiday week ends. In doing so, however, it departed from the custom followed by many libraries, of closing on Saturday during the summer. Whether we can continue this schedule during the coming summer is a question in view of the limited staff with which we are now operating.

Our Library, in common with many others in this part of the country, is finding itself increasingly handicapped by the growing difficulty of securing the services of trained personnel. Higher rates of pay and other benefits now being offered by libraries in the mid-west and far west are attracting a constantly larger proportion of the graduates of our eastern library schools. and the situation deserves our serious consideration. Failure to correct it could well result before long in impairing the quality of library service in many of our New England town libraries.

It is a pleasure to welcome the two new members of our Board of Trustess, elected during the past year. They are Mrs. Ralston B. Smyth of 294 Edge Hill Road, and Mr. William J. Daly, Jr. of 391 Eliot Street. We are delighted to have them with us.

In closing this report I wish to express on behalf of all the Trustees our thanks to the Librarian and to the staff for the diligence and the fine spirit of co-operation which has characterized their work throughout the year. We are grateful to them all.

Respectfully submitted,

KNIGHT AMES
DORIS A. BRIDGES
WILLIAM J. DALY, JR.

JOHN B. MOORE
ARTHUR B. PERRY
ELIZABETH S. SMYTH
ROGER WOLCOTT
C. RODGERS BURGIN, Chairman
Trustees of the Milton Public Library

MILTON PUBLIC LIBRARY ANNUAL REPORT

To the Board of Trustees of the Milton Public Library I have the honor of presenting the annual report for the year ending December 31, 1955. This is the eighty-fourth annual report of the Library.

1955 has been a good year at the Milton Library despite major setbacks. Measured by the one yardstick by which the public gauges the library — the circulation figures — it has been an excellent year. 209,173 books were circulated. This is an increase of 8,502 over last year's figures. However, there are many other gauges of a library's success, and these show that Milton Library is at a standstill in providing modern library service.

A ten per cent rise in the cost of books during the year meant that our book budget could not be stretched to cover the demand for books on all subjects. About five hundred fewer volumes were added in 1955. The lag in new books was commented on by many patrons. Good books on many subjects had to be passed by to allow for the "must" purchases. Fund money was used for the reference works, and for several major selections of fine music, art, and nature books.

49,076 persons used the library facilities during the year. Many of these expressed pleasure in the interesting exhibits they found around the building, the increased stock of magazines, the library's attempt to bring more readable books out of the stacks, and the booklist provided each month. Another group of borrowers was just as loud in adverse criticism of inadequate space alloted to young adult books, of the lack of a reading room for adults, of lack of organized programs for school children and pre-schoolers, of the static nature of the overcrowded record collection, and of the noticeable lack of staff. These people were entirely justified in their criticism. It has been difficult for us to know of our faults, and be unable to do much about them.

Survey of the Library

This summer and fall the Library was surveyed by two experts in the library field, and by two members of the Division of Library Extension of the State Department of Education, also experts in library services. Since these surveys will be given elsewhere in the Town Report for 1955 we will not dwell on them here. Both surveys corroborated the findings of past building committees, and the complaints of library users. The whole thing boiled down to the fact that the library of today is a different institution with different functions than the library of even twenty years ago, and it must not be expected to flourish within the same building nor by the same pattern. We are most grateful to these surveyors who have pointed out our weak spots, and made valuable suggestions by which we can plan our future program.

Adult Services

The usual book services to police and fire stations, rest homes, and the Milton Hospital were conducted as in former years.

The record collection has been increasingly popular again this year. There is a growing demand for non-musical records.

The Circulation Department has suffered the most from lack of staff and lack of books. It has become increasingly more difficut to "Get the right book to the right person." In December, because of lack of staff this department was forced to suspend, temporarily, the sending of overdue notices to patrons. This usually takes one assistant's entire afternoon each day. It seems rather unnecessary to do this when a little more care on the part of each of our borrowers would eliminate this task. This past year fine money turned over to the Town Treasurer totalled more than $3,900.

Interlibrary loan service has been active in 1955, with several neighboring libraries borrowing from us, and we in turn using Boston, Newton, Quincy, and the Division of Library Extension collections as our sources of material.

Services for Children and Young Adults

The Children's Department has continued to show a gratifying increase in circulation this year. This is also true in the branch libraries. The school library service showed a slight decrease in book circulation, but this is due to the late opening of the schools. Two weeks of library instruction and circulation were lost in this manner.

At programs held in the respective schools the juvenile readers were presented with their reading certificates. "Bookworm bookmarks" were given to those pupils who read seventy-five of the approved reading list. As a great surprise the library awarded "Bookworm pins" to five children who successfully passed the requirements for reading one hundred of this approved list.

At the Milton High School Graduation a book prize was awarded to Katherine O'Donnell in recognition of her inquiring mind and her wide appreciative reading.

This summer, because of lack of staff, the bookmobile visits to the playgrounds were cancelled. This service will be resumed as soon as possible.

We eagerly await the day when we can present film and story hours, summer reading programs, pre-school music and story hours, parents' book clinics, and educational exhibits in the juvenile departments.

We have had several demonstrations this fall of what happens when forty to sixty pupils try to use the facilities in the reading room which is set up for thirty students. The Young Adults should have their own room, managed by a selected committee of high school students under the supervision of the Young Adult Librarian, and offering adequate space for those who come to the library for study or recreational reading. This would do away with the chaotic conditions which have existed several evenings lately. We are doing the best we can to satisfy the needs of this group.

The Staff

In common with other libraries in this region we are experiencing the continued inconvenience of staff shortages. Serious illnesses also have kept some of our staff members out of service for a time.

Mrs. Edward Hubbard was forced to resign her position as library assistant because of illness, and Mrs. Richard Barstow resigned as head of the Circulation Department when her husband was transferred out of New England. Mrs. Frank Blair of Milton recently joined the staff to take Mrs. Hubbard's place, but as yet no qualified person has applied for the circulation job.

Because of an emergency we were deprived of one of our college girl summer substitutes just at the beginning of the vacation period. This left the Central Library staff quite crippled. It is only because of the splendid cooperation of each staff member that we have been able to go on giving the usual services at the circulation desk.

REPORT OF THE LIBRARIAN

Each member of the staff has attended at least one professional meeting during the year. In several cases these meetings were also attended by a member of the Board of Trustees. This year there has been less attendance at meetings than is customary, but we hope to resume these educational visits as soon as we have a full staff again. Staff members have participated actively in programs put on at meetings in other libraries, and have brought much credit to the Milton Library.

Four staff members were able to attend the American Library Association Conference at Philadelphia. Much benefit was derived from these meetings, but it proved to be an endurance contest with the thermometer hovering around 98° during the entire session.

Branch Libraries

East Milton Branch

The East Milton Branch has been at times almost completely isolated on an island in a sea of construction, but strangely enough the library business held its own and a gain of one hundred in circulation is reported.

The big news here is the proposed solution for the large increase in the juvenile use of the library. In 1951 juvenile circulation was 10,900, and in 1955 it reached 14,476 in spite of the road construction and the request from the Selectmen that children be kept out of that section of town. This increase in business prompted the Trustees to decide to use the interest accumulated from the N. T. Kidder Fund to convert the lecture room in the basement into a children's room.

This will give the adults more room and a more restful atmosphere upstairs. The custodians have been busy this fall and winter painting walls and ceiling, and refinishing furniture. Some new furniture will be purchased, and with new bookcases lining the walls the room should provide an attractive place for neighborhood children to spend many delightful hours.

The adult room also will be treated to some new furniture. Small study tables will be placed in the Young Adult area, and the adult side will have lounge corners and more small tables. We hope these changes will be complete by September, but we have discovered that more problems can arise with a simple furniture order than would be dreamed possible.

The Kidder Branch

The Kidder Branch has again showed a substantial increase (over 2,000) in circulation.

The card catalog has been completed this year, and the project is proving very useful.

A staff manual listing branch procedures is also complete, and should be of great assistance to high school pages and new librarians.

If the new children's room at East Milton is a success the same project should be repeated at Kidder. Here again the juvenile circulation is increasing by leaps and bounds, and the children should have their own room where they can have their own activities without disturbing adult readers.

Scotts Woods Reading Room

This little branch has also shown an increase in circulation. Here again the increase is mostly in juvenile reading. More children's books will be sent to this branch in the future to satisfy these readers.

Cards were sent out to all new families in this area to acquaint them with their library branch. Several new borrowers responded, but there is still a chance for many more people to discover the fine library service available at this little reading room.

Demand continues for longer hours and more books. A more permanent method of heating should be explored for this room if these demands are satisfied.

Library Housekeeping

From time to time it becomes necessary to weed out old, ragged, and out-moded books from the library stacks. This was the year we had planned to do this task, but we did not get far. We did a thorough job in the Periodical Room, but the heat came early and stayed late, and the book stacks became unbearable places to work. Also the staff was needed to serve on the circulation desk. So the whole project was abandoned with only the 100's and the 200's completely weeded. This project will continue in 1956.

Another housekeeping problem we had hoped to start this summer was a non-fiction inventory. The reference collection was checked through once, but the same factors affecting the discarding caused us to abandon the rest of this project. It will have to be saved for a cooler summer when we have more clerical help.

During the year the task of reguiding the main catalog has progressed nearly to a finish. New Tilted-tab guides, easier to read, are replacing the old dogeared labels.

The pamphlet files and picture files received a renovation this year, too. New drawers were added to hold an art collection and vocational guidance material, both in response to many requests.

Major repairs have been made to the Central Library roof, but we have been told we still must have the entire surface redone very soon.

Fluorescent lighting was installed in the Central Library first floor stack area this summer. Most patrons and the staff are delighted that they can at last see the bottom shelves after dark.

Acknowledgments

During the year our friends have presented us with 1,524 books. Many of these have been saved for future replacements, while others with the consent of the donor were distributed to other libraries who needed them more than we did.

Four phonograph records, three magazine subscriptions, and an interesting file of foreign postcards were also given us.

The Milton Savings Bank has supplied the usual attractive bookmarks that save our book corners and delight our patrons.

We should also like to express our thanks to the other town departments who are always so willing to help when an emergency arises. This year we have been forced to call on several departments for various tasks, and all were most cooperative.

REPORT OF THE LIBRARIAN

Library Statistics

Name of Library	Milton Public Library
Date of Founding	1872
Librarian	Marjorie R. Shaw
Population served	24,292
Assessed valuation of the Town	$48,278,285
Terms of use	Free for lending and reference
Total number of agencies	Central Library, 3 Branch Libraries, 2 Elementary school libraries, 1 Hospital Book collection, 1 Rest Home deposit, 3 Fire Station deposits, 1 Police Station deposit, 40 Classroom deposits.
Days open	301½
Hours open each week	Central 63; Branches 33
Volumes added during the year	4,281
Volumes withdrawn during the year	2,000
Volumes in library, December 31, 1955	79,548
Number of phonograph records loaned	4,454
Volumes of adult non-fiction loaned	53,863
Volumes of juvenile non-fiction loaned	27,120
Volumes of juvenile fiction loaned	51,751
Volumes of adult fiction loaned	76,439
Total number of books loaned	209,173
Volumes loaned for school use	23,631
Number of registered borrowers	11,551
Number of new borrowers	1,230
Percent of population registered	47+%
Per capita cost of library service to the Town	$3.34

REPORT OF LIBRARY TREASURER

Milton, Massachusetts, January 10, 1956

To the Trustees of The Milton Public Library:

The following tabulation summarizes, at December 31, 1955, the investments of funds in the control of the Library Trustees:

	Principal		Income	
	Book Amount	Market Value	Receipts in 1955	Yield on Book Amount
U. S. Treasury bonds	$ 8,000.00	$ 7,683.00	$ 184.21	2.30%
U. S. Savings Bonds	4,000.00	3,908.00	105.20	2.63%
Railroad bonds	4,939.13	4,075.00	195.00	3.95%
Bank stocks	3,620.74	13,117.55	493.50	13.63%
Other stocks	840.59	1,007.52	64.86	7.72%
Savings bank deposits	3,458.93	3,458.93	103.16	3.00%
	$24,859.39	$33,250.00	$1,145.93	4.61%

In comparison with the end of the previous year it will be noted that the total book amount of principal did not change during 1955; that the aggregate market value at the year end exceeded the book amount by approximately $8,400 and that 1955 income was only slightly more than 1954 income.

Within the investment portfolio the only change was the receipt of 59 shares of Norfolk County Trust Co. received in October as a 25% stock dividend, 1 share for each 4 shares held at that time plus a cash adjustment (for fractional shares involved), of $19.00 which was deposited in a savings account. This transaction had no effect on the total book amount of investments.

The New England Trust Company, as custodian furnished us with a detailed certified list of the securities and savings bank books which they held in safekeeping for our account as at December 31, 1955.

Two statements are attached as part of this report. One shows the details of the investments in each fund and the other sets forth the receipts of income from those funds and the disbursements from that income.

Practically all of the 1955 income from funds in hands of the Trustees was expended for books. The total spent for books, periodicals, records and special purposes from funds available to the Trustees from all sources was as follows:

REPORT OF LIBRARY TREASURER

From donated funds:		
In custody of Library Trustees per statement herewith (books)		$1,133.96
In custody of Town Treasurer (see his report):		
Nathaniel T. Kidder Fund:		
Renovation, Children's room, East Milton	$1,517.05	
Exhibits	57.25	
Milton Education Society Fund:		
Music records	466.00	
Oakland Hall Fund:		
Books	557.78	2,598.08
Total from donated funds		$3,732.04
From Town appropriations:		
Books	8,970.79	
Periodicals	821.11	
		$9,791.90

Thanks to the gracious assistance of our busy Librarian, Miss Shaw, and the pleasant people at The New England Trust Company, the compilation of this report has not been a task.

Respectfully submitted,

Number of manholes	1888
Number of inverted siphons	4
Number of storm overflows	1
Number of emergency overflows	11
Number of automatic pumping stations	5
Linear feet of force main (6″)	1359.4
Linear feet of force main (8″)	4530.3
Linear feet of force main (12″)	960.6
Number of gate chambers on force main	1

House Connections

Number of house connection inspections made during the year (includes connections completely made and those partially made)	203
Number relaid during year	3
Number of stoppages coming to the notice of the department	52

Discharge of Sewers

Estimated population using the sewer system (corrected)	21,800
Number of buildings connected	5,449

Includes:

No. of buildings connected as of Dec. 31, 1954	5,283
No. of buildings connected completely from sewer to house during 1955	149
No. of buildings connected from end of house connection previously run out to side line of street only	22

Excludes:

No. of buildings razed or moved during 1955	5

Financial

Total cost of collection mains to December 31, 1955	$2,052,691.10
Bonded debt at date	252,000.00
Average rate of interest on bonds	1.524%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Town Accountant, as shown elsewhere.

REPORT OF THE HIGHWAY DEPARTMENT

Milton, Massachusetts
January 16, 1956

To the Honorable Board of Selectmen:

The following is my report of the Highway Department work for the year just ended. Most of the work planned for the year has been completed with the exception of some finishing up to be done on some of the Street Betterments. This work was delayed due to the big flood we had in August which caused Pine Tree Brook to overflow that entire area in the Mattapan section, and our regular work had to be halted for a period of three weeks. Our whole crew was needed for the reconstruction and repairs of damage done by washouts and flooding to streets, sidewalks and bridges, in order to restore conditions to normal. After this work was completed all of our trucks and men were busy picking up debris and household goods which had been destroyed by the flood. This was done in cooperation with the Board of Health as this was considered a health menace. This work also required cooperation from other Town Departments for men and equipment to collect and haul all this water damaged material to the Town Dump. Because of this emergency work our regular program was delayed. We spent $7450.81 out of our General Expense Account for this work.

Highway — General Expense

The cost for snow and ice removal this year amounted to $15,298.15. This cost was subdivided as follows:

General	$ 5,489.54	Storm starting November 19	1,968.41
Storm starting February 1	2,128.44	Storm starting December 22	1,536.76
Storm starting February 15	580.93	Storm starting December 29	700.94
Storm starting March 4	2,893.13		
			$15,298.15

Out of this Account we installed two sections of curbing, one on Franklin Street southerly from Bassett Street and the other on Walnut Street from Reedsdale Road to Fairbanks Road. This work was done to protect the sidewalks in these places where cars are parked constantly, Franklin Street being in the business area and the other one in the vicinity of the Milton Woman's Club.

The following is a listing of our appropriations, expenditures, balances, etc.

Accounts		Appropriations, Transfers, Temporary Transfers and Balances from 1954	Expenditures	Balances
Highway — General Expense		$151,314.62	$145,612.69	$ 5,701.93
Drainage:				
Appropriation	$9,000.00			
Transfers	4,600.00	13,600.00	13,395.00	205.00
Permanent Construction		10,000.00	7,584.49	2,415.51
Private Work		3,000.00	2,348.58	651.42

Bartons Lane		17,226.00	11,839.66	5,386.34*
Dean Road		14,250.00	13,811.07	438.93
Elmwood Avenue		660.00	74.60	585.40*
Franklin Street		11,520.00	2,588.55	8,931.45*
Victoria Street		12,750.00	11,588.63	1,161.37
Balances from 1954:				
Dexter Street		4,119.38	1,127.29	2,992.09
Lafayette Street		2,961.02	1,143.46	1,817.56
Sidewalks		3,000.00	1,646.71	1,353.29
Chapter 90 — Maintenance:				
Appropriation	$1,500.00			
Temporary Transfer	3,000.00	4,500.00	4,500.00	
Chapter 90 — Reconstruction:				
Appropriation	$8,000.00			*
Temporary Transfer	24,000.00	32,000.00	32,000.00	
Improvement of Pine Tree Brook:				
Balance from 1954	$34,841.00			
Appropriation	50,000.00	84,841.00		84,841.00*
New Equipment:				
Appropriation	$12,475.00			
Transfer	1,682.29	14,157.29	14,157.29	
Unpaid Bills of 1954		801.07	801.07	

*Balances to be carried forward to 1956

Drainage

This year we installed and completed two large drainage projects.

One of these jobs was in Pleasant Street from Badger Circle to Gun Hill Street. This drain was a continuation of the main drain in Pleasant Street in a section where the surface water had always run over the road causing bad icy conditions during the winter months. Also, as this section of Pleasant Street was to be reconstructed under Chapter 90, the continuance of this drain was very important. This work included the installation of five catch basins.

Another drainage project was the extending of the main thirty-inch pipe through an easement in Truro Lane to an outlet near Pine Tree Brook. This work was done to relieve the flooding of private property during and after heavy rains.

Pine Tree Brook was also cleaned during the winter months. The banks were cleared and straightened and we either burned or hauled away the debris and rubbish blocking the flow of water.

The section of Pine Tree Brook from Turner's Pond to Pope's Pond was very narrow and irregular before last summer's flood. The growth of underbrush, trees and shrubs along the banks collected all kinds of debris and caused the flow of water in this section to be greatly reduced. Since the flood a section of the brook between Thacher Street and Blue Hills Parkway has been dug out and straightened by a Contractor's clam shell shovel. Unquity Brook was also done in the same manner from Brook Road to Pleasant Street.

REPORT OF HIGHWAY DEPARTMENT

Permanent Construction

Most of our Permanent Construction money this year was spent on seal coating of old streets to hold their surface and to prevent them from raveling and breaking up during the winter months. Sixteen streets were treated with tar or asphalt and covered with either one-half inch stone or sand.

A sidewalk on Eliot Street from High Street to Morton Road was resurfaced out of this account in the section where some Chapter 90 was done. Also on Canton Avenue, Eliot Street and Brook Road, work was done in connection with Chapter 90 work.

Street Betterments

The streets to be built this year under the Betterment Act were Bartons Lane, Dean Road, Elmwood Avenue (sidewalk work only), Franklin Street and Victoria Street. Dean Road and Victoria Street were completed, but because of the flood there is work to be done on Bartons Lane, Elmwood Avenue and Franklin Street in the early spring.

Sidewalks

A number of petitions for Bituminous Concrete sidewalks were received this year, but because of our delayed program and the early start of cold and snowy weather, we were able to build only one. This was on Thacher Street from Darby Road to Houston Avenue.

Chapter 90

Out of our Chapter 90 — Reconstruction account this year resurfacing was done on Eliot Street from Morton Road to Adams Street. This was a continuation of the work done last year. Also out of this appropriation we rebuilt Pleasant Street from Horton Place to Gun Hill Street.

Our maintenance money was used on Brook Road from the point where we left off last year between Randolph Avenue and Canton Avenue, resurfacing being done in this section. Also a section of Canton Avenue from Holmes Lane to Gile Road was resurfaced with Bituminous Concrete.

Equipment

The new motorized sand spreader purchased by the Town this year has been very helpful. It has done fast and efficient work. We were able to keep it filled with sand ready to go out as soon as icy conditions developed. Because it holds a large quantity of sand, several long sections of main streets could be sanded before it was necessary to go back to the Yard for refilling. However, there are many miles of main roads in the Town to be sanded when icy conditions exist and one sand spreader cannot do the work fast enough. I am, therefore, asking for another motorized spreader in my 1956 budget.

Our roadgrader is twenty-two years old and no longer usable. Whenever we have tried to use it, it breaks down and has to be taken back to the Yard for repairs. This piece of equipment could be kept in constant use on our construction work, shaping the subgrade, spreading and leveling the stone courses and spreading the surface material. The machine is quicker and much more efficient than hand work. It can also be used in our maintenance work, reshaping our old dirt roads in preparation for surface treatment. Our old machine was inadequate for the work this year and it was necessary to rent a roadgrader. We were fortunate in getting one as usually the Contractors who own them are using them at the time we need one most. Because of our urgent need for a roadgrader I am again requesting that one be purchased in 1956.

I am also asking to turn in two of our old two-ton truck chassis and cabs. These trucks were purchased in 1949 and have been in constant use ever since. They are beginning to need quite a lot of repair now and are no longer dependable. It would seem advisable to turn these two chassis and cabs in while there is a fairly good turn-in value. The dump bodies can be shifted to the new chassis and cabs, thereby making an appreciable savings for the Town.

Conclusion

During the past year two of our employees who had been pensioned, Benjamin Adams and Theodore McGowan, passed away. Both these men gave long and faithful service to this Department and they will always be remembered by those who worked with them.

We have a great deal of difficulty concerning our Highway Department lanterns during the year. The lights are put out, the lanterns taken far away from where they have been placed, or deliberately destroyed or stolen. These lanterns are placed on our streets as a safely measure, a warning to our residents that there is a road under construction, an obstruction in the road, or a hole in it. These lanterns would stay lit if left unmolested, but they are seldom left alone for even a portion of a night. Adults or children seem to take pleasure in putting out the lights, taking away the lanterns entirely or deliberately destroying them. We find them broken, thrown into brooks or fields and hanging in trees or on telephone poles. This may seem like fun or a prank, but we think the pranksters do not realize what danger they may be causing by taking the lanterns away from the place where they are supposed to protect residents. Persons could be seriously injured or killed because of these "pranks." Destroying the lanterns is also a great expense to the Town. It cost us nearly seven hundred dollars this year to replace the broken or lost lanterns. This cost has been steadily increasing over the past few years and it is most unnecessary. Several years ago we reported the cost of replacing broken street signs by Hallowe'en pranksters and from that time on we have had no trouble in this matter. Now we are making an appeal through this report to your Board requesting the residents of the Town to help us in eliminating this unnecessary expense.

To the Highway Department employees I wish to extend my appreciation and thanks for their co-operation in helping to carry on our program during the year. I also wish to thank the other Town Departments for their assistance during emergencies that arose during the year.

I wish to thank Dr. Charles F. Brooks of the Blue Hill Meteorological Observatory who so kindly takes time to call us on local storm conditions which is always a great help to us.

I also wish to thank your Board for your co-operation during the past year.

Respectfully yours,

JAMES J. MALONEY
Superintendent of Streets

REPORT OF BOARD OF WATER COMMISSIONERS

Milton, Mass., January 21, 1956

To the Citizens of Milton:

It is gratifying to be able to call to your attention the fact that as of December 31, 1956 the debt of the Water Department as represented by bonds outstanding will be only $4,000.

When the Town purchased the water system from the Milton Water Company in 1902, bonds totalling $312,000 were sold to finance the acquisition. The last of these bonds was paid in 1932.

Meanwhile the Department was faced with the problem of town growth which started in the mid-twenties. It was realized that an increase in population made necessary a rather extensive program of new mains and the replacement of inadequate mains with pipes of larger sizes.

In 1924 it was decided that the Water Department should be on a self-sustaining basis and that bonds should be issued to cover the cost of new main installations. Since then the expenses of bond interest and retirement has been in effect, paid by the consumer in his water bills.

As the years went on the requirements of the water system program increased, as did the amount of bonds outstanding, until in 1934 a total of $537,000 was reached. This, as stated in the beginning of this report, has now been reduced to a negligible amount. No bonds have been issued since 1946.

This has been feasible principally because of the acceptance by the Town Meeting in 1945 of Chapter 12 of the General Bylaws of the Town, which, as explained in a previous report requires the owner of a new development to bear the cost of any mains installed.

In 1953 the Metropolitan District Commission doubled the cost of water to the Town, raising it from $40.00 to $80.00 per million gallons.

In anticipation of this material increase some cities and towns were obliged to raise the rates to consumers during the year before the increase became effective.

It is our understanding that all of the other municipalities have since raised their rates with the exception of Milton and two other Towns.

It had been felt by the Board that it would be necessary to revise our charge to water takers this year. However, it has been the policy of the Board to provide a Surplus for contingencies and for use in avoiding a fluctuating rate.

The fact that this fund is available plus the revenue received last year as a result of the hot dry summer, has, we expect, deferred the need for any revision of the rate schedule in 1956.

REPORT OF BOARD OF WATER COMMISSIONERS

For detailed figures on the activities of the Department we refer you to the Report of the Superintendent on the following pages.

Resepectfully submitted,

ERNEST E. ERICKSON
JOHN B. MOORE
WILLIAM P. MELLEY
Board of Water Commissioners

REPORT OF WATER DEPARTMENT SUPERINTENDENT

Milton, Mass., January 16, 1956

To the Board of Water Commissioners:

A report of the activities of the Water Department for the year ending December 31, 1955 is herewith submitted:

Main Extensions

Mains which are revenue producing were installed under the Guarantee Plan in Quentin, Savin and Victoria Streets.

Improvements to the distribution system were made by extending the main in Barton Lane and making connections with existing mains in Clark, Glendale and Lawrence Roads, eliminating three dead ends. In Beacon Street our main was extended one hundred twenty feet to the Boston main to establish a mutual aid connection which will assure that section an adequate supply of water for fire protection, or any other emergency.

Eight installations of mains were made in seven new subdivisions under Chapter 12 of the Town By-Laws which requires the developer to pay the entire cost of installations (materials, labor and trenching):

184 feet of 6″	Academy Lane
640 feet of 8″	Amor Road
420 feet of 8″	Hemlock Drive
235 feet of 8″	Lyman Road
679 feet of 8″	Ridgewood Road
325 feet of 8″	Valentine Road
758 feet of 10″	Valentine Road

Maintenance and Operating

Service connections to supply new homes totaled 112. Ten services in new developments were extended from the property line to new homes. In addition two larger services were installed:

2″ service to New Gym — Milton High School

4″ service to Mother House — Sisters of St. Joseph

Fourteen old services were relaid. Seven hydrants were added to our System.

The resurfacing of Pleasant Street and permanent construction by the Highway Department resulted in additional work for the Department. All main gate valves were inspected and all gate and service boxes raised to grade.

The construction of the Southeast Expressway caused many changes and problems:

The 6″ main on Squantum Street from Adams Street to the Expressway was removed and relaid with one thousand three hundred thirty-nine feet of twelve inch pipe. All services in Squantum Street were relaid and connected to the new main.

The 10″ main in Adams Street at the Expressway was removed. A new 10″ and 12″ main was installed in Granite Avenue from Adams Street, over the Boulevard Street Bridge, to Edge Hill Road to Adams Street at the Post Office.

At the close of the year all hydrants have been inspected and serviced.

Accounts Receivable

Outstanding balances on our books December 31, 1955 were:

Sale of Water	$13,943.62
Service Installations	7,464.25
Miscellaneous	4,552.78
Liens Added to Tax Bills	312.70
Tax Titles	172.25
Total	$26,445.60

I wish to publicly extend my sincere thanks to the Board of Water Commissioners for their support and wise guidance and to all the other Departments for their cooperation, and to the employees of the Water Department, whose conscientious efforts have contributed to the efficient operation of the Department.

Respectfully submitted,

MICHAEL J. HANNIGAN
Superintendent

REPORT OF THE BOARD OF RETIREMENT

Milton, Massachusetts
February 3, 1956

To the Honorable Board of Selectmen:

The report of the Board of Retirement activities for the year ending December 31, 1955 is submitted herewith:

The Board consists of three members as required by Section 20 (4) (b) of Chapter 32 of the General Laws: The Town Accountant, a second member elected by the members of the system and a third member appointed by the Board of Selectmen. The Board membership remained the same in 1955.

Three members retired in 1955 and six pensioners and two active members died during the year.

A summary of our membership follows:

ACTIVE MEMBERSHIP

Group A

Membershp, January 1, 1955	168		
Enrolled during 1955	35		
Transferred from Inactive Membership	2		
		205	
Members pensioned	2

PENSIONERS

Pensioners, January 1, 1955	34		
Members retired in 1955	3		
Boston firefighter retired — Milton sharing cost	1		
		38	
Pensioners died		6	
Pensioners receiving benefits, December 31, 1955 (including 3 persons retired by other systems, Milton shares cost of pensions)			32
Inactive Total			47
Active Membership			270
Grand Total Membership, December 31, 1955			317

We also have one Beneficiary receiving an Accidental Death Benefit.

Under Section 21 (1) (b) of Chapter 32, G. L., the State Department of Banking and Insurance annually furnishes each Retirement Board with the amortized value of all bonds held. The Department has been delayed in getting these figures out this year and therefore our Investments are shown in this report at their book value as of December 31, 1954. The values will be adjusted on our books as soon as the necessary figures are received from the State.

The following is a synopsis of the monetary transactions for the year ending December 31, 1955:

CASH

Balance, January 1, 1955	$ 1,864.41	
Receipts:		
Members' contributions	48,600.51	
Town appropriation	45,780.31	
Interest received	12,827.64	
Reimbursed from State for pensions paid	114.08	
Bonds called or matured	36,797.40	
		$145,984.35

Expenditures:		
Pensions	$ 40,999.90	
Annuities	3,658.41	
Investments	80,585.27	
Expenses	2,041.33	
Refunds to members upon withdrawal	6,510.53

FINANCIAL STATEMENTS

REPORT OF THE TOWN ACCOUNTANT

Milton, Massachusetts
January 23, 1956

To the Honorable Board of Selectmen:

I herewith submit the report of the Town Accountant for the year ending December 31, 1955, arranged as follows:

1. Detailed accounts of all moneys received by the Town as classified in accordance with the requirements of the Division of Accounts of the State.
2. Details of all departmental accounts showing the appropriations, credits, expenditures and balances. The expenditures are classified in accordance with the requirements of the Division of Accounts.
3. Balance sheet as of December 31, 1955 showing debit and credit balances on all open ledger accounts.

All original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1955, and all Trust Funds in the custody of the Town Treasurer and Library Trustees have during the year been examined and found to be correct.

In accordance with the provisions of Section 58, Chapter 41 of the General Laws, I am listing the following bill reported to me as unpaid:

1954

Law Department:

Frank B. Frederick — Special Services	$652.50
Expenses	364.25

Respectfully submitted,

JOSEPHINE M. McATEER
Town Accountant

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1955 .... $385,061.81

This Fund is held by the Town Treasurer in accordance with Chapter 82, Section 15-18, of the Public statutes.

Mary L. Peabody Fund

Amount held December 31, 1955 .... $5,572.24

The clause under which this bequest is given is as follows: "To the Selectmen of the Town of Milton, Massachusetts, $5,000 to be invested and the income thereof to be distributed annually to the poor at Christmas."

E. T. L. Reed Park Fund

Amount held December 31, 1955 .... $12,340.62

EXTRACT FROM THE WILL OF ELIZABETH T. L. REED

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts

. . . .

"The second of said parts shall be paid and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequest in favor of............., the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

Jason Reed Fund

Amount held December 31, 1955 .... $2,626.67

Sarah G. Vose Fund

Amount held December 31, 1955 .... $1,170.63

E. G. Tucker Fund

Amount held December 31, 1955 .... $1,168.48

Herrick Fund

Amount held December 31, 1955 .... $8,000.00

Charles T. Pierce Fund

Amount held December 31, 1955 .... $1,697.27

Charles T. Pierce, late of Brooklyn, N. Y., and Greenwich, Conn., bequeathed to the Milton Cemetery the sum of $1,000.00, "the income to be used for the care of my family lot."

Mary L. Peabody Cemetery Care Fund

Amount held December 31, 1955 .... $1,597.32

Oakland Hall Fund

Amount held December 31, 1955 .... $12,081.52

The income from this Fund is paid out under the direction of the Trustees of the Public Library for purposes of the Mattapan Branch Library.

Tuell-Hallowell Good Citizenship Prize Fund

Amount held December 31, 1955 .... $1,926.38

EXCERPT FROM SCHOOL COMMITTEE RECORDS—SEPTEMBER 10, 1923

The Chairman presented to the Committee the following correspondence:

"To the School Committee of the Town of Milton:

"The Tuell Alumni Association herewith presents, through your Board, to the Town of Milton, the sum of one Thousand Dollars ($1,000.00) to be held as a fund in perpetuity, and the income thereof to be paid to the School Department and to be used to provide two prizes, one prize to be known as the Hiram Tuell Good Citizenship Prize and to be awarded to the boy in the Senior Class of the Milton High School, who, in the opinion of the faculty of said High School, has shown in the highest degree, those qualities that make for good citizenship; the other prize to be known as the Henrietta T. Hallowell Good Citizenship Prize, and to be given to the girl in the Senior Class of the Milton High School, who, in the opinion of the above said faculty has shown similar qualities.

"The prizes are to be awarded each year at the graduation exercises. If such exercises are omitted for any year, the prizes are to be awarded on some other occasion, near the close of the school year."

PERCY E. SHELDON,
President, Tuell Alumni Association

June 22, 1923.

For additional gifts to the fund, see report of 1947.

Nathaniel T. Kidder Fund

The following is an extract from the will of Nathaniel Thayer Kidder.
Eighteenth:

"I give and bequeath to the State Street Trust Company . . . the sum of twenty-five thousand dollars ($25,000), in Trust . . . the income only of which shall be paid at such times as the Trustees may from time to time determine, to said Town of Milton for the uses of the Milton Public Library system as the Trustees thereof for the time being may in their absolute discretion determine."

Gov. Stoughton Trust Fund

The Governor Stoughton Fund is derived from receipts of the rental of the Town Farm, and is spent only at the direction of the Selectmen for purposes specified in Governor Stoughton's Will.

Milton Education Society Gift

The Milton Education Society Gift was received September 24th, 1952, "for the use of the public library of that town, such sum to be available to the Trustees of the library, both principal and income, for the purpose of adding to educational material maintained by the library with particular reference to the purchase and maintenance of a collection of phonograph records, tape recordings, and the like, of the performance of musical compositions and allied subjects."

TREASURER'S REPORT OF TOWN BONDS

All Bonds a/o Notes outstanding are in denomination of $1,000 and are unregistered unless otherwise designated. Interest on all issues is payable semi-annually, and all maturities and coupon interest are payable at the First National Bank of Boston, Massachusetts, unless otherwise noted.

All authorized but unissued balances have been rescinded by vote of the Town.

REPORT OF SCHOOL COMMITTEE

To the Citizens of Milton:

In making its annual report on the status of the public schools of the town your School Committee wishes to express its deep appreciation to the continued and untiring efforts of our Superintendent of Schools, our principals and teachers, and all other staff members who have contributed so greatly to the improvement of the standards of our schools.

We are also deeply grateful for the co-operation of the officials in other town departments for their excellent co-operation in our behalf. Particularly do we wish to express to the members of the Milton Citizens Committee our thanks and congratulations in accepting and carrying out the work of exploring the several areas of our program in terms of the White House Conference on Education schedule of topic areas.

The accomplishments and objectives of the Committee are excellently stated in the Report of the Superintendent of Schools and we recommend them for your consideration.

Respectfully submitted,

PAUL W. KNIGHT, Chairman
TERESA P. EDWARDS, Secretary
HARRY E. CARLSON
HARRIET M. MELLEY
EVERETT C. MYERS
W. GORDON SWAN

Reimbursement from Milton schools on account of school activities:		
Driver Education Program	$100.00	
Manual Training	89.20	
Use of School Buildings	130.00	
Miscellaneous	639.73	958.93
Total reimbursement to Town Treasurer on account of schools		$108,728.51

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Milton School Committee
Milton, Massachusetts

Mrs. Edwards, Mrs. Melley, and Gentlemen:

It is with considerable pleasure that I transmit to you and the citizens of Milton the annual report of the Public Schools. This report constitutes my fifth, and the seventy-sixth in the series submitted by the superintendents.

During 1955 the schools of America were more in public focus than at any time since the beginning of our country. President Eisenhower called it the "greatest re-examination of public education in history." It was he who was responsible for organizing local and state-wide conferences in the forty-eight states and five territories. This sweeping appraisal of schools and their associated problems culminated at the White House Conference on Education, held in Washington, D. C., November 28 through December 1. In view of the significant implications for schools everywhere, and the fact that your superintendent was honored in being chosen as a delegate to the national conference, it seems appropriate to devote the major portion of this report to the several outcomes and their relationship to the Public Schools of Milton.

Public schools today carry a bigger burden and fill a more vital role than at any other time in our history. No other people have ever demanded as much from their schools. This fact, coupled with tremendous enrollment, building, and operational problems places the need for improving the school systems of America squarely on its citizens. Prior to voting unlimited endorsements for the expansion and enrichment of the program, the citizens by means of local, state, and national conferences asked six penetrating questions. Under the umbrella-like structure of these six queries can be found the problems, strengths, and weaknesses of our school systems, *in toto*.

I. OBJECTIVES: What Should Our Schools Accomplish?

On all levels — local, state, and national — everyone agreed that the schools should teach reading, writing, and arithmetic. The 3 R's have been considered as basic fundamentals since the inception of America's public school system. Citizens are justified in asking that the public school graduate should be able to read, write, and speak fluently and effectively. In terms of his arithmetical interests and abilities, he should be able to handle with facility the number situations of daily life. In Milton, in addition to standard tests devised by teachers and department heads, the students annually are subjected to batteries of national achievement tests. Because these examinations are taken by many thousands of pupils from coast to coast, national norms are estabilshed by which we can gauge the effectiveness of our program. Rather consistently in all of the fundamental subjects, Milton's median scores place well above the national average.

A further indication of strength is found in the excellent reputation which Milton's secondary schools have established with the colleges and universities of the country. This is frequently expressed by college officials and sometimes by our graduates. Typical of their attitude is the expression of appreciation written by one of our graduates who is presently a senior in one of America's highly regarded collegiate institutions: "My four years at .... have been extremely rewarding in almost every respect and I imagine that they will appear in retrospect as perhaps the most fruitful and happiest years of my life. Obviously, therefore, I will never be able to underestimate the value of the two factors that made it all possible in the first place —

namely my mother and father and the invaluable training received at Milton High. . . . You might be interested to know of the respect for Milton High School in this area, especially in the Admissions Office."

Beyond the 3 R's are basic fundamentals found in the peripheral subject areas — ancient and modern foreign languages, natural and physical sciences, social studies, art, music and numerous other cultural offerings. In these subjects the Milton product also attains his mark. Looking to the future, however, even greater emphasis must be placed on science training. The technological world in which we live makes necessary a proper understanding for a successful adjustment to this science age. On the other hand, with increasing leisure time a by-product of technological advancements, the cultural arts must receive a share of emphasis. In the field of art, we have not had an adequate program particularly on the secondary level. This situation should be corrected partially by the School Committee's plan to add an art teacher whose responsibilities will be solely in the junior and senior high schools. Lastly, but by no means least important in a balanced educational program, is the need for training in citizenship. Here again, although recognizing the numerous problems of youth, we find conclusive evidence indicating that our Milton boys and girls have an adequate understanding of the rights and responsibilities of meaningful citizenship. Their contributions both as students and mature citizens in later life, indicate the success of our present program.

II. ORGANIZATION: In What Ways Can We Organize Our School Systems More Efficiently and Economically?

This question is less applicable to a well-organized suburban school system such as Milton's, than to the outer-suburban and rural areas. Structurally, our K-6-3-3 system (elementary schools housing kindergarten and six grades; three-year junior high schools enrolling Grades VII, VIII, and IX; and a senior high school comprised of Grades X, XI, and XII) is considered one of the best. The size of our schools also falls in the optimum bracket. The two major organization problems which will be discussed in more comprehensive detail under the section on School Plant, involve the enrollment of both the Central Junior High and Senior High students under one roof, and the high pupil-teacher ratio existing in the Glover School.

The School Committee looks forward to the solution of the former problem in an article to be presented at the 1956 Annual Town Meeting asking for the preparation of plans for the construction of a West Junior High School on the Charles Sumner Pierce School site. The latter problem may have a temporary solution in redistricting but as the elementary school enrollments increase, the final answer will be found undoubtedly in a six-room addition to the present Glover School.

III. SCHOOL PLANT: What Are Our School Building Needs?

The over-riding question discussed locally, at the State Conference in Amherst, and in Washington was stated very simply: Are we keeping pace with current school building needs and reducing the backlog created by a depression and the restrictions placed on school construction during World War II?

Milton has approached its construction needs in a most orderly fashion. In succeeding annual reports, the School Committee spelled out the high priority need of replacing the Vose and Glover Schools, and the plant improvement involving the addition of a new physical education unit at the Senior High School. These steps have been accomplished with appropriations and bond issues so designed as to cause a minimum increase in the over-all tax burden. As stated in the above-mentioned report, future steps which must be faced in order to keep pace include the erection of another junior high school, an addition to the Glover School, and the replacement of the Belcher School. As indicated previously, the first-named need is designed to realize two benefits. First the construction of a new junior high school will place students of this early adolescent age in a building of their own. The educational advantages of a separate institution need little re-emphasis at this time. Both the Central Junior High School which tends to be subordinated by its housing arrangement with the Senior High School, and the latter institution as well, will operate far more efficiently and effectively as separate institutions. The sound plan of placing elementary and junior high school plants on the same site was started in 1935 with the Collicot and Cunningham Schools. The School and Building Committees, wishing to continue the idea, planned the Charles Sumner Pierce School with such a secondary addition in mind. General-use facilities were incorporated in the building, e.g., administrative offices, health suite, cafeteria, auditorium, heating and mechanical systems (with only minor adjustments necessary) with provision for both the elementary and junior high school units.

The second consideration centers on the fact that the Senior High School is not operating efficiently at the present time due to the presence of Central Junior High School students and the resulting crowding of facilities. The High School building now enrolls 1,102 pupils and of this number 440 are found in Grades VII, VIII, and IX. One year ago the same grades enrolled 378. With another large sixth grade moving forward in September 1956, the conditions will become increasingly worse. Areas which were never designed for classroom purposes are now being used the full thirty-five periods per week. As an example, with the exception of the Home Economics Laboratory and the Vocational Shops, no classroom use was envisioned for the basement areas in the building. Today the two rooms designed for the storing of girls' and boys' clothing are assigned class groups and another area built for storage purposes is used for an overflow cafeteria room. Modern standards of lighting and ventilation, to say nothing of the usual accessory facilities of a classroom, cannot be approached in such rooms. As stated, up to this point the Town has approved the building recommendations of the School Committee which have guaranteed an orderly school replacement and expansion program. It is hoped that the next step may be similarly endorsed so that the Town will continue to provide the highest standards of educational service for the boys and girls of Milton.

IV. TEACHERS: **How Can We Get Enough Good Teachers — And Keep Them?**

The following suggestions were received at the three conference levels with reference to answering this all-important question: (1) The prestige and status of teaching must be comparable to other professions within the community. (2) The salary structure must be high enough and flexible enough to compete effectively with other fields bidding for quality manpower. (3) The teacher's job must be so defined as to challenge and attract the interest of talented people.

It is a commonly accepted fact that our community over the years has been most fortunate in obtaining and holding competent staff members. There are many reasons for this among which would be found the reputation of the school system; the high-type residential community which describes Milton; salaries in the upper quarter of the schedule in this area; and many peripheral or fringe benefits associated with the system and community. However, since the White House Conference on Education, a nation-wide campaign has been gathering momentum to place the reimbursement for teaching on a more reasonable professional level. As of this date it appears that a majority of the neighboring school systems with which Milton usually compares itself are planning salary schedule revisions with the common minimum for those possessing the bachelor's degree placed at $3400. The maximum salaries are being adjusted proportionately and in several cases attain or exceed the

$6,000 figure. This situation will increase the exceedingly sharp competition Milton faces from neighboring school systems and the attractive offers of business and industry. The latter competition has been felt already with the resulting critical shortage in competent science teachers. With these several factors in mind, the School Committee is continuing its study of adequate reimbursements for the professional staff and hopes that future salary schedule revisions will prove sufficient in maintaining our ability to attract and hold good teachers.

V. FINANCE: How Can We Finance Our Schools?

It is generally agreed that citizens want not only more schools to meet the sharply increasing enrollments, but better schools. Obviously the schools must demand larger budgets to carry out their varied assignments. The Washington Conference pointed again to the fact that the financing of schools rests heavily on the local taxpayer, but probed at considerable length the question of additional assistance from outside sources. At the present time the costs of operating a public school system in this area are carried almost entirely by real property assessments. Actually, during 1955 Milton contributed 89.2% of the operational budget, with the State carrying a 10.8% share. Under capital outlay, however, the State is underwriting the Pierce, Glover, and High School building projects in the amount of 20% of the over-all costs.

By a 2-to-1 margin the conferees at the White House Conference on Education voted that additional funds should be forthcoming for the support of our school systems through the State and Federal Governments. One major condition was voiced which received the endorsement of the School Committee and administration of the Milton Public Schools. This condition has to do with the continuance of operational controls at the local level. In this manner the schools will remain close to the people, which has been an underlying principle since the early Colonial laws relating to education, dating back to 1642.

VI. PUBLIC RELATIONS: How Can We Obtain A Continuing Interest in Education?

It is a widely accepted premise that schools are as good or as poor as the people wish them to be. Again in this problem area, Milton has been fortunate in developing and continuing a high degree of interest on the part of its citizens. In conjunction with the White House effort, the School Committee nominated a group of fifteen citizens to serve as the Milton Citizens Committee on Education and representatives were chosen from both public and private schools, from all faiths, from appropriate civic groups, from the professions, business and industry. Since last Spring this Committee has been at work appraising Milton's needs and recommending steps which will guarantee a continuing interest on the part of all residents. Two open meetings have been held at which citizen interest was surveyed and staff members participated in presenting a description of our educational offerings and the long-range needs of the system. Although these meetings were not well attended from the point of view of capacity audiences, nevertheless, all interests in the community were represented and an active participation was evidenced. Plans are presently being studied for the adoption of a conference schedule which will call for meetings at reasonable intervals to discuss all phases of the curricular and extra-curricular programs of our schools. These meetings should develop a grass roots support from which should stem an over-all program guaranteeing the finest school system possible.

In conjunction with the question of obtaining citizen interest nationally, it is noteworthy that the Westinghouse Broadcasting Company chose Milton as one of the school systems to be portrayed in a documentary television film on education, prepared for a nation-wide audience.

REPORT OF SCHOOL COMMITTEE

General

Staff — In 1955 sixteen changes took place among instructional staff members. Compared with the personnel turnover throughout the state and nation, this represents an exceedingly low percentage. As stated earlier in this report, Milton continues to be a leader with respect to the retention of competent teachers. Among those leaving the system, three accepted teaching assignments abroad, three in other school systems, two were married, two assumed home responsibilities, one entered the superintendency, and three earned merited retirement.

The retiring staff members were the Misses Doris M. Dixon and E. Meredith Reed of the Central Junior High and Senior High respectively, and Mr. George L. Campbell, Principal of the Mary A. Cunningham Junior High School. Miss Dixon served in two administrative capacities, first joining the system in 1923 as Principal of the Tucker School, and transferring in 1927 as Assistant Principal of the Central Junior High School, which post she held until her retirement in June. Miss Reed came to Milton as a member of the Senior High School English Department in 1933, continuing this assignment for a period of twenty-two years. Mr. Campbell accepted his first appointment in Milton in 1925 as a teacher in the Central Junior and Senior High Schools. Following duties at this building which included coaching and the supervision of Student Council and Advisory Bureau activities, he was elected as the first principal of the Mary A. Cunningham Junior High School when it opened in 1935. Words can never express adequately the grateful appreciation of student body, staff, and citizens to these devoted educators whose aggregate service spans eighty-four years. Suffice it to say that their collective influence has made Milton a better place in which to live.

Although not a member of the teaching staff, it is appropriate at this time to pay due tribute to James A. Cullen who retired at the close of the school year as Senior Building Custodian at the High School. For three decades Mr. Cullen fulfilled his duties courteously and efficiently. Service of this caliber makes us increasingly aware of the importance of the conscientious custodian to the general welfare of the school system.

It was with considerable regret that the School Committee accepted the resignation of Maurice F. Smith, first Principal of the Charles Sumner Pierce School. Mr. Smith transferred in July to the Topsfield-Wenham School District to assume superintendency duties. His initial administrative task in Milton was completed in an exemplary manner. The School Committee and townspeople wish him well in his new and challenging assignment.

The departure of Messrs. Campbell and Smith from the Public Schools left two key administrative posts vacant. After a careful screening of candidates Mr. Benjamin J. Bump was chosen to administer the Pierce School and Mr. Otis R. Jason as Principal of the Cunningham Junior High School. The former comes to us after principalship experiences in the elementary schools of Lakeville, Harwich, Walpole, and Natick, as well as service as principal of the Whitman Junior High School. This background was sought in view of the future structure at the Pierce School which will include a junior high unit. Mr. Bump holds both bachelor's and master's degrees from the State Teachers College at Bridgewater. Additional study has been undertaken at Boston University, Harvard, and the Hyannis and Fitchburg Teachers Colleges.

Mr. Jason joins the Cunningham staff after service as principal of the Peter Thacher Junior High School in Attleboro. Prior to this professional work he had teaching and administrative experience in the Public Schools of Cohasset, Westminster, and Winchester. An army major during World War II, Mr. Jason's educational training includes a bachelor's degree from Middlebury, a master's degree from Boston University, and the Certificate of Advanced Graduate Study from Harvard.

Milton Schools Cited — During 1955 the Public Schools of Milton also gained nation-wide attention by means of a citation for its excellent pictorial publication "Focus on Learning". Mention was made in several national journals and requests for this type of report have been received from all sections of the United States. It will be recalled that the publication was designed to interpret for our citizens the program of the public schools from kindergarten beginnings through high school graduation and on into adult education. Favorable comment has been received also from many Milton residents concerning the worth of pictorial reports. At the present time it is our plan to publish documents similar to "Focus on Learning" on a spaced-interval basis, probably once in every five years.

Additionally, the schools received a commendation for the developmental program in the primary grades. As most parents and citizens are aware, in Milton a pupil does not attend school on a full-day basis until the beginning of the second grade. As is the case with other school systems, our kindergartens operate on a half-session basis. During the month of September, children enrolled in the first grade also are dismissed at noon and the afternoon given over to parent-teacher conferences, professional preparation, and similar activities. Commencing on the first Monday in October, the first grades shift over to our so-called "3-2 program".

Following tests and teacher evaluations during the month of September, the first grade pupils are grouped according to ability. In October and for the rest of the school year, those pupils in need of additional reading help report back on Monday, Wednesday, and Friday (3) afternoons. The more advanced divisions or groups report back on Tuesday and Thursday (2) afternoons.

In accordance with our established policy of limited class size (primary classes usually operate at 25-30 pupils or less), the afternoon classes are reduced to from 10 to 15 youngsters and in many cases fewer. This establishes an almost tutorial relationship and our teachers have found that considerably more work can be accomplished with the small afternoon group. Later tests have indicated rather conclusively that these smaller classes reflect gains in excess of those established by the full-day first grade classes in comparable school systems. The plan was reviewed this summer at a national conference by your executive officer and several school systems in different parts of the country are adopting this schedule for the next school year.

In closing may I record officially my sincere appreciation to staff and citizenry for continuing assistance and co-operation during the calendar year 1955. A special word of thanks is due the Chairman, Secretary and members of the School Committee for untiring effort directed toward the improvement of the Public Schools of Milton.

Respectfully submitted,

OWEN B. KIERNAN
Superintendent of Schools

REPORT OF THE PRINCIPAL OF THE HIGH AND CENTRAL JUNIOR HIGH SCHOOLS

Dear Dr. Kiernan:

The continued erection of additional one family residences in Milton despite the restrictive effect of careful zoning regulations postulates a serious secondary school housing condition. In this building there are thirty-two home rooms and thirty-five regular academic class divisions. Any day in any week it is not unusual to have transfer pupils as new enrollees. Frequently, before these new arrivals can be scheduled in various rooms, one must ascertain whether a comparable pupil has recently withdrawn or with relative safety an extra armchair may be placed in an aisle. The enrollment problem cannot be readily resolved by the simple expedient of more divisions. There are no more suitable rooms for additional sections. Surveys of class size and classroom utilization in this building indicate an extraordinarily high ratio of space usage. In some rooms there is apparent over usage.

Thirty-three years ago the Town of Milton supplanted the traditional 8-4 system with the newfledged 6-3-3 system. Because of Milton's small population the new junior high school unit was housed with the senior high school to obtain the advantages of the so-called special facilities of the modern senior high school such as a gymnasium, shops, cafeteria, cooking room, assembly hall, et cetera.

Conditions have now changed with the construction of other schools. Facilities for a well rounded program are no longer limited to senior high schools. They now characterize all twelve grades of modern school systems. Furthermore no educator propounds the theory that junior high school pupils profit educationally from their academic association with older pupils. They are overshadowed.

Twenty years ago a portion of the junior high school was removed to a new building in East Milton. The remaining portion ought to be removed as quickly as possible to a new building in the west side of the town. Central Junior High School pupils urgently need separate quarters. At present they can overflow only into the senior high school. But this is impractical since the senior high school need for more space is itself virtually imperative, almost legally obligatory.

Meanwhile some specialized senior high school services are dwarfed because of crowded housing. The school library for example is extremely inadequate, antiquated, and partially obsolete. Space, books, and a trained librarian are needed. Minimum adequate library services require at least three times the space now designated as the library. Actually at the present time our library room does not function mainly as a library. It is used every day as a study hall. The pupils who occupy the library study stations cannot be brushed into corridors. Nor can they be distributed for preparatory study among over crowded classes. They can of course be herded into the assembly hall. It is almost futile to attempt to remedy the library condition unless more space is available. At present library accommodations are too urgently needed for other purposes to be devoted exclusively to library usage.

Other specialized services are also handicapped by cramped and crowded conditions. These include space accommodations for guidance, audio-visual work, and routine emergency work by the school nurse. However, the bulging academic classroom divisions, which exceed a normal or suitable class size and which frequently surpass the seating capacity of the classrooms, are the primary factors that warrant immediate action to alleviate classroom conditions.

REPORT OF SCHOOL COMMITTEE

Local trends, which have been obvious in recent years, continue. The holding power of the school is good. The enrollment increases gradually. More and more pupils elect the college preparatory curricula. More and more graduates pursue post secondary school education. Immediate employment opportunities grow both in number and in financial remuneration. Military obligations are siphoning away at graduation an increasing number of boys.

Progress in school administration is usually the result of long range planning. The instructional staff in this building is aware that in the planning the high school is only a part of the local system. It knows that there is an overall plan based on carefully prepared statistics with considered projection into the future.

The working corps welcomes the many tangible improvements which you and the school committee have installed. The modern lighting, oil heat, sound system, general maintenance, renovations of shops and cooking room, and the construction of a commodious gymnasium are very much appreciated.

The staff is also particularly grateful for the zeal and foresighted educational leadership so essential in these critical days of rapid changes.

Respectfully submitted,

GEORGE C. MARSDEN
Principal

REPORT OF THE PRINCIPAL OF THE MARY A. CUNNINGHAM JUNIOR HIGH SCHOOL

Dear Dr. Kiernan:

I herewith submit my first annual report.

This report was written after four challenging and interesting months as a member of the Milton Public Schools' administrative staff. Obviously over such a short period of time it would be impossible for any principal to gain a comprehensive understanding of the conditions and problems facing him in a new position. However, it has been my pleasure to spend considerable time observing classes and in conferences with pupils, parents, and teachers with the purpose of gaining some conception of the strengths and needs of the Cunningham Junior High School. Any comments then which follow on the general condition of the school, any observations made on the needs or reports of progress, are the direct outcome of these productive experiences.

Plant

The physical condition of the Cunningham School plant is, on the whole, excellent. The vision of the architect, the improvements made by the School Committee, and the excellent maintenance staff have resulted in an attractive, adequate educational structure. Its classrooms are large, attractive, and well-lighted. Its well-equipped gymnasium makes possible a well-rounded physical education program for boys and girls. It has a good library and laboratories. Its facilities for shop work and home-making courses are also well-suited for modern junior high school programs. The problem of adequate space in the cafeteria to compensate for the increased enrollment has been solved by instituting a double lunch period. This was made possible by the cooperation of the School Committee and Mr. Chester Ruggles, Principal of the Collicot School. The acoustical work done in the cafeteria during the Christmas recess period should add much to the pleasantness of the lunch periods.

Curriculum

A functional junior high school curriculum should offer opportunities to all pupils to develop to the fullest extent of their abilities in the fundamental subject matter fields, to pursue their special fields of interest, and to develop good habits of character and citizenship. To accomplish these objectives the following characteristics should be present:

1. teaching techniques which recognize that all children cannot proceed at the same pace but that all children can be taught good study habits and good work habits.

2. an enriched and varied program of studies which emphasizes the fundamental processes but which will provide a selection of subject matter to meet individual differences in needs, interests, and abilities.

3. an orientation and adjustment program which will bring about a natural and gradual transition from elementary to secondary education.

4. a program of pupil activities which will meet the needs of adolescent youth for self-expression. Children of junior high school age are active, energetic, and enthusiastic. The school should aim to harness this energy and direct it into proper

channels. Well-organized activities such as clubs, assemblies, a student council, and intramural sports serve as healthful outlets for the enthusiasms of adolescent youth.

The curriculum of the Cunningham Junior High School has obviously been planned and developed with these objectives in mind. The program of studies compares favorably with other leading junior high schools. The fundamental processes, commonly called "the three R's," are properly emphasized and at the same time opportunities are available to meet special needs and interests in art, music, shop, and homemaking. The music opportunities are especially strong, notably in the instrumental field where both group and individual instruction are offered. The art program though somewhat limited will be improved next year with the contemplated addition of a new teacher to be shared with Central Junior High School. A well-organized intramural sports program is being carried on by qualified personnel under the leadership of Mr. Robert Raymond, Director of Health and Physical Education. A functional student council has existed for several years and does much to develop leadership, responsibility, and good school citizenship. A school newspaper is in the process of being organized and has attracted much interest and enthusiasm. It is hoped that other activities will develop as the need and the opportunity arise.

Personnel

There is no substitute for the master teacher in the total educational picture. A comprehensive curriculum and modern, adequate physical facilities are of little consequence unless good teachers are present to utilize them fully. Any modern educational program is chiefly dependent on a professional staff of able, enthusiastic and well-trained teachers. In this respect the Cunningham Junior High School seems to be outstanding. Its faculty is made up of a group of professional, well-trained, able individuals, obviously dedicated to the purpose of developing useful, responsible citizens. The morale of the teachers is high and it has been a deep pleasure to work with such a cooperative, helpful group these past months.

Community Relationships

A high degree of mutual understanding and cooperation between the school and home is an important factor in an effective educational program. The education of our children is a joint responsibility of the school and home, aided, of course, by the churches and other community organizations. It has been most pleasant to find here in Milton such a high degree of understanding and cooperation in parents. This has been apparent in the frequent and numerous visits of parents to the school and in the attendance of our first parents' night early in December. It is hoped that the new parents and faculty organization now in the process of being formed will strengthen and broaden this spirit.

Respectfully submitted,

OTIS R. JASON
Principal

REPORT OF THE SCHOOL PHYSICIAN

Dear Dr. Kiernan:

Physical examination of the girls in the seventh grades at the Cunningham and Central Junior High Schools, along with those of all new pupils, has been completed. Examinations of the girls in the eleventh grade have been completed at the Senior High School.

Dr. Kenneth Sands has completed the examination of the boys engaged in competitive sports and is ably nearing the completion of the examination of all new boys in the Central Junior High School and the Senior High School as well as those in the seventh grades.

Cafeteria workers, new to the system, have been examined and the yearly check-up of our regular kitchen employees has been completed.

Examination of the pupils in the elementary grades are proceeding with those in the third and fifth grades, being completed at the Collicot School.

This year finds a closer relationship being fostered between the family physician and the school health service. In reply to the form letter sent home, a notable number of families have taken the opportunity of having their children examined by their family physician. Results of such examinations are individually checked by the School Physician and then affixed to the child's school record. This procedure helps in the total evaluations of the child and in understanding any physical condition that may be under care.

At this time I wish to thank all my colleagues for their help in the above progress. Several new members have been added to the Health Department. I should like to extend a word of welcome to Dr. Kenneth Sands, Miss Elizabeth Furey, and Mrs. Isabel McGowan. It has been a privilege and a pleasure to work with them.

Respectfully submitted,

LILLIAN F. McMACKIN, M.D.
School Physician

REPORT OF THE SCHOOL DENTIST

Dear Dr. Kiernan:

Children's dentistry involves more than the mere placing of restorations in order to provide children with the fullest benefits of dentistry. We must, and do, put emphasis on the prevention of dental disease as a prime factor in the maintenance of good oral health. Not only is this a much more effective approach to the control of dental disease, but it is also the more economical method. Preventive dentistry embraces two general areas of patient education and treatment.

First, formation of daily habits favorable to the continued integrity of dental structure is essential. A sound diet, properly masticated, should be coupled with correct and frequent tooth brushing or rinsing, especially after eating sweet foods. It might also be added that prompt attention to beginning cavities is necessary to avert more serious difficulty. Mrs. Helen Stasey has provided invaluable aid in instructing our young people in these all important dental health measures.

Secondly, the efficacy of fluoridation as a general dental public health measure has been well established. The results after ten years of a controlled water fluoridation study at Kingston and Newburg, New York, are now available.

During the past year, we enjoyed our efforts and your co-operation, Dr. Kiernan.

Respectfully submitted,

JOHN P. HERLIHY, D.M.D.
School Dentist

REPORT OF THE SCHOOL NURSE

Dear Dr. Kiernan:

The School Health Program has undergone several changes this past fall to improve its service.

Mrs. Isabelle McGowan, R.N., joined the School health team in September on a part-time basis. Audiometer and Vision Testing of all pupils except kindergarten is being done by her.

In October, forms were sent home to parents of students due to be examined this year, informing them of the coming physical examinations and encouraging them to have their children examined by their family physician. It is the family physician who knows the child, his environment and his past history. This background knowledge enables him to do a more comprehensive examination. School examinations are designed to find defects that are recognizable to the trained physician in a short period of time, and if defects are found, the child is referred to his family physician for clarification of diagnosis, further evaluation of the problem and treatment if needed. A good response was made and family physicians were most co-operative in completing forms sent to them through the student which recorded their findings for the health file.

Kenneth F. Sands, M.D., has filled the position left vacant by the retirement of George Winchester, M.D. Physical examinations on junior high and high school boys, as well as all candidates for competitive sports, are done by him. He is also in attendance at all high school football games to provide prompt medical attention for any injuries obtained in the game.

The standard health services described in detail in previous Annual Reports were continued and in some cases expanded. A contact with the Health Office should be made by those seeking additional information on the following: type and frequency of physical examinations, daily routine by nurse and staff, conservation of vision and hearing, emergency care, dental health, x-ray program, communicable disease and parasite control and prevention, and health education practices.

In carrying out my duties as School Nurse with the Milton Schools since September, I have relied on the counseling and assistance of Lillian McMackin, M.D., School Physician and Robert Raymond, Director of Health, Physical Education and Athletics. I would like to take this opportunity to express my sincere appreciation to them, to all the members of the school staff, the local Health Department and other organizations for their co-operation and assistance.

Respectfully submitted,

ELIZABETH J. FUREY, R.N.
School Nurse

REPORT OF THE SUPERVISOR OF ATTENDANCE

Dear Dr. Kiernan:

I hereby submit my report as Supervisor of Attendance for the calendar year.

Number of cases investigated		4
Number of personal calls made		5
Number of recorded telephone calls		2
Absences due to illness		0
Absences due to truancy		3
Milton Public School Pupils	3	
Pupils of other schools	0	

This report includes investigations of pupils living in Milton who attend public or private schools elsewhere as well as pupils who attend school in Milton.

Respectfully submitted,

JOSEPH C. RYAN
Supervisor of Attendance

APPENDIX

SPECIAL REPORTS

AND

STATISTICS

QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

1. Admission to Kindergarten and to First Grade

Section 66. Children who will be five (5) years of age before January 1 of the following year may be admitted to the Kindergarten during the month of September. Children whose residence in Milton began after the beginning of the school year may be admitted to school under the above conditions. Children who will be six (6) years of age before January 1 of the following year may be admitted to the first grade during the month of September.

2. Tuition Pupils

Section 90. The Public Schools and services thereof shall be considered for Milton residents only. Non-residents, however, may be admitted under certain extraordinary conditions at the following annual tuition rates: High School, $325, (three hundred and twenty-five dollars) ; Junior High School $275. (two hundred and seventy-five dollars) ; Elementary School $200, (two hundred dollars) ; Special Class at Mary A. Cunningham, $375, (three hundred and seventy-five dollars) . Tuition is payable for such students *at the beginning* of each term and payments shall be forwarded to the Town Treasurer. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

No School Signal

In the event of exceptionally severe weather conditions, or when the transportation system is disrupted, WBZ, WNAC, WEEI, WCOP, WHDH, and WJDA will broadcast the no-school announcement between 7:00 and 8:00 A.M. In addition, the signal 2-2 sounded four times on the fire alarm at:

7:15 means no school sessions for all schools for the entire day.

7:30 means no school sessions for all schools below the Junior High School for the entire day.

11:40 means no afternoon sessions for schools below the Junior High School. This signal will not be sounded if the 7:15 or 7:30 signal has been sounded.

We feel these signals are clear and, therefore, urge parents and students to refrain from flooding the Radio Stations, Fire Department Headquarters, and homes of School Department personnel with telephone calls.

The widely varying conditions in several parts of Milton make it difficult to reach decisions equally fair to all interests. On days when the signal is not used, weather conditions may warrant the non-attendance of certain children. Lack of normal health would tend to make it advisable for parents to keep the child at home. Since weather reports are not always reliable, and since the School Department desires to render maximum education service by having the schools open the greatest number of days, storm signals *will not be used* on ordinary rainy or snowy days or when there is reasonable doubt.

*Special Signals

**Special Signals for Fires in the Blue Hills Reservation

Directions for Sounding an Alarm

Open outside door of Fire Alarm Box, then pull the hook down ONCE and let go. Remain at Box until arrival of Firemen and direct them to Fire.

Signals

1 One blow, 7:30 A.M., 12m., 5:45 P.M., Fire Alarm Tests.

1—1 Two blows, Recall.

1—1—1 Three blows followed by four rounds of box number, GENERAL ALARM.

Signals for No School

The signal 2—2 sounded four times on the fire alarm at

7:15 A.M., means no school sessions for all schools for entire day.

7:30 A.M., means no school for all schools below the Junior High School for the entire day.

11:40 A.M., means no afternoon sessions for all schools below the Junior High School—this signal will not be sounded if the 7:15 signal has been sounded.

The 7:15 A.M., signal will rarely be sounded as it includes the closing of the High and Junior High Schools.

If the 7:15 A.M., signal is given, the 7:30 A.M. signal will be unnecessary.

FRED E. WHELAN, Chief of Department.

Emergency call for Fire Department should be "Milton Fire Department—Emergency"

John J. Sweeney	77 Church Street	R	Deputy Clerk
Frank H. Foster, Jr.	18 Pierce Street	R	Inspector
Donald R. Ellis	1 Clark Road	R	Inspector
Paul V. Morissette	34 Grafton Avenue	D	Deputy Inspector
Michael F. Sullivan	60 Emerson Road	D	Deputy Inspector

GENERAL BYLAWS

Town of Milton, March 10, 1934

AS AMENDED

CHAPTER 1

General Provisions

Section 1. The bylaws of the Town adopted March 2, 1902, may be designated as heretofore, as the "Revised Bylaws," but said revised bylaws as heretofore or at this meeting amended may be designated as the General Bylaws.

Section 2. So far as the provisions of these bylaws are the same in effect as those of previously existing bylaws, they shall be construed as a continuation of such bylaws but, subject to said limitations and the provisions of the next section, all bylaws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any bylaw, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Section 3. These bylaws and the repeal of all bylaws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any bylaw thereby have the effect of reviving any bylaw theretofore repealed or suspended.

Section 4. When in a bylaw anything is prohibited from being done without the license or permission of a certain officer, officers or board, such officer, officers, or board shall have the power to license or permit such thing to be done.

Section 5. In all these bylaws the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The word public way shall include any highway, town way, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; the owner or occupant of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word person may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

Section 6. Whoever violates any of the provisions of these bylaws whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

Section 7. Whoever shall refuse or neglect to obey any lawful order of any Town officer or board of Town officers, issued under any of these bylaws, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for every such offence a fine not exceeding twenty dollars.

Section 8. Prosecutions for the breach of any of the provisions of these bylaws shall be commenced within six months from such breach.

Section 9. Any or all of these bylaws may be repealed or amended or other bylaws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

Town Meetings

SECTION 1. The warrants for all Town meetings shall be directed to the constables of the Town, and notice of such meetings shall be given by posting attested copies of the warrant in each of the post-offices of the Town at least seven days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meetings.

SECTION 2. The annual meeting for the election of Town Officers shall be held upon the first Saturday of March, the polls to be open from eight o'clock in the forenoon until six o'clock in the afternoon for the election of such Town Officers and the determination of such matters as by law are required to be elected or determined by ballot. All such officers shall be voted for and all such matters shall be determined on official ballots.

SECTION 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of the annual meeting to the second Saturday of March at one-thirty o'clock in the afternoon.

SECTION 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting. If a motion is susceptible of division it shall be divided and the question put separately upon each part thereof if ten town meeting members so request.

SECTION 5. Upon taking the question, the sense of the meeting shall be taken by the voices of the town meeting members and the Moderator shall first announce the vote as it appears to him by the sound.

If the Moderator is unable to decide by the sound of the voices or if his announcement made thereupon is doubted by seven town meeting members arising in their places for that purpose, the Moderator shall request the town meeting members to be seated, and shall appoint tellers; the question then shall be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall report their count to the Moderator, who thereupon shall announce the vote. If the vote is further doubted and twenty-five town meeting members arise in their places and ask for a division of the meeting by the taking of the yeas and the nays, then the roll of the meeting shall be called in alphabetical order by the Town Clerk, and each town meeting member shall rise in his place if he answers yea or nay when his name is called, and the Moderator shall announce the vote. No town meeting member shall be allowed to vote after the vote is declared.

SECTION 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the town meeting members present and voting thereon, provided that the time which shall elapse between any adjournment and the next calling to order of the meeting following such adjournment shall be excluded in computing the hour since the adoption of said vote.

SECTION 7. If a motion for the previous question is adopted by vote of the meeting no person shall speak to the motion then under consideration more than once or for longer than five minutes without a vote of permission of the meeting, except that the Chairman of the Warrant Committee may speak again to close the debate, but not for more than five minutes.

SECTION 8. When a question is before the meeting, the following motions, viz:—

to adjourn,
to lay on the table,

for the previous question,
to postpone to a certain time,
to commit (or recommit) or refer,
to amend or substitute,

shall have precedence in the order in which they are placed in this section; but no article in the warrant shall be finally disposed of by a vote to lay on the table, to postpone indefinitely, or to take no action thereunder. In proposed amendments, involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECTION 9. Any person who is employed as an attorney by another person interested in any matter under discussion at a Town meeting shall disclose the fact of his employment before speaking thereon.

SECTION 10. No appropriation of a sum of money exceeding five hundred dollars shall be made until the subject matter thereof has been considered and estimates reported to the Town, either by the Selectmen or other town officers, or by the Warrant Committee or some committee chosen for the purpose in pursuance of a vote of the Town.

CHAPTER 3

The Warrant Committee

SECTION 1. The Town shall have an advisory committee to be known as the Warrant Committee consisting of fifteen legal voters of the Town. On or before the first day of June in each year the Moderator shall appoint fifteen members to the Warrant Committee each of whom shall serve for a term of one year beginning on the first day of June in the year of appointment.

SECTION 2. The Warrant Committee shall, prior to the fifteenth day of June in each year, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

a. They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

SECTION 3. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meeting; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

SECTION 4. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town. Copies of such reports shall be left at the dwelling houses in the Town at least four days before the day set for consideration of the various articles in the warrant considered by them and at least four days before the day upon which the voters are to consider questions submitted to them at any meeting including State elections.

a. On or before November first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant

Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

b. The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the totals of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

CHAPTER 4

The Town's Finances and Property

SECTION 1. The Selectmen shall annually, not less than seven days before the annual town meeting, cause to be printed such number of copies of the annual town report as they shall determine to be sufficient for the use of the inhabitants. Such report shall contain a detailed report of all moneys received into and paid out of the Town treasury during the financial year next preceding, with such information and recommendations as the Selectmen may deem proper; the report of the school committee; the records of the meetings of the Town held since the last annual report; the report of the collector of taxes, of receipts, payments and abatements; a list of births, marriages and deaths, to be furnished by the town clerk; statements concerning the condition and funds of the public library and of the cemetery, to be furnished by the trustees thereof respectively, and statements of all other funds belonging to the Town or held for the benefit of its inhabitants; a statement of the liability of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town for perpetual care of cemetery lots; and such other matters as the said report is required by law to contain, or as may be inserted by the Selectmen under the discretion granted them by law.

SECTION 2. No officer of the Town shall in his official capacity make or pass upon or participate in making or passing upon, any sale, contract or agreement or the terms or amount of any payment in which the Town is interested and in which such officer has any personal interest.

SECTION 3. The Warrant Committee shall send to the Selectmen and to the town accountant certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

SECTION 4. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town or its officers in their official capacity and to appear and defend suits brought against it or its officers in their official capacity, unless otherwise ordered by a vote of the Town.

SECTION 5. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless otherwise ordered by a vote of the Town.

SECTION 6. The Selectmen shall appoint a Town Accountant who shall perform the duties prescribed by law. There shall annually be an audit of the accounts of the Town under the supervision of the State Director of Accounts, as provided in General Laws, Chapter 44, section 35.

SECTION 7. Whenever damages may be recovered against the Town under General Laws, chapter 79, entitled "Eminent Domain," the Selectmen, unless otherwise provided by vote of the Town, may exercise in the name and behalf of the Town all the powers granted in section 39 of said chapter relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained.

SECTION 8. The collector of taxes shall collect, under the title of Town Collector, all accounts due the Town, excepting interest on investments of sinking or trust funds. If it shall seem advisable to the town collector that suit or suits should be instituted and prosecuted in the name of the Town, in connection with the collection of any accounts due to the Town, he shall so advise the Selectmen who shall have authority as agents of the Town to institute and prosecute the same.

SECTION 9. In addition to the authority to them granted by section 8, the selectmen shall have authority as agents of the town to settle claims against the town, after receiving the advice of the town counsel, payment for such settlements to be taken from the appropriation for the law department.

SECTION 10. Any Board or Officer in charge of a department may, with the approval of the Selectmen, sell any personal property or material not required by said department to an aggregate amount not exceeding $300 in value in any one fiscal year.

SECTION 11. Except as otherwise provided by law the Selectmen shall have custody of deeds, of bonds of Town officers, of insurance policies and of other similar documents owned by the Town.

SECTION 12. No contract shall be awarded for any work or service, other than professional service, to be performed for the Town by an independent contractor, and no purchase of materials, supplies or equipment shall be made, the estimated cost of which in either case is $300 or more, unless competitive bids have been invited therefor. Such bids shall be invited by the sending of letters of invitation on the same day to such number of vendors, contractors or other qualified persons deemed by the Town Officer, Board or Committee sufficient to obtain fair competition, and, in the case of all such contracts and of purchases estimated to cost $1,000 or more such bids shall also be invited by public advertisement by at least one insertion in a newspaper of general circulation in the Town, said letters to be mailed and said advertisements to be published at least ten days before the time stated for the opening of bids. Such invitation shall state where plans and specifications for proposed work or purchases may be obtained, or may contain such plans and specifications, and shall state the time and place at which bids shall be opened and shall reserve to the Board, Officer or Committee the right to reject any or all bids. All bids shall be opened in public at the time and place specified therefor. No purchase or work for which a contract is proposed shall be split or divided for the purpose of evading the provisions of this Section. This Section shall not apply in cases of emergency requiring immediate action for the preservation of life or the protection of property, nor to the purchase of materials, supplies or equipment for which there is no reasonable substitute by reason of natural or actual monopoly, peculiarity of design or type of article, patent right or copyright, certified by the officer, Board or Committee. All bids submitted, plans and specifications, certificates setting forth the reasons why competitive bids were not invited and contracts shall as soon as practicable be filed with the Town Accountant and shall be kept on file at least three years and shall be open to public inspection at reasonable times.

SECTION 13. Every contract for construction work, whether for alterations, repairs or original construction, the estimated cost of which amounts to $5,000 or more, shall be accompanied by a suitable bond for the performance of the same, or by the deposit of money or security to the amount of the estimated cost.

SECTION 14. The Town Treasurer shall be the custodian of all moneys, properties and securities of all trust funds, including Cemetery trust funds, heretofore or hereafter given, devised or bequeathed to the Town, and shall with the approval of the Board of Selectmen invest and reinvest the same and expend therefrom moneys as directed by the Board of Selectmen. The Town Treasurer shall have power with the approval of the Board of Selectmen in the name and behalf of the Town to sell, transfer and deliver any and all securities and properties so held for such prices or considerations and on such terms and conditions as he and they shall determine. The foregoing provisions shall be subject to and not in derogation of any and all directions or provisions made by donors in wills or other instruments of gift in respect to any such fund or funds.

CHAPTER 5

The Cemetery

Section 1. The sole care, superintendence, management and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

Section 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family subject to these bylaws and the regulations of the Trustees, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

Section 3. The Trustees may sell lots, when and at such rates as they may deem advisable; provided that the rate shall not be less than two dollars a square foot, and the purchasers shall in some way be connected with Milton people.

Section 4. The proprietor of each lot shall cause to be erected, at his own expense, cornerstones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such land marks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

Section 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

Section 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

Section 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

Section 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose and erect over the remains a suitable memorial stone.

Section 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.

2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.

3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.

4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.

5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.

6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

Police Regulations

SECTION 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECTION 2. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a police officer; provided that the provisions of this section shall not apply to the placing of ashes, refuse or garbage in proper receptacles for collection under public authority.

SECTION 3. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECTION 4. No person shall throw or place or cause to be thrown or placed, any ice or snow into or upon any public way in such a manner as to obstruct traffic or endanger travel upon the public way.

SECTION 5. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECTION 6. No person shall stand on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECTION 7. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these bylaws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECTION 8. No person shall ride or drive any beast of burden, carriage or draught, or shall drive or propel or cause to be driven or propelled any bicycle, tricycle, motor vehicle or any vehicle whatsoever, in or over any crossing in any public way at such a rate of speed as to endanger the lives and safety of the public.

SECTION 9. No person shall permit any vehicle under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any vehicle in any public way so near to another vehicle as to obstruct public travel; and no person shall stop with any vehicle upon or across any crossing in any public way.

SECTION 10. No person shall coast upon ice or snow upon any public way except one on which the Selectmen or chief of police by public notice permit such coasting and no person shall ride any animal or drive, wheel or draw any coach, cart, wheelbarrow, hand cart, velocipede, bicycle, or any vehicle except children's carriages, or coast upon any sidewalk in the Town. Whoever violates the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECTION 11. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECTION 12. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECTION 13. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECTION 14. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons in any public way.

SECTION 15. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECTION 16. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECTION 17. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other buildings whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECTION 17A. Whoever shall throw or cause to be thrown into any brook or stream any substance, rubbish, debris or waste matter whatsoever which will obstruct or tend to obstruct, or alter or tend to alter the flow of water in such brook or stream, or which will pollute or tend to pollute or cause an offensive smell or odor in such brook or stream, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECTION 18. The Selectmen may license hackney carriages or motor vehicles for the conveyance of persons for hire from place to place within the town, and they may revoke such licenses at their discretion, and a record of all licenses so granted or revoked shall be kept by the Selectmen.

No person shall set up, use or drive in the town any unlicensed hackney carriage or motor vehicle for the conveyance of passengers for hire from place to place within the town under a penalty not exceeding twenty dollars for each offence.

Licenses shall expire on the thirtieth day of April next after the date thereof, and shall not be transferred without the consent of the Selectmen indorsed thereon. For each license the sum of one dollar shall be paid to the town treasurer for the use of the town. A license so granted shall become void if the applicant neglects or refuses to take out and pay for his license within ten days after notice that it has been granted.

The Selectmen may grant to the holder of a license under the preceding paragraphs of this section a license to use a certain portion of a public way as a carriage stand for the solicitation of passengers for hire and no person shall use any portion of any public way for such purpose without such license.

Any person who violates any of the provisions of this section shall be punished by a fine of not more than twenty dollars for each offence.

SECTION 19. No person shall distribute papers, circulars or advertisements through the Town or any portion thereof in such manner as to make a litter or otherwise cause public annoyance.

SECTION 20. No person shall fire, discharge, explode or set off any torpedo, firecracker or fireworks in such manner as to disturb the peace or quiet of any neighborhood. No person shall hunt or fire, discharge, explode or set off any firearm within the limits of any park, playground or other public property except with the consent of the Board of Selectmen or within the limits of any private property except with the consent of the owner or the lawful occupant thereof. With respect to firearms, this Section shall not prohibit the lawful defense of life or protection of property nor be applicable to any law enforcement officer acting in the discharge of his duties.

SECTION 21. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECTION 22. No person shall own or keep a dog which by barking, biting or howling or in any other manner disturbs the peace and quiet of any neighborhood or endangers the safety of any person.

Section 23. No person shall burn anything so as to emit noxious odors to the discomfort of the neighborhood.

Section 24. No person shall place or suffer to accumulate on his premises any refuse, animal or vegetable matter, rubbish or filth, whereby any offensive or noxious stench or effluvia shall be created so as to endanger the health or comfort of the neighborhood.

Section 25. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles from place to place in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subject to the provisions of law. Whoever violates any provision of this section shall forfeit and pay for each offence a fine not exceeding twenty dollars.

Section 26. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter. Whoever violates any provision of this section shall forfeit and pay for each offence a fine not exceeding twenty dollars.

Section 27. Except when otherwise provided by law, prosecutions for offences under the bylaws of the Town may be made by any police officer of the Town.

CHAPTER 6A

School Traffic Control

Section 1. There shall be a School Traffic Control Unit in the Police Department consisting of not less than five nor more than twelve female Special Police Officers appointed by the Board of Selectmen to serve at the pleasure of the Board. The duties of such special police officers shall be supervised by and be under the direction of the Chief of Police.

Section 2. Special Police Officers appointed under this Chapter shall be designated as School Traffic Supervisors and shall have all the power and authority of regular police officers in the enforcement of Chapter 90 of the General Laws and Acts and amendments thereof and in addition thereto, and of all other laws and of the Bylaws of the Town relating to the operation, standing or use of vehicles.

CHAPTER 7

Building Code

Chapters 7 and 8 were amended in 1934 by being renumbered as Chapter 7.

The title of said Chapter was amended by striking out the words "Building and Plumbing Laws", and inserting in place thereof the words:—BUILDING CODE—.

Amendments to Chapter 7 have been made at the Annual Town Meetings held March 9, 1935, March 14, 1936, March 12, 1938, March 13, 1948 and March 12, 1949 and March 19, 1955.

The Building Code thus amended was approved by the Attorney General May 20, 1955, and is now available in pamphlet form in the Building Inspector's office.

CHAPTER 8

Town Ways

SECTION 1. Every way that shall be laid out for the acceptance of the Town as a town way shall be not less than fifty feet in width, provided, however, that upon written certification by the Planning Board, with respect to the layout of a particular way, that the requirement of a width of fifty feet will cause practical difficulty or unnecessary hardship, such way may be laid out less than fifty feet in width.

SECTION 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a town way such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construction of existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments and shall not apply to ways shown on plats approved by the Planning Board and constructed in accordance with rules and regulations of the Planning Board.

CHAPTER 9

Billboards

SECTION 1. No person or corporation shall erect or maintain a billboard sign or other outdoor advertising devices, except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred and fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupae, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof if for sale or to let.

CHAPTER 10

Zoning

SECTION I. Definitions.

A. In this bylaw the following terms, unless a contrary meaning is required by the context or is specifically prescribed, shall have the following meanings:

1. *Street.* The word "street" shall include public ways established by or maintained under public authority, private ways open for public use, and private ways plotted or laid out for ultimate public use, whether or not constructed.
2. *Lot.* A "lot" is a single area of land in one ownership defined by metes, bounds or boundary lines in a recorded deed or on a recorded plan. After this bylaw is adopted new lots may be established by recording the same or by filing with the Building Inspector as a part of an application for a building permit the plan of the lot appurtenant to the building signed by the owner or owners of the lot and defining the lot by metes and bounds on such plan. In determining lot areas no part thereof within the limitation of the street shall be included.
3. *One Ownership.* The term "one ownership" means an undivided ownership by one person or by several persons whether the tenure be joint, in common, or by the entirety.
4. *Recorded.* The term "recorded" or "of record" means recorded or registered in the Norfolk County Registry of Deeds or a record title to a parcel of land disclosed by any or all pertinent public records.
5. *Building.* The word "building" shall include "structure."
6. *Erected.* The word "erected" shall include the words "built," "constructed," "reconstructed," "altered," "enlarged," and "moved."
7. All references to the time of the adoption of this bylaw shall mean February 10, 1938.

SECTION II. Establishment of Districts.

A. Classes of Districts. The town of Milton is hereby divided, as shown on the Zoning Map entitled "Map of Milton, Massachusetts, showing Zoning Districts," dated January 7, 1938 and filed with the Town Clerk, and hereby declared a part of this bylaw, into four classes of districts:

1. Residence A districts;
2. Residence B districts;
3. Residence C districts;
4. Business districts.

B. Boundaries of Districts. The boundaries of Business Districts hereunder shall continue to be as existing immediately prior to the adoption of this bylaw. The boundaries of Residence A Districts, Residence B Districts and Residence C Districts shall be as shown on the Zoning Map. Unless otherwise specifically indicated on the Zoning Map the boundaries between districts are either the center lines of streets or boundary lines of lots, or lines parallel to and a dimensioned distance from the nearest side lines of streets.

(Zoning map changed by votes passed under Article 57 at the March 9, 1940 Town Meeting and at the March 8, 1947 Town Meeting under Article 57.)

C. Lots in Two Districts. Where a district boundary line divides a lot recorded prior to the time this bylaw is adopted, the regulations and restrictions of the less restricted portion of such lot shall govern such portion of such lot as shall be within the more restricted district and shall lie within thirty feet of said boundary line, provided the lot has a frontage on a street in the less restricted district.

SECTION III. Use Regulations.

A. Residence A, B, and C. District Uses. In a Residence A, B, or C District, except as herein otherwise provided, no building or land shall be used and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or for other purposes except one or more of the following:

1. Detached one-family dwelling;
2. Church;
3. Educational use, not conducted for profit;
4. Agricultural use, selling only produce raised on the premises; provided, however, that this paragraph 4 shall not be deemed or construed to permit or authorize the use or maintenance of any building or structure;
5. Municipal use;
6. Accessory use on the same lot with and customarily incident to any of the above permitted uses, or to the uses permitted in accordance with the following sub-section numbered 7, and not detrimental to a residential neighborhood;
7. Any of the following uses, if authorized by permit issued by the Board of Appeals and subject to appropriate conditions, limitations, and safeguards stated in writing by the Board of Appeals and made a part of the permit;
    - (a) Private clubs not conducted for profit;
    - (b) Cemetery, not conducted for profit;
    - (c) The garaging or maintaining of more than three automobiles when accessory to a dwelling;
    - (d) Greenhouse or nursery selling only produce raised on the premises;
    - (e) Charitable or philanthropic use, hospital or sanitarium, not conducted for profit;
    - (f) Riding stable;
    - (g) Public utility or public communications building not including a service station or outside storage of supplies;
    - (h) A two-family house (as defined below) if the lot on which it will stand lies between two lots on which are buildings designed for occupancy by two or more families each, located on the same side of the street and less than 100 feet apart. A two-family house is a residential building fitted to be occupied by two families which are independent of each other as regards the preparation of food;
    - (i) A dwelling used primarily and principally for residential purposes may be used incidentally but without public display of goods or wares, or signs except as permitted in subsection *B 1* (g) hereof, for the sale of food or of goods of home manufacture prepared or made therein by the occupants of such dwelling, for the operation of a telephone answering service, or for other incidental purposes which are not primarily industrial, trade, manufacturing, or commercial purposes, provided, in each case, the Board of Appeals shall determine that the use of such building is incidental only and that

such use will not be substantially detrimental to the use of other property in the neighborhood;

(j) Removal for sale of sod, loam, sand, gravel or quarried stone, provided that when such removal is incidental to and in connection with the construction of a building on the premises for which a building permit has been issued in accordance with the building law, or incidental to and in connection with the construction of ways in an approved subdivision, no permit from the Board of Appeals shall be required.

(k) Buildings or structures used or maintained on or in connection with land devoted to agricultural use permitted in paragraph 4 of this Section III A.

B. *Accessory Use in Residence A, B and C Districts.*

1. In Residence A, B and C Districts the following are hereby specifically declared not to be "accessory uses" within the meaning of this bylaw;
   (a) The garaging or maintaining on any lot of a total of more than three automobiles at any time, unless a special permit is granted by the Board of Appeals pursuant to the provisions of Section VIII hereof;
   (b) The garaging or maintaining on any lot of more than one commercial automobile, except in the case of a lot used for agriculture or for a municipal use;
   (c) The garaging or maintaining on any lot used for agriculture of more than four commercial automobiles;
   (d) The sale of produce not raised on the premises unless, in the case of a commercial greenhouse established and doing business prior to the adoption of this bylaw, a special permit is granted by the Board of Appeals pursuant to the provisions of Section VIII hereof;
   (e) The accommodation of, or renting space to, more than four lodgers, boarders or paying guests;
   (f) Accessory use shall not include dwellings, except that there may be constructed as part of a garage or stable, family living quarters for and to be occupied only by an employee of the owner or occupant of the dwelling to which such garage or stable is an accessory use; provided, however, that such employment is of the type customarily incident to the use of said dwelling;
   (g) An accessory use shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation and being such a sign as is customarily used for a purpose permitted by this section of this bylaw.

C. *Business District Uses.* In a Business District no building shall be erected, altered or used and no land shall be used for any purpose injurious, noxious or offensive to a neighborhood by reason of the emission of odor, fumes, dust, smoke, vibration, or noise, or other cause, or for any purpose whatsoever except the following purposes:

1. Any use permitted in a Residence A, B or C District;

2. Offices, banks, assembly halls or places of amusement;

3. Signs permitted in a Residence A, B or C District and signs advertising goods or services offered by an occupant of the premises for sale, hire, or use;

4. Retail or wholesale stores, shops for custom work where the product is sold directly by the producer to the consumer, places where services are performed, places of the building trades, sales rooms and repair shops for motor vehicles, garages, filling stations, storage warehouses, restaurants and other places for serving food and drink, places of business of bakers, dyers, confectioners, launderers, photographers, printers and undertakers. Other uses of substantially the same character may be permitted only if authorized by permit issued by the Board of Appeals subject to appropriate conditions, limitations and safeguards stated in writing by the Board of Appeals and made a part of the permit all in accordance with the provisions of Section VIII, C.

SECTION IV. **Non-conforming Uses of Buildings and Land.**

A. Continuation of Non-conforming uses of Buildings and Land. Any building or use of a building or use of land or part thereof lawful and existing at the time this bylaw is adopted may be continued, unless and until abandoned, although such building or use does not conform to the provisions hereof. No increase in the extent of the non-conforming use of the building or land may be made except that any such non-conforming building may be added to, enlarged, reconstructed or replaced, and such addition, enlargement, reconstruction or replacement used for the purpose, or for a purpose substantially similar to the purpose, for which the original building may lawfully be used if authorized by the Board of Appeals and subject to appropriate conditions, limitations, and safeguards stated in writing by the Board of Appeals and made a part of the permit. As a basis for such permit the Board of Appeals must be satisfied that such addition, enlargement, reconstruction or replacement and the use to be made thereof will not substantially increase any detrimental or injurious effect of the building or use on the neighborhood.

SECTION V. **Height Regulations.**

A. Building Heights in Residence A, B and C Districts. In a Residence A, B or C District no building shall be erected or altered to exceed two and one-half stories in height unless it is set back from each street and lot line 15 feet farther than is required by Section VI. No building shall in any event exceed three stories in height. The term "half-story" shall mean a story in a sloping roof, the area of which story at a height four feet above the floor does not exceed two-thirds the floor area of the story immediately below it.

B. Building Height in Business District. In a Business district no building shall be erected or altered to exceed three stories in height unless authorized by permit issued by the Board of Appeals subject to appropriate conditions, limitations and safeguards stated in writing by the Board of Appeals and made a part of the permit, all in accordance with the provisions of Section VIII, C, provided that no such building shall be permitted the maximum height of which exceeds 65 feet above the centre line of the street or way adjacent to the lot on which such building stands.

C. Height Exceptions. Chimneys, elevators, poles, spires, tanks, towers, and other projections not used for human occupancy may extend above the height limits herein fixed.

SECTION VI. **Area Regulations.**

A. Lot Sizes and Frontages.

1. In a Residence A District no dwelling shall be erected or maintained except on lots as hereinbefore defined, or on lots established after this

bylaw is adopted, as hereinbefore provided, containing not less than 40,000 square feet each and having each a frontage of not less than 150 feet, and not more than one dwelling shall be erected on each such lot except that (a) a lot recorded at the time of the adoption of this bylaw or, if not so recorded, if authorized by permit from the Board of Appeals, containing less than 80,000 and more than 64,000 square feet may be divided into lots containing not less than 32,000 square feet each and each having a frontage of not less than 150 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this bylaw or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 80,000 square feet and if after division into as many lots as practicable, each containing not less than 40,000 square feet and each having a frontage of not less than 150 feet, there remains a lot of 32,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 150 feet, and (c) one dwelling may be erected on a lot containing less than 40,000 square feet, or having a frontage of less than 150 feet, if such lot was recorded at the time of the adoption of this bylaw, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed "available for use" (as that phrase is used in this subsection (c) if such land is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 40,000 square feet and had a frontage of no more than 150 feet.

2. In a Residence B District no dwelling shall be erected or maintained except on lots as hereinbefore defined, or on lots established after this bylaw is adopted, as hereinbefore provided, containing not less than 20,000 square feet each and having each a frontage of not less than 100 feet, and not more than one dwelling shall be erected on each such lot except that (a) a lot recorded at the time of the adoption of this bylaw or, if not so recorded, if authorized by permit from the Board of Appeals, containing less than 40,000 and more than 32,000 square feet may be divided into lots containing not less than 16,000 square feet each and each having a frontage of not less than 80 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this bylaw or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 40,000 square feet and if after division into as many lots as practicable, each containing not less than 20,000 square feet and each having a frontage of not less than 100 feet, there remains a lot of 16,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 80 feet, and (c) one dwelling may be erected on a lot containing less than 20,000 square feet, or having a frontage of less than 100 feet, if such lot was recorded at the time of the adoption of this bylaw, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed "available for use" (as that phrase is used in this subsection (c) if such land is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 20,000 square feet and had a frontage of no more than 100 feet.

3. In a Residence C District no dwelling shall be erected or maintained except on lots as hereinbefore defined, or on lots established after this

bylaw is adopted, as hereinbefore provided, containing not less than 7,500 square feet each and having each a frontage of not less than 75 feet, and not more than one dwelling shall be erected on each such lot except that (a) a lot recorded at the time of the adoption of this bylaw or if not so recorded, if authorized by permit from the Board of Appeals, containing less than 15,000 and more than 12,000 square feet may be divided into lots containing not less than 6,000 square feet each and each having a frontage of not less than 60 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this bylaw or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 15,000 square feet and if after division into as many lots as practicable, each containing not less than 7,500 square feet and each having a frontage of not less than 75 feet, there remains a lot of 6,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 60 feet, and (c) one dwelling may be erected on a lot containing less than 7,500 square feet, or having a frontage of less than 75 feet, if such lot was recorded at the time of the adoption of this bylaw, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed "available for use" (as that phrase is used in this subsection (c) if such land is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 7,500 square feet and had a frontage of no more than 75 feet.

4. Frontage, as required in the foregoing provisions of this section, shall be determined as follows: In the case of a lot fronting on a street, the distance shall be measured along the street line from one side line of the lot to the other and the distance shall also be measured between said side lines along a line which marks the required front setback of the dwelling on such lot, and the longer of said distances shall determine the frontage of such lot. In the case of a lot not fronting on any street, the distance shall be measured from one side line of the lot to the other along the line designated as the front line of the lot on the plot filed in accordance with this bylaw with the Building Inspector as a part of an application for a building permit, and such distance shall determine the frontage of such lot.

5. Notwithstanding the foregoing provisions of this section, if adjacent lots, any of which has less area or frontage than required by this section, are recorded as all in the same ownership at the time this bylaw is adopted, and if (a) substantial expenditures have been incurred, prior to that time, toward the improvement of these lots or approved ways giving access thereto, or toward utilities serving such lots, which improvements or utilities would be diminished in value in a substantial amount by a literal enforcement of the terms of this section, or if (b) adjoining areas have been, prior to that time, developed to a substantial extent by the construction of houses on lots generally smaller than is prescribed by this section and the standard of the neighborhood so established does not reasonably require a subdivision of the applicant's land into lots as large as is hereby prescribed, then the owner of these lots may apply to the Board of Appeals for relief from the terms of this section as applying to any of these lots, and the Board of Appeals may grant such relief by making special exceptions to the terms of this section, subject to appropriate conditions and safeguards in harmony

with the general purpose and intent of this bylaw, where desirable relief may be granted without substantial detriment to the public good and without substantially derogating from the intent or purposes of this bylaw.

B. *Front Yards.*

1. In a Residence A District no building shall be erected within 30 feet of the line of the street on which it fronts, provided that no building need be set back more than 30 per cent of the mean depth of the lot nor more than the average of the setbacks of the buildings on the lots immediately next thereto on either side, a vacant lot or a lot occupied by a building set back more than 30 feet being counted as though occupied by a building set back 30 feet.
2. In a Residence B District no building shall be erected within 25 feet of the line of the street on which it fronts, provided that no building need be set back more than 25 per cent of the mean depth of the lot nor more than the average of the setbacks of the buildings on the lots immediately next thereto on either side, a vacant lot or a lot occupied by a building set back more than 25 feet being counted as though occupied by a building set back 25 feet.
3. In a Residence C District no building shall be erected within 20 feet of the line of the street on which it fronts, provided that no building need be set back more than 20 per cent of the mean depth of the lot nor more than the average of the setbacks of the buildings on the lots immediately next thereto on either side, a vacant lot or a lot occupied by a building set back more than 20 feet being counted as though occupied by a building set back 20 feet.
4. In Residence A, B and C Districts no part of an accessory building shall be located within 40 feet of the front line of the lot, unless such accessory building is within the body of a dwelling or attached to a dwelling and such accessory building complies with the setback from said front line established for such dwelling.

C. *Side Yards.*

1. No building except a one-story building of accessory use shall be erected or maintained in a Residence A District within 15 feet of a side lot line, or within 30 feet of any other building on an adjacent lot, in a Residence B District within 12 feet of a side lot line or within 24 feet of any other building on an adjacent lot, or in a Residence C District within 10 feet of a side lot line.
2. No building of accessory use shall be erected or maintained within 10 feet of a side lot line in a Residence A District or a Residence B District nor within 8 feet of a side line in a Residence C District.
3. On a lot abutting on two intersecting streets no building shall be erected or maintained in a Residence A District within 30 feet, in a Residence B District within 25 feet, and in a Residence C District within 20 feet of the line of the side street.
4. The provisions of this section shall not reduce to less than 26 feet the buildable width of any lot in a Residence A, B or C District recorded at the time this bylaw is adopted, provided, however, that no building shall extend within 6 feet of any side lot line, and provided further that where a building is erected less than 10 feet from either side line by virtue of the provisions of this paragraph 4 the buildable width shall not exceed 26 feet.

5. In a Business District no building shall be erected or maintained within 6 feet of a side line of any lot unless the wall adjoining such side be either a party wall or a wall with its outer face coincident with the lot side line.

D. *Rear Yards.*

1. In a Residence A, B or C District no building except a one-story building of accessory use shall be erected or maintained within 30 feet of the rear lot line, provided that no building need be set back from the rear lot line more than 30 per cent of the mean depth of the lot.
2. In a Business District no dwelling shall be erected or maintained within 20 feet of the rear lot line, and no other building shall be erected or maintained within 12 feet of a rear lot line of any lot unless the wall adjoining such rear lot line be either a party wall or a wall with its outer face coincident with the rear lot line.
3. No building of accessory use shall be erected or maintained within 10 feet of a rear lot line in a Residence A District nor within 8 feet of a rear lot line in a Residence B or a Residence C District.

E. *Appurtenant Open Space.*

No yard or other open space required for a building by this bylaw shall, during the existence of such building, be occupied by or counted as open space for another building.

F. *Projections.*

Nothing herein shall prevent the projection of steps, eaves, chimneys and cornices not exceeding 18 inches in width, windowsills, or belt courses into any required yard or open space.

G. *Corner Clearance.*

On lots in Residence A, B and C Districts no building, fence, or other structure shall be erected and no tree, shrub or other planting shall be planted, or allowed to exist, which prevents an unobstructed view through the space between 4 feet and 8 feet above the ground within the area formed by the intersecting side lines forming the corner of the intersecting streets and a line joining points on such lines 25 feet distant from the point of intersection in a Residence A District, or 20 feet distant from the point of intersection in a Residence B or a Residence C District, provided, however, that where the junction of the side lines of two streets forms a curve, the clearance area shall be determined and certified by the Town Engineer as nearly as may be in accordance with the foregoing and having regard to the safety of the public, and the foregoing provisions shall apply to the area thus determined.

Section VII. Administration.

A. *Enforcement.*

1. The Inspector of Buildings shall enforce the provisions of this bylaw. If the Inspector of Buildings shall be informed or have reason to believe that any provision of this bylaw or of any permit or decision thereunder has been, is being, or is about to be violated, he shall make or cause to be made an investigation of the facts, including the inspection of the premises where the violation may exist, and, if he finds any violation, he shall give immediate notice in writing to the owner or his duly authorized agent and to the occupant of the premises.
2. If, after such notice, such violation continues, with respect to any use contrary to the provisions of this bylaw, the Inspector of Buildings shall forthwith revoke any permit issued in connection with the premises,

and shall take such other action as is necessary to enforce the provisions of this bylaw.

3. Where a special permit from or relief by the Board of Appeals is required pursuant to the provisions of this bylaw, or where an appeal from an order or decision of an administrative officer, or an appeal or petition involving a variance is pending, the Building Inspector shall issue no building permit until so directed in writing by said Board.

B. Submission of Plots.

All applications for building permits shall be accompanied by a plot in duplicate drawn to scale, showing the actual dimensions of the lot to be built upon, the streets upon which it abuts, the size and location of the building or buildings to be erected or altered, and such other information as may, in the opinion of the Building Inspector, be necessary for the enforcement of this bylaw. A careful record of such applications and plots shall be kept in the office of the Building Inspector. Deviation from the terms and dimensions shown on the plot shall constitute violation of the terms of the permit.

C. Occupancy Permit.

It shall be unlawful to use or permit the use of any land, building, or structure or part thereof which is erected or altered, wholly or partly, in its use or construction, or moved, or which has its open spaces in any way reduced, until the Building Inspector shall have certified on the building permit, or, in case no permit is required, shall have certified in a certificate of occupancy that the building and premises have been regularly inspected by the Building Inspector and apparently conform to the statutes and bylaws relating to the construction and occupancy of buildings and land in the town of Milton.

SECTION VIII. Board of Appeals.

A. Appointment.

The Board of Appeals is and shall be the board of appeal appointed from time to time pursuant to Chapter 7 of these bylaws known as the Building Code, and said board of appeal under said Building Code is hereby constituted the Board of Appeals pursuant to the provisions of General Laws (Ter. Ed.), Chapter 40A, as amended.

B. Notice.

When an appeal, application or petition is filed with the Board of Appeals pursuant to any of the provisions of this bylaw, the Board shall give notice thereof and hold a hearing pursuant to its rules and regulations and to the law. The Building Inspector shall be entitled to receive notice in all cases involving the issuance of a building permit.

C. Special Permits.

Where a special permit by the Board of Appeals is required pursuant to the provisions of this bylaw, the applicant shall make written application and shall show to the satisfaction of the Board, in addition to any specific requirements herein or in the law contained, that the desired relief may be granted without substantial detriment to the public good and without substantially derogating from the intent or purpose of this bylaw. The Board of Appeals may make appropriate conditions and limitations necessary in its opinion to safeguard the legitimate use of the property in the neighborhood and the health and safety of the public, such conditions and limitations to be stated in writing by the Board and made a part of the permit.

D. Variances and Appeals.

Appeals from an order or decision of an administrative officer and appeals or petitions involving variances from the terms of this bylaw shall be dealt with by the Board of Appeals in accordance with the provisions of General Laws (Ter. Ed.), Chapter 40A, as amended.

E. Relief.

When relief is applied for pursuant to the provisions of Section VI, A, 5‘nereof the applicant shall file with the Board a plan, map, drawing, or document sufficient clearly to show all of the local real estate holdings of the applicant in the neighborhood, the date or dates of the recording of the lots involved, and such other pertinent documentary evidence as the Board may require, and shall show to the satisfaction of the Board that the facts requisite for such relief exist.

SECTION IX. **Other Bylaws, Rules or Regulations.**

The provisions of this bylaw shall be construed as being additional to and not as annulling, limiting or lessening to any extent, whatsoever the requirements of any other bylaw, rule or regulation, provided that, unless specifically excepted, where this bylaw is more stringent it shall control.

SECTION X. **Penalty.**

Any person, firm, or corporation who violates, disobeys, neglects, or refuses to comply with any of the provisions of this bylaw shall be fined in a sum not to exceed twenty dollars ($20.00) for each offence.

SECTION XI. **Validity.**

The invalidity of any section or provision of this bylaw shall not invalidate any other section or provision hereof. If for any reason the area requirements in any district shall be or become invalid or inoperative, then the area requirements of the next less restricted district shall be and become the area requirements for such more restricted district.

SECTION XII. **Amendments.**

The Planning Board, upon petition of not less than ten citizens of the Town, or upon its own initiative, shall from time to time hold public hearings, twenty days' published notice of which shall be given, for the consideration of proposed amendments to the Zoning Map or to this bylaw and report to a regular or special Town Meeting its recommendations as to what action should be taken.

CHAPTER 11

Planning Board and Board of Appeals

SECTION 1. A Planning Board is hereby established under the provisions of General Laws (Ter. Ed.), Chapter 41, Section 81A (Acts of 1936, Chapter 211) and any amendments thereto, with all the powers and duties therein and in any existing bylaws of the Town provided, to consist of five members to be elected by ballot at the annual Town Meeting in March, 1939, one for a term of one year, one for a term of two years, one for a term of three years, one for a term of four years, and one for a term of five years and thereafter in accordance with the provisions of the statute.

SECTION 2. The existing Board of Appeals appointed from time to time pursuant to Chapter 7 of the General Bylaws (known as the Building Code) shall act as and be the Board of Appeals under Chapter 10 of the General Bylaws (known as the Zoning Bylaw), act as and be the Board of Appeals under General Laws (Ter. Ed.), Chapter 40A and amendments thereto (known as the Zoning Enabling Act), and act as and be the Board of Appeals under General Laws (Ter. Ed.), Chapter 41, Section 81Z and amendments thereto (known as the Subdivision Control Law).

CHAPTER 12

Board of Water Commissioners

The Board of Water Commissioners may from time to time, on such conditions as may be determined by the Board, receive from prospective developers of lands in the Town, respectively, sums of money sufficient, in the opinion of the Board to cover the estimated expense to the Town, as certified by the Planning Board or such part thereof as is to be incurred by the Town, of constructing water mains with all appurtenances necessary or proper in private ways approved by the Planning Board under the provisions of General Laws (Ter. Ed.), Chapter 41, as amended by St. 1936, C. 211, or as otherwise amended such sums to be paid to the Town Treasurer to the Credit of the Town, each such sum to be held as a special fund marked with the name of the depositor and the way or ways to which the same is applicable, and subject to retention and appropriation by the Town for the purpose of reimbursing the Town for moneys expended in constructing water mains and appurtenances in the respective ways designated for the respective funds and for the return to the depositor of any unexpended balance as certified by the Board of Water Commissioners after completion of such water mains and appurtenances. If such deposit of estimated expense in any case is not sufficient for the work, the developer shall make deposit of a sufficient additional amount.

This bylaw shall be additional to and not in limitation of the powers otherwise vested in said Board of Water Commissioners.

Milton, Mass.,
April 6, 1934.

I HEREBY CERTIFY, That the foregoing is a true copy of the General Bylaws as amended under Article 53 of the Warrant for the annual Town Meeting held March 10, 1934.

A true copy.

Attest.

G. FRANK KEMP,
Town Clerk.

(Seal)

Boston, Mass., June 1, 1934

The foregoing bylaws are hereby approved.

JOSEPH E. WARNER,
Attorney General.

CHAPTER 13

Personnel Administration

SECTION 1. **Enabling Laws**

By virtue of authority established under General Laws (Ter. Ed.), Chapter 41, Section 108A and 108C and all other acts thereto enabling, there is hereby established a plan pertaining to the administration of the personnel of the Town to be known as the Personnel Administration Plan, and sometimes hereinafter in this Chapter referred to as the "Plan".

SECTION 2. Application of this Chapter

All Town Departments and all positions in the Town service, other than those filled by popular election and those under the direction and control of the School Committee, shall be subject to and have the benefit of the provisions of this Chapter. All references in this Chapter to Departments or positions in the Town service or employees shall include only those subject to this Chapter.

SECTION 3. Personnel Board

Under the Plan there shall be a Personnel Board consisting of five unpaid members, each of whom shall be appointed by the Moderator for a term of five years, beginning on the first day of June in the year of appointment. No person employed by the Town or serving as an elected official of the Town, other than a Town Meeting Member, shall serve on the Personnel Board. Terms of service shall be so arranged that the term of one member expires each year. Every member shall serve until his successor has been appointed. There shall be a chairman and a secretary of the Board, designated by the Moderator each year and they shall hold office for one year beginning on the first day of June and until their successors are appointed. Vacancies on the Board or in the position of chairman or secretary shall be filled by the Moderator, any person so appointed to serve the remainder of the unexpired term.

SECTION 4. General Administrative Authority of the Personnel Board

The Personnel Board shall administer the provisions of this Chapter and shall determine all questions arising thereunder. The Personnel Board shall from time to time establish rules for the administration of the Plan and the conduct of its affairs not inconsistent with this Chapter and may, at any time, amend or revoke the same. Such rules shall include specifications for minimum requirements of every classified position and no person shall be employed by the Town unless, in the opinion of the Personnel Board, such person meets said requirements. A majority of the Board shall constitute a quorum. Within its appropriation the Personnel Board may employ such personnel and incur such expenses as it deems necessary. The Personnel Board shall, from time to time, review the work of all positions covered by the Plan and the salary schedule provided in the Plan.

The Plan shall not be amended except at Annual Town Meetings, but the Personnel Board may add positions to the Plan or reclassify existing positions and, so far as permitted by law, change salary rates, all such action to be effective only until the final adjournment of the next Annual Town Meeting.

The Personnel Board shall make an annual report in writing to the Town on or before January first of each year.

SECTION 5. Records and Information

The Personnel Board shall maintain adequate records including detailed personnel records of all employees. Each Department, Committee and Board of the Town shall, in accordance with procedures prescribed by the Personnel Board, furnish the Board with all facts, figures and other information pertaining to the employees of the Town under their respective jurisdictions as the Personnel Board shall require.

SECTION 6. Classification of Employees and Positions

All positions are hereby classified into groups and classes doing substantially similar work, or having substantially similar responsibilities, and there are hereby established minimum and maximum salaries to be paid to the employees in the positions so classified with intermediate step-rate salary increases, all as set forth in the following table.

TABLES OF CLASSIFICATION AND RATES OF COMPENSATION

		Rate of Compensation (Weekly unless otherwise indicated)			
		Minimum			*Maximum*

Warrant Committee Clerk	950.00
Town Counsel and Legislative Counsel	$4,150.00 plus additional compensation for special services rendered.
Personnel Board Clerk Plumbing Inspector Park, Summer Employees Clinic Dentist Clinic Assistant	Amount of salary determined by services rendered.

All employees shall be classified and receive compensation only in accordance with the foregoing schedule or amendments thereto, except as hereinafter provided. The number of persons employed by the Town, temporarily or otherwise, shall not be increased without the approval of the Personnel Board.

Employees may be advanced as to salary one step each year until the maximum is reached. However, every advance shall be made on the basis of merit and in every case only with the approval of the Personnel Board. The Personnel Board shall, so far as possible, consult with the Heads of Departments and Boards and supervisory personnel with respect to such advances.

An employee advancing to a higher grade shall start in the new grade at the lowest step which does not reduce his compensation, provided, however, that the Personnel Board may start such employee in a higher step than prescribed when, in the opinion of the Personnel Board, special circumstances warrant such action.

No employee shall have his aggregate annual compensation reduced by reason of the adoption of this Plan. However, existing compensation when this Chapter is adopted which is at a rate above the rate prescribed in the foregoing table shall constitute a personal rate, which shall apply only to the incumbent holding position and grade on January 1, 1956, and such personal rate shall not be subject to increase. When the incumbent leaves the employ of the Town or is transferred to another position, or advanced to another grade, the personal rate shall no longer apply.

No Head of a Department receiving compensation from the Town shall at any time engage in private work which has or could have any relation to Town affairs or concerns.

Employees shall not receive compensation by way of salary, wages, fees, or otherwise, from more than one Department, Board or Committee unless otherwise provided in this Plan or unless such compensation is approved by the Personnel Board.

Every person entering the employ of the Town after the effective date of this Chapter shall immediately be classified by the Personnel Board and shall begin service in Step 1 of his classification and may progress with the approval of the Personnel Board, to Step 2 on the next following January 1st, if he has then been in continuous Town employment for at least three months. If he has not been so employed for at least three months, he shall not advance to Step 2 until the second following January 1st after his employment. When promotions are made from Step 1 to Step 2 on a first day of January as aforesaid, increases in compensation shall, if required by law, be made at the next Annual Meeting, but shall be retroactive to January 1st. Temporary employees may be engaged for a specified period with the approval of the Personnel Board and need not be classified.

SECTION 7. Hours of Employment

The hours of employment for employees shall be as follows:

Clerical Services	At least 37½ hours per week.
Maintenance Services	At least 40 hours per week.
All other	At discretion of Boards and Department Heads, but subject to all applicable laws affecting hours of employment.

For services rendered beyond forty hours in any one week, overtime may be paid at one and one-half times the regular rate of pay, time off equal to the overtime served may be granted, or such extra pay and time off may be combined to compensate for the overtime hours. Overtime pay shall not be available to Heads of Departments.

All offices of the Town shall be open continuously for the transaction of business between 8:30 a.m. and 5:00 p.m. on every day except Saturdays, Sundays, legal holidays and days observed as legal holidays.

SECTION 8. Vacations

Beginning with the year 1956, paid vacation time shall be granted to all regular full-time employees in accordance with the following table and regular part-time employees shall have vacation periods on a proportionate time basis. Temporary employees shall not be granted vacations.

Years of Service	*Vacation*
From six months to one year	One week
From one year to ten years	Two weeks
From ten years to twenty years	Three weeks
Over twenty years	Four weeks

Vacation time shall be taken within each calendar year and shall not be cumulative from one year to another. With respect to persons in the employ of the Town when this Chapter is adopted, the Personnel Board shall compute the paid vacation time to which every such employee is entitled under this Section.

SECTION 9. Sick Leave

Paid sick leave shall be granted to all regular full-time employees in accordance with the following table. Reguar part-time employees shall have paid sick leave periods on a proportionate time basis. Temporary employees shall not be granted paid sick leave.

Years of Service	*Leave*
Not more than one year nor less than six months	Five working days
Not more than five years nor less than one year	Ten working days
More than five years	Fifteen working days

Paid sick leave may be accumulated from year to year, but shall not by accumulation exceed forty-five days, and no employee shall have more than forty-five days of paid sick leave in any one year; provided, however, that in unusual circumstances the Personnel Board may grant additional paid sick leave. Paid sick leave shall never be available except to cover actual absence from work because of illness. Sick leave must be authorized by the Department Head or someone authorized to act for him and shall be reported to the Personnel Board on blanks provided for that purpose. A physician's certificate of illness, if deemed necessary by the Department Head or Personnel Board, may be required.

Persons in the employ of the Town when this Chapter is adopted shall be credited at ance with the maximum number of paid sick leave days to which they are entitled, computed by the Personnel Board in accordance with their length of service.

If an employee is absent by reason of injury caused by accident for which he is entitled to receive Workmen's Compensation, such absence shall not be considered sick leave under this Section.

SECTION 10. Extra Compensation for More than Ten Years of Service

As a matter of policy the Town recognizes that loyalty, skill, attention to duty and incentive usually develop from long continuous employment and that these qualities are enhanced and encouraged by regular increases in compensation. Therefore employees who qualify in accordance with the following specifications shall, beginning in 1956, and in each year thereafter, receive in addition to all other compensation, the following special annual increases in compensation, the same to be paid on a weekly or a monthly basis:

A. Employees of the Town who, on December 31, 1955, have been in continuous full-time employment for ten years or more, shall have a special increase in compensation for the year 1956, in an amount computed by multiplying five dollars by the number of years of such employment and shall receive an amount in each year thereafter which shall be five dollars more than the year before.

B. Employees of the Town on December 31, 1955, who have been in continuous full-time employment for less than ten years and employees so employed by the Town after December 31, 1955, shall, in the first calendar year after they have completed ten continuous years of full-time employment, have a special increase in compensation in the amount of fifty dollars and shall receive an amount in each year thereafter which shall be five dollars more than the year before.

C. Employees who qualify for such extra compensation and then leave the employ of the Town will not be entitled to the extra compensation if re-employed until they have served a new ten-year period of full-time continuous employment. Compulsory military service or military service deemed the equivalent thereof by the Personnel Board shall not constitute an interruption of employment under this Section.

D. Each regular part-time employee otherwise qualified shall receive a proproportionate part of such special increase computed as aforesaid, the exact amount to be determined by the Personnel Board. Continuous part-time and continuous full-time employment shall be considered in combination to determine original qualification under this Section and to compute the amount of compensation to be paid in any year. The Personnel Board shall consider these cases and do substantial justice as the circumstances seem to them to require.

SECTION 11. General

a. Provisions in this Chapter requiring or authorizing payments of compensation are in every case subject to appropriations being made from time to time by Town Meetings unless such payments are otherwise authorized by law.

b. If any provision of this Plan shall conflict with any Civil Service law or any other law presently or hereinafter in force, such a provision of this Plan shall be deemed modified, but only to the extent required to conform to law.

c. The invalidity of any section or provision of this Chapter shall not invalidate any other section or provision hereof.

SECTION 12. Temporary Provisions

a. This Section 12 is enacted to provide all power and authority necessary to establish a Personnel Board in the year 1956, and to put the foregoing sections into effect for these purposes, notwithstanding any provisions in the preceding eleven sections. This Section 12, to the extent that it is necessary, shall suspend, alter or supplement in whole or in part any of said eleven sections. This Section 12 being necessary only for the limited purposes stated above, without any vote or action by any Town Meeting shall stand repealed at the final adjournment of the Annual Town Meeting in 1957.

b. In 1956, the Moderator may appoint the Personnel Board at any time prior to the first day of June. When the Moderator appoints the Personnel Board in 1956, he shall appoint five members and fix the term of office of each member so that the terms will expire respectively on the first day of June in the years, 1957, 1958, 1959, 1960 and 1961. He shall designate a Chairman and a Secretary to serve until the first day of June in 1957.

c. Between the effective date of this Chapter and the appointment of a Personnel Board by the Moderator, the members of the Sub-committee of the Warrant Committee on Wages and Salaries shall act as the Personnel Board and shall have all the powers and duties of the Personnel Board as set forth in this Chapter.

The foregoing Chapter 13, relating to Personnel Administration, was added by vote, under Article 8 of the 1956 Annual Town Meeting and did not require the approval of the Attorney General. We did, however, advertise it in the Milton Record as of March 16, 23, and 30, 1956.

The amendments to Chapters 4, 7 and 10 voted at the Annual Town Meeting held March 9, 1935, were approved by the Attorney General, June 10, 1935.

The amendment to Chapter 7 voted at the Annual Town Meeting held March 14, 1936, was approved by the Attorney General, April 3, 1936.

The amendment to Chapter 10 voted at the Special Town Meeting held January 29, 1938, was approved by the Attorney General, February 10, 1938.

The amendments to Chapters 7, 10 and 11 voted at the Annual Town Meeting held March 12, 1938, were approved by the Attorney General, April 11, 1938.

The amendments to Chapter 10 voted at the Annual Town Meeting held March 9, 1940, were approved by the Attorney General, April 11, 1940 and May 1, 1940.

The amendments to Chapters 2, 3 and 4, voted at the Annual Town Meeting held March 8, 1941, were approved by the Attorney General, March 20, 1941.

The amendments to Chapters 4 and 10 voted at the Annual Town Meeting held March 13, 1943, were approved by the Attorney General, March 24, 1943, and April 13, 1943, respectively.

The amendments to Chapters 2, 4, 10 and 12 voted at the Annual Town Meeting held March 10, 1945, were approved by the Attorney General, March 21, 1945.

The amendment to Chapter 5, Section 1, voted at the Annual Town Meeting held March 9, 1946, was approved by the Attorney General, March 28, 1946.

The amendment to Chapter 10 voted at the Annual Town Meeting held March 8, 1947, was approved by the Attorney General, April 10, 1947.

The amendments to Chapter 7 voted at the annual Town Meeting held March 13, 1948 were approved by the Attorney General on April 1, 1948.

The amendments to Chapters 3 and 7 voted at the annual Town Meeting held March 12, 1949 were approved by the Attorney General, March 22, 1949.

"See decision of Supreme Judicial Court in the case of *Barney & Carey Company v. Town of Milton,* 324 *Mass.* 440".

The amendment to Chapter 2 voted at the annual Town Meeting held March 11, 1950, was approved by the Attorney General April 26, 1950.

The amendment to Chapter 8 voted at the annual Town Meeting held March 10, 1951, was approved by the Attorney General April 17, 1951.

The amendments to Chapters 3 and 10 voted at the annual Town Meeting held March 8 and 15, 1952, were approved by the Attorney General, July 1, 1952.

The amendments to Chapters 3 and 10 voted at the annual Town Meeting held March 21, 1953 were approved by the Attorney General, June 1, 1953.

The amendment to Chapter 10 voted under Article 55 at the Annual Town Meeting held March 20, 1954, was approved by the Attorney General April 23, 1954.

The amendment to Chapter 11, voted under Article 58 at the Annual Town Meeting held March 19, 1955, was approved by the Attorney General, May 20, 1955.

The amendment to Chapter 7 voted under Article 59 at the Annual Town Meeting held March 19, 1955, was approved by the Attorney General, May 20, 1955.

The amendment to Chapter 10 voted under Article 60 at the Annual Town Meeting held March 19, 1955, was approved by the Attorney General, May 20, 1955.

GENERAL BYLAWS

The amendment to Chapter 6 voted under Article 3 at the May Special Meeting held May 24, 1955, was approved by the Attorney General June 20, 1955.

The amendment to the General Bylaws adding Chapter 13 relating to Personnel Administration was adopted by the Town under Article 8 at the 1956 Annual Town Meeting. This amendment did not require the approval of the Attorney General. See Chapter 41, Section 108-C, General Laws.

The amendment to Chapter 6 of the General Bylaws by adding a new section 17A, voted under Article 53 at the Annual Town Meeting held March 10, 1956, was approved by the Attorney General, April 17, 1956.

The amendment to Chapter 6 of the General Bylaws by substituting a new Section 20, voted under Article 58 at the Annual Town Meeting held March 10, 1956, was approved by the Attorney General, April 17, 1956.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

March 19, 1866. **Voted,** To establish a high school, according to the provisions of Section 2 of Chapter 38 of the General Statutes. (Repealed 1898, Chapter 496, Section 36.)

March 2, 1874. **Voted,** To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the town of Milton. (Special Act.)

March 4, 1878. **Voted,** To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers. (General Laws, Chapter 48, Section 45.)

March 3, 1879. **Voted,** To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee. (General Laws, Chapter 41, Section 1.)

March 8, 1924. **Voted,** To accept the provisions of Chapter 391 of the Acts of 1923, relative to the collection of water rates.

LEGISLATIVE ACTS

March 14, 1925. **Voted,** To accept Chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John H. Higgins of the Police Department.

March 25, 1927. **Voted,** To accept Chapter 27 of the Acts of 1927, an act to erect and constitute in the Town of Milton representative town government by limited town meetings.

March 10, 1928. **Voted,** To accept the provisions of Sections 42, 43 and 44 of Chapter 48 of the General Laws to establish a Fire Department to be under the control of an officer to be known as the Chief of the Fire Department.

March 11, 1933. **Voted,** To accept the provisions of Section 26 of Chapter 46 of the General Laws, limiting the aggregate compensation to be allowed to the Town Clerk.

November 3, 1936. **Voted,** To accept Chapter 318 of the Acts of 1936 entitled "An Act for contributory retirement systems for cities and towns."

March 12, 1938. **Voted,** To accept Chapter 231 of the Acts of 1937, providing for increasing the amount of certain annual allowances payable by the Town of Milton to widows of members of its police or fire force killed or dying from injuries received in the performance of duty.

March 12, 1938. **Voted,** To accept the provisions of General Laws, Chapter 152, Section 69 as amended by Acts of 1936, Chapter 403, which determines the employees who shall be included under the term "laborers, workmen and mechanics" so as to be entitled to workmen's compensation.

March 11, 1939. **Voted,** To accept Section 27-A and 30-A of Chapter 40 of the General Laws appearing in Section 1 and 2 of Chapter 133 of the Acts of 1938 entitled "An Act tending to prevent multiplicity of proposals for the same changes in Zoning ordinances or bylaws in their application."

March 14, 1942. **Voted,** To accept Sections 6 to 12 inclusive, of Chapter 143 of the General Laws (Ter. Ed.), relating to the Inspection of Buildings.

March 13, 1943. **Voted,** To accept Section 11-A of Chapter 85 of the General Laws (Ter. Ed.) as appearing in Section 1 of Chapter 710 of the Acts of 1941, relating to the registration and operation of bicycles.

March 4, 1944. **Voted,** To accept Section 6-C of Chapter 40 of the General Laws, an Act authorizing cities and towns to appropriate money for the removal of snow and ice from private ways therein open to public use.

March 10, 1945. **Voted,** To accept Section 3-A of Chapter 115 of the General Laws (Ter. Ed.) regarding the payment of state or military aid or soldiers' relief.

March 10, 1945. **Voted,** To accept Chapter 42 of the Acts of 1945, repealing Chapter 305 of the Special Acts of 1917 relating to the Wadsworth Trust.

March 9, 1946. **Voted,** To accept Section 16-B of Chapter 147 of the General Laws (Ter. Ed.) as inserted in Section 2 of Chapter 426 of the Acts of 1938, providing for one day off in every six for police officers.

Nov. 16, 1946. **Voted,** To accept Chapter 559 of the Acts of 1946, an act authorizing increases of the amounts of pensions payable to certain former public employees who have been retired.

March 1, 1947. **Voted,** To accept the provisions of Section 40 of Chapter 71 of the General Laws, as amended, relative to equal pay for men and women teachers.

March 1, 1947. **Voted,** To accept the provisions of Chapter 31 of the General Laws entitled Civil Service with respect to the official and labor service.

March 1, 1947. **Voted,** To accept the provisions of Chapter 31 of the General Laws entitled Civil Service with respect to janitors of School buildings.

March 8, 1947. **Voted,** To accept Section 6 of Chapter 576 of the Acts and Resolves of 1946 relative to the retirement of Police Officers and Firemen in certain towns.

March 8, 1947. **Voted,** To accept Section 65 of Chapter 44 of the General Laws (added by Chapter 635 of the Acts of 1945) which provides for payment in advance of wages which will be due employees during their vacations.

March 12, 1949. **Voted,** To accept Section 4B of Chapter 136 of the General Laws (inserted in said Chapter by Section 3 of Chapter 207 of the Acts of 1946) which permits the Selectmen to grant licenses for the operation of Bowling Alleys on the Lord's Day between the hours of one and eleven post meridian.

March 12, 1949. **Voted,** To accept the provisions of Chapter 515 of the Acts of 1948 relative to the pensioning of Foremen, Inspectors and others.

March 12, 1949. **Voted,** To accept Chapter 552 of the Acts of 1948 which by amendment to Chapter 32 of the General Laws provides additional and new benefits through annuities to dependents of certain public employees who die from injuries or hazards in the performance of their duties.

March 12, 1949. **Voted,** To accept Chapter 588 of the Acts of 1948 which provides that pensions or retirement allowances payable to certain former public employees or their beneficiaries shall be increased by $200.

March 11, 1950. **Voted,** To accept Section 6B of Chapter 40 of the General Laws (Ter. Ed.) authorizing the town to appropriate money for the purchase of uniforms for members of its Police and Fire Departments.

March 11, 1950. **Voted,** To accept Chapter 391 of the Acts of 1945 (now incorporated in the General Laws as Chapter 41, Section 100A).

March 10, 1951. **Voted,** To accept Chapter 538 of the Acts of 1950 which provides that cities and towns may, at the expense of the abutters make temporary minor repairs on private ways in certain cases.

March 10, 1951. **Voted,** To accept Chapter 820 of the Acts of 1950, which provides that pensions, retirement allowances, annuities and other benefits payable to any former employee who was separated from the service by retirement prior to November 1, 1949 and at the time of such separation had at least fifteen years creditable service, or to any person claiming under such former employee whether as beneficiary, dependent or otherwise, shall be increased by one hundred dollars; provided, the annual amount is not in excess of two thousand dollars.

March 10, 1951. **Voted,** To accept Chapter 783 of the Acts of 1950 making applicable increases in retirement allowances to those persons retired after January first, nineteen hundred and forty-six with a minimum allowance, said Chapter amending Section 25 of Chapter 32 of the General Laws as appearing in Section 1 of Chapter 658 of the Acts of 1945.

March 8, 1952. **Voted,** To accept Chapter 781 of the Acts of 1951 which provides that pensions, retirement allowances, annuities and other benefits payable to any former employee who was separated from the service of the Town by retirement prior to November 1, 1949 and at the time of such separation had at least fifteen years creditable service, or to any person claiming under such former employee whether as beneficiary, dependent or otherwise, shall be increased by one hundred dollars; provided the annual amount is not in excess of two thousand dollars; and further provides that if any such former employee was separated from the service at age sixty and had at the time of retirement at least 25 years of creditable service, and his pension as increased above is less than $1200., it shall be increased to $1200.

LEGISLATIVE ACTS

March 14, 1953. **Voted,** To accept Chapter 624 of the Acts of 1952 which provides that pensions, retirement allowances or annuity payable under any general or special law to any former employee, except teachers retired under Section 43 of Chapter 32 of the General Laws, who was separated from the service prior to April 1, 1951, and at the time of such retirement had attained age fifty-five and had at least fifteen years of creditable service, or to any person retired for disability caused by accident or hazard undergone while in the performance of his duties, regardless of years of creditable service, shall be increased by one hundred dollars; provided, the annual amount is not in excess of $2500.; and further provides that if any such employee was separated from the service at age sixty-five and had at the time of retirement at least thirty-five years of creditable service and his pension is less than $1500., it shall be increased to $1500.; and further provides that the annual amount of any annuity or allowance payable under the provisions of section nine, eighty-nine, eighty-nine A or under options (c) or (d) of subdivision (2) of section twelve of Chapter 32 of the General Laws, or any similar law, to the widow of any deceased employee of the town, shall be increased by $100.; provided, that the member whose widow is receiving a pension under said options (c) or (d) had at least fifteen years of creditable service, and further provided, that such widow does not remarry.

March 13, 1954. **Voted** under Article 21 to accept the last paragraph of Section 15 of Chapter 129 of the General Laws under which provision is made for nomination of Inspectors of Animals by the Board of Health.

March 13, 1954. **Voted** under Articles 36 and 37 to accept Chapter 147 of the Acts of 1954 pertaining to sale of land by the Park Commissioners.

March 20, 1954. **Voted** under Article 61 to accept Chapter 146 of the Acts of 1954 which amends Chapter 307 of the Acts of 1902 by striking out Section 11 of said chapter which prohibits a person being elected a Water Commissioner who at the time of his election holds any elective Town office.

March 12, 1955. **Voted** under Article 9 that the town accept Section 851 of General Laws (Ter. Ed.), Chapter 32 inserted by Chapter 268 of the Acts of 1954 which grants additional retirement benefits to members of the police and fire departments who have served as reserve police officers or reserve or call firemen.

March 10, 1956. **Voted** under Article 10, to accept Section 17A of Chapter 147 of the General Laws, inserted by Chapter 268 of the Acts of 1952, relative to holiday compensation for Police.

March 10, 1956. **Voted** under Article 11, to accept Section 57A of Chapter 48 of the General Laws, inserted by Chapter 640 of the Acts of 1953, relative to holiday compensation for Firemen.

March 10, 1956. **Voted** under Article 12, to accept Chapter 670 of the Acts of 1955, relative to pensions, retirement allowances or annuity for any former employee, separated from the service prior to April 1, 1951.

March 10, 1956. **Voted** under Article 26, to accept Sections 42-G to 42-I inclusive of General Laws, Chapter 40, inserted in said Chapter of the General Laws by Chapter 332 of the Acts of 1955, to authorize the Board of Water Commissioners to levy special assessments to meet the cost of laying water pipes in public or private ways.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR

1956

1956

MARCH MEETING

Pursuant to the Warrant issued by the Selectmen, February 16, 1956, the inhabitants of the Town of Milton, qualified to vote in elections and in town affairs, met at the polling places designated for the several precincts in said Milton on Saturday, March 3, 1956 at eight o'clock in the forenoon.

The meeting was called to order and the Warrant and Officer's Return were read by the Wardens of the Precincts, the reading of the Articles in the Warrant being waived upon motion.

The ballot boxes were inspected and found to be empty with the registers set on 0000. The boxes were then locked and the keys delivered to the Police Officers in attendance.

Cards of instruction and specimen ballots were posted as required by Section 48, Chapter 54 of the General Laws.

The ballot clerks were sworn to the faithful performance of their duties by their respective Wardens.

The polling places had been designated as follows:

Precinct 1.	Tucker School Hall, Blue Hills Parkway
Precinct 2.	Basement, Kidder Branch, Milton Public Library, Blue Hills Parkway
Precinct 3.	Police Station, Central Avenue
Precinct 4.	Central Fire Station, off Walnut Street
Precinct 5.	Town Hall, Canton Avenue
Precinct 6.	Collicot School Auditorium, Edge Hill Road
Precinct 7.	Belcher School, Church Street

The polls were opened at eight o'clock in the forenoon to vote for the following named town officers:

A Moderator for the term of one year.
A Town Clerk for the term of one year.
A Town Treasurer for the term of one year.
Three Selectmen and Surveyors of Highways for one year term.
One Assessor for the term of three years.
Two members of the Board of Public Welfare for the term of three years.
One Sewer Commissioner for the term of three years.
A Tree Warden for the term of one year.
Two members of the School Committee for the term of three years.
One member of the Board of Health for the term of three years.
One Trustee of the Cemetery for the term of five years.
Three Library Trustees for the term of three years and one for two year term.
One Park Commissioner for the term of three years.
One Water Commissioner for the term of three years.
One member of the Planning Board for the term of five years.
Four Constables for the term of one year.
One hundred three Town Meeting Members as follows:

Precinct 1.	Fourteen for three years, One for one year to fill vacancy.
Precinct 2.	Eleven for three years.
Precinct 3.	Eleven for three years. Two for two years to fill vacancies.
Precinct 4.	Twelve for three years. Two for two years to fill vacancies.
Precinct 5.	Sixteen for three years.
Precinct 6.	Fifteen for three years. Two for two years and one for one year to fill vacancies.
Precinct 7.	Fourteen for three years. One for two years and one for one year to fill vacancies.

The Constable was directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned, by posting attested copies of the Warrant in each of the post offices of said Town seven days at least before said Third of March, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

He made due return of this Warrant with his doings thereon to the Town Clerk on February 23, 1956.

This warrant was issued and signed by the Selectmen on Feburary 16, 1956.

(signed)
DANIEL E. DUGGAN
CHARLES F. BATCHELDER, jr.
WILLIAM H. WHITE
Selectmen of Milton

Commonwealth of Massachusetts, County of Norfolk, ss. February 23, 1956

Pursuant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the times and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of the inhabitants.

(signed) JOHN E. WHEARTY
Constable of Milton

Warrant published in Milton Record Feb. 24, 1956. Posted Feb. 23, 1956 in two places (E. Milton P. O. and Milton Lower Mills P. O.).

The polls were closed at six o'clock in the afternoon and the following Town Officers were elected:

The Town Clerk, upon receipt of the returns from the several precincts, forthwith canvassed the same and announced the results at 10:50 P.M. The meeting was adjourned until 1:30 P.M. March 10, 1956, to transact town business.

ADJOURNED TOWN MEETING, MARCH 10, 1956

The Meeting was opened at 1:30 P.M. by the Moderator, Benjamin F. Jaques. Town Meeting members stood while Rev. Malcolm Sutherland delivered the invocation. The Moderator then read the names of G. Nelson Armitage and James F. Ballard, Town Meeting members who have died since the last Annual Town Meeting, and the Town Meeting Members stood for a moment of silence.

The Moderator then introduced Mr. John J. Murray, the new Town Counsel, who will take office on April 1, 1956.

ARTICLE 1. To choose all such Town Officers as are not required to be chosen by ballot.

Voted: To elect George P. Blenkhorn and John H. Freeman, Measurers of Lumber.

ARTICLE 2. To hear and act upon the report of the Town Accountant and reports of other Town Officers and Committees.

Voted: That the report of the Town Accountant be accepted and placed on file.

That all committee reports as printed in the 1955 Town Report be accepted and placed on file.

Mr. John E. Rogerson, Chairman of the Pine Tree Brook Committee read the following report:

Report of the Committee appointed under Article 40 of the 1955 March Meeting Warrant

Shortly after its appointment the Pine Tree Brook Improvement Committee met with the Selectmen and discussed the general problem. We then sought the advice of Mr. Howard M. Turner, a well-known consulting engineer, and the one who made a careful study for the Planning Board in 1940. Early in June there was a joint meeting of the Committee, the Selectmen, the Planning Board, and the Town Engineer, at which it was unanimously decided that a new channel should be dug to the south of Turner's Pond with its bottom several feet lower than the level of the Pond. It was felt that such construction, when coupled with the proposed lowering of the sewer at Brook Road and further deepening of the up stream portion of the brook, would provide the best method of drainage. At the same meeting it was further agreed that provision should be made for the preservation of Turner's Pond.

Conferences with officials of the Waterways Division of the State Department of Public Works assured us that the State approved the general plans. However, it developed that under applicable laws the State could not undertake the expense of constructing dams to preserve the Pond.

Late in August the necessity of improving the Brook was forceably brought home to us all by the disastrous flood accompanying the hurricane. At the Special Meeting in October, $50,000.00 was appropriated to finance, in conjunction with the State, further work in the Brook. Just prior to this meeting, the state of the work and of the appropriations is as follows:

A. Work has been completed from Brookside Park to a point just west of the Glover School bridge, including deepening and straightening of the stream bed, removing of the Ruggles Lane bridge and relocating Ruggles Lane, and the construction of two new bridges. Appropriation in 1953—$30,000.00. Spent—$25,159.00. Balance remaining $4,840.00.

B. Not yet under contract is work from a point just west of the Glover School bridge up to Brook Road. This will include digging of the new channel around Turner's Pond, replacement of the old bridge at the outlet of the Pond, lowering of the Town Sewer at Central Avenue and deepening of the stream up to Brook Road. Appropriation in 1954—$30,000.00. None spent.

C. Contracts for further work have not to date been let. Work next proposed and covered by existing appropriation includes the lowering of the Metropolitan Sewer at Brook Road, widening the bridge there and replacing the roadway, deepening the stream to Thacher Street and replacing the Thacher Street Bridge. Appropriation—$50,000.00. None spent.

This Committee is firmly of the opinion that the Town should continue, as soon as reasonably practicable, the program of widening and deepening the channel of the Brook above the Thacher Street Bridge. We have been advised that there is a considerable possibility that the work not now under contract will be placed under contract and will be started in coming months and that all work up to and including the new Thacher Street Bridge may perhaps be finished by a year from now. Under these circumstances, in order to avoid any delay, it seems advisable for the Town now to appropriate a sufficient sum of money to carry on the work in conjunction with the State at least as far as Blue Hills Parkway. If an appropriation is made for this purpose at this Annual Meeting it should be possible for plans and contracts to be completed so that the next stage can commence as soon as the earlier work has been completed. We believe that an appropriation of $40,000.00 will be adequate for this purpose and recommend that such appropriation be made. It is the firm policy of the State department not to do any substantial amount of work by way of preparation of plans and the like upon a particular project unless and until the Town involved has shown its intention to go forward by appropriating its share of the total cost. Accordingly even though the work on this particular section may not be actually started for many months we believe it desirable in order to avoid delay that the Town make its appropriation now. When this has been done the project will then be put upon the State's schedule of work definitely to be performed.

We have not as yet had an opportunity to make an adequate study of the problems involved in further work beginning at the Parkway. A preliminary study indicates that the next essential step is the reconstruction of the culvert under the Parkway. We are not certain to what extent this work should or may be undertaken by the Metropolitan District Commission nor are we at the moment in a position to give any opinion as to just what work should be done in that part of the Brook which lies between the Parkway and Canton Avenue and which includes the Pope's Pond area. We believe that a further study of these matters should be made and that the Town should appropriate a thousand dollars for the purpose. The Selectmen have indicated to us that it is their intention to consult further with this Committee, assuming the Town votes to continue the Committee, before taking further definite steps by way of commitment with the State for work to be done in the Blue Hills Parkway culvert and further upstream.

Turner's Pond—This Committee believes that the action of the Town at the 1955 Town Meeting in taking Turner's Pond for park purposes showed the desire of the Town to conserve that area in substantially the same condition which has obtained for many years, and this would include preservation of the Pond. Since the new channel to the south of the Pond will be deepened, some mechanical means must be provided to maintain the level of water in the Pond. Three alternatives have been considered. These are:

1. Drill a well or wells on the property and install pumps to pump water from such wells to the Pond.

2. Install Gates in the new channel which when closed would divert water from the Brook into the Pond, such gates to be operated either by leaving them closed except in times of heavy rains when they would be opened to permit rapid run off or leave the gates opened except when needed to divert water into the Pond.

3. Install a pump which would pump water from the Brook into the Pond.

All three plans will require the replacement of the dam at the outlet to the Pond. This should be a fairly inexpensive project. Plan 2 would also require the installation of a check dam at the inlet of the Pond so that, when the gates are opened, water will not flow out of the Pond back into the Brook through the inlet.

We believe it very difficult to get reliable accurate figures as to the cost of Plan 1. Until actual drilling has been done, we cannot know the quantity or quality of the water available. We are indebted to Mr. Desmond M. Collins for some extensive calculations in this connection. His figures would indicate cost for single well and necessary equipment of approximately $7,000.00 and he would figure that the annual cost of maintenance would be about $600.00 a year.

Plan 2 requires the installation of two wooden gates with mechanical gear to raise and lower them in the new channel of the Brook. According to our information a figure of $17,000.00 would cover the cost of all work necessary to adopt this plan. Annual maintenance would be negligible.

Plan 3 would require the installation of a pump, a simple house to contain it, some form of screened sump in the Brook bed, and a discharge line through to the Pond. We estimate the cost of such an installation to be about $6,500.00 and that the annual maintenance would be about $100.00.

After careful consideration of these three alternatives, we believe that Plan 3 is to be preferred, even though for the long pull Plan 2, providing for diversion gates, might well be the cheapest solution. However, Plan 3 avoids the installation of a dam in the main channel of the Brook and thus avoids any possibility through human failure or mechanical breakdown, of there being a structure which might back up water which might injure people living upstream. We recognize that there may be times when there is insufficient water in the Brook to keep the Pond at a constant level, but we doubt if the amount of drop in the level of the Pond would be material. We prefer this solution to that offered by the possible drilling of wells for several reasons. In the first place, we cannot be certain of kind and quality of water which may be found in a well. Mr. Howard Turner has advised us that in many instances the introduction of ground water into a Pond also fed by surface water has resulted in a large growth of algae. In the second place, we cannot be sure what the cost of finding an adequate water supply might eventually turn out to be.

Accordingly, we recommend that the Town appropriate the sum of $6,500.00 for the purpose of installing the system which we have described above as Plan 3.

Respectfully submitted,

JOHN E. ROGERSON, Chairman
PAUL F. DUDLEY
E. P. HAMILTON
NORMAN E. KINGSBURY

(This report on Pine Tree Brook was read just prior to taking action on Article 52 of the Warrant for the 1956 Town Meeting and was accepted and placed on file.)

ARTICLE 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1956, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1956, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ARTICLE 4. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow on and after January 1, 1957, in anticipation of the revenue of the financial year ending December 31, 1957.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow money from time to time beginning January 1, 1957, for the purpose and subject to the provisions set forth in Section 5 of Chapter 44 of the General Laws and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17 of Chapter 44 of the General Laws; any debt or debts incurred under this vote to be paid from revenue of the financial year beginning January 1, 1957.

ARTICLE 5. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

Voted: That the Town so vote.

ARTICLE 6. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

Voted: That the Town so vote.

(Unanimous Vote)

ARTICLE 7. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; the members of such Committee to hold office until the final adjournment of the next Annual Town Meeting and until the appointment of any succeeding committee authorized at such meeting.

Voted: That the Town so vote.

COMMITTEE

JOHN J. MURRAY, 55 Thompson Lane
MELVIN E. DOLAN, 198 Canton Ave.
GEORGE N. HURD, JR., 189 Canton Ave.
DONALD JACKSON, 164 Pleasant St.
JOHN E. ROGERSON, 114 Canton Ave.

ARTICLE 8. To see if the Town will vote to amend its General Bylaws by adding a new Chapter 13, substantially as set forth below which, if adopted may or may not contain Section 10, as the Town Meeting shall determine; and to act on anything relating thereto.

CHAPTER 13

PERSONNEL ADMINISTRATION

SECTION 1. ENABLING LAWS

By virtue of authority established under General Laws (Ter. Ed.) Chapter 41, Section 108A and 108C and all other acts thereto enabling, there is hereby established a plan pertaining to the administration of the personnel of the Town to be known as the Personnel Administration Plan, and sometimes hereinafter in this Chapter referred to as the "Plan."

SECTION 2. APPLICATION OF THIS CHAPTER

All Town Departments and all positions in the Town service, other than those filled by popular election and those under the direction and control of the School Committee, shall be subject to and have the benefit of the provisions of this Chapter. All references in this Chapter to Departments or positions in the Town service or employees shall include only those subject to this Chapter.

SECTION 3. PERSONNEL BOARD

Under the Plan there shall be a Personnel Board consisting of five unpaid members, each of whom shall be appointed by the Moderator for a term of five years, beginning on the first day of June in the year of appointment. No person employed by the Town or serving as an elected official of the Town, other than a Town Meeting Member, shall serve on the Personnel Board. Terms of service shall be so arranged that the term of one member expires each year. Every member shall serve until his successor has been appointed. There shall be a chairman and a secretary of the Board, designated by the Moderator each year and they shall hold office for one year beginning on the first day of June and until their successors are appointed. Vacancies on the Board or in the position of chairman or secretary shall be filled by the Moderator, any person so appointed to serve the remainder of the unexpired term.

SECTION 4. GENERAL ADMINISTRATIVE AUTHORITY OF THE PERSONNEL BOARD

The Personnel Board shall administer the provisions of this Chapter and shall determine all questions arising thereunder. The Personnel Board shall from time to time establish rules for the administration of the Plan and the conduct of its affairs not inconsistent with this Chapter and may, at any time, amend or revoke the same. Such rules shall include specifications for minimum requirements of every classified position and no person shall be employed by the Town unless, in the opinion of the Personnel Board, such person meets said requirements. A majority of the Board shall constitute a quorum. Within its appropriation the Personnel Board may employ such personnel and incur such expenses as it deems necessary. The Personnel Board shall, from time to time, review the work of all positions covered by the Plan and the salary schedule provided in the Plan.

The Plan shall not be amended except at Annual Town Meetings, but the Personnel Board may add positions to the Plan or reclassify existing positions and, so far as permitted by law, change salary rates, all such action to be effective only until the final adjournment of the next Annual Town Meeting.

The Personnel Board shall make an annual report in writing to the Town on or before January first of each year.

SECTION 5. RECORDS AND INFORMATION

The Personnel Board shall maintain adequate records including detailed personnel records of all employees. Each Department, Committee and Board of the Town shall, in accordance with procedures prescribed by the Personnel Board, furnish the Board with all facts, figures and other information pertaining to the employees of the Town under their respective jurisdictions as the Personnel Board shall require.

SECTION 6. CLASSIFICATION OF EMPLOYEES AND POSITIONS

All positions are hereby classified into groups and classes doing substantially similar work, or having substantially similar responsibilities, and there are hereby established minimum and maximum salaries to be paid to the employees in the positions so classified with intermediate step-rate salary increases, all as set forth in the following table.

Table of Classification and Rates of Compensation

		Rate of Compensation (Weekly unless otherwise indicated)			
CLERICAL SERVICES					
		Minimum			Maximum
Grade	Classes of Positions	Step 1	Step 2	Step 3	Step 4

Personnel Board Clerk Plumbing Inspector Park, Summer Employees Clinic Dentist Clinic Assistant	Amount of salary determined by services rendered

All employees shall be classified and shall receive compensation only in accordance with the foregoing schedule or amendments thereto, except as hereinafter provided. The number of persons employed by the Town, temporarily or otherwise, shall not be increased without the approval of the Personnel Board.

Employees may be advanced as to salary one step each year until the maximum is reached. However, every advance shall be made on the basis of merit and in every case only with the approval of the Personnel Board. The Personnel Board shall, so far as possible, consult with the Heads of Departments and Boards and supervisory personnel with respect to such advances.

An employee advancing to a higher grade shall start in the new grade at the lowest step which does not reduce his compensation, provided, however, that the Personnel Board may start such employee in a higher step than prescribed when, in the opinion of the Personnel Board, special circumstances warrant such action.

No employee shall have his aggregate annual compensation reduced by reason of the adoption of this Plan. However, existing compensation when this Chapter is adopted which is at a rate above the rate prescribed in the foregoing table shall constitute a personal rate, which shall apply only to the incumbent holding position and grade on January 1, 1956, and such personal rate shall not be subject to increase. When the incumbent leaves the employ of the Town or is transferred to another position, or advanced to another grade, the personal rate shall no longer apply.

No Head of a Department receiving compensation from the Town shall at any time engage in private work which has or could have any relation to Town affairs or concerns.

Employees shall not receive compensation by way of salary, wages, fees, or otherwise, from more than one Department, Board or Committee unless otherwise provided in this Plan or unless such compensation is approved by the Personnel Board.

Every person entering the employ of the Town after the effective date of this Chapter shall immediately be classified by the Personnel Board and shall begin service in Step 1 of his classification and may progress with the approval of the

Personnel Board, to Step 2 on the next following January 1st. if he has then been in continuous Town employment for at least three months. If he has not been so employed for at least three months, he shall not advance to Step 2 until the second following January 1st after his employment. When promotions are made from Step 1 to Step 2 on a first day of January as aforesaid, increases in compensation shall, if required by law, be made at the next Annual Meeting, but shall be retroactive to January 1st. Temporary employees may be engaged for a specified period with the approval of the Personnel Board and need not be classified.

SECTION 7. HOURS OF EMPLOYMENT

The hours of employment for employees shall be as follows:

Maintenance Services	At least 37½ hours per week.
Clerical Services	At least 40 hours per week.
All other	At discretion of Boards and Department Heads, but subject to all applicable laws affecting hours of employment.

For services rendered beyond forty hours in any one week, overtime may be paid at one and one-half times the regular rate of pay, time off equal to the overtime served may be granted, or such extra pay and time off may be combined to compensate for the overtime hours. Overtime pay shall not be available to Heads of Departments.

All offices of the Town shall be open continuously for the transaction of business between 8:30 A.M. and 5:00 P.M. on every day except Saturdays, Sundays, legal holidays and days observed as legal holidays.

SECTION 8. VACATIONS

Beginning with the year 1956, paid vacation time shall be granted to all regular full-time employees in accordance with the following table and regular part-time employees shall have vacation periods on a proportionate time basis. Temporary employees shall not be granted vacations.

YEARS OF SERVICE	VACATION
From six months to one year	One Week
From one year to ten years	Two Weeks
From ten years to twenty years	Three Weeks
Over twenty years	Four Weeks

Vacation time shall be taken within each calendar year and shall not be cumulative from one year to another. With respect to persons in the employ of the Town when this Chapter is adopted, the Personnel Board shall compute the paid vacation time to which every such employee is entitled under this Section.

SECTION 9. SICK LEAVE

Paid sick leave shall be granted to all regular full-time employees in accordance with the following table. Regular part-time employees shall have paid sick leave periods on a proportionate time basis. Temporary employee shall not be granted paid sick leave.

YEARS OF SERVICE	LEAVE
Not more than one year nor less than six months	Five Working Days
Not more than five years nor less than one year	Ten Working Days
More than five years	Fifteen Working Days

Paid sick leave may be accumulated from year to year, but shall not by accumulation exceed forty-five days, and no employee shall have more than forty-five days of paid sick leave in any one year; provided, however, that in unusual circumstances the Personnel Board may grant additional paid sick leave. Paid sick leave shall never be available except to cover actual absence from work because of illness. Sick leave must be authorized by the Department Head or someone authorized to act for him and shall be reported to the Personnel Board on blanks provided for that purpose. A physician's certificate of illness, if deemed necessary by the Department Head or Personnel Board may be required.

Persons in the employ of the Town when this Chapter is adopted shall be credited at once with the maximum number of paid sick leave days to which they are entitled, computed by the Personnel Board in accordance with their length of service.

If an employee is absent by reason of injury caused by accident for which he is entitled to receive Workmen's Compensation, such absence shall not be considered sick leave under this Section.

SECTION 10. EXTRA COMPENSATION FOR MORE THAN TEN YEARS OF SERVICE

As a matter of policy the Town recognizes that loyalty, skill, attention to duty and incentive usually develop from long continuous employment and that these qualities are enhanced and encouraged by regular increases in compensation. Therefore, employees who qualify in accordance with the following specifications shall, beginning in 1956, and in each year thereafter, receive in addition to all other compensation, the following special annual increases in compensation, the same to be paid on a weekly or a monthly basis.

A. Employees of the Town who, on December 31, 1955, have been in continuous full-time employment for ten years or more, shall have a special increase in compensation for the year 1956, in an amount computed by multiplying five dollars by the number of years of such employment and shall receive an amount in each year thereafter which shall be five dollars more than the year before.

B. Employees of the Town on December 31, 1955, who have been in continuous full-time employment for less than ten years and employees so employed by the Town after December 31, 1955, shall, in the first calendar year after they have completed ten continuous years of full-time employment, have a special increase in compensation in the amount of fifty dollars and shall receive an amount in each year thereafter which shall be five dollars more than the year before.

C. Employees who qualify for such extra compensation and then leave the employ of the Town will not be entitled to the extra compensation if re-employed until they have served a new ten-year period of full time continuous employment. Compulsory military service or military service deemed the equivalent thereof by the Personnel Board shall not constitute an interruption of employment under this Section.

D. Each regular part-time employee otherwise qualified shall receive a proportionate part of such special increase computed as aforesaid, the exact amount to be determined by the Personnel Board. Continuous part-time and continuous full-time employment shall be considered in combination to determine original qualification under this Section and to compute the amount of compensation to be paid in any year. The Personnel Board shall consider these cases and do substantial justice as the circumstances seem to them to require.

SECTION 11. GENERAL

a. Provisions in this Chapter requiring or authorizing payments of compensation are in every case subject to appropriations being made from time to time by Town Meetings unless such payments are otherwise authorized by law.

b. If any provision of this Plan shall conflict with any Civil Service law or any other law presently or hereinafter in force, such a provision of this Plan shall be deemed modified, but only to the extent required to conform to law.

c. The invalidity of any section or provision of this Chapter shall not invalidate any other section or provision hereof.

SECTION 12. TEMPORARY PROVISIONS

a. This Section 12 is enacted to provide all power and authority necessary to establish a Personnel Board in the year 1956, and to put the foregoing sections into effect for these purposes, notwithstanding any provisions in the preceding eleven sections. This Section 12, to the extent that it is necessary, shall suspend, alter or supplement in whole or in part any of said eleven sections. This Section 12 being necessary only for the limited purposes stated above, without any vote or action by any Town Meeting shall stand repealed at the final adjournment of the Annual Town Meeting in 1957.

b. In 1956, the Moderator may appoint the Personnel Board at any time prior to the first day of June. When the Moderator appoints the Personnel Board in 1956, he shall appoint five members and fix the term of office of each member so that the terms will expire respectively on the first day of June in the years, 1957, 1958, 1959, 1960 and 1961. He shall designate a Chairman and a Secretary to serve until the first day of June in 1957.

c. Between the effective date of this Chapter and the appointment of a Personnel Board by the Moderator, the members of the Sub-Committee of the Warrant Committee on Wages and Salaries shall act as the Personnel Board and shall have all the powers and duties of the Personnel Board as set forth in this Chapter.

Voted: That the Town amend its General Bylaws exactly as set forth in this Article, except that in the Table of Classification and Rates of Compensation which is part of Section 6, the positions of Chairman of the Board of Assessors, member of the Board of Assessors and Board of Selectmen and the rate of compensation pertaining to these positions shall be deleted.

(Unanimous Vote)

This amendment did not require the approval of the Attorney General. See Chapter 41, Section 108-C. This was advertised three weeks in the Milton Record, March 16, 23 and 30, 1956.

PERSONNEL BOARD
Appointed by Moderator on May 4, 1956

William U. Pursell, Chairman, 35 Truro Lane	3 years
Newton S. Baker, 54 Fairbanks Road	2 years
Francis F. Brooks, 134 Adams Street	1 year
Warren J. Murdock, 16 Allen Circle	4 years
Timothy G. Ryan, 26 Hillcrest Road	5 years

ARTICLE 9. To see what sum of money the Town will vote to appropriate to provide the special increases in compensation required under Section 10 of Chapter 13 of the General Bylaws of the Town; and to act on anything relating thereto.

Voted: That to meet the special increases in compensation provided under Section 10 of Chapter 13 of the General Bylaws of the Town there be appropriated for certain departments of the Town the amounts set forth after their respective designations in the schedule hereinafter set forth.

SCHEDULE

Accounting	$ 90.00
Assessors	250.00
Building	50.00
Cemetery	500.00
Engineering	495.00
Fire	1,810.00
Forestry	440.00
Highway	3,400.00
Library	500.00
Park	370.00
Police	1,955.00
Selectmen	230.00
Sewer	455.00
Town Clerk	145.00
Town Hall & Lot	215.00
Treasurer — Collector	290.00
Welfare	165.00
Water	1,525.00
Wire	115.00
	$13,000.00

ARTICLE 10. To see if the Town will vote to accept Section 17A of Chapter 147 of the General Laws, inserted by Chapter 268 of the Acts of 1952, which Section provides that if any police officer of a city or town is required to work on January first, February twenty-second, April nineteenth, May thirtieth, July fourth, the first Monday of September, October twelfth, November eleventh, Thanksgiving day or Christmas day, or the day following when any of the five days first mentioned, or October twelfth, November eleventh or Christmas day occurs on Sunday, he shall be given an additional day off, or, if such additional day off cannot be given because of personnel shortage or other cause, he shall be entitled to an additional day's pay; provided, that in the case of a police officer who works five or more days a week, and whose regular day off falls on any of the aforementioned holidays except when such holiday occurs on Saturday, an additional day shall be allowed, or payment in lieu of one day shall be allowed; and to see what sum of money the Town will appropriate for additional compensation payable under said Section; and to act on anything relating thereto.

Voted: That the Town accept said Section 17A of Chapter 147 of the General Laws, inserted by Chapter 268 of the Acts of 1952 and appropriate the sum of $5,407.18 for said extra compensation, no part of which appropriation shall be used for extra compensation for the Chief of the Police Department, because Chapter 13 of the Bylaws of the Town provides that Heads of Departments are not entitled to overtime.

ARTICLE 11. To see if the Town will vote to accept Section 57A of Chapter 48 of the General Laws, inserted by Chapter 640 of the Acts of 1953, which Section provides that if any permanent member of the fire fighting force or fire alarm division of a fire department of a city or town is required to serve a tour of duty during the twenty-four hour period commencing at eight o'clock in the morning of January first, February twenty-second, April nineteenth, May thirtieth, July fourth, the first Monday of September, October twelfth, November eleventh, Thanksgiving day or Christmas day, or the day following when any of the five days first mentioned, or October twelfth, November eleventh or Christmas day, occurs on Sunday, he shall be given an additional day off, or, if such additional day off cannot be given because of personnel shortage or other cause, he shall be entitled to an additional day's pay; provided, that any such member, who through a rotation of shifts, works different days in successive weeks shall be granted, in each year in which the number of holidays falling on his regular days off is in excess of the number of holidays in such year falling on Saturday, additional days off equal to the excess, and, if any such additional day off cannot be given because of personnel shortage or other cause, an additional day's pay shall be allowed in lieu thereof; and to see what sum of money the Town will appropriate for additional compensation payable under said Section; and to act on anything relating thereto.

Voted: That the Town accept said Section 57A of Chapter 48 of the General Laws, inserted by Chapter 640 of the Acts of 1953, and appropriate the sum of $5,232.65 for said extra compensation, no part of which appropriation shall be used for extra compensation for the Chief of the Fire Department, because Chapter 13 of the Bylaws of the Town provides that Heads of Departments are not entitled to overtime.

ARTICLE 12. To see if the Town will vote to accept Chapter 670 of the Acts of 1955 which provides that pensions, retirement allowances or annuity payable under any general or special law to any former employee who was separated from the service prior to April first, nineteen hundred and fifty-one, whose sole or principal employment was in the service of the town, including teachers,

> who at the time of their retirement had attained age 60 and had at least 20 years of creditable service, shall be increased by $200.; provided, that no such increase shall be made in the case of any pension, retirement allowance or annuity which is in excess of $2000.00;

and further provides that if the total annual amount of any such pension, retirement allowance or annuity as so increased, payable to any former employee, whose sole or principal employment was in the service of the town,

> who was separated from the service at age 60 and had at least 25 years of creditable service and his pension is less than fourteen hundred dollars;

and further provides that if the total annual amount of any such pension, retirement allowance or annuity as so increased, payable to any former employee,

> who was separated from the service at age 65 and had at least 35 years of creditable service, is less than seventeen hundred dollars, it shall be increased to seventeen hundred dollars;

and further provides that the annual amount of any annuity or allowance in effect prior to April first, nineteen hundred and fifty-one and payable under the provisions of section nine, eighty-nine, eighty-nine A or under options (c) and (d) of subdivision (2) of section twelve of Chapter thirty-two of the General Laws, or any similar law,

> to the widow of any deceased employee of the town, shall be increased by $100.; provided that the total amount of such annuity or allowance as so increased shall not exceed $2000. and that the member whose widow is receiving a pension under said options (c) or (d) had at least fifteen years of creditable service; and further provided that the widow does not remarry;

and to act on anything relating thereto.

Voted: That the Town so vote.

ARTICLE 13. To see what sum of money the Town will vote to appropriate for Pensions and Annuities the present year:

1. Police and Firemen
2. Special Annuity
3. Annuities
4. Police and Firemen's Widows
5. Laborers
6. School Teachers
7. Veterans

Voted: That the following appropriations be made for:

1. Police and Firemen's Pensions	$49,194.48
2. Special Annuity	1,779.16
3. Annuities	6,738.76
4. Police and Firemen's Widows Pensions	3,158.32
5. Laborers' Pensions	15,436.44
6. School Teachers' Pensions	6,562.19
7. Veterans' Pensions	7,217.60

ARTICLE 14. To see what sum of money the Town will vote to appropriate for Veterans' Benefits the present year.

Voted: That the sum of $30,000.00 be appropriated, of which $1,654.20 is for salaries and wages.

ARTICLE 15. To see what sum of money the Town will vote to appropriate for the Contributory Retirement System; and to act on anything relating thereto.

Voted: That the sum of $38,648.47 be appropriated, of which $2,066.40 is for salaries and wages.

ARTICLE 16. To see what sum of money the Town will vote to appropriate for the Public Welfare Department the present year.

Voted: That the total sum of $177,741.48 be appropriated of which not more than $21,312.96 is for salaries and wages; $377.00 is for new equipment; $500.00 is for Medical Consultant; and $100.00 is for the necessary expenses of Officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department; said appropriation to include:

General Relief	$ 13,000.00
Old Age Assistance	125,000.00
Aid to Dependent Children	10,800.00
Disability Assistance	16,800.00
Other administration costs	1,993.00

ARTICLE 17. To see what sum of money the Town will vote to appropriate for General Government for salaries and expenses of the following departments, and other purposes the present year:

1. Warrant Committee
2. Selectmen
3. Accountant
4. Town Engineer
5. Assessors
6. Treasurer and Collector
7. Town Clerk
8. Election and Registration
9. Law, including Unpaid Bill of 1954
10. Town Hall and Thacher Building
11. Insurance
12. Town Reports
13. Board of Appeals
14. Planning Board
15. Personnel Board

Voted: That the following appropriations be made for:

1. Warrant Committee .... $ 4,074.00

Of which $950.00 is for salaries and wages.

2. Selectmen 12,856.90

The salaries of the Selectmen are hereby fixed at $1,000.00 for each Selectman for the calendar year 1956. $10,259.40 is appropriated for salaries and wages and $187.50 for new equipment and $1,000.00 is appropriated for the use of the Selectmen in securing professional consulting services relating to the improvement of Pine Tree Brook.

3. Accountant 10,892.90

Of which $9,839.40 is for salaries and wages and $212.50 is for new equipment.

4. Town Engineer 37,289.27

Of which $33,760.27 is for salaries and wages and $1,800.00 for new equipment and the Department is hereby authorized to sell or exchange old equipment to furnish additional funds for new equipment.

5. Assessors 18,467.88

Including the salary of the Chairman which is hereby fixed at $1,500.00 and the salaries of each of the 2nd and 3rd members which are fixed at $1,100.00 for the calendar year 1956; provided however, that the salary of any assessor shall be reduced by the amount which he receives as retirement allowance under General Laws, Chapter 32, and such a salary is hereby fixed accordingly. $13,112.88 is appropriated for salaries and wages; $500.00 for wages of a part-time clerk; and $595.00 for new equipment.

6. Treasurer and Collector 21,148.97

The salary of the Treasurer-Collector is hereby fixed at $6,364.00 for the calendar year 1956. $17,883.15 is appropriated for salaries and wages; $167.17 for new equipment; and $60.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.

7. Town Clerk The salary of the Town Clerk is hereby fixed in the aggregate at $5,424.40 for the calendar year 1956. $12,891.31 is appropriated for salaries and wages and $200.00 is for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.	14,479.81
8. Election & Registration Of which $10,693.80 is for salaries and wages and $115.00 is for new equipment.	16,946.94
9. Law Of which $6,650.00 is for salaries and wages.	8,934.00
Unpaid bill of 1954	1,016.75

(Unanimous Vote)

10. Town Hall and Thacher Building Of which $11,558.90 is for salaries and wages and $200.00 is for overtime.	18,075.40
11. Insurance	29,978.28
12. Town Reports	5,000.22
13. Board of Appeals	1,000.00
14. Planning Board Of which $1,400.00 is for professional services not furnished by regular Town employees.	1,730.00
15. Personnel Board Of which $780.00 is for salaries and wages.	1,200.00

ARTICLE 18. To see what sum of money the Town will vote to appropriate for the protection of persons and property the present year.

1. Police Department
2. Fire Department
3. Hydrant Service
4. Wire Department
5. Forestry Department
6. Street Lighting
7. Additional Lights
8. 1. Building Department
   2. Plumbing Department
9. Sealer of Weights and Measures
10. Traffic Lights

Voted: That the following appropriations be made for:

1. Police Department — General	$245,096.65
Private Work	30,000.00

The above appropriation of $245,096.65 includes the sums of $215,246.65 for salaries and wages of police officers, clerks and a mechanic; $4,275.00 for salaries and wages of school traffic supervisors; $4,700.00 for new equipment and the Department is hereby authorized to sell or exchange old equipment to furnish additional funds for new equipment;

$3,000.00 for uniforms of police officers; $100.00 for uniforms for school traffic supervisors; and $1,200.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.

2. Fire Department 237,221.55

The above appropriation of $237,221.55 includes the sums of $214,671.55 for salaries and wages; $1,990.00 for new equipment; $1,600.00 for painting Ladder #2; $960.00 for uniforms; $2,375.00 for new hose; $2,000.00 for necessary repairs at East Milton Fire Station; and $150.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the department.

3. Hydrant Service 29,120.00

The above appropriation is to be taken from the general taxes for the current year as Hydrant Rental, and is payable to the Water Department in quarterly installments upon presentation of its bills.

4. Wire Department 28,441.68

The above appropriation of $28,441.68 includes the sums of $21,104.68 for salaries and wages; $400.00 for overtime; $1,608.00 for new equipment; and $100.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.

5. Forestry Department 48,317.62

The above appropriation of $48,317.62 includes the sums of $38,393.62 for salaries and wages; $300.00 for overtime; $963.00 for new equipment; and the aggregate appropriation for the Department includes $2,000.00 for private work; $2,500.00 to be expended in control work against Dutch Elm Disease as required under Acts of 1949, Chapter 761. Section 13; and $5,000.00 to be expended for Insect-Pest Control under Acts of 1948, Chapter 660, Section 11.

6. Street Lighting 65,365.00

7. Additional Lights 1,200.00

8. Building Department 11,368.96

The above appropriation of $11,368.96 includes the sums of $9,886.46 for salaries and wages; $75.00 for new equipment; and $35.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.

	Plumbing Department	2,178.00
9.	Sealer of Weights and Measures Of which $1,350.00 is for salaries and wages; and $50.00 is for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.	1,791.75
10.	Traffic Lights	1,500.00

ARTICLE 19. To see what sum the Town will vote to appropriate for Civil Defense for the current year; and to act on anything relating thereto.

Voted: That the sum of $1,725.00 be appropriated.

ARTICLE 20. To see what sum of money the Town will vote to appropriate for Health and Sanitation the present year;

1. Health—General
2. Dental Clinic
3. Inspector of Animals
4. Sewer Maintenance
5. Chest Conference
6. Mandatory Hospitalization
7. Disposal Area
8. Rodent Control

Voted: That the following appropriations be made for:

1.	Health—General Of which $7,954.28 is for salaries and wages.	$12,529.28
2.	Dental Clinic	2,170.00
3.	Inspector of Animals	300.00
4.	Sewer Maintenance Of which $11,799.21 is for salaries and wages and $250.00 is for overtime.	19,048.21
5.	Chest Conference	1,350.00
6.	Mandatory Hospitalization	6,000.00
7.	Disposal Area Of which $3,986.71 is for salaries and wages.	4,148.21
8.	Rodent Control	300.00

ARTICLE 21. To see what sum of money the Town will vote to appropriate for the disposal of garbage and refuse in the present year to meet the obligations of the Town under the existing contract for such disposal and under the three year contract for such disposal commencing May 1, 1956 made by the Board of Health under Chapter 40, Section 4 of the General Laws; and to act on anything relating thereto.

Voted: That the Town vote to appropriate the sum of $96,173.33 for the disposal of garbage and refuse in the present year, of which $28,840.00 is to meet obligations under the existing contract for such disposal and $67,333.33 is to meet the obligations under the new contract commencing May 1, 1956 which is for a term of three years at the rate of $101,000.00 per year.

ARTICLE 22. To see if the Town will appropriate a sum of money for mosquito control in accordance with a bill (House No. 336) now before the Legislature entitled "An Act Creating a Mosquito Control Project in Norfolk County"; and to act on anything relating thereto.

Voted: That the Town vote to appropriate the sum of $2,065.00 for the Mosquito Control Project in Norfolk County described in said House Bill 336, the same to be paid to the Treasurer of the Commonwealth if such payment is authorized by the General Court under said Bill or any Bill in amendment thereof or substituted therefor.

(If House Bill No. 336 now before the Legislature is not passed, Articles 23 and 24 will be in effect.)

ARTICLE 23. To see if the Town will vote to raise and appropriate the sum of $500.00 for the purpose of maintaining, during the ensuing year, the mosquito control works.

Voted: That the sum of $500.00 be appropriated for the purpose of maintaining during the ensuing year the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE 24. To see what sum of money the Town will vote to raise and appropriate to reduce the mosquito nuisance in the swamp areas of the Town, consisting of approximately 500 acres, by spraying from the air by helicopter; and to act on anything relating thereto.

Voted: That the sum of $1,800.00 be appropriated to reduce the mosquito nuisance in the swamp areas of the Town (approximately 500 acres) by spraying from the air by helicopter.

(If House Bill No. 336 now before the Legislature is passed, Articles 23 and 24 will not be in effect.)

Chairman Brooks requested a rising vote of thanks to Dr. Paul R. Withington who has served the town as a member of the Board of Health for thirty-five consecutive years.

ARTICLE 25. To see what sum of money the Town will vote to expend for the construction of sewers for sanitary purposes and for sewage disposal and to appropriate and raise by borrowing or otherwise money for the same; and to act on anything relating thereto.

Voted: That the Town vote to appropriate the sum of $95,809.67 of which $20,524.67 is for salaries and wages; $1,200.00 is for overtime; and that to meet said appropriation there shall be raised from the tax levy of the current year the sum of $45,809.67, and that the Treasurer, with the approval of the Selectmen be and he hereby is authorized to borrow the sum of $50,000.00 and to issue bonds or notes bearing on their face the words "Town of Milton Sewer Construction Loan, 1956" and to be payable in accordance with Chapter 44 of the General Laws (Ter. Ed.), so that the whole loan shall be paid in not more than five years from the date of the first bond or note, or by such earlier date as the Treasurer and the Selectmen shall determine.

(Unanimous Vote)

ARTICLE 26. To see if the Town will vote to accept Sections 42G to 42I inclusive of General Laws, Chapter 40 inserted in said chapter of the General Laws by Chapter 332 of the Acts of 1955 which sections relate to the levy of special assessments to meet the cost of laying water pipes in public and private ways; and to act on anything relating thereto.

Voted: That the Town accept Sections 42G to 42I inclusive of General Laws, Chapter 40, inserted in said Chapter of the General Laws by Chapter 332 of the Acts of 1955 and that the Board of Water Commissioners be and they hereby are authorized to levy special assessments to meet the whole or part of the cost hereafter incurred of laying pipes in public or private ways for the conveyance or distribution of water to the inhabitants of the town. An owner of land which receives benefit from the laying of water pipes in public and private ways upon which his land abuts or which by more remote means receives benefit through the supply of water to his land or buildings shall pay a proportionate part of the cost not already assessed of extending such water supply to his land.

The Board of Water Commissioners shall ascertain, assess and certify the amount to be charged against each parcel of land receiving such benefit and such amount shall include the cost of the pipes and other materials and of the labor in laying them and other expenses incidental thereto.

Such assessment for the cost of providing and laying water pipes in public and private ways shall be made upon the several parcels of land receiving benefit from the laying of such pipes by a fixed uniform rate based upon the estimated average cost of all the water pipes therein and the laying thereof, according to the frontage of such land on any way in which a water pipe is laid, and according to the area of such land within a fixed depth from such a way.

ARTICLE 27. To see what sum of money the Town will vote to appropriate for the Water Department for the current year and to provide for the disposition of obsolete property; and to act on anything relating thereto.

Voted: That the Town vote to appropriate the sum of $249,723.94 for the general uses of the Water Department during the present year, to be expended by the Water Commissioners in accordance with the Acts of 1902, Chapter 307, and Acts in amendment thereof and in addition thereto, said uses to include:

a. the sum of $79,517.19 for salaries and wages;
b. the sum of $6,600.00 for temporary help;
c. the sum of $4,500.00 for overtime;
d. the Metropolitan Water Assessment;
e. the retirement of bonds and/or notes outstanding in Town of Milton Water Loans;
f. the interest on bonds and/or notes outstanding in Town of Milton Water Loans;
g. the sum of $40,000.00 for the extension of, and the improvement to, the system of mains;
h. the sum of $2,700.00 for new equipment and the Department is hereby authorized to sell or exchange old equipment to provide additional funds for the purchase of new equipment.
i. the sum of $400.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information in which the Town is interested or which may tend to improve the service of the Department;

j. all other lawful expenditures; and the Water Commissioners are hereby authorized to sell without first obtaining the approval of the Board of Selectmen, junk, metal, cast iron, brass and similar material and discarded meters, whether dismantled or not, in the usual course of its operation;

and that to meet said appropriation $139,558.50 be raised from the tax levy of the current year and $110,165.44 be transferred from the available Water Department Surplus as of December 31, 1955.

ARTICLE 28. To see what sum of money the Town will vote to appropriate for expenditure by the Board of Water Commissioners, said sum to be held in a special account to be known as the Account for Mains in Private Ways and to be expended for the purpose of constructing water mains and appurtenances in private ways as to which deposits shall have been made to reimburse the Town for such expenditures. No such expenditure shall be made in or liability incurred in connection with any such way in excess of the deposit made for such way and until after such deposit has been made, and until after takings have been made of rights and easements necessary for the construction and maintenance of such water mains and appurtenances; and to act on anything relating thereto.

Voted: That the sum of $11,188.61 be appropriated from available funds on hand January 1, 1956.

ARTICLE 29. To see what sum of money the Town will vote to appropriate for the Public Library the present year.

Voted: That the sum of $87,000.89 be appropriated of which $60,362.89 is for salaries and wages; $4,950.00 is for temporary employees and janitors' overtime; $262.00 is for new equipment; $300.00 is for snow guards at the East Milton Branch; and $263.00 is for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.

At 3:05 P.M. the Moderator declared a fifteen-minute recess.

The meeting reconvened at 3:20 P.M.

ARTICLE 30. To see what sum of money the Town will vote to raise and appropriate, in part by bond issue and in part from the tax levy of the current year, for the erection, equipping and furnishing of an addition to the Central Public Library; and further to see if the Town will authorize the Moderator to appoint a Committee of five citizens to employ the services of an architect, to advertise and secure bids, to let a contract or contracts and to supervise the said work, all in the name and behalf of the Town; and to act on anything relating thereto.

Voted: That the sum of $206,500.00 be and hereby is appropriated for the purpose of constructing, originally equipping and furnishing additions to the present Central Public Library, including a World War II Memorial Room, which additions will increase the floor space in the present building.

That to meet said appropriation there be raised in the tax levy of the current year the sum of $26,500.00; that the Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow the sum of $180,000.00 under General Laws (Ter. Ed.), Chapter 44, Section 7, Clause 3, by the issue and sale of coupon bonds or notes of the Town bearing on their face the words "Town of Milton Central Library Addition Loan 1956"; that such bonds or notes shall be payable in accordance with applicable provisions of the General Laws (Ter. Ed.), Chapter 44 and Acts in addition thereto and in amendment thereof, and that the Treasurer with the approval of the Selectmen shall determine the date, the maturities, the form, the rate of interest and other details of said bonds or notes, provided however, that the dates of maturities shall be such that the loan represented by said bonds or notes shall be payable in its entirety in not less than ten years nor more than twenty years from the date of the first bond or note.

That the Moderator be and he hereby is authorized to appoint a committee of five citizens to be known as the Central Library Addition Construction Committee, said committee to continue to function and to have the powers and duties herein granted until the constructing, originally equipping and furnishing of an addition to the Central Library, including a World War II Memorial Room, and all work in connection therewith is completed and fully performed, and said Committee shall have the power to fill vacancies in its membership with the approval of the Moderator.

That the Central Library Addition Construction Committee is hereby empowered, all in the name and behalf of the Town, to employ the services of an architect, to advertise and secure bids, to let contracts and to supervise all said work, all at a cost within the appropriation voted under this Article for the purpose.

That the sum hereinbefore appropriated is for use of the Central Library Construction Committee for the purpose of doing work referred to in the vote under this article.

Standing Vote Yes—208. No—38.

COMMITTEE

JOSEPH J. O'BRIEN, Chairman, 33 Governors Rd.
DR. EDMUND R. MITIGUY, 75 Cliff Rd.
MRS. RALSTON B. SMYTH, 294 Edge Hill Rd.
CHESTER VINCENT VAPPI, 1400 Canton Ave.
FREDERICK R. WALSH, 86 Blue Hills Parkway

ARTICLE 31. To see if the Town will vote to discharge the Committee appointed under Article 33 of the 1953 Annual Town Meeting to study the need for additions to the Central Public Library, including a World War II Memorial Room, and to transfer to revenue any balance of the appropriation made for the use of said committee; and to act on anything relating thereto.

Voted: That the Town so vote.

ARTICLE 32. To see what sum of money the Town will vote to appropriate for the purpose of leasing suitable headquarters for the following Veterans' Organizations:

1. Milton Post No. 2178, Veterans of Foreign Wars.
2. George P. Bertram, Jr., Chapter No. 104 of the Disabled American Veterans

and to act on anything relating thereto.

Voted: That the following sums for the purposes of leasing suitable headquarters be appropriated:

1.	Milton Post No. 2178, Veterans of Foreign Wars	$375.00
2.	George P. Bertram, Jr., Chapter No. 104 of the Disabled American Veterans	240.00

ARTICLE 33. To see what sum of money the Town will vote to appropriate for the observance of Memorial Day, 1956.

Voted: That the sum of $650.00 be appropriated.

ARTICLE 34. To see what sum of money the Town will vote to appropriate for the celebration of the Fourth of July, 1956.

Voted: That the sum of $500.00 be appropriated.

ARTICLE 35. To see what sum of money the Town will vote to appropriate for the observance of Veterans' Day, 1956.

Voted: That the sum of $100.00 be appropriated.

ARTICLE 36. To see what sum the Town will vote to appropriate for lighting and decorating the Town at Christmas, 1956; and to act on anything relating thereto.

Voted: That the Town vote to appropriate under General Laws, Chapter 40, Section 5 (46), the sum of $200.00 for the celebration of the Christmas season by decoration and illumination of public buildings and public streets, and for the purchase, installation and decoration of Christmas Trees upon municipal lands.

ARTICLE 37. To see if the Town will vote to request the Planning Board to make a complete study of the present Zoning Bylaw to see what revisions, if any, are desirable, including, without limiting the general scope of the study, area provisions in Residence Districts A, B and C, and to report its recommendations, if any, to the next Annual Town Meeting; and to see what sum of money the Town will vote to appropriate for the use of the Planning Board in making such a study; and to act on anything relating thereto.

Voted: That the Town so vote and that the sum of $2,000.00 be appropriated for the use of the Planning Board for this purpose.

ARTICLE 38. To see what sum of money the Town will vote to appropriate for the general use of the Board of Park Commissioners the present year.

Voted: That the sum of $25,956.40 be appropriated of which $15,352.40 is for salaries and wages; $6,000.00 is for the development of the Andrews Playground; and $1,195.00 is for new equipment and the Department is hereby authorized to sell or exchange old equipment to furnish additional funds for the purchase of new equipment.

ARTICLE 39. To see if the Town will vote to authorize the Board of Park Commissioners to purchase or take by eminent domain under General Laws, Chapter 79, for Park or Playground purposes, all or part of the area of land now or formerly owned by Miss Katherine S. Gould, located off Canton Avenue, Milton, bounded and described substantially as follows:

> Beginning at a point at the southeasterly end of the Southwesterly side line of Pope Hill Road and running Southeasterly sixteen hundred ninety (1690) feet to a point in the Westerly side line of Blue Hills Parkway; Thence running Southeasterly by Blue Hills Parkway fifteen and 01/100 (15.01) feet;
>
> Thence running Southeasterly, Southerly and Southwesterly by a curved line at the intersection of Blue Hills Parkway and Canton Avenue twenty five and 44/100 (25.44) feet;
>
> Thence running Southwesterly by Canton Avenue three hundred eighty (380) feet;
>
> Thence turning and running Northwesterly seventeen hundred thirty two (1732) feet; and
>
> Thence turning and running Northeasterly four hundred (400) feet to the point of beginning;
>
> Containing 16.482 Acres.

and to authorize the Board of Park Commissioners to exercise in connection with the area acquired all usual and necessary powers; and to act on anything relating thereto.

A substitute motion was offered by the Chairman of the Warrant Committee, Mr. Francis Brooks, that the town purchase the land in question provided, however, that said land shall not be acquired under this vote unless the Board of Park Commisioners shall first have negotiated with the owner of said land and made arrangements under a binding written agreement between the Town and said owner by the terms of which the cost to the Town of acquiring said land shall not exceed $7,500.00. This motion was lost.

Another substitute motion was offered by the Chairman of the Park Commissioners, Mr. M. Joseph Manning, that the sum of $10,000.00 be appropriated for the purpose of acquiring the land; and that to meet said appropriation there be transferred from the proceeds on hand from the sale of land on Blue Hill Avenue (opposite Concord Avenue) the sum of $10,000.00, provided, however, that said land shall not be acquired under this vote unless the Board of Park Commissioners shall first have negotiated with the owner of said land and made arrangements under a binding written agreement between the Town and said owner by the terms of which the cost to the Town of acquiring said land shall not exceed $10,000.00.

This substitute motion also was lost by a standing vote of 113-122.

Going back to the original Article 39, it was

Voted: That the Town do not purchase the land now or formerly owned by Miss Katherine S. Gould located off Canton Avenue, Milton, bounded and described exactly as described in this Article.

ARTICLE 40. To see if the Town will vote to authorize the Board of Selectmen to raze the Vose School building located in the rear of the Town Hall and authorize the Board of Selectmen to enter into a contract in the name and behalf of the Town for the razing of said building under the terms of which the Selectmen may sell to the contractor or anyone else any part of said building or the equipment contained therein, and to see what sum the Town will appropriate for said razing; and to act on anything relating thereto.

A substitute motion was offered by Mr. William H. Farnham that the Town raze the Vose School building and that the Board of Selectmen be and they hereby are authorized to enter into a contract in the name and behalf of the Town for the razing of said building, and that under the terms of said contract the Selectmen may sell to the contractor or anyone else any part of said building or the equipment contained therein, and that the sum of $3,000.00 be appropriated for said razing and that to meet that appropriation, $3,000.00 be transferred from the unexpended balance appropriated under Article 55 of the 1955 Town Meeting.

Voted: That the Town raze the Vose School building and that the Board of Selectmen be and they hereby are authorized to enter into a contract in the name and behalf of the Town for the razing of said building, and that under the terms of said contract the Selectmen may sell to the contractor or anyone else any part of said building or the equipment contained therein, and that the sum of $3,000.00 be appropriated for said razing and that to meet that appropriation, $3,000.00 be transferred from the unexpended balance appropriated under Article 55 of the 1955 Town Meeting.

ARTICLE 41. If the Town votes under Article 40 not to raze the Vose School building, to see if the Town will vote:

1. To use the Vose School building for office space and space for other activities of the Town Departments;
2. To authorize the Moderator to appoint a committee of three or five citizens;
   a. to contract for and supervise repairs to the roof of the said building and other repairs in the opinion of the Committee immediately necessary to preserve the building;
   b. To employ architects, engineers or other professional assistance to obtain estimates of the cost of all necessary repairs, remodeling or rearrangement of the building to make it available for the new use as aforesaid.
   c. To recommend the allocation of office and other space among the Departments of the Town, including use of the Vose School building and
3. To see what sum of money the Town will vote to transfer to or appropriate for the use of said committee for immediate repairs and for obtaining said professional assistance, and
4. To act on anything relating to the subject matter of this Article.

Voted: That since the Vose School is to be razed, that the Town do not so vote.

ARTICLE 42. To see if the Town will vote to authorize the Moderator to appoint a committee of three or five citizens to make a study of the needs of the Town for office space and space for other activities of Town Departments and in such study to determine whether there is a need for new buildings or remodeling or rearrangement of existing buildings, or any combination thereof; said committee, if it be necessary, to employ architects, engineers or other professional assistance to obtain estimates for the cost of any such building construction or remodeling or rearrangements; and to see what sum of money the Town will vote to appropriate for the use of said committee and to act on anything relating thereto.

Voted: That the Moderator appoint a committee of five citizens to make the study and have the powers and duties set forth in this Article; that the committee report to the Board of Selectmen on or before November 1, 1956, and to the Annual Town Meeting in 1957; and that the sum of $4,000.00 be appropriated for the use of said committee, and that to meet said appropriation $4,000.00 be transferred from the unexpended balance appropriated under Article 55 of the 1955 Town Meeting.

COMMITTEE

CHARLES E. WHITEHEAD, Chairman, 29 Lantern Lane
JAMES F. CYPHERS, 75 Hinckley Road
THOMAS F. GARVEY, 8 Darby Road
FREDERICK J. STEVENSON, 91 Capen Street
JOHN L. WOODS, 72 Reservation Road

ARTICLE 43. To see if the Town will vote to authorize the Moderator to appoint a committee of three or five citizens to study the requirements of the Police Department for remodeling and enlarging the Police Station on Central Avenue, said committee to employ architects, engineers or other professional assistance to obtain estimates for the cost of any such remodeling or enlargement arrangements; and to see what sum of money the Town will vote to appropriate for the use of said committee; and to act on anything relating thereto.

The following substitute motion was offered and lost:

That the Town vote to authorize the Moderator to appoint a committee of three citizens with the powers and duties set forth in Article 43 and that the sum of Twenty-five hundred dollars ($2,500.00) be appropriated for the use of said Committee.

Voted: That the Committee appointed under Article 42 shall also study the requirements of the Police Department for remodeling and enlarging the Police Station on Central Avenue.

ARTICLE 44. To see what sum of money the Town will vote to appropriate for the maintenance and improvement of the Cemetery the present year.

Voted: That the sum of $66,852.48 be appropriated of which $47,489.48 is for salaries and wages; $2,000.00 is for overtime; $2,868.00 is for new equipment and the Department is hereby authorized to sell or exchange old equipment to provide additional funds for the purchase of new equipment; $150.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department; and that to meet said appropriation the sum of $50,629.48 be raised from the tax levy of the current year; and the balance of the appropriation be transferred from available funds in the treasury as follows:

Proceeds from Sale of Burial Rights	$ 3,223.00
Interest on Cemetery Perpetual Care Fund	13,000.00

ARTICLE 45. To see what sum of money the Town will vote to appropriate for the Highway Department the present year.

Voted: That the following appropriations be made for:

1. General Expense	$148,000.00
2. Drainage	11,000.00
3. Permanent Construction	5,000.00
4. Private Work	3,000.00
5. Sidewalks	3,000.00
6. New Equipment	20,942.20

and the Department is hereby authorized to sell or exchange old equipment to furnish additional funds for the purchase of new equipment.

From the aggregate amounts appropriated under this Article, under Article 46, under Article 47 and under Article 48 taken together, the following sums, but no more, shall be available for salaries, wages and overtime; namely, $169,278.54 for salaries and wages and $9,000.00 for overtime.

ARTICLE 46. To see what sum the Town will vote to appropriate for maintaining, repairing, improving and constructing ways under the provisions of General Laws, Chapter 90.

Voted: That the sum of $4,500.00 be appropriated to be expended for maintaining, repairing, improving and constructing ways under the provisions of General Laws, Chapter 90 and that to meet said appropriation there be raised from the tax levy of the current year the sum of $1,500.00 and that the sum of $3,000.00 be appropriated from available funds on hand January 1, 1956, to meet the State's and County's share of the cost of the work, the reimbursements from the State and County to be restored upon their receipt to available funds in the treasury.

(Unanimous Vote)

ARTICLE 47. To see if the Town will vote to raise and appropriate the sum of $8,450.00 to meet the Town's share of cost under General Laws, Chapter 90, for reconstructing or resurfacing the following ways:

Brook Road between Randolph Avenue and Centre Street (Route 135)
Canton Avenue between Gulliver Street and Blue Hills Parkway (Route 135)
Pleasant Street between Lodge Street and Reedsdale Road (Connecting Road)

and in addition to see if the Town will recommend that the sum of $31,550.00 shall be appropriated from available funds in the Treasury or shall be borrowed by the Treasurer under General Laws, Chapter 44, Section 6A, to meet the State's and County's share of the cost of the above work; and to act on anything relating thereto.

Voted: That the sum of $40,000.00 be appropriated to be expended for the reconstructing or resurfacing of the following public ways:

Brook Road between Randolph Avenue and Centre Street (Route 135)
Canton Avenue between Gulliver Street and Blue Hills Parkway (Route 135)
Pleasant Street between Lodge Street and Reedsdale Road (Connecting Road)

and that to meet said appropriation there be raised from the tax levy of the current year the sum of $8,450.00 and that the sum of $31,550.00 be appropriated from available funds on hand January 1, 1956, to meet the State's and County's share of the cost of the work, the reimbursements from the State and County to be restored upon their receipt to available funds in the treasury.

(Unanimous Vote)

ARTICLE 48. To see if the Town will vote to accept the following streets or roads, or any of them as Town ways, as laid out by the Selectmen under laws authorizing assessment of betterments and to raise and appropriate by borrowing or otherwise money for the construction of said public ways, including cost of pavement and sidewalks laid at the time of construction, and for payment of land damages:

Part of Beacon Street from Beacon Street Circle to Beacon Street Circle
Beacon Street Circle from Beacon Street to Beacon Street
Part of Truro Lane (formerly Roosevelt Street) from Norman Street to Lufbery Street

and to act on anything relating thereto.

Voted: That the Town so vote with respect to the following three streets described in this Article and that the sum of $70,950.00 be appropriated to be expended for original construction as follows:

Part of Beacon Street from Beacon Street Circle to Beacon Street Circle	$15,150.00
Beacon Street Circle from Beacon Street to Beacon Street	34,500.00
Part of Truro Lane (Formerly Roosevelt Street) from Norman Street to Lufbery Street	21,300.00

ARTICLE 49. To see if the Town without the assessment of betterments and without making an appropriation will vote to accept the following streets, or any of them, as Town ways, as laid out by the Selectmen:

Part of Sias Lane from Public Portion 472′ southwesterly.
Stoddard Lane from Centre Lane to Sias Lane.

and to act on anything relating thereto.

Voted: That the Town so vote with respect to all the streets described in this Article.

ARTICLE 50. To see if the Town will vote to authorize the Board of Selectmen in the name and behalf of the Town to purchase or take by eminent domain under General Laws, Chapter 79, for public parking purposes all or part of a parcel of land on FRANKLIN STREET, bounded and described substantiallly as follows:

Beginning at a point on the westerly sideline of Franklin Street 60 feet from a stone bound at the intersection of Adams Street and Franklin Street, and running westerly a distance of 71.76 feet by land now or formerly of James Petkun;

Thence running northerly and westerly in two courses 13.30 feet and 126.83 feet by land now or formerly of Caterina Enrico, Trustees;

Thence running northerly and westerly in two courses 75.64 feet and 29.00 feet by land now or formerly of Antonio Randazzo;

Thence running northerly along the easterly sideline of Adams Court 47.46 feet;

Thence running easterly 213.47 feet by land now or formerly of Jennie Randazzo, Vera M. Nickerson and Mary B. Cates;

Thence running southerly by two courses along the westerly sideline of Franklin Street 11.21 feet and 165.67 feet to the point of beginning.

Containing approximately 30594 square feet.

and to authorize the Board of Selectmen to exercise in connection with said parcel of land all usual and necessary powers and to raise and appropriate money to acquire said land; and to act on anything relating thereto.

Voted: That the Town do not acquire the parcel of land described in this Article.

ARTICLE 51. To see if the Town will vote to authorize the Selectmen in the name and behalf of the Town to enter into an agreement with the Commonwealth of Massachusetts as authorized by General Laws, Chapter 91, Section 29, as amended, under the terms of which the Town will assume liability for all damages to property suffered by any person by any taking of land or of any right, interest or easement therein made by the Commonwealth through the Department of Public Works in connection with the improvement, development, maintenance and protection of Pine Tree Brook in the Town of Milton; and to act on anything relating thereto.

Voted: That the Town so vote.

(Unanimous Vote)

ARTICLE 52. To see what sum of money the Town will vote to appropriate and pay to the Treasurer of the Commonwealth under General Laws, Chapter 91, Section 29, as amended, for the improvement of Pine Tree Brook; and also to see if the Town will vote to continue the committee appointed under Article 40 of the 1955 Annual Town Meeting until all work to improve Pine Tree Brook under said Chapter 91 is completed; and to act on anything relating thereto.

Voted: That the Town appropriate the sum of $40,000.00 for the improvement of Pine Tree Brook by the Commonwealth, so much or all of said sum to be paid to the Treasurer of the Commonwealth as may be necessary to reimburse the Commonwealth for one-half of the cost of the work done by the Commonwealth in the improvement of Pine Tree Brook under General Laws, Chapter 91, Section 11, and that the Committee appointed under Article 40 of the 1955 Annual Town Meeting be continued until all work to improve Pine Tree Brook under Chapter 91 is completed, said Committee to report from time to time to the Selectmen and to the Town at any Town Meeting.

(Unanimous Vote)

COMMITTEE

JOHN E. ROGERSON, Chairman, 114 Canton Avenue
PAUL F. DUDLEY, 185 School Street
EDWARD P. HAMILTON, 145 Dudley Lane
NORMAN E. KINGSBURY, 623 Blue Hills Pkwy.
HAROLD F. LEWIS, 184 Edge Hill Rd.

For report on Pine Tree Brook Committee, see Reports under Article 2.

ARTICLE 53. To see if the Town will vote to amend Chapter 6 of the General Bylaws of the Town by adding a new Section 17A, substantially as follows:

> Whoever shall throw or cause to be thrown into any brook or stream any substance, rubbish, debris or waste matter whatsoever which will obstruct or tend to obstruct, or alter or tend to alter the flow of water in such brook or stream, or which will pollute or tend to pollute or cause an offensive smell or odor in such brook or stream, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

Voted: That the Town vote to amend its General Bylaws exactly as set forth in this Article.

(Unanimous Vote)

Boston, Mass., April 17, 1956

The foregoing bylaw is hereby approved.

GEORGE FINGOLD, Attorney General

ARTICLE 54. To see what sum of money the Town will vote to appropriate for the construction of dams or other facilities to preserve the pond known as Turner's Pond located upon the area of land taken for park purposes pursuant to vote of the Town under Article 37 at the Town Meeting in March, 1955; and to act on anything relating thereto.

Voted: That the Town authorize the Committee appointed under Article 40 of the 1955 Annual Town Meeting and continued at this Meeting by vote under Article 52 in the name and behalf of the Town to determine what dams, gates and other facilities are needed to preserve the said Turner's Pond and location thereof, to hire professional services and let contracts for installing same, to supervise the work done and to have any and all powers necessary in connection with said work, the installations to be done so far as practical and to the extent required by law concurrently and in connection with the improvement of Pine Tree Brook under General Laws, Chapter 91, and that the sum of $6,500.00 be appropriated for the use of said Committee.

(Unanimous Vote)

(See Plan #3 in Mr. Rogerson's Pine Tree Brook Report, written up under Article 2.)

ARTICLE 55. To see what sum of money the Town will vote to appropriate for the support of schools for the year 1956 and for unpaid bills of 1955; and to act on anything relating thereto.

Voted: That the total sum of $1,072,692.08 be appropriated as follows: $880,878.58 for salaries and wages; and including $450.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.

ARTICLE 56. To see what sum of money the Town will vote to appropriate for Vocational Education under the provisions of General Laws (Ter. Ed.), Chapter 74; and to act on anything relating thereto.

Voted: That the following appropriations be made for:

1.	Vocational Education	$6,000.00
2.	State-Aided Practical Arts Classes	3,650.00

ARTICLE 57. To see if the Town will vote to authorize the Moderator to appoint a Committee of five citizens to complete a study, in consultation with the School Committee, of the necessity of erecting a junior high school on the Pierce School site, and authorize said Committee to employ architects and engineers to prepare plans sufficient to obtain estimates of the cost of this building, and to file their report with the Board of Selectmen and the School Committee on or before November 1, 1956, and to appropriate the sum of $5,000.00 for the expenses of said Committee; and to act on anything relating thereto.

Voted: That the Town so vote and that the sum of $5,000.00 be appropriated for the use of said Committee.

COMMITTEE

OSCAR KEITH, Chairman, 28 Hemlock Drive
ARTHUR E. KING, 568 Randolph Avenue
MARTIN LIFLAND, 543 Blue Hills Parkway
EDWARD A. MORGAN, 25 McKinnon Avenue
CHARLES A. YOUNG, II, 91 Whitelawn Avenue

ARTICLE 58. To see if the Town will vote to amend its General Bylaws relating to the discharge of firearms and fireworks by striking out Section 20 in Chapter 6 and inserting in place thereof the following Section 20:

> SECTION 20. No person shall fire, discharge, explode or set off any torpedo, firecracker or fireworks in such manner as to disturb the peace or quiet of any neighborhood. No person shall hunt or fire, discharge, explode or set off any firearm within the limits of any park, playground or other public property except with the consent of the Board of Selectmen or within the limits of any private property except with the consent of the owner or the lawful occupant thereof. With respect to firearms, this Section shall not prohibit the lawful defense of life or protection of property nor be applicable to any law enforcement officer acting in the discharge of his duties.

and to act on anything relating thereto.

Voted: That the Town vote to amend its General Bylaws exactly as set forth in this Article.

(Unanimous Vote)

Boston, Mass., April 17, 1956

The foregoing amendment to bylaws is hereby approved.

GEORGE FINGOLD, Attorney General

ARTICLE 59. To see if the Town will vote to revoke the procedure established under Article 58 of the 1949 Annual Town Meeting requiring publication of attendance records of Town Meeting Members, and if the same is revoked, to see if any other procedure will be substituted therefor; and to act on anything relating thereto.

Voted: That the Town vote to revoke the vote of the Town under Article 58 of the 1949 Annual Town Meeting and to instruct the Town Clerk to publish in the local newspaper or newspapers in which other official Town notices are published and also in the Annual Report of the Town a list arranged alphabetically for each precinct of the names of those who are absent from each adjourned session of any deliberative Town Meeting. The lists shall be published in the newspapers as soon as may be after the final adjournment of any Town Meeting. Any expense incurred by the Town Clerk in publishing the lists aforesaid shall be met from the regular budget of the Town Clerk.

ARTICLE 60. To see if the Town will vote to authorize the Board of Park Commissioners, if and when authorized by the General Court, to sell and convey to Roger F. Turner of Walpole the right of way twelve feet wide reserved by him in a deed to Joseph Connolly dated December 20, 1954, and recorded with Norfolk Deeds in Book 3330, Page 65, which right of way is shown on the plan referred to in said deed and recorded therewith, said right of way being over a portion of the land taken by the Town of Milton for park purposes under instrument of taking dated March 25, 1955, and recorded with said Deeds, Book 3353, Page 336 and having been inadvertently included in said taking; and to act on anything relating thereto.

Voted: That the Board of Park Commissioners having notified the Board of Selectmen as required by General Laws, Chapter 40, Section 15, that the right of way described in this Article 60 is not required for public purposes, the Town approves conveying the same to Roger F. Turner without payment of any amount therefor, and requests the General Court to approve such conveyance and authorize the Board of Park Commissioners when such legislative approval has been granted. to convey said right of way to Roger F. Turner.

(Unanimous Vote)

ARTICLE 61. To see if the Town will vote to appropriate the sum of $1,800.00 under the provisions of the General Laws. Chapter 41, Section 100A, to indemnify Thomas Naughton of the Highway Department of the Town for expenses and damages incurred by him in the settlement of a claim against him for causing personal injuries and property damage while driving a Highway Department truck; and to act on anything relating thereto.

Voted: That the Town vote to appropriate the sum of $1,800.00 under the provisions of General Laws, Chapter 41, Section 100A, to indemnify Thomas Naughton for expenses and damages incurred by him in the settlement of a claim against him for causing personal injuries and property damage while driving the Highway Department truck.

ARTICLE 62. To see if the Town will vote, under the provisions of General Laws, Chapter 40, Section 15, to authorize the Selectmen in the name and behalf of the Town to abandon or convey without payment of any amount for such abandonment or conveyance a portion of the easement and rights laid out and taken on December 22, 1953, in behalf of the Town of Milton by the Massachusetts

Department of Public Works in connection with the Southeast Expressway, so-called, said easement and rights being located at Brook Road and Adams Street and involving property owned before said taking by Francis C. Bates and Joseph L. Kennedy, the portion which it is proposed to abandon or convey being no longer needed for public purposes. Said portion is more particularly described as follows:

> Beginning at a point on the southeasterly street line of Brook Road bearing 863 degrees 27′ 55″ W and 65.74 ft. distant from sta. 11+71.01 of auxiliary base line "A" of the aforesaid December 22, 1953 layout and extending thence, leaving said street line, easterly to southeasterly by a curve of 193.00 ft. radius 82.46 ft.; thence 865 degrees 08′ 15″ E 47.44 ft. to a point bearing S 67 degrees 24′ 12″ W and 48.19 ft. distant from sta. 12+90.00 of said base line "A"; thence by a curve to the right of 13.00 ft. radius 20.42 ft. to a point on the westerly street line of Babcock Street bearing S 46 degrees 50′ 59″ W and 52.31 ft. distant from said sta. 12+90.00; thence following said street line of Babcock Street southwesterly about 4 ft.; thence leaving said street line and following the southwesterly line of the aforesaid highway location established by the Massachusetts Department of Public Works northerly, northwesterly and westerly a total distance of 152.89 ft. to the southeasterly street line of Brook Road; thence following said street line northeasterly about 7.4 ft. to the point of beginning.
>
> The above described portion of the highway location comprises portions of Parcels 37-T and 38-T taken by the Commonwealth of Massachusetts in behalf of the Town of Milton in connection with the aforesaid 1953 layout, said portions of said parcels containing about 670 sq. ft. and about 110 sq. ft. respectively.

and to act on anything relating thereto.

Voted: That the Board of Selectmen, acting on advice from the Department of Public Works of the Commonwealth, having determined that the portion of the easement and rights particularly described in this Article 62 are not required for public purposes, the Board of Selectmen are hereby authorized to abandon said easement and rights so described without payment of any amount for such abandonment, and to execute, deliver and record in the name and behalf of the Town a declaration of abandonment and any and all other instruments of conveyance or otherwise which are necessary or convenient to confirm said abandonment and to revest in each separate owner or his successor in title the same right title and interest in the portion hereby abandoned which was owned by him before the taking for the Southeast Expressway.

(Unanimous Vote)

ARTICLE 63. To see what sum of money the Town will vote to appropriate for Interest and Maturing Debt the present year:

1. Interest
2. Maturing Debt

Voted: That the following appropriations be made for:

1. Interest	$ 27,180.00
2. Maturing Debt	220,000.00

ARTICLE 64. To see what sum of money the Town will vote to appropriate for the Reserve Fund for extraordinary or unforeseen expenditures the current year

and to apply from overlay reserve such amount as the Town shall determine to meet in whole or in part such appropriation; and to act on anything relating thereto.

Voted: That the sum of $30,000.00 be appropriated and that to meet said appropriation the sum of $25,679.65 be raised in the tax levy and the sum of $4,320.35 be transferred from the Overlay Reserve accumulated as of December 31, 1955.

ARTICLE 65. To see what sum of money the Town will vote to appropriate from available funds on hand January 1, 1956.

Voted: That the Town vote to appropriate the sum of $280,000.00 from available funds on hand January 1, 1956, for the purpose of deduction by the assessors from the amount required to be assessed in accordance with the provisions of General Laws, Chapter 59, Section 23.

ABSENTEES

In accordance with the vote passed under Article 59 of the Warrant for the Annual Town Meeting, held March 10, 1956, the following Town Meeting members were absent:

Precinct 1

George W. Collins

The meeting was dissolved at 5:35 P.M.

TERESA SHAUGHNESSY,
Town Clerk

1956

WARRANT

APRIL PRIMARIES

Commonwealth of Massachusetts, County of Norfolk: ss.

To any of the Constables of the Town of Milton in said County: GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Primaries to meet at the several designated polling places in their respective Precincts in said Milton, to wit:

In Precinct 1. Tucker School Hall. Blue Hills Parkway,
In Precinct 2. Basement, Kidder Branch, Milton Public Library, Blue Hills Parkway,
In Precinct 3. Police Station, Central Avenue,
In Precinct 4. Central Fire Station, off Walnut Street,
In Precinct 5. Town Hall, Canton Avenue,
In Precinct 6. Collicot School Auditorium, Edge Hill Road,
In Precinct 7. Belcher School, Church Street,

on Tuesday, the Twenty-fourth day of April, 1956, at 12 o'clock Noon, for the following purposes:

To bring in their votes to the Primary Officers for the Election of Candidates of Political Parties for the following offices:

10 DELEGATES AT LARGE to the National Convention of the Republican Party.
10 ALTERNATE DELEGATES AT LARGE to the National Convention of the Republican Party.
24 DELEGATES AT LARGE to the National Convention of the Democratic Party.

24 ALTERNATE DELEGATES AT LARGE to the National Convention of the Democratic Party.

2 DISTRICT DELEGATES to the National Convention of the Republican Party—Thirteenth Congressional District.

2 ALTERNATE DISTRICT DELEGATES to the National Convention of the Republican Party—Thirteenth Congressional District.

4 DISTRICT DELEGATES to the National Convention of the Democratic Party—Thirteenth Congressional District.

2 ALTERNATE DISTRICT DELEGATES to the National Convention of the Democratic Party—Thirteenth Congressional District.

DISTRICT MEMBERS OF STATE COMMITTEE—(One Man and One Woman) for each political party for the Second Norfolk Senatorial District.

35 MEMBERS OF THE REPUBLICAN TOWN COMMITTEE.

24 MEMBERS OF THE DEMOCRATIC TOWN COMMITTEE.
PRESIDENTIAL PREFERENCE.

The polls will be open from 12 o'clock Noon to 8 o'clock P.M.

And you are directed to serve this Warrant by posting attested copies thereof in each of the post offices of said Town seven days at least before said meeting and leaving printed copies thereof at the dwelling houses of said Town at least four days before said meeting.

Hereof fail not and make return of this warrant with your doings thereon to the Town Clerk before said meeting.

Given under our hands at Milton this Fifth day of April, Nineteen hundred and Fifty-six.

(signed)

DANIEL E. DUGGAN
CHARLES F. BATCHELDER, jr.
WILLIAM H. WHITE
Selectmen of Milton

Commonwealth of Massachusetts, County of Norfolk, ss. April 18, 1956

Pursuant to the within warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the times and places and for the purpose therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of the inhabitants.

(signed) JOHN E. WHEARTY,
Constable of Milton

TERESA SHAUGHNESSY
Town Clerk

April 10, 1956

In accordance with the bylaws, the Moderator appointed Edward C. Johnson, 2nd, 1196 Canton Avenue to succeed himself for a term of three years as a member of the Board of Appeals.

May 9, 1956

Acting under the Bylaws of the Town, the Moderator appointed the following Warrant Committee for the current year:

Howard S. Whiteside, 93 Hillside Street
Dwight D. Evans, 40 Canton Avenue
Clifton L. Fasch, 29 Oak Road (Resigned 5/21/56)
Louis Goldstein, 1124 Brook Road
Miss Gertrude Hooper, 242 Highland Street
Robert K. Lamere, 15 Wendell Park
Roger H. Martin, 1238 Canton Avenue
Owen J. McGarrahan, 387 Adams Street
Mrs. Donald Munro, 291 Adams Street
Walter J. Murphy, 5 Augusta Road
Ambrose B. Nangeroni, 27 Vose Hill Road
Malcolm D. Perkins, 54 Bradlee Road
John J. Ryan, Jr., 16 Lantern Lane
Joseph A. Tansey, 99 Thacher Street
Theodore F. Tuttle, 1050 Canton Avenue

Mr. Whiteside is asked to call the committee together for organization.

On June 4, 1956 the Moderator appointed Hugo W. Hauser, 71 Cheever St. to take the place of Clifton L. Fasch, who resigned on May 21, 1956.

1956

WARRANT

SEPTEMBER PRIMARIES

Commonwealth of Massachusetts }
County of Norfolk } ss.

To any of the Constables of the Town of Milton in said County: **GREETINGS:**

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Primaries to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct 1.	Tucker School Hall, Blue Hills Parkway
In Precinct 2.	Basement, Kidder Branch, Milton Public Library, Blue Hills Parkway
In Precinct 3.	Police Station, Central Avenue
In Precinct 4.	Central Fire Station, off Walnut Street
In Precinct 5.	Town Hall, Canton Avenue
In Precinct 6.	Collicot School Auditorium, Edge Hill Road
In Precinct 7.	Belcher School, Church Street

on Tuesday, the eighteenth day of September, 1956, at 12 o'clock Noon, for the following purposes:

To bring in their votes to the Primary Officers for the nomination of Candidates of Political Parties for the following offices:

GOVERNOR, LIEUTENANT GOVERNOR, SECRETARY, TREASURER AND RECEIVER-GENERAL, AUDITOR, ATTORNEY GENERAL; all of this Commonwealth.

REPRESENTATIVE IN CONGRESS for the Thirteenth Congressional District.

COUNCILLOR for the Second Councillor District.

SENATOR for the Second Norfolk Senatorial District.

TWO REPRESENTATIVES IN GENERAL COURT for the Fourth Norfolk Representative District.

TWO COUNTY COMMISSIONERS for the County of Norfolk.

A SHERIFF for the County of Norfolk.

The polls will be open from 12 o'clock Noon to 8 o'clock P.M.

And you are directed to serve this Warrant by posting attested copies thereof in each of the post offices of said Town seven days at least before said meeting and leaving printed copies thereof at the dwelling houses of said Town at least four days before said meeting.

Hereof fail not and make return of this warrant with your doings thereon to the Town Clerk before said meeting.

Given under our hands at Milton this Twenty-third day of August, Nineteen hundred and fifty-six.

(signed)

DANIEL E. DUGGAN
CHARLES F. BATCHELDER, jr.
WILLIAM H. WHITE
Selectmen of Milton

Commonwealth of Massachusetts, County of Norfolk, ss. September 13, 1956

Pursuant to the within warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving copies at the dwellings of the inhabitants.

(signed) JOHN E. WHEARTY
Constable of Milton

WARRANT

NOVEMBER MEETING

Commonwealth of Massachusetts }
County of Norfolk } ss.

To any of the Constables of the Town of Milton in said County: GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in elections and in town affairs to meet at the several designated polling places in their respective Precincts in said Milton, to wit:

In Precinct 1.	Tucker School Hall, Blue Hills Parkway
In Precinct 2.	Basement, Kidder Branch, Milton Public Library, Blue Hills Parkway
In Precinct 3.	Police Station, Central Avenue
In Precinct 4.	Central Fire Station, off Walnut Street
In Precinct 5.	Town Hall, Canton Avenue
In Precinct 6.	Collicot School Auditorium, Edge Hill Road
In Precinct 7.	Belcher School, Church Street

on Tuesday, the sixth day of November, 1956 at 8 o'clock in the forenoon, then and there to bring in their ballots for Presidential Electors for President and Vice-President; Governor, Lieutenant Governor, Secretary, Treasurer, Auditor, Attorney General, all of this Commonwealth; Representative in Congress for the Thirteenth Congressional District; Councillor for the Second Councillor District; Senator for the Second Norfolk District; Two Representatives in General Court for the Fourth Norfolk District; Two County Commissioners for the County of Norfolk; a Sheriff for the County of Norfolk; also to vote on the acceptance of the following Question:

QUESTION NO. 1

A. Shall licenses be granted in this town for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)? YES NO

B. Shall licenses be granted in this town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?
YES NO

C. Shall licenses be granted in this town for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?
YES NO

All to be voted for on one ballot.

The polls will be open from 8 o'clock A.M. to 8 o'clock P.M. and you are directed to warn said inhabitants qualified as aforesaid to meet at the time and places and for the purposes herein mentioned by posting attested copies of this Warrant in each of the post offices of said Town seven days at least before said meeting and leaving printed copies thereof at the dwelling houses of said Town at least four days before said meeting.

Hereof fail not, and make due return of this Warrant or a certified copy thereof with your doings thereon to the Town Clerk, as soon as may be and before said meeting.

Given under our hands at Milton this eleventh day of October, Nineteen hundred and fifty-six.

(signed)

DANIEL E. DUGGAN
CHARLES F. BATCHELDER, jr.
WILLIAM H. WHITE
Selectmen of Milton

Commonwealth of Massachusetts, County of Norfolk, ss. October 23, 1956

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of the inhabitants.

(signed) JOHN E. WHEARTY
Constable of Milton

DECEMBER 10, 1956

WARRANT

Pursuant to the Warrant issued by the Selectmen on November 15, 1956, the inhabitants of the Town of Milton, qualified to vote in Town affairs met at the Town Hall in said Milton on Monday, December 10, 1956. The meeting was called to order by the Moderator, Benjamin F. Jaques at eight P.M. Mr. Jaques read Article 1 pertaining to the proposed Junior High School and asked the Chairman of the Special Committee to read their report.

Mr. Oscar Keith, chairman of the Committee for the Junior High School on the Pierce School site, read the following report:

REPORT OF SPECIAL COMMITTEE APPOINTED UNDER ARTICLE 57 OF THE 1956 MARCH TOWN MEETING

To the Board of Selectmen and School Committee
Town of Milton, Massachusetts

Ladies and Gentlemen:

By the unanimous action of the Town Meeting Members, Article 57 of the 1956 March Town Meeting Warrant was approved and the Moderator authorized to appoint a Committee of five citizens to complete a study in consultation with the School Committee, of the necessity of erecting a Junior High School on the Pierce School site. In conjunction with this vote the Moderator appointed the following committee members:

Oscar B. Keith, 29 Hemlock Drive
Arthur E King, 584 Randolph Avenue
Martin Lifland, 543 Blue Hills Parkway
Edward F. Morgan, 25 McKinnon Avenue
Charles A. Young II, 91 Whitelawn Avenue

At the organization meeting of the Committee Oscar B. Keith was chosen as Chairman and Martin Lifland as Secretary.

As of this date the Committee has held twelve meetings and numerous conferences have been held involving the members, the Superintendent of Schools, the architect, and officials of the Massachusetts School Building Assistance Commission.

A thorough study of the enrollment and building problems associated with the public school system has been completed. The members concur unanimously with the previous findings of the School Committee that enrollment and facility needs on the secondary level warrant the construction of a junior high school plant to serve the needs of students residing in the west district (Junior High School students residing east of Randolph Avenue will continue to be served by the Mary A. Cunningham Junior High School. With the erection of the new unit on the Charles Sumner Pierce School site, students residing west of Randolph Avenue will be housed in that building. The Central Junior High School will be closed and the building used exclusively for the Senior High School program.)

Because of over-crowded conditions existing at the Senior High School building three bus loads of students are transported daily from the west district to Cunningham at a substantial cost to the Town. The Cunningham building, which was designed to operate with a maximum enrollment of 500 students and a preferred enrollment of 450, presently enrolls 467.

The Senior High School building which was designed for a program involving Grades X, XI, and XII should operate efficiently with an optimum enrollment of 1,000. At the present time the assignment of the Central Junior High School to the Senior High School building establishes an enrollment of 1,128, which means that certain divisions lack home room stations and others are housed in rooms which were never planned for classroom use. The problem is becoming increasingly serious, in that senior classes (Grade XII) are leaving school with approximately 200 graduates and the classes replacing them on the secondary level approximate 300 students. Steps to correct this situation should be taken immediately and the members believe that a new Junior High School to house the west district students should be opened no later than September 1, 1958.

Therefore, recognizing the rather lengthy period necessary for construction and the continuing increases in cost for construction of all types, it is recommended that a Special Town Meeting be scheduled during November, 1956 to consider the problem.

If the project were approved working drawings and specifications could be developed during the approaching winter months and assuming a favorable bid, ground could be broken in the early spring of 1957. This schedule would allow for a one and one-half year construction period guaranteeing occupancy on September 1, 1958.

Although a very comprehensive report might be presented at this time involving the educational advantages of separate facilities for junior and senior high school students, desirable curriculum offerings on both levels, the long-range building program envisioned for the Town, and matters pertaining to bonded indebtedness; this Committee believes that the reports of the School Committee and Superintendent over the past six years presented the need in a most clear and concise manner. We feel to submit an additional report on this subject would be both repetitous and unnecessary. However, the afore-mentioned reports as filed in the annual Town Reports of Milton are suggested for background information. Also, it appears unnecessary to discuss the educational specifications as determined by the administrative and teaching staffs as this has been covered in a fourteen-page brochure entitled "Educational Specifications for the West Junior High School." A copy is appended to this report.

At the completion of the Committee's survey and in accordance with the stipulations of Article 57, the Committee proceeded to employ architects and engineers to prepare plans and to obtain estimates of the cost of the proposed building.

Representatives of well-known firms of architects, both resident and out-of-town, were interviewed in an effort to obtain the technical services necessary in the preparation of the preliminary plans. By unanimous action the members awarded the contract to the firm of Adden, Parker, Clinch and Crimp of 177 State St., Boston, whose senior partner is Mr. Frank Crimp, a resident of Milton. This firm was responsible for the Charles Sumner Pierce School, which was completed in September 1952. It will be recalled that this building was designed with the proposed junior high school addition in mind.

After a thorough study of the afore-mentioned educational specifications Mr. Crimp presented preliminary sketches including twelve (12) academic classrooms, science and home economics laboratories, industrial arts shops, and other special areas housing art, music, library, and the health and physical education programs. The prints which accompany this report also indicate the development of playground and athletic areas needed for the health and physical education program mandated by State law.

A preliminary cost estimate based on the current construction market indicates a total project cost of approximately $1,550,000. A breakdown of this figure into the major categories follows:

Construction Contract	$1,160,382.00	
Equipment	100,000.00	
Architect and Supervision	100,000.00	
Site work	100,000.00	
Miscellaneous, Advertising, Insurance, etc.	15,000.00	
Contingency	75,000.00	
TOTAL		$1,550,382.00

The Committee wishes to point out that under Chapter 645 of the Acts of 1948 the Commonwealth will underwrite twenty per cent (20%) of the project or $310,076.40, establishing a net cost to the Town of $1,240,305.60.

Respectfully submitted,

OSCAR B. KEITH, Chairman
MARTIN LIFLAND, Secretary
ARTHUR E. KING
EDWARD F. MORGAN
CHARLES A. YOUNG II

October 9, 1956

The foregoing report was accepted and placed on file.

Mr. Howard S. Whiteside, chairman of the Warrant Committee, spoke, emphasizing the need, the suitability and the timing of the new Junior High School on the Pierce School site.

The Moderator now proceeded with Article 1.

ARTICLE 1. To hear and act upon the report of the Committee appointed by the Moderator by vote of the Town under Article 57 of the Warrant for the Annual Town Meeting held in March, 1956, and to see what sum of money the Town will vote to raise and appropriate for the erection, equipping and furnishing of a junior high school building on land owned by the Town adjacent to the Charles Sumner Pierce School on Gile Road, which building may or may not be attached to the Charles Sumner Pierce School, and whether to meet said appropriation by bond issue, from available funds and from the 1957 tax levy or by any one or more methods of the foregoing, and further to see if the Town will authorize the Moderator to appoint a committee of five citizens to employ the services of an architect, to advertise and secure bids, to let a contract or contracts, and to supervise the erection, equipping and furnishing of said junior high school building, all in the name and behalf of the Town, and to act on anything relating thereto.

Voted: That the sum of $1,520,000 be and hereby is appropriated for the purpose of erecting, furnishing and equipping said junior high school building, and that to meet said appropriation there be raised from the tax levy for the year 1957 the sum of $205,000; that there be appropriated the sum of $15,000 from available funds in the Treasury; and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized and directed to issue and sell coupon serial general obligation bonds of the Town bearing on their face the words "Town of Milton Junior High School Building Loan 1957" aggregating $800,000 in principal amount under authority of Section 7, Chapter 44 of the General Laws; and that the Treasurer, with the approval of the Selectmen, and subject to the approval of the Emergency Finance Board, is hereby authorized and directed to issue and sell coupon serial general obligation bonds of the Town bearing on the face the words

"Town of Milton School Project Loan, Act of 1948
Junior High School 1957"

aggregating $500,000 in principal amount under authority of Chapter 645 of the Acts of 1948, as amended; that all such bonds shall be issued and sold in accordance with the applicable provisions of Chapter 44 of the General Laws as amended; and that the Treasurer, with the approval of the Selectmen, shall determine the dates, the maturities, the forms, the rates of interest and other details of said bonds, provided, however, that the dates of maturities shall be such that each of the loans represented by said bonds shall be payable in its entirety in not more than twenty years from the date thereof.

That the Moderator is authorized to appoint a Committee of five citizens to be known as the Milton Junior High School Building Construction Committee, said Committee to continue to function and have the powers and duties herein granted until the junior high school building to be constructed and all work in connection therewith is completed and fully performed and that said Committee shall have the power to fill vacancies in its membership with the approval of the Moderator.

That the Milton Junior High School Building Construction Committee is hereby empowered, all in the name and behalf of the Town to employ the services of an architect, to advertise and secure bids, to let contracts and to supervise the erection, equipping, and furnishing of a junior high school building on land owned by the Town adjacent to the Charles Sumner Pierce School on Gile Road, which building may or may not be attached to the Charles Sumner Pierce School, at a cost within the appropriation voted for the purpose and substantially in accordance with the report and plans made and procured under Article 57 of the 1956 Annual Town Meeting which have been filed with the Board of Selectmen and the School Committee and presented to this Town Meeting under this Article, together with any changes required by the School Building Assistance Commission referred to below as a condition of aid.

That the Milton Junior High School Building Construction Committee is hereby authorized in the name and behalf of the Town to apply to the School Building Assistance Commission of the Commonwealth of Massachusetts under Chapter 645 of the Acts of 1948 as amended for all such reimbursement and aid and assistance in connection with the construction of said junior high school building as may from time to time be available under said law and amendments thereto.

That the Committee authorized and appointed under Article 57 of the 1956 Annual Town Meeting to prepare plans sufficient to obtain estimates of the cost relating to said junior High school building is hereby discharged.

That the sum hereinbefore appropriated is for the use of the Milton Junior High School Building Construction Committee for the purpose of doing work referred to in the vote under this Article.

(Unanimous Vote)

The Moderator re-appointed the same Committee at this meeting.

OSCAR KEITH, Chairman, 28 Hemlock Drive
ARTHUR E. KING, 586 Randolph Avenue
MARTIN LIFLAND, 543 Blue Hills Parkway
EDWARD A. MORGAN, 25 McKinnon Avenue
CHARLES A. YOUNG II, 91 Whitelawn Avenue

ARTICLE 2. To see what sum of money the Town will vote to appropriate, in addition to the amount appropriated at the last Annual Meeting, for the Highway Department for the remainder of the year 1956.

Voted: That the sum of $20,000.00 be appropriated from available funds in the Treasury for the use of the Highway Department for the remainder of the year 1956, said sum to be expended as follows:

1. General Expense	$15,000.00
2. (a) To complete the construction of part of Beacon Street	2,000.00
(b) To complete the construction of part of Beacon Street Circle	3,000.00

(Unanimous Vote)

And you are directed to warn said inhabitants qualified as aforesaid to meet at the time and place and for the purposes herein mentioned by posting attested copies of this Warrant in each of the post-offices of said Town seven days before said tenth of December, and leaving printed copies thereof at the dwelling houses in said Town at least four days before said date.

Hereof fail not, and make due return of this Warrant with your doing thereon to the Town Clerk, on or before said tenth of December, next.

Given under our hands at Milton the fifteenth day of November, nineteen hundred and fifty six.

DANIEL E. DUGGAN
CHARLES F. BATCHELDER, jr.
WILLIAM H. WHITE
Selectmen of Milton

DECEMBER SPECIAL MEETING

Commonwealth of Massachusetts, County of Norfolk, ss.

Filed November 30, 1956

Pursuant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and place and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of inhabitants.

JOHN E. WHEARTY
Constable of Milton

ABSENTEES

Albert J. McKinnon
Paul R. McNaughton
William M. Murphy
John W. Priestley
Roger W. Stronge
George A. Treat
Gussie H. Watson
Clyde L. Whittier
Preston R. Williams

Precinct 2

Knight Ames
Burton G. Brown, Jr.
James F. Cyphers
Andrew Hain
Gladys L. Hill
George Newell Hurd, Jr.
Francis P. McDermott
James E. McLaughlin

Precinct 3

George A. Canon, Jr.
Paul F. Dudley
Oscar W. Haussermann
Norman Pierce
H. M. Steel Swift
Paul B. Watson, Jr.

Precinct 4

Anthony R. Ciampa
James T. Dunphy
John W. Kenney
Ernestine M. Marshall
John B. Martinelli
Harold W. Melvin
Helen J. Reid
Charles M. Thompson, Jr.

Precinct 5

Malcolm G. Campbell
George J. Cronin
Charles Devens
Edward Dyson
James F. Fitzgerald
John W. Jensen
Thomas P. McSharry
David T. Scott
Parker Webb

Precinct 6

Mary A. Duggan
Christopher G. Hammond
Francis J. Harkins
Leroy S. Harris
William C. Hoxie
Joseph L. McArdle
John J. McGonigle
Roy E. Moulton
Paul F. Ochs
Alan J. Potter
Carleton A. Rowe
Timothy G. Ryan
Gustave A. Salzgeber
Frederick D. Snyder
Frances H. Walters
John L. Woods

Precinct 7

Herbert L. Bush
George F. Choate
Leighton A. Clapp
Alice J. Coughlin
Noel W. Deering
William S. Esau
Brendan E. Fanning
Joseph A. Fusoni
William C. Gustafson
Edward T. Q. Hodges
John P. Lyons
Thomas C. Malloy
Samuel P. McCormack
Virginius Paolucci
Gerald J. Sullivan

December 10, 1956, at 8:40 P.M., the town meeting was adjourned.

TERESA SHAUGHNESSY
Town Clerk

REPORTS OF SPECIAL COMMITTEES

REPORT OF SPECIAL COMMITTEE APPOINTED UNDER ARTICLES 42 AND 43 OF THE 1956 MARCH MEETING WARRANT

October 20, 1956

Honorable Board of Selectmen,
Town of Milton,
Milton, Massachusetts

Dear Sirs:—

This is the report of the committee appointed under Articles 42 and 43 of the Warrant for the 1956 Town meeting.

Under Article 42, the committee is directed to make a study of the needs of the Town for office space and spaces for other activities of Town Departments, and in such study to determine whether there is a need for new building, or remodeling, or rearrangement of existing buildings, and any combination thereof.

Investigation

Another survey has been conducted to determine the office space requirements of the various departments. This survey confirmed the findings of the committee appointed under Article 55 of the Warrant of the 1955 Town meeting. There is no doubt that the need for office space for the various Town departments is becoming steadily more acute.

It was found that the present office space was in general so congested as to hamper the efficiency of the work done. There was considerable doubling up of the use of office space, and some Town departments which require office space of their own have none, and hence, must use whatever can be made available.

At present, there is being used the following space, exclusive of vault space:

Town Hall	3,183 Sq. Ft.
Other Places	2,852 Sq. Ft.
Total Now Used	6,035 Sq. Ft.
Existing needs by all Departments	13,003 Sq. Ft.
Town Hall Space	3,183 Sq. Ft.
Additional Space Required	9,820 Sq. Ft.

If all office space were to be centralized in the Town Hall, a very desirable objective would be accomplished.

A study of the survey would indicate that some of the figures submitted are in excess of actual requirements, so that space somewhat less than 9,820 sq. ft. would answer the purpose for some time to come.

New Construction

Your Committee carefully studied the report of the 1955 Committee, including that part which recommended that the additional office space needed be provided by new construction. A cost of $110,000. was mentioned in the report for such new construction. It seemed to your present Committee that the long-range solution of the problem was not to put up an addition to the Town Hall, but what should be considered is a complete new Civic Center.

This is a very large project and would probably require considerable study over several years. Certainly, your Committee could not justifiably recommend that such a study be undertaken at this time, when there are so many more urgent needs for the Town's resources.

Proposal

The Committee feels that the best immediate solution of the problem is to convert the present auditorium of the Town Hall into office space, which would provide ample room for office activities over the next ten or fifteen years, during which time consideration could be given to a Civic Center project if the Town so desired.

Activities such as the annual town meeting, etc., now conducted in the Town Hall could be transferred to a school auditorium.

A summary of the space to be gained is recorded as follows:—

A	Present Auditorium Floor	2,784 sq. ft.
B	Removal of Stage Floor, converted to office use	616 sq. ft.
C	New second floor over the present auditorium floor	2,784 sq. ft.
D	New second floor over stage	616 sq. ft.
E	New second floor, instead of balcony	900 sq. ft.
	Total New Area	7,700 sq. ft.

The construction and remodeling of the present building to gain this floor area would cost approximately fifty-two thousand dollars ($52,000.00). This would include the necessary increase in toilet facilities, new radiation, electrical work, all general construction work, planning fees, etc. This price is based on the assumption that the existing heating plant is sufficient in capacity to carry the required load. Also, it is assumed that the electric service is adequate.

The way in which this space might be laid out and assigned is an Administrative problem. One or more conference rooms could be included, for the Warrant Committee meetings, Planning Board hearings, etc. Space could also be provided for a large common vault in the basement, now used for office space, but not very suitable for the purpose. Consideration might be given to locating other non-office activities in this area.

Space would be available for the Board of Health which now occupies space needed for other purposes in the Milton Hospital. Offices in the Thacher Building could be consolidated in the Town Hall, and a reasonably efficient lay-out made which would meet the situation for several years to come. If the space were used for a period of ten years only, the cost of rent of 7,700 sq. ft. of additional office space would at the present market more than equal the cost of remodeling.

By discontinuing the use of the Thacher Building for office purposes the maintenance and heating of this building would be saved, which would also contribute toward the cost of remodeling.

Your Committee feels that the remodeling as outlined constitutes a sound investment, even though the Town Hall were torn down at the end of a ten year period, which may or may not happen, as seems desirable and necessary at the time.

Statements obtained from the Town departments as to their need are attached, a letter from the Architect who worked with the committee on this problem, including the estimate of the cost of remodeling and a sketch of the space which might be utilized, are filed with this report in the office of the Board of Selectmen.

Conclusion

1.—The Town urgently needs an additional minimum of seventy seven hundred (7,700) square feet of office and vault space.

2.—The space can be provided for the least present outlay, and least upkeep and operating costs by remodeling the Town Hall at a cost of fifty-two thousand dollars ($52,000.00).

3.—The operation and maintenance of the Thacher Building as office space can be eliminated.

Recommendation

That the Town Hall be remodeled as outlined in this report and that the sum of $52,000 be appropriated for the work.

Under Article 43 the committee is directed to study the requirements of the Police Station on Central Avenue and to obtain estimates for the cost of any remodeling or enlargement arrangements.

The Committee, after investigation, finds that the Police Department has been operating for many years with no improvements in its housing, although the activity and manpower has been increasing as the population of the Town has grown.

The only entrance to the station house (other than a rear door accessible through a rear garage and up a narrow flight of stairs) is through the main door on Central Avenue. Persons arrested must be taken in this entrance and "booked" in the front hall. Citizens of the town having business in the station house must use the same entrance and the same space. Facilities for handling women prisoners are inadequate. The women's cell block is near the front of the building next to the chief's office utilizing some of the best space available—a very poor arrangement. No provision is made for a matron, although services of such a person is necessary in the handling of female prisoners. There is no detention room for juveniles, although minors who are being detained for various reasons and who, not having committed a crime and are not being charged, can not legally be placed in cells. The office of the Chief is on the first floor but that of his secretary is on the second. Record files are stored on both the first and second floors, which is inconvenient and time consuming. Permanent files are now in the basement, which is not only inconvenient, but dampness contributes to the deterioration of the records. The office of the Deputy Chief is also located on the second floor, due to lack of the required space on the first. There are no kitchen facilities at all for emergencies, and, regardless of the weather, all food for prisoners must be brought in from outside sources. At present, lockers are available for only one-third of the force. Toilet facilities are not only inadequate, but are old and unsanitary, and in need of immediate attention.

The present building is not centrally located, being near the Boston boundary of the town. However, because the majority of patrol work is done in squad cars, location is not too important. The building consists of two stories in the front and an attached one-story garage at the rear. There is at present on the main floor

Office of the Chief
Booking office
Guard, or assembly, room
Men's cell block
Women's cell block
Toilet

On the second floor:

Secretary to the Chief
Deputy Chief
Chief of Detectives
Photography dark room
Storage battery room (for teletype, etc.)
Office of Civil Defense
Pistol Range
Toilet

In the basement:

Garage for patrol wagon
Storage vault for records

The Committee has come to the conclusion, with the approval of the Chief of Police, that the needs of the Department can best be served at this time by a limited remodeling job.

It is proposed that certain alterations of the present building be made and a second story be added over the garage, providing an additional 1200 feet of floor space. The ground slopes to the rear of the building so that additional space provided will be practically level with the first floor. The new space would permit moving the women's cell block to this area, and would also provide for an office for the Deputy Chief, detention rooms for juveniles, male and female, a matron's room, much needed closet space, new toilet, and a conference room which would also serve for interrogating prisoners, photographing, fingerprinting, etc. The space gained by moving the women's cell block would make it possible to locate an office for the Chief's secretary (with current files) adjacent to his office. Minimum kitchen facilities will be available adjacent to the guard room.

Provision would then be available on the second floor for an adequate locker room with toilet, records room, storage room, office of the Chief of Detectives, dark room, battery room, pistol range and office for Civil Defense.

Most important of all, is the addition of a ramp on the East Side of the building leading to a new door into the guard room. It will then be possible for prisoners to be taken directly into the guard room to be "booked," either from Central Avenue or the patrol wagon which can be backed up to the door. As a consequence, prisoner traffic will be kept away from the main entrance and offices.

A detailed plan incorporating the proposed changes is filed with this report together with the comments of the architect, Mr. Wm. J. Edwards, of Holmes & Edwards. To provide the proposed addition and alterations outlined, as well as proper lighting and ventilation, and a general cleaning, would cost approximately $30,000.

Over the years, there have been several committees charged with providing more space for the Police Department, but approval has been withheld from any plans advanced. The committee feels that the proposed changes outlined herein, although minor in scope and cost, will be sufficient to meet the needs of the department for the next ten years or more.

Recommendation

That the alterations and new construction to the Police Station be authorized as outlined in the plans on file with this report, and that $30,000. be appropriated for the work.

Respectfully submitted,

CHARLES E. WHITEHEAD, *Chairman*
JAMES F. CYPHERS
THOMAS F. GARVEY
FREDERICK J. STEVENSON
JOHN L. WOODS

Note: Plans referred to in this report are on file in the office of the Board of Selectmen.

September 25, 1956

Mr. James F. Cyphers, Chairman
Special Committee
Town of Milton
Massachusetts

Dear Mr. Cyphers:

The following report is submitted for consideration by the Special Committee:

1. TOWN HALL RENOVATIONS:

It is my understanding that previous studies indicate a need of approximately 7500 sq. ft. of additional space for Departments.

An increase in available office space could be accomplished by converting the auditorium area and stage area to office use; and by constructing an intermediate new floor within the auditorium, stage and balcony areas. The construction of such a new floor could allow for ample ceiling height for both floors. This would mean abandonment of the Town Hall for Town meetings and other large gatherings. The Pierce School auditorium might be used for such purposes.

A summary of the space to be gained is recorded as follows:

A. Present Auditorium floor (converted to office use)	2784 sq. ft.
B. (Removal of Stage floor (converted to office use)	616 sq. ft.
C. New Second floor (over auditorium)	2784 sq. ft.
D. New Second floor (over stage)	616 sq. ft.
E. New Second floor (remodel balcony)	900 sq. ft.
TOTAL NEW AREA	7700 sq. ft.

Construction and remodeling of the present building to gain this floor area would cost approximately $52,000. This would include the necessary increases in toilet facilities, new radiation, electric work; all General Construction work; planning fees, etc. This is based on the assumption that the existing Heating plant is sufficient in capacity to absorb the extra load. Also it is assumed that Electric service is adequate.

Enclosed herewith is a diagrammatic plan of the building, showing the areas which might be gained for office use. At the estimated cost of $52,000 the new area is priced at $6.75 per sq. ft., which is very reasonable.

In summary it is my feeling that such an expenditure for this work should not be recommended. The space gained from this proposed alteration would be poorly located; mostly in the center of the premises, with no outside light and air. The spending of any sizable sum on this old building, in my opinion, is a waste of money. The present auditorium and stage areas might be used on a temporary basis, giving an increase of 3400 sq. ft. with a minimum of cost for removable 7′-0″ high office partitions, and the necessary lighting facilities. A general program should be undertaken for construction of a new office addition at the rear or side of the present building, with the view of ultimately abandoning the Present Town Hall.

2. POLICE STATION ALTERATIONS:

As a result of studies made of the present building, and after conferences with the Chief of Police, it is my considered opinion that alterations and an addition to the present building will satisfy the needs of the Department for some years to come. The expansion and coordination program as outlined by the Chief can be accomplished by remodelling the rear of the existing building, lowering the present loft floor and filling in the rear second floor corner over the Garage. This would increase the floor area by 1200 sq. ft. in the form of a Mezzanine floor which would operate closely with the present main floor. A new entrance ramp for access to the Booking office would be provided as well as new toilet facilities and office facilities.

A preliminary plan which incorporates all of the needs of the Department, and which has been approved by the Chief, is submitted herewith, in duplicate.

Although the present building is very old; a general cleaning and a modernizing of Plumbing facilities; proper lighting and ventilation can be included together with the addition and alterations indicated on the plans, for approximately $30,000. Since occupancy of the present quarters must be continued, it seems most practical to make these necessary alterations.

Very truly yours,

HOLMES AND EDWARDS, INC.
W. J. EDWARDS

WJE: kc
encl.

Note: Plans referred to in this report are on file in the office of the Board of Selectmen.

REPORT OF SPECIAL COMMITTEE APPOINTED UNDER ARTICLE 57 OF THE 1956 MARCH MEETING WARRANT

To the Board of Selectmen and School Committee
Town of Milton, Massachusetts

Ladies and Gentlemen:

By the unanimous action of the Town Meeting members, Article 57 of the 1956 March Town Meeting Warrant was approved and the Moderator authorized to appoint a Committee of Five Citizens to complete a study in consultation with the School Committee, of the necessity of erecting a Junior High School on the Pierce School site. In conjunction with this vote the Moderator appointed the following Committee members:

Oscar B. Keith
29 Hemlock Drive

Martin Lifland
543 Blue Hills Parkway

Arthur E. King
584 Randolph Avenue

Edward F. Morgan
25 McKinnon Avenue

Charles A. Young II
91 Whitelawn Avenue

At the organization meeting of the Committee Oscar B. Keith was chosen as Chairman and Martin Lifland as Secretary.

As of this date the Committee has held twelve meetings and numerous conferences have been held involving the members, the Superintendent of Schools, the architect, and officials of the Massachusetts School Building Assistance Commission.

A thorough study of the enrollment and building problems associated with the public school system has been completed. The members concur unanimously with the previous findings of the School Committee that enrollment and facility needs on the secondary level warrant the construction of a junior high school plant to serve the needs of students residing in the west district. (Junior High School students residing east of Randolph Avenue will continue to be served by the Mary A. Cunningham Junior High School. With the erection of the new unit on the Charles Sumner Pierce School site, students residing west of Randolph Avenue will be housed in that building. The Central Junior High School will be closed and the building used exclusively for the Senior High School program.)

Because of overcrowded conditions existing at the Senior High School building three bus loads of students are transported daily from the west district to Cunningham at a substantial cost to the Town. The Cunningham building, which was designed to operate with a maximum enrollment of 500 students and a preferred enrollment of 450, presently enrolls 467.

The Senior High School building which was designed for a program involving Grades X, XI, and XII should operate efficiently with an optimum enrollment of 1,000. At the present time the assignment of the Central Junior High School to the Senior High School building establishes an enrollment of 1,128, which means that certain divisions lack homeroom stations and others are housed in rooms which were never planned for classroom use. The problem is becoming increasingly serious, in that senior classes (Grade XII) are leaving school with approximately 200 graduates and the classes replacing them on the secondary level approximate 300 students. Steps to correct this situation should be taken immediately and the members believe that a new Junior High School to house the west district students should be opened no later than September 1, 1958.

Therefore, recognizing the rather lengthy period necessary for construction and the continuing increases in cost for construction of all types, it is recommended that a Special Town Meeting be scheduled during November 1956 to consider the problem.

If the project were approved working drawings and specifications could be developed during the approaching winter months and assuming a favorable bid, ground could be broken in the early spring of 1957. This schedule would allow for a one and one-half year construction period guaranteeing occupancy on September 1, 1958.

Although a very comprehensive report might be presented at this time involving the educational advantages of separate facilities for junior and senior high school students, desirable curriculum offerings on both levels, the long-range building program envisioned for the Town, and matters pertaining to bonded indebtedness; this Committee believes that the reports of the School Committee and Superintendent over the past six years presented the need in a most clear and concise manner. We feel to submit an additional report on this subject would be both repetitious and unnecessary. However, the aforementioned reports as filed in the annual Town Reports of Milton are suggested for background information. Also, it appears unnecessary to discuss the educational specifications as determined by the administrative and teaching staffs as this has been covered in a fourteen-page brochure entitled "Educational Specifications for the West Junior High School." A copy is appended to this report.

At the completion of the Committee's survey and in accordance with the stipulations of Article 57, the Committee proceeded to employ architects and engineers to prepare plans and to obtain estimates of the cost of the proposed building.

Representatives of well-known firms of architects, both resident and out-of-town, were interviewed in an effort to obtain the technical services necessary in the preparation of the preliminary plans. By unanimous action the members awarded the contract to the firm of Adden, Parker, Clinch and Crimp of 177 State Street, Boston, whose senior partner is Mr. Frank Crimp, a resident of Milton. This firm was responsible for the Charles Sumner Pierce School, which was completed in September 1952. It will be recalled that this building was designed with the proposed junior high school addition in mind.

After a thorough study of the afore-mentioned educational specifications Mr. Crimp presented preliminary sketches including twelve (12) academic classrooms, science and home economics laboratories, industrial arts shops, and other special areas housing art, music, library, and the health and physical education programs. The prints which accompany this report also indicate the development of playground and athletic areas needed for the health and physical education program mandated by State law.

A preliminary cost estimate based on the current construction market indicates a total project cost of approximately $1,550,000. A breakdown of this figure into the major categories follows:

Construction Contract	$1,160,382.00
Equipment	100,000.00
Architect and Supervision	100,000.00
Site work	100,000.00
Miscellaneous, Advertising, Insurance, etc.	15,000.00
Contingency	75,000.00
Total	$1,550,382.00

The Committee wishes to point out that under Chapter 645 of the Acts of 1948 the Commonwealth will underwrite twenty per cent (20%) of the project or $310,076.40, establishing a net cost to the Town of $1,240,305.60.

Respectfully submitted,

OSCAR B. KEITH, *Chairman*
MARTIN LIFLAND, *Secretary*
ARTHUR E. KING
EDWARD F. MORGAN
CHARLES A. YOUNG II

October 9, 1956

REPORT OF THE WARRANT COMMITTEE
MARCH MEETING, 1956

February 16, 1956

Pursuant to Chapter 3, Section 4 of the Town Bylaws, the Warrant Committee respectfully submits its recommendations on the Articles in this Warrant for the Annual Town Meeting.

A comparison of Department requests and Warrant Committee recommendation is indicated in a schedule in the back of this report.

In accordance with long-established practice, all persons desiring to be heard on any Article appearing in the Warrant have had the opportunity of presenting their case, and all Articles have been carefully reviewed by the appropriate subcommittees as well as the full Warrant Committee.

TAX RATE

Figures available from the Commonwealth balance sheet show that several accounts were underestimated with the result that the Town will have to raise about $45,000.00 from the tax levy or nearly $1.00 on the tax rate. Last year the situation was exactly the opposite and resulted in an increase of available funds. A comparison of these underestimates follows:

	1955	1956
County Tax	$79,000	$94,000
Metropolitan Parks	36,000	42,000
Metropolitan Sewers	47,000	66,000
Metropolitan Water	44,000	47,000
M. T. A.	56,000	58,000
	$262,000	$307,000

A second unfavorable factor upon the tax rate over which the Town also has no control is that Milton's share of total receipts from the State declined from $366,000 in 1955 to $321,000 in 1956, again accounting for almost another $1.00 on the tax rate.

It will be recalled that as the tax rate for 1955 was determined last June the $50,000 appropriated at the Special Town Meeting in October 1955 must be raised in the 1956 tax levy. This also accounts for another $1.00 on the tax rate.

Salaries account for the largest proportion of all Town budgets. When the 1955 March Meeting and the 1955 May Meeting approved a flat $300.00 increase for all Town employees, the cost computed for the year 1956 amounts to about $86,600.00.

In view of these circumstances the Warrant Committee was confronted with an increase of nearly $4.00 on the tax rate before it began consideration of this year's budgets.

It is proposed to set the bonding of sewer construction for five years at $50,000, a decline of $20,000 over 1955 and $180,000 for the proposed addition to the Central Library.

After consultation with the Board of Assessors the following conclusions were made in which Assessors concur.

By including a considerably larger percentage of motor vehicle excise receipts than applied heretofore, and at the same time maintaining sufficient reserves consistent with proper accounting practice, the Warrant Committee estimates that the 1956 tax rate will be about $52.00.

WAGES AND SALARIES

Articles 8-11

The Warrant Committee's 1955 Report advised that a complete study of wages and salaries would be made during the year. Such a study has taken place during which meetings have been held in order to classify and evaluate each position throughout the Town. This extensive work has included a review of the personnel plans of twelve other Towns whose general characteristics are in one respect or another similar to Milton's. It also has included an examination into practices and recommendations of the Commonwealth. In the course of this investigation the Warrant Committee has made a comparison of salaries and job requirements and has discussed these matters with the Town's elective Boards and Department Heads. The cooperation and help Town officials and employees have provided is much appreciated and most of the many suggestions they have made have been included in this plan.

As a result of this study the Warrant Committee recommends that a classification and salary plan be adopted as a Bylaw through the addition of Chapter 13 on Personnel Administration.

The Committee believes strongly that the time has arrived when personnel problems deserve the attention of a Board created solely for the purpose of studying them and making recommendations. We further believe that such a Board, working closely with all Departments, can render the Town invaluable service. It may also make administrative tasks easier by suggesting uniform practices and thus enable Departments to concentrate upon their particular work more effectively.

The Personnel Plan applies to all Town personnel except the School Department and Elected Officials.

Personnel Board

The Warrant Committee recommends that the Personnel Administration Plan be administered by a board of five unpaid members, no one of whom may be a town employee or an elected official.

The Board should have the authority to determine all rules for carrying out the Plan and to set minimum job requirements as well as classify all positions included in the Plan. It will review the work of all positions and salaries whenever necessary. It shall have the right to add positions or re-classify them or change salary rates.

The Board is expected to keep complete records of each employee through data supplied by Town Departments.

REPORT OF THE WARRANT COMMITTEE — MARCH MEETING

General Provisions

Hours of Employment — As there has been heretofore no uniformity of hours worked by Town personnel, the Warrant Committee recommends that clerical employees work at least 37½ hours per week. Those in the maintenance services shall work a minimum weekly schedule of 40 hours.

Overtime may be paid at one and one-half times the regular rate of pay as now occurs in the maintenance services but overtime pay may not be paid to Heads of Departments who receive compensation from the Town.

It is planned to have Town offices open continuously throughout each work day so that citizens may transact business conveniently.

Last year the Warrant Committee did not recommend enactment of Articles which called for an additional day off or a day's pay for policemen and firemen for duty during a 24 hour period of work on one or more of ten holidays. The wage and salary study showed that it is now the common practice to include such compensation or time off in a majority of personnel plans in neighboring communities. The Warrant Committee favors adoption of Articles 10 and 11 at a cost of $10,500. As any such payment under these Articles constitutes overtime the Chief of the Police Department and the Chief of the Fire Department are not included as overtime is not to be paid to Heads of Departments. The salaries of both these positions have been increased in the new schedule.

Vacations

The Town's present vacation plans substantially conforms to schedules followed in most other Towns and the Warrant Committee believes that the schedule should remain in force as it has been during the past year, governing all departments alike, with the added provision that those employees with more than twenty years' service are entitled to four weeks' vacation.

Sick Leave

There has never been any uniform policy with regard to sick leave, Department Heads having determined each case on its own merits. The Committee thinks it desirable to place sick leave on a fair practical basis by applying the procedures perfected in other Towns and those followed by the Commonwealth.

Extra Compensation for More Than Ten Years Service

(See Section 10, Article 8)

Milton is most fortunate in having a large number of employees who have worked loyally for the Town for many years. Under most personnel plans it is not possible to grant any recognition of such service because no additional compensation is paid after the maximum step is reached in each classification unless the position itself becomes more important through additional responsibilities.

The Warrant Committee does not think it conducive to the Town's best interest to permit employees to work for many years in the same position without hope of increase. Therefore the Committee recommends $50 be paid to each employee upon the completion of his or her tenth year of regular, full-time continuous employment and annually thereafter an additional $5.00 per year be paid for each subsequent year. The estimated cost of this extra compensation in 1956 is $13,000.00.

In conclusion on this subject, the Warrant Committee has consulted with the committee appointed by the Moderator at the Special Meeting in May 1955 to ascertain the need and effect of a personnel plan and a personnel board. Their views in support of the need for a plan and board are embodied in a separate report.

Establishing such a Personnel Administration Plan provides the opportunity of keeping abreast of the times with respect to salary grades, the cost of living, and other important personnel factors.

GENERAL GOVERNMENT

Pensions and Annuities (See Article 12)

There are sixteen pensioners who retired prior to April 1, 1951 who are not on the same retirement pay schedule as Town employees who are retired under the present Contributory Retirement System. It is proposed to pay sums averaging less than $200 each additional to these persons whose annual pensions are less than $2,000.00 each. The Warrant Committee recommends this increase which will amount to about $3,900.00.

Public Welfare

Administrative costs are similar to those of 1955 but the cost of Old Age Assistance continues to rise, as hospitalization costs are expected to increase in 1956. The amount recommended in 1956 is $125,000.00 or $1,500.00 more than last year.

The amount for Aid to Dependent Children is $10,800.00 or $1,700.00 less than in 1955.

Due to an increase in the number of cases receiving Disability Assistance and the high cost of nursing-home care it is estimated that $16,800.00 will be needed for this category of welfare, representing an increase of $3,800.00 over the previous year.

It is necessary to recommend $13,000.00 for general relief or almost $3,000.00 more than spent in 1955, again reflecting the higher costs of medical care.

Selectmen

Heretofore the work of the Veterans Agent has been carried out by the Executive Secretary to the Board of Selectmen. As a result of legislative action this position hereafter will be filled by a veteran, who will be appointed by the Selectmen after the Town Meeting.

Engineering

The budget is similar to last year's with the exception of a request for $1,800.00 to replace a 1946 Dodge pick-up truck. Your Warrant Committee favors the replacement.

Insurance

Last year's Warrant Committee was concerned about the extent to which Town employees should be covered for public liability when driving their own or Town vehicles upon Town business. As a result of the study made by the committee appointed under Article 61 of the 1955 Town Meeting no changes in the present coverage are suggested. Insurance will be carried as heretofore on the Sewer and Water Department vehicles only.

Election and Registration

Due to the fact that we have our usual March Election, two primaries and the November election, the cost of operating this department this year will increase by about $8,000.00.

PROTECTION OF PERSONS AND PROPERTY

Police (Article 18)

Continuation of construction of the Southeast Expressway makes it necessary to recommend again the sum of $30,000.00 for the private work account in order that there will be sufficient police protection to control traffic. The amount for Private Work is repaid to the Town by contractors or others requiring the services of officers for such duties.

Following the practice of replacing cruising cars each year, four will be purchased at a cost of $4,500.00. It is planned to install entirely new radios in each car for a total cost of $1,762.00 replacing ten year old equipment.

The Warrant Committee also agrees with the Department's request for three additional patrolmen. This request accounts largely for the substantial increase in the budget for this Department.

Fire (Article 18)

Ladder #2 was purchased in 1943 and is in need of painting and refinishing. As a matter of sound maintenance the committee believes this work should be done, for a total cost of $1,600.00.

The floor of the new Engine House #2 in East Milton requires repair as the finished surface of the cement is not adhering properly to the base. It is also considered advisable to repair and repaint the window frames.

The Department asks for a 2500 watt generator for Engine House #4 so that in an emergency electric power will not fail and alarm signals will be received. In addition, it is planned to purchase three gasoline water pumps. In the past when flooding has occurred, the Department has used its regular pumps for removing water from basements and they are not suitable for this use. Your Warrant Committee is in favor of the purchase of all this equipment for $1,990.00.

Wire

Following the usual practice of this Department it is planned to install six new fire alarm boxes at $1,352.00 and purchase twelve new signal type #3 batteries for $256.00 which represents about the same expenditure as last year. As Canton Avenue has now become State Route 135, it is necessary to change the timing of the traffic lights at its intersection with Centre Street and Reedsdale Road in order to accommodate the increased flow of traffic. The cost is estimated at $500.00.

Forestry

In view of the damage to trees caused by the hurricanes the Warrant Committee recommends that the Department's usual planting program be accelerated considerably through an increase from $500.00 to $1,000.00.

The Committee also favors replacing the coal furnace in the Randolph Avenue office with an oil burner for increased efficiency and economy.

HEALTH AND SANITATION

Garbage and Refuse Disposal

The new contract for garbage and refuse disposal becomes effective May 1, 1956, therefore the cost for 1956 is based on the old rate for four months and the new rate for eight months. This composite amount is $96,173.33 which is $9,600.00 more than last year. The future annual charge is $101,000.00, representing an increase of $14,580.00 per year.

Mosquito Control

In addition to the annual amount of $500.00 which Milton pays to the Commonwealth there is now in process of formation a Norfolk County Mosquito Control Project. The Board of Selectmen and the Board of Health have studied this matter and have come to the conclusion that Milton should participate. The Warrant Committee believes that this County Program in which each community has a part would be more successful than the present arrangement which has consisted of spraying the swamp areas of the Town from the air. The County plan will cost the Town $2,065.00 as its share of the total assessment. If for any reason the Norfolk County Project does not become a reality, the Warrant Committee would then think it advisable to appropriate $1,800.00 for air spraying.

Sewer Construction (Article 25)

Construction of Sewers is requested at a cost of $63,180.00 which represents a decrease of $33,000.00 over last year's appropriation of $96,300.00. However the actual expenditures for 1955 were $83,480.00 so that there is a carry-over of $13,000.00 for work already under way.

Water (Article 27)

Alterations in the distribution system in connection with the Southeast Expressway total $23,255.00 which is about $16,000.00 less than a year ago. Improvements in the water system consisting largely of replacing 6″ pipe with 8″ pipe will amount to $20,205.00, and those under the guarantee plan, to $9,795.00. The proposed budget is about $20,000.00 less than appropriated in 1955.

LIBRARY (Article 30)

The 1955 Town Meeting voted against Article 65 which called for the construction of an addition to the Central Public Library, at a cost of $312,000.00. At the same time it was voted that the Moderator be authorized to appoint a committee to study the requirements of a suburban library in relation to the needs of the Town and the school system.

In its report this committee, with the aid of professional librarians as consultants, points out the deficiencies in the present building. These include inadequate facilities and reading room space for younger children, young adults and adults; insufficient stack area either for the volume of books or access to them; and crowded working conditions for the staff. These are the same problems with which previous study committees and Warrant Committees have had to contend.

A new factor complicates these problems through the agreement of the Board of Trustees, the School Committee and the Warrant Committee that it is now advisable to add to the staff of the Library a School Librarian who would have charge of carrying out a library program in the school system. It is believed that the effect of this change will be to require even closer cooperation between the schools and the library and will lead to the greater use of the Central Library's facilities by children than heretofore.

For all these reasons the study committee recommends a 5,600 square foot two-story addition to the Central Library which will provide a children's room on the ground floor and stacks, including a workroom for processing and cataloging, on the first floor. It will be possible if necessary at some future time, to add a second stack level above the proposed one.

The children's room would be on the same level as the basement of the present building and would have its own entrance from Reedsdale Road. Furnishings would be suitable for a variety of ages so that the room would be used as much as possible, even taking into consideration its use by high school students during the evenings. About 7,650 volumes can be housed in this room.

It is proposed to change the basement layout of the old building by having a work room and stack storage for the school book collection and a modern staff room. An electric book lift would be installed. A new heating unit for the addition would be located adjacent to the present boiler.

The stack space on the first floor will provide for 30,000 books and with other space now available plus the number of books in the children's room there will be a total capacity of 90,000 volumes. We are advised that this should be sufficient for the needs of the Town for many years, assuming that the removal of worn out, obsolete and seldom read books occurs at the necessary rate.

There will be a small reading area and more space between the new stacks than is now available so that the public may find and use the books more easily.

The present reference room on the left side of the main floor entrance hall will be designated as the World War II Memorial Room in memory of those who lost their lives in that war. It will have suitable space for books, photographs and mementos relating to the participation of the Town's citizens in World War II.

This room will be appropriately furnished as an adult reading room and will have new standard seven foot, six inch book shelves to house a varied reading collection.

The room at the right of the main entrance hall will be used for young people and also for a reference room. The small room at the corner near the entrance would be connected to the young people's room by removing the partition, thus providing more space.

From an administrative point of view this addition lends itself to more efficient supervision at less cost than any of the other plans. It is estimated that no increase in the staff will be needed and only additional part-time custodial service required when construction is completed.

Because the Warrant Committee believes the proposed addition at a cost of $100,000.00 less than last year represents a sound, simplified plan which may be operated at only a small increase in cost, the Warrant Committee recommends the appropriation of $206,500.00 for the addition and alterations to the Central Library.

By financing through the issuance of bonds it is expected that the cost to the Town during the first year will be $26,500.00 or slightly less than fifty cents on the tax rate and the per annum cost thereafter will be $15,000.00 or thirty-one cents on the tax rate.

The Warrant Committee recommends that the Moderator appoint a building construction committee of five members to procure necessary plans, and specifications for this addition.

ZONING

From time to time interest has been manifest in making a study of the zoning bylaws, to determine if they meet requirements of our citizens. With this in mind the Planning Board has decided to conduct a review of all matters pertaining to zoning, including Residence A, B and C Districts in which such factors as lot sizes and frontages will be considered.

The Warrant Committee is in accord with this aim and recognizes the need for time to study zoning. The Committee recommends that the Town appropriate $2,000.00 for the purpose of obtaining consulting services to assist the Planning Board in preparing its recommendations for the March 1957 Meeting.

PARKS

The Mary Chase Lane Playground was largely completed in 1955 so that this Department expects to concentrate this year upon the Andrews Playground. It is planned to spend $6,000.00 on building a retaining wall in the northwesterly corner of this playground and to grade and blacktop an area of about 3,000 square yards for parking and basketball courts.

The Warrant Committee concurs in this program and also agrees with the Park Department's request for $1,195.00 for the replacement of a 1947 Triplex Power Mower.

Park Land (Article 39.—See Map 1)

It is proposed to purchase approximately sixteen acres of land located off Robbins Street and Trout Brook Lane midway between Canton Avenue and Blue Hill Avenue. Residents who live on Adanac Road, Sumner and Craig Streets, and Kevin Road and the surrounding neighborhood wish to obtain land for a play area for the use of approximately 300 children.

This property is owned by Miss Katherine S. Gould who has agreed to sell it to the Park Department for $7,500.00. The Warrant Committee recognizes the need for park land in this locality and recommends that the Gould land be purchased or taken by eminent domain.

VOSE SCHOOL (Article 41)

The 1954 Vose School Committee decided under Article 33 that in accordance with previously expressed opinion at the 1953 Town Meeting that the Vose School building should be retained for office use by Town Departments and a sum was allocated for necessary repairs and for converting the coal-fired furnace to oil.

These ideas were embodied in the recommendations made under Article 55 which was enacted at the 1955 Town Meeting. Thus, there has been demonstrated by Town Meeting Members the intention to use the building for Town Departments.

Subsequently, the present Vose School Committee came to the conclusion that it would be too expensive at an estimated cost of $100,000.00 to convert the structure for office use and that the building should be razed, even though it is solidly constructed and there is a definite need for office space. The committee suggested that 6600 square feet was necessary for additional office space but received information which they requested from Town Departments that as much as 100,000 square feet might be required. The Vose School Committee did not recommend the use of the building for housing equipment or garaging Town vehicles, though it has an extensive cellar space which is easily accessible.

The Warrant Committee believes the Vose School should be used for office purposes as heretofore indicated by previous Town Meetings and recommends that the Moderator appoint a committee of at least three citizens to allocate adequate space for offices and other activities of Town Departments, Committees, Boards and including the Police Department and that the Committee be empowered to employ architects and engineers to prepare plans and estimates. Your Committee also recommends that the sum of $10,000.00 be used for obtaining such plans and for the necessary repairs and for providing heat and that these matters be acted upon as soon as possible to prevent further deterioration of the Vose School building.

ADDITION TO THE POLICE STATION

The need for enlarging and renovating the Police Station was considered as long ago as 1948 when the Chief of Police presented sketches or proposed changes in his annual report. A special committee appointed in 1951 reported various adverse conditions but no action was taken at that time nor under Article 57 of the 1955 March Meeting.

The Warrant Committee takes the same position this year that it did a year ago. It recommends that no action be taken while the Vose School building is under study as a possible location for the Police Department. In the meantime your Committee has recommended the sum of $1,750 for important repairs necessary in the present building.

CEMETERY

The greater part of the rise in this budget is due to the need for new equipment at a cost of $2,079.00. The Board of Trustees also requests three chain-link fence gates for closing entrances to the Cemetery to aid in solving the growing problem of vandalism and pilferage. The Warrant Committee believes it advisable to purchase all of the above items.

HIGHWAYS (Article 45)

Drainage

Serious flooding occurred last fall at the point where Unquity Brook passes through a culvert, too small to handle the flow of water, at the end of Edward Avenue. It is proposed to install another 48 inch pipe beside the existing pipe to correct this situation.

A considerable amount of building is taking place on Brush Hill Road between Dana Avenue and Atherton Street making it necessary to lengthen the main drain on Brush Hill Road by 350 feet.

The drain running from Elton Road to Edge Hill Road near Fuller's Lane cannot handle the present volume of surface water and about 400 feet of pipe will have to be installed from Fuller's Lane to a culvert opposite the Cunningham Junior High School.

The installation of catch basins have caused too great a flow of water, when heavy rains occur, for the main drain in Hinckley Road from Windsor Road to Allerton Road, which is only an 8 inch pipe. The remedy for this problem is a 10 inch pipe laid on top of the 8 inch one.

To handle all the water on Canton Avenue from the culvert at Wendell Park to Elm Street and Gile Road the 30 inch drain will be extended 130 feet along Canton Avenue.

The cost of these drainage projects is $11,000.00 including $1,250.00 for the maintenance of Pine Tree Brook. As the clearance of this stream represents a costly undertaking, the Warrant Committee believes care should be taken to keep the brook free from debris at all times by frequent inspection.

Permanent Construction

Again as last year the Highway Department plans to preserve the older streets of the Town through resurfacing with tar or asphalt base under a stone or sand cover. The amount recommended is $5,000.00 or half of last year's appropriation.

New Equipment

A greater stress has been placed this year upon the need for up-to-date machinery to accomplish road building and maintenance more efficiently. The amount requested is $20,942.20 or about $8,000.00 more than in 1955.

The greater part of this sum is for a road grader which will cost $16,743.00. It will replace a twenty-two year old model which is no longer serviceable. As this type of equipment is essential for road building, the Committee recommends its purchase.

It is planned to replace a 1949 two ton truck with a new chassis and cab at $2,430.00 and also to purchase a second motorized sand spreader for $1,768.90 to speed the sanding of slippery and icy streets.

Chapter 90 Maintenance

Again as in 1955 the Town's share for the surface treatment of streets approved by the Massachusetts Department of Public Works is $1,500.00 with the State and County paying a similar amount.

Chapter 90 Construction

Three projects planned under this section of Chapter 90 include the rebuilding subject to approval by the State Department of Public Works, of Brook Road between Randolph Avenue and Centre Street for $3,500.00; Canton Avenue between Gulliver Street and Blue Hills Parkway for $2,700.00; and Pleasant Street between Lodge Street and Reedsdale Road for $2,250.00, representing a total expenditure of $8,450.00 for the Town's share or $450.00 more than last year.

Street Betterments

The Warrant Committee, acting favorably upon the recommendation of the Selectmen, approved the following streets for acceptance under the Betterment Act:

Beacon Street	$15,150.00
Beacon Street Circle	34,500.00
Truro Lane	21,300.00
	$70,950.00

The estimated cost is about $14,500.00 more than last year with 22% more work included.

Non-Betterment Streets

Streets recommended for acceptance without assessment of betterments are part of Sias Lane and Stoddard Lane.

PARKING LOT—EAST MILTON (Article 50)

The Article submitted this year for a municipal parking area at Franklin Street on what is referred to as the Warshaw property is entirely similar to Article 44 of the 1955 March Meeting.

East Milton's shopping center is bounded by Adams Street and Granite Avenue. It is here that when the Southeast Expressway was started it became difficult to park on either of the above streets or close to the stores.

This situation is complicated by the fact that the problem in finding a place to park may be due more to traffic congestion and narrow streets than to lack of parking space.

Since last year conditions in East Milton Square have changed and it is becoming clearer as to what parking space is now available or may become so. Around the corner from Granite Avenue is a new parking lot on Bassett Street which can accommodate about 24 cars. Opposite to the stores on the Expressway side of Granite Avenue, it is estimated there is room for 35 cars. Maximum use of this site could take place if it was blacktopped and angle parking permitted. It is conceivable that parking will be easier there than heretofore as there will be much less traffic on Granite Avenue when the Expressway is opened.

Parking on Adams Street near the Fire Station would be facilitated if the street were widened just as it has been this year from Brook Road to the Post Office and parallel parking permitted.

The Warshaw property is a rectangular lot and can be entered only from Franklin Street which is narrow and congested. The owner of the land providing access to the rear of the stores on Granite Avenue does not wish to sell and this property would have to be taken by eminent domain. The Warshaw building would have to be razed and the land properly surfaced. The cost of these items is not known.

The Warrant Committee is opposed to the purchase of the Warshaw property at a minimum cost of $35,000.00. It recommends that the suggestions embodied in the report of the committee appointed at the 1955 March Meeting to study this matter be given further consideration by the Board of Selectmen and that these be carried out wherever feasible.

PINE TREE BROOK (Articles 51-53)

At the present time Pine Tree Brook has been cleared from Brookside Terrace to a point near the bridge at the entrance to the Glover School, leaving the remaining section of Step I to be cleared as far as the granite-slab bridge at Turner's Pond.

Step 2 originally included the building of a new bridge to replace the granite bridge at the outlet of Turner's Pond and construction of a channel around the pond which would connect with the channel which leads under Central Avenue to the M.D.C. sewer at Brook Road. Part of this step also included the lowering of the town sewer at Central Avenue and the Metropolitan Sewer with the consequent need to rebuild the culverts at both locations.

In the course of studying the work contemplated under Step 2 the Pine Tree Brook Committee and the Selectmen decided to link the lowering of the M.D.C. Sewer with the building of a new bridge over it at Brook Road, rather than do this construction in separate steps. This change has become part of Step 3 and is logically designed to accomplish the task more conveniently and efficiently.

The location of the channel around Turner's Pond has been agreed upon and has been set as far away from the Pond as possible so as to prevent seepage. It will be located entirely upon Town-owned land.

The Warrant Committee is advised that engineering surveys and drawings of Step 2 have been completed and that Step 2 will be advertised for bids on or about the last of February. Should this schedule be followed it is possible work could commence about April fifteenth. In addition, engineering data should be finished on Step 3 by about the last of March with the possibility that work on this step could commence in the late spring.

With this knowledge available, it may develop that both steps will be completed before the March 1957 Town Meeting which would take the Stream Clearance Work up to and including a new bridge at Thacher Street.

In view of this possibility your Warrant Committee believes the stream clearance program should be continued as promptly as possible in order to prevent further flooding and recommends that the sum of $40,000.00 be appropriated to advance the work above the Thacher Street bridge.

There are several problems still to be resolved in connection with the brook such as the effect of constructing a channel through Pope's Pond and the consequent draining of that area and the part the M.D.C. may have in widening the culvert and replacing the bridge at Blue Hills Parkway, which is an M.D.C. thoroughfare.

For reasons such as these the Warrant Committee recommends that the Pine Tree Brook Committee be continued to make a further study of the brook in cooperation with the Board of Selectmen and the Town Engineer and that this be accomplished without loss of time. It is recommended that the sum of $1,000.00 be made available for the use of this committee.

TURNER'S POND (Article 54)

The advantage in the use of Turner's Pond by Milton citizens is that it offers an extensive open area for recreation through such activities as skating, fishing or boating.

To accomplish these purposes it is necessary that water be retained in the Pond at all times, especially in the summer months when the water level can become too low.

Last year's Warrant Committee stated that the Pond should have water in it so as to make it a desirable recreational site. Presumably also when Town Meeting Members in 1955 voted to purchase or take Turner's Pond by eminent domain they appreciated this fact and expected that action would be taken to bring this about.

As part of its work in studying problems connected with Pine Tree Brook and Turner's Pond, the Pine Tree Brook Committee recommends that water be kept in the pond through the installation of two dams at the inlet and outlet of the pond a pair of mechanically operated gates located across the new channel of the brook not far downstream from the inlet dam.

It is necessary to adopt mechanical means to supply water to the pond as it should be pointed out that when work on Step 2 of Pine Tree Brook commences and the new by-pass channel is being constructed, the water will drain out of the pond as the channel will be lowered about four feet from the present bed of the brook.

The Warrant Committee believes that the Town wants to make Turner's Pond an attractive location for recreation and therefore recommends an appropriation of $17,000.00 for keeping water in the pond, which is wholly a Town expense. It further advises that the time to authorize this work is now when the new channel of the brook is about to be constructed. The Warrant Committee recommends that this project be carried out under the control of the Pine Tree Brook Committee.

Right of Way at Turner's Pond Area (Article 60—See Map 2)

At the time the Town took Turner's Pond area by right of eminent domain it did not reserve to Roger Turner an existing right of way over Town land to a garage on his property. The Warrant Committee believes that this right of way should now be conveyed to him. The Committee also understands that no damages having been incurred, no payment therefor is to be made to him.

SCHOOLS

While the school system remains outside the proposed Personnel Administration Plan the School Committee and the Warrant Committee believe it to be in the best interests of the Town for the school department's clerical and custodial employees to follow personnel practices conforming with the Town Plan whenever possible.

The higher administrative and operating costs reflect the $300.00 salary increase voted in May 1955.

Again as last year three-quarters of the over-all rise of $98,000.00 is due to salary increases for teachers and the addition of three new teaching positions. The School Committee in conducting a review of salaries has advised that the minimum for a Bachelor degree is considerably below the average figure in neighboring communities. The cost of instruction includes $1,300.00 for textbooks or $3,700.00 more than in 1955. Repairs and replacements total $39,317.00 again showing a decline from the previous year of about $3,000.00.

The proposed increase in the new grounds and buildings account to $10,900.00, from $6,500.00 is because of the necessity of completing the new High School Gymnasium by providing an acoustic panel between the boys' and girls' gymnasiums and finishing the instructors' rooms.

Proposed Junior High School

It is apparent that the Senior High School cannot operate satisfactorily at the present time because of over-crowded conditions through the attendance of Central Junior High School students. The enrollment of this group numbers 447 and represents an increase of 69 over last year. Conditions are expected to be more serious later as larger classes reach the Junior High age.

The School Committee asks for the appointment of a committee of five citizens to study the requirements for building a Junior High School adjacent to the Pierce School.

The Warrant Committee is in full accord with this request and recommends the sum of $5,000.00 for the committee's use in employing architects and engineers to draw plans and estimates for the proposed building.

RESERVE FUND

It has been the practice for the past several years to fix the amount required for unforeseen expenditures at $30,000.00. Once again the Warrant Committee believes this figure to be realistic based upon previous experience. As there is an amount of $4,320.35 in the Overlay Reserve Account which may be applied to the Reserve Fund, the Committee recommends that the sum of $25,679.65 be raised in the tax levy.

WARRANT COMMITTEE

All members of the Warrant Committee wish to express their sincere appreciation for the cooperation of all Town Departments in furnishing all requested information promptly and completely. This has simplified the work of the Committee and has made it possible for the Committee to publish its recommendations in ample time for study before Town Meeting.

The work of the Committee has been greatly aided by the advice and counsel of Town Counsel Frank B. Frederick. Without his constant support many decisions would have been very difficult to determine in the short time available to the Committee. Special thanks are due his efforts on drawing up the bylaw concerning the Personnel Administration Plan.

The Chairman wishes to take this opportunity of thanking the members and Mrs. Macdonald, the clerk of the Committee, for their many hours of diligent work.

REPORT OF THE WARRANT COMMITTEE
NOVEMBER MEETING—NOVEMBER 6, 1956

To the voters of the Town of Milton:

Pursuant to the provisions of Section 4, Chapter 3 of the General Bylaws of the Town dated March 10, 1934, as amended, your Warrant Committee is required to consider and report in print upon all questions submitted to the voters of the Town. Following are the recommendations of your Committee.

QUESTION NO. 1

A. Shall licenses be granted in this town for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES ☐
NO ☐

B. Shall licenses be granted in this town for the sale therein of wines and malt beverages (wines and beer, ale and other malt beverages)?

YES ☐
NO ☐

C. Shall licenses be granted in this town for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

YES ☐
NO ☐

A. We recommend that the Town vote "NO".

B. We recommend that the Town vote "NO".

C. We recommend that the Town vote "YES".

Respectfully submitted,

REPORT OF THE WARRANT COMMITTEE DECEMBER SPECIAL MEETING

December 10, 1956

The Warrant Committee respectfully submits its recommendations on the Articles in this Warrant for the Special Town Meeting.

School

Pursuant to Article 57 of the 1956 March Meeting, a committee was appointed to consider the necessity of erecting a junior high school on the Charles Sumner Pierce School site, with appropriate authority to obtain plans and estimates, and to report to the next Town Meeting. That committee has recommended construction of a junior high school at a cost estimated at $1,520,382.00. It has further requested the Board of Selectmen to call a Special Town Meeting rather than waiting for the Annual Meeting in March, 1957.

The Warrant Committee recommends favorable action on the school article. It is convinced that the Central High School building can no longer adequately accommodate both junior and senior high schools. The type of building proposed by the Special Committee appears to be suitable and not more costly than is needed.

The proposed school is designed to accommodate about 500 students, which is the same number for which the present Cunningham Junior High School is designed. In the current year total junior high school enrollment is approximately 940 students, and by projecting conditions of growth as nearly as possible, it is anticipated that total junior high school enrollment during the next five years will range between 900 and 1000 students annually.

Effect on the Tax Rate

Although the Warrant Committee cannot, of course, at this time predict next year's tax rate, it can estimate what effect the recommended expenditures will have.

If the sum of $205,000 is raised in the tax levy for 1957 for the new school, $15,000 from available funds this year, and the balance of $1,300,000 is bonded, the appropriation in 1957 will represent slightly more than four dollars of the tax rate.

Highways

Due to the unprecedented storms of last March, money which was originally intended for expenditures under Highway General Work was spent for snow and ice removal, to the sum of approximately $25,000. This has caused an over-spending of funds for general highway work in such an amount that it is necessary to have an additional appropriation in accordance with the recommendation of the Warrant Committee.

Due to unusual ledge conditions, the estimates for street betterments of Beacon Street and Beacon Street Circle have turned out to be too low. Therefore the

REPORT OF THE WARRANT COMMITTEE DEC. SPECIAL MEETING

Warrant Committee recommends favorable action with respect to additional appropriations to these two accounts.

DEPARTMENT REPORTS

REPORT OF SELECTMEN

Milton, Mass., January 10, 1957

To the Citizens of Milton:

The Selectmen submit the following report for the year ended December 31, 1956.

On March 3, 1956 the following were elected Selectmen: Charles F. Batchelder, jr., Daniel E. Duggan and William H. White and on March 8, 1956 the Board organized with Daniel E. Duggan, Chairman and Charles F. Batchelder, jr., Secretary.

On October 25th all members of the Board together with the Town Engineer and two members of the City Council of the City of Boston perambulated the boundaries between Boston and Milton. This is done in accordance with the provisions of Section 3 of Chapter 42 of the General Laws, which require that the boundary lines of every town shall be perambulated and run and the marks renewed once in every five years.

During the year the Highway Department completed work on Bartons Lane and Elmwood Avenue. Beacon Street, Beacon Street Circle and Truro Lane, the betterment streets on this year's program, are practically finished. The work to be done on these streets will be completed in 1957.

Section 2 of Pine Tree Brook is completed as far as Brook Road and the next section has been let out for bids and the chances are that we will be able to start work shortly. The next section of this project will include lowering the main sewer in Brook Road, reenforcing the wall from Brook Road to Thacher Street and a bridge over Thacher Street.

For several years the Town has owned ten lots on Lyman Road and one lot on Rose Street, that were acquired through tax titles. So many requests were received from local residents to purchase these lots that the Selectmen agreed to release them. All were sold this year.

After serving the Town faithfully as its Town Counsel and Legislative Counsel for ten years Mr. Frank B. Frederick informed the Board that he did not wish to be considered for reappointment in April 1956 due to his other duties and commitments. To relieve Mr. Frederick of some of his duties prior to that time the Board appointed John J. Murray Assistant Town Counsel to serve until April 1st. He was then appointed Town Counsel and Legislative Counsel to succeed Mr. Frederick.

The Board were also faced with another resignation. Mr. George P. Blenkhorn, who had been doing an excellent job for the town as its Building Inspector, notified the Board on March 29th that he did not wish to be considered for reappointment at the expiration of his term on May 1, 1956. The Board interviewed several qualified applicants for the position and on May 10th appointed John D. MacKinnon to serve until May 1, 1957.

At the Annual Meeting in March the town voted to raze the Vose School and the sum of $3,000 was appropriated for this purpose. Bids were invited and when opened most every bid exceeded the amount appropriated by a large margin. The Board finally voted to award the contract to John J. Duane of Quincy, who agreed to take the building down for the amount appropriated. The lot has been leveled off by the Highway Department and for the present it will be under the supervision of the Board of Park Commissioners to be used for Little League baseball.

We wish to thank all Town Boards, Department heads and employees for their fine cooperation during the past year.

Respectfully submitted,

DANIEL E. DUGGAN
CHARLES F. BATCHELDER, jr.
WILLIAM H. WHITE
Selectmen of Milton

REPORT OF LEGISLATIVE COUNSEL

April 10, 1956

Report of Frank B. Frederick, Legislative Counsel and Chairman of the Legislative Committee for the period January 1, 1956 through March 31, 1956.

To the Board of Selectmen
Milton 86, Massachusetts

Gentlemen:

I am submitting herewith my final report as Legislative Counsel.

During the period from January 1, 1956, to April 1, 1956, Mr. John J. Murray and I have conferred with the Planning Board and Rep. John Sheldon concerning pending legislation affecting the Subdivision Control Law. The remaining legislative counsel work for this year will be handled by Mr. Murray.

Respectfully submitted,

FRANK B. FREDERICK
Legislative Counsel and
Chairman of the Legislative Committee

REPORT OF LEGISLATIVE COUNSEL

January 15, 1957

To the Board of Selectmen:
Gentlemen:

I submit herewith my Report as Legislative Counsel and Chairman of the Legislative Committee from April 1 for the balance of the year 1956:

Any bills filed in the Legislature affecting the interests of the Town or any of its Departments were scrutinized and communications were had thereon with the Town Departments thereby involved.

I have had conferences with the Planning Board, Mr. Frank B. Frederick and Representative John Sheldon concerning legislation affecting the Subdivision Control Law. I have appeared before Legislative Committees in connection with various bills, such as House No. 2020 regarding the construction and maintenance by the Metropolitan District Commission of a playground and athletic field off Randolph Avenue.

On numerous occasions I have conferred with the Legislative Counsel for the Selectmen's Association on legislative matters which might pertain to the Town. In addition, I have conferred many times with the appropriate state officials with reference to the interpretation of legislation as its affects the Town.

Respectfully submitted,

JOHN J. MURRAY
Legislative Counsel and
Chairman, Legislative Committee

REPORT OF TOWN COUNSEL

April 10, 1956

Report of Town Counsel Frank B. Frederick for the period January 1, 1956 through March 31, 1956

To the Board of Selectmen
Milton 86, Massachusetts

Gentlemen:

I am submitting herewith my final report as Town Counsel. I was appointed on April 1, 1946, and therefore have served exactly ten years. It was with great reluctance that I decided in the fall of 1955 that because of my other professional commitments I could not be available to serve as Town Counsel after April 1, 1956.

Doing the legal work of the Town during the last ten years has given me one of my most interesting experiences in the practice of law.

From January 1, 1956, to April 1, 1956, as Town Counsel I have been occupied almost exclusively with preparations for the Town Meeting, including particularly the legal drafting work of the Personnel Administration Bylaw which was adopted at the Annual Town Meeting, and in making arrangements to turn over the work of Town Counsel to my successor, Mr. John J. Murray. As he has been working with me until April 1 as Assistant Town Counsel, I will leave it to him in his report at the end of the year to cover any specific matters arising between January 1 and April 1 that require comment.

I take this opportunity to express thanks and appreciation to all Town officials with whom I have had contact during my term of office, and especially to your Board.

Respectfully submitted,

FRANK B. FREDERICK
Town Counsel

REPORT OF TOWN COUNSEL

January 15, 1957

To the Board of Selectmen:
Gentlemen:

I submit herewith my Report as Assistant Town Counsel from January 26 to April 1, 1956 and as Town Counsel from April 1, 1956 for the balance of the year.

As Assistant Town Counsel, I worked with Mr. Frank B. Frederick in the difficult task of taking over and assimilating the many and varied pending matters in the office of Town Counsel. And at this time may I express my gratitude to my predecessor for his gracious help in this period of transition.

As Town Counsel, I have attended various meetings with your Board and with other Boards, Committees, and Department Heads of the Town and have advised them on diverse legal matters arising in the conduct of their official duties.

In addition to the so-called routine matters, which are indeed multiple and diversified, there were numerous special and litigated matters, some of which have been concluded and others still pending, such as: three cases before the Massachusetts Appellate Tax Board, one of which has been withdrawn; a case pending before the Supreme Court with reference to the Civil Service status of a Town employee; five Land Damages cases against the Town; numerous tort actions against the Town in the Superior and District Courts arising out of alleged defects in Town streets and of automobile accidents, the majority of which cases have been settled, I think to the advantage of the Town; several Department of Welfare cases; several Superior Court cases involving the Planning Board and Board of Appeals, five of which have been concluded, I think satisfactorily to the Town; several tax title foreclosures, and two Land Court Registrations, all of which are in the process of consummation.

Furthermore, a Special Town Meeting was held on December 10, 1956 pertaining particularly to the question of the construction of a new junior high school. This entailed considerable time and effort.

May I acknowledge the willing contribution and cooperation of your Board and the various Department Heads, Boards, and Committees of the Town, in this my first year as Town Counsel.

Respectfully submitted,

JOHN J. MURRAY
Town Counsel

ANNUAL REPORT OF THE PERSONNEL BOARD

December 31, 1956

The Personnel Board has held sixteen regular meetings and three special meetings since its appointment in May, 1956. All requests for hearings from department heads and employees have been met. Seventy-four applications for new employment have been considered and approved and twenty-six reclassifications of present employees have been made. These reclassifications have all been thoroughly investigated and have been approved only after discussion with and recommendations from the heads of the departments involved. Ten reclassifications have been denied. Three requests for extension of sick leave have been granted.

Records have been kept of all vacation and sick leave time granted to employees during 1956 and salary sheets from each department have been considered and approved for inclusion in the budgets for 1957.

Various changes in the Personnel Bylaw will be included in the printing of the Bylaw in the Warrant Recommendations for the March 1957 Meeting.

This Board wishes to take this opportunity to thank all Heads of Departments as well as all employees for their cooperation in establishing procedures for the implementation of the Personnel Bylaw.

Respectfully submitted,

WILLIAM U. PURSELL, Chairman
NEWTON S. BAKER
FRANCIS F. BROOKS
WARREN J. MURDOCK
TIMOTHY G. RYAN

REPORT OF BOARD OF APPEALS

Milton, Massachusetts
January 7, 1957

To the Citizens of Milton:

The Board of Appeals presents the following report for the year 1956:

Mr. Edward C. Johnson 2d, whose term expired in March, was reappointed to serve until the Annual Town Meeting to be held in March 1959.

Acting under the authority of Article 59 of the 1955 March Meeting Warrant, which amended Section I (G) of Chapter 7 of the General Bylaws of the Town of Milton (the Building Code) Mr. Frank B. Frederick, former Town Counsel and Legislative Counsel, was named an Associate Member of the Board.

We wish to take this opportunity to thank Mr. Frank B. Frederick and Mr. Richard H. Schmidt who so willingly substituted for members of the Board who were unable to be present.

During the year we held thirty-six hearings. Of this number there were:

17	Applications for Special Permits
9	Applications for Variances
2	Applications for Variances or Other Relief
4	Applications for Relief under Massachusetts General Laws, Chapter 41, Section 81Y
4	Applications for Relief on Adjacent Lots

Respectfully submitted,

EDWARD C. JOHNSON 2d, Chairman
JOHN M. CURLEY
BLAKE G. CRUCKSHANK
Board of Appeals, Town of Milton

REPORT OF THE ENGINEERING DEPARTMENT

Milton, Mass., January 9, 1957

To the Honorable Board of Selectmen:

I herewith submit the annual report of the Engineering Department for the year ending December 31, 1956.

The second step in the Pine Tree Brook project between the Glover School and Brook Road was undertaken and completed. The work on the Southeast Expressway through Milton continued throughout the year. The construction of Massachusetts Highway Route 128 is under contract to the Milton-Canton line, but the work in Milton has not been awarded at this date.

The engineering work for the Town Departments and other official groups, together with requests from the Massachusetts Public Works Department and the utility companies, was accomplished throughout the year with the aid of our up-to-date record plans.

The following tables show the 1956 Highway work:

STREETS CONSTRUCTED UNDER BETTERMENT ACT:

REPORT OF THE ENGINEERING DEPARTMENT

During the Fall, several petitions were received by the Selectmen to have private ways considered for acceptance as public ways. When the Betterment Act was established, one of the conditions was that the petition be signed by abutters owning 75% of the frontage. Several of the petitions received did not meet this requirement.

STREETS PETITIONED AND CONSIDERED FOR BETTERMENT IN 1957:

Street	*From*	*To*	*Length*	*Width*	*Est. Cost per Front Foot*
Alvin Avenue	Wood Street	527′ Easterly	526.02′	50′	$12.116094
Nahanton Avenue	Public Portion	Blue Hills Reservation	1789.56′	40′	$6.071581
Norman Street	Blue Hill Avenue	Truro Lane	732.02′	40′	$8.3451253
Sassamon Avenue	Randolph Avenue	Blue Hills Reservation	2058.21′	40′	$10.429881

A new Chevrolet Suburban car was purchased this year replacing a 1946 pick-up truck. This replacement has been very helpful as it is the best designed vehicle for engineering work. I am requesting replacement of a 1947 Suburban this year.

I wish to thank the Engineering personnel and Town Officials for their assistance and cooperation I also wish to thank the State Department of Public Works' employees assigned to the Southeast Expressway and the Pine Tree Brook projects.

Respectfully submitted,

ALEXANDER E. MANNING
Town Engineer

REPORT OF ASSESSORS OF TAXES

January 28, 1957

To the Citizens of the Town of Milton:

The Assessors herewith submit their annual report for the year 1956. At the annual Town Meeting for the election of Town Officers Chairman Robert Bowie was re-elected for the three year term. On March 9, 1956 this Board organized as follows: Robert Bowie, Chairman; William C. Hoxie, Secretary. Subsequently, on April 17, 1956 Chairman Bowie resigned because of health reasons, and desiring to be relieved of the increasing duties and responsibilities.

We wish here to pay tribute for ourselves and all who know him for his fine, unstinting public service to Milton continuously, for twenty nine years, since September 23, 1927 when he first became a member of this Board. We salute him on behalf of the Town of Milton!

At a joint meeting of the Board of Selectmen and the remaining Assessors, held on May 3, 1956 Mr. Daniel E. Duggan, Jr. was elected to fill the vacancy. On May 7, 1956 the new Board organized as follows: George S. Murray, Chairman; William C. Hoxie, Secretary.

Prior to the writing of this report William C. Hoxie was taken ill and died on January 4, 1957. Mr. Hoxie had served on the Board continuously for fifteen years since first joining it on October 1, 1942. Because of the short while to the annual Town Meeting it was decided to forego filling the vacancy. The remaining members organized on January 7, 1957 as follows:

George S. Murray, Chairman; Daniel E. Duggan, Jr., Secretary. The remaining Assessors desire to here express to the Town our appreciation of his fifteen years of devoted public service as Assessor of Milton, and to his family our sincere sympathy in the loss of a loving and devoted husband and father.

Because of the resignation of Mr. Bowie and the death of Mr. Hoxie the Town, from the standpoint of the Board of Assessors, faces an unprecedented situation in that at the Town Election on March 2, 1957 there will be candidates for three, two and one year terms and the possibility of an entirely new membership.

The tax rate was made and approved on June 12, 1956, and established at $53.00 per thousand, an increase of $7.00 per thousand.

Twenty-six thousand eight hundred eighteen bills have been rendered by this office during 1956, their classification is as follows: 7190 Real Estate; 376 Personal Property; 7632 Polls; and 11,620 Motor Vehicle Excise.

1956 Expenses

E. & O. E.

Prepared by GEORGE S. MURRAY, Chairman, January, 1957

To the Citizens of Milton and all their Representatives in the Town's Government:

This supplement to the Assessors' 1956 Annual Report is submitted to show "Selected Significant Facts and Figures" concerning Milton in the first half of the 20th Century.

That you may better "Know *Your* Town," these items of particular interest to your Assessors, are here presented in this form in the belief that you, too, will be interested.

Milton's rapid growth, together with inflated building and living costs that have reduced pre-World War II dollars to 35c and 55c more or less and respectively, are producing profound effects and changes in the Town. As Milton approaches its Tri-Centennial in 1962, is there one so bold as to venture a prediction as to the continuance of these trends and what their effects will then prove to have been? At the present time, certainly, there is little to lead one to believe that any decided reversal in any of these trends is in sight.

We hope this presentation will stimulate you to more, and serious, thinking about the developments and problems which these figures reflect—problems which are *your* problems. *Your Assessors try to meet and solve ever changing problems so as best to protect the interests of the Town of Milton, and in so doing, the interests of all its citizens and taxpayers.*

SUPPLEMENT TO ASSESSORS' REPORT

"KNOW *YOUR* TOWN"

Above and beyond the cold basic figures of the preceding page, what physically, is *your* Town of Milton, and what are some of the features of the Town that help to make it so attractive and so desirable—and yes—even envied by so many communities? The basis of the well laid and progressively well developed plans for the Town, in the 1890s and the first half of this 20th century, was the hearts and minds of the numerous citizens who public spiritedly and devotedly contributed of their great abilities, their time and their energies in public office to creating a fine Town, an unexcelled Town government and what was known far and wide as a "fine Town spirit".

Milton has an area of 8448 acres (13.2 square miles), extending North and South 5 1/3 miles, and East and West about 5 miles. At the turn of the century a great blessing was bestowed upon Milton when the Metropolitan Park Commission set apart the Blue Hills Reservation and built Blue Hills Parkway, as the approach thereto from Boston. It was Milton's first and grandest zoning—impressed upon it by outside authority! In 1922 the Town Meeting adopted Milton's first Zoning Bylaw which, of course, has had numerous revisions since, as new conditions dictated. Those two particular actions have profoundly shaped and moulded Milton's development. Milton is zoned, basically, for single family residences.

The use of the Town's 8448 acres its seems to us, is of great interest.

Present Zoning Bylaw Districts	Area	% of total Town Area	Undeveloped	Approximate % of total R.E. Assessed Value
Residence "A" 40,000 sq. ft. Minimum	3,750 Acres	45%	2,350 Acres	15%
Residence "B" 20,000 sq. ft. Minimum	845 Acres	10%	584 Acres	10%
Residence "C" 7,500 sq. ft. Minimum	1,950 Acres	23%	253 Acres	70%
Business	68 Acres	1%		5%
Metropolitan District Commission	1,950 Acres	21%		
Tax Exempt, Town, educational, religious, streets and other tax free uses	1,500 Acres			
Tax Exempt	3,450 Acres			

Compared to the total assessed value of real estate of $46,000,000. (1956) (at fair cash value, probably about $120,000,000.) 46 Town owned land parcels and structures of various kinds have a value of about $8,000,000., with contents valued at about $1,000,000.

Some 32 educational, religious, cultural and other tax exempt agencies and institutions enjoy properties of some $30,000,000. value.

Tax exempt acreage of some 3,500 acres, (about 40% of the Town's area) and tax exempt values of some $38,000,000., relatively, are very large for a Town the size of Milton.

The Town's 6,300 dwellings, schools and other Town activities and all the tax exempt agencies are served by 360 (more or less) streets of 100 miles total (71 miles of Town, 15 miles of State public streets).

What other municipal facilities and services does the Town supply?

Police and fire protection are provided by two fine, alert departments rendering services of a high degree of excellence.

The School Department of high scholastic standards provides for some 3,500 pupils, and this year has a new $1,500,000. high school authorized to be built.

The Public Library system has its Main Library in Milton Centre with branches in East Milton and Mattapan and a reading room in Scott's Woods. A substantial addition to the Main Library is now under construction and will greatly help in the Trustees constant endeavors to improve the system's usefulness to the community.

Water supply and sewer service are provided by Town Departments and integrated with Metropolitan District systems. The services of these well administered departments deserve and receive the appreciation of the citizens.

The Board of Health's activities are extensive and ever growing and touch upon the lives of all Townspeople. Its management of rubbish-garbage collection and disposal is of a high order. The new disposal area and its long term capacity is the finest, most efficient and nuisance-free of any in eastern Massachusetts.

The Highway Department's extensive activities place heavy demands on its personnel whose labors throughout the Town greatly benefit all the citizens. One very important feature of this Departments' work is the yearly extension, in its long range program started many years ago, of extensive drainage systems so essential for good highways and streets in Milton's troublesome hardpan subsurface.

The Town Engineering Department, closely integrated with the Highway Department, provides innumerable services to 22 or more Town departments and outside agencies. Its constantly keeping our Assessors Plans up to date in the location of all structures, new sub-divisions and new owner names contributes to making our Milton Assessors' Plans what we believe to be the best in all Massachusetts.

Contributing to the amenities of Milton also, of course, are the services and contributions of the Park Department and its extensive and growing facilities, the Forestry Department, the Cemetery Department, the Public Welfare Department, the Wire Department with its care of police and fire signal systems and traffic lights, the "Superintendent of the Town Hall and Lot" and that most self-deprecating of all Milton's agencies, the "Fence Viewers of The Town of Milton".

No summary of Milton's amenities, however short or abbreviated could fairly be concluded without paying tribute to those wonderful, privately supported, public service institutions with such great impact on the lives of the people of Milton: the Cunningham Foundation, The Milton Hospital and the Milton Social Service League.

Here then, in short summary are some of the highlights of public services in the Town of Milton. They are some of the facts behind the figures.

That is the face of the coin, and pleasant to contemplate, but what is on the reverse of the coin? All those services do not come easily for the taxpayer. What is the perspective for him? In rounded figures it is shown below.

> ***"Taxes develop from citizen demand for governmental activities requiring appropriations payable through taxation."***

In 1955 the taxpayers of Massachusetts paid:

Federal Taxes of all kinds, about (pages 238/9)		$2,350,000,000
State Taxes of all kinds, about (page 238)		413,000,000
Municipal Taxes:		
Real Estate	$424,000,000	
Personal	42,000,000	
Poll	3,000,000	
Motor Vehicle Excise	43,000,000	512,000,000
Total State and Municipal		$ 925,000,000

55 per cent of *all* Massachusetts state and local taxes are thus assessed on the taxpayers' person or personal holdings, and *46 per cent* on real estate. *Little wonder that serious people are seeking ways to relieve such a burden on real estate so that its value is not impaired or destroyed by such excessive burdens!*

In Milton in 1956 there was spent by the Town Meeting $3,400,000. Income from various sources reduced the amount to be raised by the tax levy to $2,600,000.

Real Estate Taxes	$2,400,000
Personal Taxes	200,000

Thus, of the appropriations of $3,400,000., *76 per cent* of the burden was placed on real estate. ***The fair and conscientious distribution of that burden on all the real estate taxpayers in Milton is the most important and serious responsibility of your Assessors!***

For those who have come to know them, the Annual Town Reports are most interesting yearly reading. There perusal, we are sure, will interest the citizens and taxpayers and help each one the better to *"KNOW YOUR TOWN."*

FROM: 1956 MASSACHUSETTS FEDERATION OF TAXPAYERS ASSOCIATIONS, INC. "DIGEST"

THE BURDEN OF FEDERAL TAXES IN MASSACHUSETTS

A study by the Federation revealed that in 1952 the Federal taxes actually collected in Massachusetts represented only about 76% of the Federal taxes actually paid by Massachusetts consumers and taxpayers.

Applying this same percentage to the $1,780,000,000 collected in Massachusetts in 1955 as reported below, would indicate that the total Federal taxes derived from Massachusetts in 1955 were over $2,350,000,000.

REPORT OF THE TRUSTEES OF THE MILTON CEMETERY

January 8, 1957

The Trustees of the Milton Cemetery respectfully report for the year 1956 that:

1. 234 burials were made.
2. 37 lots and 29 single graves were assigned to residents.
3. 63 foundations for monuments were built. 21 markers were set, of which one required a foundation.
4. The appropriation for 1956 for the Cemetery was $67,377. Expenditures were $64,691. Receipts totalled $33,032.46, of which $11,297.40 was interest on Perpetual Care and Trust Funds. The cost to the Town was 72c on the tax rate.
5. $13,509.00 was added to the Perpetual Care Fund bringing total deposits to $405,090.87.
6. We had planned a three-year program for the restoration and repair of trees damaged in the 1954 hurricance. Due to keen competitive bidding it was possible to complete this work in two years.
7. Beginning this year we had 145 Single Graves and 179 lots laid out and ready for assignment to residents.

The Cemetery has enough land graded and seeded, but not laid out, to make an additional 800 single graves and 181 lots.

Respectfully submitted,

NORMAN PIERCE, Chairman
CHARLES L. HIBBARD, JR., Secretary
EDMUND J. BURKE
JOHN E. SHELDON
THOMAS WHEELER

Board of Trustees

REPORT OF FIRE DEPARTMENT

January 2, 1957

To the Honorable Board of Selectmen
Gentlemen:

I herewith submit my report of the Fire Department for the year ending December 31, 1956.

Alarms

There were 612 alarms of fire received during the year; 169 Bell alarms, four of them being General Alarm fires, and 443 Still alarms.

Alarms Each Month

January	48	May	68	September	27
February	25	June	48	October	68
March	37	July	40	November	66
April	93	August	50	December	42

Mutual Aid

Milton to Boston	2	Boston to Milton	3
Milton to Quincy	9	Quincy to Milton	7

Work Performed

Feet of hose laid (1½ inch)	12,420	Gallons of water:	
Feet of hose laid (2½ inch)	26,550	Booster tanks	53,599
Feet of ladder raised	2,675	Oxygen tanks (medical)	34
Lines laid	55	CO2	17
Salvage covers	18		

Other Calls

Persons locked out of homes, released children from locked and upper rooms, released cats from trees and roofs; boat used for rescue work and dragging for persons drowned; gas leaks and fumes in basements; flushed streets as result of accidents; Inhalator-resuscitator calls during the past year numbered thirty-four for heart attack, shock and drowning victims. With the increase of the numerous and varied types of home electrical appliances being installed, there is an increase in the number of residence calls for fire and/or defective equipment such as washers, dryers, ranges, television sets, refrigerators, oil burners, water heaters, etc. During this past year there was a number of vehicle fires and accidents, leaking oil tanks and flooded cellars were pumped out while the number of false alarms was forty-one.

Inspections Made—Permits Issued

Permits		*Inspections*	*Permit Copies Issued*
Power Oil Burners	253	495	109
Range Burners	1	2	

Tanks:

Petroleum Gases	3	9	
Compressed Gases	88		
Diesel Oil	2	6	

Out of door fire permits	1187
Inspection of stores, garages, complaints, etc.	1061

Apparatus

General repairs and overhauling was necessary and made by the Department mechanic on all pieces of motor apparatus during the year thus all of the fire apparatus is in very good operating condition. Ladder #2 was completely refinished and painted. The radio equipment installed on all pieces of apparatus had periodical check-ups and inspections thus maintained in excellent condition.

Engine #4 and Combination #1 are in dire need of repainting and refinishing.

Buildings

Extensive major cement floor work was completed at Engine #2 station and interior work consisting of calcimining ceilings, sanding floors and painting walls was done at both Engine #4 and Central stations.

General repairs, maintenance and upkeep were made at all three stations throughout the year.

Personnel

On March 1, 1956, Richard G. Erwin was appointed a Permanent Fire Fighter and on May 3, 1956, Edward E. Linehan was appointed a Permanent Fire Fighter. Fire Fighter John J. Grant was promoted to Fire Lieutenant on December 13, 1956.

These appointments and promotion made during the year in the Department, were made from the existing certified Civil Service lists established as a result of examinations.

The services and very fine cooperation of all members of the Auxiliary Fire Fighters, which is entirely voluntary, continued to be excellent during the year. Fire Fighter Robert O. Tucker has continued to act as the Supervisor of all activities of the Auxiliary Force and to him and all members of the group I wish to extend my sincere thanks.

In Memoriam

Fire Lieutenant Philip V. Manning

Appointed a Call Fire Fighter	May 1, 1940
Appointed a Permanent Fire Fighter	December 15, 1944
Promoted to Fire Lieutenant	February 21, 1952
Deceased	March 20, 1956

REPORT OF FIRE DEPARTMENT

Fire Lieutenant Peter E. Manning, Retired
Appointed a Permanent Call Fighter...........November 5, 1909
Promoted to Call Fire Lieutenant...................June 2, 1921
Retired ....July 1, 1947
Deceased ....November 21, 1956

Recommendations

This year I recommend the appointment of three additional Fire Fighters to augment the manpower of the Department.

Once again, I strongly recommend the purchase of a Ladder truck for the Blue Hill Station. The time is now at hand when it is of dire necessity to have a ladder truck permanently assigned in this area due to the growth, development and type of occupancy in this district. Further request and necessity will be for the added personnel of three Fire Fighters assigned to the ladder truck.

Attention is called to the growth and development of the Town in the Tucker Hill and Hillside Street areas and as a result of this, I further suggest that a Committee be appointed to investigate the possibility and necessity of a future fire station in this area.

I wish to thank your Honorable Board for the many courtesies, advice and assistance rendered and to all Department heads and employees who in any way have aided this Department throughout the year. I am most grateful to the Chief and members of the Police Department for their cooperation.

To the Officers and men of this Department, I take this opportunity to express my sincere thanks for their loyal and faithful services.

Respectfully submitted,

FRED E. WHELAN
Chief of Fire Department

REPORT OF FORESTRY DEPARTMENT

December 31, 1956.

To the Citizens of the Town of Milton:

This year, once more the Town has lost many large elms from the Dutch elm disease, although we believe that we have kept the loss from this disease to a minimum in Milton through proper sanitation and spraying. About 80 elms with the disease were removed by the Department.

In 1956 through an expanded planting budget, we are pleased to report that 108 shade trees were planted as well as about 55 additional trees under our cooperative planting program. Under this system, owners pay the Town for their street trees, while the Town performs the planting.

Two notable changes in the subdivision regulations will increase substantially the number of trees planted, will save the Town a substantial amount of money, and will place trees in a more favorable street location to allow more room and to provide freedom from overhanging wires. One of these changes provides for planting trees in a 5-foot easement, outside of the sidewalk, and next to private property. The other change requires real estate developers to plant street trees at their expense under the supervision of the Tree Warden.

Respectfully submitted,

JOHN T. HEMENWAY
Tree Warden

REPORT OF BOARD OF HEALTH

To the Citizens of Milton:

Submitted herewith is the Annual Report of your Board of Health for the year ended December 31, 1956.

The Board organized on March 7, 1956, elected Paul R. Withington, M.D., Chairman, Thomas H. Bilodeau, Secretary, Paul V. McPeake, Member and appointed Edwin S. Warrell as their Agent. Also appointed were Cleaveland Floyd, M.D., to conduct the Chest Conference, John P. Herlihy, D.M.D., to conduct the Dental Clinics, Ann Hefler, D.V.M., as Inspector of Animals and Slaughter and Howard A. Smith as Inspector of Milk.

Communicable Diseases

Following is a table of communicable diseases declared dangerous to the public health reported during the year and, for comparative purposes, those reported during the years 1951 through 1955:—

	1956	1955	1954	1953	1952	1951
Chicken Pox	91	138	40	239	79	134
*Diphtheria	0	0	1	0	0	1
Dog Bite	134	89	86	95	77	89
Dysentery	0	0	0	5	1	0
German Measles	49	3	22	83	170	12
Hepatitis, Infectious	1	2	1	0	0	0
Measles	5	330	85	212	493	147
Meningitis	1	0	0	0	0	1
Mumps	208	97	58	63	19	112
Ophthalmia, Neonatorium	0	0	0	0	0	1
*Poliomyelitis	0	8	1	6	1	0
Salmonellosis	0	4	3	0	7	1
Scarlet Fever	49	47	18	6	17	17
Tuberculosis	5	1	6	6	9	10
**Whooping Cough	3	3	24	2	1	19
Chancroid	0	0	0	0	0	0
Gonorrhea	1	1	0	1	0	0
Syphilis	1	0	0	8	5	6
TOTALS BY YEARS	548	723	345	726	879	548

Attention is invited to the absence of diphtheria and poliomyelitis from the list of diseases reported last year and the low incidence of whooping cough. There are many factors to which this can be attributed with the vaccines and toxoids administered through this Board of Health to pre-school and school children playing no small part. While free polio vaccine continues to be available for children and young adults through 19 years of age, vaccine from commercial sources is available for persons of any age. It is recommended that all residents, particularly those under 50 years of age, arrange with their private physicians for a complete course of three inoculations.

REPORT OF THE BOARD OF HEALTH

The Board again wishes to remind householders of their duty in reporting communicable diseases to this Board as they occur.

Immunization Clinics

Completion of the polio vaccine clinics, started in 1955, was accomplished during the year and at this time all children and young adults through 19 years of age have had the opportunity to receive two doses of this material. While in the Commonwealth as a whole it is estimated that only 21 percent of the 15 through 19 year olders have received vaccine, an actual check in the schools indicates that 91.5 percent of this age group in Milton have received two or more doses. This high immunization level is due in part to the excellent cooperation of the local physicians, volunteer nurses, aides and other personnel, and a high priority for vaccine maintained with the Department of Public Health during the various phases of the program. Clinics for the administration of a booster dose of vaccine will be organized in late March and early April for both pre-school and school children. After June 30th, free vaccine will be available for administration only by a private physician to children under 1 year of age and maternity cases and for children under 1 year of age at a clinic to be conducted by this Board of Health in conjunction with the well-child conferences of the Visiting Nurses Association.

The Annual diphtheria and tetanus immunization clinics were conducted during the latter months of the year in the various public schools and at St. Agatha's where 955 children from kindergarten through junior high school age were given protection against these diseases by the administration of boosters or the complete course of three inoculations of a double antigen. In addition, 42 pre-school children were administered a triple antigen giving protection against whooping cough as well as diphtheria and tetanus at the well-child conferences.

Dental Clinic

A report of the dental clinic may be found in the school department's section of this Annual Report. With the cooperation of Doctor Herlihy, the school dentist, the Board of Health is now studying methods of stressing dental health education, regular periodic dental examination of all children in the schools with reporting to the parent following each such examination and follow-up of those cases where dental defects are not being corrected.

Chest Conference

The Chest Conference is a coordinated study of medical history, physical condition and chest x-ray findings on active and arrested tuberculosis cases, contacts of such cases and persons having pulmonary symptoms. The Conference is conducted by Doctor Cleaveland Floyd, who serves for a very nominal honorarium, in the Milton hospital each month. Attendance is by appointment after referral by a physician. Persons wishing a chest x-ray examination without referral may have it without cost at the Quincy Health Center or at the Norfolk County Hospital in Braintree by making appointment with those facilities.

In the year being reported upon twelve conferences were held where 153 individuals were examined. There were no new cases of tuberculosis revealed at the conferences during the year.

Hospitalization

During the year 13 residents were hospitalized in the Norfolk County Hospital for tuberculosis and one in the Haynes Memorial Hospital for Scarlet Fever. In addition, the Board was called upon to finance the hospitalization of one of the eighteen premature infants born to Milton residents during the year.

Milk Sanitation

The milk supplied the Town during the year continued to be of excellent quality. During the year 384 samples of milk were collected from various dealers selling milk within the Town and tested for fat content, milk solids, bacteria, coliform and proper pasteurization in our State approved laboratory. Seven samples of cream and nine samples of ice cream were also collected and tested. A report of milk analyses are published in both local newspapers every six months and copies are available through the office of this Board for information of residents.

Inspection of Animals and Slaughter

The Inspector of Animals and Slaughter reports that while no slaughtering was done in Milton during the year, 120 dogs were examined and quarantined after biting humans and the premises of six barns and the 277 livestock therein were examined. Fourteen dogs from other communities were examined and quarantined in their home community after biting Milton residents.

Rodent and Mosquito Control

The problem of rodent control continues to be important particularly in the areas near the brooks within the Town and where road or sewer construction projects are underway. Good sanitation, consisting chiefly of adequate refuse storage, collection and disposal practices is one of the most effective measures available for controlling rats. The Town provides excellent collection and disposals but numerous residents are lax on storage between collection periods. Garbage should be stored only in metal containers which do not leak and which are equipped with tight fitting covers. Rubbish should be stored only in metal containers, manufactured for the purpose, between the collection periods. Rubbish should not be stored, or set out for collection, in cardboard boxes or paper bags. This practice provides food and shelter for rats.

Regular rodent control measures are carried out at the Town Disposal Area with excellent results.

Last summer when encephalitis, a mosquito borne disease, was declared a threat to Southeastern Massachusetts this Board caused all streets and catch basins to be sprayed from the ground. Swamps and other known mosquito breeding places were sprayed from the air.

As a result of the vote of the last Annual Town Meeting, Milton is now a member of the Norfolk County Mosquito Control Project which maintains headquarters in the Town of Norwood. All mosquito control measures in Milton, as well as 21 other communities of the County will be exercised by this Project in the future. A copy of the Project report will be found elsewhere in this Annual Report.

Rubbish-Garbage Collection and Disposal

A new contract for the collection of garbage and rubbish was effected last May 1st, and, at the time of this report, Mr. Charles B. Bosworth, Jr., the contractor, has carried out his obligation to the Town in a most efficient manner and has been most cooperative with the Board of Health on all occasions. The equipment used in the collections is now stored off Horton Place. The Board is of the opinion that if trucks must be stored out of Town it would result in increased expense to the Town. Collections of rubbish and garbage are made Mondays through Saturdays and on all holidays except Christmas, Thanksgiving, Memorial and Veterans Days. The garbage is removed from Town and fed to swine while the rubbish is taken to the Disposal Area and burned.

The Disposal Area, off Randolph Avenue, continued to operate in an efficient and economical manner. It is open from 8 A.M. to 12 Noon and from 1 P.M. to 5 P.M. Mondays through Saturdays and on all holidays except those mentioned above. The roadway to the Area will be resurfaced during the coming year, according to the Board of Selectmen, and a sum of money has been inserted in the estimates of the highway department for the purpose.

Finances

The appropriations of the Board during the year amounted to $123,193.66 while the expenditures were $120,891.11. Income from various sources during the year was $3,619.00.

The Board wishes to express its sincere thanks to the numerous individuals, particularly those assisting with the immunization clinics under the leadership of Mrs. Walter Weeden, and the several Town departments for their cooperation with its programs during the year.

PAUL R. WITHINGTON, M.D., Chairman
THOMAS H. BILODEAU, Secretary
PAUL V. McPEAKE, Member

NORFOLK COUNTY MOSQUITO CONTROL PROJECT

REPORT TO TOWN OF MILTON

Chapter 341 was enacted by the Legislature on May 19, 1956 creating the Norfolk County Mosquito Control Project. On July 1, 1956 actual Mosquito Control operations began. The 22 towns within the project include: Avon, Bellingham, Canton, Dedham, Dover, Foxboro, Franklin, Holbrook, Medfield, Medway, Millis, Milton, Needham, Norfolk, Norwood, Plainville, Randolph, Sharon, Stoughton, Walpole, Westwood, and Wrentham. The aggregate annual appropriation for the project is $70,000.00. This report covers the period from July 1, 1956 to January 1, 1957.

Annual Appropriation	$6,195.00
Expenditures to Jan. 1	1,180.47
Balance	$5,014.53

On August 3, 1956 a human case of Eastern Equine Encephalitis (Horse Sleeping Sickness) was reported to the State Health Department. There followed in rapid succession a number of other human cases as well as infections in horses and pheasants, the latter believed to be a reservoir for the virus disease. To combat the outbreak within the project area, funds made available by the State were used by the project in the town of Milton as follows:

Aerial Spraying	435 Acres
Mist Blower Spraying	700 Acres*
Total Acres Sprayed	1135 Acres

*Approximately 200 acres of the 700 acre total were sprayed with the Milton Forestry Department equipment and personnel; the insecticide was supplied by the project.

Respectfully submitted,

JOHN C. KUSCHKE
Superintendent

OFFICE OF THE FENCE VIEWERS

January 14, 1957

To the Honorable Board of Selectmen
Milton, Massachusetts

Gentlemen:

Relative quiet has reigned on the fence viewing front during 1956.

Respectfully submitted,

RICHARD H. SCHMIDT
GEORGE N. HURD, JR.
Fence Viewers

REPORT OF WIRE DEPARTMENT

Milton, Massachusetts, January 10, 1957

To the Honorable Board of Selectmen
Milton, Massachusetts

Gentlemen:

I herewith submit my report of the Wire Department for the year ending December 31, 1956.

Number of inspections made	1,986
Number of certificates issued	390
Number of incandescent lamps wired	11,303
Number of motors installed	574
Total horse power	304
Number of heaters and ranges installed	294
Total watts	2,963,400

Permits were issued as follows:

Month	Total No. Permits Issued	Original	Alterations	Fees Received
January	63	8	55	$ 111.90
February	66	9	57	105.90
March	53	12	41	104.85
April	51	6	45	85.65
May	46	4	42	68.80
June	64	14	50	126.50
July	82	10	72	145.30
August	81	18	63	180.85
September	67	9	58	130.15
October	101	12	89	159.80
November	75	8	67	116.95
December	61	9	52	106.40
	810	119	691	$1,443.05

Fees for the above permits amounting to One thousand Four Hundred and Forty Three Dollars and Five Cents ($1,443.05) have been collected and paid to the Town Treasurer.

Fire and Police Alarm Signals

New Fire Alarm Boxes have been installed at the following locations:

713 Guilford road at Number 43
382 Clifton Road at Number 45
148 Valentine Road at Number 78
354 Ridgewood Road at Brewster Road
273 Blue Hill Avenue at Prince Street
649 California Avenue at Number 54
149 Blue Hill Avenue at Cheever Street
Replaced Box #35 with New Type Box

New Lines Installed for Above Boxes

Granite Avenue to Box 713 (Guilford Road)	1,400 ft.
Reedsdale Road to Box 382 (Clifton Road)	1,300 ft.
Blue Hill Avenue and Prince Street to Box 148 (Valentine Road)	2,040 ft.
Nahanton Avenue and Brewster Road to Box 354 (Ridgewood Road)	800 ft.
Blue Hill Avenue and Annapolis Road to Box 273 (Blue Hill Ave.)	1,400 ft.
Squantum Street and Hurlcroft Road to Box 649 (California Ave.)	2,400 ft.
Blue Hill Avenue and Cheever Street connected to existing Lines	

Replacements and Repairs

Wire was replaced in the Fire Alarm System at the following locations:

	Iron Wire
Clapp Street from Walnut Street to Central Avenue	1,600 ft.
Governor Stoughton Lane from Canton Avenue to Box 512	3,600 ft.
Whitelawn Avenue from Canton Avenue to Pole #3	600 ft.
Blue Hill Avenue from Cheever Street to Pagoda Street	400 ft.
Mechanic Street from Adams Street to Box 673	800 ft.

	2 Wire Loom Cable
Whitelawn Avenue	100 ft.
Eliot Street	75 ft.

Replaced Circuit #4 Fire Alarm Batteries with new Batteries.

All Fire Alarm Boxes within the town were tested and adjusted where necessary.

New Auxiliary Fire Alarm System at the Milton Convalescent Home was connected to the town Fire Alarm System.

General maintenance, repairs and improvements were made throughout the Police Alarm System:

A New Emergency Generator was installed at Engine 4.

All Fire Alarm Boxes were painted.

Fire Alarm Boxes and Lines were transferred from old poles to new poles in numerous locations throughout the town.

Replacements and Repairs

Police Alarms System:

Replaced Lines on Edge Hill Road from Fuller's Lane to Collicot School	1,500 ft.
Replaced Two Wire Loom Cable on Houston Avenue from Thacher Street to Blue Hills Parkway	1,500 ft.

Installed New Emergency Generator at Police Station to replace old one.

All Police Boxes were painted, oiled and repaired.

Considerable maintenance work has been done in the various town departments.

Traffic Lights

The following Traffic Lights were replaced due to accidents:

Traffic Light at Canton Avenue and Thacher Street was repaired after being struck by an automobile.

Pedestrian Standard on Adams Street (Milton Village) replaced after being knocked down and broken.

Replaced Head of Traffic Light at Randolph Avenue and Centre Street after it was knocked over.

Replaced Head and rewired Traffic Light at Canton Avenue, Reedsdale Road and Centre Street.

Replaced Traffic Light Standard in East Milton Square after being knocked down.

Replaced Traffic Light Standard and Traffic Light Controller at Brook Road and Centre Street after being demolished.

Changed Timing on Traffic Lights at Randolph Avenue and Centre Street.

New Duct and Cable were installed at Reedsdale Road, Canton Avenue and Centre Street to change Timing and Traffic Pattern.

All Signals were painted, oiled and repaired.

New Southeast Expressway

Due to the construction in East Milton Square it was necessary to run overhead cables and install temporary Traffic Lights to take the place of old Traffic Lights which were removed.

Replaced 50 feet of broken duct from island in front of Fire Station to the basement of Fire Station.

New cable was installed from basement of Fire Station to manhole in island and installed Police Recall Light and Fire and Police Boxes in permanent Pedestal on island.

The permanent Traffic Light System was installed and Remote Control installed on island. The temporary lights were removed.

Due to the widening of Granite Avenue from Hope Avenue to Granite Avenue Bridge over the Neponset River it was necessary to remove all construction of the Fire and Police Alarm Systems from the west side of Granite Avenue to the east side. This work has been completed.

I wish to thank your Honorable Board for your advice and assistance during the past year, all Town Departments for their cooperation, also, the members of the Wire Department for their excellent work.

Respectfully submitted,

M. R. MacMILLAN
Inspector of Wires

REPORT OF BUILDING DEPARTMENT

January 8, 1957

Honorable Board of Selectmen
Milton, Massachusetts

Gentlemen:

I hereby submit my report for the Building Department for the year ending December 31, 1956.

Month	Number of Permits	Permits for New Dwellings	Permits for New Garages	All Other	Permits for Alterations	Valuation	Fees Received
January	43	18	16	2	7	$ 147,455.00	$ 159.00
February	18	4	5	0	9	53,314.00	60.00
March	29	7	7	0	15	83,580.00	94.00

	560	114	111	8	327	$1,922,654.00	$2,141.00

On June 6, 1956, John M. Hannigan was re-appointed as Deputy Inspector of Plumbing and on July 23, 1956, Frederick L. Ripley was appointed Inspector of Plumbing.

On June 30, 1956, Lorenzo E. Young, Inspector of Plumbing for many years, passed away. Highly respected and loved by all who knew him, he is sadly missed.

On May 10, 1956, I was appointed Building Inspector.

On June 5, 1956, Fred P. Carlson was re-appointed as Deputy Building Inspector.

I wish to extend to the Honorable Board of Selectmen my sincere appreciation for their cooperation during the year.

Respectfully submitted,
JOHN D. MacKINNON
Building Inspector

REPORT OF INSPECTOR OF PLUMBING

Milton, Mass., December 31, 1956

John MacKinnon, Inspector
Building Department
Town Hall, Milton 86, Mass.

Dear Sir:

Following is a summary of the work of the Department of Inspection of Plumbing for the Year 1956:

Month	Total No. Permits granted	Original work	Alterations	Fees received	Valuation of work
January	29	8	21	$ 82.00	$ 15,120.00
February	26	7	19	73.00	11,080.00
March	44	13	31	127.00	25,480.00
April	19	5	14	53.00	10,035.00
May	26	10	16	82.00	18,666.00
June	31	15	16	107.00	25,035.00
July	40	10	30	109.00	20,485.00
August	42	13	29	123.00	29,990.00
September	40	14	26	122.00	22,570.00
October	35	9	26	97.00	15,785.00
November	30	8	22	84.00	22,221.00
December	31	5	26	77.00	15,135.00
	393	117	276	$1,136.00	$231,602.00

Permit Fees which have been received on account of the Town have been paid to the Town Treasurer and Collector, whose receipts for the amounts of Eleven Hundred Thirty-Six ($1136.00) dollars are held by me.

Respectfully submitted,

FREDERICK L. RIPLEY
Inspector of Plumbing

REPORT OF SEALER OF WEIGHTS AND MEASURES

Milton, Mass.
January 2, 1957

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report of Weights and Measures.

All monies received on account of sealing and adjusting fees have been paid to the Town Treasurer. This amounts to $215.90.

Number of Scales, Weights and Measures sealed	395
Number adjusted	74
Number condemned	1
Number reweighings	1,305
Number found correct	11
Number found underweight	322
Number found overweight	972

Deliveries to Town measured or reweighed:

Total weight of material measured or reweighed	566,500 lbs.
Deliveries inspected	28
Deliveries found short	17
Deliveries found correct	5
Deliveries found over	6

Respectfully submitted,

FREDERICK L. RIPLEY
Sealer of Weights and Measures

REPORT OF THE BOARD OF PARK COMMISSIONERS

January 10, 1957

To the Citizens of the Town of Milton:

The Board of Park Commissioners is pleased to forward its report of the Milton Park Department for the year 1956

M. Joseph Manning, Jr. was re-elected on March 3, 1956 for a term of three years. On March 8, 1956 the Board organized as follows: M. Joseph Manning, Jr., Chairman and James A. Aicardi, Secretary.

All the grounds under our control were placed in condition in the Spring for an early opening of activities. Playground apparatus and equipment were placed in position ready for use. Baseball diamonds, tennis courts, basketball courts, horseshoe courts, and the football field were made ready for the heavy schedules of the Milton School system and various organizations of the Town.

During the year this Department constructed a standard size baseball diamond and a standard size football field at the Orrin A. Andrews Playground. These facilities will be available for a heavy schedule of activities in the Spring of 1957. A concrete wall, one hundred eleven feet in length, was constructed on this site between the Playground and private properties on Howe Street. The same length of fence was erected upon this wall. An asphalt area, one hundred twenty-five feet by two hundred feet, was completed in the Fall of this year. This facility will serve as a combination parking area and outdoor basketball court. The serious parking problem that has plagued this area in recent years will be relieved with the addition of this facility.

For 1957 this Board has requested the necessary funds to construct a four foot fence to partially enclose the standard baseball diamond and a set of portable bleachers with a seating capacity of approximately 200. A junior size baseball diamond will be built at this Playground and wall barriers will be put in place along the new parking area. The use of the Orrin A. Andrews Playground is increasing each year and the Board is anxious to provide the proper facilities that are necessary for good wholesome recreation.

The plan to construct a junior size baseball diamond at the Mary Chase Lane Memorial Playground met with protest from the citizens of this area. This plan has been deferred for the present in hopes that other facilities may be utilized for this purpose. The former site of the Vose School and the Turner Pond area are now being considered.

A contract between Marinucci Brothers, Inc. and the Pine Tree Brook Committee was entered into for extensive work to increase the depth of Turner's Pond and various other improvements on this site. When this work is completed in the Spring of 1957, the Board feels that steps should be taken to provide means of recreation for our citizens. Necessary funds have been requested to establish a fishing reservoir for the use of Milton citizens. The over-all cost to the Town will be small as the Board is of the opinion that revenue from registration fees should make this recreation program practically self-supporting. This type of recreation should prove very popular, not only to children but also to our senior citizens. Plans for skating are now being considered for the Fall of 1957.

This Department made great use of the fence obtained from the Vose School lot. Three hundred feet was erected at the Mary Chase Lane Memorial Playground to correct a condition that has bothered those abutters and also to provide a safety enclosure for the small children that use this Playground. One hundred eleven feet was put in place at the Orrin A. Andrews Playground also. The Board wishes to express its sincere thanks to the Honorable Board for this wonderful gift.

The Summer recreation program and the Winter basketball program were carried out by our competent staff of Recreation Leaders. Planned recreational games, educational tours, the Boston Red Sox game, handicraft work, and various other programs of interest drew more attention this year than any other year. The Board is firm in its belief that these recreational programs prove very beneficial to the youth of Milton We will continue to enlarge and improve these programs as the need exists. However, cooperation must be given by the children as well as their parents to curtail the damage and destruction of property upon the Playgrounds so that this Department may continue to provide the very best in recreation and facilities.

Continued requests and demands are made of this Department for recreational facilities in the Blue Hill area and the Tucker Hill area. The loss of the Gould property off Robbins Street at the March, 1956 Town Meeting was a serious setback to the citizens and over three hundred children of this area. It is our firm conviction that immediate steps be taken to provide proper recreational facilities for the citizens in this locality.

In August, 1956, the Board appeared before the Committee on Metropolitan Affairs, Massachusetts Legislature in favor of a bill to provide Playground facilities upon the site of the former C. C. C. Camp off Randolph Avenue. This bill was referred to the Metropolitan District Commission and we are in hopes of favorable action in the near future. Our sincere thanks are extended to Representative John E. Sheldon, author of this bill, who has assisted this Board on this matter.

Studies are now being made to re-construct the Eliot Street Playground. It is the feeling of this Board that this Playground, in its present condition, does not supply proper recreation facilities for the citizens of this area.

Our continued support and assistance are afforded to the Milton Little League, Inc. and Milton Babe Ruth League, Inc. Both organizations deserve a lot of credit for the wonderful work they are doing for the youth of Milton. It is our sincere desire to have the necessary facilities available to both organizations in the not too far distant future.

The Park Commissioners are cognizant of the assistance and cooperation given our Department by other Departments of the Town during the year. To these and Alexander E. Manning, Town Engineer; James J. Maloney, Supt. of Streets; Roger P. Sangster, Supt. of the Town Hall; L. J. Mahoney, Supt. of the Forestry Dept., we wish to thank them sincerely. Our thanks go to our own employees, both regular and part-time, for another fine job done during the year.

Respectfully submitted,

M. JOSEPH MANNING, JR., Chairman
JAMES A. AICARDI, Secretary
ELBURT P. FLETCHER
Board of Park Commissioners

REPORT OF POLICE DEPARTMENT

January 16, 1957

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit my report for the year ending December 31, 1956.

Arrests

Total	263
Males	250
Females	13

Offenses

Armed Robbery	3
Assault & Battery	4
Attempt to commit arson	1
Breaking & Entering	9
Default	1
Delinquency	30
Drunkenness	66
Forgery & Uttering	2
Fugitive from State of Conn.	1
Habitual Truant	2
Illegitimacy	1
Larceny	13
Motor Vehicle Laws, violating	77
Neglect of family	2
Open & Gross Lewdness	1
Operating under influence	25
Receiver of stolen property	2
Robbery	2
Town By-Laws, violating	7
Trespassing in house	1
Using motor vehicle without authority	11
Vagrancy	2

Miscellaneous Work

Ambulance calls	449
Automobile accidents (193 personal injuries—4 deaths)	237
Automobiles found abandoned	21
Automobiles reported stolen	9
Bicycles registered	152
Buildings found open and secured	549
Buildings broken into	35
Cases investigated by officers	3793
Dead bodies cared for	8
Defective hydrants and pipes	23
Defective poles	18
Defective streets and sidewalks	55
Defective trees	27
Defective wires	67

Disturbances suppressed	37
Dogs ordered restrained	112
Houses reported vacant and special attention requested	1492
Lost children restored	36
Missing persons reported	20
Insane persons taken in charge	21
Motor vehicle licenses suspended	26
Officers detailed at request of citizens	1984
Sick and injured persons assisted	198
Street obstructions removed	44
Writs served for other departments	651

There was an absence of serious crime in the Town during the past year. There were, however, several housebreaks in which valuable articles were taken. The majority of these breaks were solved with the apprehension and subsequent conviction of a gang which operated in many communities on both the North and South shores. Our Detective Department did an excellent job in this case and in many others which it handled.

Our cruising cars have been in service night and day as usual and I recommend that three of them be replaced. I am also requesting the purchase of an oxygen inhalator for the ambulance and sufficient money to enable this Department to join the inter-department radio circuit with other adjoining communities.

Two promotions were made this year. Lieutenant Domenic V. Giuliano was promoted from Sergeant on November 29th and on the same day, Joseph C. Ryan was promoted to the rank of Sergeant.

Seven new men were appointed during the year to fill vacancies. Paul J. Tegan, Lawrence G. Gettings, Eugene T. Clement, Joseph J. Noris and John C. DeMattia were appointed on April 12th. Joseph F. Hardcastle was appointed on November 20th and James P. Coady was appointed on December 20th. Gerard R. Mattaliano returned to duty on March 15th after a tour of duty in the Navy. Kenneth L. Taber who resigned last year was reinstated on March 29th. Richard G. Erwin resigned from the Department on February 29th.

As a result of Civil Service examinations, Mrs. Catherine D. Peacock received a permanent appointment as Principal Clerk and Stenographer on May 3rd and Mrs. Catherine A. Stover was appointed Regular Part-time Clerk on August 3rd.

Two retired members of the Department died during the year. Norman R. Bowman, a Sergeant for many years, died February 20th and Michael J. Murphy, a patrolman of many years' service, died August 3rd.

The morale of the Department has been very good and the members are to be commended for the fine work that they have done. The work done during the snowstorms in March was particularly outstanding.

The School Traffic Supervisors have continued to do a good job.

The Milton Auxiliary Police Officers have maintained an interest in the program which is directed by Deputy Chief John W. Dalton. With the assistance of many members of this group, the Town enjoyed a comparatively peaceful Hallowe'en.

To the officers and men of the Department, I wish to extend my sincere thanks for their continued loyalty and cooperation. I also wish to thank the Board of Selectmen, the Justices, Clerks and Probation Officers of the Courts and officials and employees of other Town Departments who have assisted us during the year.

Respectfully submitted,

JOHN E. WHEARTY
Chief of Police

REPORT OF THE PLANNING BOARD

December 31, 1956.

To the Citizens of the Town of Milton:

The Planning Board submits the following report for the year 1956.

At the annual election of town officers in March, Mr. George N. Hurd, Jr. was elected for a five year term.

The year 1956 was a very busy year for the Milton Planning Board, beginning with its first meeting on January 3rd when a petition signed by ten citizens was received requesting a public hearing on a proposed amendment to change the Zoning By-Law and Zoning Map by increasing the lot sizes in Residence A, B and C Districts. A public hearing was held February 6th at the Town Hall for consideration of this amendment. The Planning Board recommended against any change at that time. However, as considerable interest was shown in the proposed zoning changes, an article was inserted in the March Town Meeting Warrant requesting that a complete study be made by the Planning Board of the present Zoning By-Law to see what revisions, if any, were desirable, including, without limiting the general scope of the study, area provisions in Residence Districts A, B and C and to report its recommendations, if any, to the next Annual Town Meeting. The article was passed and $2,000.00 was appropriated for the use of the Planning Board for this purpose. After considerable effort, Adams, Howard & Greeley, one of the top firms of City Planning Consultants, was engaged to assist the Planning Board in this study. However, due to previous commitments, the Planning Consultants could not start on this study until October 1st. As a result of conferences between the Planning Board and the Planning Consultants in connection with Milton's Planning and Zoning problems, we received from the Planning Consultants three proposals. The first two covered the preparation of a General Plan of the Town showing future advisable patterns of land use for residences and business, major highways and connecting streets, etc., as well as recommended revisions of the Zoning By-Law and Map insofar as would be necessary to effectuate the land use proposals of the General Plan. The above projects to be completed by December 1, 1957 at a cost of $8,600. The third proposal was for the preparation of a long range capital improvements program which would establish priorities for all major public improvements included in the General Plan which could be undertaken during the next five or six years together with a proposed method of financing. Such a program should prove to be of considerable assistance to the Town in its determination of fiscal policy as it relates to major public improvements. The above project was also planned to be completed by December 1, 1957 at a cost of $5,000. The Planning Board authorized the consultants to proceed with the work within the limits of their available funds, (namely the above mentioned item of $2,000. plus a budget item of $1400. for special services) which would leave an amount of $5,200.00 to be appropriated at next March Meeting for the completion of the first two proposals covering the work necessary for the developing of the General Plan. The Planning Board strongly recommends that this appropriation be made. If the Town makes this appropriation, Federal Funds of an equal amount are available on application under Title 7 of the Housing Act of 1954 thus enabling the Planning Board to complete the third proposal with no additional cost to the Town.

During the year twenty-five meetings were held, included in which were eight public hearings, six on proposed land subdivisions held under the Subdivision

Control Law and the Rules and Regulations of the Planning Board, one on proposed amendments to the Zoning By-Law and one on proposed amendments to the Rules and Regulations of the Planning Board. The latter was held May 10, 1956 when four changes to the Rules and Regulations were considered. Three of these changes were of a technical nature introduced to assist the Planning Board in administering their Rules and Regulations and the other change provided for the planting of shade trees in new developments where, in the opinion of the Tree Warden, existing woodlands or individual shade trees were inadequate. Any trees planted because of this new proposed rule would be paid for by the developer and planted in a five foot easement reserved for this purpose behind the street line. Following the public hearing, the Planning Board voted unanimously to adopt these four amendments and incorporated them in their Rules and Regulations.

The second step of the Pine Tree Brook project between the Glover School and Brook Road was completed in the fall and without question is a fine improvement. Bids were opened December 18, 1956 for the third step of this work. With the increased prices of both labor and material, the money originally appropriated for step four was used for the step three contract. At the close of the year, the contract had not been awarded, but according to State officials, work will be underway early in 1957. Although we realize the added expense of this brook work, there does not appear to be any immediate chance for lower cost construction; therefore, we hold to our recommendation of many years standing to continue the Pine Tree Brook work until it is completed.

Adams Street widening in Quincy, from Furnace Brook Parkway to the Milton-Quincy line, has been approved by the State. Milton's request for funds to assist in widening the section of Adams Street from East Milton Square to the Quincy line should follow immediately after the opening of the Southeast Expressway. The Planning Board once again advocates this widening and construction of Adams Street.

The Planning Board wishes to thank the personnel in various Town departments and on Town Boards and Committees for their cooperation and assistance.

Respectfully submitted,

JOHN H. BOWIE, Chairman
EDWARD DYSON
RAY A. HINDS
GEORGE N. HURD, JR.
BENJAMIN R. ALEXANDER

REPORT OF BOARD OF PUBLIC WELFARE

January 14, 1957

To the Citizens of the Town of Milton:

Another busy year has been experienced by our staff during the past 12 months. In spite of many handicaps during the year, it was gratifying to the Board that Miss Moynihan, our Agent, received commendation from the State Department of Public Welfare following a study of procedures in our office for conformity with the laws. It stated in part, "The study showed the work to be handled very well indeed in your community. This letter will acknowledge very good procedures. and you and your staff should be commended for the kindness and thoughtfulness to your recipients."

There were many changes during the year. One that affected all categories of relief was a cost-of-living increase of 5.07% in assistance payments of recipients, effective July 1, 1956, brought about by a report of the Division of the Necessaries of Life, making adjustment on all basic budget items.

The 1956 amendments to the Federal Social Security Act made many changes which affect the various phases of public welfare. The amendments allow for an increase in Federal participation in the categories of Old Age Assistance, Aid to Dependent Children and Disability Assistance, thus reducing the State and local shares. Also, many more individuals will be eligible for benefits under the Social Security program—women at age 62, effective November 1, 1956; disabled children over the age of 18, effective January 1, 1957, and disabled workers at age 50, effective July 1, 1957. Again, these benefits reduce the State and Town shares of public welfare costs.

Chapter 653 of the Massachusetts Acts of 1956 became effective November 7, 1956, and amended the Old Age Assistance law by extending eligibility to non-citizens over 65 who have resided in the United States for 20 years. To date this has had little effect in our town.

Dr. Seth C. Crocker was re-appointed Medical Consultant to serve a third year beginning November 1st. The office of Medical Consultant is of invaluable service to the public welfare program since medical problems and medical costs continue to increase.

Total medical costs in 1956 in relation to total expenditures are listed herewith:

	Medical Payments	Total Expenditures
Old Age Assistance	$66,993.41	$188,547.71
Aid to Dependent Children	1,979.97	13,638.67
Disability Assistance	9,476.78	19,462.57
General Relief	2,520.98	12,667.29

We herewith present further statistics which may be of interest:

	Active as of Jan. 1, 1956	Applications Received	Applications Approved	Cases Closed	Active as of Dec. 31, 1956
Old Age Assistance	185	30	23	35	173
Aid to Dependent Children	10	3	3	8	5
Disability Assistance	18	6	4	7	15
General Relief	3	3	3	3	3

REPORT OF BOARD OF PUBLIC WELFARE

In accordance with the law, many notices are received each year from other cities and towns and hospitals for care and aid rendered, and our office, through investigation, must determine financial responsibility. During 1956, 108 legal notices were received, as follows:

For Old Age Assistance	41
For General Relief and hospitalization	38
From Milton Hospital	29

The Aid-to-Dependent-Children caseload is down to an all-time low, as 7 families became self-supporting. We were pleased that under the Disability Assistance program, 2 disabled persons regained health and returned to employment.

There were 5 reimbursements to the Town for previous aid rendered, totalling $4,288.78. Under Old Age Assistance there were 3 and 1 of these was to release a lien on real estate; the other 2 were under Disability Assistance.

The Milton Board of Public Welfare is constantly aware of the dedicated interest of Mrs. Roderick Stebbins in the welfare of the citizens of our town. As Consultant to our Board and staff, her wise counsel and understanding are of inestimable value to us, and we are privileged to have her continued help. The Town of Milton in indeed indebted to Mrs. Stebbins for her many years of voluntary and devoted service as a former board member and in many other capacities.

The Board and staff wish to express appreciation to the Jewish War Veterans for remembering families at Thanksgiving and to the Milton Elks and Mattapan-Milton Lions Club for bringing happiness to many families at Christmas time. The Milton Visiting Nurse and Social Service League, The Milton Hospital and other private agencies, as well as all the Town Departments have freely given us their interest, understanding and co-operation throughout the entire year.

Respectfully submitted,

EDWARD C. JOHNSON, 2d, Chairman
G. PHILIP GRABFIELD, M.D.
JOSEPH J. O'BRIEN
OLIVER S. SUGHRUE
FLORENCE C. WISLOCKI, M.D.

REPORT OF THE TRUSTEES OF MILTON PUBLIC LIBRARY

January 9, 1957

To the Citizens of Milton:

By far the most important happening affecting our Public Library in many years was the passage at Town Meeting on March 10, 1956 of the article authorizing the construction of the addition to the central library building. Ground was broken late in the fall, and work is now progressing with the expectation that the building will be ready for use by September or October of 1957.

Our gratitude is due to each of the two committees which have played such important parts in successfully getting this project underway. The Committee appointed in 1955 under the chairmanship of Mr. Louis P. Mathieu to study the need of the town for a library addition submitted a thorough and convincing report, and the committee to complete the plans and supervise construction, under the chairmanship of Mr. Joseph J. O'Brien, is now well along on its part of the work.

Another noteworthy improvement has been the renovation of a portion of the lower floor of the East Milton branch to make a fine new children's room. In this project the efforts of our own staff contributed in no small way toward its completion and also its attractiveness. It will fill a long felt need in our library service to this section of the town.

For some years, both the School Department and the Library Department have been aware of the advantages that would accrue to the younger children of the town from the addition of a School Librarian to the Library staff, and the installing of small library branches in the elementary schools. The past year has given us the opportunity to improve our service in this respect, and we have been fortunate in obtaining the services of Miss Mary Harnedy as School Librarian, and five schools have been equipped with school libraries.

During the year there have been two changes in our Board of Trustees. Mr. Roger Wolcott, whose term expired in March, felt that he should not seek reelection, and thus brought to a close a period of service to the Library of more than twenty-six years. He was first elected a Trustee on July 9, 1930. He brought to the Library a wide knowledge of books, a firm belief in the benefits of a good library, and a broad interest in the Town of Milton. His contribution was a large one. Another Trustee, Mr. Bowman Graton, resigned in October due to a change in his residence from Milton to Duxbury. He had served since March 1946. We are grateful to both of these gentlemen and shall miss them.

It is a pleasure to welcome the two new members of our Board,—Mrs. Charles F. Morse, Jr., elected March 3, 1956, and Colonel Edward P. Hamilton, elected December 6, 1956. We are delighted to have them with us.

The detailed information covering circulation of books, periodicals, and recordings is contained in the report of the Librarian. It is worthy of note, however, that our book circulation showed an unusually large gain, and thus continues to confirm our belief that we should be prepared to handle the steadily growing use of the Library by the people of Milton.

In closing this report, may I record our appreciation to the Librarian and to the other members of the staff for the diligent and cheerful way in which they have carried on the work of a busy year. Our gratitude is due them all.

Respectfully submitted,

MILTON PUBLIC LIBRARY ANNUAL REPORT

January 9, 1957

To the Board of Trustees of the Milton Public Library I have the honor of presenting the annual report for the year ending December 31, 1956. This is the eighty-fifth annual report.

Worthy of Note in 1956

Several events of major importance occurred in the Library Department in 1956. Of primary importance was the passage of Article 30 of the Town Warrant at the regular Town Meeting. This assured the Library of its much-needed addition. Construction began in November, and by this time next year we should be installed in our new quarters and organized to give better service to all age groups.

This year also was the occasion of the refurbishing of the East Milton Branch Library, and the establishment in the basement of a most attractive children's room. The entire project was financed from income of the N. T. Kidder Fund, and our own custodians did most of the redecorating and refinishing. This room has made possible many activities for children, and a regular story hour will soon be added. On December 22nd a most successful Christmas party was held here with about 100 children attending. Decorations and most of the refreshments were made by the children. Adult patrons are now enjoying the comparative quiet of the renovated reading room upstairs. A gain of 6692 in circulation is reported in this branch. Much of it can be attributed to our "new look."

Our third major step this year was the appointment of a full-time school librarian to our staff. This enabled extension of school library services to all five elementary schools. That such service is wanted is evidenced by the enthusiastic response of teachers, parents, and pupils. On all sides we have met splendid co-operation and appreciation.

Staff changes have been many again this year. Miss Sylvia Watson has been transferred to East Milton to the new Children's Room. Here she can make use of her talents in arts, handcrafts and children's literature; and of her enthusiasm for work with children.

Miss Hope Brown is now the librarian at the Kidder Branch Library to replace Mrs. Richard Merrill who left to continue her studies at Columbia. Miss Brown has had experience in branch library work in Boston, and she also has an enthusiasm for work with children.

Mrs. Frank C. Blair has assumed the duties of bookkeeper and secretary, this position having been vacated by Miss Lenore Murphy who left to be an airline hostess. Mrs. Blair has had the bookkeeping experience necessary to steer us through the maze of budget, payrolls, and accounts.

Miss Mary Harnedy is in charge of the new school library program. She has had experience as assistant in school libraries in Brookline, and has been a public school teacher in St. Petersburg, Florida. Hers has been a major assignment to coordinate the five school libraries and continue the work started at Pierce and Belcher schools in previous years.

REPORT OF THE LIBRARIAN

Mrs. Agnes Swingle is now in charge of the stacks at the Central Library and is also assisting at the circulation desk.

Miss Marilyn Bell has been appointed to assume the clerical duties connected with the Circulation Librarian's job. This position has been vacant for fifteen months, and presents a challenge to anyone undertaking the untangling of overdue books, registrations, and the reserve book service. We decided not to hold the position open any longer hoping to get a library-trained person.

Several story hours have been held at the Kidder Branch Library with great success. More of these will be given in 1957. The children at this branch have cooperated in decorating the room for holidays, and in arranging exhibits. The gain in circulation at this branch was 4207.

The Milton Garden Club has arranged for regular bouquets of flowers to be placed at Central Library throughout 1956. Mrs. Frank Eshleman has given unstintingly of her time and talents to provide us with artistic arrangements that are the delight of staff and patrons. Scarcely an hour passes that someone of our patrons does not comment on our lovely flowers.

Scotts Woods Reading Room has been carrying on with the usual limited space and too-short hours. Some changes must be made here very soon if we are to keep up the progress in service evident in other sections of town.

At the June Commencement exercises at the Milton High School a copy of the *Columbia Desk Encyclopedia* was awarded Miss Reevah Lesoff for her outstanding reading accomplishments. This reading prize has become an annual event at Commencement.

With a Young Adult Room planned in the renovated building we have begun preliminary spade work to insure the smooth running of this project. Pupil representatives from the high school, the junior high schools, the parochial schools, and Milton Academy have been invited to participate in a Young Adult Library Council. They will study the best procedures for this new room, review books to be purchased, make suggestions for activities, and discuss rules for efficient operation of the room. They have already held two meetings, and many more will follow in 1957. We feel a cooperative effort in managing this room will meet with best success.

Evaluating Library Services

The American Library Association has just published a book which is intended to act as a giude to evaluation of library services. This book was used by the Librarian to form the basis of the 1956 annual report to the Trustees. The following excerpts from this report are of interest to the townspeople. Items in quotation marks are taken directly from the book.

This recent guide to good library services states that a modern public library collects printed and audio-visual materials needed in the community. Then it organizes and makes available the materials, and finally, it interprets and guides the use of the materials to benefit as many people as possible in their daily lives. Lack of any one of these aspects results in substandard library service.

During the past year the Library has collected 4,855 new books and 173 new phonograph records. Through the usual circulation channels at the four libraries, and through deposits at the hospital, fire and police stations, rest homes, and school libraries it has put into the hands of its borrowers 221,221 books. This is an increase of 12,048 over last year's figures.

REPORT OF THE LIBRARIAN

The task of organizing and making available our new materials has been difficult, but we hope service will be much improved when we move into our model work room in the new building.

Distribution, interpretation, and guidance in the use of the library materials means we must have a full staff of well-trained people to carry on the services of the library. This has not been possible during the past year because we have been lacking one key staff member, and one part-time college assistant.

Services

"Through service functions the library staff meets the user, helps him locate resources, furnishes material, and aids him, if necessary, in its use—in short service opens the door to knowledge."

"The public library should be closely integrated with the community it serves."

Milton Library strives to keep a finger on the pulse of the community; to learn what is going on in various institutions, groups, clubs, etc., and anticipate their needs for information and ideas. We are ready at any time to help with programming, provide book lists, or secure information. Staff members participate in community activities and support civic projects.

"Well-planned hours of service must be maintained by all units in a library system."

During the entire year of 1956 Central Library provided full morning, afternoon, and evening service five days a week; and morning and afternoon service on the sixth day. Branch libraries are open 33 hours a week at the times when demands are heaviest on them. This is in accordance with the time schedules in other libraries of equal size.

"Each library system should provide service to meet the frequent informational and research needs of its community."

Last year when experts surveyed the Milton Library they commented favorably on the excellent book collection and the adequate reference collection in the library. A constant check is made to be sure that information is available on most frequently requested subjects. In 1951 a full-time reference librarian was added to the staff because of the demands of students and other persons for information. Branch library informational service is maintained with small basic reference collections, and questions outside their resources are referred to Central Library.

"The public Library may sponsor or co-sponsor group activities within the framework of its own program."

Most libraries conduct story-telling groups, film showings, discussion groups, film forums, lectures, and music programs. Becaue of our proximity to the excellent cultural and educational facilities of Boston such activities have not been needed in Milton, except for children's programs. Story hours will be given in East Milton Branch this winter, and Kidder Branch has been conducting several of these during 1956. The new children's room at Central Library will provide space for stories, films, and music programs.

Some types of young adult activities are also being planned. However, the American Library Association warns: "all group activities sponsored by the library should be clearly related to the further use of library materials." It is here in our estimation that many libraries fail, by presenting pure entertainment. This is not a function of the public library.

REPORT OF THE LIBRARIAN

Books and Non-book Materials

The function of a public library "is to assemble, preserve, and make easily and freely available to all people the printed and other materials that will assist them to: Educate themselves continuously; Keep pace with progress in all fields of knowledge; Become better members of home and community; Discharge political and social obligations; Be more capable in their daily occupations; Develop their creative and spiritual capacities; Appreciate and enjoy works of art and literature; Make such use of leisure time as will promote personal and social well-being; Contribute to the growth of knowledge." It is noted that the materials used by a public library should be: "books, periodicals, pamphlets, newspapers, pictures, slides, films, music scores, maps, recordings, and the various forms of micro-reproduction."

"Materials acquired should meet high standards of quality in content, expression, and format."

We try to balance such factors as author responsibility, factual content, literary value, timeliness, need, appeal, physical excellence of paper, print, and binding, seriousness of opinion, and general quality when we acquire printed materials. Recordings are purchased with technical excellence, performance, appeal, and making a well-rounded collection in mind. Selection of books is done by at least six staff members, and often more. The collection reflects a catholicity of tastes. A book committee chosen from the Board of Trustees helps us choose controversial materials. All these criteria are also used in reverse when discarding is done. No two people seem to agree on what is expendable.

"The local library in each community stands as the first and convenient resource for all readers."

Milton has a good basic collection of books used regularly in the daily life of the townspeople. Our reference collection is more than adequate, and we have a good variety of titles in such needed subjects as health, family life, child care, how-to-do-it, hobbies, etc. Most current books of good literary value are purchased. Children's non-fiction has been limited by space restrictions, but soon this field can be expanded. The Young Adult book collection has also been seriously limited for space. The new addition will also relieve this condition. This year we are hoping to bring our list of magazine subscriptions up to the demands of our borrowers. More magazines relating to hobbies and occupations are being requested. A circulation of 12,686 periodicals this past year shows that this type of reading is popular with our public.

Personnel

"No library can render effective service without adequate and competent personnel. The library's unique function of serving as the one unbiased, nonpartisan bureau of information for all people calls for personnel of the highest competence and integrity."

All libraries are having difficulty with the help problem. The supply coming out of library schools does not begin to meet the demands. Milton Library has found it very hard to get qualified people to work here. Salaries are so much higher in other parts of the country that New England libraries are left with many vacancies.

"Professional staff members should have qualifications for competent performance of duties."

A qualification of "five years of formal education beyond secondary schooling, including graduation from a library school" is usually required, but in these days of help shortages these qualifications cannot be strictly adhered to. Certain personal qualifications are also necessary—tolerance, understanding of people, loyalty, community interests, open-mindedness, alertness, intelligence, imagination, and wide reading knowledge.

"Nonprofessional staff members should be chosen for competence to perform their respective duties."

Milton nonprofessionals have been chosen for the most part for their ability to perform specific duties. They are aided in any desire to prepare themselves for advancement, where it is possible to do so. Several of them have taken non-credit courses at evening schools, which have helped them in their work.

"All staff members should have conditions of employment that insure job satisfaction and high morale."

Milton personnel administration is now centered in a Personnel Committee. This committee supervises vacation, sick leaves, salaries, and longevity compensation. The Town provides a pension plan, and all staff members belong to some form of health insurance. The library assures staggered hours to ease the strain of the long hours the building is open.

"Provision should be made for daily rest periods, sick leave with pay, leaves of absence for study and extensive travel, for attendance with pay at professional meetings, and for opportunity during work periods to keep up with professional library literature." This is all provided at Milton Library except the last item. There just isn't time enough in the day for this, and it must be done on one's own time.

Organization and Control of Materials

"Organization and control provide a bridge between library materials and effective use. Without organization (cataloging and classification) the materials are difficult to locate; without control (circulation, shelf records, etc.) there is no opportunity for fair and equal access by many readers.

"Organization of materials should be a source of concern to all parts and department of a library."

Our staff department heads consult informally and constantly on methods and rules of cataloging and processing all books, and on public use of materials.

"All materials should be made available for use as promptly, and kept available as continuously as possible."

We try to process new materials promptly. Books already requested by borrowers are given precedence. Wanted materials of all kinds are given precedence in the catalog and processing departments.

"All appropriate means of implementing the collection with free materials should be utilized."

We get every type of free material possible from business firms, government agencies, colleges and individuals. We maintain a large gift collection of books which are valuable to us as replacements. These save us much money when gaps appear in the regular collection. This gift collection will soon have a place where it can be housed in an orderly manner. This will facilitate easy access to it, and rapid replacement of needed books.

REPORT OF THE LIBRARIAN

"Arrangements of materials should combine orderly location with maximum flexibility and availability."

At present the question of space pretty much determines the location of our materials. This does not result in good service to the public, since arrangement is not logical. Future plans for arrangement of material will take use and need into primary consideration.

Some libraries are using a system of arrangement based on large groupings of books according to reader interest. This has been tried on a small scale in the children's department at the Kidder Branch, but it is too soon to comment on results. Such an arrangement is being considered by the Young Adult Library Council for their new room. Final decision has not yet been reached. Such arrangements are usually difficult for the seeker of a specific title or author. It is the browser, just looking for something interesting to read, or suggestions on a certain subject who is the gainer from such shelf arrangements.

"All library materials should be kept in usable, attractive condition."

There has been an attempt this year to discard our old, stained, dog-eared fiction that has not circulated for eight years. This at least has cleared the shelves for the new fiction constantly being added to the collection.

Plastic book jackets are used on both adult fiction and non-fiction. These do much to make the books attractive, keep them clean, and save on binding costs. We do not feel they are practical for juvenile books. In this department we try to buy prebound books when possible. These are well worth the increased initial cost.

"Cooperation or centralization should be sought whenever possible in organizing materials."

This statement was meant to apply to several libraries combining for centralization of purchasing, cataloging, processing, etc. Not much of this is done as yet in New England. We have applied the basic principles to our school library service in Milton. With full cooperation of the school authorities we have taken over the routines of preparing the books used in the elementary school libraries. This has saved on manpower, since our staff at the Library are experienced in cataloging and processing. It has saved in duplication of materials, because we can gauge library purchases from what the schools are buying. It makes for standardization of the work since all school libraries are cataloged and processed alike. It has eliminated the purchase of expensive bibliographic tools needed for cataloging. These tools are at the Library anyway, and it would appear to be a waste of money to buy other sets for the school libraries. It has eliminated a duplication of tasks, since it is easier to catalog and process eight copies of one book than it is to do three at the Library and have the school librarian or student assistants do the other five. This next year a carefully worked out plan of purchasing books, from the room teacher right through to book delivery, will make it easier for everyone concerned. During 1956 the Library cataloged and processed 990 books belonging to the schools, and purchased with their money. No count was kept of the books belonging to the Library which were given like treatment and then placed "on deposit" in the school libraries.

Any set of standards to measure library service cannot measure the intangibles. It is these intangibles that constitute the real objectives of a public library and "These ultimate objectives have to do with the personal satisfactions, the intellectual, social, and cultural growth of a host of individual users, and through them, subtly and indirectly, and over a long period, an influence on a whole community's life and culture . . . the ultimate achievements of the public library must remain a matter of faith in the power of accurate information, important ideas, and inspiring works of literary art to give an upward thrust to the lives of the many people that the library serves."

Librarian

Statistical Report for 1956

Name of Library	Milton Public
Date of Founding	1872
Librarian	Marjorie R. Shaw
Population served	24,715
Assessed Valuation of the Town	$45,966,885
Terms of Use	Free for lending & Reference
Total number of agencies	Central Library; 3 branch libraries; 5 Elementary school libraries; 1 hospital book collection; 1 rest home; 1 police station; 3 fire stations; 40 classroom deposits.
Days open	300½
Hours per week Central 63; Branches 33	
Volumes in Library at beginning of year	73,860
Volumes added during the year	4,855
Volumes withdrawn during the year	1,548
Volumes in Library December 31, 1956	77,167
Number of records loaned	3,688
Volumes of adult non-fiction loaned	57,570
Volumes of adult fiction loaned	80,016
Volumes of juvenile non-fiction loaned	26,247
Volumes of juvenile fiction loaned	57,388
Total number of volumes loaned	221,221
Volumes loaned for school use	25,583
Number of registered borrowers	10,386
Number of new borrowers in 1956	1,249
Per cent of population registered	42%+
Per capita cost of library service to the town	$3.53
Amount paid to Town Treasurer for fines, lost books, etc.	$4,408

REPORT OF LIBRARY TREASURER

Milton, Massachusetts
January 9, 1957

To the Trustees of The Milton Public Library:

In summary the investments of funds in the control of the Library Trustees were as follows at December 31, 1956:

	Principal		
	Book Amount	Market Value	Income 1956
Bank stocks	$ 9,253.16	$13,296.25	$ 505.10
U. S. Treasury bonds	8,000.00	7,184.63	192.50
U. S. Savings bonds	4,000.00	3,890.00	105.20
Railroad bonds	2,000.00	1,175.00	172.22
Public utility stocks	840.59	946.25	74.64
Savings bank deposits	5,470.39	5,470.39	85.71
	$29,564.14	$31,962.52	$1,135.37

During the year the Trustees' finance committee made changes in the portfolio of securities primarily for the purpose of better diversification. As a result of these transactions (which are described on a statement herewith) the invested principal at the year end was $4,704.75 greater than at the beginning of the year.

With the proceeds of the sales from the Vose fund ($6,926.99) we bought, for that fund, 35 shares of First National City Bank of New York and 78 shares of First National Bank of Boston at a total cost, for both, of $6,899.08. The remainder ($27.91) was deposited in the savings bank together with the total proceeds ($1,983.55) from sales from the Martin, Channing and W. E. Forbes funds. This increased the amount of savings bank deposits by $2,011.46 over the amount of such deposits at the end of 1955.

For convenience of bookkeeping, deposits in the Provident and Suffolk savings banks in Boston were transferred to the Milton Savings Bank.

Two additional statements are attached as part of this report. One shows the details of the investments in each fund and the other sets forth the receipts of income from those funds and the disbursements from total income.

Practically all the income from funds in the control of the Trustees was expended for books. The total spent for books, periodicals, music records and special purposes from all funds available to the Trustees, was as follows:

From donated funds:		
In custody of Library Trustees, per statement herewith (books)		$ 1,845.59
In custody of Town Treasurer:		
Nathaniel T. Kidder Fund:		
Renovation of children's room, East Milton	$ 3,041.74	
Photography exhibit	10.00	

Milton Education Society Fund:		
Music records	412.90	
Oakland Hall Fund:		
Books	132.10	3,596.74
Total from donated funds		$ 5,442.33
From Town Appropriations:		
Books	10,638.20	
Periodicals	854.19	$11,492.39

I am grateful to the officials of The New England Trust Company and to Miss Shaw, our librarian, for their year-long assistance toward the compilation of these facts and figures.

Respectfully submitted,

JOHN B. MOORE, Treasurer

REPORT OF THE SEWER COMMISSIONERS

January 1, 1957

The Board of Sewer Commissioners makes the following report of operations of the Sewer Department during the year ending December 31, 1956.

General

Population by the Assessors' Census of 1956	24715
Estimated length of streets of the town (miles)	102.90
Percentage of length provided with sewers	60.49%
Method of disposal	Metropolitan System

Collection Mains

	For Sewage			
	Town-built sewers	Privately-built sewers	Total Town and Private	
LINEAR FEET:				
Total, Dec. 31, 1955	304,846.9	41,485.4	346,332.3	700 (storm overflow)
Extended, 1956	8,479.7	4,686.6	13,166.3	
Total, Dec. 31, 1956	313,326.6	46,172.0	359,498.6	
Miles:	59.342	8.745	68.087	

Number of manholes	1964
Number of inverted siphons	5
Number of storm overflows	1
Number of emergency overflows	12
Number of automatic pumping stations	5
Linear feet of force main (6")	1359.4
Linear feet of force main (8")	4530.3
Linear feet of force main (12")	960.6
Number of gate chambers on force main	1

House Connections

Number of house connection inspections made during the year (includes connections completely made and those partially made)	182
Number relaid during year	1
Number of stoppages coming to the notice of the department	34

Dicharge of Sewers

Estimated population using the sewer system		22460
Number of buildings connected		5615
Includes:		
No. of buildings connected as of Dec. 31, 1955	5,449	

No. of buildings connected completely from sewer to house during 1956	143
No. of buildings connected from end of house connection previously run out to side line of street only	24

Excludes:

No. of buildings razed or moved during 1956	1

Financial

Total cost of collection mains to December 31, 1956	$2,174,677.84
Bonded debt at date	231,000.
Average rate of interest on bonds	1.723%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Town Accountant, as shown elsewhere.

Board of Sewer Commissioners

REPORT OF THE HIGHWAY DEPARTMENT

Milton, Massachusetts
January 14, 1957

To the Honorable Board of Selectmen:

The following is the yearly report of the work done by the Highway Department. This past year will be remembered as the year of the snowstorms in March. The cost for those storms alone was more than the cost for all snow and ice work of the year before. It seems lately that each year we have had some unforeseen expenditures which has taken our time and money, such as the hurricanes and floods we had during 1954 and 1955, and the excess snow in March of 1956. This means a curtailment of our maintenance work such as cleaning of streets and drains, mowing, etc.

Highway—General Expenses

The cost of snow and ice removal was more than double what the expense would be for an ordinary year. The following is a listing of the expenditures by storms:

General (includes sanding, cleaning up sand, maintenance of equipment, snow fences and sand boxes)	$9,641.05
Storm starting January 3	1,533.97
Storm starting January 17	5,845.07
Storm starting February 18	5,317.26
Storm starting February 28	2,408.90
Storm of March 16, 19 & 24	$25,486.97
Storm starting April 8	1,035.73
Storm starting December 9	2,599.94
Storm of Dec. 29 & 31	3,354.44
	$57,223.33

This total was 38½% of our March appropriation and it was necessary to have an additional appropriation and transfers due to this high cost. The amount for the storm of December 29 & 31 was just the portion paid out of 1956 appropriation as the work continued into 1957.

During the year we installed curbing on Eliot Street at the entrance to the Valley Road Rapid Transit. Sidewalks were built on a number of streets where the old macadam surface had broken and become dangerous for pedestrians. Grass plots were also repaired where snow plows and automobiles had caused deep depressions on the sides of the roadway making driving dangerous.

Cleaning of culverts and the waterway of Pine Tree Brook was also done out of this account. There is constant need of cleaning out oil tanks, logs, rafts and other unnecessary debris from this brook, especially the culverts at Brook Road, Pope's Pond and Brook Hill Road. This means taking men and equipment off other jobs to take these things out so that the flow of water will not be hindered. Cleaning the culverts is getting to be a weekly expenditure because someone has cut down a tree or has an oil tank to dispose of and these have been dumped into the brook, or some boys have made a raft out of logs. This is something that should be stopped. The brook should not be used as a dumping place.

The banks along the sides of the brook were also mowed and the brush cut so that it would not hamper the flow of water. This same operation was done on Unquity Brook during the winter months.

The Town Dump area was cleared each week with our bulldozer and the roadway kept repaired.

After the Vose School was torn down we did some filling in and rough grading around the cellar hole.

Clean-Up Week is another expense out of this account. Every year the amount of work and time to clean up all the requests which come through the Garden Clubs gets larger and although we use all the men and trucks in our Department, as well as some assistance from other Departments, we are unable to finish the routes in two days. There should be a definite limit of the amount of material to be collected and regulations as to where this material should be placed for collection. In some cases repair or remodeling work is done on houses and instead of the contractor disposing of the debris it is left for Clean-Up Week and our men are expected to pick it up. In other cases, loose material is left in piles, any one of which would take several men and a truck two days to clean it up. This has caused some hard feelings when we have refused to take care of these calls, but it would be unfair to those who cooperate and follow the rules set down by the Garden Clubs. This is decidedly not the purpose of Clean-Up Week. It was started by the Garden Clubs for cleaning up around property in the spring in order to beautify the Town. The material was to be put in containers at the street so as to be easily accessible for the men to pick up and not too heavy for them to lift.

Our donations amounted to almost $4000 this past year. By donations we mean work done for other Departments, Boards and the Garden Clubs. The greater part of this expenditure is for Clean-Up Week, $1673.90 and $1710.12 for clearing the dump and picking up dead animals for the Board of Health.

Drainage

This year we installed and completed five large drainage projects.

One of these jobs was an extension on Brush Hill Road between Dana Avenue and Cushing Drive to take care of the surface water from a new development in this area.

Another drain installed was one from an easement at Fuller's Lane and Edge Hill Road to the culvert in Cunningham Park. This work was done to relieve the flooding of private property during and after heavy rains.

Replacing the culvert in Unquity Brook at Edward Avenue and installing a four foot overflow pipe was done to relieve the added amount of surface water which has been constantly dumped into the brook above this culvert and to ensure a quicker run-off.

In order to get an outlet for the surface water drains on two of the Betterment Streets built this year, Beacon Street and Beacon Street Circle, a thirty-six inch pipe was installed in an easement from Truman Highway to Beacon Street Circle.

Permanent Construction

All of our Permanent Construction money this year was spent on resurfacing with Bituminous Concrete. Two intersections of Reedsdale Road, one at Randolph Avenue and another at Canton Avenue were done. Although the macadam pavement in both these sections was intact, the heavy traffic at these points was causing the surface to ravel out. To protect the road surface from further damage the entire intersections were topped.

Adams Street in the Village from the Dorchester line to Randolph Avenue was also surfaced with Bituminous Concrete.

A sidewalk on Pleasant Street from Gun Hill Street to Bradford Road was also constructed out of this account.

REPORT OF HIGHWAY DEPARTMENT

Chapter 90

Out of our Reconstruction and Maintenance account this year we did resurfacing of Canton Avenue between Reedsdale Road and Wendell Park and also from Gulliver Street to Blue Hills Parkway. Another section of Brook Road was resurfaced from Randolph Avenue to Centre Street and the remainder of Pleasant Street from where we left off last year at Lodge Street to Randolph Avenue.

Street Betterments

The streets this past year to be built under the Betterment Act were Beacon Street, Beacon Street Circle and Truro Lane. Two of these, Beacon Street and Beacon Street Circle, required more retaining walls than were estimated to be built, as well as added drainage due to the great amount of surface water in this area. Because of this additional work it was necessary to appropriate more money for these two streets. The remaining part of the work such as construction of sidewalks, grading and seeding will be done in the early spring. Truro Lane is almost complete with the exception of grading and seeding and a small amount of sidewalk work.

Sidewalks

A number of sidewalks were built this year either by petition or requests from your Board, two being on Blue Hill Terrace Street and the other on Adams Street at the corner of Canton Avenue. We also built sidewalks on parts of Eliot Street, two sections on Thacher Street, Fairfax Road, Granite Avenue, Church Street, Belcher Circle, Otis Street and Spafford Road.

New Equipment

The new roadgrader purchased by the Town this year was one of the best investments this Department has ever made. This machine is used almost constantly on our construction work and its operation not only cuts down the cost of hand labor, but speeds up the work on the various jobs it is used on.

Another motorized sand spreader was also purchased this year and now with two of these machines in use we are able to cover icy roads throughout the Town much more quickly and efficiently. With this last unit we also purchased a platform body which can be put on the chassis in place of the sand spreader body during the summer months which saves tying up another truck during this time.

This year I am asking to replace one of our old Overhead Snow Loaders. One of the two we have was purchased in 1946 and has been used not only for snow removal, but for all kinds of loading of materials such as sand, loam and gravel on our construction work during the summer months. We are requesting a front end loader mounted on rubber tired wheels. This type of machine can be operated and transported under its own power to any part of the Town making it quicker to move than the crawler type we now have which has to be transported by trailer.

I am also requesting two new trucks to replace two which were purchased in 1949 and have been in constant use ever since. Because of their age the heavy snowplowing of last March took its toll from them so that it is now costing us more than they are worth for repairs.

Conclusion

During the past year two of our employees, "Dan" Driscoll, who had been pensioned, and John Callahan, who had been ill, passed away. Both of these men gave long and faithful service to the Town and they will always be remembered by those who worked with them.

We are requesting the cooperation of the citizens of the Town during the winter months in the matter of the parking of their cars when there are snow storms. We have had a great deal of difficulty the past few years because of cars being left parked on the streets overnight. Some of these cars are left in the roadway locked up. The result of this is that the plows are unable to get through and plow the full width of the roadway and oftentimes it is necessary to go back several times before we can properly plow these streets to their full width. We are, therefore, appealing through your Board to the residents of the Town to help us in eliminating this unnecessary expense. It does not seem fair to us that several families on a street must suffer because of the thoughtlessness of a few persons. In some cases the plows are unable to even get into a street which makes it dangerous in case of a fire.

To the Highway Department employees I wish to extend my appreciation and thanks for their cooperation in helping to carry out our program during the year. I also wish to thank the other Town Departments for their assistance during the year.

We are indebted to Dr. Charles F. Brooks of the Blue Hill Meteorological Observatory for calling us in advance of expected local storms. We thoroughly appreciate his thoughtfulness as it enables us to prepare our equipment for plowing or sanding.

I wish to thank your Board for your cooperation during the past year.

Respectfully yours,

JAMES J. MALONEY
Superintendent of Streets

REPORT OF BOARD OF WATER COMMISSIONERS

Milton, Mass., January 15, 1957

To the Citizens of Milton:

Financially, we are pleased to report, the Water Department is in sound condition. In December the last of our bonds will be paid, leaving the Department debt free for the first time since the Town purchased the system.

Although it was indicated to you last year that it might be necessary to increase the charges for water, it has not yet been required.

You have already been informed that the assessment for water purchased from the Metropolitan District Commission was doubled in 1953. As a result practically every municipality in the District has revised its rate schedule upward.

However, the additional income collected because of the dry summers of 1954 and 1955, and the fact that income from this source last year was only $2,000.00 less than the year before, have permitted us to postpone again the anticipated increase in rates, which are currently at their lowest in the history of the Department.

The Metropolitan District Commission has erected a new standpipe in West Roxbury which is twenty-five feet higher than the old tank. As our standpipes on Great Blue Hill and Chickatawbut Hill were built to conform with the height of the original Metropolitan District Commission tank it has become necessary to install altitude valves on each of our standpipes to prevent their overflowing. This will be done in 1957 at an estimated cost of $7,000.00.

For the first time, because of the acceptance by the Town last March of amendments to Chapter 40 of the General Laws of the Commonwealth authorizing the assessment to abutters of the cost of installing water mains in certain instances, our main in Truman Highway was so financed.

The approval of this act taken together with the powers under Chapter 12 of the General Bylaws of the Town means that almost all main extensions with the exception of those for engineering improvements will be made in the future at no expense to the Town or its water consumers.

You are referred to the Report of the Superintendent on the following pages for detailed figures relating to the activities of the Department during 1956.

Respectfully submitted,

ERNEST E. ERICKSON
JOHN B. MOORE
WILLIAM P. MELLEY
Board of Water Commissioners

REPORT OF WATER DEPARTMENT SUPERINTENDENT

Milton, Mass., January 16, 1957

To the Board of Water Commissioners:

A report of the activities of the Water Department for the year ending December 31, 1956 is herewith submitted:

Main Extensions

Mains which are revenue producing were installed under the Guarantee Plan in Atherton Street, Fuller's Lane, Spruce Street, The Ledgeway and Webster Road. In Beacon Street Circle we installed 208 feet of 6-inch pipe and in Truman Highway 1,756 feet of 6-inch pipe under Chapter 332. Improvements to the distribution system were made by the installation of a 12-inch main in Squantum Street from California Avenue to Granite Avenue, and the installation of 965 feet of 8-inch in Granite Avenue between Adams Street and Pierce Street to replace a six-inch main installed in 1891. Two-hundred feet of 12 inch main was installed in Granite Avenue from Adams Street to Bassett Street to replace the 12-inch main that was removed for the construction of the Expressway. Fifteen installations were made in new sub-divisions under Chapter 12 of the Town Bylaws which requires the developer to pay the entire cost of installations (Material, Labor and Trenching).

491 feet of 8″	Cabot Street
668 feet of 8″	Cypress Road
772 feet of 8″	Father Carney Drive
701 feet of 8″	Hallen Avenue
1665 feet of 8″	Hollingsworth Road
531 feet of 8″	Lyman Road
568 feet of 8″	Meadow Lane
98 feet of 8″	Nancy Road
254 feet of 8″ &	
351 feet of 10″	Valentine Road
540 feet of 6″	Whitelawn Avenue
614 feet of 8″	Woodside Drive

Maintenance and Operating

Service connections to supply new homes totaled 150. Nineteen hydrants were added to the system. The resurfacing of Streets by the Highway Department resulted in additional work for the department. All main gate valves were inspected and all gate boxes raised to grade.

The permanent construction of Beacon Street, Beacon Street Circle and Truro Lane caused an expense to the Department that was not anticipated.

Due to change in grades it was necessary to lower 230 feet of Water Main in Beacon Street and Beacon Street Circle, and 250 feet in Truro Lane.

The lowering of the channel of Pine Tree Brook at the Central Avenue Bridge made it necessary to remove and relay our Water Main.

At the close of the year all hydrants have been inspected and serviced.

REPORT OF WATER DEPARTMENT SUPERINTENDENT

Accounts Receivable

Outstanding balances on our books December 31, 1956 were:

Sale of Water	$18,749.94
Service Installations	5,777.98
Miscellaneous	6,277.07
Liens Added to Tax Bills	858.61
Tax Titles	172.25
Total	$31,835.85

I wish to extend my sincere thanks to the Board of Water Commissioners for their support and wise guidance, to the employees of the Water Department whose conscientious efforts have contributed to the efficient operation of the Department and to the Officials and employees of other Town Departments for their cooperation.

Respectfully submitted,

MICHAEL J. HANNIGAN
Superintendent

REPORT OF THE BOARD OF RETIREMENT

Milton, Massachusetts
February 4, 1957

To the Honorable Board of Selectmen:

The report of the Board of Retirement activities for the year ending December 31, 1956 is submitted herewith:

The Board consists of three members as required by Section 20 (4)(b) of Chapter 32 of the General Laws: The Town Accountant, a second member elected by the members of the system and a third member appointed by the Board of Selectmen. The Board remained the same in 1956.

Two members retired in 1956, two active members and two pensioners died during the year.

FINANCIAL STATEMENTS

REPORT OF THE TOWN ACCOUNTANT

Milton, Massachusetts
January 25, 1957

To the Honorable Board of Selectmen:

I hereby submit the report of the Town Accountant for the year ending December 31, 1956, arranged as follows:

1. Detailed accounts of all moneys received by the town as classified in accordance with the requirements of the Division of Accounts of the State.
2. Details of all departmental accounts showing the appropriations, credits, expenditures and balances. The expenditures are classified in accordance with the requirements of the Division of Accounts.
3. Balance sheet as of December 31, 1956 showing debit and credit balances on all open ledger accounts.

All original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1956, and all Trust Funds in the custody of the Town Treasurer and Library Trustees have during the year been examined and found to be correct.

In accordance with the provisions of Section 58, Chapter 41 of the General Laws, I am listing the following bills reported to me as unpaid:

1955

Police Department:	
Peter B. Kendrick, Quincy District Court Officer, Fees and Expenses	$ 30.00

1956

Police Department:	
Milton Hospital—Hospitalization of injured police officer	204.85
Samuel E. Marcellino, M.D.—Professional services to injured police officer	75.00

Respectfully submitted,

JOSEPHINE M. McATEER
Town Accountant

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1956	$398,570.81

This Fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15-18, of the Public statutes.

Mary L. Peabody Fund

Amount held December 31, 1956	$5,572.24

The clause under which this bequest is given is as follows: "To the Selectmen of the Town of Milton, Massachusetts, $5,000 to be invested and the income thereof to be distributed annually to the poor at Christmas."

E. T. L. Reed Park Fund

Amount held December 31, 1956	$11,610.99

EXTRACT FROM THE WILL OF ELIZABETH T. L. REED

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts

. . . .

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequest in favor of..........., the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

Jason Reed Fund

Amount held December 31, 1956	$2,626.67

Sarah G. Vose Fund

Amount held December 31, 1956	$1,170.63

E. G. Tucker Fund

Amount held December 31, 1956	$1,168.48

Herrick Fund

Amount held December 31, 1956	$8,000.00

Charles T. Pierce Fund

Amount held December 31, 1956	$1,748.56

Charles T. Pierce, late of Brooklyn, N. Y., and Greenwich, Conn., bequeathed to the Milton Cemetery the sum of $1,000.00, "the income to be used for the care of my family lot."

Mary L. Peabody Cemetery Care Fund

Amount held December 31, 1956	$1,645.59

Oakland Hall Fund

Amount held December 31, 1956	$12,300.01

The income from this Fund is paid out under the direction of the Trustees of the Public Library for purposes of the Mattapan Branch Library.

Tuell-Hallowell Good Citizenship Prize Fund

Amount held December 31, 1956	$1,940.19

EXCERPT FROM SCHOOL COMMITTEE RECORDS—SEPTEMBER 10, 1923

The Chairman presented to the Committee the following correspondence:

" To the School Committee of the Town of Milton:

"The Tuell Alumni Association herewith presents, through your Board, to the Town of Milton, the sum of One Thousand Dollars ($1,000.00) to be held as a fund in perpetuity, and the income thereof to be paid to the School Department and to be used to provide two prizes, one prize to be known as the Hiram Tuell Good Citizenship Prize and to be awarded to the boy in the Senior Class of the Milton High School, who, in the opinion of the faculty of said High School, has shown in the highest degree, those qualities that make for good citizenship; the other prize to be known as the Henrietta T. Hallowell Good Citizenship Prize, and to be given to the girl in the Senior Class of the Milton High School, who, in the opinion of the above said faculty has shown similar qualities.

"The prizes are to be awarded each year at the graduation exercises. If such exercises are omitted for any year, the prizes are to awarded on some other occasion, near the close of the school year."

PERCY E. SHELDON,
June 22, 1923. President, Tuell Alumni Association

For additional gifts to the fund, see report of 1947.

Nathaniel T. Kidder Fund

The following is an extract from the will of Nathaniel Thayer Kidder.
Eighteenth:

"I give and bequeath to the State Street Trust Company . . . the sum of twenty-five thousand dollars ($25,000), in Trust . . . the income only of which shall be paid at such times as the Trustees may from time to time determine, to said Town of Milton for the uses of the Milton Public Library system as the Trustees thereof for the time being may in their absolute discretion determine."

Gov. Stoughton Trust Fund

The Governor Stoughton Fund is derived from receipts of the rental of the Town Farm, and is spent only at the direction of the Selectmen for purposes specified in Governor Stoughton's Will.

Milton Education Society Gift

The Milton Education Society Gift was received September 24th, 1952, "for the use of the public library of that town, such sum to be available to the Trustees of the library, both principal and income, for the purpose of adding to educational material maintained by the library with particular reference to the purchase and maintenance of a collection of phonograph records, tape recordings, and the like, of the performance of musical compositions and allied subjects."

TREASURER'S REPORT OF TOWN BONDS

All Bonds a/o Notes outstanding are in denomination of $1,000 and are unregistered unless otherwise designated. Interest on all issues is payable semi-annually, and all maturities and coupon interest are payable at the First National Bank of Boston, Massachusetts, unless otherwise noted.

All authorized but unissued balances have been rescinded by vote of the Town.

SCHOOL COMMITTEE

1956-1957

Mrs. Harriet M. Melley 49 Plymouth Avenue, Milton	1957
Everett C. Myers 7 Pagoda Street, Milton	1957
Harry E. Carlson 166 Nahantan Avenue, Milton	1958
W. Gordon Swan 18 Whitelawn Avenue, Milton	1958
Mrs. Teresa P. Edwards 202 Reedsdale Road, Milton	1959
Edward P. Lake 22 Glendale Road, Milton	1959

ORGANIZATION

Everett C. Myers	Chairman
Mrs. Teresa P. Edwards	Secretary

MEETINGS

The Committee holds its regular meetings in the High School building on the first and third Tuesday evenings of each month at 7:30 o'clock.

SCHOOL CALENDAR 1956-1957

Schools open on Wednesday, September 5, 1956
Schools close on Friday, December 21, 1956
Schools open on Wednesday, January 2, 1957
Schools close on Friday, February 15, 1957
Schools open on Monday, February 25, 1957
Schools close on Friday, April 12, 1957
Schools open on Monday, April 22, 1957
Schools close on Friday, June 21, 1957
Schools will be closed on October 12, November 12, 22, 23, 1956 and May 30, 1957.

SUPERINTENDENT OF SCHOOLS

Owen B. Kiernan, B.S., State Tchrs. Coll., Bridgewater
Ed.M., Boston University
Ed.D., Harvard University

Office: High School Building
Telephone: BLuehills 8-0111

Residence: 37 Thompson Lane, Milton
Telephone: BLuehills 8-8279

Superintendent's Secretary

Frances E. Smith, 17 Oak Street, Milton

Superintendent's Clerks

Alice M. Ellis, 93 Oak Street, Milton
Dorothy B. Hersey, 156 Edge Hill Road, Milton
Edith E. Mullen, 180 Thacher Street, Milton

School Physicians

Dr. Lillian F. McMackin, 41 Windsor Road, Milton
Dr. Kenneth F. Sands, 278 Adams Street, Milton

School Dentist

Dr. John P. Herlihy, 48 Windsor Road, Milton

School Nurse

Elizabeth J. Furey, 163 Walsh Street, Medford

Supervisor of Attendance

Joseph C. Ryan, 270 Blue Hill Avenue, Milton

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Milton:

The School Committee herewith submits to the citizens of Milton its Annual Report for 1956.

The Committee has approved the accompanying reports of the Superintendent and subordinate officers as well as the statistical tables, and urges full reading by the citizens to obtain a comprehensive picture of educational activities carried on during this calendar year.

The Committee also takes this opportunity to express its appreciation to department heads, official boards and Town agencies, and citizens generally for co-operation and assistance extended to the Public Schools over the past twelve months. The members are particularly grateful for the support accorded the school building program at the Special Town Meeting held in December.

Respectfully submitted,

EVERETT C. MYERS, Chairman
TERESA P. EDWARDS, Secretary
HARRY E. CARLSON
HARRIET M. MELLEY
EDWARD P. LAKE
W. GORDON SWAN

Total reimbursement to Town Treasurer on account of schools		$130,766.09

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Milton School Committee
Milton, Massachusetts

Mrs. Edwards, Mrs. Melley, and Gentlemen:

I am submitting herewith my sixth annual report and the seventy-seventh in the series of reports of the Superintendent of Schools.

Building Program

The year 1956 has been notable in many respects with the progress and reputation of the public school system continuing to be enhanced. Of greatest significance, however, is the encouragement and support accorded public education by the citizens of our community. As a single evidence of citizen endorsement, the December 10, 1956, Special Town Meeting is recorded. At that meeting, the School and Building Committees requested the Town to approve the fourth step in the long-range building program. This project involved the construction of the previously planned junior high school unit adjacent to the Charles Sumner Pierce Elementary School. By unanimous action, approval was voted and $1,520,070 appropriated. Assuming that acceptable bids are received and that the construction schedule can go forward at a normal rate, this new secondary school unit should be placed in operation September 1, 1958. At that time, the junior high school district east of Randolph Avenue will be served by the Mary A. Cunningham Junior High School and the west district by the new Pierce Junior High School. Also, as planned for that date, the Senior High School building will be devoted entirely to a program housing Grades X, XI, and XII.

The new junior high school comprises twenty-two (22) rooms involving twelve (12) interchangeable classrooms, science and home economics laboratories, industrial arts shops, and other special areas housing art, music, library, and the health and physical education programs. The facilities, both in space requirements and in the educational program contained therein, are nearly identical to those of the Mary A. Cunningham Junior High School, opened in 1935. As stated above, a preliminary cost estimate based on the current construction market establishes a total project cost of $1,520,070. A breakdown of this figure into the major categories follows:

Building	$1,160,382	Bidding Plans and Advertising	$ 5,000
Equipment	80,000	Insurance	2,500
Architect	93,065	Site Development	100,000
Clerk	7,500	Contingency 6%	69,623
Testing	2,000		
			$1,520,070

Under Chapter 645 of the Acts of 1948, the Commonwealth will underwrite twenty per cent (20%) of the project, or $304,014, establishing a net cost to the Town of $1,216,056.

Other school construction projects approved in a most orderly fashion were the Charles Sumner Pierce Elementary School in 1950, the Glover Elementary School in 1952, and the addition of a new physical education plant at the Senior High School in 1954.

Comment has been made previously in terms of future plans involving an addition to the Glover School, if and when the district population growth warrants such a unit, and the replacement of the Belcher School, presumably in the mid 1960's. It should be pointed out, however, that the School Committee has initiated a continuing study and works closely with the Planning Board and other Town agencies with reference to the selection of future school sites to serve those areas of the community which may feel substantial growth in the years ahead.

Enrollment Trends

As predicted, the Public Schools opened in the fall of this year with the highest enrollment in the Town's history. As described briefly above, Milton has continued to experience orderly yet dynamic growth. It is interesting to note that since 1949 we have averaged 145 new homes each year. At the present time 668 house lots have been approved and the Town Engineer estimates a potential of approximately 2500 for future use. Recognizing that some pupils will be enrolled in private and parochial schools, the enrollment analysis indicates average classes of approximately 300 pupils. The kindergarten will be an exception to this statistic and its enrollment should be considerably larger. This is particularly the case since the closing of St. Agatha's kindergarten in June.

That the birth rate is continuing at a high level is apparent in a review of census information, reflecting the largest number of pre-school children in our history. By districts, for those eligible to enter the Public Schools in September 1957, we note the following figures: Belcher—71, Collicot—150, Glover—73, Pierce—99, and Tucker—87, making a grand total of 480 possible enrollees. On the basis of previous enrollment percentages, between 350 and 400 of these children will be enrolled on the public school registers next fall. With minor adaptations and adjustments due to population movements, economic fluctuations, the growth of independent school systems, and other variables, it is felt that the aforementioned building program should be adequate to meet the Town's needs in the near future.

Fiscal Problems

It is not possible in the limited space of a report of this type to discuss fully the financial aspects of operating the public school system. A detailed statement, however, is submitted annually for Warrant Committee appraisal, and this document presents comprehensively the cost factors involving administration, instruction, operation and maintenance, capital outlay, and such auxiliary agencies as transportation, promotion of health, and libraries.

Mention is made here, however, of the Committee's concern over spiraling costs. The schools and the operation of the Town obviously are not alone in absorbing higher budgetary costs, as these affect all other towns and cities in the nation as well as business and industry generally. As has been the case for many years, the lion's share of the school dollar is assigned to instructional salaries. This is as it should be, for an effective teacher is the key person in any school situation. Approximately three-quarters of the budget is allocated to the salaries of teachers and principals and in June of this year the School Committee, after considerable study with assistance from many sources, revised the basic salary schedule as follows:

	1956	1957	1958
Bachelor's degree	$3200-5300	$3300-5500	$3400-5600
Master's degree	$3400-5500	$3500-5700	$3600-5800
Six-yr. prep. level	$3600-5700	$3700-5900	$3800-6000

While not placing Milton as the leader in the salary field, it is an excellent schedule, and it is hoped that it will assist in attracting and retaining a competent teaching force in the critical years ahead. Mention has been made in several previous reports of the dedicated and devoted teachers who in the main make up our teaching staff.

Personnel

During the past year, turnover among personnel continued to be reasonably light with retirement, marriage, and promotions to more responsible positions representing leading causes for termination of service. Among the changes two new persons were welcomed to the administrative team this past fall; namely, Donald E. Allison at the Mary A. Cunningham Junior High School, and Eleanor C. Blaine at the Tucker Elementary School. Mr. Allison had served loyally and effectively as a member of the teaching staff since the opening of the Cunningham building in 1935. Miss Blaine also received her promotion from within our own teaching ranks, having served as an instructor in the Charles Sumner Pierce School.

Following the recommendation of the Curriculum Committee, an Art Director was added to the staff, who is responsible at present for teaching in the Junior and Senior High Schools. To fill this position, the School Committee appointed Julian S. Alexander, who had been associated with the Newton Public Schools. Mr. Alexander holds a Bachelor's and a Masters' degrees in the field of art and has taught in military service and on the collegiate level, as well as in the public schools of Massachusetts.

Mention is made here of the plan of the School Committee to add an Adjustment Counselor to the elementary school staff next September. Under Chapter 696, of the Acts of 1955, the Commonwealth underwrites such an employee in the amount of $4500 for the first one assigned and $2250 for each additional counselor. The basic assignment of this staff member is to work with elementary pupils, the homes, and associated community agencies in detecting delinquency proneness and in setting up guidance opportunities for those pupils in need of special services.

Another addition to the staff will be a second full-time nurse, who is needed sorely at the present time as a result of our sharply increasing enrollments. A survey of comparable communities reveals that Milton is considerably out of line in respect to nursing services. The study showed a range from one nurse for 956 pupils to one nurse for 2,400 pupils, with the average ratio 1-1,500. As of this date, Milton has one nurse for 3,718 pupils, which constitutes an almost impossible assignment if adequate health care is to be given. For that reason, the School Committee is including in the 1957 budget, salary funds for a second full-time nurse whose assignment will begin on September 1, 1957. This will establish a ratio of one to approximately 1,850 pupils in the Milton Public Schools.

In terms of welcoming new staff members, we would be remiss if comment were not included on the enthusiastic response to the appointment of an Elementary School Librarian. Working on a partnership basis with the Public Library, Miss Mary A. Harnedy joined the library system in September and the teaching staff, student body, and parents have recognized already the tremendous value of this enrichment program. Appreciation is recorded herewith to Miss Marjorie R. Shaw, Librarian, and the Trustees of the Milton Public Library for their foresight and cooperation in establishing this position.

Other Departments

Excluding the academic departments such as English, science, mathematics, and foreign languages, there are eighteen other divisions within the Public School system. Among these are the several buildings and department groups including the fields of Art, Audio-Visual Education, Buildings and Grounds, Cafeterias, Driver Education, Evening Classes, Guidance, Handwriting, Health-Physical Education-Athletics, Home Instruction, and Music. Because reports from those associated with these important programs can assist in interpreting the Public Schools for the citizenry, we require each staff member responsible to prepare a brief annual report. Space does not permit the publishing of these documents in full. However, excerpts from some of the reports have been selected in order to highlight the many activities which take place during each calendar year.

Belcher: "Each year at the September meeting of the Belcher School P. T. A., we like to tell parents of the summer improvements to the building: new lighting, new shades, new paint, etc. We want them to realize that our old building is being kept up-to-date and attractive. This year we were pleased to tell of the removal of the portable building from the school yard. With it has gone a fire hazard and has come the reality of a larger outdoor play area for the children.

Another improvement or addition to the school during the past year is the intercommunication equipment connecting the principal's office with all classrooms and the custodian's desk—this equipment suggested by, installed by, and paid for by the members of the P. T. A. This project has been impressive because of the personal participation involved. Members of the organization drilled holes and ran wires, giving up several Saturdays to the work. We like to think that it shows a special quality among the young parents of today—a desire to 'get in on the act.' With good leadership this can mean much for our schools."

Collicot: "The possibility of seeing our new text adoptions in the classrooms in the next year is a heartening prospect and will be welcomed by the teachers through the fresh and more efficient approach those texts will provide. The library collections in the classrooms certainly aid in the development of better individual reading habits and provide supplementary material to the basic texts. However, storage is an increasingly pressing problem and we await the day that will see the former Fresh Air Room converted to a library for the school as has been provided at some of the other schools. Such a special room would certainly help to further our efforts to provide incentive for the pupils to make further use of reading facilities other than the books placed directly in their hands, as well as providing a central reference source for the entire school and a place in which research groups may work individually and with guided instruction."

Glover: "Classes have continued the practice of giving assemblies for all the school to enjoy. It is agreed that these programs are very worthwhile. Each year the Christmas assembly is especially lovely. This year the fifth grade gave a program about Christmas customs in France and Germany.

The school had a science fair for American Education Week. Exhibits were placed in the corridors, on the bulletin boards, and in the display cases. Each class prepared an exhibit in their room about the particular unit they were studying in science. Pupils took turns discussing the exhibits with the many visitors that came to the school."

Pierce: "We have a modern building staffed by an excellent corps of teachers of whom the citizens of Milton have reason to be proud. Not once has any teacher shirked responsibility and they are constantly striving for higher standards with 'the good of the child' foremost in mind.

The School Safety Patrol is operating again this year under the direction of Miss Ellis. Members are on duty daily in school, on the playground, and on the busses, assisting in the enforcement of safety rules and the promotion of good citizenship.

Our teachers are continuing to put a meaningful emphasis on the development of a greater skill among their pupils in the fundamentals of reading, arithmetic, written and oral language."

Tucker: "Continuous development of the skills is noted from grade to grade, not only in the 'three R's' and the content subjects but also in the areas of art, music, and physical education. Each year these skills are taught and reviewed, with new skills added. There is time in the program after these skills are taught for the pupils to apply them. A practical application of these skills is the assembly program which each room presents. This gives the boys and girls an opportunity for self-expression and creativity, which each teacher encourages."

Division of Buildings and Grounds: "The maintenance of the athletic facilities at the High School has been studied carefully since the new gymnasium was placed in operation. It has been found that the custodial force of five men is not adequate for the proper care of the athletic field, gymnasiums, locker rooms, and offices, as well as the forty-eight class or study rooms, laboratories, auditorium, cafeteria, kitchen, boiler room, corridors and grounds. Therefore, it is recommended that another man be added to the staff who would be classified as a groundsman. It would be his duty to maintain the grounds at the High School, Pierce, and Glover Schools in summer; assist in handling custodial work in the gymnasiums, locker rooms, classrooms, and offices at the High School during the regular school year, and be available for maintenance assignments as well as to substitute for a day or two when a man is absent from another school."

Cafeteria Department: "Gross sales in 1956 amounted to $100,308.76—18.4 per cent higher than in 1955. Student participation in the TYPE A lunch was 185,906—19.8 per cent higher than in 1955; in the milk program, 363,485—29.9 per cent higher.

Approximately $1,000 was expended for repair and replacement of equipment. Step #1 of the remodeling plan for the High School was completed at the cost of $8,829.49. It included the following: (1) structural changes—soil dish window, door to new storeroom; (2) plumbing and electrical installations; (3) dishroom in space occupied by former storeroom—soil and clean dish tables, conveyor-type dish machine, gas water booster, one compartment sink; (4) one compartment vegetable sink; (5) new storeroom with metal shelving in former Conference Room; (6) cooling rack, 35 cubic foot pass-through refrigerator, and two dish trucks. The smaller dishwashing machine from the High School was relocated at the Cunningham School at a cost of $235.96."

Department of Health, Physical Education, and Athletics: "The continued well-being of the school child is the responsibility of all persons connected with the school, the home, and the community. The school organizes its health functions to include physical examinations, annual testing of hearing and vision, clinics for inoculations, dental examinations and treatments, first aid treatment and a form of accident insurance, and the maintenance of acceptable health standards for all facilities.

During the past year, Dr. Lillian McMackin and Dr. Kenneth Sands examined 1202 pupils, and the family physicians filled out school record forms for 134 others. These examinations, totaling 1336, were given to pupils entering kindergarten, grades 3, 5, 8, and 11, and transfers to the Milton Public Schools. Also included are all participants for junior and senior high school athletic teams.

The entire student body of the Milton Public Schools has had the opportunity of having two polio inoculations. A third and final shot will be available the latter part of March. A most recent survey among students of the upper four grades shows that 90% have had either 2 or 3 shots. Only 8% have failed to enter into this highly recommended program. Among the staff, 140 have had at least one polio shot and will have a second one the latter part of January.

Approximately 90% of the present pupil enrollment and staff members have subscribed to an accident insurance plan, which at a cost of one dollar for pupils in grades kindergarten through nine and staff, and two dollars for pupils in grades ten through twelve, covers the expenses of accidents which occur when the person is going to or coming from school, during school hours, and while attending school-sponsored activities. It is expected that this accident coverage will help provide for improved care."

Handwriting: "Your teachers have continued to give us the splendid cooperation that has become traditional in your schools and for the many courtesies extended to me and my personnel I am most grateful.

Our records show that at the conclusion of June 1956, 95.3% of the papers scored were Excellent or Good. It is reasonable to conclude, therefore, that 95.3% of the papers were eminently satisfactory. Only 4.7% of the papers were rated Fair or Unsatisfactory. During the past school year we graded and diagnosed approximately 22,774 formal and 68,310 informal samples of handwriting for your pupils."

In the course of each year, the Public Schools are visited by many citizens—local, state, and national—as well as visitors from foreign lands. In the latter group educators have observed the Milton system recently from Malaya, Ceylon, Italy, Pakistan, and Argentina. Needless to say, they have been impressed with many phases of public education. In the realm of government generally they have commented with considerable interest on the countless hours contributed by citizens and committees in the carrying out of official duties. To them this service, which is rendered without compensation of any kind, typifies the spirit of our democratic way of life. Not the least of these committees in the structure of our government, is the School Committee or Board of Education as it is known in other states. In Milton, six members, who are responsible for the efficient operation of the Public Schools, meet for long hours of policy discussion and deliberation on numerous occasions throughout the year. Beyond this time-consuming responsibility, individual members give of themselves in studying school problems, surveying needs, compiling statistics, writing reports, meeting with other Town agencies and organizations, attending state conferences, speaking at civic and social functions, and accepting willingly assignments of all types too numerous to list here. Salaries and expense accounts are conspicuous by their absence. Devotion to duty in serving their fellow citizens is the by-word of these Committees, and their efforts guarantee a free "grass-roots" support for education in our American Democracy.

Although written words tend to be completely inadequate as an expression of thanks, nevertheless, the professional staff and student body herewith record grateful appreciation for the loyal and conscientious service of these dedicated men and women.

Respectfully submitted,

OWEN B. KIERNAN
Superintendent of Schools

REPORT OF THE PRINCIPAL OF THE HIGH AND CENTRAL JUNIOR HIGH SCHOOLS

Dear Dr. Kiernan:

Effective instruction is a primary function of a good school. However. good teaching does not just happen. It is planned. Nearly everyone realizes that once pupils are settled behind the closed doors of a classroom a teacher is very much on her own. Her personality, her mastery of subject, her previous professional experience, and especially her sensitivity to human relationships are then acutely important. If she is correctly adjusted to the age group with which she is associated a significant advance in learning may ensue.

Conscious learning takes place at the growing edge. It is therefore quite obvious that not only the teacher should be alert to discern the fringe growth of each child but that all division groupings should be so screened that children obtain from each other many provocative stimuli.

Personnel and program have their correlative counterparts in pupil placement and class procedures. The teaching corps in its leadership role acts as a sparkplug to the mental processes. To hold these processes within the range of a guiding beam it is essential to have the educational program geared to the maturity and learning rate of the child. Consequently homogeneity in pupil placement is of utter significance. How may proper pupil adjustment be attained in assignment to class divisions? Family background is regarded of little import in the determination of rates of learning.

Within this school building mental ability, willingness, and effort or achievement are recognized as proper evaluative data. Objective standardized achievement or aptitude tests are used as measures of accomplishment and mental ability. Subjective teacher appraisals are used to gauge willingness or effort. Of course every instructor places objectivity as a high goal in ratings based on a multitude of minor judgments.

Milton adopted the junior high school plan of school organization very early in the history of the movement. Even though the Central Junior High School has always been housed with the Senior High School, usually under the same principal, yet the ideas of a joint administration under one roof has never received the enthusiastic endorsement of the principal.

The recent vote of the town to provide new quarters for the younger secondary school population is a boon to the pupils who will soon arrive in the junior high school. Present classes are seriously handicapped by crowded conditions. Academic sections which hover around forty in numbers are entirely too large for teachers to imbue the minds of many pupils with energizing thoughts. Whenever school children are short-changed in vital educational opportunities posterity is likewise short-changed. No one would intentionally stunt the educational development of young people during their growing years. A cramped junior high school scholastic program invites dwarfed junior high school minds.

Currently the eighth grade of this building numbers one hundred seventy-six members. It is rather a premature bulge class, larger than both its predecessor and its successor. Past experience indicates that although a few of these will transfer to independent and parochial schools yet an equalizing transfer contingent will also arrive from nearby non-public schools. The influx to our public schools precipitated by Milton dwelling construction will enhance the congestion problem. All possible measures should be taken to prevent any enrollment increment in the lower branch of the school until the new facilities are available.

The anticipated new construction somewhat foredooms both schools to a holding operation for the next one and one half years. More teachers are needed yet it is obvious that they cannot be economically used without additional space. At this time more teachers are not advocated.

Routine safety precautions and normal upkeep must be maintained in order to delay as long as possible natural old age deterioration. No major alterations are requested. The building must still function as a combination junior-senior high school. Several alterations will be essential as soon as the building can be used exclusively by the three upper classes.

An abnormal request for furniture was budgeted fo next year. Some desks and chairs, vestiges of the dismantled Vose School, have been in daily use for a half century. Such furniture is dropping apart. Projected registration predictions show that both replacement and supplementary desks and chairs are very much needed.

For many years a remedial reading program has been tried as an expedient to meet a need within our building. I believe it produced results. Recently it was called an English Workshop to obviate any stigma which might accrue. All our English teachers were participants in this program.

Reading is the key to learning. High schools and colleges are beginning to give better reading instruction even to those who are already relatively rapid readers. It is believed that schools at present are more successful in driving the lower ten per cent of the student body in scholastic ability, to approach their capacities, than they are in spurring the upper ten per cent to approach their intellectual limitations.

Art instruction at the secondary school level has virtually received a "shot in the arm" with the addition of an art director assigned exclusively to the upper six grades. Interest and participation in art classes, art programs, and art contests has increased. Evidence of this has been apparent in all six grades.

Standardized objective testing in all grades of school work is on the increase. This development is reflected in our building. Of course many teacher-made tests are also given. But in all subjects and in all grades teachers profit by a comparison with a national scale.

Last May Milton High School retested for the Educational Testing Service all seniors who had previously taken the College Entrance Examination Board's Scholastic Aptitude Test. Although it was believed that several beneficial outcomes would result from this retest, one especial objective was to determine the degree of correlation between objective marking and teacher judgment. The accrued academic marks of those seniors were mailed to the Educational Testing Service for comparison with the test results. In several subject areas teachers had also been previously asked to designate their outstanding students. Of course, the validity of teachers' marks or judgments as substantiated by national norms has not always been confirmed to the same degree.

In October our school was involved in a more extensive project for the Educational Testing Service. A special full-day program for pupils in the upper six grades was operated. Inasmuch as the procedures varied not only according to grade levels but also within grades the program was rather difficult to administer in a dual school. The main purposes of the autumn testing of school ability were to verify the reliability of the tests, to establish grade norms, and to determine realistic rates of sequential progress.

Milton High School is an institutional member of the New England Association of Colleges and Secondary Schools which is gradually attaining the status of the college accreditation authority for the northeastern section of the country. A recent action of the Association mandates that every decade each public member institution shall conduct a self survey or evaluation which shall subsequently be reviewed by a visiting board of examiners named by the Association. The Evaluation Director of the New England Association is desirous that Milton specify in advance the year of the first evaluation. Although a set of criteria for this survey is in the high school office the scrutiny of building personnel, procedures, curricula, courses of study, facilities, equipment, et cetera, is so searching it is imperative that a school principal sanction the evaluation and make plans for its implementation.

As this fiscal year ends I feel deeply grateful to you and to the School Committee for the valued leadership, stimulation, and support given during the year. Not only have you maintained an infectious esprit de corps, despite the routine annoyances and the annual recurring problems associated with the training and the intellectual growth of young people, but you have devised and implemented both a long range salary schedule and a school construction program. The resourcefulness and tact involved were appreciated fully as much as the results. Cold wars and hot words have been conspicuously absent.

Respectfully submitted,

GEORGE C. MARSDEN
Principal

REPORT OF THE PRINCIPAL OF THE MARY A. CUNNINGHAM JUNIOR HIGH SCHOOL

Dear Dr. Kiernan:

I herewith submit my first annual report.

The Cunningham Junior High School has served this section of the town in a very satisfactory manner for twenty-one years. It has served not only as an educational center but also has been used by the citizens of this community for social and athletic events.

To further cement school and community relations, we have a newly organized and active Parent-Teacher Association. The first program was held on November 18 with over 350 parents in attendance. The program was arranged so that the parents could follow their children's schedules which made it possible for them to meet the faculty in the classrooms and also visit the entire building.

Due to the increase in enrollment for the past few years, we have had to have two shifts in the lunchroom. The same situation exists at the Collicot School as they also use our cafeteria. During the months of January and February when the Collicot School will be on a single session and all pupils will be using the cafeteria, they too will have to eat in shifts. Careful scheduling has been necessary to make this possible. Under the able supervision of Mrs. Callahan, Director of Cafeterias, and with the help of her staff, the children of both schools daily receive well-balanced meals.

The new inter-communication system which was installed during the summer has proved to be very effective. In addition to the usual messages from the office, worthwhile records, radio programs, and tape recorded programs may be transmitted to a single room or to the entire school, whichever the occasion demands. Because of the lack of an auditorium it is necessary for us to have our meetings, assemblies, dances, and other activities in the school gymnasium where the acoustics are very poor. With the use of a second microphone connected to the console in the office, we find these activities in the gymnasium much more valuable and enjoyable.

After twenty-one years of continuous service the Cunningham Junior High School plant is in excellent condition. The library, cafeteria, gymnasium, classrooms, cooking and sewing rooms, and shops are in constant use not only by pupils but also during after school hours by Scouts, Brownies, church groups, and Park League. The fine maintenance of this building is due to the cooperation of the custodians, faculty, and pupils.

The aim of the Cunningham Junior High School is to encourage both the academic and athletic programs. Each pupil has the opportunity to participate in sports. The seventh grade has intramural basketball and baseball. The eighth and ninth grades have football, basketball, and baseball. These three sports have varsity teams which play in our tri-league. All practice sessions and games are played under the direction of a member of our faculty. The girls' athletic program consists of field hockey, basketball, badminton, cheerleading, and softball. Since Cunningham Park has three new tennis courts, it is hoped that this sport may be made available to both our boys and girls this spring. Through the generosity of Milton Academy, the boys have had the opportunity of practicing at the Milton rink once a week. The interest in hockey is growing tremendously and, weather permitting, our boys will practice daily at Cunningham Park.

In my four months as principal at Cunningham, I have had excellent cooperation from parents, faculty, and students. The changes unavoidable with an administrative change have been minimized and building routine and policies have been carried on with the cooperation and efficient help of the experienced staff here.

I wish to thank you and the School Committee for your kindness and assistance to me in undertaking my new duties.

Respectfully submitted,

DONALD E. ALLISON
Acting Principal

REPORT OF THE SCHOOL DENTIST

Dear Dr. Kiernan:

Dental examinations with mouth mirror and explorer of all pupils at Belcher and Glover Schools have been completed. The same examination has been done for all kindergarten children at the Collicot, Pierce, and Tucker Schools.

At this time we give the pupils such information about oral hygiene as they can used to good advantage. Eighty per cent of the children need dentistry. Our children are still without fluoride-bearing water which is the most practical measure yet discovered for the prevention of tooth decay.

We have corrected the dental defects of the Belcher School children and most children in the Pierce and Collicot kindergartens. Indications still remain that extractions would be undesirable during epidemic prevalence.

Mrs. Stacey has been of great assistance in encouraging parents in what help we need.

1—Child health is a family responsibility and we supplement the efforts of the home.

2—Explanation of proper diet.

3—Tooth brushing and adequate dental care to prevent caries activity, reduced significantly by night brushing and swishing.

Mr. Thomas Bilodeau of the Board of Health visited our clinic on two occasions and was very much interested in our efforts.

We appreciate your continued cooperation.

With best wishes for a healthy New Year,

Respectfully submitted,

JOHN P. HERLIHY, D.M.D.
School Dentist

REPORT OF THE SUPERVISOR OF ATTENDANCE

Dear Dr. Kiernan:

I hereby submit my report as Supervisor of Attendance for the calendar year 1956.

Number of cases investigated		5
Number of personal calls made		11
Number of recorded telephone calls		6
Absences due to illness		2
Absences due to truancy		3
Milton Public School Pupils	4	
Pupils of other schools	1	

This report includes investigations of pupils living in Milton who attend public or private schools elsewhere as well as pupils who attend school in Milton.

Respectfully submitted,

JOSEPH C. RYAN
Supervisor of Attendance

APPENDIX

SPECIAL REPORTS

AND

STATISTICS

QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

1. Admission to Kindergarten and to First Grade

Section 66. Children who will be five (5) years of age before January 1 of the following year may be admitted to the Kindergarten during the month of September. Children whose residence in Milton began after the beginning of the school year may be admitted to school under the above conditions. Children who will be six (6) years of age before January 1 of the following year may be admitted to the first grade during the month of September.

2. Tuition Pupils

Section 90. The Public Schools and services thereof shall be considered for Milton residents only. Non-residents, however, may be admitted under certain extraordinary conditions at the following annual tuition rates: High School, $350, (three hundred and fifty dollars); Junior High School, $300, (three hundred dollars); Elementary School, $200, (two hundred dollars); Special Class at Mary A. Cunningham, $375, (three hundred and seventy-five dollars). Tuition is payable for such students *at the beginning* of each term and payment shall be forwarded to the Town Treasurer. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

No School Signal

In the event of exceptionally severe weather conditions, or when the transportation system is disrupted, WBZ, WNAC, WEEI, WCOP, WHDH, and WJDA will broadcast the no-school announcement between 7:00 and 8:00 A.M. In addition, the signal 2-2 sounded four times on the fire alarm at:

7:15 means no school sessions for all schools for the entire day.

7:30 means no school sessions for all schools below the Junior High School for the entire day.

11:40 means no afternoon session for schools below the Junior High School. This signal will not be sounded if the 7:15 or 7:30 signal has been sounded.

We feel these signals are clear and, therefore, urge parents and students to refrain from flooding the Radio Stations, Fire Department Headquarters, and homes of School Department personnel with telephone calls.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. On days when the signal is not used, weather conditions may warrant the non-attendance of certain children. Lack of normal health would tend to make it advisable for parents to keep the child at home. Since weather reports are not always reliable, and since the School Department desires to render maximum education service by having the schools open the greatest number of days, storm signals *will not be used* on ordinary rainy or snowy days or when there is reasonable doubt.

**97	Boy Scout Camp, Unquity Road

*Special Signals

**Special Signals for Fires in the Blue Hills Reservation

Directions for Sounding an Alarm

Open outside door of Fire Alarm Box, then pull the hook down ONCE and let go. Remain at Box until arrival of Firemen and direct them to Fire.

Signals

1 One blow, 7:30 A.M., 12M., 5:45 P.M., Fire Alarm Tests.
1—1 Two blows, Recall.
1—1—1 Three blows followed by four rounds of box number, GENERAL ALARM.

Signals for No School

The signal 2—2 sounded four times on the fire alarm at:

7:15 A.M., means no school sessions for all schools for entire day.

7:30 A.M., means no school for all schools below the Junior High School for the entire day.

11:40 A.M., means no afternoon sessions for all schools below the Junior High School—this signal will not be sounded if the 7:15 signal has been sounded.

The 7:15 A.M. signal will rarely be sounded as it includes the closing of the High and Junior High Schools.

If the 7:15 A.M. signal is given, the 7:30 A.M. signal will be unnecessary.

FRED E. WHELAN, Chief of Department.

Emergency call for Fire Dept. should be "Milton Fire Department—Emergency"

Gottfried E. Sanford	59 Collamore Street	(86)	R	Deputy Inspector

GENERAL BYLAWS
Town of Milton, March 10, 1934
AS AMENDED

CHAPTER 1

General Provisions

SECTION 1. The bylaws of the Town adopted March 2, 1902, may be designated as heretofore, as the "Revised Bylaws," but said revised bylaws as heretofore or at this meeting may be designated as the General Bylaws.

SECTION 2. So far as the provisions of these bylaws are the same in effect as those of previously existing bylaws, they shall be construed as a continuation of such bylaws but, subject to said limitations and the provisions of the next section, all bylaws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any bylaw, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

SECTION 3. These bylaws and the repeal of all bylaws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any bylaw thereby have the effect of reviving any bylaw theretofore repealed or suspended.

SECTION 4. When in a bylaw anything is prohibited from being done without the license or permission of a certain officer, officers or board, such officer, officers, or board shall have the power to license or permit such thing to be done.

SECTION 5. In all these bylaws the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The word public way shall include any highway, town way, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; the owner or occupant of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word person may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

SECTION 6. Whoever violates any of the provisions of these bylaws whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

SECTION 7. Whoever shall refuse or neglect to obey any lawful order of any Town officer or board of Town officers, issued under any of these bylaws, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for every such offence a fine not exceeding twenty dollars.

SECTION 8. Prosecutions for the breach of any of the provisions of these bylaws shall be commenced within six months from such breach.

SECTON 9. Any or all of these bylaws may be repealed or amended or other bylaws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

Town Meetings

Section 1. The warrants for all Town meetings shall be directed to the constables of the Town, and notice of such meetings shall be given by posting attested copies of the warrant in each of the post-offices of the Town at least seven days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days before the day of such meetings.

Section 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open from eight o'clock in the morning until eight o'clock in the evening for the election of such Town officers and the determination of such matters as by law are required to be elected or determined by ballot. All such officers shall be voted for and all such matters shall be determined on official ballots.

Section 3. All business except the election of such officers and the determination of such matters as bylaw are required to be elected or determined by ballot shall be considered at an adjournment of the annual meeting to the second Saturday of March at one-thirty o'clock in the afternoon.

Section 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting. If a motion is susceptible of division it shall be divided and the question put separately upon each part thereof if ten town meeting members so request.

Section 5. Upon taking the question, the sense of the meeting shall be taken by the voices of the town meeting members and the Moderator shall first announce the vote as it appears to him by the sound.

If the Moderator is unable to decide by the sound of the voices or if his announcement made thereupon is doubted by seven town meeting members arising in their places for that purpose, the Moderator shall request the town meeting members to be seated, and shall appoint tellers; the question then shall be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall report their count to the Moderator, who thereupon shall announce the vote. If the vote is further doubted and twenty-five town meeting members arise in their places and ask for a division of the meeting by the taking of the yeas and the nays, then the roll of the meeting shall be called in alphabetical order by the Town Clerk, and each town meeting member shall rise in his place if he answers yea or nay when his name is called, and the Moderator shall announce the vote. No town meeting member shall be allowed to vote after the vote is declared.

Section 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the town meeting members present and voting thereon, provided that the time which shall elapse between any adjournment and the next calling to order of the meeting following such adjournment shall be excluded in computing the hour since the adoption of said vote.

Section 7. If a motion for the previous question is adopted by vote of the meeting no person shall speak to the motion then under consideration more than once or for longer than five minutes without a vote of permission of the meeting, except that the Chairman of the Warrant Committee may speak again to close the debate, but not for more than five minutes.

SECTION 8. When a question is before the meeting, the following motions, viz:—

to adjourn,
to lay on the table,
for the previous question,
to postpone to a certain time,
to commit (or recommit) or refer,
to amend or substitute,

shall have precedence in the order in which they are placed in this section; but no article in the warrant shall be finally disposed of by a vote to lay on the table, to postpone indefinitely, or to take no action thereunder. In proposed amendments, involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECTION 9. Any person who is employed as an attorney by another person interested in any matter under discussion at a Town meeting shall disclose the fact of his employment before speaking thereon.

SECTION 10. No appropriation of a sum of money exceeding five hundred dollars shall be made until the subject matter thereof has been considered and estimates reported to the Town, either by the Selectmen or other town officers, or by the Warrant Committee or some committee chosen for the purpose in pursuance of a vote of the Town.

CHAPTER 3

The Warrant Committee

SECTION 1. The Town shall have an advisory committee to be known as the Warrant Committee consisting of fifteen legal voters of the Town. On or before the first day of June in each year the Moderator shall appoint fifteen members to the Warrant Committee each of whom shall serve for a term of one year beginning on the first day of June in the year of appointment.

SECTION 2. The Warrant Committee shall, prior to the fifteenth day of June in each year, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

a. They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

SECTION 3. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meeting; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

SECTION 4. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town. Copies of such reports shall be left at the dwelling houses in the Town at least four days before the day set for consideration of the various articles in the warrant considered by them and at least four days before the day upon which the voters are to consider questions submitted to them at any meeting including State elections.

a. On or before November first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

b. The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the totals of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

CHAPTER 4

The Town's Finances and Property

Section 1. The Selectmen shall annually, not less than seven days before the annual town meeting, cause to be printed such number of copies of the annual town report as they shall determine to be sufficient for the use of the inhabitants. Such report shall contain a detailed report of all moneys received into and paid out of the Town treasury during the financial year next preceding, with such information and recommendations as the Selectmen may deem proper; the report of the school committee; the records of the meetings of the Town held since the last annual report; the report of the collector of taxes, of receipts, payments and abatements; a list of births, marriages and deaths, to be furnished by the town clerk; statements concerning the condition and funds of the public library and the cemetery, to be furnished by the trustees thereof respectively, and statements of all other funds belonging to the Town or held for the benefit of its inhabitants; a statement of the liability of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town for perpetual care of cemetery lots; and such other matters as the said report is required by law to contain, or as may be inserted by the Selectmen under the discretion granted them by law.

Section 2. No officer of the Town shall in his official capacity make or pass upon or participate in making or passing upon, any sale, contract or agreement or the terms or amount of any payment in which the Town is interested and in which such officer has any personal interest.

Section 3. The Warrant Committee shall send to the Selectmen and to the town accountant certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

Section 4. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town or its officers in their official capacity and to appear and defend suits brought against it or its officers in their official capacity, unless otherwise ordered by a vote of the Town.

Section 5. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless otherwise ordered by a vote of the Town.

Section 6. The Selectmen shall appoint a Town Accountant who shall perform the duties prescribed by law. There shall annually be an audit of the accounts of the

Town under the supervision of the State Director of Accounts, as provided in General Laws, Chapter 44, section 35.

Section 7. Whenever damages may be recovered against the Town under General Laws, chapter 79, entitled "Eminent Domain," the Selectmen, unless otherwise provided by vote of the Town, may exercise in the name and behalf of the Town all the powers granted in section 39 of said chapter relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained.

Section 8. The collector of taxes shall collect, under the title of Town Collector, all accounts due the Town, excepting interest on investments of sinking or trust funds. If it shall seem advisable to the town collector that suit or suits should be instituted and prosecuted in the name of the Town, in connection with the collection of any accounts due to the Town, he shall so advise the Selectmen who shall have authority as agents of the Town to institute and prosecute the same.

Section 9. In addition to the authority to them granted by section 8, the Selectmen shall have authority as agents of the Town to settle claims against the Town. after receiving the advice of the town counsel, payment for such settlements to be taken from the appropriation for the law department.

Section 10. Any Board or Officer in charge of a department may, with the approval of the Selectmen, sell any personal property or material not required by said department to an aggregate amount not exceeding $300 in value in any one fiscal year.

Section 11. Except as otherwise provided by law the Selectmen shall have custody of deeds, of bonds of Town officers, of insurance policies and of other similar documents owned by the Town.

Section 12. No contract shall be awarded for any work or service, other than professional service, to be performed for the Town by an independent contractor, and no purchase of materials, supplies or equipment shall be made, the estimated cost of which in either case is $300 or more, unless competitive bids have been invited therefor. Such bids shall be invited by the sending of letters of invitation on the same day to such number of vendors, contractors or other qualified persons deemed by the Town Officer, Board or Committee sufficient to obtain fair competition, and, in the case of all such contracts and of purchases estimated to cost $1,000 or more such bids shall also be invited by public advertisement by at least one insertion in a newspaper of general circulation in the Town, said letters to be mailed and said advertisements to be published at least ten days before the time stated for the opening of bids. Such invitation shall state where plans and specifications for proposed work or purchases may be obtained, or may contain such plans and specifications, and shall state the time and place at which bids shall be opened and shall reserve to the Board, Officer or Committee the right to reject any or all bids. All bids shall be opened in public at the time and place specified therefor. No purchase or work for which a contract is proposed shall be split or divided for the purpose of evading the provisions of this Section. This Section shall not apply in cases of emergency requiring immediate action for the preservation of life or the protection of property, nor to the purchase of materials, supplies or equipment for which there is no reasonable substitute by reason of natural or actual monopoly, peculiarity of design or type of article, patent right or copyright, certified by the officer, Board or Committee. All bids submitted, plans and specifications, certificates setting forth the reasons why competitive bids were not invited and contracts shall as soon as practicable be filed with the Town Accountant and shall be kept on file at least three years and shall be open to public inspection at reasonable times.

Section 13. Every contract for construction work, whether for alterations, repairs or original construction, the estimated cost of which amounts to $5,000 or more, shall be accompanied by a suitable bond for the performance of the same, or by the deposit of money or security to the amount of the estimated cost.

Section 14. The Town Treasurer shall be the custodian of all moneys, properties and securities of all trust funds, including Cemetery trust funds, heretofore or hereafter given, devised or bequeathed to the Town, and shall with the approval of the Board of Selectmen invest and reinvest the same and expend therefrom moneys as directed by the Board of Selectmen. The Town Treasurer shall have power with the approval of the Board of Selectmen in the name and behalf of the Town to sell, transfer and deliver any and all securities and properties so held for such prices or considerations and on such terms and conditions as he and they shall determine. The foregoing provisions shall be subject to and not in derogation of any and all directions or provisions made by donors in wills or other instruments of gift in respect to any such fund or funds.

CHAPTER 5

The Cemetery

Section 1. The sole care, superintendence, management and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

Section 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family subject to these bylaws and the regulations of the Trustees, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

Section 3. The Trustees may sell lots, when and at such rates as they may deem advisable; provided that the rate shall not be less than two dollars a square foot, and the purchasers shall in some way be connected with Milton people.

Section 4. The proprietor of each lot shall cause to be erected, at his own expense, cornerstones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such land marks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

Section 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

Section 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

Section 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

Section 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose and erect over the remains a suitable memorial stone.

Section 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.

2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.

3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.

4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.

5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.

6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

Police Regulations

Section 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor having obtained such permit, without complying with the restrictions and provisions thereof.

Section 2. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a police officer; provided that the provisions of this section shall not apply to the placing of ashes, refuse or garbage in proper receptacles for collection under public authority.

Section 3. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of eveyr night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

Section 4. No person shall throw or place or cause to be thrown or placed, any ice or snow into or upon any public way in such a manner as to obstruct traffic or endanger travel upon the public way.

Section 5. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offense.

SECTION 6. No person shall stand on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECTION 7. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these bylaws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECTION 8. No person shall ride or drive any beast of burden, carriage or draught, or shall drive or propel or cause to be driven or propelled any bicycle, tricycle, motor vehicle or any vehicle whatsoever, in or over any crossing in any public way at such a rate of speed as to endanger the lives and safety of the public.

SECTION 9. No person shall permit any vehicle under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any vehicle in any public way so near to another vehicle as to obstruct public travel; and no person shall stop with any vehicle upon or across any crossing in any public way.

SECTION 10. No person shall coast upon ice or snow upon any public way except one on which the Selectmen or chief of police by public notice permit such coasting and no person shall ride any animal or drive, wheel or draw any coach, cart, wheelbarrow, hand cart, velocipede, bicycle, or any vehicle except children's carriages, or coast upon any sidewalk in the Town. Whoever violates the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECTION 11. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECTION 12. Any person or persons who shall play or perform on any musical instrument, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECTION 13. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECTION 14. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons in any public way.

SECTION 15. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offience; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall be not less than twenty dollars for each offence.

Section 16. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

Section 17. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other buildings whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

Section 17A. Whoever shall throw or cause to be thrown into any brook or stream any substance, rubbish, debris or waste matter whatsoever which will obstruct or tend to obstruct, or alter or tend to alter the flow of water in such brook or stream, or which will pollute or tend to pollute or cause an offensive smell or odor in such brook or stream, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

Section 18. The Selectmen may license hackney carriages or motor vehicles for the conveyance of persons for hire from place to place within the town, and they may revoke such licenses at their discretion, and a record of all licenses so granted or revoked shall be kept by the Selectmen.

No person shall set up, use or drive in the town any unlicensed hackney carriage or motor vehicle for the conveyance of passengers for hire from place to place within the town under a penalty not exceeding twenty dollars for each offence.

Licenses shall expire on the thirtieth day of April next after the date thereof, and shall not be transferred without the consent of the Selectmen indorsed thereon. For each license the sum of one dollar shall be paid to the town treasurer for the use of the town. A license so granted shall become void if the applicant neglects or refuses to take out and pay for his license within ten days after notice that it has been granted.

The Selectmen may grant to the holder of a license under the preceding paragraphs of this section a license to use a certain portion of a public way as a carriage stand for the solicitation of passengers for hire and no person shall use any portion of any public way for such purposes without such license.

Any person who violates any of the provisions of this section shall be punished by a fine of not more than twenty dollars for each offence.

Section 19. No person shall distribute papers, circulars or advertisements through the Town or any portion thereof in such manner as to make a litter or otherwise cause public annoyance.

Section 20. No person shall fire, discharge, explode or set off any torpedo, firecracker or fireworks in such manner as to disturb the peace or quiet of any neighborhood. No person shall hunt or fire, discharge, explode or set off any firearm within the limits of any park, playground or other public property except with the consent of the Board of Selectmen or within the limits of any private property except with the consent of the owner or the lawful occupant thereof. With respect to firearms, this Section shall not prohibit the lawful defense of life or protection of property nor be applicable to any law enforcement officer acting in the discharge of his duties.

SECTION 21. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECTION 22. No person shall own or keep a dog which by barking, biting or howling or in any other manner disturbs the peace and quiet of any neighborhood or endangers the safety of any person.

SECTION 23. No person shall burn anything so as to emit noxious odors to the discomfort of the neighborhood.

SECTION 24. No person shall place or suffer to accumulate on his premises any refuse, animal or vegetable matter, rubbish or filth, whereby any offensive or noxious stench or effluvia shall be created so as to endanger the health or comfort of the neighborhood.

SECTION 25. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles from place to place in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subject to the provisions of law. Whoever violates any provision of this section shall forfeit and pay for each offence a fine not exceeding twenty dollars.

SECTION 26. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter. Whoever violates any provision of this section shall forfeit and pay for each offence a fine not exceeding twenty dollars.

SECTION 27. Except when otherwise provided by law, prosecutions for offences under the bylaws of the Town may be made by any police officer of the Town.

CHAPTER 6A

School Traffic Control

SECTION 1. There shall be a School Traffic Control Unit in the Police Department consisting of not less than five nor more than twelve female Special Police Officers appointed by the Board of Selectmen to serve at the pleasure of the Board. The duties of such special police officers shall be supervised by and be under the direction of the Chief of Police.

SECTION 2. Special Police Officers appointed under this Chapter shall be designated as School Traffic Supervisors and shall have all the power and authority of regular police officers in the enforcement of Chapter 90 of the General Laws and Acts and amendments thereof and in addition thereto, and of all other laws and of the Bylaws of the Town relating to the operation, standing or use of vehicles.

CHAPTER 7

Building Code

Chapters 7 and 8 were amended in 1934 by being renumbered as Chapter 7.

The title of said Chapter was amended by striking out the words "Building and Plumbing Laws", and inserting in place thereof the words:—BUILDING CODE—.

Amendments to Chapter 7 have been made at the Annual Town Meetings held March 9, 1935, March 14, 1936, March 12, 1938, March 13, 1948 and March 12, 1949 and March 19, 1955.

The Building Code thus amended was approved by the Attorney General May 20, 1955, and is now available in pamphlet form in the Building Inspector's office.

CHAPTER 8

Town Ways

SECTION 1. Every way that shall be laid out for the acceptance of the Town as a town way shall be not less than fifty feet in width, provided, however, that upon written certification by the Planning Board, with respect to the layout of a particular way, that the requirement of a width of fifty feet will cause practical difficulty or unnecessary hardship, such way may be laid out less than fifty feet in width.

SECTION 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a town way such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construction of existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments and shall not apply to ways shown on plats approved by the Planning Board and constructed in accordance with rules and regulations of the Planning Board.

CHAPTER 9

Billboards

SECTION 1. No person or corporation shall erect or maintain a billboard sign or other outdoor advertising devises, except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred and fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupae, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof if for sale or to let.

CHAPTER 10

Zoning

SECTION I. **Definitions.**

A. In this bylaw the following terms, unless a contrary meaning is required by the context or is specifically prescribed, shall have the following meanings:

1. *Street.* The word "street" shall include public ways established by or maintained under public authority, private ways open for public use, and private ways plotted or laid out for ultimate public use, whether or not constructed.

2. *Lot.* A "lot" is a single area of land in one ownership defined by metes, bounds or boundary lines in a recorded deed or on a recorded plan. After this bylaw is adopted new lots may be established by recording the same or by filing with the Building Inspector as a part of an application for a building permit the plan of the lot appurtenant to the building signed by by the owner or owners of the lot and defining the lot by metes and bounds on such plan. In determining lot areas no part thereof within the limitation of the street shall be included.

3. *One Ownership.* The term "one ownership" means an undivided ownership by one person or by several persons whether the tenure be joint, in common, or by the entirety.

4. *Recorded.* The term "recorded" or "of record" means recorded or registered in the Norfolk County Registry of Deeds or a record title to a parcel of land disclosed by any or all pertinent public records.

5. *Building.* The word "building" shall include "structure."

6. *Erected.* The word "erected" shall include the words "built," "constructed," "reconstructed," "altered," "enlarged," and "moved."

7. All references to the time of adoption of this bylaw shall mean February 10, 1938.

SECTION II. **Establishment of Districts.**

A. Classes of Districts. The Town of Milton is hereby divided, as shown on the Zoning Map entitled "Map of Milton, Massachusetts, showing Zoning Districts," dated January 7, 1938 and filed with the Town Clerk, and hereby declared a part of this bylaw, into four classes of districts:

1. Residence A districts;
2. Residence B districts;
3. Residence C districts;
4. Business districts.

B. Boundaries of Districts. The boundaries of Business Districts hereunder shall continue to be as existing immediately prior to the adoption of this bylaw. The boundaries of Residence A Districts, Residence B Districts, and Residence C Districts shall be as shown on the Zoning Map. Unless otherwise specifically indicated on the Zoning Map the boundaries between districts are either the center lines of streets or boundary lines of lots, or lines parallel to and a dimensional distance from the nearest side lines of streets.

(Zoning map changed by votes passed under Article 57 at the March 9, 1940 Town Meeting and at the March 8, 1947 Town Meeting under Article 57.)

C. Lots in Two Districts. Where a district boundary line divides a lot recorded prior to the time this bylaw is adopted, the regulations and restrictions of the less restricted portion of such lot shall govern such portion of such lot as shall be within the more restricted district and shall lie within thirty feet of said boundary line, provided the lot has a frontage on a street in the less restricted district.

SECTION III. **Use Regulations.**

A. Residence A, B, and C District Uses. In a Residence A, B, or C District, except as herein otherwise provided, no building or land shall be used and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or for other purposes except one or more of the following:

1. Detached one-family dwelling;
2. Church;
3. Educational use, not conducted for profit;
4. Agricultural use, selling only produce raised on the premises; provided, however, that this paragraph 4 shall not be deemed or construed to permit or authorize the use or maintenance of any building or structure;
5. Municipal use;
6. Accessory use on the same lot with and customarily incident to any of the above permitted uses, or to the uses permitted in accordance with the following sub-section numbered 7, and not detrimental to a residential neighborhood;
7. Any of the following uses, if authorized by permit issued by the Board of Appeals and subject to appropriate conditions, limitations, and safeguards stated in writing by the Board of Appeals and made a part of the permit;
    - (a) Private clubs not conducted for profit;
    - (b) Cemetery, not conducted for profit;
    - (c) The garaging or maintaining of more than three automobiles when accessory to a dwelling;
    - (d) Greenhouse or nursery selling only produce raised on the premises;
    - (e) Charitable or philanthropic use, hospital or sanitarium, not conducted for profit;
    - (f) Riding stable;
    - (g) Public utility or public communications building not including a service station or outside storage of supplies;
    - (h) A two-family house (as defined below) if the lot on which it will stand lies between two lots on which are buildings designed for occupancy by two or more families each, located on the same side of the street and less than 100 feet apart. A two-family house is a residential building fitted to be occupied by two families which are independent of each other as regards the preparation of food;
    - (i) A dwelling used primarily and principally for residential purposes may be used incidentally but without public display of goods or wares, or signs except as permitted in subsection *B 1* (g) hereof, for the sale of food or of goods of home manufacture prepared or made therein by the occupants of such dwelling, for the operation of a telephone answering service, or for other incidental purposes which are not primarily industrial, trade, manufacturing, or commercial purposes, provided, in each case, the Board of Appeals shall determine that the

use of such building is incidental only and that such use will not be substantially detrimental to the use of other property in the neighborhood;

(j) Buildings or structures used or maintained on or in connection with land devoted to agricultural use permitted in paragraph 4 of this Section III A.

B. *Accessory Use in Residence A, B and C Districts.*

1. In Residence A, B and C Districts the following are hereby specifically declared not to be "accessory uses" within the meaning of this bylaw;
   - (a) The garaging or maintaining on any lot of a total of more than three automobiles at any time, unless a special permit is granted by the Board of Appeals pursuant to the provisions of Section VIII hereof;
   - (b) The garaging or maintaining on any lot of more than one commercial automobile, except in the case of a lot used for agriculture or for a municipal use;
   - (c) The garaging or maintaining on any lot used for agriculture of more than four commercial automobiles;
   - (d) The sale of produce not raised on the premises unless, in the case of a commercial greenhouse established and doing business prior to the adoption of this bylaw, a special permit is granted by the Board of Appeals pursuant to the provisions of Section VIII hereof;
   - (e) The accommodation of, or renting space to, more than four lodgers, boarders or paying guests;
   - (f) Accessory use shall not include dwellings, except that there may be constructed as part of a garage or stable, family living quarters for and to be occupied only by an employee of the owner or occupant of the dwelling to which such garage or stable is an accessory use; provided, however, that such employment is of the type customarily incident to the use of said dwelling;
   - (g) An accessory use shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation and being such a sign as is customarily used for a purpose permitted by this section of this bylaw.

C. *Business District Uses.* In a Business District no building shall be erected, altered or used and no land shall be used for any purpose injurious, noxious or offensive to a neighborhood by reason of the emission of odor, fumes, dust, smoke, vibration, or noise, or other cause, or for any purpose whatsoever except the following purposes:

1. Any use permitted in a Residence A, B or C District;
2. Offices, banks, assembly halls or places of amusement;
3. Signs permitted in a Residence A, B or C District and signs advertising goods or services offered by an occupant of the premises for sale, hire, or use;
4. Retail or wholesale stores, shops for custom work where the product is sold directly by the producer to the consumer, places where services are performed, places of the building trades, sales rooms and repair shops for motor vehicles, garages, filling stations, storage warehouses, restaurants and other places for serving food and drink, places of business of bakers, dyers, confectioners, launderers, photographers, printers and undertakers. Other uses of substantially

the same character may be permitted only if authorized by permit issued by the Board of Appeals subject to appropriate conditions, limitations and safeguards stated in writing by the Board of Appeals and made a part of the permit all in accordance with the provisions of Section VIII, C.

SECTION IV. Non-conforming Uses of Buildings and Land.

A. Continuation of Non-conforming uses of Buildings and Land. Any building or use of a building or use of land or part thereof lawful and existing at the time this bylaw is adopted may be continued, unless and until abandoned, although such building or use does not conform to the provisions hereof. No increase in the extent of the non-conforming use of the building or land may be made except that any such non-conforming building may be added to, enlarged, reconstructed or replaced, and such addition, enlargement, reconstruction or replacement used for the purpose, or for a purpose substantially similar to the purpose, for which the original building may lawfully be used if authorized by the Board of Appeals and subject to appropriate conditions, limitations, and safeguards stated in writing by the Board of Appeals and made a part of the permit. As a basis for such permit the Board of Appeals must be satisfied that such addition, enlargement, reconstruction or replacement and the use to be made thereof will not substantially increase any detrimental or injurious effect of the building or use on the neighborhood.

SECTION IV A. Earth Materials Removal.

1. The removal of sod, loam, soil, clay, sand, gravel, or stone from any land in the Town of Milton not in public use to any location outside of said Town is hereby prohibited, and any such removal within said Town is hereby prohibited except as may be authorized in any zoning district by a permit issued by the Board of Appeals and except such removal as is permitted by paragraph 3 of this section. No such permit shall be issued except upon written application therefor to the Board of Appeals with copy to the Planning Board and after a public hearing on such application by the Board of Appeals. Such application shall include a diagram to scale of the land concerned, indicating existing and proposed elevations in the area to be excavated and stating the ownership and boundaries of the land for which such permit is sought, the names of all adjoining owners as found in the most recent tax list and the approximate locations of existing public and private ways nearest such land. Notice of said public hearing shall be given by publication in a newspaper published in or of general circulation in Milton eight (8) days at least before the date of such hearing.

2. A copy of any permit granted hereunder by the Board of Appeals, stating l of the conditions imposed, if any, including but not limited to limitation of such moval in:

(a) extent of time,

(b) area and depth of excavation,

(c) steepness of slopes excavated,

(d) distance between edge of excavation and neighboring properties or ways,

(e) temporary or permanent drainage,

(f) the posting of security or bond,

(g) the replacement of not less than six (6) inches of topsoil over the whole of any area from which earth materials are removed where the location of such removal is afterward to become a residential sub-division, or,

(h) in the case of continuing sand or gravel pit operations in one general locus, re-covering the finished cut banks with a minimum of four (4) inches of topsoil;

or a copy of the denial by the Board of Appeals of any application for such, stating the reasons for such denial shall be mailed forthwith by the Board to the parties in interest, including also the Planning Board and the Building Inspector.

3. The provisions of this section shall be deemed not to prohibit the removal of such sod, loam, soil, clay, sand, gravel or stone as may be required to be excavated for the purposes of constructing foundations for buildings or other allowable structures for which building permits have been issued, or for the purpose of constructing ways in accordance with lines and grades approved by the Planning Board or by the Board of Appeals or for the purpose of constructing utilities or other engineering works for public service. Nor shall this regulation be deemed to prohibit the transferral of sod, loam, soil, clay, sand, gravel, or stone from one part of a lot, tract or parcel of land to another part of the same lot, tract, or parcel of land in the same ownership.

SECTION V. **Height Regulations.**

A. Building Heights in Residence A, B and C Districts. In a Residence A, B or C District no building shall be erected or altered to exceed two and one-half stories in height unless it is set back from each street and lot line 15 feet farther than is required by Section VI. No building shall in any event exceed three stories in height. The term "half-story" shall mean a story in a sloping roof, the area of which story at a height four feet above the floor does not exceed two-thirds the floor area of the story immediately below it.

B. Building Height in Business District. In a Business district no building shall be erected or altered to exceed three stories in height unless authorized by permit issued by the Board of Appeals subject to appropriate conditions, limitations and safeguards stated in writing by the Board of Appeals and made a part of the permit, all in accordance with the provisions of Section VIII, C, provided that no such building shall be permitted the maximum height of which exceeds 65 feet above the centre line of the street or way adjacent to the lot on which such building stands.

C. Height Exceptions. Chimneys, elevators, poles, spires, tanks, towers, and other projections not used for human occupancy may extend above the height limits herein fixed.

SECTION VI. **Area Regulations.**

A. Lot Sizes and Frontages.

1. In a Residence A District no dwelling shall be erected or maintained except on lots as hereinbefore defined, or on lots established after this bylaw is adopted, as hereinbefore provided, containing not less than 40,000 squar feet each and having each a frontage of not less than 150 feet, and no more than one dwelling shall be erected on each such lot except that (a) a lot recorded at the time of the adoption of this bylaw or, if not so recorded, if authorized by permit from the Board of Appeals, containing less than 80,000 and more than 64,000 square feet may be divided into lots containing not less than 32,000 square feet each and each having a frontage of not less than 150 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this bylaw or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 80,000 square feet and if after division into as many lots as practicable, each containing not less than 40,000 square feet and each having a frontage of not less than 150 feet, there remains a lot of 32,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 150 feet, and (c) one dwelling may be erected on a lot containing less than 40,000 square feet, or having a frontage of less than 150 feet, if such lot

was recorded at the time of the adoption of this bylaw, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed "available for use" (as that phrase is used in this subsection (c)) if such land is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 40,000 square feet and had a frontage of no more than 150 feet.

2. In a Residence B District no dwelling shall be erected or maintained except on lots as hereinbefore defined, or on lots established after this bylaw is adopted, as hereinbefore provided, containing not less than 20,000 square feet each and having each a frontage of not less than 100 feet, and not more than one dwelling shall be erected on each such lot except that (a) a lot recorded at the time of the adoption of this bylaw or, if not so recorded, if authorized by permit from the Board of Appeals, containing less than 40,000 and more than 32,000 square feet may be divided into lots containing not less than 16,000 square feet each and each having a frontage of not less than 80 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this bylaw or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 40,000 square feet and if after division into as many lots as practicable, each containing not less than 20,000 square feet and each having a frontage of not less than 100 feet, there remains a lot of 16,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 80 feet, and (c) one dwelling may be erected on a lot containing less than 20,000 square feet, or having a frontage of less than 100 feet, if such lot was recorded at the time of the adoption of this bylaw, and did not at the time of such adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed "available for use" (as that phrase is used in this subsection (c)) if such land is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 20,000 square feet and had a frontage of no more than 100 feet.

3. In a Residence C District no dwelling shall be erected or maintained except on lots as hereinbefore defined, or on lots established after this bylaw is adopted, as hereinbefore provided, containing not less than 7,500 square feet each and having each a frontage of not less than 75 feet, and not more than one dwelling shall be erected on each such lot except that (a) a lot recorded at the time of the adoption of this bylaw or if not so recorded, if authorized by permit from the Board of Appeals, containing less than 15,000 and more than 12,000 square feet may be divided into lots containing not less than 6,000 square feet each and each having a frontage of not less than 60 feet, and one dwelling may be erected on each such lot, and (b) if a lot recorded at the time of the adoption of this bylaw or, if not so recorded, if authorized by permit from the Board of Appeals, contains more than 15,000 square feet and if after division into as many lots as practicable, each containing not less than 7,500 square feet and each having a frontage of not less than 75 feet, there remains a lot of 6,000 square feet or more, one dwelling may be erected on such remaining lot provided that the same has a frontage of not less than 60 feet, and (c) one dwelling may be erected on a lot containing less than 7,500 square feet, or having a frontage of less than 75 feet, if such lot was recorded at the time of the adoption of this bylaw, and did not at the time of such

adoption adjoin other land of the same owner available for use in connection with said lot. No such adjoining land or any part thereof shall be deemed "available for use" (as that phrase is used in this subsection (c)) if such land is a parcel which was so recorded, on which at the time of such adoption a dwelling existed, and which then contained no more than 7,500 square feet and had a frontage of no more than 75 feet.

4. Frontage, as required in the foregoing provisions of this section, shall be determined as follows: The distance shall be measured along the street line from one side line of the lot to the other and the distance shall also be measured between said side lines along a line which marks the required front setback of the dwelling on such lot, and the longer of said distances shall determine the frontage of such lot.

5. Notwithstanding the foregoing provisions of this section, if adjacent lots, any of which has less area or frontage than required by this section, are recorded as all in the same ownership at the time this bylaw is adopted, and if (a) substantial expenditures have been incurred, prior to that time, toward the improvement of these lots or approved ways giving access thereto, or toward utilities serving such lots, which improvements or utilities would be diminished in value in a substantial amount by a literal enforcement of the terms of this section, or if (b) adjoining areas have been, prior to that time, developed to a substantial extent by the construction of houses on lots generally smaller than is prescribed by this section and the standard of the neighborhood so established does not reasonably require a subdivision of the applicant's land into lots as large as is hereby prescribed, then the owner of these lots may apply to the Board of Appeals for relief from the terms of this section as applying to any of these lots, and the Board of Appeals may grant such relief by making special exceptions to the terms of this section, subject to appropriate conditions and safeguards in harmony with the general purpose and intent of this bylaw, where desirable relief may be granted without subtsantial detriment to the public good and without substantially derogating from the intent or purposes of this bylaw.

B. Front Yards.

1. In a Residence A District no building shall be erected within 30 feet of the line of the street on which it fronts, provided that no building need be set back more than 30 per cent of the mean depth of the lot nor more than the average of the setbacks of the buildings on the lots immediately next thereto on either side, a vacant lot or a lot occupied by a building set back more than 30 feet being counted as though occupied by a building set back 30 feet.

2. In a Residence B District no building shall be erected within 25 feet of the line of the street on which it fronts, provided that no building need be set back more than 25 per cent of the mean depth of the lot nor more than the average of the setbacks of the buildings on the lots immediately next thereto on either side, a vacant lot or a lot occupied by a building set back more than 25 feet being counted as though occupied by a building set back 25 feet.

3. In a Residence C District no building shall be erected within 20 feet of the line of the street on which it fronts, provided that no building need be set back more than 20 per cent of the mean depth of the lot nor more than the average of the setbacks of the buildings on the lots immediately

next thereto on either side, a vacant lot or a lot occupied by a building set back more than 20 feet being counted as though occupied by a building set back 20 feet.

4. In Residence A, B and C Districts no part of an accessory building shall be located within 40 feet of the front line of the lot, unless such accessory building is within the body of a dwelling or attached to a dwelling and such accessory building complies with the setback from said front line established for such dwelling.

C. *Side Yards.*

1. No building except a one-story building of accessory use shall be erected or maintained in a Residence A District within 15 feet of a side lot line, or within 30 feet of any other building on an adjacent lot, in a Residence B District within 12 feet of a side lot line or within 24 feet of any other building on an adjacent lot, or in a Residence C District within 10 feet of a side lot line.

2. No building of accessory use shall be erected or maintained within 10 feet of a side lot line in a Residence A District or a Residence B District nor within 8 feet of a side line in a Residence C District.

3. On a lot abutting on two intersecting streets no building shall be erected or maintained in a Residence A District within 30 feet, in a Residence B District within 25 feet, and in a Residence C District within 20 feet of the line of the side street.

4. The provisions of this section shall not reduce to less than 26 feet the buildable width of any lot in a Residence A, B or C District recorded at the time this bylaw is adopted, provided, however, that no building shall extend within 6 feet of any side lot line, and provided further that where a building is erected less than 10 feet from either side line by virtue of the provisions of this paragraph 4 the buildable width shall not exceed 26 feet.

5. In a Business District no building shall be erected or maintained within 6 feet of a side line of any lot unless the wall adjoining such side be either a party wall or a wall with its outer face coincident with the lot side line.

D. *Rear Yards.*

1. In a Residence A, B or C District no building except a one-story building of accessory use shall be erected or maintained within 30 feet of the rear lot line, provided that no building need be set back from the rear lot line more than 30 per cent of the mean depth of the lot.

2. In a Business District no dwelling shall be erected or maintained within 20 feet of the rear lot line, and no other building shall be erected or maintained within 12 feet of a rear lot line of any lot unless the wall adjoining such rear lot line be either a party wall or a wall with its outer face coincident with the rear lot line.

3. No building of accessory use shall be erected or maintained within 10 feet of a rear lot line in a Residence A District nor within 8 feet of a rear lot line in a Residence B or a Residence C District.

E. *Appurtenant Open Space.*

No yard or other open space required for a building by this bylaw shall, during the existence of such building, be occupied by or counted as open space for another building.

F. Projections.

Nothing herein shall prevent the projection of steps, eaves, chimneys and cornices not exceeding 18 inches in width, windowsills, or belt courses into any required yard or open space.

G. Corner Clearance.

On lots in Residence A, B and C Districts no building, fence, or other structure shall be erected and no tree, shrub or other planting shall be planted, or allowed to exist, which prevents an unobstructed view through the space between 4 feet and 8 feet above the ground within the area formed by the intersecting side lines forming the corner of the intersecting streets and a line joining points on such lines 25 feet distant from the point of intersection in a Residence A District, or 20 feet distant from the point of intersection in a Residence B or a Residence C District, provided, however, that where the junction of the side lines of two streets forms a curve, the clearance area shall be determined and certified by the Town Engineer as nearly as may be in accordance with the foregoing and having regard to the safety of the public, and the foregoing provisions shall apply to the area thus determined.

SECTION VII. **Administration.**

A. Enforcement.

1. The Inspector of Buildings shall enforce the provisions of this bylaw. If the Inspector of Buildings shall be informed or have reason to believe that any provision of this bylaw or of any permit or decision thereunder has been, is being, or is about to be violated, he shall make or cause to be made an investigation of the facts, including the inspection of the premises where the violation may exist, and, if he finds any violation, he shall give immediate notice in writing to the owner or his duly authorized agent and to the occupant of the premises.

2. If, after such notice, such violation continues, with respect to any use contrary to the provisions of this bylaw, the Inspector of Buildings shall forthwith revoke any permit issued in connection with the premises, and shall take such other action as is necessary to enforce the provisions of this bylaw.

3. Where a special permit from or relief by the Board of Appeals is required pursuant to the provisions of this bylaw, or where an appeal from an order or decision of an administrative officer, or an appeal or petition involving a variance is pending, the Building Inspector shall issue no building permit until so directed in writing by said Board.

B. Submission of Plots.

All applications for building permits shall be accompanied by a plot in duplicate drawn to scale, showing the actual dimensions of the lot to be built upon, the streets upon which it abuts, the size and location of the building or buildings to be erected or altered, and such other information as may, in the opinion of the Building Inspector, be necessary for the enforcement of this bylaw. A careful record of such applications and plots shall be kept in the office of the Building Inspector. Deviation from the terms and dimensions shown on the plot shall constitute violation of the terms of the permit.

C. Occupancy Permit.

It shall be unlawful to use or permit the use of any land, building, or structure or part thereof which is erected or altered, wholly or partly, in its use or construction, or moved, or which has its open spaces in any way reduced, until the Building Inspector shall have certified on the building permit, or, in case no permit is required, shall have certified in a certificate of occupancy that the building and premises have been regularly inspected by the Building Inspector and apparently conform to the statutes and bylaws relating to the construction and occupancy of buildings and land in the Town of Milton.

SECTION VIII. **Board of Appeals.**

A. *Appointment.*

The Board of Appeals is and shall be the board of appeal appointed from time to time pursuant to Chapter 7 of these bylaws known as the Building Code, and said board of appeal under said Building Code is hereby constituted the Board of Appeals pursuant to the provisions of General Laws (Ter. Ed.), Chapter 40A, as amended.

B. *Notice.*

When an appeal, application or petition is filed with the Board of Appeals pursuant to any of the provisions of this bylaw, the Board shall give notice thereof and hold a hearing pursuant to its rules and regulations and to the law. The Building Inspector shall be entitled to receive notice in all cases involving the issuance of a building permit.

C. *Special Permits.*

Where a special permit by the Board of Appeals is required pursuant to the provisions of this bylaw, the applicant shall make written application and shall show to the satisfaction of the Board, in addition to any specific requirements herein or in the law contained, that the desired relief may be granted without substantial detriment to the public good and without substantially derogating from the intent or purpose of this bylaw. The Board of Appeals may make appropriate conditions and limitations necessary in its opinion to safeguard the legitimate use of the property in the neighborhood and the health and safety of the public, such conditions and limitations to be stated in writing by the Board and made a part of the permit.

D. *Variances and Appeals.*

Appeals from an order or decision of an administrative officer and appeals or petitions involving variances from the terms of this bylaw shall be dealt with by the Board of Appeals in accordance with the provisions of General Laws (Ter. Ed.), Chapter 40A, as amended.

E. *Relief.*

When relief is applied for pursuant to the provisions of Section VI, A, 5 hereof the applicant shall file with the Board a plan, map, drawing, or document sufficient clearly to show all of the local real estate holdings of the applicant in the neighborhood, the date or dates of the recording of the lots involved; and such other pertinent documentary evidence as the Board may require, and shall show to the satisfaction of the Board that the facts requisite for such relief exist.

SECTION IX. **Other Bylaws, Rules or Regulations.**

The provisions of this bylaw shall be construed as being additional to and not as annulling, limiting or lessening to any extent, whatsoever the requirements of any other bylaw, rule or regulation, provided that, unless specifically excepted, where this bylaw is more stringent it shall control.

SECTION X. **Penalty.**

Any person, firm, or corporation who violates, disobeys, neglects, or refuses to comply with any of the provisions of this bylaw shall be fined in a sum not to exceed twenty dollars ($20.00) for each offence.

SECTION XI. **Validity.**

The invalidity of any section or provision of this bylaw shall not invalidate any other section or provision hereof. If for any reason the area requirements in any district shall be or become invalid or inoperative, then the area requirements of the next less restricted district shall be and become the area requirement for such more restricted district.

SECTION XII. **Amendments.**

The Planning Board, upon petition of not less than ten citizens of the Town, or upon its own initiative, shall from time to time hold public hearings, twenty days' published notice of which shall be given, for the consideration of proposed amendments to the Zoning Map or to this bylaw and report to a regular or special Town Meeting its recommendations as to what action should be taken.

CHAPTER 11

Planning Board and Board of Appeals

SECTION 1. A Planning Board is hereby established under the provisions of General Laws (Ter. Ed.), Chapter 41, Section 81A (Acts of 1936, Chapter 211) and any amendments thereto, with all the powers and duties therein and in any existing bylaws of the Town provided, to consist of five members to be elected by ballot at the annual Town Meeting in March, 1939, one for a term of one year, one for a term of two years, one for a term of three years, one for a term of four years, and one for a term of five years and thereafter in accordance with the provisions of the statute.

SECTION 2. The existing Board of Appeals appointed from time to time pursuant to Chapter 7 of the General Bylaws (known as the Building Code) shall act as and be the Board of Appeals under Chapter 10 of the General Bylaws (known as the Zoning Bylaw), act as and be the Board of Appeals under General Laws (Ter. Ed.), Chapter 40A and amendments thereto (known as the Zoning Enabling Act), and act as and be the Board of Appeals under General Laws (Ter. Ed.), Chapter 41, Section 81Z and amendments thereto (known as the Subdivision Control Law).

CHAPTER 12

Board of Water Commissioners

The Board of Water Commissioners may from time to time, on such conditions as may be determined by the Board, receive from prospective developers of lands in the Town, respectively, sums of money sufficient, in the opinion of the Board to cover the estimated expense to the Town, as certified by the Planning Board or such part thereof as is to be incurred by the Town, of constructing water mains with all appurtenances necessary or proper in private ways approved by the Planning Board under the provisions of General Laws (Ter. Ed.), Chapter 41, as amended by St. 1936, C. 211, or as otherwise amended such sums to be paid to the Town Treasurer to the Credit of the Town, each such sum to be held as a special fund marked with the name of the depositor and the way or ways to which the same is applicable, and subject to retention and appropriation by the Town for the purpose of reimbursing the Town for moneys expended in constructing water mains and appurtenances in the respective ways designated for the respective funds and for the return to the depositor of any unexpended balance as certified by the Board of Water Commissioners after completion of such wtaer mains and appurtenances. If such deposit of estimated expense in any case is not sufficient for the work, the developer shall make deposit of a sufficient additional amount.

This bylaw shall be additional to and not in limitation of the powers otherwise vested in said Board of Water Commissioners.

Milton, Mass.,
April 6, 1934.

I HEREBY CERTIFY, That the foregoing is a true copy of the General Bylaws as amended under Article 53 of the Warrant for the annual Town Meeting held March 10, 1934.

A true copy.

Attest.

(Seal)

G. FRANK KEMP,
Town Clerk.

Boston, Mass., June 1, 1934

The foregoing bylaws are hereby approved.

JOSEPH E. WARNER,
Attorney General.

CHAPTER 13

Personnel Administration

SECTION 1. **Enabling Laws.**

By virtue of authority established under General Laws (Ter. Ed.), Chapter 41, Section 108A and 108C and all other acts thereto enabling, there is hereby established a plan pertaining to the administration of the personnel of the Town to be known as the Personnel Administration Plan, and sometimes hereinafter in this Chapter referred to as the "Plan."

SECTION 2. **Application of This Chapter.**

All Town Departments and all positions in the Town service, other than those filled by popular election and those under the direction and control of the School Committee, shall be subject to and have the benefit of the provisions of this Chapter. All references in this Chapter to Departments or positions in the Town service or employees shall include only those subject to this Chapter.

SECTION 3. **Personnel Board.**

Under the Plan there shall be a Personnel Board, consisting of five unpaid members, each of whom shall be appointed by the Moderator for a term of five years, beginning on the first day of June in the year of appointment. No person employed by the Town or serving as an elected official of the Town, other than a Town Meeting Member, shall serve on the Personnel Board. Terms of service shall be so arranged that the term of one member expires each year. Every member shall serve until his successor has been appointed. There shall be a Chairman of the Board, designated by the Moderator each year and he shall hold office for one year beginning on the first day of June and until his successor is appointed. Vacancies in the membership of the Board shall be filled by the Moderator, any person so appointed to serve the remainder of the unexpired term. In the event of a vacancy in the office of Chairman, the members of the Board shall appoint a Chairman to serve until the next first of June.

SECTION 4. **General Administrative Authority of the Personnel Board.**

The Personnel Board shall administer the provisions of this Chapter and shall determine all questions arising thereunder. The Personnel Board shall from time to time establish rules for the administration of the Plan and the conduct of its affairs not inconsistent with this Chapter, and may, at any time, amend or revoke the same. Such rules shall include specifications for minimum requirements of every classified position and no person shall be employed by the Town, unless in the opinion of the Personnel Board, such person meets said requirements. A majority of the Board shall constitute a quorum. Within its appropriation the Personnel Board may employ such personnel and incur such expenses as it deems necessary. The Personnel Board shall, from time to time, review the work of all positions covered by the Plan and the salary schedule provided in the Plan.

The Plan shall not be amended except at Annual Town Meetings, but the Personnel Board may add positions, abolish positions or reclassify existing positions in the Plan, and so far as permitted by law, change salary rates, all such action to be effective only until the final adjournment of the next Annual Town Meeting.

The Personnel Board shall make an annual report in writing to the Town on or before January first of each year.

SECTION 5. **Records and Information.**

The Personnel Board shall maintain adequate records including detailed personnel records of all employees. Each Department, Committee and Board of the Town shall, in accordance with procedures prescribed by the Personnel Board, furnish the Board with all facts, figures and other information pertaining to the employees of the Town under their respective jurisdictions as the Personnel Board shall require.

SECTION 6. **Classification of Employees and Positions.**

All positions are hereby classified into groups and classes doing substantially similar work, or having substantially similar responsibilities, and there are hereby established minimum and maximum salaries to be paid to the employees in the positions so classified with intermediate step-rate salary increases, all as set forth in the following table.

TABLE OF CLASSIFICATION AND RATES OF COMPENSATION

		Rate of Compensation (Weekly unless otherwise indicated)

Legislative Counsel	4378.25	plus additional compensation for special services rendered

All employees shall be classified and, receive compensation only in accordance with the foregoing schedule or amendments thereto, except as hereinafter provided. The number of persons employed by the Town, temporarily or otherwise, shall not be increased without the approval of the Personnel Board.

Employees may be advanced as to salary one step each year until the maximum is reached. However, every advance shall be made on the basis of merit and in every case only with the approval of the Personnel Board. The Personnel Board shall, so far as possible, consult with the Heads of Departments and Boards and supervisory personnel with respect to such advances.

An employee advancing to a higher grade shall start in the new grade at the lowest step which does not reduce his compensation, provided however, that the Personnel Board may start such employee in a higher step than prescribed when, in the opinion of the Personnel Board, special circumstances wearrant such action.

No employee shall have his aggregate annual compensation reduced by reason of the adoption of this Plan. However, existing compensation when this Chapter is adopted which is at a rate above the rate prescribed in the foregoing table shall constitute a personal rate, which shall apply only to the incumbent holding position and grade on January 1, 1956 and such personal rate shall not be subject to increase. When the incumbent leaves the employ of the Town or is transferred to another position, or advanced to another grade, the personal rate shall no longer apply. No Head of a Department receiving compensation from the Town shall at any time engage in private work which has or could have any relation to Town affairs or concerns.

Employees shall not receive compensation by way of salary, wages, fees or otherwise, from more than one Department, Board or Committee unless otherwise provided in this Plan or unless such compensation is approved by the Personnel Board.

Every person entering the employ of the Town after the effective date of this Chapter shall immediately be classified by the Personnel Board. Such new employee may with the approval of the Personnel Board progress on the next following January 1st to the next highest step of his grade if he has been in continuous Town employment for at least three months. If he has not been so employed for at least three months he shall not so advance until the second following January 1st after his employment. When promotions are made on a first day of January as aforesaid, increases in compensation shall, if required by law, be made at the next Annual Town Meeting, but shall be retroactive to January 1st. Temporary employees may be engaged for a specified period with the approval of the Personnel Board and need not be classified.

SECTION 7. **Hours of Employment.**

The hours for employees shall be as follows:

Clerical Services	At lease 37½ hours per week.
Maintenance Services	At least 40 hours per week.
All Other	At discretion of Boards and Department Heads, but subject to all applicable laws affecting hours of employment.

For services rendered beyond forty hours in any one week, overtime may be paid at one and one-half times the regular rate of pay, time off equal to the overtime served may be granted, or such extra pay and time off may be combined to compensate for the overtime hours. Overtime pay shall not be available to Heads of Departments.

All offices of the Town shall be open continuously for the transaction of business between 8:30 a.m. and 5:00 p.m. on every day except Saturdays, Sundays, legal holidays and days observed as legal holidays.

SECTION 8. **Paid Holidays.**

The following paid holidays shall be granted to all employees, unless otherwise provided by law:

January first, February twenty-second, April nineteenth, May thirtieth, July fourth, the first Monday of September or such day as is designated "Labor Day" by the State Legislature, October twelfth, November eleventh, Thanksgiving Day and Christmas Day.

Seasonal or temporary employees shall not be granted paid holidays.

SECTION 9. **Vacations.**

Paid vacation time shall be granted to all regular full-time employees in accordance with the following table and regular part-time employees shall have vacation periods on a proportionate basis. Temporary employees shall not be granted vacations.

Years of Service	*Vacation*
From 30 weeks to ten years	Two weeks
From ten years to twenty years	Three weeks
Over twenty years	Four weeks

Vacation time shall be taken within each calendar year and shall not be cumulative from one year to another.

SECTION 10. **Sick Leave.**

Paid sick leave shall be granted to all regular full-time employees in accordance with the following table. Regular part-time employees shall have paid sick leave periods on a proportionate time basis. Temporary employees shall not be granted paid sick leave.

Years of Service	*Leave*
Not more than one year nor less than six months	Five working days
Not more than five years nor less than one year	Ten working days each year
More than five years.	Fifteen working days each year

Paid sick leave may be accumulated from year to year, but shall not by accumulation exceed forty-five days, and no employee shall have more than forty-five days of paid sick leave in any one year; provided, however, that in unusual circumstances the Personnel Board may grant additional paid sick leave. Paid sick leave shall never be available except to cover actual absence from work because of illness. Sick leave must be authorized by the Department Head or someone authorized to act for him and shall be reported to the Personnel Board on blanks provided for that purpose. A physician's certificate of illness, if deemed necessary by the Department Head or Personnel Board, may be required.

Persons in the employ of the Town when this Chapter is adopted shall be credited at once with the maximum number of paid sick leave days to which they are entitled, computed by the Personnel Board in accordance with their length of service.

If an employee is absent by reason of injury sustained while on duty for which he is entitled to receive Workmen's Compensation, such absence shall not be considered sick leave under this section.

SECTION 11. **Paid Leave.**

Paid leave shall also be granted to all regular full-time employees who are absent on jury duty or, if the Town shall have accepted Acts of 1939, Chapter 425 as amended, are absent on military duty as defined in that act as amended.

SECTION 12. **Retirement.**

No person shall be employed by the Town or remain in the employ of the Town after reaching age 70 or after reaching any lesser age at which retirement is prescribed by law without the approval of the Personnel Board.

SECTION 13. **Extra Compensation for More than Ten Years of Service.**

As a matter of policy the Town recognizes that loyalty, skill, attention to duty and incentive usually devolop from long continuous employment and that these qualities are enhanced and encouraged by regular increases in compensation. Therefore, employees who qualify in accordance with the following specifications shall, beginning in 1956, and in each year thereafter, receive in addition to all other compensation, the following special annual increases in compensation, the same to be paid on a weekly or a monthly basis:

A. Employees of the Town, who on December 31, 1955, have been in continuous, full-time employment for ten years or more, shall have a special increase in compensation for the year 1956, in an amount computed by multiplying five dollars by the number of years of such employment and shall receive an amount in each year thereafter which shall be five dollars more than the year before.

B. Employees of the Town who on December 31, 1955, have been in continuous, full-time employment for less than ten years and employees so employed by the Town after December 31, 1955, shall in the first calendar year after they have completed ten continuous years of full-time employment, have a special increase in compensation in the amount of fifty dollars and shall receive an amount in each year thereafter which shall be five dollars more than the year before.

C. Employees who qualify for such extra compensation and then leave the employ of the Town will not be entitled to the extra compensation if re-employed until they have served a new ten-year period of full-time continuous employment. Compulsory military service or military service deemed the equivalent thereof by the Personnel Board shall not constitute an interruption of employment under this Section.

D. Each regular part-time employee otherwise qualified shall receive a proportionate part of such special increase computed as aforesaid, the exact amount to be determined by the Personnel Board. Continuous part-time employment and continuous full-time employment shall be considered in combination to determine original qualification under this Section and to compute the amount of compensation to be paid in any year. The Personnel Board shall consider these cases and do substantial justice as the circumstances seem to them to require.

SECTION 14. **General.**

A. Provisions in this Chapter requiring or authorizing payments of compensation are in every case subject to appropriations being made from time to time by Town Meetings unless such payments are otherwise authorized by law.

B. If any provision of this Plan shall conflict with any Civil Service Law or any other law presently or heinafter in force, such a provision of this Plan shall be deemed modified, but only to the extent required to conform to law.

C. The invalidity of any section or provision of this Chapter shall not invalidate any other section or provision hereof.

The foregoing Chapter 13 entitled "Personnel Administration" was first added to the General Bylaws as voted under Artice 8 of the 1956 Annual Town Meeting.

Section 32 of Chapter 40 of the General Laws requires approval of the Attorney General on all bylaws but this Chapter 13 is adopted under authority provided in G. L. Chapter 41, Section 108C because it is a consolidation into a single chapter of all provisions pertaining to personnel administration.

Section 108C ends with the following clause: ". . . . provided, however, such consolidated bylaw shall not be subject to the approval of the Attorney General as provided in Section 32 of Chapter 40." This new Chapter 13 was advertised three successive weeks in a local newspaper, the Milton Record, March 16, 23 and 30, 1956 as required by law.

Under Article 8 of the 1957 Town Meeting Chapter 13 was revised so that the foregoing is the revised Chapter 13 and was advertised three successive weeks in the Milton Record, March 29, April 5, 12, 1957.

The amendments to Chapters 4, 7 and 10 voted at the Annual Town Meeting held March 9, 1935, were approved by the Attorney General, June 10, 1935.

The amendment to Chapter 7 voted at the Annual Town Meeting held March 14, 1936, was approved by the Attorney General, April 3, 1936.

The amendment to Chapter 10 voted at the Special Town Meeting held January 29, 1938, was approved by the Attorney General, February 10, 1938.

The amendments to Chapters 7, 10 and 11 voted at the Annual Town Meeting held March 12, 1938, were approved by the Attorney General, April 11, 1938.

The amendments to Chapter 10 voted at the Annual Town Meeting held March 9, 1940, were approved by the Attorney General, April 11, 1940 and May 1, 1940.

The amendments to Chapters 2, 3 and 4, voted at the Annual Town Meeting held March 8, 1941, were approved by the Attorney General, March 20, 1941.

The amendments to Chapters 4 and 10 voted at the Annual Town Meeting held March 13, 1943, were approved by the Attorney General, March 24, 1943, and April 13, 1943, respectively.

The amendments to Chapters 2, 4, 10 and 12 voted at the Annual Town Meeting held March 10, 1945, were approved by the Attorney General, March 21, 1945.

The amendment to Chapter 5, Section 1, voted at the Annual Town Meeting held March 9, 1946, was approved by the Attorney General, March 28, 1946.

The amendment to Chapter 10 voted at the Annual Town Meeting held March 8, 1947, was approved by the Attorney General, April 10, 1947.

The amendments to Chapter 7 voted at the annual Town Meeting held March 13, 1948 were approved by the Attorney General on April 1, 1948.

The amendments to Chapters 3 and 7 voted at the annual Town Meeting held March 12, 1949 were approved by the Attorney General, March 22, 1949.

"See decision of Supreme Judicial Court in the case of *Barney & Carey Company v. Town of Milton,* 324 Mass. 440".

The amendment to Chapter 2 voted at the annual Town Meeting held March 11, 1950, was approved by the Attorney General April 26, 1950.

The amendment to Chapter 8 voted at the annual Town Meeting held March 10, 1951, was approved by the Attorney General April 17, 1951.

The amendments to Chapters 3 and 10 voted at the annual Town Meeting held March 8 and 15, 1952, were approved by the Attorney General, July 1, 1952.

The amendments to Chapters 3 and 10 voted at the annual Town Meeting held March 21, 1953 were approved by the Attorney General, June 1, 1953.

The amendment to Chapter 10 voted under Article 55 at the Annual Town Meeting held March 20, 1954, was approved by the Attorney General April 23, 1954.

The amendment to Chapter 11, voted under Article 58 at the Annual Town Meeting held March 19, 1955, was approved by the Attorney General, May 20, 1955.

The amendment to Chapter 7 voted under Article 59 at the Annual Town Meeting held March 19, 1955, was approved by the Attorney General, May 20, 1955.

The amendment to Chapter 10 voted under Article 60 at the Annual Town Meeting held March 19, 1955, was approved by the Attorney General, May 20, 1955.

The amendment to Chapter 6 voted under Article 3 at the May Special Meeting held May 24, 1955, was approved by the Attorney General June 20, 1955.

The amendment to the General Bylaws adding Chapter 13 relating to Personnel Administration was adopted by the Town under Article 8 at the 1956 Annual Town Meeting. This amendment did not require the approval of the Attorney General. See Chapter 41, Section 108-C, General Laws.

The amendment to Chapter 6 of the General Bylaws by adding a new section 17A, voted under Article 53 at the Annual Town Meeting held March 10, 1956, was approved by the Attorney General, April 17, 1956.

The amendment to Chapter 6 of the General Bylaws by substituting a new Section 20, voted under Article 58 at the Annual Town Meeting held March 10, 1956, was approved by the Attorney General, April 17, 1956.

The amendment to Chapter 13 of the General Bylaws relating to Personnel Administration, voted under Article 8 at the 1957 Annual Town Meeting, did not, according to Chapter 41, Section 108C, require the approval of the Attorney General, but was advertised in the Milton Record March 29, April 5 and 12, 1957.

The amendment to Chapter 10 of the General Bylaws having to do with zoning, "Earth Material Removal", voted under Article 47 of the Warrant for the annual Town Meeting held March 9, 1957, was approved by the Attorney General April 26, 1957.

The amendment to Chapter 10 of the General Bylaws, having to do with zoning, "Frontage", voted under Article 48 of the Warrant for the annual Town Meeting held March 9, 1957, was approved by the Attorney General April 26, 1957.

The amendment to Chapter 2 of the General Bylaws whereby the polls are to be open from eight o'clock in the morning until eight o'clock in the evening for the election of Town Officers and the determination of such matters as by law are required to be elected or determined by ballot, voted under Article 1 at the Special Town Meeting held May 27, 1957, was approved by the Attorney General June 12, 1957.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

March 19, 1866. **Voted,** To establish a high school, according to the provisions of Section 2 of Chapter 38 of the General Statutes. (Repealed 1898, Chapter 496, Section 36.)

March 2, 1874. **Voted,** To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the Town of Milton. (Special Act.)

March 4, 1878. **Voted,** To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers. (General Laws, Chapter 48, Section 45.)

March 3, 1879. **Voted,** To acept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee. (General Laws, Chapter 41, Section 1.)

December 8, 1879. **Voted,** To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children. (Repealed, 1919, Chapter 363, Section 16.)

March 7, 1881. **Voted,** To accept the act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners." (General Laws, Chapter 41, Section 1.)

March 5, 1883. **Voted,** To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected chilldren. (Repealed 1898, Chapter 496, Section 36.)

March 3, 1890. **Voted,** To accept the first nine sections of Chapter 51 of the Public Statutes, said Chapter being entitled, "Of Betterments and other Assessments on Account of the Cost of Public Improvements." (General Laws, Chapter 80.)

February 12, 1891. **Voted,** To accept the act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882. (General Laws, Chapter 45, Sections 1 to 11.)

March 2, 1891. **Voted,** To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of town officers. (Repealed, 1893, Chapter 417, Section 345.)

February 3, 1894. **Voted,** That the Town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of 1893, relative to the election of a separate Board of Assessors. (General Laws, Chapter 41, Section 1.)

November 28, 1894. **Voted,** To accept the provisions of Chapter 324 of the Acts of 1894, entitled an "Act Relative to the Reservation of Spaces in Public Ways," (General Laws, Chapter 82, Section 34.)

March 4, 1895. **Voted,** That the Town hereby accepts the provision of Chapter 309 of the Acts of 1885, authorizing towns to license groves to be used for picnics and other lawful amusements. (General Laws, Chapter 140, Sections 188 to 190.)

March 4, 1895. **Voted,** To accept the provisions of Section 272 of Chapter 417 of the Acts of 1893, relative to the election of Sewer Commissioners. (General Laws, Chapter 41, Section 1.)

LEGISLATIVE ACTS

March 4, 1895. **Voted,** To accept the provisions of Chapter 462 of the Acts of 1893 relative to the establishment of a building line on Public Ways. (Repealed, Acts of 1917, Chapter 344, Part 8, Section 1.)

March 4, 1895. **Voted,** To accept the provisions of Chapter 218 of the Acts of 1894 as amended by Chapter 473 of that same year, relative to the election of Boards of Health in towns. (General Laws, Chapter 41, Section 1.)

March 4, 1895. **Voted,** To accept the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relative to the establishment and grading of sidewalks by the Selectmen. (General Laws, Chapter 83, Section 25.)

June 29, 1895. **Voted,** To accept the provisions of Chapter 304 of the Acts of 1895, authorizing the Town of Milton to construct one or more systems of sewerage. (Special Act.)

March 1, 1897. **Voted,** To accept the provisions of Chapter 101 of the Public Statutes relative to the suppression of common nuisances. (General Laws, Chapter 139.)

March 7, 1898. **Voted,** To accept the provisions of Section 11 of Chapter 481 of the Acts of 1894, relative to the regulation and inspection of buildings. (General Laws, Chapter 143, Section 3.)

March 12, 1949. **Voted,** To accept Chapter 552 of the Acts of 1948 which by amendment to Chapter 32 of the General Laws provides additional and new benefits through annuities to dependents of certain public employees who die from injuries or hazards in the performance of their duties.

March 12, 1949. **Voted,** To accept Chapter 588 of the Acts of 1948 which provides that pensions or retirement allowances payable to certain former public employees of their beneficiaries shall be increased by $200.

March 11, 1950. **Voted,** To accept Section 6B of Chapter 40 of the General Laws (Ter. Ed.) authorizing the town to appropriate money for the purchase of uniforms for members of its Police and Fire Departments.

March 11, 1950. **Voted,** To accept Chapter 391 of the Acts of 1945 (now incorporated in the General Laws as Chapter 41, Section 100A.)

March 10, 1951. **Voted,** To accept Chapter 538 of the Acts of 1950 which provides that cities and towns may, at the expense of the abutters make temporary minor repairs on private ways in certain cases.

March 10, 1951. **Voted,** To accept Chapter 820 of the Acts of 1950, which provides that pensions, retirement allowances, annuities and other benefits payable to any former employee who was separated from the service by retirement prior to November 1, 1949 and at the time of such separation had at least fifteen years creditable service, or to any person claiming under such former employee whether as beneficiary, dependent or otherwise, shall be increased by one hundred dollars; provided, the annual amount is not in excess of two thousand dollars.

March 10, 1951. **Voted,** To accept Chapter 783 of the Acts of 1950 making applicable increases in retirement allowances to those persons retired after January first, nineteen hundred and forty-six with a minimum allowance, said Chapter amending

Section 25 of Chapter 32 of the General Laws as appearing in Section 1 of Chapter 658 of the Acts of 1945.

March 8, 1952. **Voted,** To accept Chapter 781 of the Acts of 1951 which provide that pensions, retirement allowances, annuities and other benefits payable to any former employee who was separated from the service of the Town by retirement prior to November 1, 1949 and at the time of such separation had at least fifteen years creditable service, or to any person claiming under such former employee whether as beneficiary, dependent or otherwise, shall be increased by one hundred dollars; provided the annual amount is not in excess of two thousand dollars; and further provides that if any such former employee was separated from the service at age sixty and had at the time of retirement at least 25 years of creditable service, and his pension as increased above is less than $1200., it shall be increased to $1200.

March 14, 1953. **Voted,** To accept Chapter 624 of the Acts of 1952 which provides that pension, retirement allowances or annuity payable under any general or special law to any former employee, except teachers retired under Section 43 of Chapter 32 of the General Laws, who was separated from the service prior to April 1, 1951, and at the time of such retirement had attained age fifty-five and had at least fifteen years of creditable service, or to any person retired for disability caused by accident or hazard undergone while in the performance of his duties, regardless of years of creditable service, shall be increased by one hundred dollars; provided, the annual amount is not in excess of $2500.; and further provides that if any such employee was separated from the service at age sixty-five and had at the time of retirement at least thirty-five years of creditable service and his pension is less than $1500., it shall be increased to $1500.; and further provides that the annual amount of any annuity or allowance payable under the provisions of section nine, eighty-nine, eighty-nine A or under options (c) or (d) of subdivision (2) of section twelve of Chapter 32 of the General Laws, or any similar law, to the widow of any deceased employee of the town, shall be increased by $100.; provided, that the member whose widow is receiving a pension under said options (c) or (d) had at least fifteen years of creditable service, and further provided, that such widow does not remarry.

March 13, 1954. **Voted** under Article 21 to accept the last paragraph of Section 15 of Chapter 129 of the General Laws under which provision is made for nomination of Inspectors of Animals by the Board of Health.

March 13, 1954. **Voted** under Articles 36 and 37 to accept Chapter 147 of the Acts of 1954 pertaining to sale of land by the Park Commissioners.

March 20, 1954. **Voted** under Article 61 to accept Chapter 146 of the Acts of 1954 which amends Chapter 307 of the Acts of 1902 by striking out Section 11 of said chapter which prohibits a person being elected a Water Commissioner who at the time of his election holds any elective Town office.

March 12, 1955. **Voted** under Article 9 that the town accept Section 851 of General Laws (Ter. Ed.), Chapter 32 inserted by Chapter 268 of the Acts of 1954 which grants additional retirement benefits to members of the police and fire departments who have served as reserve police officers or reserve or call firemen.

March 10, 1956. **Voted** under Article 10, to accept Section 17A of Chapter 147 of the General Laws, inserted by Chapter 268 of the Acts of 1952, relative to holiday compensation of Police.

March 10, 1956. **Voted** under Article 11, to accept Section 57A of Chapter 48 of the General Laws, inserted by Chapter 640 of the Acts of 1953, relative to holiday compensation for Firemen.

LEGISLATIVE ACTS

March 10, 1956. **Voted** under Article 12, to accept Chapter 670 of the Acts of 1955, relative to pensions, retirement allowances or annuity for any former employee, separated from the service prior to April 1, 1951.

March 10, 1956. **Voted** under Article 26, to accept Sections 42-G to 42-I inclusive of General Laws, Chapter 40, inserted in said Chapter of the General Laws by Chapter 332 of the Acts of 1955, to authorize the Board of Water Commissioners to levy special assessments to meet the cost of laying water pipes in public or private ways.

March 9, 1957. **Voted** under Article 17 to accept Chapter 401 of the Acts of 1956, which extends to certain Civil Defense Volunteers the provisions of law applicable to municipal employees for indemnification of damages sustained through the operation of publicly owned vehicles.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR

1957

1957 MARCH MEETING

Pursuant to the Warrant issued by the Selectmen, February 14, 1957, the inhabitants of the Town of Milton, qualified to vote in elections and in town affairs, met at the polling places designated for the several precincts in said Milton on Saturday, March 2, 1957, at eight o'clock in the forenoon.

The meeting was called to order and the Warrant and Officer's Return were read by the Wardens of the Precincts, the reading of the Articles in the Warrant being waived upon motion.

The ballot boxes were inspected and found to be empty with the registers set on 0000. The boxes were then locked and the keys delivered to the Police Officers in attendance.

Cards of instruction and specimen ballots were posted as required by Section 48, Chapter 54 of the General Laws.

The ballot clerks were sworn to the faithful performance of their duties by their respective wardens.

The Polling Places have been designated as follows:

Precinct 1.	Tucker School Hall, Blue Hills Parkway
Precinct 2.	Basement, Kidder Branch, Milton Public Library, Blue Hills Parkway
Precinct 3.	Police Station, Central Avenue
Precinct 4.	Central Fire Station, off Walnut Street
Precinct 5.	Town Hall, Canton Avenue
Precinct 6.	Collicot School Auditorium, Edge Hill Road
Precinct 7.	Belcher School, Church Street

The polls were opened at eight o'clock in the forenoon to vote for the following named town officers:

A Moderator for the term of one year.
A Town Clerk for the term of one year.
A Town Treasurer for the term of one year.
Three Selectmen and Surveyors of Highways for one year term.
One Assessor for the term of three years. One for two years and one for one year to fill vacancies.
One member of the Board of Public Welfare for the term of three years.
One Sewer Commissioner for the term of three years.
A Tree Warden for the term of one year.
Two members of the School Committee for the term of three years.
One member of the Board of Health for the term of three years.
One Trustee of the Cemetery for the term of five years.
Three Library Trustees for the term of three years.
One Park Commissioner for the term of three years.
One Water Commissioner for the term of three years.
One member of the Planning Board for the term of five years.
Four Constables for the term of one year.
One hundred six Town Meeting Members as follows:
Precinct 1. Fourteen for three years. One for two years and two for one year to fill vacancies.
Precinct 2. Eleven for three years.
Precinct 3. Eleven for three years.
Precinct 4. Twelve for three years. One for two years and three for one year to fill vacancies.
Precinct 5. Sixteen for three years. Two for two years and two for one year to fill vacancies.
Precinct 6. Fifteen for three years. Two for one year to fill vacancies.
Precinct 7. Fourteen for three years.

The Constable was directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the post offices of said Town seven days at least before said Second of March, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

He made due return of this Warrant with his doings thereon to the Town Clerk on February 26, 1957.

This Warrant was issued and signed by the Selectmen on February 14, 1957.

(signed)
DANIEL E. DUGGAN
CHARLES F. BATCHELDER, jr.
WILLIAM H. WHITE
Selectmen of Milton

Commonwealth of Massachusetts, County of Norfolk, ss. February 26, 1957

Pursuant to the within warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the times and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town on February 21, 1957, and leaving attested copies at the dwellings of the inhabitants.

(signed) JOHN E. WHEARTY
Constable of Milton

The Warrant for the Town Meeting was published in the Milton Record on February 23. 1957, and was posted in the East Milton Post Office and the Milton Lower Mills Post Office on February 21, 1957.

The polls were closed at six o'clock in the afternoon and the following Town Officers were elected:

The Town Clerk, upon receipt of the returns from the several precincts, forthwith canvassed the same and announced the results at 12:20 A. M. March 3, 1957.

The meeting was adjourned until 1:30 P. M. March 9, 1957, to transact town business.

ADJOURNED TOWN MEETING, MARCH 9, 1957

The Meeting was opened at 1:30 P. M. by the Moderator, Paul W. Knight. Town Meeting members stood while Rev. L. Clarence Schroeder delivered the invocation. The Moderator then read the names of William C. Hoxie, Philip V. Manning, Gussie H. Watson, Albert Wood, Robert D. Wood, Town Meeting members who have died since the last Annual Town Meeting, and the Town Meeting Members stood for a moment of silence.

It was moved and seconded that the best wishes of the Town Meeting be sent to Miss Teresa Shaughnessy, who is at present ill in the hospital.

Mr. Howard S. Whiteside, Chairman of the Warrant Committee, offered the following resolution:

> RESOLVED: That the Town of Milton desires to record its appreciation of the devoted service to the town of Benjamin F. Jaques, as Moderator during the years 1949 through 1956. For his work with the town officials, in the appointment of committees and boards and his eminently fair presiding over the town meetings, the recognition and thanks of the town are hereby expressed.

ARTICLE 1. To choose all such Town Officers as are not required to be chosen by ballot.

Voted: To elect John D. MacKinnon and John H. Freeman Measurers of Lumber.

ARTICLE 2. To hear and act upon the report of the Town Accountant and reports of other Town Officers and Committees.

Voted: That the report of the Town Accountant be accepted and placed on file.

Voted: That the reports of other Town officers be accepted and placed on file and that the following reports of committees as printed in the 1956 Town Report be accepted and placed on file. The reports are as follows, with the Articles as numbered in the 1956 Town Report.

Article No. 7 LEGISLATIVE COMMITTEE report as printed on page 215 of the 1956 Town Report was accepted and the Committee discharged.

8 PERSONNEL BOARD report as printed on Page 218 of the 1956 Town Report was accepted.

30 LIBRARY CONSTRUCTION COMMITTEE — the financial report as printed on page 347 of the 1956 Town Report and the Committee continued.

37 PLANNING BOARD report as printed on page 260 of the 1956 Town Report was accepted and the Committee continued.

42 OFFICE SPACE COMMITTEE report as printed on page 179 of the 1956 Town Report was accepted and the Committee discharged.

43 REMODELING OF THE POLICE STATION report as printed on page 181 of the 1956 Town Report was accepted and the Committee continued.

52 PINE TREE BROOK COMMITTEE — report submitted by Mr. John E. Rogerson and written up as part of the minutes of this Meeting. The report was accepted and the Committee continued.

57 SPECIAL COMMITTEE APPOINTED UNDER ARTICLE 57 OF THE 1956 MARCH TOWN MEETING Report as printed on Page 186 of the 1956 Town Report and report at the December 10, 1956 Special Town Meeting as written on page 137 of the 1956 Town Report, which reports were accepted and the Committee continued.

REPORT OF THE PINE TREE BROOK IMPROVEMENT COMMITTEE

This Committee was originally appointed under Article 40 of the Warrant for the 1955 March meeting. At the 1956 Annual Town Meeting, the Pine Tree Brook Improvement Committee was continued and by vote of the Town directed to consider the problem of further improvement of the Brook and the preservation of Turner's Pond.

Under Article 54 of the Warrant for the Meeting last March, your Committee was authorized to take steps to preserve Turner's Pond. We had anticipated that it would be necessary to install a pump to pump water from the Brook into the Pond. We were advised by Mr. Howard M. Turner, consulting hydraulic engineer, that we should wait until the work in the by-pass was completed. Before this occurred an opportunity arose to provide for preservation of the Pond without cost to the Town. After much consultation with the Selectmen, the Park Department, the Town Engineer, Town Counsel and Mr. Howard M. Turner, all of whom approved, we made a contract with Marinucci Bros. & Co., Inc., by which that Company agreed to do the following things:

1. Excavate the entire Pond area so as to lower the bed of the Pond about six feet.

2. Fill in the small cove on the Northerly side adjacent to the Glover School property.

3. Grade the banks in two sections with a ten-foot level strip between the terraces.

4. Grade, loam and seed the banks and level strip.

5. Clear away the tree stumps and debris North of the School.

6. Fill in the old inlet channel.

7. Construct a new inlet channel and a new outlet channel with flashboards at the entrance to each.

8. Repair any damage to the access roadway and bridge over the Brook.

In return it was agreed that Marinucci might remove any material excavated which was not needed in the work outlined above and that the Town would provide the seed for seeding the banks. The work is to be completed April 30, 1957.

Your Committee believes this contract to be beneficial to the Town. The Pond will be preserved with a natural flow of water in and out of the Pond, and with no future maintenance cost of pumps or other contrivances. The general area will be considerably improved. No doubt when the job is done and vegetation begins to grow again, fish can be introduced, and once again we will have a large area for skating in the winter.

Under Article 52 of the Warrant this Committee was directed to continue to consult with the Selectmen with respect to further improvement of Pine Tree Brook. Accordingly, the Committee has kept itself informed as to progress of the work already under contract and is pleased to report that work in the Brook from the access bridge at Glover School up to Brook Road has been completed.

Once again your Committee stresses the importance of continued maintenance work in the sections which have already been finished. The Town must see to it that accumulations, both natural and man-made, are removed promptly, and that where the bottom tends to silt up it must be excavated. If this is not done, the large sums of money which we have spent will have been wasted. Right now there is one spot, just below the School Street Bridge, where a large gravel bank has built up seriously narrowing the channel. We have called this to the attention of the Selectmen and they assure us that corrective work is planned for this Spring.

The next portion of the work is perhaps the most important part of the entire project. This includes lowering of the Metropolitan sewer under Brook Road and the rebuilding of the Brook Road Bridge, and deepening of the Brook between that point and Thacher Street, and the construction of a new bridge at Thacher Street. Such work is to be done by the Commonwealth with the Town paying one-half of the cost. Funds for further work in the Brook were appropriated at the Special Meeting in October 1955, and again at the Annual Meeting in March, 1956.

It was hoped that these funds would be sufficient to cover the Town's share of the work from the down-stream side of Brook Road to the down-stream side of Blue Hills Parkway. However, when the bids were opened by the State for the Brook Road to Thacher Street section. it was found that the lowest bid was $149,520. The Town's share of the cost of this project is equal to the balance remaining from previous appropriations. The earlier appropriations designed to cover not only this section of the work but also further work above the Thacher Street Bridge has been based on the assumption that the cost of lowering the section at Brook Road and the new bridge there and at Thacher Street would be much less. As we all know, there has been a large increase in the cost of steel, cement, and labor over the last ten months and this increased cost is reflected in the bidding. Accordingly, if no further appropriation is made, no further work can be done in the section between Thacher Street and the Parkway.

Your Committee believes that a stoppage at this point would be most unfortunate. If no further funds are appropriated this year, the project will go off the State's list of work to be done. As a result even if funds were appropriated in 1958, work would probably be delayed until at least 1959. Much of the trouble from flooding and from stagnant pools in dry weather has come from this section of the Brook. We believe that for the Town to gain full benefit from the work which has been done and which is to be done this year, the Town should proceed promptly to widen and deepen the section between Thacher Street and the Parkway. Therefore, we join the Selectmen in urging an appropriation this year of the further sum of $50,000. Since no steel or cement is needed in this section, we hope that the price will remain firm.

PAUL F. DUDLEY
EDWARD P. HAMILTON
NORMAN KINGSBURY
HAROLD F. LEWIS
JOHN E. ROGERSON, Chairman

ARTICLE 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1957, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1957, and to issue notes or a note therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

(Unanimous Vote)

ARTICLE 4. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow on and after January 1, 1958, in anticipation of the revenue of the financial year ending December 31, 1958.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow money from time to time beginning January 1, 1958, for the purpose and subject to the provisions set forth in Section 5 of Chapter 44 of the General Laws and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17 of Chapter 44 of the General Laws; any debt or debts incurred under this vote to be paid from revenue of the financial year beginning January 1, 1958.

(Unanimous Vote)

ARTICLE 5. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

Voted: That the Town so vote.

ARTICLE 6. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

Voted: That the Town so vote.

(Unanimous Vote)

ARTICLE 7. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; the members of such Committee to hold office until the final adjournment of the next Annual Town Meeting and until the appointment of any succeeding committee authorized at such meeting.

Voted: That the Town so vote.

COMMITTEE

MR. JOHN J. MURRAY, Chairman, 55 Thompson Lane
MR. DANIEL F. LEARY, 62 Courtland Circle
MR. ROBERT O'LEARY, 45 Spruce Street
MR. JOHN E. ROGERSON, 114 Canton Avenue
MR. GEORGE N. HURD, JR., 189 Canton Avenue

ARTICLE 8. To see if the Town will vote to amend Chapter 13 of the General Bylaws, known as the Personal Administration Bylaw as follows:

By striking out the last two sentences in Section 3 and inserting in place thereof the following new three sentences:

> "There shall be a Chairman of the Board designated by the Moderator each year and he shall hold office for one year beginning on the first day of June and until his successor is appointed. Vacancies in the membership of the Board shall be filled by the Moderator, any person so appointed to serve the remainder of the unexpired term. In the event of a vacancy in the office of Chairman, the members of the Board shall appoint a Chairman to serve until the next first of June."

By striking out the second paragraph in Section 4 and inserting in place thereof the following new second paragraph:

> "The Plan shall not be amended except at Annual Town Meetings, but the Personnel Board may add positions, abolish positions or reclassify existing positions in the Plan, and so far as permitted by

law, change salary rates, all such action to be effective only until the final adjournment of the next Annual Town Meeting."

By striking out in Section 6 the Table of Classifications and Rates of Compensation and inserting in place thereof the following new table:

By striking out the paragraph in Section 6 which is the seventh paragraph following the table in Section 6 and inserting in place thereof the following new paragraph:

> "Every person entering the employ of the Town after the effective date of this Chapter shall immediately be classified by the Personnel Board. Such new employee may with the approval of the Personnel Board progress on the next following January 1st to the next highest step of his grade if he has then been in continuous Town employment for at least three months. If he has not been so employed for at least three months he shall not so advance until the second following January 1st after his employment. When promotions are made on a first day of January as aforesaid, increases in compensation shall, if required by law, be made at the next Annual Meeting, but shall be retroactive to January 1st. Temporary employees may be engaged for a specified period with the approval of the Personnel Board and need not be classified."

By inserting after Section 7 the following new section to be numbered Section 7A:

"SECTION 7A Paid Holidays

"The following paid holidays shall be granted to all employees, unless otherwise provided by law: January first, February twenty-second, April nineteenth, May thirtieth, July fourth, the first Monday of September, October twelfth, November eleventh, Thanksgiving Day, and Christmas Day.

"Seasonal or temporary employees shall not be granted paid holidays."

By striking out Section 8 and inserting in place thereof the following new Section 8:

"Paid vacation time shall be granted to all regular full-time employees in accordance with the following table and regular part time employees shall have vacation periods on a proportionate basis. Temporary employees shall not be granted vacations.

YEARS OF SERVICE	VACATION
From 30 weeks to ten years	Two weeks
From ten years to twenty years	Three weeks
Over twenty years	Four weeks

Vacation time shall be taken within each calendar year and shall not be cumulative from one year to another."

By adding in the table which is part of Section 9 in the column designated "Leave" to the words "Ten working days" the words "each year" and to the words "Fifteen working days" the words "each year."

By inserting after Section 9 the following new Section to be numbered Section 9A:

"SECTION 9A Paid Leave

"Paid leave shall also be granted to all regular full time employees who are absent on jury duty or, if the Town shall have accepted Acts of 1939, Chapter 425 as amended, are absent on military duty as defined in that act as amended."

By inserting after Section 9 the following new Section to be numbered Section 9B:

"SECTION 9B Retirement

"No person shall be employed by the Town or remain in the employ of the Town after reaching age 70 or after reaching any lesser age at which retirement is prescribed by law without the approval of the Personnel Board."

To amend all sections of Chapter 13 by renumbering the same as may be necessary in view of the adoption of the foregoing amendments or any of them so as to make it unnecessary to number any section in Chapter 13 using a letter of the alphabet in connection with a number.

Chapter 13 of the General Bylaws if amended in accordance with the foregoing proposals in its entirety will read as follows:

CHAPTER 13

PERSONNEL ADMINISTRATION

SECTION 1. ENABLING LAWS

By virtue of authority established under General Laws (Ter. Ed.), Chapter 41, Section 108A and 108C and all other acts thereto enabling, there is hereby established a plan pertaining to the administration of the personnel of the Town to be known as the Personnel Administration Plan, and sometimes hereinafter in this Chapter referred to as the "Plan."

SECTION 2. APPLICATION OF THIS CHAPTER

All Town Departments and all positions in the Town service, other than those filled by popular election and those under the direction and control of the School Committee, shall be subject to and have the benefit of the provisions of this Chapter. All references in this Chapter to Departments or positions in the Town service or employees shall include only those subject to this Chapter.

SECTION 3. PERSONNEL BOARD

Under the Plan there shall be a Personnel Board, consisting of five unpaid members, each of whom shall be appointed by the Moderator for a term of five years, beginning on the first day of June in the year of appointment. No person employed by the Town or serving as an elected official of the Town, other than a Town Meeting Member, shall serve on the Personnel Board. Terms of service shall be so arranged that the term of one member expires each year. Every member shall serve until his successor has been appointed. There shall be a Chairman of the Board, designated by the Moderator each year and he shall hold office for one year beginning on the first day of June and until his successor is appointed. Vacancies in the membership of the Board shall be filled by the Moderator, any person so appointed to serve the remainder of the unexpired term. In the event of a vacancy in the office of Chairman, the members of the Board shall appoint a Chairman to serve until the next first of June.

SECTION 4. GENERAL ADMINISTRATIVE AUTHORITY OF THE PERSONNEL BOARD

The Personnel Board shall administer the provisions of this Chapter and shall determine all questions arising thereunder. The Personnel Board shall from time to time establish rules for the administration of the Plan and the conduct of its affairs not inconsistent with this Chapter, and may, at any time, amend or revoke the same. Such rules shall include specifications for minimum requirements of every classified position and no person shall be employed by the Town, unless in the opinion of the Personnel Board, such person meets said requirements. A majority of the Board shall constitute a quorum. Within its appropriation the Personnel Board may employ such personnel and incur such expenses as it deems necessary. The Personnel Board shall, from time to time, review the work of all positions covered by the Plan and the salary schedule provided in the Plan.

The Plan shall not be amended except at Annual Town Meetings, but the Personnel Board may add positions, abolish positions or reclassify existing positions in the Plan, and so far as permitted by law, change salary rates, all such action to be effective only until the final adjournment of the next Annual Town Meeting.

The Personnel Board shall make an annual report in writing to the Town on or before January first of each year.

SECTION 5. RECORDS AND INFORMATION

The Personnel Board shall maintain adequate records including detailed personnel records of all employees. Each Department, Committee and Board of the Town shall, in accordance with procedures prescribed by the Personnel Board, furnish the Board with all facts, figures and other information pertaining to the employees of the Town under their respective jurisdictions as the Personnel Board shall require.

SECTION 6. CLASSIFICATION OF EMPLOYEES AND POSITIONS

All positions are hereby classified into groups and classes doing substantially similar work, or having substantially similar responsibilities, and there are hereby established minimum and maximum salaries to be paid to the employees in the positions so classified with intermediate step-rate salary increases, all as set forth in the following table.

Table of Classification and Rates of Compensation

Grade	Classes of Positions	Rate of Compensation (Weekly unless otherwise indicated)			
		Minimum	Step 2	Step 3	Maximum

GENERAL	Yearly Minimum	
Registrar of Voters	100.00	
	(1,350.00)	
Sealer of Weights and Measures	1,424.25	
Milk Inspector	570.00	
Inspector of Animals	300.00	
	(950.00)	
Warrant Committee Clerk	1,002.25	
	(4,150.00)	
Town Counsel and Legislative Counsel	4,378.25	Plus additional compensation for special services rendered.

All employees shall be classified and, receive compensation only in accordance with the foregoing schedule or amendments thereto, except as hereinafter provided. The number of persons employed by the Town, temporarily or otherwise, shall not be increased without the approval of the Personnel Board.

Employees may be advanced as to salary one step each year until the maximum is reached. However, every advance shall be made on the basis of merit and in every case only with the approval of the Personnel Board. The Personnel Board shall, so far as possible, consult with the Heads of Departments and Boards and supervisory personnel with respect to such advances.

An employee advancing to a higher grade shall start in the new grade at the lowest step which does not reduce his compensation, provided however, that the Personnel Board may start such employee in a higher step than prescribed when, in the opinion of the Personnel Board, special circumstances warrant such action.

No employee shall have his aggregate annual compensation reduced by reason of the adoption of this Plan. However, existing compensation when this Chapter is adopted which is at a rate above the rate prescribed in the foregoing table shall constitute a personal rate, which shall apply only to the incumbent holding position and grade on January 1, 1956 and such personal rate shall not be subject to increase. When the incumbent leaves the employ of the Town or is transferred to another position, or advanced to another grade, the personal rate shall no longer apply. No Head of a Department receiving compensation from the Town shall at any time engage in private work which has or could have any relation to Town Affairs or concerns.

Employees shall not receive compensation by way of salary, wages, fees or otherwise, from more than one Department, Board or Committee unless otherwise provided in this Plan or unless such compensation is approved by the Personnel Board.

Every person entering the employ of the Town after the effective date of this Chapter shall immediately be classified by the Personnel Board. Such new employee may with the approval of the Personnel Board progress on the next following January 1st to the next highest step of his grade if he has been in continuous Town employment for at least three months. If he has not been so employed for at least three months he shall not so advance until the second following January 1st after his employment. When promotions are made on a first day of January as aforesaid, increases in compensation shall, if required by law, be made at the next Annual Town Meeting, but shall be retroactive to January 1st. Temporary employees may be engaged for a specified period with the approval of the Personnel Board and need not be classified.

SECTION 7. HOURS OF EMPLOYMENT

The hours for employees shall be as follows:

Clerical Services	At least 37½ hours per week.
Maintenance Services	At least 40 hours per week.
All other	At discretion of Boards and Department Heads, but subject to all applicable laws affecting hours of employment.

For services rendered beyond forty hours in any one week, overtime may be paid at one and one-half times the regular rate of pay, time off equal to the overtime served may be granted, or such extra pay and time off may be combined to compensate for the overtime hours. Overtime pay shall not be available to Heads of Departments.

All offices of the Town shall be open continuously for the transaction of business between 8:30 A.M. and 5:00 P.M. on every day except Saturdays, Sundays, legal holidays and days observed as legal holidays.

SECTION 8. PAID HOLIDAYS

The following paid holidays shall be granted to all employees, unless otherwise provided by law:

January first, February twenty-second, April nineteenth, May thirtieth, July fourth, the first Monday of September, October twelfth, November eleventh, Thanksgiving Day and Christmas Day.

Seasonal or temporary employees shall not be granted paid holidays.

SECTION 9. VACATIONS

Paid vacation time shall be granted to all regular full-time employees in accordance with the following table and regular part-time employees shall have vacation periods on a proportionate basis. Temporary employees shall not be granted vacations.

YEARS OF SERVICE	VACATION
From 30 weeks to ten years	Two weeks
From ten years to twenty years	Three weeks
Over twenty years	Four weeks

Vacation time shall be taken within each calendar year and shall not be cumulative from one year to another.

SECTION 10. SICK LEAVE

Paid sick leave shall be granted to all regular full-time employees in accordance with the following table. Regular part-time employees shall have paid sick leave periods on a proportionate time basis. Temporary employees shall not be granted paid sick leave.

YEARS OF SERVICE	LEAVE
Not more than one year nor less than six months	Five Working Days
Not more than five years nor less than one year	Ten working days each year
More than five years	Fifteen working days each year

Paid sick leave may be accumulated from year to year, but shall not by accumulation exceed forty-five days, and no employee shall have more than forty-five days of paid sick leave in any one year; provided, however, that in unusual circumstances the Personnel Board may grant additional paid sick leave. Paid sick leave shall never be available except to cover actual absence from work because of illness. Sick leave must be authorized by the Department Head or someone authorized to act for him and shall be reported to the Personnel Board on blanks provided for that purpose. A Physician's certificate of illness, if deemed necessary by the Department Head or Personnel Board, may be required.

Persons in the employ of the Town when this Chapter is adopted, shall be credited at once with the maximum number of paid sick leave days to which they are entitled, computed by the Personnel Board in accordance with their length of service.

If an employee is absent by reason of injury sustained while on duty for which he is entitled to receive Workmen's Compensation, such absence shall not be considered sick leave under this Section.

SECTION 11. PAID LEAVE

Paid leave shall also be granted to all regular full-time employees who are absent on jury duty or, if the Town shall have accepted Acts of 1939, Chapter 425 as amended, are absent on military duty as defined in that act as amended.

SECTION 12. RETIREMENT

No person shall be employed by the Town or remain in the employ of the Town after reaching age 70 or after reaching any lesser age at which retirement is prescribed by law without the approval of the Personnel Board.

SECTION 13. EXTRA COMPENSATION FOR MORE THAN TEN YEARS OF SERVICE

As a matter of policy the Town recognizes that loyalty, skill, attention to duty and incentive usually develop from long continuous employment and that these qualities are enhanced and encouraged by regular increases in compensation. Therefore, employees who qualify in accordance with the following specifications shall, beginning in 1956, and in each year thereafter, receive in addition to all other compensation, the following special annual increases in compensation, the same to be paid on a weekly or a monthly basis.

A. Employees of the Town, who on December 31, 1955, have been in continuous, full-time employment for ten years or more, shall have a special increase in compensation for the year 1956, in an amount computed by multiplying five dollars by the number of years of such employment and shall receive an amount in each year thereafter which shall be five dollars more than the year before.

B. Employees of the Town who on December 31, 1955, have been in continuous, full-time employment for less than ten years and employees so employed by the Town after December 31, 1955, shall in the first calendar year after they have completed ten continuous years of full-time employment, have a special increase in compensation in the amount of fifty dollars and shall receive an amount in each year thereafter which shall be five dollars more than the year before.

C. Employees who qualify for such extra compensation and then leave the employ of the Town will not be entitled to the extra compensation if re-employed until they have served a new ten-year period of full-time continuous employment. Compulsory military service or military service deemed the equivalent thereof by the Personnel Board shall not constitute an interruption of employment under this Section.

D. Each regular part-time employee otherwise qualified shall receive a proportionate part of such special increase computed as aforesaid, the exact amount to be determined by the Personnel Board. Continuous part-time employment and continuous full-time employment shall be considered in combination to determine original qualification under this Section and to compute the amount of compensation to be paid in any year. The Personnel Board shall consider these cases and do substanial justice as the circumstances seem to them to require.

SECTION 14. GENERAL

a. Provisions in this Chapter requiring or authorizing payments of compensation are in every case subject to appropriations being made from time to time by Town Meetings unless such payments are otherwise authorized by law.

b. If any provision of this Plan shall conflict with any Civil Service Law or any other law presently or hereinafter in force, such a provision of this Plan shall be deemed modified, but only to the extent required to conform to law.

c. The invalidity of any section or provision of this Chapter shall not invalidate any other section or provision hereof.

Voted: That the Town amend its General Bylaws exactly as set forth in this Article except that in Section 8 Paid Holidays, after "the first Monday of September" insert "or such day as is designated 'Labor Day' by the State Legislature."

(Unanimous Vote)

This amendment did not require the approval of the Attorney General. See Chapter 41, Section 108-C. It was advertised three weeks in the Milton Record. March 29th, April 5th and 12th, 1957.

PERSONNEL BOARD, 1957 - 1958

	Term Expires
Francis F. Brooks, 134 Adams Street	June 1, 1962
Timothy G. Ryan, 26 Hillcrest Road	June 1, 1961
Warren J. Murdock, 16 Allen Circle	June 1, 1960
William U. Pursell, Chairman, 35 Truro Lane	June 1, 1959
Newton S. Baker, 54 Fairbanks Road	June 1, 1958

ARTICLE 9. To see what sum of money the Town will vote to appropriate for Pensions and Annuities the present year:

1. Police and Firemen
2. Annuities
3. Police and Firemen's Widows
4. Laborers
5. School Teachers
6. Veterans

Voted: That the following appropriations be made for

1. Police and Firemen's Pensions	$46,167.59
2. Annuities	10,816.67
3. Police and Firemen's Widows	4,387.50
4. Laborers' Pensions	14,932.34
5. School Teachers' Pensions	6,945.00
6. Veterans' Pensions	7,217.60

ARTICLE 10. To see what sum of money the Town will vote to appropriate for Veterans' Benefits the present year.

Voted: That the sum of $25,000.00 be appropriated, of which $1,789.94 is for salaries and wages.

ARTICLE 11. To see what sum of money the Town will vote to appropriate for the Contributory Retirement System; and to act on anything relating thereto.

Voted: That the sum of $38,622.64 be appropriated of which $2,172.62 is for salaries and wages.

ARTICLE 12. To see what sum of money the Town will vote to appropriate for the Public Welfare Department the present year.

Voted: That the total sum of $145,134.11 be appropriated of which not more than $24,375.71 is for salaries and wages; $686.50 is for new equipment; and $75.00 is for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town may be interested or which may tend to improve the service of the Department.

ARTICLE 13. To see what sum of money the Town will vote to appropriate for General Government for salaries and expenses of the following departments, and other purposes the present year.

1. Warrant Committee
2. Selectmen
3. Accountant
4. Town Engineer
5. Assessors
6. Treasurer and Collector
7. Town Clerk
8. Election and Registration
9. Law
10. Town Hall and Thacher Bldg.
11. Insurance
12. Town Reports
13. Board of Appeals
14. Planning Board
15. Personnel Board

Voted: That the following appropriations be made for:

1. Warrant Committee .... $ 4,077.25
Of which $1,026.25 is for salaries and wages.

2. Selectmen 13,805.50
Including the salary of the Chairman which is hereby fixed at $1,500.00 and the salaries of each of the 2nd and 3rd members which are fixed at $1,200.00 for the calendar year 1957; provided, however, that the salary of any Selectman shall be reduced by the amount which he receives as retirement allowance under General Laws, Chapter 32, and such a salary is fixed accordingly. $12,270.50 is appropriated for salaries and wages.

3. Accountant 11,760.32
Of which $10,575.57 is for salaries and wages; $100.00 is for overtime; and $164.00 is for new equipment.

4. Town Engineer Of which $36,246.34 is for salaries and wages; and $2,000.00 is for new equipment, and the Department is hereby authorized to sell or exchange old equipment to furnish additional funds for the purchase of new equipment.	39,850.34
5. Assessors Including the salary of the Chairman which is hereby fixed at $1,500.00 and the salaries of each of the 2nd and 3rd members which are fixed at $1,100.00 for the calendar year 1957. $15,864.06 is appropriated for salaries and wages; and $4,900.00 is for new equipment.	24,279.06
6. Treasurer and Collector The salary of the Treasurer-Collector is hereby fixed at $6,708.52 for the calendar year 1957. $18,587.40 is appropriated for salaries and wages; $429.06 is for new equipment; and $76.00 is for the necessary expenses of officers and employees of the department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.	23,354.51
7. Town Clerk The salary of the Town Clerk is hereby fixed in the aggregate at $5,717.24 for the calendar year 1957. $13,206.89 is appropriated for salaries and wages; and $207.50 is for new equipment.	14,662.89
8. Election and Registration Of which $7,012.62 is for salaries and wages.	10,366.92
9. Law Of which $6,878.25 is for salaries and wages.	10,162.25
10. Town Hall and Thacher Building Of which $12,170.33 is for salaries and wages; and $200.00 is for overtime.	18,691.83
11. Insurance	31,866.76
12. Town Reports	5,619.06
13. Board of Appeals	1,200.00
14. Planning Board	6,030.00
15. Personnel Board Of which $822.90 is for salaries and wages; and $275.00 is for new equipment.	1,367.90

ARTICLE 14. To see what sum of money the Town will vote to appropriate for the protection of persons and property for the present year and for unpaid bills of previous years:

1. Police Department
2. Fire Department
3. Hyrant Service
4. Wire Department
5. Forestry Department
6. Street Lighting
7. Additional Lights
8. 1. Building Department
   2. Plumbing Department
9. Sealer of Weights and Measures
10. Traffic Lights

Voted: That the following appropriations be made for:

10. Police Department — General $286,178.06

Private Work 22,000.00

The appropriation of $308,178.06 includes the sums of $263,528.06 for salaries and wages; $4,200.00 for new equipment and the Department is hereby authorized to sell or exchange old equipment to furnish additional funds for new equipment; $3,100.00 for uniforms; and $1,200.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.

Unpaid Bill of 1955 .... 30.00

(Unanimous Vote)

Unpaid Bill of 1956 .... 279.85

(Unanimous Vote)

2. Fire Department 260,251.46

The above appropriation of $260,251.46 includes the sums of $242,174.46 for salaries and wages; $400.00 for uniforms; $2,375.00 for new hose; $1,010.00 for new equipment; and $150.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.

3. Hydrant Service 29,785.00

The above appropriation is to be taken from the general taxes for the current year as Hydrant Rental, and is payable to the Water Department in quarterly installments upon presentation of its bills.

4. Wire Department 29,789.62

The above appropriation of $29,789.62 includes the sums of $22,478.82 for salaries and wages; $600.00 for overtime; $1,240.00 for new equipment; and $100.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information in which the Town is interested or which may tend to improve the service of the Department.

5. Forestry Department 53,188.98

The above appropriation of $53,188.98 includes the sums of $42,363.08 for salaries and wages; $300.00 for overtime; $982.40 for new equipment; and the Department is hereby authorized to sell or exchange old equipment to furnish additional funds for new equipment; and the aggregate appropriation for the Department includes $2,000.00 for Private Work, $5,000.00 to be expended in control work against Dutch Elm Disease as required under Acts of 1949, Chapter 761, Section 13 and $5,000.00 to be expended for Insect-Pest Control under Acts of 1948, Chapter 660, Section 11.

6. Street Lighting	66,478.06
7. Additional Lights	1,200.00
8. Building Department	11,253.06
Of which $10,004.56 is for salaries and wages and $35.00 is for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.	
Plumbing Department	2,445.00
9. Sealer of Weights and Measures	1,893.75
Of which $1,448.00 is for salaries and wages and $50.00 is for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.	
10. Traffic Lights	1,500.00

ARTICLE 15. To see what sum of money the Town will vote to appropriate for the purpose of installing a traffic signal system on Brook Road at St. Mary's Road; and to act on anything relating thereto.

Voted: That the sum of $3,000.00 be appropriated.

ARTICLE 16. To see what sum the Town will vote to appropriate for Civil Defense for the current year; and to act on anything relating thereto.

Voted: That the sum of $1,000.00 be appropriated.

ARTICLE 17. To see if the Town will vote to accept Chapter 401 of the Acts of 1956, which extends to certain Civil Defense Volunteers the provisions of law applicable to municipal empolyees for indemnification of damages sustained through the operation of publicly owned vehicles; and to act on anything relating thereto.

Voted: That the Town so vote.

ARTICLE 18. To see what sum of money the Town will vote to appropriate for Health and Sanitation the present year:

1. Health — General
2. Dental Clinic
3. Inspector of Animals
4. Sewer Maintenance
5. Chest Conference
6. Mandatory Hospitalization
7. Disposal Area
8. Rodent Control
9. Child Guidance

Voted: That the following appropriations be made for:

1. Health — General (Including Disposal Area) Of which $13,194.44 is for salaries and wages.	$17,669.44
2. Dental Clinic	2,190.00
3. Inspector of Animals	300.00
4. Sewer Maintenance Of which $12,425.81 is for salaries and wages and $350.00 is for overtime.	20,244.81
5. Chest Conference	1,500.00
6. Mandatory Hospitalization	5,000.00
7. Disposal Area (included in Health—General)	
8. Rodent Control	300.00
9. Child Guidance	750.00

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of $500.00 for the purpose of maintaining, during the ensuing year, the mosquito control works.

Voted: That the sum of $500.00 be appropriated for the purpose of maintaining during the ensuing year the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE 20. To see what sum of money the Town will vote to appropriate for the disposal of garbage and refuse in the present year; and to act on anything relating thereto.

Voted: That the sum of $101,000.00 be appropriated.

ARTICLE 21. To see if the Town will vote to amend Chapter 4 of the General Bylaws of the Town by adding a new Section 15, substantially as follows:

> SECTION 15. Every contract for the collection of trash and/or garbage shall contain a provision that no vehicle used for the collection or transportation of trash and/or garbage shall be garaged or stored in a residential area as defined in Chapter 10 of the Bylaws, unless such garaging or storing is not less than 500 feet from any dwelling.

and to act on anything relating thereto.

Voted: That the Town do not so vote to amend Chapter 4 of the General Bylaws.
(Unanimous Vote)

ARTICLE 22. To see if the Town will vote to authorize the Moderator to appoint a committee of three citizens to recommend whether or not the Town should participate in the South Shore Guidance Center, and, if so, to what financial extent and under the administration of what Board; such committee to report to the Board of Health and the Selectmen on or before October 1, 1957; and to act on anything relating thereto.

Voted: That the Town so vote.

COMMITTEE

MR. E. FRANCIS KANE, Chairman, 174 Brush Hill Road
MR. PAUL McPEAKE, 60 Fairbanks Road
MR. NORMAN H. LUDLOW, 45 Centre Street

ARTICLE 23. To see what sum of money the Town will vote to expend for the construction of sewers for sanitary purposes and for sewage disposal and to appropriate and raise by borrowing or otherwise money for the same; and to act on anything relating thereto.

Voted: That the Town vote to appropriate the sum of $88,270.67 of which $17,975.67 is for salaries and wages and $1,400.00 is for overtime.

(Unanimous Vote)

ARTICLE 24. To see what sum of money the Town will vote to appropriate for the Water Department for the current year and to provide for the disposition of obsolete property; and to act on anything relating thereto.

Voted: That the Town appropriate the sum of $264,370.19 for the general uses of the Water Department during the present year, to be expended by the Water Commissioners in accordance with the Acts of 1902, Chapter 307, and Acts in amendment thereof and in addition thereto, said uses to include:

a. The sum of $92,328.69 for salaries and wages;

b. The sum of $5,000.00 for overtime;

c. The Metropolitan Water Assessment;

d. The retirement of bonds and/or notes outstanding in the Town of Milton Water Loans;

e. The interest on bonds and/or notes outstanding in Town of Milton Water Loans;

f. The sum of $50,500.00 for the extension of, and the improvement to the system of mains;

g. The sum of $250.00 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department;

h. All other lawful expenditures; and the Water Commissioners are hereby authorized to sell without first obtaining the approval of the Board of Selectmen, junk, metal, cast iron, brass and similar material and discarded meters whether dismantled or not, in the usual course of its operation; and that to meet said appropriation $157,714.87 be raised from the tax levy of the current year and $106,655.32 be transferred from available Water Department Surplus as of December 31, 1956.

ARTICLE 25. To see what sum of money the Town will vote to appropriate for expenditure by the Board of Water Commissioners, said sum to be held in a special account to be known as the Account for Mains in Private Ways and to be expended for the purpose of constructing water mains and appurtenances in private ways as to which deposits shall have been made to reimburse the Town for such expenditures. No such expenditure shall be made in or liability incurred in connection with any such way in excess of the deposit made for such way until after such deposit has been made, and until after takings have been made of rights and easements necessary for the construction and maintenance of such water mains and appurtenances; and to act on anything relating thereto.

Voted: That the sum of $24,300.57 be appropriated from available funds on hand January 1, 1957.

ARTICLE 26. To see what sum of money the Town will vote to appropriate for the Public Library the present year.

Voted: That the sum of $104,241.83 be appropriated of which $70,445.83 is for salaries and wages; $6,180.00 is for temporary employees and janitors' overtime; $181.00 is for replacement of equipment; $4,248.00 is for roof repairs to the Central Library Building; and $200.00 is for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.

ARTICLE 27. To see what sum of money the Town will vote to appropriate for the purpose of leasing suitable headquarters for the following Veterans' Organizations:

1. Milton Post No. 2178, Veterans of Foreign Wars

2. George P. Bertram, Jr., Chapter No. 104 of the Disabled American Veterans and to act on anything relating thereto.

Voted: That the following sums be appropriated for the purpose of leasing suitable headquarters for:

1. Milton Post No. 2178, Veterans of Foreign Wars	$375.00
2. George P. Bertram, Jr., Chapter No. 104 of the Disabled American Veterans	240.00

ARTICLE 28. To see what sum of money the Town will vote to appropriate for the observance of Memorial Day, 1957.

Voted: That the sum of $500.00 be appropriated.

ARTICLE 29. To see what sum of money the Town will vote to appropriate for the celebration of the Fourth of July, 1957.

Voted: That the sum of $650.00 be appropriated.

ARTICLE 30. To see what sum of money the Town will vote to appropriate for the observance of Veterans Day, 1957.

Voted: That the sum of $100.00 be appropriated.

ARTICLE 31. To see what sum the Town will vote to appropriate for lighting and decorating the Town at Christmas, 1957, and to act on anything relating thereto.

Voted: That the sum of $225.00 be appropriated.

ARTICLE 32. To see what sum of money the Town will vote to appropriate for the general use of the Board of Park Commissioners the present year.

Voted: That the sum of $25,842.04 be appropriated of which $17,289.04 is for salaries and wages; $4,000.00 is for development of Andrews Playground; and $850.00 is for portable bleachers.

ARTICLE 33. To see what sum of money the Town will vote to appropriate for the maintenance and improvement of the Cemetery the present year.

Voted: That the sum of $72,833.32 be appropriated of which $49,833.32 is for salaries and wages; $2,000.00 is for overtime; $1,585.00 is for new equipment and the Department is hereby authorized to sell or exchange old equipment to provide additional funds for the purchase of new equipment; and that to meet said appropriation the sum of $56,661.32 be raised from the tax levy of the current year and the balance of the appropriation be transferred from available funds in the treasury as follows:

Proceeds from Sale of Burial Rights	$3,172.00
Interest on Cemetery Perpetual Care Fund	13,000.00

ARTICLE 34. To see if the Town will vote to accept a bequest to the Milton Cemetery under the Ninth Article of the Will of Thomas J. Bannin, late of Milton, of the sum of $500.00 to be established as a fund to be known as the Bannin Family Fund, the interest of which shall be used for the care of the Bannin lot in said Cemetery and to furnish suitable floral decorations on May 30th of each year and all other suitable occasions; and to act on anything relating thereto.

Voted: That the Town so vote.

ARTICLE 35. To see if the Town will vote to accept a bequest to the Milton Cemetery of $1,000.00 under Clause 5 of the Will of Katherine A. Kelley, late of Milton, for perpetual care and flowers for the family lot; and to act on anything relating thereto.

Voted: That the Town so vote.

ARTICLE 36. To hear and act upon the report of the Committee appointed by the Moderator by the Vote of the Town under Article 42 of the Warrant for the Annual Town Meeting held in March, 1956, and to see what sum of money the Town will vote to raise and appropriate for the remodeling of the Town Hall Auditorium into office space; and to act on anything relating thereto.

Voted: That the Moderator appoint a committee of three citizens to study the possibility of the use of the Town Hall Auditorium for office space and the manner in which this use can be accomplished; said committee to report with recommendations for such possible use to the Board of Selectmen on or before December 1, 1957; and that the sum of $500.00 be appropriated for the use of said committee.

COMMITTEE

Mr. William A. Riley, chrm., 34 Meredith Circle
Mr. Joseph Goostray, 1233 Brook Road
Mr. Virginius Paolucci, 18 Pilgrim Road

ARTICLE 37. To hear and act upon the report of the Committee appointed by the Moderator by the Vote of the Town under Article 43 of the Warrant for the Annual Town Meeting held in March 1956, and to see what sum of money the Town will vote to raise and appropriate for the remodeling and enlargement of the Police Station on Central Avenue; and to act on anything relating thereto.

Voted: That the sum of $30,000.00 be appropriated for the purpose of remodeling the Police Station on Central Avenue as outlined in the report of the Special Committee appointed under Article 43 of the Warrant of the Annual March 1956 Meeting; that the same committee be continued and have the power, all in the name and behalf of the Town, to employ the services of an architect, to advertise and secure bids, to let contracts, and to supervise all work, all at a cost within the appropriation voted under this Article for the purpose; and said committee shall have the power to fill vacancies in its membership with the approval of the Moderator.

COMMITTEE

Charles E. Whitehead, 29 Lantern Lane
James F. Cyphers, 75 Hinckley Road
Thomas F. Garvey, 8 Darby Road
Frederick J. Stevenson, 91 Capen Street
John L. Woods, 72 Reservation Road

ARTICLE 38. To see what sum of money the Town will vote to appropriate for the Highway Department the present year.

Voted: That the following appropriations be made for:

1. General Expense	$163,138.00
2. Drainage	16,000.00
3. Permanent Construction	6,500.00
4. Private Work	4,000.00
5. Sidewalks	3,000.00
6. New Equipment and the Department is hereby authorized to sell or exchange old equipment to furnish additional funds for the purchase of new equipment.	22,327.00
7. Mantenance of Pine Tree Brook	3,000.00

From the aggregate amounts appropriated under this Article, under Article 39, Article 40, Article 41, Article 42 and Article 43 taken together, the following sums, but no more shall be available for salaries, wages and overtime; namely $179,737.56 for salaries and wages and $15,000.00 for overtime.

ARTICLE 39. To see what sum the Town will vote to appropriate for maintaining, repairing, improving and constructing ways under the provisions of General Laws, Chapter 90.

Voted: That the sum of $4,500.00 be appropriated to be expended for maintaining, repairing, improving and constructing ways under the provisions of General Laws, Chapter 90 and that to meet said appropriation there be raised from the tax levy of the current year the sum of $1,500.00 and that the sum of $3,000.00 be appropriated from available funds on hand January 1, 1957, to meet the State's and County's share of the cost of the work, the reimbursements from the State and County to be restored upon their receipt to available funds in the treasury.

(Unanimous Vote)

ARTICLE 40. To see if the Town will vote to raise and appropriate the sum of $9,000.00 to meet the Town's share of cost under General Laws, Chapter 90, for reconstructing or resurfacing the following public ways:

Brook Road between Centre Street and Pleasant Street (Route 135).
Adams Street between Centre Street and Dudley Lane (connecting road).
Eliot Street between Valley Road and Cliff Road (connecting road).

and in addition to see if the Town will recommend that the sum of $31,000.00 shall be appropriated from available funds in the Treasury or shall be borrowed by the Treasurer under General Laws, Chapter 44, Section 6A, to meet the State's and County's share of the cost of the above work; and to act on anything relating thereto.

Voted: That the sum of $40,000.00 be appropriated to be expended for the reconstructing or resurfacing of the following public ways:

Brook Road from Centre Street to Pleasant Street.
Adams Street from Centre Street to Dudley Lane.
Eliot Street from Valley Road to Cliff Road opposite Columbine Road.

and that to meet said appropriation there be raised from the tax levy of the current year the sum of $9,000.00 and that the sum of $31,000.00 be appropriated from available funds on hand January 1, 1957, to meet the State's and County's share of the work, the reimbursements from the State and County to be restored upon their receipt to available funds in the treasury.

(Unanimous Vote)

ARTICLE 41. To see if the Town will vote to accept the following streets, or any of them, as Town Ways, as laid out by the Selectmen under laws authorizing assessment of betterments and to raise and appropriate by borrowing or otherwise money for the construction of said public ways, including cost of pavement and sidewalks laid at the time of construction, and for payment of land damages:

Nohanton Avenue from Public Portion to Blue Hills Reservation
Norman Street from Blue Hill Avenue to Truro Lane
Sassamon Avenue from Randolph Avenue to Blue Hills Reservation and to act on anything relating thereto.

Voted: That the town so vote with respect to the following three streets described in this Article and that the sum of $93,000.00 be appropriated to be expended for original construction as follows:

Nahanton Avenue	$25,800.00
Norman Street	13,800.00
Sassamon Avenue	53,400.00

and that to meet said appropriation there shall be raised in the tax levy of the current year the sum of $23,000.00 and that the Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow the sum of $70,000.00 and to issue bonds or notes bearing on their face the words "Town of Milton Street Construction Loan 1957" and to be payable in accordance with Chapter 44 of the General Laws (Ter. Ed.) so that the whole loan shall be paid in not more than ten years from the date of the first bond or note or such earlier date as the Treasurer and Selectmen may determine.

(Unanimous Vote)

ARTICLE 42. To see what sum of money the Town will vote to appropriate, in addition to the amounts appropriated at the March 1956 Annual Meeting and the December 1956 Special Town Meeting, for the completion of the following streets:

Beacon Street and Beacon Street Circle
and to act on anything relating thereto.

Voted: That the total sum of $4,400.00 be appropriated to be expended as follows:

1. To complete construction of part of Beacon Street	$1,600.00
2. To complete construction of part of Beacon Street Circle	2,800.00

ARTICLE 43. To see what sum of money the Town will vote to appropriate for the resurfacing of Thacher Street from Brook Road to Canton Avenue, under the provisions of Chapter 718 of the Acts of 1956; and to act on anything relating thereto.

Voted: That the sum of $25,000.00 be appropriated to be expended for the resurfacing of Thacher Street from Brook Road to Canton Avenue, said sum to be expended from the proceeds of receipts from the State under Chapter 718 of the Acts of 1956, if and when available.

ARTICLE 44. To see if the Town without the assessment of betterments and without making an appropriation will vote to accept the following streets, or any of them, as Town ways, as laid out by the Selectmen:
Academy Lane from Reedsdale Road 213 feet Northeasterly
Father Carney Drive from Adams Street 859 feet Northerly
Hemlock Drive from Blue Hill Avenue to Canton Avenue
Marshall Road from Highland Street to Woodside Drive
and to act on anything relating thereto.

Voted: That the Town so vote with respect to all streets described in this Article.

ARTICLE 45. To see if the Town will vote to authorize the Selectmen in the name and behalf of the Town to enter into an agreement with the Commonwealth of Massachusetts as authorized by General Laws, Chapter 91, Section 29, as amended, under the terms of which the Town will assume liability for all damages to property suffered by any person by any taking of land or of any right, interest, or easement therein made by the Commonwealth through the Department of Public Works in connection with the improvement, development, maintenance and protection of Pine Tree Brook in the Town of Milton; and to act on anything relating thereto.

Voted: That the Town so vote.

(Unanimous Vote)

ARTICLE 46. To see what sum of money the Town will vote to appropriate and pay to the Treasurer of the Commonwealth under General Laws, Chapter 91, Section 29, as amended, for the improvement of Pine Tree Brook; and also to see if the Town will vote to continue the committee appointed under Article 40 of the 1955 Annual Town Meeting until all work to improve Pine Tree Brook under said Chapter 91 is completed; and to act on anything relating thereto.

Voted: That the Town appropriate the sum of $50,000.00 for the improvement of Pine Tree Brook by the Commonwealth so much or all of said sum to be paid to the Treasurer of the Commonwealth as may be necessary to reimburse the Commonwealth for one-half of the cost of the work done by the Commonwealth in the improvement of Pine Tree Brook under General Laws, Chapter 91, Section 11, and that the Committee appointed under Article 40 of the 1955 Annual Town Meeting be continued until all work to improve Pine Tree Brook under Chapter 91 is completed, said Committee to report from time to time to the Selectmen and to the Town at any Town Meeting.

(Unanimous Vote)

COMMITTEE

JOHN E. ROGERSON, Chairman, 114 Canton Avenue

EDWARD P. HAMILTON, 145 Dudley Lane
NORMAN E. KINGSBURY, 623 Blue Hills Parkway
HAROLD F. LEWIS, 184 Edge Hill Road

The report of the Pine Tree Brook Committee was recorded under Article 2 of this Annual Town Meeting.

The following report of the Planning Board was submitted to the Moderator to be made part of the Town Clerk's record of the Annual Town Meeting held March 9, 1957.

REPORT ON ARTICLE 37 — 1956 TOWN MEETING

To the Citizens of the Town of Milton:

The Planning Board wishes to submit its report on Article 37 of the 1956 Town Warrant which was to see if the Town will vote to request the Planning Board to make a complete study of the present Zoning Bylaw to see what revisions, if any, are desirable, including, without limiting the general scope of the study, area provisions in Residence Districts A, B and C and to report its recommendations, if any, to the next Annual Town Meeting; and to see what sums of money the Town will vote to appropriate for the use of the Planning Board in making such a study; and to act on anything relating thereto. The article was passed and the sum of $2,000.00 was appropriated for the use of the Planning Board for this purpose.

The Planning Board has been aware of the need for superior zoning, planning and sub-division control development and administration. The Commonwealth through its enabling legislation has given us the tools which, if wisely used and fairly administered, will meet the demands of changing times and keep Milton the type of livable and efficient community we all want it to be. Having this in mind, we felt it was necessary for us to obtain the services of a top firm of City Planning Consultants to assist us in this study and after considerable effort the firm of Adams, Howard and Greeley was engaged for this purpose. However, due to previous commitments, the Planning Consultants could not start on this study until October 1st. As a result of conferences between the Planning Board and the Planning Consultants in connection with Milton's Planning and Zoning problems, the Planning Board recommends three proposals. The first two cover the preparation of a General Plan of the Town showing future advisable patterns of land use for residences and business, major highways and connecting streets, etc., as well as recommended revisions of the Zoning Bylaw and Map insofar as would be necessary to effectuate the land use proposals of the General Plan. The above projects are slated to be completed by December 1, 1957, at a cost of $8,600. The third proposal of the Board contemplates the preparation of a long range capital improvements program which would establish priorities for all major public improvements included in the General Plan which could be undertaken during the next five or six years together with a proposed method of financing. Such a program should prove to be of considerable assistance to the Town in its determination of fiscal policy as it relates to major public improvements. The above project is also planned to be completed by December 1, 1957, at a cost of $5,000. The Planning Board authorized the consultants to proceed with the work within the limits of their available funds (namely the above mentioned item of $2,000. plus a budget item of $1,400. for special services) which would leave an amount of $5,200.00 to be appropriated at this Town Meeting for the completion of the first two proposals covering the work necessary for the developing of the General Plan. This amount is included in the appropriation of $6,030. recommended by the Warrant Committee. The Planning Board strongly recommends that this appropriation be made. If the Town makes this appropriation, Federal funds of an equal amount are available under Title 7 of the Housing Act of 1954 thus enabling the Planning Board to complete the third proposal with no additional cost to the Town, if the Town's pending application is granted.

The work has progressed satisfactorily to date and will be completed in time to make recommendations at the 1958 Town Meeting. While the vote of the Town requested the Planning Board to make a complete study and report its recommendations, if any, at this Town Meeting, the Board believes it is evident that the plans outlined above warrant the aforesaid appropriation for the continuation of this project.

Respectfully submitted,

JOHN H. BOWIE, Chairman
BENJAMIN R. ALEXANDER, Secretary
EDWARD E. BIGELOW
RAY A. HINDS
GEORGE N. HURD, JR.

THE MILTON PLANNING BOARD

ARTICLE 47. To see if the Town will vote to amend Chapter 10 of the General Bylaws of the Town (having to do with zoning) by striking out Clause (j) of Section III, A. 7. and by inserting after Section IV the following new Section:

SECTION IV A. Earth Materials Removal.

1. The removal of sod, loam, soil, clay, sand, gravel, or stone from any land in the Town of Milton not in public use to any location outside of said Town is hereby prohibited, and any such removal within said Town is hereby prohibited except as may be authorized in any zoning district by a permit issued by the Board of Appeals and except such removal as is permitted by paragraph 3 of this section. No such permit shall be issued except upon written application therefor to the Board of Appeals with copy to the Planning Board and after a public hearing on such application by the Board of Appeals. Such application shall include a diagram to scale of the land concerned, indicating existing and proposed elevations in the area to be excavated and stating the ownership and boundaries of the land for which such permit is sought, the names of all adjoining owners as found in the most recent tax list and the approximate locations of existing public and private ways nearest such land. Notice of said public hearing shall be given by publication in a newspaper published in or of general circulation in Milton eight (8) days at least before the date of such hearing.

2. A copy of any permit granted hereunder by the Board of Appeals, stating all of the conditions imposed, if any, including but not limited to limitation of such removal in:

(a) extent of time,
(b) area and depth of excavation,
(c) steepness of slopes excavated,
(d) distance between edge of excavation and neighboring properties or ways,
(e) temporary or permanent drainage,
(f) the posting of security or bond,
(g) the replacement of not less than six (6) inches of topsoil over the whole of any area from which earth materials are removed where the location of such removal is afterward to become a residential subdivision, or
(h) in the case of continuing sand or gravel pit operations in one

general locus, re-covering the finished cut banks with a minimum of four (4) inches of topsoil;

or a copy of the denial by the Board of Appeals of any application for such, stating the reasons for such denial shall be mailed forthwith by the Board to the parties in interest, including also the Planning Board and the Building Inspector.

3. The provisions of this section shall be deemed not to prohibit the removal of such sod, loam, soil, clay, sand, gravel or stone as may be required to be excavated for the purposes of constructing foundations for buildings or other allowable structures for which building permits have been issued, or for the purpose of constructing ways in accordance with lines and grades approved by the Planning Board or by the Board of Appeals or for the purpose of constructing utilities or other engineering works for public service. Nor shall this regulation be deemed to prohibit the transferral of sod, loam, soil, clay, sand, gravel, or stone from one part of a lot, tract or parcel of land to another part of the same lot, tract, or parcel of land in the same ownership.

Voted: That the Town vote to amend Chapter 10 of the General Bylaws exactly as set forth in this Article.

(Unanimous Vote)

Boston, Mass., April 26, 1957

The foregoing amendment to bylaws is hereby approved.

(Signed) GEORGE FINGOLD,
Attorney General

Advertised May 3, 10, and 17, 1957

Milton Transcript

ARTICLE 48. To see if the Town will vote to amend Chapter 10 of the General Bylaws of the Town (having to do with zoning) by striking out Section VI, A. 4. of said Chapter 10 and inserting in place thereof the following new Section VI, A. 4.:

4. Frontage, as required in the foregoing provisions of this section, shall be determined as follows: The distance shall be measured along the street line from one side line of the lot to the other and the distance shall also be measured between said side lines along a line which marks the required front setback of the dwelling on such lot, and the longer of said distances shall determine the frontage of such lot.

Voted: That the Town vote to amend Chapter 10 of the General Bylaws exactly as set forth in this Article.

(Unanimous Vote)

Boston, Mass., April 26, 1957

The foregoing amendment to bylaws is hereby approved.

ARTICLE 49. To see if the Town will vote to amend Chapter 10 of the General Bylaws of the Town (having to do with zoning) by amending Section III, A. 7. of said Chapter 10 by adding thereto a new subsection (1) as follows:

(1) In a Residence A District, a building to be used exclusively for doctors' offices or a home for the care of ill or aged persons, provided in each case the Board of Appeals shall determine that such use is for the public health, convenience and welfare of the inhabitants of the Town of Milton and that it will not be substantially detrimental to other property in the neighborhood.

and act on anything relating thereto.

Voted: That the Town do not vote to amend Chapter 10 of the General Bylaws in the manner as set forth in this Article.

(Unanimous Vote)

Planning Board Reports on Articles 47, 48 and 49

Report to the Town Meeting 1957 re: Article 47, 1957 Town Warrant

March 9, 1957

TO THE CITIZENS OF THE TOWN OF MILTON:

In accordance with Section XII of Chapter 10 of the General Bylaws of the Town having to do with Zoning, the Planning Board upon its own initiative, held a Public Hearing on February 7, 1957, after due notice, to consider whether said Chapter 10 should be amended with respect to "Earth Materials Removal."

The Planning Board recommends that the Town vote to amend Chapter 10 of the General Bylaws exactly as set forth in this Article.

Respectfully submitted,

MILTON PLANNING BOARD

JOHN H. BOWIE, Chairman
BENJAMIN R. ALEXANDER, Secretary
EDWARD E. BIGELOW
RAY A. HINDS
GEORGE N. HURD, JR.

Report to the Town Meeting 1957 re: Article 48, 1957 Town Warrant

March 9, 1957

TO THE CITIZENS OF THE TOWN OF MILTON:

In accordance with Section XII of Chapter 10 of the General Bylaws of the Town having to do with Zoning, the Planning Board, upon its own initiative, held a Public Hearing after due notice to consider whether said Chapter 10 shall be amended so far as it relates to the determination of "frontage."

The Planning Board is of the opinion that the proposed amendment to said Chapter 10 as delineated in Article 48 of the 1957 Town Warrant will greatly simplify the administration of the Subdivision Control Law appearing in Chapter 41 of the General Laws as most recently amended.

The Planning Board recommends that the Town vote to amend Chapter 10 of the General Bylaws exactly as set forth in this Article.

Respectfully submitted,

MILTON PLANNING BOARD

JOHN H. BOWIE, Chairman
BENJAMIN R. ALEXANDER, Secretary
EDWARD E. BIGELOW
RAY A. HINDS
GEORGE N. HURD, JR.

Report to the Town Meeting 1957 re: Article 49, 1957 Town Warrant

March 9, 1957

TO THE CITIZENS OF THE TOWN OF MILTON:

In accordance with Section XII of Chapter 10 of the General Bylaws of the Town having to do with Zoning, the Planning Board, upon a petition of more than ten citizens, held a public hearing on February 7, 1957 to consider whether Section III, A, 7 of said Chapter 10 shall be amended to include "a building to be used exclusively for doctors' offices or a home for the care of ill or aged persons."

At its meeting on February 28, 1957, the Planning Board considered said amendment, and upon motion made and duly seconded, it was

Voted: After discussion, it was the opinion of the Planning Board that the objectives sought by the petitioners are not pressing and in view of the over-all land-use study that is being made at this time, it was VOTED to recommend that the Town do not so vote.

Respectfully submitted,

MILTON PLANNING BOARD

JOHN H. BOWIE, Chairman
BENJAMIN R. ALEXANDER, Secretary
EDWARD E. BIGELOW
RAY A. HINDS
GEORGE N. HURD, JR.

ARTICLE 50. To see what sum of money the Town will vote to appropriate for the support of schools for the year 1957 and for unpaid bills of 1956, and to act on anything relating thereto.

Voted: That the sum of $1,122,845.92 be appropriated of which $943,768.23 is for salaries and wages and $450.00 is for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.

ARTICLE 51. To see what sum of money the Town will vote to appropriate for Vocational Education under the provisions of General Laws (Ter. Ed.), Chapter 74; and to act on anything relating thereto.

Voted: That the following appropriations be made for:

1. Vocational Education	$5,500.00
2. State-Aided Practical Arts Classes	3,650.00

ARTICLE 52. To see if the Town will vote to accept the relocation and alteration of the Southerly side of Brook Road, a Town Way, beginning at a point 52.82 feet Westerly from a point on the Westerly sideline of Blue Hill Avenue and the Southerly sideline of Brook Road intersection, as laid out by the Selectmen, and described as follows:

Beginning at a point 52.82 feet Westerly from a point on the Westerly sideline of Blue Hill Avenue and the Southerly sideline of Brook Road intersection;
Thence continuing in a Westerly direction in three courses by the newly created Southerly sideline of Brook Road totaling 127.65 feet;
Thence turning and running in a Northeasterly direction in three courses by the former Southerly sideline of Brook Road totaling 128.73 feet to the point of beginning;
Containing 291 square feet; all as shown on a Plan entitled "Town of Milton Plan of Part of Brook Road showing Proposed Change of Street Line," dated June, 1953, by Alexander E. Manning, Town Engineer; and filed in the office of the Town Engineer.

and to raise and appropriate money therefor; and to act on anything relating thereto.

Voted: That the Town so vote and that no sum be appropriated.

ARTICLE 53. To see if the Town will vote to accept the relocation and alteration of the Westerly side of Bradford Road, a Town Way, beginning at the point of curve at Pleasant Street, as laid out by the Selectmen, and described as follows:

Beginning at a point forty feet from the Stone bound at the P.C. on the Easterly side of Bradford Road at Pleasant Street;
Thence running Southerly in a curved line with a radius of 20.00 feet a distance of 4.48 feet;
Thence running Northerly in two courses totaling 130.16 feet;
Thence running Easterly a distance of .51 feet to the Westerly sideline of Bradford Road a distance of 125.61 feet to the point of beginning;
Containing 66 square feet more or less; all as shown on a Plan entitled "TOWN OF MILTON PLAN OF PART OF BRADFORD ROAD AS LAID OUT BY THE SELECTMEN," dated December 1931, by Forrest J. Maynard, Town Engineer; and filed in the Norfolk Registry of Deeds.

and to raise and appropriate money therefor; and to act on anything relating thereto.

Voted: That the Town so vote, and that no sum be appropriated.

ARTICLE 54. To see if the Town will vote to authorize the Board of Selectmen in the name and behalf of the Town to sell and convey to Michael J. Verrochi of Milton for a minimum sum to be determined upon by the Town at the Annual Town Meeting a parcel of land situated on the Westerly side of Granite Avenue about opposite Wood Street bounded and described as follows:

Easterly and Southeasterly by a concrete sidewalk a total of about 161 feet;
Westerly by land now or formerly of N.Y., N.H. & H. R.R. Co. about 150 feet;
Northerly by land now or formerly of Thomas F. and Julia A. Cully about 66 feet;
Containing about 6,560. square feet and being a portion of Parcel 24 B-T

> Taking in behalf of the Town of Milton by the Commonwealth of Massachusetts, said Taking being recorded in Norfolk Registry of Deeds on December 30, 1953, and which parcel is outside the limits of the Limited Access State Highway and no longer needed for public purposes, said parcel being subject however to the control of the Commonwealth of Massachusetts through its Department of Public Works under the provisions of Chapter 81, Section 7A of the General Laws;

and to act on anything relating thereto.

Voted: That the Town do not so vote.

ARTICLE 55. To see if the Town will vote to accept a gift from Florence W. Aldrich of a certain parcel of land at the intersection of School Street and Ruggles Lane, over which land the Town has already taken an Easement under the Pine Tree Brook Takings, which parcel was isolated from remaining land of said Florence W. Aldrich by the taking of Ruggles Lane for street purposes, said parcel being described as follows:

> Beginning at a point 109.50 feet Easterly from a concrete bound on the Southerly side of School Street, thence continuing in a Southeasterly direction 4.13 feet by the Southerly sideline of School Street to the old center line of Pine Tree Brook;
>
> Thence running in a generally Southerly direction following the old center line of Pine Tree Brook a distance of 59.75 feet;
>
> Thence running Westerly a distance of 29.25 feet to the sideline of Ruggles Lane;
>
> Thence running in a Northeasterly direction 47.78 feet by the Southeasterly sideline of Ruggles Lane;
>
> Thence continuing in a curved line with a radius of 20.00 feet forming the junction between Ruggles Lane and School Street, a distance of 37.40 feet to the point of beginning;
>
> Containing 1,720 square feet; all as shown on Plan entitled "Plan Showing Relocation of Ruggles Lane Near School Street and Area of Pine Tree Brook Easement to be Conveyed to Town" dated April, 1955, by Alexander E. Manning, Town Engineer; and filed in the office of the Town Engineer.

and to act on anything relating thereto.

Voted: That the Town so vote.

ARTICLE 56. To see if the Town will vote to authorize the Moderator to appoint a Committee of three citizens to study in consultation with the Town Clerk and the Town Engineer as Ex-Officio members of said Committee the necessity of making a change in its voting precincts, said committee to report to the Annual Town Meeting in March 1958; and to act on anything relating thereto.

Voted: That the Town so vote. Said Committee to report to the Board of Selectmen on or before December 1, 1957.

COMMITTEE

COL. EDWARD P. HAMILTON, Chairman, 145 Dudley Lane
MR. NORMAN PIERCE, 150 School Street
MR. JAMES G. MULLEN, 1335 Canton Avenue
Ex-Officio: Town Clerk MISS TERESA SHAUGHNESSY
Town Engineer MR. ALEXANDER MANNING

ARTICLE 57. To see if the Town will vote to authorize the Moderator to appoint a Committee of three citizens to make a study of fees charged for all licenses and permits issued by the Town for the purpose of determining what, if any, additional revenue could be raised and to make report to the Board of Selectmen on or before Novmber 1, 1957; and to act on anything relating thereto.

Voted: That the Town so vote.

COMMITTEE

MR. HENRY R. WATSON, JR., Chairman, 29 Canton Avenue
MR. ARNOLD S. FELDMAN, 15 Sumner Street
MR. JOSEPH E. IOVINO, 10 Crown Street

ARTICLE 58. To see if the Town will vote to accept Section 59 of Chapter 33 of the General Laws which provides as follows:

> "Section 59. No Loss of Pay or Vacation to State, Municipal, etc., Employees in Armed Forces, When on Duty, — Any person in the service of the Commonwealth, or of a county, city or town which, by vote of its county commissioners or city council or of its inhabitants at a town meeting, accepts this section, or has accepted similar provisions of earlier laws, shall be entitled, during the time of his service in the armed forces of the commonwealth, under section thirty-eight, forty-, forty-one, forty-two or sixty, or during his annual tour of duty of not exceeding fifteen days as a member of a reserve component of the armed forces of the United States, to receive pay therefor, without loss of his ordinary remuneration as an employee or official of the commonwealth, or of such county, city or town, and shall also be entitled to the same leaves of absence or vacation with pay given to other like employees or officials.

and to act on anything relating thereto.

Voted: That the Town do not vote to accept Section 59 of Chapter 33 of the General Laws.

ARTICLE 59. To see what sum of money the Town will vote to appropriate for Interest and Maturing Debt the present year.

1. Interest
2. Maturing Debt

Voted: That the following appropriations be made for:

1. Interest	$41,600.00
2. Maturing Debt	240,000.00

ARTICLE 60. To see what sum of money the Town will vote to appropriate for the Reserve Fund for extrordinary or unforeseen expenditures the current year and to apply from overlay reserve such amount as the Town shall determine to meet in whole or in part such appropriation; and to act on anything relating thereto.

Voted: That the sum of $40,000.00 be appropriated and that to meet said appropriation the sum of $35,201.37 be raised in the tax levy of the current year and the sum of $4,798.63 be transferred from the Overlay Reserve accumulated as of December 31, 1956.

ARTICLE 61. To see what sum of money the Town will vote to appropriate from available funds on hand January 1, 1957, for the purpose of deduction by the Assessors from the amount required to be assessed in accordance with the provisions of General Laws, Chapter 59, Section 23.

Voted: That the Town vote to appropriate the sum of $300,000.00 from available funds on hand January 1, 1957 for the purpose of deduction by the assessors from the amount required to be assessed in accordance with the provisions of General Laws, Chapter 59, Section 23.

In accordance with the vote passed under Article 59 of the Warrant for the Annual Town Meeting, held March 10, 1956, the following Town Meeting members were absent from the March 9, 1957 Town Meeting:

ABSENTEE TOWN MEETING MEMBERS

Precinct 1

George W. Collins

The meeting was dissolved at 5:04 P. M.

TERESA SHAUGHNESSY,
Town Clerk

April 17, 1957

In accordance with the town bylaws, the Moderator, Paul W. Knight, appointed John M. Curley of 85 Meredith Circle, to succeed himself for a term of three years as a member of the Board of Appeals.

June 5, 1957

WARRANT COMMITTEE

Five new members have been appointed to serve on the Warrant Committee by Town Moderator Paul W. Knight for the year beginning June 1, 1957. Mr. Howard S. Whiteside, Chairman of the outgoing Committee, has been requested to call the new committee together for organization purposes. Following the custom of appointing members to a second year of service, Mr. Knight has notified the nine members of the previous committee of their reappointment for an additional year.

The new appointees are:

JOHN I. DALCO, 82 Cheever Street

CLARENCE B. CROOK, 3 Miller Avenue

THOMAS W. McCORMACK, 48 Collamore Street

BERNARD G. FERGUSON, 5 Briarfield Road

JAMES J. McCUSKER, 21 Kahler Avenue

Those continuing for an additional year of service are:

MALCOLM D. PERKINS, 54 Bradlee Road

DWIGHT D. EVANS, 40 Canton Avenue

LOUIS GOLDSTEIN, 1124 Brook Road

HUGO W. HAUSER, 71 Cheever Street

MISS GERTRUDE HOOPER, 242 Highland Street

ROBERT K. LAMERE, 15 Wendell Park

*MRS. DONALD MUNRO, 291 Adams Street (see below for new name)

AMBROSE B. NANGERONI, 939 Brush Hill Road

THEODORE F. TUTTLE, 1050 Canton Avenue

---

*Resigned

On Aug. 14, 1957 the Moderator appointed MRS. J. RAYMOND FALLON of 112 Edge Hill Road, to take the place of Mrs. Donald Munro.

1957

MAY SPECIAL MEETING

Commonwealth of Massachusetts, County of Norfolk, ss:
To any of the Constables of the Town of Milton in said County: GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Town affairs, to meet at the Town Hall in said Milton on Monday, the twenty-seventh day of May next, at eight o'clock in the evening, then and there to act upon the following Article, to wit:

ARTICLE 1. To see if the Town will vote to amend Section 2 of Chapter 2 of the General Bylaws by striking out said section and inserting in place thereof the following:

> "Section 2. The annual meeting for the election of Town Officers shall be held upon the first Tuesday of March, the polls to be open from eight o'clock in the forenoon until eight o'clock in the evening for the election of such Town Officers and the determination of such matters as by law are required to be elected or determined by ballot. All such officers shall be voted for and all such matters shall be determined on official ballot."

And you are directed to warn said inhabitants qualified as aforesaid to meet at the time and place and for the purpose herein mentioned by posting attested copies of this Warrant in each of the post-offices of said Town seven days before said twenty-seventh of May and leaving printed copies thereof at the dwelling houses in said Town at least four days before said date.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said twenty-seventh of May, next.

Given under our hands at Milton the second day of May, Nineteen hundred and Fifty-seven.

(signed)
DANIEL E. DUGGAN
CHARLES F. BATCHELDER, jr.
WILLIAM H. WHITE
Selectmen of Milton

·MAY SPECIAL MEETING

Commonwealth of Massachusetts }
County of Norfolk } ss. May 22, 1957

Pursuant to the within warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and place and for the purpose therein mentioned by posting attested copies of the same in the post offices of the Town and leaving copies at the dwellings of the inhabitants.

(signed) WILLIAM J. CASHMAN
Constable of Milton

Attested copies of May Special Meeting Warrants were posted in East Milton Post Office and Village Post Office on Wednesday, May 15, 1957.

Pursuant to the warrant issued by the Board of Selectmen on May 2, 1957, the inhabitants of the Town of Milton, qualified to vote in Town affairs met at the Town Hall in said Milton on Monday evening, May 27, 1957. The meeting was called to order at 8:00 P.M. by the Moderator, Paul W. Knight. Before the actual meeting began the Moderator gave a few ground rules stating that only the Town Meeting members could vote but that any citizen or non citizen of the Town could speak provided he had the consent of the meeting. He then proceeded to read Article 1, the only article in the warrant, and the recommendation of the Warrant Committee which was as follows:

ARTICLE 1. To see if the Town will vote to amend Section 2 of Chapter 2 of the General Bylaws by striking out said section and inserting in place thereof the following:

> "Section 2. The annual meeting for the election of Town Officers shall be held upon the first Tuesday of March, the polls to be open from eight o'clock in the forenoon until eight o'clock in the evening for the election of such Town Officers and the determination of such matters as by law are required to be elected or determined by ballot. All such officers shall be voted for and all such matters shall be determined on official ballots."

Warrant Committee's recommendation: Recommended that the Town vote to amend Section 2 of Chapter 2 of the General Bylaws by striking out said section and inserting in place thereof the following:

> "Section 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open from eight o'clock in the morning until eight o'clock in the evening for the election of such Town Officers and the determination of such matters as by law are required to be elected or determined by ballot. All such officers shall be voted for and all such matters shall be determined on official ballots."

The meeting was then open for discussion. Mr. Howard S. Whiteside, chairman of the Warrant Committee, gave a brief explanation on his committee's recommendations. Mr. Oscar W. Hausserman, a Town Meeting member, asked that the following Clergymen, who were not Town Meeting Members, be extended the privilege of speaking on the article to be discussed at the meeting. His request was granted. Rabbi Samuel I. Korff, Rabbi Jacob Hochman and Rev. Wilbur C. Ziegler spoke in favor of the article. The Moderator asked if there was any further discussion and there being none he put the question before the meeting stating that the recommendation of the Warrant Committee becomes the motion. It was voted as rcommended by the Warrant Committee as follows:

MAY SPECIAL MEETING

Voted to amend Section 2 of Chapter 2 of the General Bylaws by striking out said section and inserting in place thereof the following:

> "Section 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open from eight o'clock in the morning until eight o'clock in the evening for the election of such Town Officers and the determination of such matters as by law are required to be elected or determined by ballot. All such officers shall be voted for and all such matters shall be determined on official ballots."
>
> (Passed by a two-thirds vote)

Boston, Mass., June 12, 1957

The foregoing amendment to bylaws is hereby approved.

GEORGE FINGOLD,
Attorney General

Adv. June 21, 28 and July 5, 1957 Milton Transcript.

There being no further business to come before the meeting the motion was made and seconded that the meeting be adjourned.

Meeting adjourned at 8:28 P.M.

ABSENTEE TOWN MEETING MEMBERS

REPORTS OF SPECIAL COMMITTEES

REPORT OF SPECIAL COMMITTEE APPOINTED UNDER ARTICLE 22 OF THE 1957 MARCH MEETING WARRANT

Milton, Massachusetts

October 1, 1957

To the Honorable Board of Selectmen:

At the Annual Town Meeting held in March 1957, the Town by affirmative vote under Article 22 authorized the Moderator to appoint a committee of three citizens to recommend whether or not the Town should participate in the South Shore Guidance Center and, if so, to what financial extent and under the administration of what Board, such committee to report to the Board of Health and the Selectmen on or before October 1, 1957.

Upon investigation the committee was advised that Herman B. Dine, Director of Accounts. for the Commonwealth of Massachusetts had ruled that as meritorious as the project outlined by the South Shore Guidance Center may be, public funds may be expended only in accordance with the laws of the Commonwealth.

We sought the opinion of Milton Town Counsel, John J. Murray, as to the legality of contributions or payments from Milton public funds to the South Shore Guidance Center. The opinion as rendered by Town Counsel is as follows:

"My information is that the organization involved is a private enterprise. That being the case, it is my opinion that the Town of Milton is prohibited from making contributions of public funds to it.

This opinion is based upon Article XLVI of the Articles of Amendment to the Constitution of the Commonwealth of Massachusetts. Section 2 of said Article of Amendment provides, among other things, as follows:

> ". . . and no grant, appropriation or use of public money or property or loan of public credit shall be made or authorized by the commonwealth or any political division thereof for the purpose of founding, maintaining or aiding any school or institution of learning, whether under public control or otherwise, wherein any denominational doctrine is inculcated, *or any other* school, or any college, infirmary, hospital, institution, or educational, charitable or religious undertaking which is not publicly owned and under the exclusive control, order and superintendence of public officers or public agents authorized by the commonwealth or federal authority or both, . . .".

In accordance with the legal opinions expressed herein, your committee recommends that the Town of Milton discontinue annual appropriations for the maintenance of the South Shore Guidance Center.

Respectfully submitted,

E. FRANCIS KANE, *Chairman*
NORMAN H. LUDLOW
P. V. McPEAKE

REPORT OF SPECIAL COMMITTEE APPOINTED UNDER ARTICLE 36 OF THE 1957 MARCH MEETING WARRANT

November 8, 1957

Honorable Board of Selectmen,
Town of Milton,
Milton, Massachusetts

Dear Sirs:—

In accordance with the provisions of Article 36 of the Town Meeting of 1957, the Committee appointed by the Moderator, to study and investigate the possible use of the Town Hall auditorium for office space submits the following report:

Article 36 reads as follows: "Recommended that the Moderator appoint a committee of three citizens to study the possibility of the use of the Town Hall auditorium for office space and the manner in which this use can be accomplished, said committee to report with recomomendations of such possible use to the Board of Selectmen on or before December 1, 1957 and the sum of $500.00 be appropriated for the use of said committee".

Of the $500.00 appropriated, the amount of $316.30 has been spent to prepare architectural drawings which accompany this report together with other information relating to the study.

Space in the Town Hall presently used for offices amounts to approximately 2,775 square feet, the arrangement and construction of which was provided for in a program of the Civil Works Administration Agency in December, 1933.

In the Thacher Building, three departments occupy approximately 1,225 square feet.

One Town department has its office in the basement of the Milton Hospital and other departments have private residential offices consisting of desk room only.

Total Present town office space — approximatley 4,238 square feet.

Total Requested office space — approximately 16,571 square feet.

The Committee believes that it was the intent of the Town Meeting in the adoption of Article 36, that its report should not simply state the reasons for a favorable or unfavorable recommendation in connection with the use of the auditorium for office space, but should include such other recommendations as would appear to serve the broad purpose of the article.

Consequently the Committee submits the following:

In the considered judgment of this Committee it would be neither practicable nor economical to make alterations to the Town Hall Auditorium. The location and structural design of the Auditorium is such as would require extensive construction and alteration work to the building itself to provide suitable and desirable offices. Not wishing to overemphasize the problem it involves more than just providing another floor in the auditorium.

REPORT OF SPECIAL COMMITTEE APPOINTED UNDER ARTICLE 36

The Committee recommends the construction of a one story office building annex 82 feet x 122 feet on the lot directly in the rear of the Town Hall, separated by a 20 foot area but attached to the Town Hall by a connecting Entrance Lobby. It further recommends continuing the use of the present offices in the Town Hall, making such reassignments to these offices as may be determined and discontinuing the use of the Thacher Building, the basement of Milton Hospital and any private residential use.

The proposed plan would provide office space for all town departments except the Highway and Cemetery Departments, which already have adequate space in their present locations.

The inadequacies of the present offices are obvious and the committee is of the opinion there exists a practical and economic justification for providing additional office space. It further recognizes that plans of any nature are subject to future development, accordingly the proposed annex would be of a construction which will permit an additional floor to be added in the future.

From the standpoint of appearance, the committee believes that the proposed annex can have pleasing lines consistent with an economical profile and be of a design which will harmonize with the Town Hall and permit its continued use, subject to plans for future development.

The annex will provide approximately 9,600 square feet of floor space, including corridors and toilets, and approximately 1,408 square feet of vault area, which with present offices in the Town Hall will amount to approximately 12,375 square feet.

Drawings, dated October 22, 1957, entitled, "TOWN HALL ANNEX, MILTON, MASS.", Sheets 1-5 incl., have been prepared to accompany this report complete enough in detail to cover general features of appearance, as well as design and type of construction. The basic requirements of the annex is that its design should be such as will conform to, and can be made a part of long-range plans for future development.

Engineering estimates, prepared by competent authorities, indicate the proposed annex, of first class construction, can be built for $201,000.00 including Heating Equipment, Architects and Engineers fee.

RECOMMENDATION

The Committee recommends that the construction of a one story office building annex, in accordance with the plans on file with this report be authorized; that $201,000.00 be appropriated which amount includes necessary Architects and Engineers fees, and that a committee be appointed to arrange for said construction.

Respectfully submitted,

WILLIAM A. RILEY, *Chairman*

JOSEPH GOOSTRAY

REPORT OF COMMITTEE APPOINTED UNDER ARTICLE 37 OF THE MARCH MEETING WARRANT

December 6, 1957

Hon. Board of Selectmen,
Town of Milton,
Massachusetts

Dear Sirs:—

Pursuant to authority granted by vote of the Town Meeting in response to Article 37 of the March 1957 Warrant, the Police Station Building Committee employed an architect to prepare plans and specifications to remodel the Police Station.

As a result of invitation by advertising and letter, bids were received from eleven general contractors as follows:

M. P. Horan & Company	$39,998
Werner Construction Co.	40,990
Edward Goverman	42,662
John Rugo	42,844
Twinbrook Construction Co.	44,500
L. C. Blake	44,788
M. Solimando	45,650
Peabody Construction Co.	47,500
Michael Recioppi	47,777
Edgar R. Baker	49,206
Fred J. Findlen & Sons	50,000

All bids were in excess of estimates obtained from reputable contractors at the time the committee made its recommendations to the Selectmen on October 20, 1956, the lowest bid being $9,998 over the $30,000 appropriated. As a consequence, all bids had to be rejected.

The committee instructed the architect to review the plans and specifications with a view to eliminating any work not considered to be absolutely essential, in an effort to bring the cost within the sum appropriated. However, this was found to be impossible without eliminating changes that were considered vital to the major plan.

In view of constantly increasing costs of both labor and materials beyond that anticipated and allowed for, over the period of more than a year between the time the committee formulated its report and receipt of the final bids, the committee finds it impossible to do the work outlined in our report of October 20, 1956 within the $30,000 appropriated.

However, all members of the committee feel as strongly now as they did when reporting in October 1956 that the improvements recommended should be made, even though at a higher cost than originally anticipated. They have, therefore, instructed the architect to secure current estimates of the cost to do the work as outlined in the plans and specifications as drawn, with allowance for a further estimated increase in construction costs. This has been done and the revised over-all estimate to do the work is determined to be $52,000.

Attached is a copy of the architect's plan indicating proposed changes which will add 1200 square feet of additional floor space to provide for new offices for the Chief and his secretary, a matron's room, conference or interrogating room and much needed toilet and closet space. As a result of conferences with representatives of the Youth Service Board of the Commonwealth, detention rooms for juveniles, male and female, have been provided in accordance with the Board's requirements; a necessary adjunct to the legally detaining of minors. Also provided for are an office for the Deputy, adequate locker room, records room and minimum kitchen facilities in the guard room. A most important change is the provision for a ramp on the East side of the building and a new entrance into the guard room to permit "booking" of prisoners without the necessity of using the front entrance and main hallway.

As a new station house cannot be provided for any figure closely approximating the proposed expenditure, the committee feels that the investment is a desirable and profitable one and the improvements as planned are essential for the efficient prosecution of Police Department work. The committee therefore recommends that an amount of $22,000 additional be appropriated for the proposed work.

Respectfully submitted,

JAMES F. CYPHERS
THOMAS F. GARVEY
FREDERICK J. STEVENSON
JOHN L. WOODS
CHARLES E. WHITEHEAD, *Chairman*

Note: Plans are on file in the office of the Board of Selectmen, Town Hall, Milton.

December 4, 1957

Mr. Charles E. Whitehead, Chairman
Police Station Building Committee
Milton, Massachusetts

Re: Job No. 1014 — Addition and
Alterations — Milton Police
Station

Dear Mr. Whitehead:

Plans of the above project have been revised with the addition of some work at the Deputy Chief's Office and in the first and second floor Men's Toilet rooms.

I have reviewed the construction cost with M. P. Horan & Company and submit for your consideration, the following figures:

Estimated Construction Cost	$43,000.00
Contingencies (10%)	4,300.00
	47,300.00
Architects' fee (10%)	4,730.00
	$52,030.00
Budget figure for Town Warrant	52,000.00

Two copies of the plans and specifications are submitted for your records.

Very truly yours,

HOMES AND EDWARDS, INC.
W. J. EDWARDS

REPORT OF SPECIAL COMMITTEE APPOINTED UNDER ARTICLE 56 OF THE 1957 MARCH MEETING WARRANT

November 28, 1957

The committee appointed under Article 56 of the Warrant of the 1957 Town Meeting to consider the desirability of revising the present precincts hereby submits its report. We do not believe that any change in the geography of the present precincts is necessary or advisable at present.

Precinct 5 has still a very considerable growth potential and it would be premature at this time to make any revision until this growth has further materialized. Even then a geographical change in the precinct may not be necessary.

Precincts in Milton have no other purpose than that of creating a convenient means of avoiding congestion at polling places and of lessening the travel required in order to vote. The number of each precinct's town meeting members is determined by the relationship which its voting population bears to that of the Town as a whole and the number of each precinct's members varies as the relative relationship changes. Hence nothing is gained by breaking up a large precinct into two small ones save the additional cost of operating another polling place. Moreover, any change in a precinct requires that all of its town meeting members then holding office lose their places and must run again in a completely new election.

There is nothing to prevent there being two or even more polling places in one precinct, each for the residents of a specified group of streets. A simpler solution is to have two voting lines in operation at one polling place. The Town now has one extra ballot box, and, if it is felt that undue congestion might occur at any one precinct, a second line of voters could easily be established at less cost to the Town than of another polling place.

In the course of our investigation it became apparent that the relative representation of certain precincts, particularly 5, had gotten somewhat out of line due to a rapid population increase. Upon inquiry we learned that the Town Clerk was aware of this and had taken steps to correct this out of balanced condition in accordance with the special act regulating Milton's limited Town Meeting.

Respectfully submitted,

EDWARD P. HAMILTON
JAMES G. MULLEN
NORMAN PIERCE

REPORT OF SPECIAL COMMITTEE APPOINTED UNDER ARTICLE 57 OF 1957 MARCH MEETING WARRANT

Honorable Board of Selectmen
Milton, Massachusetts

Gentlemen:

This is the report of the committee appointed under Article 57 of the Warrant for the 1957 Town Meeting.

Under this article, the committee is directed to make a study of all licenses and permits issued by the town for the purpose of determining what, if any, additional revenue could be raised.

The committee contacted members of the Massachusetts Taxpayers Association and attended a seminar and panel discussion at the Hotel Somerset wherein this subject was the topic of discussion. It was the consensus that any revision should not be discriminatory, but should be for the benefit of the health and welfare of the community as well as for the purpose of increasing revenue.

The following recommendations were made by the heads of the various departments. The adoption of these changes is recommended by the committee:

I. Wire Department.

It is recommended that Section XV (A) paragraph 3 of the Building Code be amended as follows:

a. Original Installations (electric wiring only)	$4.00
b. Additional for permit to install fixtures only	1.00
c. Appliances:	
Range	1.50
Oven	1.50
Dryer	1.50
Water Heater	1.50
Large Vent Fan	1.50
Oil Burner	1.50
Gas Burner	1.50
Air Conditioner	1.50
Motors 1st H. P.	1.00
25¢ each additional H. P., Maximum $5.00	
or any other permanent electrical appliance	1.50
d. Alterations:	
New Service only	1.50
Change of service	1.50
Temporary service	1.00
Outlets	1.00
for 5 additional 10¢ each	
Fixtures	1.00
Circulators	1.00
Temporary Lighting	1.50

Signs	1.50
Carnivals or Concessions	10.00
Defective Notice	1.00

No fee shall be less than $1.00.

Fees shall accompany the application and shall be refunded if the permit is not granted.

II. Building Department.

It is recommended that Section I (C) of the Building Code be amended to read as follows:

The following fees shall be charged on all building permits issued by the Inspector of Buildings:

Fire-resisting buildings valuation not exceeding $5,000	10.00
Slow-burning buildings valuation not exceeding 4,000	7.50
Wooden buildings valuation not exceeding $3,000	5.00
Alterations of buildings and erection of sheds, garages, and like small buildings not exceeding $1,000	3.00
Elevators	5.00
Grade foundations and cellars	5.00

An additional fee of $1.00 per $1,000 valuation over the above table shall be charged, provided, however, that the maximum fee to be charged shall not exceed the sum of $300.

Fees shall accompany the application and are to be refunded if the permit is not granted.

III. Plumbing Department.

It is recommended that Section XVII (A) paragraph 8 of the Building Code be amended as follows:

a. First Water closet	2.00
b. Each additional fixture	1.00
Water Closet, Sink, Sink and Tray Combination, Wash Bowl, Bath Tub, Shower Bath, Wash Tray, Slop Sink, Urinal, Floor Drainer, Dental Unit, Drinking Fountain, Roof Leader, Pressure Boiler, Tankless Heater, Dishwasher.	
c. Repairs, minimum	2.00

No fee shall be less than $2.00, and no fee shall exceed $100.00.

Fees shall accompany the application and shall be refunded if the permit is not granted.

IV. Fire Department.

At present no charge is made for the inspection of oil burner installations. It is recommended that a charge of $3.00 be made for all installations of oil burners, whether new or replacements.

Respectfully submitted,

ARNOLD S. FELDMAN
JOSEPH IOVINO
HENRY R. WATSON, JR., *Chairman*

REPORT OF THE WARRANT COMMITTEE
MARCH MEETING, 1957

February 14, 1957

Pursuant to Chapter 3, Section 4 of the Town Bylaws, the Warrant Committee respectfully submits its recommendations on the Articles in the Warrant for the Annual Town Meeting.

A comparison of Department requests and Warrant Committee recomomendations is indicated in a schedule in the back of this report.

In accordance with long-established practice, all persons desiring to be heard on any Article appearing in the Warrant have had the opportunity of presenting their case, and all Articles have been carefully reviewed by the appropriate sub-committees as well as the full Warrant Committee.

TAX RATE

After the December Town Meeting at which a new junior high school building was authorized, and the sum of $205,000.00, equivalent to about $4.00 on the tax rate, was voted from 1957 appropriations, it became obvious that the 1957 tax rate would be more than the 1956 rate of $53.00. Milton is a growing Town, whose needs in new equipment, protection of persons and property and other essentials cannot be less than in prior years and in some respects, are of necessity more.

In view of the large bond issues outstanding and authorized last December, it seems unwise to seek to bond more than a conservative minimum of 1957 capital expenditures. Therefore, $70,000.00 is recommended to be bonded for street betterments and no sums for any other purposes.

Last year $3,472,000.00 roughly was voted to be appropriated from the tax levy. This year, excluding the school construction appropriation, about $200,000.00 more is recommended. Offsets against this increase are greater receipts from the Commonwealth, larger sums than estimated from the motor vehicle excise tax and about $1,000,000.00 increased value of taxable property.

Therefore, despite the recommendation of a wage and salary increase at a cost to the Town of more than $60,000.00, despite recommendations for police station improvements at $30,000.00, despite the school construction item of $205,000.00 and smaller increases in other departments, the Warrant Committee after consulting with the Board of Assessors, estimates that on its recommendations, the tax rate will be about $58.00 per thousand, an increase of $5.00 over last year.

SALARIES AND WAGES AND PERSONNEL BOARD
(Article 8)

During the past year there has been no general change in the schedule of compensation and job evaluation provided in Chapter 13 of the General Bylaws. The Personnel Board appointed thereunder has, however, reviewed the basic wages and salaries of all Town employees, other than employees of the School Department and recommends that certain changes be made.

The Board has concluded that the rate of compensation to be paid to members of the Police and Fire Departments should be increased commencing January 1, 1957 by the amount of $2.00 weekly. This increase is designed in part to correct the differential which has arisen during the past year between rates of compensation being paid police and firemen by neighboring towns and by the Metropolitan District Commission on the one hand, and the rates of pay presently scheduled in Chapter 13 — a differential that has manifested itself adversely to the Town by the difficulty that has been encountered in procuring employees to fill vacancies in these departments. For similar reasons a like increase has been recommended in the rates of compensation presently being paid maintenance employees in classifications M-1 and M-2, unskilled and skilled laborers.

The combined impact of comparable wages and salaries in effect in neighboring towns and the stress of the increased cost of living have also been considered by the Board with reference to all employees covered by Chapter 13. It recommends a general wage adjustment upward of 5.5% applied to the base rates of the Personnel Bylaw for all such employees including those of the Police, Fire and maintenance Departments.

As a result of its experience in administering Chapter 13 during the past year, the Personnel Board also recommends a number of miscellaneous changes in the Chapter. For the most part these proposed changes involve the mechanics of the Personnel Board's performance of the duties entrusted to it under Chapter 13.

The Warrant Committee concurs in all the foregoing recommendations of the Personnel Board.

GENERAL GOVERNMENT

(Article 9) Pensions and Annuities

The sum recommended is about $6,000.00 more than last year, over half of which is due to additional widows of policemen and firemen eligible for pension.

(Article 12) Public Welfare

Administrative costs recommended show an increase of about $1,000.00 for additional part-time help and increased payment to the medical consultant.

Public Welfare relief is estimated at about $24,000.00 less than last year due to anticipated increased United States Grants for Old Age Assistance, Aid to Dependent Children and Disability Assistance. The estimate for General Relief is $3,000.00 higher than a year ago.

(Article 13) Planning Board

The proposed increase in the budget of the Planning Board is consistent with the thinking of the citizens of the Town. The Board was authorized to make a complete study of the present Zoning Bylaws to determine if it meets present and future requirements of our citizens. Plans have been formulated, consultants have been engaged and it is felt that the research and study will produce that information which will form the cornerstone of practical and logical thinking as to proper zoning in the Town. It is expected that the Federal Government will reimburse the Town for one-half the expense of the study. The Warrant Committee is in accord with this aim and the need to continue the study.

Engineering

The budget submitted includes $2,000.00 as the net cost of replacing a 1947 truck which is in poor condition.

Election and Registration

Because there is no State election this year, the sum recommended is $6,600.00 less than a year ago.

PROTECTION OF PERSONS AND PROPERTY

(Article 14) Police

Police Private Work, which has been a major item in the last few years because of work on the Southeast Expressway, will be considerably reduced in the coming year because of completion of the work. The sum recommended is $22,000.00 as compared to last year's expenditure of $36,800.00.

As customary in alternate years, three instead of four cruising cars will be replaced at an estimated cost of $3,300.00. An oxygen inhalator at $150.00, an interdepartmental radio to communicate more swiftly and efficiently with neighboring towns at $450.00, and an adding machine at $300.00 are other items recommended.

Fire

Owing to a recent collision for which the Fire Department was in no way at fault, a 65-foot ladder must be replaced at a cost of $650.00.

Wire

The cost of operation of traffic lights necessarily rises year by year as more are installed. Installation of new fire alarm boxes also is an item of expense this year. The total budget of this Department is about $1,000.00 more than last year.

(Article 15) New Traffic Light

Article 15 deals with the installation of a new traffic signal at St. Mary's Road and Brook Road. It is proposed to install a system capable of operating automatically, with pedestrian push-button control, when no officer is present and also capable of operating manually when an officer is required. This is not just an ordinary intersection, but rather a location on a main highway which is heavily traveled. The need for the use of the signal system may be greater on Sundays and Holy Days, but nevertheless there is also a necessity for the safety of the pedestrian who attends services on other days and hours. Your Committee recommends the adoption of this Article and an appropriation of $3,000.00.

Forestry

In accordance with requirements of a new state law, the sum recommended for fighting Dutch Elm Disease is $5,000.00, double the sum appropriated a year ago.

Civil Defense

This activity of the Town continues on the same basis as in past years and the appropriation contains only the amount necessary for the administrative costs plus sufficient funds to furnish foul weather clothing for the Auxiliary Police Force.

(Article 17) Indemnification of Claims

There is present legislation, already accepted by the Town, authorizing it to indemnify a fireman or policeman for claims against him for damage to person or property while operating a publicly owned vehicle and while in the performance of his work. Acceptance of this Article would extend the provisions of the same law to Civil Defense volunteers acting in the foregoing manner. If the Town accepts this article it is merely legally authorized but not obligated to assume the expense of paying a claim. Your committee recommends the adoption of this Article.

HEALTH AND SANITATION

(Article 18)

The sum of $750.00 is recommended as Milton's share of the operating cost of the South Shore Guidance Center for child guidance. This Center is mainly but not wholly financed by the Commonwealth. This is an interim appropriation as it is proposed under Article 22 that a committee be appointed to study the whole subject of the Center and to determine which Town department should have administrative responsibility of the Town's participation, if any.

(Article 20)

The garbage and refuse contract now in force calls for an appropriation of $101,000.00.

(Article 21)

This Article which was proposed by residents of Horton Place would add a Town Bylaw to require garbage and trash collection contracts to prohibit the garaging of garbage and trash trucks within 500 feet of any dwelling. For a number of years land on Horton Place has been used for this purpose and garages and sheds have been built on this land for garaging vehicles. The use antedates the Zoning Bylaw and State and local authorities advise that no health menace or nuisance exists. The Warrant Committee does not recommend adoption of this Article.

(Article 23) Sewer Construction

There is a sizable carry-over from 1956 for work not completed. This year $56,400.00 is requested, $6,000.00 less than a year ago.

(Articles 24 and 25) Water

The operating budget figure for this Department is $15,000.00 more than was requested last year. The need for replacing materials taken last year from inventories on hand, $7,000.00 for altitude valves for water tanks, and relaying mains at Brook Road and Thacher Street and on Granite Avenue are sizable expense items not requested last year.

It has been the Town's policy to consider a six-inch main satisfactory in a new development. If, because it appears that there will be other users or connections with other streets, a larger main is advisable, the Town pays the difference in cost between the six-inch main and the larger one. If a six-inch main is later replaced by a larger one, the Town pays the cost. Items of this nature in eleven streets total $27,450.00 of this year's budget as against $20,205.00 last year.

LIBRARY

(Article 26)

The Library budget recommended is increased $13,000.00 over a year ago. Additional assistants, full and part-time, and a school librarian account for $7,500.00 of the difference. The cost of roof repairs at the Central Library is estimated at $4,250.00.

PARKS

(Article 32)

The Andrews Playground will be completed this year if the Warrant Committee's recommendation of $4,000.00 is approved. Also recommended is the sum of $850.00 for portable bleachers, primarily to be located at Andrews Playground, but removable to other fields when needed.

CEMETERY

(Article 33)

The $5,000.00 increase in this budget over last year is wholly explained by the request of $3,000.00 for loam, of which none has been bought for five years, and $3,500.00 for development of an additional acre of land in the Cemetery.

TOWN OFFICE SPACE

(Article 36)

The committee appointed under Article 43 of the Warrant for the 1956 Town Meeting to study the needs of the Town for office space confirms the findings of previous committees that there is a need for additional office space and recommends the use of the auditorium area in the Town Hall, with the addition of a second floor, for this purpose.

The committee estimates that an additional minimum of 7,700 square feet of office and vault space is needed and that the cost of construction and remodeling to provide it would be approximately $52,000.00.

It is felt that the Annual Town Meetings and other activities now held in the Town Hall could be transferred to an auditorium such as that of the Pierce School.

No attempt was made by the committee to allocate space to the various Town departments in the proposed new area since it felt that the laying out and assigning of the space was an administrative problem.

The architect retained by the committee in connection with its work recommends against such construction and remodeling. In his report to the committee he states that the space gained from this proposed alteration would be very poorly located. It would be mostly in the center of the premises, with no outside light and air. He suggests however that the present auditorium and stage areas might be used on a temporary basis, with a minimum of cost for removable seven-foot high office partitions and the necessary lighting facilities.

While the Warrant Committee is in general favor of the committee's idea to use the auditorium of the Town Hall for office space, if at all practicable, it feels that further study should be given to this matter including the possibility of partitioning the present auditorium and stage areas, and recommends the appointment of a new committee for this purpose.

ADDITION TO THE POLICE STATION

(Article 37)

The need for enlarging the Police Station was recognized as long ago as 1948 when the Chief of Police, in his annual report, submitted sketches for the remodeling of the building. A special committee appointed in 1951 reported such a need also but no action was taken by the Town.

In the past two years Warrant Committees have recommended no action be taken on enlargement of the Police Station until the matter of the possible use of the Vose School was resolved. The idea for use of the Vose School for office space was rejected, however, at last year's Town Meeting.

At that time a committee was appointed under Article 43 of the Warrant to study the requirements of the Police Station and to obtain estimates for the cost of remodeling and enlargement of the present building.

This committee in its report this year recommends certain alterations of the present building and the addition of a second story over the garage. These proposed changes would provide an additional 1,200 feet of floor space and allow for the moving of the women's cell block to this area as well as space for an office for the deputy chief, detention room for juveniles, a matron's room, a conference room, closets and a toilet. Provision is also made for a ramp on the east side of the building leading to a new door into the guard room. This will keep present traffic away from the main entrance and offices.

The committee has obtained detailed architectural plans embodying the proposed changes at an estimated cost of $30,000.00. It is felt that the proposed changes, although minor in scope and cost, will be sufficient to meet the needs of the Police Department for the next ten years or more. The Warrant Committee strongly favors the committee's recommendation and thus recommends the appropriation of $30,000.00 under this Article.

HIGHWAYS

(Article 38)

The snowstorms of last March and the severe month of January this year necessitated a considerable revision of expected expenses in this Department. Items for overtime pay, hire of equipment, and sand and salt, for example, proved entirely insufficient last year. The sum recommended for general expense is $166,-138.00. Last year the recommendation was $148,000.00 and actual expenditures were over $176,000.00.

New Equipment

It is planned to replace two 1959 dump trucks at a net cost to the Town of $6,500.00. A front-end loader used for snow removal and loading sand, loam and gravel is recommended. This machine will also be available for maintenance work in Pine Tree Brook. The cost of the loader is estimated at $15,827.00.

Drainage

Drainage projects at eleven places are estimated to cost $16,000.00. Increased building on hitherto unoccupied areas is the major reason for the proposed work.

Street Betterments

Beacon Street and Beacon Street Circle are still uncompleted. Article 42 calls for the sum of $1,600.00 for Beacon Street and $2,800.00 for Beacon Street Circle. Because of conditions of hill and rock these have been two of the most difficult streets in the Town to build. It is unfortunate that the original estimate was too low and that the Town will pay the entire excess. However, the work should be completed and the Warrant Committee recommends the sums heretofore mentioned.

The Warrant Committee recommends the following streets for betterment acceptance under the Betterment Act:

Nahanton Avenue	$25,800.00
Norman Street	13,800.00
Sassamon Avenue	53,400.00
Total	$93,000.00

The sum recommended is $22,000.00 more than for 1956. Sassamon and Nahanton Avenues are side by side and both are long streets. If either is to be constructed it is wise and economical to do both as one operation. It should be noted that two-thirds of the betterment cost will be reimbursed to the Town.

Non-Betterment Streets

Streets recommended for acceptance at no cost to the Town are:

Academy Lane

Father Carney Drive

Hemlock Drive

Marshall Road

Chapter 90 Construction

Projects approved by the Commonwealth are Brook Road between Centre and Pleasants Streets, Adams Street from Centre Street to Dudley Lane, and Eliot Street from Valley Road to Cliff Road. The total estimated is $40,000.00, three-fourths of which will be reimbursed to the Town by the State and County.

Resurfacing Thacher Street

Under Chapter 718 of the Acts of 1956 the Town has presented highway projects approved by the Commonwealth in a total sum of $81,000.00 to be carried out over a five-year period. The Commonwealth will repay to the Town the entire cost of the work. The first of these projects, to be done this year, is the resurfacing of Thacher Street at a cost of $25,000.00.

PINE TREE BROOK

A contract has been awarded in the amount of $149,000.00 for work on Pine Tree Brook between Central Avenue and Thacher Street, including the Thacher Street bridge. The Town's half share of this expense will exhaust the funds appropriated for work on Pine Tree Brook. The sum of $40,000.00 was voted last year and it was expected that this would cover work up to Blue Hill Parkway. Increasing costs of labor and construction of bridges has made the project more expensive than estimated.

The Warrant Committee recommends the sum of $50,000.00 for work between Thacher Street and Blue Hills Parkway. If this part of the work is left undone the benefit to the Town of the whole project will not be realized.

ZONING

Articles 47, 48 and 49

These articles deal with the General Bylaws of the Town with respect to zoning. These articles were the subject matter of hearings held by the Planning Board.

Earth Removal

The Planning Board felt that there was need for a more closely defined bylaw regulating the removal of earth, because the present bylaw is inadequate to cope with present day problems and conditions and does not provide such restrictions as are necessary in the best interests of the Town. It therefore recommends adoption of Article 47. Your Warrant Committee concurs with the Planning Board.

Frontage

The Planning Board recommends the adoption of Article 48 because its acceptance will save the Town considerable money in the future particularly with respect to betterments. This Committee agrees with the conclusion of the Planning Board.

Nursing Homes

The Planning Board recommends the disapproval of Article 49 relating to commercial nursing homes in Residence A Zone because of the study now being made by the Board as to changes in zoning, which includes the uses to be made of land in the Town. We agree with the conclusion of the Planning Board.

SCHOOLS

(Article 50)

As was the case last year the increase in the School Department budget over 1956 is attributable in large measure to the increase in the salaries and wages account. The Department's clerical and custodial employees follow the personnel policies in effect in the Town generally and the salaries and wages account reflects an increase for such employees commensurate with that recommended for employees in all other departments of the Town. With respect to other personnel of this Department the budget reflects the adoption of a new salary schedule for instructional personnel designed to maintain the Town's competitive position at a time of shortage of competent teachers, a salary increase to senior custodians, and the addition of four employees on the instructional and administrative staff level made necessary by increasing school enrollments.

VOTING PRECINCTS

(Article 56)

The Warrant Committee favors the appointment of a special committee to study the need for changes in the voting precincts of the Town and to make its recommendations, if any, for changes.

RESERVE FUND

For a number of years the amount fixed for unforeseen and emergency expenditures has been $30,000.00. The fund last year would have been exhausted before the year's end had it not been for the Special Town Meeting in December which made an appropriation for Highway purposes. For several years it has been increasingly difficult to make ends meet in dealing with requests for transfers from this fund. The Warrant Committee therefore recommends that the Reserve Fund be allotted $40,000.00 for 1957.

TRANSFERS FROM THE RESERVE FUND

Assessors	$ 742.71
Cemetery	25.00
Civil Defense	56.30
Fire	1,018.14
Health	223.17
Highway	13,100.84
Interest	2,754.35

Personnel Board	75.00
Plumbing	51.50
Police	7,864.22
School	739.75
Sealer of Weights and Measures	47.50
Sewer	100.72
Town Hall and Thacher Building	645.00
Warrant Committee	22.00
Water	490.56
Wire	700.25
	$29,407.08

The Warrant Committee desires to express its appreciation of the friendly cooperation of the various Town departments without which the Committee's work would be more difficult and less effective.

The Chairman is glad of the opportunity to thank all the members of the Committee for their devoted work. Particularly he desires to express appreciation of the expert and arduous labors of Mrs. Macdonald, Clerk of the Committee.

Respectfully submitted,

REPORT OF THE WARRANT COMMITTEE

MAY 2, 1957

The Warrant Committee respectfully submits its recommendations on the Article in this Warrant for the Special Town Meeting.

(Article 1)

The Warrant Committee recommends an amendment of Section 2, Chapter 2 of the General Bylaws by changing the hours of voting at the Annual Town Meeting on the first Saturday in March from eight o'clock in the morning to eight o'clock in the evening.

Under the present Bylaw the polls close at six o'clock in the evening.

Article 1 as submitted for action at this Special Town Meeting would change the Annual Town Election Day from Saturday to Tuesday. This change the Warrant Committee does not recommend.

It has been submitted by the proponents of the Article that a number of citizens of the Town are unable to vote under the present Bylaw by reason of their religious convictions. The Committee is of the opinion that its recommendation meets this objection of the proponents of Article 1.

Respectfully submitted,

HOWARD S. WHITESIDE, *Chairman*

JOHN J. RYAN, *Secretary*

DEPARTMENT REPORTS

REPORT OF SELECTMEN

Milton, Mass., January 10, 1958.

To the Citizens of Milton:

The Selectmen submit the following report for the year ended December 31, 1957.

On March 2, 1957 the following were elected Selectmen: Charles F. Batchelder, jr., Daniel E. Duggan and William H. White and on March 7, 1957 the Board organized with Daniel E. Duggan, Chairman and Charles F. Batchelder, jr., Secretary.

During the year the work on Pine Tree Brook was completed from Brook Road to Thacher Street including the two bridges. This work entailed some extra expense because of the fact that the Norwood sewer, which runs parallel to Pine Tree Brook, was overlooked by the consultants for the State and therefore it was necessary to re-design this particular side of the brook so that the abutments would not interfere with the sewer. This work resulted in some delay and also some added expense to both the State and the Town of about $30,000.00, which was shared equally by the State and the Town. This year the Selectmen are asking for $35,000.00 additional to complete this brook to the bridge on Blue Hills Parkway. We regret the inconvenience the townspeople in that neighborhood have been put to due to this unexpected delay.

We have also constructed Norman Street, Nahanton Avenue and Sessamon Avenue under the Betterment Act with the exception of the tree lawns, which work will be completed in the early Spring.

Thacher Street was given a complete resurfacing job from Brook Road to Canton Avenue.

Under Permanent Construction Adams Street was resurfaced from Pierce Street to the Milton-Quincy line.

Under Chapter 90, Adams Street from Cary Avenue to Forbes Road, Brook Road from Centre Street to Pleasant Street, Edge Hill Road from Otis Street to Garden Street and Eliot Street from Hinckley Road to Valley Road were resurfaced. The Board feels that this work, the cost of which was shared by the State and County, was work well done at a minimum cost to the Town.

During the year we added two women traffic supervisors at street crossings in order to give more protection to our school children.

This year the Selectmen disposed of eleven lots of land on Lyman Road to Milton residents, who, because of their positions, are required to live in the Town.

We wish to thank all Town Boards, Department heads and employees for their fine cooperation during the past year.

Respectfully submitted,

DANIEL E. DUGGAN
CHARLES F. BATCHELDER, jr.
WILLIAM H. WHITE
Selectmen of Milton

REPORT OF LEGISLATIVE COUNSEL

January 10, 1958

To the Board of Selectmen:

Gentlemen:

I submit herewith my Report as Legislative Counsel and Chairman of the Legislative Committee for the year 1957.

I have reviewed every bill submitted to the 1957 Legislature and every act of the said Legislature and have scrutinized all such bills and acts which might in any way affect the interests of the Town, and have, wherever applicable, consulted and discussed with legal representatives of other cities and towns with respect to the same.

I have appeared on behalf of the Board of Selectmen before the Committee on State Administration with reference to House Bill #437 and related bills having to do with the opening of meetings of public authorities to the general public. I also represented the Board of Selectmen in favoring the adoption of suitable legislation for the confinement of so-called known sex offenders as sponsored by the Stoughton Committee known as "Protect Our Children Crusade".

On numerous occasions I have conferred with the Legislative Counsel for the Selectmen's Association on the foregoing and on other legislative matters which might pertain to the Town.

Likewise I have conferred many times with the responsible state officials with reference to the interpretation of various acts of legislation as affecting the Town. Furthermore I have kept in constant touch with Representatives Sheldon and Cartwright and Senator Cutler, who represent our Town in the General Court.

Respectfully submitted,

JOHN J. MURRAY

Legislative Counsel and

Chairman, Legislative Committee

REPORT OF TOWN COUNSEL

January 10, 1958

To the Board of Selectmen:

Gentlemen:

I submit herewith my Report as Town Counsel for the year 1957.

During the year, as is usual, we counseled with and advised your Board, other Boards, Department Heads, and Town Officials on varied legal matters arising in the course of Town affairs, both usual and unusual.

A Special Town Meeting on May 27, 1957 on the question of a proposed change in the Bylaws with reference to the day and hours for annual voting required considerable investigation and preparation.

During the year we disposed of claims against the Town for the total settlement of $961.40 and we collected for the Town the sum of $9,157.11. These settlements involved a great variety of cases such as tort claims involving damage to Town property, defects in highways, automobile cases, and street openings; Welfare Department claims; Retirement Board matters, and Tax Foreclosure Cases.

The principal legal controversies pending include a group of cases before the Appellate Tax Board involving a levy of excise taxes by the Town upon Euclid Trucks of Marinucci Bros. & Co. used in the construction of the Southeast Expressway, and two other appeals from assessments by the Board of Assessors; two tort claims against the Town for defects in sidewalks; and three Welfare Department cases, in one of which an agreement has been made for payment to the Town in the sum of $1,500.00.

During the year, of course, the legal item of principal interest has been the Land Damage Case of Joseph Connolly vs. Town of Milton in the taking of the so-called Turner's Pond area. The Town, on March 29, 1955, acquired by eminent domain some 25.77 acres of land of said Mr. Connolly and appropriated the sum of $30,000.00 for the same. The Order of Taking made an Award to the mortgagee, the Mattapan Cooperative Bank, in the amount of $15,332.33, and made an Award of $14,667.67 to Joseph Connolly. The mortgagee bank accepted its Award, and acknowledged the same; and in the course of trial, filed in a stipulation its satisfaction and withdrawal from the case. The suit was tried before a Judge of the Norfolk Superior Court without a jury. The Court made a Finding for the Petitioner in the amount of $31,554.00. Said finding, as required by statute, included interest from the date of taking.

May we thank you for your cooperation and help throughout the year, and may we acknowledge the willing contribution of the various Department Heads, Boards and Committees of the Town.

Respectfully submitted,

JOHN J. MURRAY

Town Counsel

REPORT OF THE PERSONNEL BOARD

January 2,1958

During the calendar year 1957, this Board has held twenty-seven regular meetings and five special meetings to consider personnel and salary and wage problems of the Town.

The recommendations of this Board were approved at the Annual March meeting and the 5.5% increase then recommended has been paid the employees of the Town during the year. Requests for reclassifications, steprate increases, employment applications and extensions of sick leave and vacations have all been considered individually. Continual contact has been kept with all other comparable communities in reviewing wages and salaries paid for similar positions in Town service and an effort has been made to keep abreast with policies established throughout the State by taking active part in the Massachusetts Municipal Personnel Boards Association.

All employees desiring to discuss personnel and wage problems with the Board have been heard. The Board has made extensive study of the Group Insurance Plan for municipal employees and will submit a recommendation on that subject if it is presented at the March 1958 Annual Meeting.

Minor changes, principally for the purposes of clarification, have been made in the Personnel Bylaw and will be incorporated in the bylaw when it is printed for 1958.

The Board wishes to take this opportunity to thank all employees and officials of the Town for their continued support and co-operation.

Respectfully submitted,

WILLIAM U. PURSELL, Chairman

FRANCIS F. BROOKS, Secretary

NEWTON S. BAKER

WARREN J. MURDOCK

TIMOTHY G. RYAN

REPORT OF BOARD OF APPEALS

Milton, Massachusetts

January 3, 1958

To the Citizens of Milton:

The Board of Appeals presents the following report for the year 1957.

Mr. John M. Curley, whose term expired in March, was reappointed to serve until the Annual Town Meeting to be held in March 1960.

We wish to take this opportunity to thank Mr. Frank B. Frederick (Associate Member of the Board), Mr. Charles L. Hibbard, Jr., Mr. Richard H. Schmidt and Mr. Roland Gray, Jr., who so willingly substituted for members of the Board who were unable to be present.

During the year we held thirty-six hearings. Of this number there were:

18	Applications for Variances
4	Applications for Extension of Conversion
3	Applications for Variances or Other Relief
3	Applications for Relief on Adjacent Lots
3	Appeals from Decision of Administrative Official
2	Applications for Special Permits
2	Applications for Relief under Massachusetts General Laws, Chapter 41, Section Y
1	Application for Extension of Non-Conforming Use

Respectfully submitted,

EDWARD C. JOHNSON 2d, Chairman

JOHN M. CURLEY

BLAKE G. CRUCKSHANK

Board of Appeals, Town of Milton

REPORT OF ENGINEERING DEPARTMENT

Milton, Mass., January 9, 1958

To the Honorable Board of Selectmen:

The report of the Engineering Department for the year 1957 is submitted herewith.

On October 28, 1957, the section of the Southeast Expressway in the Town of Milton was officially accepted by the Commonwealth of Massachusetts. In connection with the Expressway, several abutting streets were reconstructed, some in behalf of the Town and others to remain as State layouts. As many property owners in the East Milton area well remember, the land taking was made on December 30, 1953. Construction of the Expressway began in the Spring of 1954 and continued for the following 3½ years. At this time, I would like to thank the State officials and the contractor for their cooperation.

The widening of Adams Street, recommended by the Planning Board several years ago, is approaching a reality. The State widened from Squantum Street to Franklin Street, a distance of 2100 feet, in connection with the Southeast Expressway. The remaining 1650 feet between Franklin Street and the Quincy line was studied and redesigned. The proposed 70′ layout was reduced to 60′ to tie into Quincy's approved widening line and a 70′ proposed layout held in the business area. Quincy's 1958 construction program has Adams Street listed as its second project under Chapter 90 work. On this Chapter 90 appropriation, the State pays 50%, the County 25%, and the City 25%; however, the city pays the land damages. The recommendation of the Planning Board to widen Adams Street should be reconsidered so as to allow an even flow of traffic through East Milton Square.

The third step of the Pine Tree Brook program was completed. Unfortunately, the consulting engineer for the State failed to show the Metropolitan sewer adjacent to the Thacher Street bridge structure. This was not discovered until the old bridge was removed and the street closed. Several weeks delay followed as it was necessary to redesign the entire substructure. As a result, Thacher Street was closed to traffic for eight months and the Town is faced with an extra charge of about $15,000. Some extras assigned in that contract to Section II will be completed early in 1958. I recommend that the Town continue the Pine Tree Brook improvement work in 1958.

The Engineer's office has added information for Town Departments, Public Utility Companies and contractors, which is now being plotted on plans at a scale of 1″=40′. The Boston Gas Company has supplied us with a complete set of plans showing the location of the gas mains. We are plotting on these 24″ x 30″ plans our complete drainage system with reference to the notebooks for grades, conditions, locations, etc. We are also showing by colored symbol all other underground utilities in each street, namely, sewer, water, Telephone & Telegraph, Edison, and traffic light conduits. This set of plans, consisting of 161 sheets, will take some time to complete and then will require added work each winter when we are bringing all the Town plans up to date. However, they are filed numerically on a rolling Plan Hold which is moved in and out of the vault daily and has already proved its value.

The year 1957 was normal for the Engineering Department, receiving calls or letters of requests of every description from Town departments, Special Committees, Governing Boards and Town officials. We also cooperate with the Massachusetts Department of Public Works and utility companies as it expedites the required work for construction.

REPORT OF THE ENGINEERING DEPARTMENT

The following tables outline the work accomplished by the Highway Department:

STREETS CONSTRUCTED UNDER BETTERMENT ACT:

Street	*From*	*To*	*Length*	*Street Width*
Nahanton Avenue	Public Portion	Blue Hills Reservation	1790′	40′
Norman Street	Blue Hill Avenue	Truro Lane	732′	40′

†Betterment streets

Number of catch basins in Town January 1, 1957	1886
Number of catch basins constructed in 1957	59
Number of catch basins in Town January 1, 1958	1945

STREETS ACCEPTED WITHOUT BETTERMENTS:

Street	*From*	*To*	*Length*	*Street Width*
Academy Lane	Reedsdale Road	213′ Northeasterly	213′	40′-50′
Father Carney Drive	Adams Street	859′ Northerly	859′	50′
Hemlock Drive	Blue Hill Avenue	Canton Avenue	737′	50′
Marshall Road	Highland Street	Woodside Drive	982′	50′

STREETS PETITIONED FOR BETTERMENTS IN 1958:

Street	*From*	*To*	*Length*	*Width*	*Est. Cost per Front Foot*
Part of Crown St.	Public Portion	Decker St.	280.40′	40′	$11.001552
Riverside Ave.	Thistle Ave.	Private Land	770.18′	35′	$7.786022
Savin St.	Ferncroft Rd.	Pagoda Circle	397.63′	40′	$12.427581
Part of Victoria St.	Ferncroft Rd.	Savin St.	588.89′	40′	$11.03316
Whitman Rd.	Riverside Ave.	Private Land	187.95′	20′	$6.342978

A brief explanation of distinction between streets constructed under the Betterment Act, where the abutter pays two-thirds of the cost and the Town the remaining one-third, and streets accepted without betterments, might clarify this subject. In the first case, the streets are private ways which were recorded in the Norfolk Registry of Deeds when the Board of Survey's rules were in effect. The Board of Survey was replaced by the Planning Board and under its Rules and Regulations, it is necessary for a developer to install the utilities and construct the streets in such a manner that they conform to the Board's requirements for acceptance as public ways. In the case of a petition, for the acceptance of a private way being turned down, it is not automatically reconsidered the following year. It is necessary for the abutters to present a new petition.

A new Chevrolet Suburban car was purchased this year replacing a 1947 Chevrolet Suburban. This replacement gives us two good cars for the field parties.

In closing, I wish to thank the Superintendent of the Town Hall and Thacher Building for the improvements made in the Engineer's office, and my associates for their constant support.

Respectfully submitted,

ALEXANDER E. MANNING

Town Engineer

REPORT OF ASSESSORS OF TAXES

January 10, 1958.

To the Citizens of the Town of Milton:

The Board of Assessors is pleased to submit its annual report for the year 1957.

At the annual Town Meeting of March 2, 1957, the following members were elected to the Board:

M. Joseph Manning, Jr.	Three Year Term
Daniel E. Duggan, Jr.	Two Year Term
Edward T. O'Neill	One Year Term

On March 5, 1957, the Board organized as follows: Edward T. O'Neill, Chairman; Daniel E. Duggan, Secretary; and M. Joseph Manning, Jr. The following appointments were made: Miss Bertha M. Johnson, Executive Secretary; Miss Ruth A. Dodd, Secretary; and Mrs. Betty L. Myers, Principal Clerk.

The 1957 tax rate of $56.20 per one thousand valuation was established on May 14, 1957 and approved by Edward C. Wilson, Chief of Bureau, Department of Corporations and Taxation, Commonwealth of Massachusetts.

During the year the Board members attended various meetings and conferences conducted by the Association of Massachusetts Assessors and the Norfolk-Suffolk County Assessors' Association. On September 4, 5 and 6, 1957, your Assessors attended and graduated from the School for Massachusetts Assessing Officers, held at the University of Massachusetts, Amherst, Massachusetts.

The work of the Assessors' office continues to increase each year. The total valuation of Milton as of December 31, 1957 was $50,983,420.00, an increase of over $1,000,000.00 above 1956. With the increase in population, home building, and auto registrations, this office rendered 28,131 bills during the year; (7722 Poll; 7322 Real Estate; 373 Personal; and 12,714 Auto Excise). Approximately 2500 abatements of various kinds were granted during the year.

On December 31, 1957 Mrs. A. A. Woodward (Bertha M. Johnson) retired after 33 years of faithful and devoted service. The Board would like to publicly express its sincere thanks and gratitude for the fine and splendid record of public service rendered the Town of Milton by Mrs. Woodward.

REPORT OF THE TRUSTEES OF THE MILTON CEMETERY

January 9, 1958

The Trustees of Milton Cemetery respectfully report for the year 1957 that:

1. 241 burials were made.
2. 25 lots and 32 single graves were assigned to residents and 2 graves to a non-resident.
3. 75 foundations were built for monuments and 17 markers set flush with the sod.
4. The appropriation for 1957 was $71,273. Expenditures were $69,813. Receipts totalled $37,351.38, of which $11,808.78 was interest on Perpetual Care and Trust Funds. The cost to the Town was 74c on the tax rate.
5. $43,305.00 was added to the Perpetual Care Fund, bringing total deposits to $441,875.87.
6. Bequests made under the wills of Thomas J. Bannin and Miss Elizabeth Kelley, of $500.00 and $1,000.00 respectively, for annual plantings on their family lots in Milton Cemetery, were accepted at the Town Meeting in March.
7. Approximately one acre of land was loamed and seeded. This area will be ready for use in 1959.

We now have 95 single graves ready for assignment and an area graded and seeded which is ready for 800 additional single graves. There are 148 lots laid out and ready for assignment and we plan to lay out about 100 lots in 1958 in an area which is ready for use.

Respectfully submitted,

NORMAN PIERCE, Chairman

EDMUND J. BURKE

Board of Trustees

REPORT OF FIRE DEPARTMENT

January 2, 1958

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit my report of the Fire Department for the year ending December 31, 1957.

Alarms

There were 726 alarms of fire received during the year; 181 Bell alarms, two of them being General Alarm fires, and 545 Still alarms.

Alarms Each Month

January	34	May	68	September	66
February	61	June	35	October	66
March	54	July	86	November	45
April	88	August	71	December	52

Mutual Aid

Milton to Boston	3	Milton to Plymouth	1
Milton to Quincy	10	Boston to Milton	12
Milton to Canton	1	Quincy to Milton	8

Work Performed

Feet of hose laid (1½ inch)	25,850	Gallons of water:	
Feet of hose laid (2½ inch)	30,850	Booster tanks	89,125
Feet of ladder raised	2,683	Oxygen tanks (medical)	31
Lines laid	53	CO2	21
Salvage covers	9		

Other Calls

Inhalator-resuscitator calls during the year for heart attack and drowning victims numbered thirty-three. Motor vehicle fires and accidents in the town continue to be on the increase; there being forty-six vehicle fires and twenty-five vehicle accidents to which we responded, while the number of false alarms during the year numbered forty-three.

The boat was used for rescue work and dragging for drowned persons.

Aided persons locked out of homes, released children from locked and upper rooms; responded to calls for leaking oil tanks, oil burners and refrigerators; gas leaks and fumes in basements; defective electrical exterior wiring; emergency and first-aid assistance. Due to the great increase in the numerous and varied types of modern home electrical appliances being installed, there is an increase in the number of residence calls for fire and/or defective equipment such as air conditioners, water heaters, washers, dryers, ranges, television sets, refrigerators, oil burners, etc. Owing to the severe dry spell during the spring and summer months there were many woods and forest fires and it was during the month of May that we rendered assistance to the Town of Plymouth which was ravaged with a forest fire involving many buildings and residences.

Inspections Made — Permits Issued

Out of door fire permits			1036
Inspection of stores, garages, complaints, etc.			1127

Apparatus

Engine #1 and Ladder #1 had complete overhauling and new motors installed. Ladder #2 had mounted a new 50′ trussed extension ladder plus assembly installed. Engine #4 was completely refinished and painted.

In addition to the above major repairs, general repairs and overhauling was necessary and made by the Department mechanic on all pieces of apparatus during the year.

The radio equipment installed on all pieces of apparatus had periodical check-ups and inspections thus it was maintained for top performance at all times.

Combination #1 is in dire need of refinishing and repainting.

Buildings

General repairs, maintenance and upkeep were made at all three stations throughout the year.

Personnel

On May 29, 1957, Richard G. Erwin, a Permanent Fire Fighter since March 1, 1956 resigned from the Department to take up similar duties and position as a Fire Fighter with the Boston Fire Department.

On December 26, 1957, Robert E. McLeod was appointed a Permanent Fire Fighter, said appointment being made from the existing certified Civil Service list as established as the result of examination.

REPORT OF FIRE DEPARTMENT

Under the direction of the Deputy Fire Chiefs of the Department, all members of the Department have been drilled and instructed throughout the year.

The services and very fine cooperation of all members on the Auxiliary Fire Fighters Force, which is entirely voluntary, has continued to be excellent and I would like at this time to extend my sincere thanks to them and especially Fire Fighter Robert O. Tucker for his keen interest with the group as their Supervisor. The interest of all members has been retained with such planned activities as movies, lectures and definite detailed assignments.

Recommendations

This year, I strongly recommend the purchase of a ladder truck for the Blue Hill Station. The time is now at hand when it is of dire necessity to have a ladder truck permanently assigned in the district due to the type of occupancy and building that has been completed in this area. Further request is recommended for the minimum of three additional men to man this ladder truck in the event the purchase of the same is authorized.

To augment the present manpower of the Department, I further recommend the appointment of three additional Fire Fighters.

The Tucker Hill and Hillside Street area continues to be developed so much so that some definite action should be taken in regards to a future fire station in this area.

I wish to thank your Honorable Board for the many courtesies, advice and assistance rendered and to all Department heads and employees who in any way have aided this Department throughout the year. I am most grateful to the Chief of the Police Department for his cooperation.

To the Officers and men of this Department, I take this opportunity to express my sincere thanks for their loyal and faithful services and cooperation.

Respectfully submitted,

FRED E. WHELAN

Chief of Fire Department

REPORT OF FORESTRY DEPARTMENT

December 31, 1957.

To the Citizens of the Town of Milton:

Despite the continuation of unprecedented demands for spraying, pruning, tree removal, planting and other important jobs, the men of the Milton Forestry Department have kept up remarkably well in their work despite the fact that the Department, for a large part of the year, was understaffed by two men.

Unfortunately, the Dutch elm disease has continued to spread, although the loss of street trees is substantially less than for trees on private property because of proper spraying and sanitation work along town streets by the Department. We believe that the small investment that the Town is placing on the care of street trees is repaid many times not only by saving our large shade trees but also by saving the cost of removing dead trees. While it costs only a few cents to spray a large elm tree, its removal may cost up to $300.00 or more. Fortunately, the Department has received excellent cooperation from the Boston Edison Company and the New England Telephone and Telegraph Company in removing large specimens carrying or near lines.

This year, we are pleased to report the planting of 113 trees, including 15 sugar maples, 58 Norway maples and 31 European plane trees. Although we are still far behind in our planting program, the appropriation was slightly larger this year. Also, in the future under the new rules and regulations for subdividing, the residential developers will plant and pay for all planting on new streets under the supervision of our superintendent.

We regret that in the future we will be unable to fulfil the demand for private work. Indeed, we expect that we must largely discontinue this work in 1958 in order to meet the demand for streetly Town work. However, as before, we are anxious to continue our cooperation with the other departments of the Town, in such work as snowplowing for the Highway Department, lifting stumps for the Park Department and the providing of firewood for the School and Library Departments.

At this time I would like to make known my appreciation of the fine work of our Superintendent, Lawrence J. Mahoney, and our men of the Department.

Respectfully submitted,

JOHN T. HEMENWAY

Tree Warden

REPORT OF THE BOARD OF HEALTH

To the Citizens of Milton:

The following is the Annual Report of the Board of Health of the Town of Milton for the year ended December 31, 1957.

The Board organized on March 9, 1957, elected Paul R. Withington, M.D., Chairman; Thomas H. Bilodeau, Secretary; Paul V. McPeake, Member; and appointed Edwin S. Warrell as their Agent. Cleaveland Floyd, M.D., was appointed to conduct the Chest Conference; John P. Herlihy, D.M.D., to conduct the Dental Clinic; Ann Hefler, D.V.M., as Inspector of Animals and Slaughter; and Howard A. Smith as Inspector of Milk.

Communicable Diseases

Following is a table of communicable diseases declared dangerous to the public health reported during the year. For comparative purposes diseases reported during the years 1952 through 1956 are included:—

	1957	1956	1955	1954	1953	1952
Chicken Pox	222	91	138	40	239	79
*Diphtheria	0	0	0	1	0	0
Dog Bite	118	134	89	86	95	77
Dysentery	0	0	0	0	5	1
German Measles	32	49	3	22	83	170
Hepatitis, Infectious	0	1	2	1	0	0
Measles	57	5	330	85	212	493
Meningitis	1	1	0	0	0	0
Mumps	192	208	97	58	63	19
*Poliomyelitis	0	0	8	1	6	1
Salmonellosis	1	0	4	3	0	7
Scarlet Fever	22	49	47	18	6	17
Tuberculosis	2	5	1	6	6	9
*Whooping Cough	2	3	3	24	2	1
Gonorrhea	1	1	1	0	1	0
Syphilis	2	1	0	0	8	5
TOTAL BY YEARS	652	548	723	345	726	879

The incidence of disease reported compares favorably with that in the Commonwealth as a whole. The increase in incidence was due mainly to the relatively large number of cases of chicken pox, measles and mumps. Twenty-five cases of poliomyelitis were reported in Massachusetts in 1957 in comparison to one hundred in 1956. The same trend has been observed nationally. Attention is invited to the absence of poliomyelitis from the list of diseases reported in Milton during 1957.

The Board again reminds physicians and householders that it is their legal and moral responsibility to report all communicable diseases and dog bites to its office as they occur.

Immunization Clinics

The annual diphtheria and tetanus clinics for school children were conducted in all public schools and at St. Agatha's school. A total of 875 boosters and 32 complete courses were administered to 907 children. The small number of courses would indicate that most parents are protecting their children from these diseases before entering school. Thirty-seven pre-school children received their diphtheria, tetanus and whooping cough inoculations at the clinics during the year.

The general polio vaccine clinics for children from three months through 19 years of age ended on June 30th. Thirty-two pre-school children were administered two doses of this vaccine in clinics after July 1, 1957 with the third dose to be given in May of 1958.

Clinics for the administration of diphtheria, tetanus and whooping cough as well as polio vaccine to pre-school children are planned during the coming year and will be announced in the newspapers. Also, the clinics to administer boosters to school children will be announced in the same manner.

Free polio vaccine will continue to be available to physicians for children under 1 year of age and pregnant women.

Dental Clinic

A report of the Dental Clinic will be found in the School Department's section of this annual report. The Board of Health continues to be of the opinion that dental treatment is the responsibility of the parent and the family dentist. The program planned for 1958 contemplates dental examination as distinct from treatment of public school children. The results of the examination will be reported to the parents for referral to the family dentist.

Chest Conference

The Chest Conference was conducted each month last year. Of the 135 people examined 51 were seen at the conference for the first time. Three new cases and one reactivated case of tuberculosis were detected. One of the new cases while still legally settled in Milton has moved out of the Town.

Facilities at the Chest Conference do not permit routine examination and chest X-rays without referral by a physician. Such services may be obtained without cost by any Milton resident at the Norfolk County Hospital on Tuesday mornings without appointment or at the Quincy Health Center by appointment.

Hospitalizations

Fifteen individuals were hospitalized by the Board of Health for tuberculosis in the Norfolk County Hospital, Rutland State Hospital, Boston City Hospital or the North Reading State Sanatorium during 1957. In addition, hospitalization expenses for five of the twenty-two premature infants born to Milton settled women were borne by the Town through the Board.

Milk Sanitation

The milk supply for the Town of Milton continued to be of good quality. During the calendar year 1957, 380 samples of pasteurized milk were collected and tested for fat content, milk solids, bacteria, coliform and completeness of pasteurization. In addition, thirteen ice cream samples were tested in the Town's laboratory which has been approved by the State Department of Health. A report of milk analyses is published in the local newspapers each January and July for the information of residents.

REPORT OF BOARD OF HEALTH

Inspection of Animals and Slaughter

The Inspector of Animals examined 118 dogs reported as biting human beings. None showed evidence of rabies. Also examined were six barns containing 265 cows. There was no slaughtering reported in the Town during the year 1957.

Rubbish-Garbage Collection and Disposal

The collection of rubbish and garbage has been satisfactory during the year. Complaints have followed the various holidays in the year. The complaints are mainly due to the fact that householders do not understand that collections are made on all holidays except four. Collections are not made on Christmas, Thanksgiving, Memorial and Veteran's Days because of State law. Rubbish regularly scheduled for collection on each of these four holidays is collected on the following day. On all other holidays the regular schedule of collection is followed. The collection schedule is published in the newspapers prior to each holiday.

The Disposal Area continued to operate in an efficient and economical manner and should so continue, thereby eliminating the thought of a costly incinerator for many years to come.

Finances

The appropriations to the Board of Health amounted to $130,375.10 during the year. Expenditures were $129,257.99. Income from various sources amounted to $4,312.85, all of which was turned over to the Town Treasurer.

The Board of Health again thanks the many persons and Town Departments for their cooperation during the year.

PAUL R. WITHINGTON, M.D., Chairman

THOMAS H. BILODEAU, Secretary

PAUL V. McPEAKE, Member

REPORT OF THE

NORFOLK COUNTY MOSQUITO CONTROL PROJECT

January 3, 1958.

To the Citizens of Milton:

Submitted herewith is the report of the Norfolk County Mosquito Control Project of its activities in the Town of Milton for the year ending December 31, 1957.

Aerial Spraying	1,000 Acres
Ground Spraying	1,103 Acres
Pre-hatch Dusting	54 Acres
Drainage	31,750 Feet
Catch Basins Treated	1,053 Basins

Respectfully submitted

JOHN C. KUSCHKE

Superintendent

REPORT OF FENCE VIEWERS

January 13, 1958.

Honorable Board of Selectmen

Milton, Massachusetts

Gentlemen:

The latest developments in man's attempt to conquer space, culminating in sputnik, have had little or no effect as yet in the sphere of fence viewing. However, we stand ready, space suits donned and telescopes in hand, to render service in the field (air) should interplanetary space travel cause jurisdictional disputes of a nature giving rise to the erection of stratospheric fences on the moon or neighboring planets (see *Boston Bar Journal,* November 1957, "The Moon — Usque Ad Coelum?" by Potter, Samuel).

Returning to earthly considerations, we have conscientiously complied with all requests for our services during 1957 and have disbursed no public monies, neither have we received any fees or honoraria.

Respectfully submitted,

RICHARD H. SCHMIDT

GEORGE N. HURD, JR.

Fence Viewers

REPORT OF WIRE DEPARTMENT

Milton, Massachusetts, January 9, 1958.

To the Honorable Board of Selectmen

Milton, Massachusetts

Gentlemen:

I herewith submit my report of the Wire Department for the year ending December 31, 1957.

Number of inspections made	1,975
Number of certificates issued	326
Number of incandescent lamps wired	11,904
Number of motors installed	546
Total horse power	256
Number of heaters and ranges installed	286
Total watts	2,840,200

Permits were issued as follows:

Month	Total No. Permits Issued	Original	Alterations	Fees Received
January	41	3	38	$ 65.75
February	54	8	46	97.10
March	42	4	38	88.90
April	51	12	39	93.95
May	57	6	51	107.60
June	53	9	44	95.80
July	64	12	52	132.55
August	53	8	45	88.70
September	76	10	66	127.25
October	97	16	81	183.90
November	73	15	58	144.85
December	61	7	54	107.35
	722	110	612	$1,333.70

Fees for the above permits amounting to One Thousand Three Hundred and Thirty-Three Dollars and Seventy Cents ($1,333.70) have been collected and paid to the Town Treasurer.

Fire and Police Alarm Signals

New Fire Alarm Boxes have been installed at the following locations:

377	Clapp Street opposite #127
655	Kenilworth Road at #138
656	Sheridan Drive at #7

REPORT OF WIRE DEPARTMENT

New Master Fire Alarm Boxes Have Been Installed and Connected to the Town Fire Alarm System

2112	Saint Pius X Church, Wolcott Road
3211	Milton Academy, Boy's Dormitory, Centre Street
3216	Milton Academy, Girls' Dormitory, 334 Centre Street
3223	Fontbonne Academy, Mother House, 444 Centre Street
6412	Saint Agatha's Church, Adams Street, connected to existing box
3212	Milton Academy, Girls' Gymnasium, Gun Hill Street

Replaced Following Fire Alarm Boxes with New Style Boxes

24	Brush Hill Road at #676
314	Hillside Street and Forest Street
51	Canton Avenue at #790
52	Canton Avenue and Robbins Street
542	Canton Avenue at #1630
56	Blue Hill Avenue and Brush Hill Road

New Lines Run for New Boxes

2112	From Brush Hill Road to Saint Pius X Church	2,100 ft.
3212	Randolph Avenue from Centre Street to Gun Hill Street	800 ft.
377	Clapp Street opposite #127 connected to existing lines	
655	Kenilworth Road at #138	1,400 ft.
656	Sheridan Drive at #7	800 ft.

	512	100	100	12	300	$4,288,570.50	$3,657.00

Mr. Frederick L. Ripley was Acting Inspector of Plumbing until May 27, 1957.

As a result of Civil Service examinations, Mr. Frederick S. Celli received a permanent appointment as Inspector of Plumbing on June 1, 1957.

On May 8, 1957, Mr. John M. Hannigan was reappointed Deputy Inspector of Plumbing for one year.

On April 25, 1957, I was appointed Building Inspector for one year.

On May 8, 1957, Mr. Fred P. Carlson was appointed Deputy Building Inspector for one year.

I wish to extend to the Honorable Board of Selectmen my sincere appreciation for their cooperation during the year.

Respectfully submitted,

JOHN D. MACKINNON

Building Inspector

REPORT OF INSPECTOR OF PLUMBING

December 31, 1957.

John D. McKinnon, Inspector
Building Department
Town Hall, Milton, Mass.

Dear Sir:

A summary of the work of the Plumbing Department for 1957 is scheduled below:

Month	Total No. Permits granted	Original work	Alterations	Fees received	Valuation of work
January	21	3	18	$ 51.00	$ 12,905.00
February	38	10	28	106.00	21,320.00
March	43	11	32	119.00	28,580.00
April	33	7	26	87.00	21,476.00
May	39	8	31	105.00	20,655.00
June	45	15	30	135.00	66,355.00
July	39	11	28	111.00	23,479.00
August	25	5	20	65.00	11,730.00
September	30	12	18	96.00	22,035.00
October	47	16	31	142.00	27,580.00
November	31	9	22	89.00	18,734.00
December	27	10	17	84.00	17,610.00
	418	117	301	$1,190.00	$292,459.00

Fees for permits amounting to ($1190.00) Eleven hundred and ninety dollars have been received and have been paid to the Town Treasurer, whose receipts I now hold.

Respectfully submitted,
FREDERICK S. CELLI
Inspector of Plumbing

REPORT OF SEALER OF WEIGHTS AND MEASURES

Milton, Mass.
January 2, 1958

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report of Weights and Measures.

All monies received on account of sealing and adjusting fees have been paid to Town Treasurer. This amounts to $209.05.

Number of Scales, Weights and Measures sealed	448
Number adjusted	58
Number condemned	7
Number of reweighings	1271
Number found underweight	336
Number found overweight	915
Number found correct	20

Deliveries to the Town measured or reweighed:

Total weight of material reweighed	321,880 lbs.
Deliveries inspected	17
Deliveries found short	10
Deliveries found over	6

Respectfully submitted,

FREDERICK L. RIPLEY,

Sealer of Weights and Measures

REPORT OF THE BOARD OF PARK COMMISSIONERS

January 10, 1958.

To the Citizens of the Town of Milton:

The Board of Park Commissioners is pleased to forward its report of the Milton Park Department for the year 1957.

Milton D. Turner was elected to the Board for a term of three years at the annual Town Meeting in March, 1957. The Board organized as follows: James A. Aicardi, Chairman; Milton D. Turner, Secretary; and M. Joseph Manning, Jr.

All property under our jurisdiction was placed in proper condition throughout the year. The athletic facilities were put in order for schedules of the Milton School system and organizations within the Town.

A major baseball diamond was completed at the Orrin A. Andrews Playground. Side-fencing, a backstop, and a set of portable bleachers were put in place and on May 5th, with appropriate ceremonies, this diamond was dedicated. This facility is in constant use, both by the Milton Babe Ruth League and other organizations. It is anticipated that water will be brought into the playground during the coming year so that the grass area may be better preserved. The Board is very proud of this baseball diamond and the personnel of the Department deserve praise for this accomplishment.

The necessary funds have been requested for a fence to be erected on the Granite Place side of this playground. The abutting citizens have suffered damage and destruction to their property as a result of traffic to and from the playground.

Construction work has begun on the playground adjacent to the Pierce School on Gile Road. Through an agreement with the Jr. High School Building Committee, nine acres of this site will be developed with appropriate athletic facilities. It is anticipated that this much needed facility will be ready for use in the Spring of 1959.

The Summer recreation program was again carried on for an eight week period. This program is conducted on the Brook Road Playground; the Eliot Street Playground; and the Orrin A. Andrews Playground. Due to a limited number of children attending the Eliot Street Playground, the Board transferred this Recreation Leader to the Mary Chase Lane Memorial Playground for two days per week. This move proved very beneficial and it is anticipated this schedule will be followed in the coming year.

Over three hundred boys registered for the Winter basketball program carried on at the High School Gym and the Mary A. Cunningham Gym. This program is carried on by Instructors, mostly from the Milton School system, and becomes more popular each year.

The Board is very pleased to note that the proposed playground off Randolph Avenue at the former C. C. C. site is now in its final administrative stages. In all probability construction will begin during the coming year. Our sincere thanks are extended to Representative John E. Sheldon and Town Engineer Alexander E. Manning for their cooperation.

With the work at Turner's Pond nearing completion, your Board again has requested the necessary funds to provide a fishing reservoir for the use of Milton citizens. Consultations have been held with both Federal and State Fishing Departments and their assistance has been greatly appreciated.

As a result of a meeting with the Pine Tree Brook Committee, the Board of Selectmen, and this Board, it was felt that the Turner Pond area should be closed until further changes were made and the work completed by the contractor. On December 10, 1957 this area was officially closed by the Board.

The Board of Park Commissioners are very much aware of the cooperation and assistance afforded our Department by other Departments of the Town during the year. To them we express our sincere thanks. Our thanks go to our own employees, both regular and part-time, for another fine job done during the year.

Respectfully submitted,

JAMES A. AICARDI, Chairman

MILTON D. TURNER, Secretary

M. JOSEPH MANNING, JR.

Board of Park Commissioners

REPORT OF POLICE DEPARTMENT

January 9, 1958.

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit my report for the year ending December 31, 1957.

Arrests

Total	312
Males	276
Females	36

Offenses

Assault	2
Breaking and Entering	13
Bribery	1
Delinquency	25
Driving to Endanger	7
Driving Under Influence	30
Drunkenness	107
False Alarm of Fire	2
Fugitive from Justice	2
Illegitimacy	1
Kidnapping	1
Larceny	11
Lewdness	2
Motor Vehicle Laws, violating	75
Neglect of Family	4
Rape, attempt	2
Threats and Intimidation	3
Trespassing	2
Using Motor Vehicle Without Authority	19
Weapon Carrying	3

Miscellaneous Work

Ambulance Calls	452
Automobile Accidents (181 personal injuries — 3 deaths)	214
Automobiles Found Abandoned	17
Automobiles Reported Stolen	8
Bicycles Registered	123
Buildings Found Open and Secured	551
Buildings Broken Into	39
Cases Investigated by Officers	3824
Dead Bodies Cared For	6
Defective Hydrants and Pipes	20
Defective Poles	19
Defective Streets and Sidewalks	44

Defective Trees	25
Defective Wires	69
Disturbances Suppressed	30
Dogs Ordered Restrained	98
Houses Reported Vacant and Special Attention Requested	1439
Lost Children Restored	30
Missing Persons Reported	28
Insane Persons Taken In Charge	19
Motor Vehicle Licenses Suspended	21
Officers Detailed at Request of Citizens	1531
Sick and Injured Persons Assisted	208
Street Obstructions Removed	39
Writs Served for Other Departments	713

Not many serious crimes were committed in the Town during the past year. There were several cases of breaking and entering but most of them were solved through the apprehension of two juveniles.

One armed holdup attempt was averted through the alertness of Officers Paul J. Tegan and Paul F. Higgins who arrested two armed men. The subsequent conviction of these men was due in part to expert interrogation under the direction of Lieutenant Charles L. Laffan.

Our cruising cars have been in service night and day as usual and I recommend that four of them be replaced.

The inter-departmental radio which was authorized this year, has been installed and will soon be in service pending final approval of the Federal Communications Commission.

The oxygen inhalator which was authorized and purchased this year has already proved its worth. The families of two heart attack victims credit this inhalator and the efficiency of the officers who used it, with saving two lives.

There was one promotion during the year. Myles J. Connor was promoted to Sergeant on March 7th.

Two new men were appointed during the year to fill vacancies. George F. Dillon and Francis J. King were appointed on April 4th.

Joseph F. Hardcastle resigned from the Department on September 28th to join the State Police. This resignation created a vacancy which I hope will be filled early in 1958.

Joseph J. Mulhern who served the Town faithfully since his appointment to the Department, June 1, 1926, retired on March 29th.

Two new School Traffic Supervisors were appointed in December, to bring our total number to eight. This group continues to do a good job.

From March 18th to June 6th, I enjoyed the privilege of attending the National Academy conducted by the FBI in Washington, D. C. I am sure that the training I received there will benefit the Department. It is hoped that other members of the Department will be authorized to receive this training in the future.

Deputy Chief John W. Dalton did a very efficient job of supervising the Department during my absence.

REPORT OF POLICE DEPARTMENT

Sergeant Walter F. Nolan and Officer Paul F. Higgins graduated from the State Police Academy in October. Both men did very well and Sergeant Nolan brought additional glory to the Town by sharing top honors with an officer from another town. It is planned to make further use of this school to improve the efficiency of the Department.

The morale of the Department continues to be excellent and the members are to be commended for their fine work. There were many instances in which outstanding police work was performed.

The Auxiliary Police Officers have shown continued interest in the program directed by Deputy Chief John W. Dalton and once again gave valuable asisstance on Hallowe'en night.

To the officers and men of the Department, I wish to extend my sincere thanks for their continued loyalty and cooperation. I also wish to thank the Board of Selectmen, the Justices, Clerks and Probation Officers of the Courts and officials and employees of other Town Departments who have assisted us during the year.

Respectfully submitted,

JOHN E. WHEARTY

Chief of Police

REPORT OF THE PLANNING BOARD

December 31, 1957.

To the Citizens of the Town of Milton:

The Planning Board is pleased to submit its report for the year 1957.

Mr. Dyson resigned from the Planning Board on January 1, 1957, and at a joint meeting of the Board of Selectmen and the remaining members of the Planning Board held January 10, 1957, Mr. Edward E. Bigelow was elected to fill the vacancy.

At the annual election of Town officers in March, Mr. Edward E. Bigelow was elected for a five year term.

During the year, twenty-eight meetings were held included in which were seven public hearings, three on proposed land subdivisions held under the Subdivision Control Law and the Rules and Regulations of the Planning Board, one on three proposed amendments to the Zoning Bylaw, and three open meetings on the zoning study being carried on by the Planning Board. The public hearing held on the proposed amendments to the Zoning Bylaw considered (1) an alteration in Section III to allow for better control of Earth Materials Removal; (2) a definition of lot frontage in Section VI to simplify the administration of the Subdivision Control Law; and (3) an amendment to Section III to allow in Residence A District a building to be used exclusively for doctors' offices or a home for the care of ill or aged persons subject to control of the Board of Appeals. The first two amendments were favored by the Planning Board and the Warrant Committee and were subsequently passed at Town Meeting. The third was not recommended by the Planning Board or the Warrant Committee and was subsequently turned down at the Town Meeting. The three open meetings held during the fall were for the purpose of considering the work done on the zoning study by the Planning Board and its consultants, the firm of Adams, Howard and Greeley. The report on that study is incorporated in and is part of this report.

The Pine Tree Brook clearance project is completed through to Thacher Street, including a new bridge at Thacher Street. Although the work has been more costly than was estimated, the Planning Board feels that the next step from Thacher Street through to Blue Hills Parkway is necessary to give relief to the low areas in that section and recommends appropriation of $35,000.00 as the Town's share to complete that section.

Adams Street widening from Furnace Brook Parkway to East Milton Square is an important step towards easing traffic congestion in that area. Although some relief is expected when the Southeast Expressway is completed, this at best will only be temporary since records show that car registration is increasing at the rate of five percent per year. In December of this year, the Quincy City Council voted to widen and construct its part of Adams Street and its present plans are to do that work in 1958. The Planning Board again advocates the widening and construction of the Milton section of Adams Street between East Milton Square and the Town line at Quincy.

REPORT OF THE MILTON PLANNING BOARD TO THE TOWN OF MILTON ON PROPOSED REVISIONS OF THE ZONING BYLAW

The Town of Milton adopted its present comprehensive zoning bylaw almost 20 years ago. Since that time, there have been no major changes and only a few minor ones. The fact that there have been so few changes does not mean that the present Planning Board or prior ones and interested citizens of the Town have been complacent on the matter of zoning, but rather it indicates that those responsible for the adoption of the zoning bylaws exercised excellent and far-sighted judgment.

It goes without saying that Milton is a desirable residential town and your Planning Board and residents alike want to keep it so. As one means of preserving the character of the Town, some citizens strongly urged that lot sizes in residential areas be increased, and an article of this nature was prepared for the 1956 Town Meeting, but was withdrawn pending further study. Other straws in the wind indicate a deep concern that all possible safeguards be employed to prevent "downgrading" of Milton as the Town develops.

The Planning Board, on its own initiative, and inspired also by the interest shown in the matter, felt that it was time to take account of stock and to review the entire zoning bylaws in the light of present day conditions. The Board felt that this review should include not only a consideration of land use both for residential and possible commercial purposes, but should embrace a consideration of the Town's future educational, recreational and protective needs. Further, this study should include a capital outlay program to meet the cost of such improvements without violent fluctuation in the tax rate.

At the Town Meeting in March 1957, the Town voted to make available its share of funds necessary for this study, the balance being provided by the Federal Government as the result of legislation (Title VII — Housing Act of 1954) to encourage municipalities to make such surveys.

The scope of this report is limited to the results of our analyses of the area provisions under the present Zoning Bylaw pertaining to Residence Districts A, B, and C and Business Districts and contains our recommendations with respect to certain revisions relating to such areas.

The Board and its consultants are presently preparing a general plan of the Town and a capital improvement program which are scheduled for completion later in 1958. A report together with recommendations, if any, pertaining to these subjects will be submitted to the 1959 Annual Town Meeting.

During the past year the Planning Board has made a careful study of possible revisions of the Zoning Bylaw, particularly those relating to the Residence districts. The zoning recommendation for the latter contained in the "Report on a Preliminary General Plan for Milton", submitted last April to the Board's Zoning Study Committee by its consultants, Adams, Howard & Greeley, were presented for the consideration of the citizens of Milton at informal public hearings held at the Town Hall on September 26th and October 10, 1957. These hearings were followed by a further review of the recommendations by the Board and its consultants, resulting in the adoption by the Board of the following proposals for amendments to the Zoning Map:

Residence Districts

Residence "C" District

It is recommended that the Wollaston Golf Club property in East Milton be changed from a Residence "C" district to a residence "B" district, as it is considered that a minimum lot frontage of 100 feet would be more appropriate for this attractive, rolling site should it become available at some future date for residential development.

With respect to the possibility of increasing the lot size requirements in the Residence "C" district, a study was made of sizeable parcels in this district available for future subdivion. This study confirmd the original conclusion of the Planning

Board concurred in by our consultants that no substantial advantage could be expected to accrue from increasing the minimum lot size requirement from 7,500 square feet to 10,000 square feet or more, owing to the small number of parcels still undeveloped which could readily (with the exception of the Wollaston Golf Club property) be adapted to a larger requirement.

Residence "B" District

It is recommended that the area bounded westerly by Randolph Avenue, southerly by Blue Hills Reservation, easterly by the City of Quincy, and northerly by property owned by the Town of Milton and partly used as a dump, be changed from a Residence "B" to a Residence "A" district. (This is a somewhat smaller area than that originally recommended for such a change in the consultant's preliminary report."

Residence "A" District

The Board voted not to recommend at this time an increase in minimum lot sizes for any portion of the Residence "A" district. Studies made by the Engineering Department indicated that the cost of land and improvements for a two-acre lot with a frontage of 200 feet would run considerably higher than that for a one-acre lot with a frontage of 150 feet; and while this might represent only a small percent increase in cost in the case of a $50,000 house, the Board felt that the increased lot size requirements might tend to discourage development for single-family residence uses. The Board expects to be in a better position to evaluate the economic effects of any increase in lot size requirements upon the completion of the General Plan and the Capital Improvement Program, scheduled for the fall of 1958. In any case it is believed that the topographical and geological conditions of the areas tentatively considered for two-acre zoning make it unlikely that development will take place at an average density much higher than that proposed by the consultants for such areas.

The Baord also voted not to consider any proposed changes of zone in the Hillside Street area, as well as the proposal to establish a neighborhood shopping zone on Randolph Avenue.

Business Districts

Studies have been made in recent months of the two areas of the Town containing a major concentration of business uses: the Central Avenue-Milton Village section and the business district at East Milton. A detailed analysis of the present uses of property within these business zones showed that commercial uses occupied only 40 percent of the available land in the former case and 50 percent in the latter, the remaining area being primarily devoted to residential or public and semi-public uses.

The Planning Board finds no evidence of a need for any major expansion of either business zone, but believes that some modification of the present boundaries is desirable. Following a review of our consultants' recommendations, which were presented for public consideration at an informal hearing held at the Glover School on November 18, 1957, the Board voted to recommend the following changes to the Zoning Map:

Central Avenue Milton Village

It is recommended that the frontage property on the west side of High Street between Eliot Street and Canton Avenue be changed from a Business district to a Residence "C" district. At the present time this property is devoted entirely to residential uses, and it is considered that the narrow width and steep grade of High Street make this property unsuitable for commercial development.

East Milton

1. It is recommended that the present Business district on the west side of the Southeast Expressway be changed to a Residence "C" district. With the construction of the Expressway, the only commercial use remaining in this area is the one-story building at the foot of Edge Hill Road containing three small stores. The other uses consist of the U. S. Post Office, and several residences. It is believed that an expansion of the business zone in this area would be detrimental to the values of residential property in the neighborhood, and that these values would be strengthened if any commercial development took place in the shopping center already well established on the east side of the Expressway.
2. It is recommended that the present Business district on the east side of Granite Avenue from Adams Street southerly to the Town line be increased in depth from 100 feet to 150 feet. It is believed that this would permit a more desirable type of commercial building, make possible improved facilities for off-street parking and loading, and tend to forestall any pressure that might arise from an extension of the business zone easterly along Adams Street.

Industrial Development

Consideration has been given by the Planning Board to the possible advantages to the community of encouraging industrial development of a restricted character in certain carefully selected locations. While locations may be found which would be suitable for such development, the Board believes that the social and economic advantages which might possibly be gained would be more than outweighed by the disadvantages.

An analysis of the assessment records shows that 95.6 percent of Milton's real estate valuation of $47,417,100 is made up of present and potential residential property. Commercial property accounts for 2.6 percent ($1,184,150) and industrial property accounts for 1.8 percent ($874,610). It would be necessary, according to our estimates, to increase the industrial property in the Town by 100% to reduce the tax rate by $1.00, while a reduction of $2.50 would require somewhat more than 100 percent increase in all commercial and industrial property. These estimates do not take into account the additional costs to the community of street improvements, utilities, or fire and police services which would probably be necessary to serve a new industry.

In the report on "Economics of Residential Development in Milton", published by the Planning Board in 1947, it was stated that, "The Town has, properly we believe, turned away from increase in industrial development and in business beyond local needs, and therefore must look to residential property for tax support." We believe that this point of view is as valid today as it was ten years ago, and we consider that Milton's ability to support a high level of municipal services without an undue burden on the individual taxpayer depends to a large degree on the maintenance of its attractiveness as a residential community.

The Planning Board wishes to thank the personnel in various Town departments and on Town Boards and Committees for their cooperation and assistance.

Respectfully submitted,

JOHN H. BOWIE, Chairman
BENJAMIN R. ALEXANDER
EDWARD E. BIGELOW
RAY A. HINDS
GEORGE N. HURD, JR.
Milton Planning Board

REPORT OF BOARD OF PUBLIC WELFARE

January 10, 1958

To the Citizens of the Town of Milton:

The year 1957 brought many changes in our department, both in the administration of the relief programs and in our personnel. We were fortunate that Mrs. Mary E. Purcell was able to return to the department to fill the vacancy caused by the resignation of Miss Anastasia McAuley, social worker, who resigned on May 1 to accept a position as social worker in the State Department of Public Welfare, Division of Child Guardianship.

It was with sincere regret that the Board accepted the resignation of Dr. Florence Clothier Wislocki who left Milton to become Assistant to the President of Vassar College, effective August 1. At the September meeting of the Board of Public Welfare it was Resolved:

> "That the Board wishes to extend to its former member, Dr. Florence Clothier Wislocki, the very best wishes in the new and responsible position which she has assumed at Vassar College in Poughkeepsie, New York. The Board is very grateful to "Dr. Clothier" for her splendid service as a member of the Board from 1943 to 1957 inclusive, and feels that the Town of Milton is fortunate to have had the benefit of her efforts during that time. Her grace, tact and acute insight into the mental working of persons aided by the Board will be long remembered by those of the Board who had the privilege of working with her."

At a joint meeting of the Board of Public Welfare and the Board of Selectmen on July 25, Mrs. Frank B. Frederick was appointed to fill the vacancy caused by Dr. Wislocki's resignation. Mrs. Frederick — housewife, mother, teacher of psychology, former social worker, interested and active in civic affairs — is already a valuable member.

The department continues to perform its work in cramped quarters — the staff and work have doubled since the present offices in the basement of the Town Hall were allotted to us in 1937. Accommodations must be provided for Federal and State Auditors and State Field Representatives, who each year, spend many hours in our office auditing our work and reviewing our records. There is not enough space to arrange the offices in administrative, fiscal and social service sections for the desired efficient operation of the department.

Due to new Federal and State laws and regulations, the last six months of the year brought numerous changes in the administration of the public welfare assistance programs — Old Age Assistance, Aid to Dependent Children and Disability Assistance. Whenever new benefits or changes occur in these categories, we apply them to General Relief also. From June 4 to November 7 local welfare departments throughout the Commonwealth received fifteen directives from the State Department of Public Welfare making mandatory certain changes in regulations. The changes required a revision of the Medical Care Plan, review and rebudget of all active cases, changes in recipient payment procedures and fiscal changes for Federal and State reimbursement claims. Many of these changes were due to Federal laws enacted by Congress in 1956 and 1957, which included specific amendments to the Social Security Act as to the method of providing medical care for public assistance recipients and establishing a separate formula for matching the cost of such care with Federal funds. The new laws would have meant a substantial decrease in Federal funds to the State of Massachusetts unless its Medical Care Plan was revised. The intent of the Federal law was to help those states which did not have adequate medical-care programs. Massachusetts, however, has been a leader in providing adequate medical care to relief recipients and it was with great reluctance that the Commissioner of Public Welfare found it necessary to change our program to conform to Federal law in order to receive the maximum Federal grants, effective July 1.

In addition to the complicated changes of the Medical Care Plan, all budgets had to be reviewed as recipients were allowed another cost-of-living increase of 5.7% effective September 1, as well as increases in fuel and light allowances for the winter months.

In accordance with the provisions of Chapter 7, Section 30L of the General Laws, the Director of the Division of Hospital Costs and Finances established a rate of $5.75 per diem for all licensed nursing homes for full care rendered to public assistance patients on and after September 15. At the same time, the allowance to patients in nursing homes and boarding homes for clothing and personal care was increased, effective October 1.

October 29 was the effective date of the law enacted by the State decreasing liability of employed children in computing the resources of an aged parent under the statute relating to assistance to the aged. Employed children of Old Age Assistance recipients are still legally liable to contribute toward support of parents. In extreme cases where the child refuses to accept his responsibility, it is sometimes necessary to take court action; and when a legally liable relative is living outside the State, the action is brought under the Uniform Reciprocal Enforcement of Support Act. Chapter 273A of the General Laws. November 8 was the effective date for increased exemptions for legally liable relatives of persons receiving Disability Assistance.

The above changes, coming without advance notice and all with time limitations as to date of execution, required much overtime on the part of the staff, and some vacations had to be forfeited or delayed until the end of the year. The Board commends the staff for its conscientious efforts in complying with and executing all these revisions and for attendance at various meetings conducted by the State Department of Public Welfare for clarifications of requirements and procedures. We wish also to thank all those concerned who were helpful and co-operative during the confusion resulting from the many and continuous revisions of the Medical Care Plan.

Major changes in Old Age and Survivors Insuranec made by the 1956 amendments of the Social Security Act included the addition of Disability Insurance Benefits to the program, reduction in the retirement age for women and extension of child's benefits to disabled children aged 18 or over. These changes have had some impact on public assistance programs — four of our recipients of Disability Assistance left our rolls when they became eligible for Disability Insurance Benefits; two had assistance payments reduced. We are unable to determine how many women at age sixty-two to sixty-five accepted benefits under the new program, but undoubtedly, these new benefits reduced the number of applicants for public assistance.

A change long overdue became effective July 1 when the State Department revised its Rules and Regulations by increasing the amount which may be allowed for funeral expenses. Funeral expenses are preferred charges against the estate of a deceased recipient, and existing resources; e.g., life insurance, OA and SI death benefit, etc., must first be applied to meeting such expenses. If there are no resources, or the existing resources are insufficient to meet the expense of burial, the Board of Public Welfare will be limited to its legal share which cannot exceed $200 if the total expense by whomsoever incurred does not exceed the amount of $350. When a resource exists, the Board of Public Welfare shall be responsible only for the difference between the amount of the resource and $200. We have always found the funeral directors most co-operative and generous with their services to relief recipients and their families for the minimum rate allowed.

During the past year we have had no problem which was related to alcoholism or unemployment. However, we are anticipating a 20% increase in the cost of relief for 1958 due to the indicated trend toward unemployment, increased cost of living and the increased number of applications received during 1957. The history of our country shows that the long booms have always followed major wars; and that they have always been followed by some years of business depression during which unemployment was a serious problem. Even though "things may be different now" due to so-called safeguards built into our economy, yet it would seem only sensible to assume that the whole relief burden may be considerably larger over the next few years.

Statistics for the past year are listed herewith:

	Active as of Jan. 1, 1957	Applications Received	Applications Approved	Cases Closed	Active as of Dec. 31, 1957	Total No. Aided
O.A.A.	173	46	33	33	173	206
A.D.C.	5	9	7	6	6	12
D.A.	15	7	2	8	9	17
G.R.	3	7	6	8	1	9
Totals	196	69	48	55	189	244

In accordance with the law, many notices are received each year from other cities and towns and hospitals for care and aid rendered, and our office, through investigation, must determine financial responsibility. During 1957, ninety-four notices were received, as follows:

From Milton Hospital	20
From other hospitals	16
From other cities and towns — General Relief	15
From other cities and towns — Old Age Assistance	43

There were five reimbursements to the Town for previous aid rendered, totalling $6,690.39. These were all under Old Age Assistance and three of the recoveries were to release liens on real estate ($5,917.82).

The Board is grateful to Mrs. Roderick Stebbins and to Dr. Seth C. Crocker for their continued interest and valuable counsel.

At this time, appreciation is also expressed to the Jewish War Veterans, The Milton Elks and The Mattapan-Milton Lions Club for bringing joy to many families at Thanksgiving and Christmas time; and the Milton Visiting Nurse and Social Service League for providing camp vacations for worthy children. The Visiting Nurses, the Milton hospital and other private agencies and all Town Departments have been most co-operative during this eventful 1957.

Respectfuly submitted,

REPORT OF VETERANS' SERVICES DEPARTMENT

January 10, 1958

To the Board of Selectmen:

As the Director of Veterans' Services and Veterans' Agent, I am pleased to submit my report for the year ending December 31, 1957.

Services rendered during the year pertained to Veterans' Administraiton Hospital Admissions, On-the-Job Training, VA Compensations, VA Non-Service Pensions, Widows' Pensions, Certificates of Eligibility, Burials, Massachusetts Bonuses and Photostats.

From an appropriation of $26,922.23 the sum of $24,835.97 was expended for Veterans' Benefits. The Town of Milton will realize a reimbursement in the amount of $12,204.16 from the Commonwealth of Massachusetts.

May I express my sincere appreciation to all who have so whole-heartedly co-operated with this department during the year.

Respectfully submitted,

JOHN F. RYAN, JR.

Director

REPORT OF
THE TRUSTEES OF MILTON PUBLIC LIBRARY

January 6, 1958.

To the Citizens of Milton:

The year 1957 was another active and growing one for the Library as measured in terms of its use by the people of Milton. Our total circulation was 235,481 volumes, which was a gain of 14,260 over the 1956 figure of 221,221. With this increase in volumes loaned we also had a gain in the number of people borrowing books, of approximately 1,300.

The important event of the year, however, was the completion in the latter part of October of the new addition to the Central Library building. This has given us a much-needed larger room on the ground floor for children's books and children's library activities, as well as excellent space on the second floor for young adults. There is also space on this floor for stacks to house books for this group, and a fine workroom for cataloging and book repairs.

One of the innovations of the building will be the tile wall in the entrance vestibule of the Children's Room. The tiles, together with paint and the expense of firing, are contributed by The Milton Rotary Club, and the figures and designs on them are being done by the children in their art classes at the Milton Public Schools. When finished in early summer, this wall should give a colorful and attractive greeting to people using the Reedsdale Road entrance.

One of the important features of the renovated building in the older portion, will be the World War II Memorial Room, dedicated to the memory of those citizens of the Town who gave their lives in that War. All of the Library's collection of books devoted to the Second World War are now permanently housed in this room, and placed there also are all of the new books on general subjects, both fiction and non-fiction.

When the new furniture reaches us and is in place, this room should provide an inviting and comfortable spot where adults may enjoy their opportunities for recreational reading.

For the many hours of time and thought which went into the planning and construction of the new building, and the renovation of the older one, we are deeply indebted to the Building Committee consisting of:

Clifton L. Fasch
The late Dr. Edmund R. Mitiguy
Mrs. Elizabeth S. Smyth
C. Vincent Vappi
Frederick R. Walsh
Joseph J. O'Brien, Chairman

Their task was not an easy one, and they can take just pride in the results of their work.

With the limited space of our former Central Library building we were not in a position to use to advantage various pieces of equipment which are now considered standard in most modern libraries, and which we would like very much to have for the benefit of our patrons. Since the necessary money to purchase these things was not provided in the building appropriation, and has not been included in our operating budget, I mention them here with the thought that possibly some of our Milton organizations might like to present them to the library.

1. A Califone Record Listening Machine with earphones.
2. An AM-FM Radio Phonograph, High Fidelity, Cabinet Model.
3. A Bell and Howell Motion Picture Projector.
4. A Moving Picture Screen .

And to this list might also be added the following:

1. Two silk flags, an American and a Commonwealth of Massachusetts.
2. Stainless steel letters of proper size, to make the words MILTON PUBLIC LIBRARY, to go on the brick wall near the Reedsdale Road entrance.

As major repairs which have been carried out during the year, we should mention the reroofing of our main building and the installation of a new combination oil burner and furnace in the East Milton Branch.

In March of 1957, Miss Doris A. Bridges retired from our Board of Trustees after more than eight years of service. Elected on December 6, 1948, she gave generously of her time to the Library, was Secretary of the Board for some years, and served also as a member of the Personnel Committee. As a teacher of English in the Milton High School she brought to the Library a long familiarity with books, and a keen interest in the younger people of the Town. We are grateful to her.

Our new Trustee, Miss Barbara Albret, likewise an English teacher, was elected on March 2, 1957. It is a pleasure to extend to her a cordial welcome to our membership.

In closing this Report may I express our thanks to Miss Shaw, our Librarian, and to every member of the staff. To the ordinary year's work was added the inconvenience which inevitably accompanies renovation and new construction. They have done a fine piece of work and we appreciate their effort.

In the year which lies ahead, with our buildings in excellent condition, and the trials of construction behind us, we look forward with enthusiasm to greater opportunities for service to the people of Milton.

Respectfully submitted,

BARBARA ALBRET

MILTON PUBLIC LIBRARY ANNUAL REPORT

To the Board of Trustees of the Milton Public Library I have the honor of presenting the annual report for the year ending December 31, 1957. This is the eighty-sixth annual report.

Our New Building

No year in the history of the Library, except for 1904 when the present Central Library was erected, has been so important as 1957. Ground was broken for our new addition in November, 1956. In spite of poor weather and several labor strikes work proceeded satisfactorily until on October 11 we were able to move the catalog department into their new workroom. This room was planned with the assistance of an expert from Simmons College School of Library Science. It allows for a logical flow of new books through their various stages of preparation until they reach the patron. In this room we also have a model set-up for book mending, record processing, mimeographing, and poster work.

In November the Children's Room was completed and everything was made ready to celebrate National Education Week and Children's Book Week. Everyone has been enthusiastic about this splendid room. Here at last we have space for the Pre-Schoolers Primary, Intermediate, and Junior High groups to have their own sections of suitable books. Best of all, the furniture will be scaled to fit their respective sizes also. There will be special story hours, and later we hope to have the equipment to put on regular film programs with the assistance of the Audio-Visual Department of the public schools. Several exhibit cases allow the children to see each other's hobbies, as well as special exhibits provided by the Library.

The rest of the new building is still unoccupied while we wait for book stacks promised two months ago, and for our new furniture. This last unoccupied section next to the present stacks, will house many books now on the second floor stacks. Here also will be the new Young Adult Department. There will be seats for about forty college and high school students. This age group will use the Reference Room for study purposes, but will find their recreational reading located in their own new section.

So far the new building is proving to be very efficient and the many admiring and appreciative comments from townspeople prove to us that it is being enjoyed. When the landscaping along Reedsdale Road is completed we feel this will be one of the most attractive of the town buildings.

Old Building Renovations

Much pressure on rooms in the old building has now been removed. The Reference Room has been moved to the south side of the building, and the new World War II Memorial Reading Room has taken its place. The Librarian's Office has also been moved to a quiet southern exposure. Extensive renovation in the area of the old office has given us a pleasant Music Room. All the phonograph records will be housed here Later two listening machines with ear phones will be installed, and it is hoped that we can have an AM-FM radio phonograph to be used during the hours when serious students are not working in the building.

Renovations in the basement have given us a school librarian's office, stack space for school books, and a new Staff Room. This room was much needed. The staff now has a place large enough to prepare hot meals, and where they can relax between shifts. Staff members are often in the building from nine a.m. to nine p.m., and they should be comfortable during their off hours of that long day.

Library Service

Adult Department

During the entire year of construction inconveniences the Library was forced to close only two days. In spite of welding fumes, plaster dust, paint, varnish and lacquer odors, and distracting noises not associated with libraries we have continued to give service. Not as usual, of course, but we hope to a satisfactory degree. Patrons have been most understanding and sympathetic, for which we are grateful. We hope that those people who were allergic to our inconveniences will now return to us.

In spite of all our upheaval there has been another substantial gain in circulation this year. Our increase in books circulated was *14,260*. Phonograph record circulation has dropped because we have been saving many of our new records for a grand opening of the Music Room. Old records are becoming scratched and worn, but we have not had the space to put out new ones. Furthermore we were advised not to expose new records to the plaster dust so prevalent in the building.

Business in the Reference Department continues to increase as people discover the many problems that may be solved by calling the public library. Our telephone reference service is always available.

Hospital bedside book service has been increased in 1957. A Thursday schedule handled entirely by volunteer help has been added to the regular Tuesday visits. We are grateful to those volunteer workers from the Hospital Auxiliary who do such a fine job on the book cart. This service is hard to maintain alone, and we need several dependable volunteers to be on a call list. The usual book deposit service to police and fire stations and to one rest home has been continued this year.

Throughout the year our many exhibit spaces have been filled with pertinent, attractive, and interesting displays. Renovations have increased this space so that now we have two new wall cases at the entrance to the stacks.

The public does not realize the amount of work that must go into preparing new books for circulation. This year 5,750 books were billed, classified, cataloged and processed. Considering that this department was moved twice during the summer some new record must have been established.

Branch Libraries

EAST MILTON — The new Children's Room at this branch has maintained its 1956 popularity during 1957, too. A gain of 3030 in book circulation was recorded in this room this year. Regular story hours for two age groups have been given each month. Special hobby exhibits provided by the children have caused much interest. High schoolers and adults have also enjoyed their renovated upstairs room as is evidenced by a gain of 1336 in circulation in this department.

A much-needed new heater was installed in East Milton during the summer, thus completing the renovation of this building.

KIDDER — For many years this branch has been on the small end of the modernization program. As soon as Central Library building is completed and equipped we must begin a plan to give Kidder Branch a "new look". It needs adequate lighting, a downstairs Children's Room like East Milton's, refurbishing of the main room, and new exhibit cases.

Very successful story hours for the younger group were held here regularly through the year. Excellent exhibits have been arranged for both juveniles and adults. New cork panels just erected will help future displays, but facilities still are far from adequate.

A careful combing of the shelves has been progressing for several months. Books that were shabby or lacking in appeal have been discarded and replaced with newer, more attractive material.

SCOTTS WOODS — Business at Scotts Woods continues to grow. Several times it has been reported that all available chairs were occupied, and that the children obligingly sat on the floor!

Our prime need at this branch seems to be more room. Room for people, room for magazines (they are now displayed on tables which are needed for study and reading) and room for more books. We also need a publicity campaign to acquaint new residents of the neighborhood with the fine library facilities so near at hand. Only the initiated can know that the entrance to this branch library is made through the stone gate of the Firth estate.

Young Adult Department

Since neither book stacks nor furniture for this department has arrived little can be done to establish services. A Young Adult Library Council is carrying on in an advisory capacity. These young people are chosen from all private and public schools in Milton. They meet about once a month to discuss young adult library problems. They were a factor in the choice of furniture for their new room, although structural limitations meant adapting some of their ideas. As soon as the room begins to function this group will plan book selection, book arrangement, and rules for the use of the room.

This fall the Library has been able to resume a program of instruction in library procedures for those Girl Scouts wishing to get library merit badges. These girls put in thirty hours of time at the Library learning how to shelve books, how to do mending, how the library is run, some of the library's problems, and what goes on in the various departments. East Milton, Kidder, and Central Libraries are all cooperating in this effort this year. Girls so trained are very often taken into the Library as paid helpers when they finish their course.

Juvenile Department

In spite of a change of rooms, services to the youngsters went on without interruption. Books were moved to the new quarters over a holiday, and business opened next day at the new stand.

Book Week was celebrated by having the grade school children come to the Library with their teachers. They enjoyed getting acquainted with their new room, the new books displayed so attractively, and their new librarian.

Has the new Children's Room increased the use of the Library by the pupils? Since we have only been using the room seven weeks it is hard to answer this question, but these are the circulation figures:

1956	*1957*
November — 1825 books	November — 2953 books
December — 1362 books	December — 2118 books

School Libraries

All five elementary school libraries have been functioning at full speed this year. The demands of teachers and pupils far exceed the supply of books. Often the afternoon classes are left with little choice of reading materials because the morning classes have taken most of the books.

During the summer the school librarian and her helpers at the Central Library have cataloged and processed over eight hundred books for the school collections. These were the books purchased from school funds that were delivered directly to the Library for preparation. This work represents much cooperation between school and library — from the order slips made out by the teachers and school librarian to the finished book on the shelves. We figure a considerable savings to the Town results from this cooperative effort. Without it each school would have to do the entire job independently. Now it is done five copies at a time, with the resultant saving of equipment and labor. The books purchased from the Library book budget that go into the school libraries are cataloged by our regular catalogers during the year and then shipped to the school where they belong. Duplication of titles is avoided by checking with the school librarian.

Staff

Several staff changes have taken place again this year:

Miss Marilyn Bell left the position of library assistant early in the year. Because we could not fill this vacancy the duties have been divided among staff members.

Mrs. Katherine P. Jeffery has been transferred from the Juvenile Department to the Young Adult Room.

Miss Diane Pawley, a recent graduate of Emmanuel College, is temporarily assuming the duties of the Children's Room.

Mrs. Katharine Berberian has been added to the full-time staff at the Kidder Branch Library. She has been temporarily in charge of this branch during the last of the year while the regular librarian, Miss Hope Brown, has been studying at Simmons College School of Library Science.

Miss Gertrude Frazer, a former teacher, has been assisting at the Kidder Branch. Miss Frazer also has professional music training which has made her a valuable assistant in the rapidly growing record department.

Miss Joyce Bell is assisting in the Children's Room during the evening hours and on Saturdays.

Two part-time substitutes, Miss Polly Andem and Mrs. Mabel Watson have given us excellent service and lightened our burdens as they have filled in at various jobs during the year.

To each member of the Library Staff and to the custodians the Librarian wishes to pay special tribute at this time. It has been a most difficult and trying year, but with everyone pulling together we have made light of all our trials. Now we are ready to enter a year that should be the most rewarding in the Library's history.

Members of the Staff have attended meetings in Cohasset, Marshfield, Quincy, Holbrook, Hingham, Brandeis University, Swampscott, Boston, Chicago, Worcester, Springfield, Braintree, Middleboro, and East Bridgewater. Several Staff members have visited other libraries in Maine; Fitchburg; Cleveland; Lakewood, Ohio; Randolph; and Michigan State University.

Acknowledgments

The Library is especially indebted this year to three Milton organizations who have done much to make the library a place of beauty.

REPORT OF THE LIBRARIAN

Once again we wish to thank the Milton Garden Club for its generous support. Each week Mrs. Frank Eshleman arranges a beautiful bouquet, courtesy of the Garden Club, for our main circulation desk. We are told by some of our visitors that they come to see our flowers, not our books! The Garden Club has also inaugurated a new custom this year. They are purchasing a garden book in memory of each departed member. Five such books are now being added to the gardening collection, and a more formal announcement will be made later.

The Milton Rotary Club is sponsoring the very worthwhile project of the tile wall that will decorate the lobby entrance to the new Children's Room. This project has the enthusiastic support of the school children who are making the tiles, under the direction of their instructors, Miss Harriet Dora Hamlin and Mr. Julian Alexander. This wall should make a most colorful and unique additon to the new room.

The Literature Committee of the Milton Woman's Club made a donation to the new Children's Room which has been spent for a series of six imported children's prints, and a unique Beatrix Potter Wedgewood plate that has been placed on the special Potter shelf of the permanent exhibit case.

Statistics

Name of Library	Milton Public
Date of Founding	1872
Librarian	Marjorie R. Shaw
Population served	25,200
Assessed valuation of the Town	$50,983.420
Terms of use	Free for lending and reference
Total number of agencies	Central Library; 3 Branch Libraries; 5 Elementary school libraries; 1 Hospital book collection; 1 Rest home collection; 1 Police station and 3 Fire stations; 40 classrom deposits.

Days open	300½
Hours per week	Central 63 Branches 33
Volumes in Library at beginning of year	77,167
Volumes added during year	5,750
Volumes withdrawn during year	1,113
Volumes in Library, December 31, 1957	81,804
Number of gift books added	228
Number of gift records added	11
Number of phonograph records loaned	2,769
Volumes of adult non-fiction loaned	63,090
Volumes of adult fiction loaned	81,695
Volumes of juvenile non-fiction loaned	24,700
Volumes of juvenile fiction loaned	65,996
Total number of volumes loaned	235,481
Number of registered borrowers	11,033
Number of new borrowers in 1957	1,306
Percent of population registered	43.7%
Per capita cost of library services to the Town	$3.80
Amount paid to Town Treasurer for fines, lost books, etc.	$4,559

REPORT OF LIBRARY TREASURER

Milton, Massachusetts
January 9, 1958

To the Trustees of Milton Public Library:

The funds in the custody of the Trustees at December 31, 1957 and the 1957 income from those funds are summarized in the following tabulation:

	Principal		
	Book Value	Market Value	Income 1957
Bank stocks	$ 9,253.16	$12,584.38	$ 665.00
U. S. Treasury bonds	8,990.00	8,660.20	186.57
U. S. Savings bonds	3,000.00	2,901.00	105.20
Railroad bonds	2,000.00	1,000.00	70.00
Public utility stocks	840.59	934.50	54.00
Savings bank deposits	5,480.39	5,480.39	159.13
	$29,564.14	$31,560.47	$1,239.90
Add:			
Donation from Literature Committee of Milton Woman's Club			15.00
			$1,254.90

There was no change in the total principal. Within the portfolio the only change during the year was the maturity of a $1,000 U. S. savings bond in the Channing fund. The proceeds were used to purchase a $1,000 U. S. Treasury bond for $990.00. The difference, $10.00, was deposited in the savings bank.

The donation from the Literature Committee of the Milton Woman's Club was specifically for the children's room of the new wing of the library and was so used.

Two statements are appended as part of this report. One sets forth the details of the investments in each fund and the other shows the receipts of income from each fund and the disbursements from total fund income.

It is customary in this report to present a summary of monies spent for the library for books, periodicals, music records and special purposes, from all sources available to us. For 1957, that summary was as follows:

From donated funds, for library use:		
In custody of Library Trustees, per statement herewith:		
For books	$ 1,079.68	
Exhibits	29.15	
		$ 1,108.83
In custody of Town Treasurer:		
Nathaniel Kidder Fund:		
For items not provided for in Town appropriation	1,154.11	

Oakland Hall Fund, for books	519.75	
Milton Education Society, for music records	20.75	1,694.61
Total from donated funds		$ 2,803.44

From Town appropriation:		
Books	10,501.45	
Periodicals	927.16	
Music records	399.69	
Total from Town appropriation		$11,828.30

Every year I find it difficult to express the same sincere thanks in different words. Years ago a wise boss told me that no report is so good that it is worth repeating. But — I now repeat: Thanks to the custodian department of The New England Trust Company and to our dedicated librarian, Miss Shaw, for their assistance in the bringing together of the details herein.

Respectfully submitted,

JOHN B. MOORE, Treasurer

REPORT OF THE SEWER COMMISSIONERS

January 1, 1958.

The Board of Sewer Commissioners makes the following report of operations of the Sewer Department during the year ending December 31, 1957.

General

Population by the Assessors' Census of 1957	25200
Estimated length of streets of the Town (miles)	104.40
Percentage of length provided with sewers	61.29%
Method of disposal	Metropolitan System

Collection Mains

	For Sewage			
	Town-built sewers	Privately-built sewers	Total Town and Private	
LINEAR FEET:				
Total, Dec. 31, 1956	313,326.6	46,172.0	359,498.6	700 (storm overflow)
Extended, 1957	5,120.0	4,171.9	9,291.9	
Total, Dec. 31, 1957	318,446.6	50,343.9	368,790.5	
Miles:	60.312	9.535	69.847	

Number of manholes	2008
Number of inverted siphons	5
Number of storm overflows	1
Number of emergency overflows	12
Number of automatic pumping stations	5
Linear feet of force main (6″)	1359.4
Linear feet of force main (8″)	4530.3
Linear feet of force main (12″)	960.6
Number of gate chambers on force main	1

House Connections

Number of house connection inspections made during the year (includes connections completely made and those partially made)	193
Number relaid during year	—
Number of stoppages coming to the notice of the department	34

Discharge of Sewers

Estimated population using the sewer system		23080
Number of buildings connected		5771
Includes:		
No. of buildings connected as of Dec. 31, 1956	5615	

No. of buildings connected completely from sewer to house during 1957	135
No. of buildings connected from end of house connection previously run out to side line of street only	21

Financial

Total cost of collection mains to December 31, 1957	$2,235,078.36
Bonded debt at date	150,000.00
Average rate of interest on bonds	1.787%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Town Accountant, as shown elsewhere.

The sewer extensions made during the year were as follows:

STREET	Size of Pipe	Length (feet)	No. of MH's
BUILT BY THE TOWN:			
BLUE HILL AVENUE From opp. Ho. #405 to opp. Ho. #480	8″	999.1	5
BROOK ROAD (South Side) From Metropolitan Connection easterly to opp. Ho. #999	8″	65.7	—
CANTON AVENUE From Gov. Stoughton Lane northeasterly	8″	771.2	3

Board of Sewer Commissioners

REPORT OF THE HIGHWAY DEPARTMENT

Milton, Massachusetts
January 10, 1958

To the Honorable Board of Selectmen:

The following is my yearly report of the work done by the Highway Department. Due to the exceptionally dry summer we were able to accomplish a great amount of work. Our construction and maintenance work planned for the year was completed with the exception of the grading and seeding on the Betterment Streets. This will be done in the early spring.

The cost for snow and ice removal for the year amounted to $36,038.76. The following is the cost for the different storms and the general work which includes sanding, filling sand boxes and barrels, the erection and taking down of snow fences, maintenance of equipment and other work not connected directly with the individual storms.

General	$10,293.04	Storm starting January 29	$2,641.36
Storm of Dec. 29 & 31, '56	3,580.73*	Storm starting February 1	1,910.19
Storm starting January 6	6,712.34	Storm starting March 1	1,773.52
Storm starting January 10	4,227.08	Storm starting March 20	1,248.48
Storm starting January 16	3,652.02		
			$36,038.76

*This is just the portion paid out of our 1957 appropriation. The total cost for the storm was $6,935.17.

At the March Meeting $3,000.00 of the Highway-General Expense account was segregated for the maintenance of Pine Tree Brook. This money, plus an additional $1,500.00 more was spent digging out the sludge and dirt from the brook bed that had washed down from work that was being done on the brook and Turner's Pond. This cleaning was done from Brookside Park to Central Avenue.

Unquity Brook from Adams Street to Paradise Pond was also cleaned and widened.

The Town Dump area was cleared each week with our equipment and a new surface was applied to the road leading into the dump. This resurfacing job cost $3,056.08. The weekly clearing work cost $1,732.49. This work is done for the Board of Health who have jurisdiction over the Dump.

A number of streets were treated with tar or cutback asphalt and covered with sand to protect the surface from breaking up and cost $3,642.65.

During the year we installed curbing on Granite Place from Adams Street to the entrance to the Congregational Church driveway. Curbing was also installed on Bassett Street from Adams Court to Franklin Street and the sidewalk in this section was also constructed.

Due to the construction of the Southeast Expressway going on in Town and the number of large trucks hauling road materials through the East Milton section to and from various parts of this project, it has been impossible to keep the streets in this section clean. We have had a large crew cleaning up the spillage from these trucks several times during the year only to have the streets as bad as ever within a day or two.

We have been gradually replacing our wooden street signs with the more permanent metal signs. The upkeep of these is more economical. The demand for traffic control signs has grown steadily with the years as with the traffic line painting. For these three items the cost totaled $9,203.67.

Drainage

This year we completed seven drainage projects. One of these was an extension of the main surface drain at the end of Bradford Road to an open trench which connects with Unquity Brook. This work was done so that the private part of Bradford Road could be extended in front of land recently developed there.

Another drain was installed in Pope Hill Road and adjoining area because of the added amount of water in this area from a new development. The pipe that was in there was not large enough to take the amount of water dumping into Pope's Pond. We replaced the 12 inch pipe with 24 inch to relieve the flooding conditions during heavy storms such as we have had the past few years.

After they graded the banks of Pine Tree Brook the pipe that was in an easement from Brook Road had to be extended to the bank of the brook. Some of the old pipe that was in there previously had to be relayed to take care of the change in grade of the brook. This pipe takes all the surface water from that section of Brook Road and the adjoining streets like Cape Cod Lane and others up to Kerrigan's Corner.

In the Ferncroft Road section a 12 inch pipe was installed in a low spot in this area to help the flooding conditions which we have had complaints about during heavy rainstorms.

An overflow 12 inch pipe was installed in an easement off Elton Road to increase the runoff of surface water in this area. We extended the large drain pipe in Truman Highway that emptied into an open trench causing flooding conditions to the sewer pumps in that area. There was also a 12 inch drain pipe installed in an easement to relieve the drainage problem in the Avalon Road section.

Permanent Construction

Out of this account we resurfaced Adams Street from Pierce Street to the Milton-Quincy line. This street was so badly broken up that our patch crew was constantly having to go there to patch under dangerous conditions. With the great amount of heavy trucking and the constant flow of traffic over this road it was imperative that something be done immediately to protect the surface which was rapidly going to pieces and to make it safer for those who have to use this street day in and day out.

A sidewalk was also constructed on Blue Hill Avenue from Brook Road to Cheever Street for the safety of pedestrians including the school children in this area.

A section of Edge Hill Road was resurfaced out of this account to alleviate an uneven road condition.

Chapter 90

We appreciate the share of money we receive from the State and County to improve our main thoroughfares, some routed roads and others connecting roads. Because of this cooperation we were able to resurface Brook Road from Centre Street to Pleasant Street, Adams Street from Cary Avenue to Forbes Road and Eliot Street from Valley Road to Hinckley Road.

Street Betterments

Three streets were built this year under the Betterment Act, Nahanton Avenue, Sassamon Avenue and Norman Street and with the exception of the finish grading and seeding these streets are complete. We finished the work on Beacon Street, Beacon Street Circle and Truro Lane this spring, Betterment Streets from a year ago.

Sidewalks

A number of sidewalks were built this year. These were either petitioned for or requested by your Board. Both sides of Thacher Street from Breck Street to Canton

Avenue have been done as well as sections on Cary Avenue, Cabot Street and Washington Street.

Chapter 718 of the Acts of 1956

We received $25,000.00 this year for this work and the entire length of Thacher Street was resurfaced out of this account.

New Equipment

Because of the fact that to get replacements for those of our personnel who have either been pensioned or have died is almost impossible, the need for new up-to-date equipment to do the work which was once done by labor is important. The new front end loader the Town purchased this year has proved very helpful. This machine has been used to load heavy granite blocks for walls as well as placing the blocks on the walls on our various construction jobs, loading and setting curbing in place, and is used constantly loading sand, loam and gravel for various small jobs we have daily.

For 1958 I am asking for a small rubber tire wheel tractor backhoe suitable for digging connecting trenches for drains, digging catch basins and manholes and various other small trenching and excavating jobs. I am asking to trade in the automobile the Department now has as it has gone over 115,000 miles and has reached the stage where it would need a costly overhauling for it to be dependable. This has been an economical car to operate and it has been used on the work continuously since its purchase. I am also requesting that two of our trucks, one a 1946 and the other a 1951, be turned in against the purchase of two new ones. as these trucks have been in use every day on construction and maintenance work during the summer and on snow plowing during the winter. Due to the age of these trucks and the cost to overhaul them completely we feel it would be more economical in the end to trade them in for new ones of the same size.

Conclusion

We try to save as much money as possible by paying our bills promptly and earning the discounts which amounted to $2,234.64.

During the past year one of our employees, Patrick O'Grady, who was our senior construction foreman and had worked for the Department for thirty-five years, passed away. He gave long and faithful service to the Town and will always be remembered by those who worked with him.

We have for a great many years received storm warnings from Dr. Charles F. Brooks of the Blue Hill Meteorological Observatory. We were deeply appreciative of these timely calls which were a great help in preparing our equipment for snow storms. We were sorry to hear of his passing away so shortly after his retirement from active work at the Observatory.

To the Highway Department employees I wish to extend my appreciation and thanks for their cooperation in helping to carry out our program for the year. In the past ten years there has been an increase of over ten miles of public ways in Town with an additional 400 catch basins to be cleaned. We have less employees now even though the work has increased and it is through the efforts of our employees that the work was carried through to completion.

I wish to thank the other Town Departments for their assistance during the year, and also wish to thank your Board for the cooperation and interest shown during the past year.

Respectfully yours,
JAMES J. MALONEY
Superintendent of Streets

REPORT OF THE BOARD OF WATER COMMISSIONERS

Milton, Mass., January 8, 1958.

To the Citizens of Milton:

This year the long drought caused a serious water shortage, particularly during the summer months in the distribution system of the Metropolitan Water District.

In view of this situation, the District Commissioner, Charles W. Greenough, requested this Department to curtail the use of water by about twenty percent.

Through the cooperation of the water consumers, we were able to meet this demand without rigid restrictions and maintain a safe pressure at all times in the system.

In order to properly supply the Town of Norwood, a new member of the District, and to increase the supply and pressure in some of the higher parts of Boston, the Metropolitan District Commission erected a new standpipe on Bellevue Hill in West Roxbury. The effect on Milton was to increase the potential water level about twenty-five feet above the top of our tanks.

This made it necessary for us to install altitude valves at our standpipes on Great Blue Hill and Chickataubut Hill, which prevented overflowing of the tanks.

The last step in the relocation of water mains due to the construction of the Southeast Expressway has been completed and the system is back to normal.

Financially, we are pleased to report that the last bond was paid in December, leaving the Department debt free, for the first time in thirty-three years.

Water mains were installed in Lyman Road, Chilton Park and Rose Street under Chapter 40, General Laws of the Commonwealth, authorizing the cost of installing water mains to be borne by the abutters.

Having reached the compulsory retirement age Mr. Michael J. Hannigan will retire in a few months, after having been with the Department for fifty years.

The Board was fortunate enough to obtain the services of Lawrence K. Engdahl who had been Assistant Engineer-Superintendent of the Milton Sewer Department and is well acquainted with the Town and the problems of the Water Department.

You are referred to the Report of the Superintendent on the following pages for detailed figures relating to the activities of the Department during 1957.

Respectfully submitted,

ERNEST E. ERICKSON

JOHN B. MOORE

WILLIAM P. MELLEY

Board of Water Commissioners

REPORT OF WATER DEPARTMENT SUPERINTENDENT

Milton, Mass., January 13, 1958.

To the Board of Water Commissioners:

A report of the activities of the Water Department for the year ending December 31, 1957 is herewith submitted:

Main Extensions

Mains which are revenue producing were installed under the Guarantee Plan in Victoria Street and Woodland Road. In Chilton Park, Lyman Road and Rose Street mains were installed under Chapter 332 Acts of 1955. Improvements to the distribution system were made by replacing 200 feet of 4 inch main with 8 inch in Hope Avenue from Cedar Terrace Street to Granite Avenue. The six inch main in Grafton Avenue and State Street was removed and replaced with 8 inch main. In Thacher Street the 6 inch main was removed and relaid with 8 inch from Wendell Park to Lincoln Street. In Granite Avenue due to changes in grades it was necessary to abandon the old 8 inch main from Courtland Circle to Barney and Careys. A new location was given by the State Engineers and 1700 feet of 8 inch mechanical cement lined pipe was installed. Ten installations of mains were made in new sub-divisions under Chapter 12 of the Town Bylaws which requires the developer to pay the entire cost of installations (Material, Labor and Trenching).

774 feet of 8″	Amor Road
524 feet of 8″	Craig Street
482 feet of 8″	Governor Belcher Lane
200 feet of 8″	Hallen Avenue
538 feet of 8″	Harbor View Road
570 feet of 8″	Hilltop Street
1066 feet of 10″	Meadowview Road
20 feet of 8″	Peter Lane
708 feet of 8″	Ridgewood Road
208 feet of 8″	Sears Road

Maintenance and Operating

Service connections to supply new homes totaled 127. Twelve services in new developments were extended from property line to new homes. In addition, seven 2-inch services were installed and a 4-inch service to St. Mary of the Hills School. Five old services were relaid. Thirteen hydrants were added to our system.

The resurfacing of streets by the Highway Department resulted in additional work for the Department. All gate valves were inspected and all gate and service boxes raised to grade. It is my opinion that this expense should be charged to the betterment and resurfacing of streets.

The lowering of the channel of Pine Tree Brook at Thacher Street and Brook Road made it necessary to remove and relay our Water Main.

At the close of the year all hydrants have been inspected and serviced.

Accounts Receivable

Outstanding balances on our books December 31, 1957 were:

Sale of Water	$20,388.15
Service Installation	4,834.96
Miscellaneous	5,619.78
Liens Added to Tax Bills	237.16
Tax Titles	172.25
Total	$31,252.30

I wish to extend my thanks to the Board of Water Commissioners for their support and wise guidance and to all other Departments for their cooperation and to the employees of the Water Department, whose conscientious efforts have contributed to the efficient operation of the Department.

Respectfully submitted,
MICHAEL J. HANNIGAN
Superintendent

REPORT OF THE BOARD OF RETIREMENT

Milton, Massachusetts
February 3, 1958

To the Honorable Board of Selectmen:

The report of the Board of Retirement activities for the year ending December 31, 1957 is submitted herewith. There was no change in the Board membership in 1957.

Three members were retired in 1957. One active member died and a survivorship allowance is being paid to his widow.

FINANCIAL STATEMENTS

REPORT OF TOWN ACCOUNTANT

Milton, Massachusetts
January 24, 1958

To the Honorable Board of Selectmen:

I hereby submit the report of the Town Accountant for the year ending December 31, 1957, arranged as follows:

1. Detailed accounts of all moneys received by the Town as classified in accordance with the requirements of the Division of Accounts of the State.
2. Details of all departmental accounts showing the appropriations, credits, expenditures and balances. The expenditures are classified in accordance with the requirements of the Division of Accounts.
3. Balance sheet as of December 31, 1957 showing debit and credit balances on all open ledger accounts.

All original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1957, and all Trust Funds in the custody of the Town Treasurer and Library Trustees have during the year been examined and found to be correct.

In accordance with the provisions of Section 58, Chapter 41 of the General Laws, I am listing the following bill reported to me as unpaid:

1957

School Department:	
Police service at graduation	$24.00

Respectfully submitted,

JOSEPHINE M. McATEER
Town Accountant

William B. Weston Bequest

The $15,000 Poor Fund left with Francis C. Welch, Trustee, is held in the Weston Estate, the Boston Safe Deposit & Trust Company now being Trustee. Copy of the Will is in the custody of the Town Treasurer.

The $6,000.00 Hospital Fund is now represented by Certificate No. 602 of the Massachusetts Life Fund. For 1957, income added to principal was $1,207.90 and capital gains $292.83. The total of these amounts has been converted into units of the Fund, the December 31, 1957 balance of which is 1,915.28 shares, with a value of $17.56 per share.

On March 1, 1957 there was a two-for-one split-up, which increased the Town's holdings by 915.08 shares.

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1957	$441,875.81

This Fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15-18, of the Public statutes.

Mary L. Peabody Fund

Amount held December 31, 1957	$5,572.24

The clause under which this bequest is given is as follow: "To the Selectmen of the Town of Milton, Massachusetts, $5,000 to be invested and the income thereof to be distributed annually to the poor at Christmas."

E. T. L. Reed Park Fund

Amount held December 31, 1957	$11,920.49

EXTRACT FROM THE WILL OF ELIZABETH T. L. REED

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts

. . . .

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery

"And the third of said parts shall be paid to said Town of Milton and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequest in favor of ...., the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

Jason Reed Fund

Amount held December 31, 1957	$2,626.67

Sarah G. Vose Fund

Amount held December 31, 1957	$1,170.63

E. G. Tucker Fund

Amount held December 31, 1957	$1,168.48

Herrick Fund

Amount held December 31, 1957	$8,000.00

Bannin Family Fund

Amount held December 31, 1957 .... $500.00

The Will of the late Thomas J. Bannin, Paragraph nine, reads as follows: "I give to the Milton Cemetery the sum of $500.00 to be established as a Fund to be known as the Bannin Family Fund, the interest of which shall be used for the care of the Bannin lot in said Cemetery and to furnish suitable floral decorations on May 30th of each year and all other suitable occasions."

Katherine A. Kelley Fund

Amount held December 31, 1957 .... $1,000.00

The Will of the late Katherine A. Kelley of Milton, clause five, provides this Fund, the income of which is to be used for "care and flowers for the family lot."

Charles T. Pierce Fund

Amount held December 31, 1957 .... $1,801.39

Charles T. Pierce, late of Brooklyn, N. Y., and Greenwich, Conn., bequeathed to the Milton Cemetery the sum of $1,000.00, "the income to be used for the care of my family lot."

Mary L. Peabody Cemetery Care Fund

Amount held December 31, 1957 .... $1,695.31

Oakland Hall Fund

Amount held December 31, 1957 .... $12,139.76

The income from this Fund is paid out under the direction of the Trustees of the Public Library for purposes of the Mattapan Branch Library.

Tuell-Hallowell Good Citizenship Prize Fund

Amount held December 31, 1957 .... $1,954.34

EXCERPT FROM SCHOOL COMMITTEE RECORDS — SEPTEMBER 10, 1923

The Chairman presented to the Committee the following correspondence:

"To the School Committee of the Town of Milton:

"The Tuell Alumni Association herewith present, through your Board, to the Town of Milton, the sum of One Thousand Dollars ($1,000.00) to be held as a fund in perpetuity, and the income thereof to be paid to the School Department and to be used to provide two prizes, one prize to be known as the Hiram Tuell Good Citizenship Prize and to be awarded to the boy in the Senior Class of the Milton High School, who, in the opinion of the faculty of said High School, has shown in the highest degree, those qualities that make for good citizenship; the other prize to be known as the Henrietta T. Hallowell Good Citizenship Prize, and to be given to the girl in the Senior Class of the Milton High School, who, in the opinion of the above said faculty has shown similar qualities.

"The prizes are to be awarded each year at the graduation exercises. If such exercises are omitted for any year, the prizes are to be awarded on some other occasion, near the close of the school year."

PERCY E. SHELDON,
President, Tuell Alumni Association

June 2, 1923.

For additional gifts to the fund, see report of 1947.

Nathaniel T. Kidder Fund

The following is an extract from the will of Nathaniel Thayer Kidder. Eighteenth:

"I give and bequeath to the State Street Trust Company . . . the sum of twenty-five thousand dollars ($25,000), in Trust . . . the income only of which shall be paid at such times as the Trustees may from time to time determine, to said Town of Milton for the uses of the Milton Public Library system as the Trustees thereof for the time being may in their absolute discretion determine."

Gov. Stoughton Trust Fund

The Governor Stoughton Fund is derived from receipts of the rental of the Town Farm, and is spent only at the direction of the Selectmen for purposes specified in Governor Stoughton's Will.

Milton Education Society Gift

The Milton Education Society Gift was received September 24th, 1952, "for the use of the public library of that town, such sum to be available to the Trustees of the library, both principal and income, for the purpose of adding to educational material maintained by the library with particular reference to the purchase and maintenance of a collection of phonograph records, tape recordings, and the like, of the performance of musical compositions and allied subjects."

The amount received in 1952 having been spent as provided, the account has been closed as of December 31, 1957.

TREASURER'S REPORT OF TOWN BONDS

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Milton:

The School Committee herewith submits to the citizens of Milton its Annual Report for 1957.

In a year marked by an increasing interest in all phases of education, your School Committee is pleased to report that the schools of Milton continue to rank high among the educational systems of the State. This is due in great part to the continued and untiring efforts of the principals, teachers, and all other staff members who have contributed so extensively of their personal time and efforts.

The Committee takes this opportunity to express its appreciation to Dr. Owen B. Kiernan, who resigned his position as Superintendent of Schools on September 1, to become Commissioner of Education for the Commonwealth. His contributions to the improvement and development of our schools merit the appreciation of the Town and all its citizens.

The Committee also wishes to extend its gratitude to George Marsden, who as Acting Superintendent has so ably filled the varied requirements of the Superintendency. Effective January 1, Mr. E. Davis Woodbury of Natick will officially assume the duties of Superintendent.

The accomplishments and objectives of the Committee are excellently stated in the report of the Acting Superintendent, and we recommend them for full reading.

To all department heads, official boards, Town agencies, and citizens generally, the Committee extends its thanks for many acts of assistance and cooperation during the year 1957.

Respectfully submitted,

W. GORDON SWAN, *Chairman*
TERESA P. EDWARDS, *Secretary*

REPORT OF THE ACTING SUPERINTENDENT OF SCHOOLS

To the Milton School Committee
Milton, Massachusetts
Mrs. Consolati, Mrs. Edwards, and Gentlemen:

The public is much concerned with the aims and results of our schools because they seem to ensure a continuation of orderly processes in society. Although the school task is massive like an iceberg with much of the educational program submerged below the surface, this report attempts to give a sketchy account of the program, trends, and problems of the Milton Public School System.

BUILDING PROGRAM

The year 1957 has been marked by the construction of the new West Junior High School which is adjacent to the Charles Sumner Pierce elementary school. During the early winter months the grounds were cleared and the terrain was leveled preparatory to the laying of the foundation during the spring months. The erection of the steel frame was well in advance of schedule until mid-summer. Thereafter, cement and structural steel strikes delayed the outside construction. Due to these delays there was no heat at the Pierce School during September and the auditorium was not available for more than a month. Moreover, the cafeteria was not usable for several months because, not only was the dining room being enlarged, but the entire kitchen arrangement had to be expanded. During this period the pupils of the Pierce School brought lunches from home, which they supplemented with milk purchases. The playroom was used temporarily as a dining room. The parents, teachers, and pupils of the Pierce School merit commendation for their patience during this difficult period. The major part of the exterior construction work on the building was completed in 1957. During the winter and spring of 1958 the plumbing, electrical fixtures, and interior finish should be installed.

Bids for the furnishing of the building are scheduled for release early in January 1958. It is expected that the building will be furnished during the early summer and be ready for occupancy in September 1958.

With the completion and occupancy of the West Junior High School the High School building will be devoted exclusively to the Senior High School grades 10, 11, and 12. The present overcrowding should be eliminated. The change ought to allow for the future growth of enrollment at the Senior High School for the next few years.

Increasing enrollment in the Glover School district indicates that expanded facilities will have to be provided at this school in the near future. The School Committee is delaying definite action pending completion of present parochial school construction to determine what effect this may have on enrollment at the Glover School.

Enrollment and population trends within the next few years will determine whether the present Belcher School, built in 1894, will have to be replaced with a new and more modern building.

ENROLLMENT TRENDS

Schools opened in September with an enrollment of 3800 pupils, the largest ever recorded in the Milton Public Schools. Such an increase had been anticipated. Since 1953 a series of enrollment projections have been kept, based on various statistical records figured annually in the school office. These projections have proved to be remarkably accurate, erring always on the conservative side. Over the past six years there has been an actual enrollment increase of seven hundred pupils; an additional four hundred are expected by 1960.

This year the Kindergarten enrollment reached a peak of four hundred children, due to the present policy of parochial schools to eliminate kindergarten classes. However, by the beginning of the first grade, the usual ratio between public school and parochial school children is reestablished.

Milton has its share of today's moving population, yet records would seem to show a greater number of admissions than discharges, for there has been a steady percentage of growth throughout all grades of the school system. The largest immediate growth will be in the upper grades of the Junior and Senior High Schools.

BUDGET

Because Milton is almost a purely residential community the schools are recognized as very important by the citizens. The quality of the public schools and the educational opportunities readily accessible constitute a significant criterion in the purchase of a home. Milton needs to maintain a very high grade school system. Despite the fact that Milton does support excellent schools, the proportion of the tax levy used for public education is low in comparison with many other communities of comparable size.

Despite many influences which draw pupils away from the public schools, the enrollment continues to grow, and new construction and additional teachers are the inevitable results. The growing enrollment and the opening of a new school necessitate an addition of eighteen people to the staff. Fifteen of these are classroom teachers. Not only do additional teachers result in an increase in the budget, but a periodic review of the salary schedule is necessary. The Milton School System is endeavoring to maintain a reasonable salary schedule comparable with other communities. Milton should attract and retain desirable and well qualified teachers.

Milton has succeeded over the years in maintaining a very high record of longevity among the teaching personnel. The annual turnover has been slight. The loss to other school systems has been negligible and confined mostly to the newer teachers. The school children have been the beneficiaries of this high record of longevity. Because many of our teachers make their assignments in Milton a life career, there are numerous teachers who are at the top of the salary schedule which functions at all levels. It is the so-called preparatory type which is based on degrees of education with step raises according to experience.

The schedule effective September 1958 is as follows:

	Minimum	Maximum
Bachelor's degree	$3600	$5800
Master's degree	$3800	$6000
Six-year preparation level	$4000	$6200

REPORT OF SCHOOL COMMITTEE

PERSONNEL

The Milton School System received a signal honor and suffered a great loss with the election of Superintendent of Schools, Dr. Owen B. Kiernan, to the office of Commissioner of Education of Massachusetts on September 1. Dr. Kiernan had completed six years of noteworthy service with the Milton Public Schools. His many contributions to education locally have made a lasting impression on the community.

The school system is very fortunate to have as Superintendent of Schools Elect, Mr. E. Davis Woodbury of Natick, who comes to Milton with a rich background of professional education and sound practical experience.

In July 1957 an administrative assistant was added to the staff of the Central Office. This position was established to lighten the general assignment load of the Superintendent which has increased in proportion to the increase in student enrollment and instructional staff. Among the special responsibilities of the Administrative Assistant are curriculum coordination, transportation, evening schools, public relations, testing programs, requisitions, research, and statistical work. Mr. Hugh Watson, who has had administrative experience as an elementary school principal in Westfield, Massachusetts, was elected to this post by the School Committee.

In September 1957, a School Adjustment Counselor was added to the general staff. The annual report of last year recorded the intention of the School Committee to institute a specialized guidance program at the elementary level. The purpose of this program is to detect incipient cases of non-social or non-civic attitudes and to endeavor to arrange with parents, pupils, teachers, and community agencies for therapeutic treatment before anti-social habits are firmly crystallized. This position is underwritten by the Commonwealth of Massachusetts to the extent of $4500 under Chapter 696, of the Acts of 1955. Mrs. Pauline Donahue, who not only had acquired the special professional education mandatory for this post, but had also lived and taught in Milton, was promoted from the Pierce School staff for this specific assignment.

In last year's report, it was pointed out that an additional nurse would be needed to provide adequate nursing service in our schools. It has been difficult to obtain a second nurse with the background obligatory for school work. However, in the late autumn the services of Mrs. Isabel McGowan were engaged. Mrs. McGowan formerly worked in the Milton School System and was thoroughly conversant with local problems.

Elsewhere in this report reference has been made to the retention of Milton teachers or to the holding power of the schools. Marked exceptions to the strong tendency to remain in Milton have been the men administrative assistants who have recently come in as sixth grade teachers in the elementary schools. As a stabilizing influence and precautionary measure, every school should have an alternate person who is conversant with the work of the principal, one who participates rather actively in the current school administration. Each school should have one or more male teachers on the staff. In the secondary school area about one-half of the instructional staff are men. Some inducement must be found to retain men in elementary school posts for a longer duration.

The entire school system was saddened by the death of two beloved and valued teachers during the year. Miss Dorothy Potter, an English teacher in the Senior High School, was stricken in England while on a summer educational tour of Europe. She died in a London hospital soon after school opened in September. Mrs.

Ellen Ochs, who had taught eight years in grade one at the Tucker School, was also unable to return to the schoolroom in September. Mrs. Ochs had also been an intermittent substitute prior to her regular employment. Mrs. Ochs died in the early autumn. Both positions were filled with long-term, temporary substitutes.

EXCERPTS FROM STAFF REPORTS

Mr. Robert J. Gordon, Superintendent of Buildings and Grounds:

"The long-range plan of improving lighting conditions in all schools, instituted by the School Committee in 1950, is nearing completion. It now appears that the work may be finished in all schools in 1959. As a result of this forward step, the lighting levels in all rooms will be at least 30 foot candles. Of course, the yearly amount and cost of electricity has increased substantially despite the fact that the same amount of illumination can be supplied with a lower power consumption and cost when using fluorescents than with incandescent lamps. This greater usage of electricity clearly indicates the extent that the old incandescent lighting systems really were below standard and points up the serious need for improvements."

Mr. Hugh Watson, Administrative Assistant:

"As regards the new West Junior High School, department heads and teachers concerned have been consulted about furniture and other equipment. An equipment schedule for the entire school is being prepared at this time. Th plan is subsequently to develop more detailed specifications and submit the equipment list to prospective bidders in January of 1958. In considering alternative schedules of equipment, sales representatives from many companies have been consulted. New junior high schools have been visited in Braintree, Quincy, Brockton, Middleboro, and New Bedford."

Miss Lorinda M. Folsom, Principal of the Belcher School:

"Belcher remains a neighborhood school, with an excellent staff of experienced teachers and a small pupil population. As such, we are an expensive school to operate on a per pupil basis, but we have advantages. We can and do study each child, that we may learn his interests, his capabilities, and how to reach — even to expand — these potentials. For some pupils we have a special advantage, as adjustments can be made to provide the best learning situation possible at a given time."

Mr. Chester W. Ruggles, Principal, Collicot School:

"Due to the inucreasing interest in the teaching of science, we have analyzed our own approach and teaching in that particular field. It was most gratifying to find that our program is in accord with the recommendations and suggestions which result from the research being carried on in our universities and colleges where teacher-training receives major emphasis. The addition of more science resources to our library both for the teacher and the pupil will help to assure continued growth in our teaching and learning in that subject area. One of the evening meetings of our Collicot School Parent-Teacher Association was devoted to the subject of Science during which some 450 interested citizens observed exhibits of science activities in the classrooms. Dr. Albert Navez, head of the Science Department of the Newton Public Schools, gave a talk indicating needs in that field and a prediction of future growth and emphasis.

"Our main interest at Collicot School is to provide the best and most well-rounded education possible for the boys and girls of this district. As General Electric Company says, "Progress Is Our Most Important Product." In education the continuance of Progress is, and must be, our constant aim. With the increase of efficiency in teaching being demanded, the role of the Principal as instructional leader is receiving increasing emphasis. Educational research and development has reached the point where in-service education for teachers is a must and the individual school, by means of faculty meetings, must increase their efficiency through group discussion, study, and co-operate analysis of methods and materials. The strength of any school system lies in its individual classrooms and the direct responsibility for the improvement of instruction in the classroom is that of the individual principal."

Miss Frances A. Murray, Principal of the Glover School:

"Certain field trips have been popular at different grade levels. The second grade goes to Plymouth, Massachusetts, during the month of November. The sixth grade visits the Science Park Museum. All grades enjoy a visit to the Milton Public Library. Kindergarten trips include one to the Milton Fire Station and one to the Franklin Park Zoo.

"Classes have continued the practice of giving assemblies. The program for Memorial Day takes place outside in front of the building. All grades have a part in the exercises.

"In April, the sixth grade invites the members of the Milton Garden Club to visit their class. It is through the generosity of this organization that the Audubon Nature Course is given here at the school. This meeting gives the boys and girls an opportunity to thank the ladies. They also demonstrate, in various ways, the knowledge and other benefits they have gained from the course.

"A Christmas project provides the joyful experience of giving. This year the children plan to send gifts to a children's hospital. As members of the Junior Red Cross, the boys and girls serve others in many ways all during the year."

Mr. Benjamin J. Bump, Principal, Charles Sumner Pierce School:

"Construction in our cafeteria and kitchen closed those facilities in June. Since September, we have been using the playroom as a cafeteria, with the pupils bringing their own lunches. An opportunity is provided for them to buy milk and ice cream during the noon hour.

"Without full use of the auditorium, it has been necessary to discontinue monthly pupil assemblies. The all-purpose room is being used as much as possible for the showing of films and filmstrips.

"Intramural sports were carried on during the year under the direction of Mr. Raymond and the immediate supervision of Mr. Silveira and Mr. McDonald.

"Our academic program has continued along the familiar lines, with particular emphasis on the development of a greater skill among the pupils on the fundamentals of reading, arithmetic and written and oral language. Particular stress has been placed on the teaching of science in all grades."

Miss Eleanor C. Blaine, Principal, Tucker School:

"The Milton Public Library is to be commended for its excellent choice of Miss Mary Harnedy as a full-time school librarian. We have partially converted the small sewing room on the second floor into a library. Shelves have been erected on one side, and now grades one through six, inclusive, visit the library, take out books and receive library instruction. We should like to enlarge our library space and program, but inadequate room makes it impossible at this time. Some rooms still maintain their classroom libraries.

"A visual aid and record library has been organized and catalogued in a most efficient manner by Miss Helen Whitcomb. Our hope is to enlarge it as they continue to play an important role in our educational program. Our classes benefit from the display boxes Miss Wagner obtains from the Children's Museum, as well as the annual visit to the Science Park for the sixth grades. New maps and globes have helped to bring other aids up to date. Our teachers have continued to use an increasing number of films, filmstrips, and records which her department supplies. Many of our classes starting at Kindergarten level visited farms, milk plants, and the fire station, and made tours of Milton and historical sites in Boston. We hope soon to have another film projecter suitable for classroom use.

"Our classes have continued the practice of assembly programs and I have found them outstanding in every respect. They are meaningful and correlate many phases of our educational program. Parents have been amazed at the professional finesse which the children have acquired. Each class contributes one program some time during the year. The children accept with enthusiasm the extra work which such a program entails."

Mr. W. L. Rinehart, Director of Handwriting System:

"Our records show at the conclusion of June 1957 that 97% of the papers scored were Excellent or Good. It is reasonable to conclude, therefore, that 97% of the papers were eminently satisfactory. Only 3% of the papers were rated Fair or Unsatisfactory."

Mrs. Pauline M. Donahue, Adjustment Counselor:

"To assure early identification, I would like to have the opportunity of going into the first grade and screening the children in the lowest reading group. To be sure, some would be there because of their natural ability and lack of maturing. Others might have some physical disability that has not been detected before. Still others would have ability but because of some emotional stress would not be able to achieve. This indeed would be the time to investigate before any serious maladjustment has occurred."

Mr. Julian S. Alexander, Director of Art:

"The Seventh, Eighth, and Ninth grade art curriculum was completed on November 7, 1957, and is now being edited and re-typed. The Senior High School art curriculum plan is almost complete and should be ready for editing by Miss Miller before January 3, 1958. Both guides represent a plan of meeting needs of Milton Junior and Senior High students for right action in art education."

Miss Jane C. Wagoner, Director of Audio-Visual Education:

"In the fall of 1956 a reading experiment was conducted in the second, fourth, and fifth grades at the Pierce School to determine the effectiveness of the Tachistoscope in the teaching of reading at these grade levels. Each grade was divided to provide one experimental class and one or two control groups. The same words were taught in all classes of the grade and suitable tests were given at the beginning of the experiment to the respective classes.

"The experiments, which ended by June, were successful and significant only in grade four. In grade two the results were inconclusive. In grade five, because of the lack of darkening curtains in the experimental classroom, the tachistoscope was ineffective except on dark days. The teacher in this classroom was especially interested in working with the tachistoscope but even with this enthusiasm the problems of finding a suitable place each day proved difficult and many times impossible. Since daily use is essential to obtain maximum value, the experiment was discontinued. In grade four, however, the tachistoscope was used daily under controlled light conditions. The same tests were given at the beginning and at the end of the experiment to all classes. The per cent of improvement was found to be twice as great in the experimental class as in the other two classes, although the latter had students of higher reading ability and I. Q. than the former."

Mr. Francis W. Tatro, Director of Music:

"This past year we initiated a program of song flute playing in all the third grades. Our purposes were three-fold: 1) one more way for the children to derive pleasure from music, alone and in groups; 2) making the reading of music easier and more interesting; and, 3) increased interest in instrumental music. These aims have all been overwhelmingly accomplished. Each child paid one dollar for the instrument and the book. All instruction was given during the regular music period by the room teacher or the director. Many of the fourth grades asked to be included in the program. Altogether we had 605 pupils playing song flutes."

Mrs. Miriam Schoenherr, Supervisor of Adult Evening Classes:

"The following courses were offered by the Milton School Committee and the Massachusetts Department of Education: clothing, metal ware, hooked rugs, foods, and furniture refinishing. Courses in oil painting, typewriting, and badminton were offered by the Milton School Committee. Each class was held one night per week for a period of twenty weeks. These classes were open to residents of Milton."

Dr. Lillian F. McMackin, School Physician:

"The boys in the Central Junior and Senior High Schools have been examined by Dr. Kenneth F. Sands and special examinations have been conducted for those boys participating in competitive sports.

"Physical examinations have been completed for both girls and boys at the Mary A. Cunningham Junior High School, Glover School, Collicot School, and Belcher School."

Dr. John P. Herlihy, School Dentist:

"This year our examination was performed by mouth mirror and explorer in good light. This examination required five minutes and included the recording of the DFM count on each child's health card. Examinations have been completed for all pupils at the Belcher, Glover, and Collicot Schools; the kindergarten, first, and second grades at the Pierce and Tucker Schools."

Mr. Joseph C. Ryan, Supervisor of Attendance:

"Number of cases investigated		6
Number of personal calls made		11
Number of recorded telephone calls		9
Absences due to illness		2
Absences due to truancy		4
Milton Public School Pupils	5	
Pupils of other schools	1"	

Miss Joan Furey, R. N., School Nurse:

"A change in the chest X-ray program is worthy of note at this time. Upon recommendation of the Massachusetts Department of Public Health, chest X-rays have been discontinued, and will be replaced by tuberculin tests. These tests will be given, with parental approval, to children in grades two and eleven, and only those children showing a positive reaction will be X-rayed.

"This fall, Flu vaccine was made available to all teachers and employees of the Milton School System. These injections should afford maximum protection in the event of an Asian Flu epidemic."

Mrs. Dorothy Callahan, Director of Cafeterias:

"The School Lunch Program continued to offer a TYPE A hot lunch for twenty-five cents in all schools with cafeteria facilities. Through the Special Milk Program, milk (½-pint, homogenized, unflavored) was offered in all schools in unlimited quantities at the cost of four cents per ½-pint. This constituted an increase of one cent over the preceding year, and was due mainly to the use of paper cartons instead of glass containers."

Mr. Robert E. Raymond, Director of Health, Physical Education and Athletics:

"The Physical Education program in the Milton Public Schools continues to grow in its attempt to present a flexible schedule of seasonal activities, which are expected to contribute to the well-rounded development of all pupils. Broad, varied, and meaningful activities are the basis of this program. Our intramural and varsity athletic programs continue to be a natural outgrowth of our instructional activities in classwork from kindergarten through grade twelve.

"This year, for the first time, soccer has found its way solidly into our class program. The game requirements of vigorous activity and participation by all team members has made this an excellent addition to our fall outdoor program."

Mr. Charles M. Dunbar, Director, Driver Education Program:

"As of June 30, 1957 the enrollment was 254, an increase of twenty over the previous year.

The breakdown is as follows:

Students trained, licensed, and certified	103
Juniors who may be trained in 1957-58	89
Seniors whose program could not be fitted into the master program	62
Total	254

"In the evening division, limited to non-members of the High School, under twenty-six, and residents of Milton, forty-one were enrolled and forty-one were trained, licensed, and certified."

Miss Gertrude M. Miller, High School Guidance Director:

"Let us consider the size of our classes — the enrichment and grouping of children who can travel faster than others due to their 'native ability' — more time and patience for those who need it so that they may eventually, many of them, meet high standards through hard work. Cultivate respect for any work to be done, remembering that all cannot be scientists, that many people need to be educated in other areas more suited to their interests in order that our American civilization may survive. Desire, effort, pride and honor in achievement should pulsate throughout our educational system. Teachers must tighten up, really become 'tough' as to the amount of work required and the quality of that work. Both home and school must co-operate toward these ends."

* * * * *

The work of the past four months has been a very stimulating experience for me. The schools have functioned quietly and efficiently without a major discord. May I express my personal thanks to the School Committee, to the central office staff, and to the professional corps of workers. Everyone has tried to make certain that the whole school system operated on a very high level. The pupils have been the beneficiaries of this untiring and loyal spirit.

Respectfully submitted,

GEORGE C. MARSDEN

Acting Superintendent of Schools

REPORT OF THE ACTING-PRINCIPAL OF THE HIGH AND CENTRAL JUNIOR HIGH SCHOOLS

Dear Mr. Marsden:

I herewith submit my first annual report as Acting-Principal.

After twenty-eight years as a teacher and sub-master under your leadership, the opportunity to succeed you as acting-principal was a most welcome challenge.

Despite the fact that we were faced with an increased enrollment and crowded conditions in September, accommodations were available for all who entered. Foresight in the planning of extensive renovations, repairs, and the purchase of new furnishings did much to alleviate many anticipated problems.

Because of lack of rooms of suitable size, study hall conditions at present are not conducive to the best study habits. This is also true of many classes and activities, but there is an understanding awareness that this will be corrected with the transfer of the Central Junior High classes to the new Pierce Junior High. The staff members and the entire student body is to be congratulated for their excellent spirit of cooperation under such crowded conditions.

The school lunchroom area and furnishings are deserving of an extensive study by a special committee. The transfer of the Junior High classes will eliminate the crowded conditions, but modern tables and chairs should replace the present tables and stools when budgetary conditions permit. With the refurnishings would come a greater opportunity to more profitably utilize such area for other school and civic purposes. The quality of the lunches served continues to be excellent, and the increased volume of student purchases taxes the kitchen facilities which have so recently been improved and enlarged.

The student coatroom facilities continue as a problem, especially during the winter months. It is hoped that these conditions will be corrected when space is available in the near future.

A comprehensive study and formulation of plans for the transfer of the Central Junior High classes to the new Pierce Junior High should be inaugurated as soon as possible. This study should include plans for the grouping of departmental classrooms for the Senior High School in areas most suitable for the purposes intended. Such a study as the latter will reduce corridor traffic to a minimum and allow for the advantages accruing from such homogeneous grouping.

It is hoped that suggested plans for a separate library unit in the area now occupied by rooms 207 and 208 will soon be adopted. This new facility within the school building will greatly supplement the assistance rendered us by the Milton Public Library. A full-time labrarian should be provided to adequately supervise the library, as a library. To consider this facility as a study hall would defeat its purpose.

It is recommended that official authorization be granted to conduct a self survey or evaluation of Milton High School, with a subsequent revaluation by a visiting board of examiners named by the New England Association of Colleges and Secondary Schools. It is my understanding that authorization for this survey, such survey being mandatory of all public members of the Association, would be delayed until such time as the Junior High classes were separated from the High School building. A comprehensive outline of this type of survey was presented to all staff members in

October. Inasmuch as luncheons and meals are required for all, and housing facilities for some members of the visiting Evaluation Committee, a committee to plan this evaluation should be appointed well in advance of the actual work of the survey committees which is so extensive in nature. It would seem that this Survey should be authorized for the school year 1958-1959.

I would be remiss if I failed to commend most highly the members of the teaching staff who are doing outstanding work under crowded conditions. Their cooperation has been of the highest order. I have enjoyed the cooperation of the entire student body and have been assured by parents of their complete willingness to assist us in maintaining high scholastic standards.

I wish to thank you and the members of the School Committee for the support and encouragement given me these past three months. For all of this, I am most grateful.

Respectfully submitted,

E. FRANCIS KANE

Acting Principal

REPORT OF THE PRINCIPAL OF THE MARY A. CUNNINGHAM JUNIOR HIGH SCHOOL

Dear Mr. Marsden:

The continuing increase in our enrollment presents several problems. The scheduling of classes is now my major concern because of the size of these classes. Because of this situation some of our rooms must be used for as many as four different classes during the week. In some cases one class will have to meet in four different rooms. The fact that our enrollment has grown makes for crowded conditions. There is need of at least two additional classrooms.

Like other schools in our community we have many transfer students each year. These youngsters entering our ninth grade college course are usually deficient in their foreign language background and present a scheduling problem. The number of these pupils has been increasing each year. This problem does not exist in the seventh and eighth grades. We assign the youngsters in these grades to the division in which we hope they will meet with the greatest possible success.

This year, as in the past few years, the Cunningham lunchroom facilities have been used by the Collicot School as well as our own. That the demands made have been met successfully is due to the efficient manner in which Mrs. Payne and her staff serve the various shifts of the two schools. The seating problem so far has not been present as the Cunningham School eats in two shifts. The Collicot School will eat in two shifts when it starts the single session during the winter.

For the first time in years a dramatic group was active in our school last year. This organization was known as the Cunningham Players' Group. On February 15th they presented a very successful play entitled "Bessie, the Bandit's Beautiful Baby." This group was well received by the students and it is something we hope to continue.

The P.T.A. Country Fair and Supper held in April was the highlight of the P.T.A. season. Following an excellent chowder supper in our cafeteria, parents and youngsters enjoyed a very pleasant social evening.

Because we do not have an auditorium, our play as well as a spring fashion show presented by the Home Economics Department had to be held at the Collicot School. With this lack of an auditorium, we feel we are greatly limited in this type of endeavor.

Over the years we have had very few changes in the Cunningham faculty. This has made possible a continuity in the program carried on at Cunningham. The teachers have enjoyed their work in Milton and we are most grateful to have them on our staff. Their keen interest in the profession is exemplified by the large number who are continuing their studies at the various universities in the Boston area.

The Physical Education Department in the school offers a sound program for our youngsters. The boys not only enjoy football, basketball, and baseball, but last year four new sports were introduced: tennis, track, hockey, and soccer. The girls have field hockey, cheerleading, basketball, badminton, and softball, and have added tennis and the fundamentals of drill team.

The school now offers glee club, orchestra, band, dramatic club, and an extensive athletic program and it would seem that every youngster could find some activity to appeal to his interests.

The Cunningham Junior High School continues to play an important role in the life of our community. Many of our local organizations and churches have often requested and been granted permission to hold their various social and athletic events in our school. The school is most fortunate to have Cunningham Park across the street so that we can enjoy all the facilities offered by the Park.

Over the years the attendance of the school has been excellent. Today, with the stress on mathematics and the sciences, the children are beginning to realize the importance of a sound education. One of the vital factors contributing to our good attendance record is the fact that we have a very friendly working basis between the students and the staff. Assignments can be sent home to those who are absent and make-up work is always possible after school.

We feel that the youngsters at Cunningham have a well-rounded program which includes their academic work, athletics, and social activities. All of these are factors which contribute to keeping the youngsters happy and interested in school and we hope this continues.

Respectfully submitted,
DONALD E. ALLISON
Principal

APPENDIX

SPECIAL REPORTS

AND

STATISTICS

QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

1. Admission to Kindergarten and to First Grade

Section 66. Children who will be five (5) years of age before January 1 of the following year may be admitted to the Kindergarten during the month of September. Children whose residence in Milton began after the beginning of the school year may be admitted to school under the above conditions. Children who will be six (6) years of age before January 1 of the following year may be admitted to the first grade during the month of September.

2. Tuition Pupils

Section 90. The Public Schools and services thereof shall be considered for Milton residents only. Non-residents, however, may be admitted under certain extraordinary conditions at the following annual tuition rates: High School, $350, (three hundred and fifty dollars) ; Junior High School, $300, (three hundred dollars) ; Elementary School, $200, (two hundred dollars) ; Special Class at Mary A. Cunningham, $375, (three hundred and seventy five dollars) . Tuition is payable for such students *at the beginning* of each term and payments shall be forwarded to the Town Treasurer. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

No School Signal

In the event of exceptionally severe weather conditions, or when the transportation system is disrupted, WBZ, WNAC, WEEI, WCOP, WHDH, and WJDA will broadcast the no-school announcement between 7:00 and 8:00 A.M. In addition, the signal 2-2 sounded four times on the fire alarm at:

7:15 means no school sessions for all schools for the entire day.

7:30 means no school sessions for all schools below the Junior High School for the entire day.

11:40 means no afternoon session for schools below the Junior High School. This signal will not be sounded if the 7:15 or 7:30 signal has been sounded.

We feel these signals are clear and, therefore, urge parents and students to refrain from flooding the Radio Stations, Fire Department Headquarters, and homes of School Department personnel with telephone calls.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. On days when the signal is not used, weather conditions may warrant the non-attendance of certain children. Lack of normal health would tend to make it advisable for parents to keep the child at home. Since weather reports are not always reliable, and since the School Department desires to render maximum education service by having the schools open the greatest number of days, storm signals *will not be used* on ordinary rainy or snowy days or when there is reasonable doubt.
